

1987-88

Towson State University

Academic Calendar

Day, Evening and Extension

(See appropriate schedule bulletin for registration dates, times and information)

Fall Semester 1987

September 7 (Monday)	Labor Day — No Classes
September 8 (Tuesday)	Classes begin
September 8-15 (6 days)	Schedule changes accepted
September 15 (Tuesday)	Last day to withdraw from first 7-week classes
October 16 (Friday)	Last day to withdraw from full semester courses
October 23 (Friday)	Mid-Semester and end of 7-week classes
October 26 (Monday)	Second 7-week physical education classes begin
November 2 (Monday)	Last day to withdraw from second 7-week classes
November 26, 27 (Thursday-Friday)	Thanksgiving Holiday — No Classes
November 30 (Monday)	Classes resume
December 14 (Monday)	Last day of classes
December 15 (Tuesday)	Final examinations begin
December 22 (Tuesday)	Last day of examinations and semester
January 3 (Sunday)	Commencement

Spring Semester 1988

February 1 (Monday)	Classes begin
February 1-8 (6 days)	Schedule changes accepted
February 8 (Monday)	Last day to withdraw from first 7-week classes
March 4 (Friday)	Last day to withdraw from full semester courses
March 18 (Friday)	Mid-Semester and end of first 7-week classes
March 21-25 (Monday-Friday)	Spring Break: No Classes
March 28 (Monday)	Classes resume and second 7-week classes begin
April 4 (Monday)	Last day to drop second 7-week classes
May 12 (Thursday)	Last day of classes
May 13 (Friday)	Final examinations begin
May 20 (Friday)	Last day of examinations and semester
May 22 (Sunday)	Commencement

January Session 1988

January 4 (Monday)	Classes begin
January 22 (Friday)	Classes end

INCLEMENT WEATHER POLICY

In the event of inclement weather, announcements about schedule changes or cancellations will be broadcast over all major radio stations including WBAL, WFBR, WCBM, WBSB and the Towson State University FM station, WCVT (FM 89.7).

The University

HISTORY

Towson State University traces its history to 1865. At that time the General Assembly of Maryland established a statewide public school system and authorized the first state teacher training institution: The Maryland State Normal School, later known as the State Teachers College at Towson, then in 1963 as Towson State College, and since July 1, 1976 as Towson State University.

Formally opened in Baltimore on January 15, 1866, the school was the only institution devoted exclusively to the preparation of teachers for the public schools of Maryland. It occupied three different locations in the city of Baltimore before moving to its present suburban location in 1915.

In 1946 the arts and sciences program was introduced. Beginning as a two-year transfer program, it was extended to a four-year, degree-granting program in 1960.

A graduate program for elementary school teachers leading to the Masters of Education degree was inaugurated in 1958.

In 1963 the university was authorized, by action of the Legislature, to expand its offering in the arts and sciences while maintaining a strong program in teacher education and to change its name to Towson State College.

In 1965 the university began expansion of its graduate program to include offerings for guidance counselors and secondary school teachers.

In 1966 the university completed 100 years of service to the state, having graduated more than 12,000 students during its first century. In 1982 the university began offering the Bachelor of Fine Arts degree in addition to its Bachelor of Arts and Bachelors of Science degrees. Towson State has now graduated 51,679 students, 5,374 of them having received advanced degrees.

Located in one of the fastest growing areas of Baltimore County, the university, in 1986-1987, enrolled 9,478 full-time undergraduates, 4,722 part-time undergraduates, and 1,210 graduate students. Development plans suggest that the university stabilize its full-time enrollment at 9,000, achieving a practical balance among resources, facilities and students.

MISSION

Towson State University is committed to providing comprehensive opportunities for undergraduate and graduate education and offers a variety of programs in the traditional arts and sciences and in specialized professional fields.

The curricula, services, and activities of the university are shaped by two primary goals: That all students encounter the values and methods that establish a liberal education, promote critical thought, and develop mental habits required for thoughtful citizenship; and that all students, in completing undergraduate or graduate majors, have the opportunity to gain the knowledge and skills essential to their career choices.

The university emphasizes excellent teaching, scholarship, and creativity, with students and faculty directly contributing to the intellectual and cultural life of all the communities it serves.

College of Continuing Studies

The College of Continuing Studies at Towson State University provides degree and non-degree seeking students with the opportunity to pursue, part-time and full-time, a liberal education in the arts and sciences and in professional fields.

Courses that satisfy degree requirements are offered, during the day as well as evening, to students who do not attend the university on a full-time, weekday basis. Additionally, complete degree programs in many areas of study are administered through the Evening

Program, the Summer Program, and the Weekend Program on the university campus, and in community settings. The College also offers comprehensive academic advisement for all Continuing Studies students.

Non-traditional learning formats, such as directed independent study and television courses, are provided for students who may require more autonomous learning than the typical classroom course permits. Additionally, students may be evaluated on prior learning through life experience and receive university credit. Lifelong learning opportunities, such as the Elderhostel and Informal course programs, fulfill a significant function of Continuing Studies by meeting the personal and intellectual needs and interests of the community. These learning opportunities emphasize scholarship and creativity for the adult learner and promote lifelong learning.

Graduate School

The Graduate School is committed to excellence in post-baccalaureate education in order to meet the needs of both degree and non-degree students. The resources of the Graduate School are available to students whose goals are directed toward advanced study, career advancement, professional leadership, or preparation for further graduate study.

The primary responsibility of the Graduate School is to provide an intellectually stimulating environment for faculty and students to achieve their educational objectives. Graduate faculty and students share responsibility for the scholarship and creativity underlying the Graduate School, its curricula, research, and academic excellence.

College of Allied Health Sciences and Physical Education

The College of Allied Health Sciences and Physical Education, committed to providing comprehensive educational opportunities to undergraduate and graduate students, offers programs in five departments, all with a common bond of preparing students to provide human services designed to improve the quality of life.

The curricula, services, and activities of the College are shaped by three goals: that all undergraduate and graduate majors encounter the values and methods to provide them with rigorous grounding in a liberal education; that these students gain knowledge and skills essential to their autonomous functions through didactic and applied experience; and that students encounter opportunities to grow as skilled and responsible professionals in human services.

The College of Allied Health Sciences and Physical Education encourages scholarship and creativity and contributes to the overall well being of the communities with which faculty and students interact.

College of Education and Instructional Technology

A liberal education is the foundation of professional knowledge and skills for undergraduate and graduate students in the College of Education and Instructional Technology. All students in the College receive extensive education in the liberal arts as well as a thorough background in their respective major.

Students in the College are taught to recognize individual differences and to respect diverse backgrounds; the goal is to enable our graduates to work effectively with all learners. Scholarship and research enable students in the College to relate current theory to professional practice. The faculty of the College of Education and Instructional Technology is committed to methods of teaching, as well as research skills, which prepare individuals for careers in all fields where these skills are needed. Programs within the College equip students to become certified as classroom teachers and to qualify for a variety of other careers in education, in both public and private sectors.

College of Fine Arts and Communication

The College of Fine Arts and Communication supports the objectives of the University by offering courses of study designed to enhance students' experiences in the traditional arts and sciences. Students are introduced to the intellectual and aesthetic traditions of world cultures and are encouraged to develop the ability to make judgments and to support them with coherent discourse.

Additionally, the College of Fine Arts and Communication offers professional major programs at both undergraduate and graduate levels. These programs are structured so as to permit in-depth study of all disciplines represented in the College and thus give students the opportunity to excel in the disciplines they choose.

Through the creative activities of its faculty and students, the College of Fine Arts and Communication is committed to the cultural enrichment of university life and that of the community at large by offering art exhibits, dance and theatre productions, forensics presentations, recitals and concerts, films, radio and television productions, and guest artists and lectures.

College of Liberal Arts

The College of Liberal Arts of Towson State University is committed to providing comprehensive opportunities for undergraduate and graduate instruction in the humanities and social sciences. The liberal arts curriculum helps students develop the ability to analyze and interpret information and opinions objectively, form and express conclusions creatively, express themselves clearly, appreciate the rich diversity of human culture, and move comfortably in the world of ideas and values. Degree programs in the College of Liberal Arts emphasize professional career opportunities as well as more traditional theoretical aspects of the disciplines.

Through its contribution to the university's core curriculum, the College of Liberal Arts contributes to the university's achievement of its goal of a truly liberal education for all students. Through its emphasis on professional career preparation in the majors, the College of Liberal Arts meets the university's goal of providing students with the opportunity to gain the knowledge and skills essential for future careers.

The College of Liberal Arts emphasizes excellent teaching, scholarship and creativity. Its students and faculty contribute actively to the intellectual and cultural life of all the communities it serves.

College of Natural and Mathematical Sciences

The sciences and mathematics are an integral part of the comprehensive educational program of Towson State University. The mission of the College of Natural and Mathematical Sciences is, therefore, two-fold: to offer a thorough grounding in the basic principles of mathematics and science for those who wish to acquire an extensive knowledge of the area and to provide, for the student body as a whole, a necessary dimension in their educational development.

The goals of the College are realized, primarily, by an emphasis on excellence in teaching. In addition, because science and mathematics continue to develop through the dynamic interaction between theory and experience, the College encourages, of both faculty and students, experimental and theoretical research, other forms of scholarly activity, and intellectual service to the community.

School of Business and Economics

The School of Business and Economics provides a broad range of professional experiences for students committed to careers in accounting, business administration, and economics. In achieving its objectives, the School complements the University's liberal arts tradition and its emphasis on undergraduate instruction, research and regional service. The School, through its departments, provides a theoretical basis and practical activities in its disciplines.

The School achieves its objective of overall academic excellence primarily through qualified faculty and staff, high academic standards, effective curriculum and extra-curricular activities. The School aims to prepare students for responsible citizenship and leadership roles for business and society. Faculty members are encouraged to emphasize excellence in teaching, scholarship and creativity through research, publications and professional activities.

GOALS

To achieve its philosophy and mission, the university has adopted the following goals as fundamental concepts for planning and development:

- I. By far the highest priority of the university shall be to provide a sound liberal arts and sciences education for all students, regardless of their major or occupational ambitions.
- II. The campus environment shall provide ideal conditions for learning—learning between student and teacher, student and student, teacher and teacher, and between these and the staff, alumni, and citizens concerned with intellectual and professional pursuits.
- III. The university shall support programs leading to the development of skills and knowledge useful in future employment.
- IV. Excellence in student, faculty, and administrative performance shall be encouraged by relevant, constructive evaluation and recognition.
- V. The university shall provide equal educational opportunity for the population it serves.
- VI. The university shall maintain its autonomy from unreasonable influence by outside governing bodies and special interest groups.

A full statement of particular guidelines for meeting each goal is presented in Appendix A.

GOVERNANCE

Board of Trustees

The university is governed by a 15-member Board of Trustees—14 members appointed by the Governor for nine-year terms, and a student member appointed by the Governor for a one-year term. This Board also governs the five other state colleges and universities.

Administration

All programs of the university are maintained under the direct authority of the president and by authority delegated to the provost and to the vice-presidents for student services, institutional advancement, and business and finance.

University Senate

Committed to the principles of shared governance and democratic process, the university has established a senate as its chief legislative body. Internal policies and procedures are developed by the senate and its committees. Voting members of the University Senate include 18 elected faculty members, the President of the Faculty Association, and 6 student members, including the Student Government Association President. The University President and Vice Presidents are also members of the University Senate.

COLLEGES AND SCHOOLS

The university is comprised of eight colleges and schools: The College of Allied Health Sciences and Physical Education, The College of Education and Instructional Technology, The College of Fine Arts and Communication, The College of Liberal Arts, The College of Natural and Mathematical Sciences, The School of Business and Economics, The College of Continuing Studies, The Graduate School.

Each of the first six of these colleges and schools is formed by a grouping of related disciplines, administered by an academic dean, and governed by a council whose membership includes the dean, elected faculty, and appointed students. The councils establish policies and procedures governing the programs of the academic departments they represent. Once a student has determined a program of study, he or she becomes a member of and graduates from the college or school administering the program.

The College of Continuing Studies and The Graduate School are administrative divisions, each supervised by a dean and governed by the University Senate.

Student Government Association

The Student Government Association is the student governmental body authorized by the administration of the university. The SGA consists of an executive branch, composed of a president, vice president and treasurer, and a legislative body called the Senate, composed of fourteen students elected at large and one student appointed from the freshman class. Policies and procedures affecting students and student-run organizations are developed by the SGA Senate and its committees.

The SGA also coordinates student representation in the university governance structure including the University Senate and its respective committees.

ACCREDITATION

Towson State University is accredited by the Middle States Association of Colleges and Secondary Schools, the Maryland State Board of Education, the National Association of Schools of Music, the National Association of Schools of Dance, the National Council for the Accreditation of Teacher Education, the National League for Nursing, the American Occupational Therapy Association, the American Medical Association, and the American Chemical Society. The University is a member of the American Council on Education, The American Association of State Colleges and Universities and The Association of American Colleges.

FACULTY

The faculty of the university consists of over 450 instructors, the greater number of whom have earned doctorates or hold the highest degree of academic preparation expected for their fields of expertise. Dedicated to effective classroom instruction and attention to student needs, the faculty also has distinguished itself through research and publication.

PRIVACY RIGHTS OF PARENTS AND STUDENTS

Towson State University is in compliance with Section 513 (Protection of rights and privacy of parents and students) and Section 514 (Protection of pupil rights) of Title V—Education Administration of the Education Amendments of 1974.

All student records, including grades, financial data, and personal information—addresses, class schedules, telephone numbers—are confidential. Only in cases of dire medical emergency will students, either on or off campus, be contacted for the relay of messages. A complete description may be found in Appendix D.

NON-DISCRIMINATION IN EDUCATION AND EMPLOYMENT

Towson State University is in compliance with Titles VI and VII of the Civil Rights Act of 1964, the Equal Pay Act of 1963, Title IX of the Education Amendments of 1972, Titles VII and VIII of the Public Health Service Act, Executive Order 11246/11375, section 504 of the Rehabilitation Act of 1973, and section 303 of the Age Discrimination Act of 1975, Pregnancy Discrimination Act of 1978, EEOC guidelines on sexual harassment of 1980 and Articles 64A and

49B of the Annotated Code of Maryland. In accordance with these laws, the university does not discriminate against any individual for reasons of race, color, religion, national origin, sex, age, condition of handicap, political affiliation, marital status, or other irrelevant criteria in the admission of students, educational programs and activities, hiring of faculty and staff, or any terms and conditions of employment. The university is also in compliance with federal regulations regarding veteran status. Information on these laws and copies of the Affirmative Action Plan of Towson State University are available from the Affirmative Action Officer.

THE CAMPUS AND FACILITIES

The university is situated on a campus of 326 acres located a mile and one-half beyond the northern border of the city of Baltimore on beautifully rolling wooded grounds.

Within an eight-mile radius of the campus are all the cultural advantages of the city of Baltimore—the Peabody Conservatory of Music and Library, the Enoch Pratt Free Library, the Walters Art Gallery, the Baltimore Museum of Art, and the many theatres and other cultural centers necessary for a well-rounded college experience. University facilities include 13 academic buildings, 10 residence halls, a University Union, and five auxiliary structures. A complete description of these and their specific functions is presented in Appendix B.

Undergraduate Admissions

Administration Building, Second Floor. (301) 321-2112 (out-of-state, call collect) 1-800-492-4723 (long distance in Maryland, call toll-free).

Hours: Monday through Friday 8:30 a.m. to 5:00 p.m.

Saturday 8:30 a.m. to 12 Noon (except for summer months)

Linda J. Collins, *Director*

Frederick A. Bianco, Associate Director (Transfers)

Angel D. Jackson, Associate Director (Freshmen)

Stephanie T. Fowler, Senior Assistant Director

Jeffrey M. Haas, Senior Assistant Director

Keith L. Mariner, Assistant Director

Orna T. Rosenthal, Assistant Director

Martha Grimm, Transfer Evaluator

WHEN TO APPLY

Admission to Towson State University is granted to applicants whose academic and personal qualifications give promise of academic success. The university reserves the right to close admissions when no further space remains. Therefore high school students should make their college choice at the close of their junior year or early in their senior year.

Students seeking freshman admission should file applications during the first semester of the senior year. Priority for admission will be given to those whose applications and admissions material are received by March 1 for the Fall semester and by December 1 for the Spring semester.

Any application received after the priority deadline is processed with the distinct possibility of limited academic services, i.e., advising, financial aid, and housing.

ADMISSIONS PROCEDURE

1. An applicant for full-time, day admission may receive application materials from the guidance office of the secondary school, the counseling office of the junior/community college, or from the admissions office of the university.

4 Undergraduate Admissions

- The applicant should complete Form I and return it with a non-refundable application fee of \$25 (in check or money order) to the Admissions Office. Each applicant is responsible for the Admissions Office's receipt of his or her official high school transcript, including mid-year and final grades with verification of graduation as each becomes available, together with a completed transcript supplement (application Form II), *which must be received directly from the student's high school*. The transfer applicant should arrange to have forwarded official transcripts of all college work attempted or completed, whether or not credit was earned, from all other institutions attended.
- The standardized test required for admission is the Scholastic Aptitude Test of the College Entrance Examination Board. All freshman applicants and transfer students with fewer than 25 college level credit hours must arrange to have the results of this test forwarded to the Director of Admissions. Students should take the test in their junior or senior year of high school. Towson State University's College Board identification code number is 5404.
- Incomplete applications are subject to cancellation. Approved applications which remain incomplete for lack of final high school or college of record transcripts are subject to revocation. The applications of admitted students who do not enroll for the given semester are also cancelled.

ADMISSIONS POLICY

A complete statement of the admissions policy instituted by the Board of Trustees is presented as Appendix C. Applicants should thoroughly review Appendix C in addition to the information presented below.

GUIDELINES FOR FRESHMAN ADMISSION

Applicants for freshman admission whose school record indicates overall C+ (2.5) level work in academic courses from grades 9-12 and whose minimum SAT verbal and math scores are each at least 450 are granted admission into the university as first-time freshmen.

Students whose comprehensive academic average reflects "C+" level work, but whose SAT scores fall between 400 and 450, will have their applications evaluated under probable success guidelines, incorporating the computational aid. Students whose records indicate the probability of achieving a 2.00 collegiate average or higher (determined by adding the weighted factors for high school average, SAT Verbal and SAT Math scores) can also be considered for admission.

Students who do not meet either of the above admission policies will have their applications reviewed at mid-year. Applicants whose updated records warrant further consideration (under probable success guidelines) will then have their applications referred to the Undergraduate Admissions Committee, or placed on a Waiting List. Admission will not be granted to any freshman applicant whose high school average is below the 2.00 (C) level, or whose SAT scores (either Verbal or Math) are below 350.

For Fall 1988, successful candidates will also be expected to have completed four (Carnegie) units of English (including one each of composition, English literature, and American literature), three units of social sciences (U.S. History, American National Government, and World Civilization), two units of science (biology and another laboratory-based science), and three units of mathematics (Algebra I, Algebra II, and Geometry), and eight (8) elective units. Any successful applicant whose high school transcript does not include this combination of curriculum requirements can be admitted on a conditional basis, with the understanding that deficiencies will be completed during the freshman year at Towson. Students who are admitted under this condition and who fail to complete the stipulated courses within the first year will have degree candidacy withdrawn. Students will not receive graduation credit for this work.

COMPUTATIONAL AID

To compute your predicted Towson State University GPA:

multiply your		times	this number	=
High school average	_____	x	.7382	=
Verbal SAT	_____	x	.0007	=
Math SAT	_____	x	.0012	=
Subtotal				_____
Subtract				-.7012
Your predicted TSU GPA				<input type="text"/>

GUIDELINES FOR TRANSFER ADMISSION

A transfer applicant is a student who has attempted a minimum of 25 semester hours of college-level work at the time of application. Generally, transfer students will be admitted if they have a 2.00 average or higher on a 4.00 scale and are in good academic standing at the school of record.

The school of record is defined as the most recently attended institution at which 12 or more uninterrupted college-level credits have been attempted. A student who has a school of record grade point average below 2.00 may qualify him/herself for admission to TSU by: 1) returning to the school of record and raising the GPA to 2.00 by attempting at least 12 additional college-level credits or by repeating courses in which he/she has done poorly; or 2) establishing a new school of record by attending a new institution and attempting at least 12 college-level credits and earning a 2.00 cumulative GPA.

Applicants with fewer than 25 transfer credits must meet both freshman and transfer eligibility requirements. Admissions priority will be granted to graduates of Maryland community and junior colleges and to those community college students who have earned at least 56 credits but have not earned an Associate of Arts degree. Maryland resident transfer students may also be considered for admission if they have attended two or more institutions with a corresponding 2.00 GPA based on all course work attempted at all colleges attended and if they are in good academic standing at the school of record.

Students transferring from community colleges, four-year institutions, or Towson State University's College of Continuing Studies may not apply any remedial or developmental course work toward the 25-credit admissions requirement. Furthermore, no such courses will be considered in rendering an admissions decision.

Evaluation of Transfer Credits

The advanced standing granted to students transferring from other colleges and universities is determined through an official evaluation by the university. The student must clearly understand that the evaluation made by the university will be final, and acceptance of an offer of admission signifies acceptance that the university will determine the student's advanced standing. Students admitted with advanced standing are, in general, given credit for college-level courses completed with better than the minimum passing grade elsewhere, insofar as such courses correspond in content and quality to subjects required for the degree sought at Towson State University.

An applicant for transfer who has been admitted to Towson State University will receive an official evaluation of transferable credits from the Admissions Office with his or her letter of admission. This evaluation is usually (but not always) preliminary in nature, as the student is usually taking additional courses at the time of admission.

A final evaluation of credit will be prepared once the student accepts the university's offer of admission (by returning the Enrollment Contract), and once the final grades for the most current semester are received in official transcript form from the student's former college or university. A 2.00 cumulative average and good academic standing must be maintained, however, or the university's offer of admission will be withdrawn. Failure to forward an official, final transcript before the beginning of the semester will also result in the revocation of admission and degree standing.

Upon receipt of a final evaluation, the transfer student should review its contents carefully. If the student has any questions or feels there is an error, the Admissions Office *must be advised within 30 days*. In no case will changes, additions, or corrections be made to the evaluation after the student has completed the first semester in residence at Towson State University.

Any student admitted into degree candidacy as a transfer student must maintain the minimum 2.00 cumulative average and remain in good academic standing through the most recent semester in attendance at his or her previous institution. Failure to meet this requirement will result in the cancellation of the university's original offer of admission and in the forfeiture of all related fees and privileges.

General University Requirements for Transfer Students

Students transferring to the university may or may not need to complete course work satisfying General University Requirements. In planning application, transfer students should carefully examine the statement of General University Requirements and of alternate requirements for junior year transfer outlined in the university curriculum section of this *Catalog*.

COMPETENCY REQUIREMENTS FOR ENTERING STUDENTS

The Office of Developmental Programs administers the competency testing and developmental studies programs in accordance with the admissions policy of the Board of Trustees of the State Universities and Colleges. The policy requires that all entering students demonstrate competence in the basic skills of reading, writing, and mathematics. Competence in basic skills is initially assessed by the following standardized tests:

Reading—Nelson-Denny; a multiple choice, timed test (20 minutes) covering reading comprehension skills.

Writing—Test of Standard Written English (TSWE); a sub-test of the verbal SAT, testing basic skills in grammar. The TSWE score is automatically reported with SAT scores.

Mathematics—California Achievement Test in Mathematics; a two-part, multiple choice timed test (60 minutes). Basic computational skills (addition, subtraction, multiplication and division) are tested in part 1, and basic math reasoning skills are tested in part 2.

All matriculating freshmen and all transfer students with fewer than 25 credits will be administered diagnostic placement tests.*

Students not attaining the required minimum scores on the standardized tests will be enrolled in developmental studies courses in the basic skills. These courses will not count toward the 120 credits required for graduation. Students must complete these courses with grades of "S," "C" or higher and achieve the university's minimum proficiency level prior to their third regular semester in order to continue attending the institution as degree candidates. *Students who do not achieve minimum proficiency prior to the third regular semester or who fail to achieve a grade of "S" or "C" or higher will have their degree candidacy withdrawn.*

Students who have had their degree candidacy withdrawn because they did not achieve minimum proficiency prior to the third regular semester may enroll as special non-degree students in the University's College of Continuing Studies and may only take developmental courses provided they have previously repeated these courses only once. Once competency requirements are met, students may petition the Academic Standards Committee for reinstatement to degree candidacy.

Some students, whose writing competency test scores indicate specific weaknesses but do not warrant placement into developmental writing coursework, may be required to receive a prescribed tutorial experience during the semester in which they take College Writing (ENGL 102). Such students must complete this experience *before* they reach junior standing.

*The following students are exempt from the competency testing program:

1. Transfer students with 25 or more transfer credits.
2. Freshmen with SAT verbal scores of 470 or above (exempt from the reading and writing test) and/or SAT math scores of 470 or above (exempt from the math test).

NON-NATIVE SPEAKER PLACEMENT TEST

All entering students for whom English is not the native language are required to take a placement test administered by the English Language Center prior to registration. Based on the results of this test, students may be placed in an appropriate level of English as a Second Language (DVWR) and must complete the required sequence before registering for any English (ENGL) courses. If test scores indicate high proficiency, students will be placed in the more advanced courses. Transfer students are also required to take the proficiency test and may be required to take English as a Second Language courses even if they have already satisfied the College Writing (ENGL 102) requirement.

INTERNATIONAL STUDENT APPLICATION

Requests for information or admission materials should be made far enough in advance to allow processing before deadline dates set by the university.

International applicants who are accepted for admission usually begin studies in the Fall semester (early September) or the Spring semester (late January). Applicants who are admitted for the Fall semester may begin course work during the Summer (June) session. The deadline for submitting an application and all documentation is June 1 for the Fall semester and December 1 for the Spring semester. Early application is strongly recommended.

Applicants who have been accepted for admission will receive the Certificate of Eligibility (Form I-20). This document is used to apply for a student (F-1) visa at an American embassy or consulate overseas. It is also used for transferring from one institution in the United States to another. F-1 students will be expected to enroll as full-time degree candidates (minimum 12 semester-hour credits).

The following application procedure should be followed:

1. Obtain from the International Center an international student admissions packet.

Address: International Center
Hawkins Hall, 103D
Towson State University
Towson, MD 21204

Telephone: (301) 321-2421

2. To be considered for admission, applicants are required to complete the official undergraduate application. A nonrefundable \$25 application fee must accompany all applications.
3. A Social Security number is required. If the applicant is in the United States and does not have a number, (s)he must obtain

6 Undergraduate Admissions

one before filing an application. If overseas, the applicant will be assigned a temporary number by the university when the application is received.

4. All applicants must complete an admissions file, including:
 - a. official or notarized secondary school academic records, showing grades received, mark sheets, examination certificates, leaving certificate, as they pertain to the particular documentation of the academic records of the country of origin. Records must be received for *each* of the last four years of secondary school;
 - b. official or notarized record (transcripts) of all colleges, universities, post-secondary, or professional schools attended;
 - c. a notarized English translation of all documents. Translations must be as literal as possible with no attempt to translate information into the United States system of education. It is sometimes necessary for the university to use a professional evaluation service at the applicant's expense (\$80 - \$100) to evaluate academic records. The university will notify the applicant if this service is required;
 - d. an official Test of English as a Foreign Language (TOEFL) result. *All* international students who do not speak English as their native language will be required to take the TOEFL examination. A score of 500 or higher is required. TOEFL examination dates (six times a year worldwide) and information may be obtained through the American Embassy, Consulate or U.S.I.S. Office or by writing Educational Testing Service, Box 899, Princeton, New Jersey 08541, U.S.A. The results will be reported to Towson State University if Towson State University is indicated on the TOEFL application (Code 5404);
 - e. an official Scholastic Aptitude Test (SAT) result. All students who have not completed one full year of post-secondary school course work (24 United States semester-hour credits) must submit SAT results. The results will be reported to Towson State University if Towson State University is indicated on the SAT application (Code 5404);
 - f. financial certification form. This form will be contained in the international student admissions packet. The applicant will be required to provide an official financial statement verifying that \$11,500 is available annually. Acceptable methods of financial verification will be given with the financial certification form;
5. International students will be required to pay out-of-state tuition.
6. Applicants who hold permanent immigration or parole visa status must list their alien registration number in the space indicated on the undergraduate application. They are processed for fee purposes as State residents if they have established domicile in Maryland. Presentation of an applicant's alien registration card for verification may be requested. Foreign academic records submitted for evaluation must be translated into English and notarized. An application and all official documents must be submitted by December 1 or June 1. If a permanent immigrant does not speak English as his or her native language and has resided in the United States less than five years, a TOEFL examination is required.
7. Puerto Rican applicants who are U.S. citizens are processed for fee purposes as out-of-state applicants, unless they have established domicile in Maryland. If the academic background is Puerto Rican, the applicant must provide SAT scores to determine academic admissibility and a TOEFL result to determine English proficiency.

8. *All* students for whom English is not their native language will be required to take an English placement test as specified in the "Undergraduate Admissions" section of this catalog.

9. Applicants holding other types of visas may also apply to the university and should contact the International Center for admissions information.

SPECIAL ADMISSIONS PROGRAMS

Early Admission

Early admission enables a limited number of students to be admitted and to matriculate immediately following the completion of their junior year in high school. Students interested in early admission should apply through the normal application process. Their applications, however, must be accompanied by a letter of recommendation from either the high school counselor or principal. An official high school transcript should be submitted along with the results of the SAT tests. An interview with the Director of Admissions is also advisable.

On-Site Admissions

The Admissions Office offers the opportunity for each prospective student to receive a personal evaluation of his or her admissions profile. As part of the traditional admissions interview, instant admission is available for students who present a completed application and a comprehensive academic credentials file which meets entrance standards. Students are encouraged to call in advance of their visit to schedule an appointment with an admissions counselor.

Open House

Each fall, the admissions staff, faculty, administrative personnel, and students host a series of open house programs which offer the visitor a tour of the Towson campus and assistance with their academic, extracurricular, residential, or financial aid concerns.

G.E.D. Recipients

Unless eligible for consideration under the veterans or mature adults policy, G.E.D. recipients are subject to SAT minimums required of the traditional freshman applicant, and must also present G.E.D. subtest (subject) scores of at least 50 in English Composition, social studies, natural sciences and/or literature (reading), together with a score of at least 60 in mathematics.

Deferred Admission

Admitted freshmen may delay their enrollment at the university for up to six semesters. A written request to defer admission must be submitted to the Admissions Office before the first day of classes for the semester of application.

Subsequently, students must submit an Enrollment Contract and the \$100 non-refundable acceptance fee three months prior to the start of the semester they wish to attend. Students must also satisfy the admissions requirements published in the catalog and in effect for the semester in which they will enroll.

Transfer students, with extenuating circumstances, may request a deferment for one semester only.

A student who attends another institution prior to enrolling at Towson may not defer and must reapply for admission as a transfer applicant.

Mature Adults Policy

In order to be considered for admission under this policy, students must have a high school diploma or equivalency and must have at least a five-year break in their education (either high school or college attendance). Applicants are required to submit a formal application and official transcripts of all academic work attempted,

but are excused from the S.A.T. requirement. Applicants seeking admission under this non-traditional policy are strongly encouraged to arrange for an interview with a member of the admissions staff prior to applying.

Mature students can be admitted regardless of previous academic records or standing, provided they achieve the minimum standards set by the university as measured by the following standardized competency tests:

TEST	MINIMUM SCORE
Nelson-Denny (Reading Comprehension)	38
Test of Standard Written English	33
California Achievement Test in Mathematics	49

To ensure adequate time for admissions review, competency testing must be administered at least five weeks prior to the start of the semester of application.

Veterans

When submitting the application for admission, each veteran must provide the admissions office with a copy of a DD Form 214 as verification of military service in addition to high school or college transcripts. The SAT results are NOT required of veterans seeking full-time admission under this policy.

Any veteran with at least six months active duty in a major branch of the U.S. Armed Services, and a high school diploma or equivalency will be admitted to Towson State University despite previous academic records, provided he or she achieves the minimum standards set by the university as measured by the following standardized competency tests:

TEST	MINIMUM SCORE
Nelson-Denny (Reading Comprehension)	38
Test of Standard Written English	33
California Achievement Test in Mathematics	49

To ensure adequate time for admissions review, competency testing must be administered at least five weeks prior to the start of the semester of application.

Veterans who have attended other colleges since their discharge are NOT included in this policy, and must seek admission through the normal transfer process.

Applications for V.A. benefits may be obtained from the Registrar.

Advanced Placement and Credit for Entering Students

Freshmen who have had the opportunity for advanced-level work and would like academic credit as well as advanced placement are required to take the Advanced Placement Tests of the College Entrance Examination Board in May of their senior year of secondary school. The results of these tests are received by the university about July 15. The following standards are used for determining advanced placement credit:

ADVANCED PLACEMENT

Examination	A.P. Score	Policy
American History	1, 2	No credit
	3	Review of test booklet determines if credit can be awarded.
	4, 5	6 credits, HIST 145-146
Art History	All	No credit
Art Studio: Drawing	All	No credit
Art Studio: General	All	No credit

Biology	1	No credit
	2	4 credits, BIOL 110
	3, 4, 5	8 credits, BIOL 201-202
Chemistry	1, 2	No credit
	3	Placement into CHEM 102. Upon completion of CHEM 102 with "C" or better, 4 credits will be awarded for CHEM 101.
	4, 5	8 credits for CHEM 101-102
Computer Science	1, 2	No credit
	3, 4	Exempt from COSC 165—placement into COSC 336. Upon completion of COSC 336 with "C" or better, 3 credits will be awarded for COSC 236.
	5	Exempt from COSC 165—6 credits for COSC 165,236.
English Lit Comp or English Lang. Comp	1, 2	No credit
	3	Review test booklet
	4, 5	3 credits, ENGL 102
European History	1, 2	No credit
	3	Review test booklet
	4, 5	3 credits, HIST 242
French Language	1, 2	No credit
	3	19 credits, FREN 101-301
	4, 5	22 credits, FREN 101-302
French Literature	All	No credit
German Language	1, 2	No credit
	3	19 credits, GERM 101-301
	4, 5	22 credits, GERM 101-302
German Literature	All	No credit
Latin: Vergil	All	No credit
Latin: Cat-Horace	All	No credit
Mathematics Calculus AB	1, 2	No credit
	3, 4, 5	Placement in MATH 274. Upon completion of course with "C" or better, 4 credits will be awarded for MATH 273.
Mathematics Calculus BC	1, 2	No credit
	3, 4, 5	Placement in MATH 373. Upon completion of course with "C" or better, 8 credits will be awarded for MATH 273,274.
Music Listening Non-Majors	1, 2	No credit
	3, 4, 5	3 credits, MUSC 101
	3, 4	No credit
Majors	5	6 credits, MUSC 101-102
Music Theory	All	No credit
Physics B	1, 2	No credit
	3, 4, 5	8 credits, PHYS 211-212

8 Housing

Advanced Placement (Continued)

Physics C Mechanics or Elec/Magnetism	1, 2	No credit
	3, 4, 5	Review test booklet
Spanish Language	1, 2	No credit
	3	19 credits, SPAN 101-301
	4, 5	22 credits, SPAN 101-302
Spanish Literature	All	No credit

Prior to final registration, students are notified about advanced placement and credit. Additional information may be obtained by contacting the Director of Admissions or the appropriate departmental chair.

A bulletin of information about Advanced Placement Tests may be secured from the College Entrance Examination Board, P.O. Box 592, Princeton, N.J. 08540.

Credit for Experience or Prior Learning

Departments may grant credit to students for experience and previous learning when the student's achievement in a particular area is equal or superior to that of a student having earned a C in coursework in the area, the level at which credit is generally granted to transfer students. While departmental standards for granting credit for experience and previous training may exceed this minimum, credit may not be given when achievement is below "C" level work. Departments may also offer advanced placement with no credit given.

When departments use standardized evaluative instruments, such as CLEP, the College Board advanced placement tests, or others, the same principle shall apply. If the faculty member's evaluation reveals that the student's achievement is equal or superior to that of a student having earned a "C" in similar coursework, the department will report the grade of "PE" to the registrar.

DANTES/CLEP general examinations can be considered with appropriate documentation adhering to the minimum guidelines recommended by the American Council on Education (ACE).

Students may use military courses and experience as part of the 32 credits allowed through Credit for Prior Learning.

Students should be admitted degree candidates and have completed one successful semester at TSU prior to submitting the AARTS transcript or other appropriate documents.

For further information, and a complete list of courses available through the Credit for Prior Learning option, contact the CPL/CLEP Coordinator, College of Continuing Studies, 321-3317.

Housing

Newell Hall, Lower Level (301) 321-2516
Director of Residence: Mary Lee Farlow

RESIDENCE SERVICES

The residence program provides living facilities for full-time undergraduate students and promotes educational programs and activities which supplement the academic mission of the university. The residence staff and the elected executive board of the residence council strive to maintain an environment encouraging academic excellence, self-reliance, and leadership.

Residence services at Towson State University provide on-campus housing for approximately 2,900 students and aid in securing off-campus residence for others. A referral service for off-campus housing is provided through the Residence Office. Students in need of off-campus housing may obtain listings of rooms and apartments available in the Towson area.

Students participating in specific educational programs are given priority when space is assigned. Those leaving the residence program will not be guaranteed readmission unless they leave to participate in a Towson State University academic program and have made prior arrangements with the Director of Residence.

All resident students must sign a yearly contract for university housing. Each resident is expected to vacate upon completion of his or her final semester examination.

Residence facilities are available to students only when classes are in session. No student is permitted to remain in residence more than 48 hours after ceasing to attend classes.

RESIDENCE HALLS

RESIDENCE TOWER—A 15-story residence hall houses 463 students. It includes lounge areas, classroom space, conference rooms and recreation areas.

NEWELL HALL—The first residence hall built on the university campus, it houses 220 students, it has been renovated to provide double-loaded corridors and small lounges, bathrooms and student bedrooms. The building also houses the recently remodeled dining facilities.

RICHMOND HALL—The second building erected for student housing, it houses 122 students in facilities similar to those of the adjacent Newell Hall.

WARD AND WEST HALLS—Built in 1951, these twin residence halls are located on the northern perimeter of the campus. The halls house both men and women, and each accommodates about 57 students.

PRETTYMAN AND SCARBOROUGH HALLS—Built around a court garden featuring a statue of the university mascot, these twin residence halls, completed in 1956 and 1964, provide rooms for 164 students each.

GLEN RESIDENCE COMPLEX—Four residence towers and dining facility accommodate 1,684 students. Each tower houses approximately 400 students in a suite design, *i.e.*, two double rooms with a connecting bath. The complex is the newest campus living facility—completed 1983.

Expenses

PLEASE NOTE: Expenses are estimates at the time of printing this *Catalog* and are subject to revision. Tuition, housing and boarding costs, and other fees are subject to change at any time by action of the Board of Trustees.

TUITION

Maryland residents who enroll full-time in programs of the university pay \$649.00 per semester tuition. Out-of-state tuition is \$1,348.00 per semester.

Part-time students (those who register for less than 12 semester hours) pay \$60.00 per credit hour (undergraduate) or \$83.00 per credit hour (graduate).

UNIVERSITY FEES

A comprehensive fee is charged each student each semester. This yearly fee is \$436 for a credit hour load of 12 or more credits and \$127 for a credit hour load of less than 12 credits. The yearly fee includes fees for student activities, athletics, the University Union, registration, mailing, and technological enhancement. Non-resident, undergraduate and graduate, part-time students will also be assessed a \$10 per semester out-of-state surcharge.

HOUSING AND BOARDING COSTS

Depending upon the room and board plan selected, students living on campus may pay approximately \$1,857.00 per semester for room and board. Students living off-campus may purchase a meal plan averaging \$711.00 per semester.

As residence space becomes available, those students who are eligible will be requested to room in one of the resident complexes. For those students who enter the residence hall after the beginning of a semester, the charge will be prorated for the remainder of the semester plus one week. (For exact rates contact the Residence Office.)

OTHER FEES AND EXPENSES

A graduation fee of \$20.00 is required for those receiving a bachelor's degree. The fee for those receiving a master's degree, plan A (with thesis) is \$30.00, plan B (without thesis) is \$25.00.

Students are expected to buy the textbooks for their courses, which may be purchased in the University Store.

A late registration fee of \$75 is charged to any student who does not register as prescribed.

A late change of course fee of \$5.00 is charged to students for making student-initiated changes in their academic schedule.

Students enrolled for practice teaching (student teaching) or a clinical practicum are charged a fee ranging from \$107 to \$269.50 per experience. Students must confer with their department chair or with the director of student teaching to determine the exact fee.

All students are required to register their automobiles with the university in order to obtain a parking permit. This permit does not guarantee a space on campus, but is necessary in order to park on campus. The cost of these permits are:

Annual '87-'88	\$39.00
Fall 87/Minimester '88	\$21.00
Spring '88/Summer '88	\$21.00
Summer '88	\$11.50

TUITION AND FEES

Student Type	Residence Status	Tuition	Comprehensive Fee	Surcharge Out of State
Undergraduate				
less than 12 crs.	In State	\$ 60/cr.	\$ 63.50 flat	
less than 12 crs.	Out of State	\$ 60/cr.	\$ 63.50 flat	\$10 flat
Undergraduate				
12 or more crs.	In State	\$ 649 flat	\$218.00 flat	
12 or more crs.	Out of State	\$1,348 flat	\$218.00 flat	
Graduate				
	In State	\$ 83/cr.	\$ 63.50 flat	
	Out of State	\$ 83/cr.	\$ 63.50 flat	\$10 flat

INSURANCE PLAN

A sickness and accident insurance plan designed especially for the students of Towson State University is offered at a nominal fee. While this plan is voluntary, some basic medical coverage is required of all students who live on campus as well as students who participate in any physical education class or extracurricular athletics. Proof of sufficient coverage must be submitted to the Residence Department. Billing statements will not reflect the cost of the insurance. Enrollment is handled directly through the insurance company. Should a student withdraw from the university, coverage will remain intact for the policy year. Any questions regarding coverage should be directed to the Health Center, Ext. 2466.

PAYMENT OF FEES

All checks or money orders should be made payable to Towson State University for the exact amount of the charges. The student's social security number must appear on all checks submitted to the university. The university has no deferred payment plans. The *Choice*,

MasterCard and *VISA* credit cards can be used for tuition, fees, room, board, and other charges. When a check given in payment of fees, fines, or services is returned unpaid by the bank for any reason, a penalty fee of \$25.00 is charged. Failure to reimburse the university for a bad check can result in denial of readmission.

Financial policy set by the Board of Trustees and supported by the legislative auditors of the state of Maryland states that *all previous balances must be paid prior to registration for the following academic semester*. The University employs a "first in/first out" technique when applying payments to accounts. Therefore, payments are used to satisfy the oldest outstanding charge prior to applying any portion of a payment to current or more recent charges. Should the account of any student be sent to the Central Collection Unit of the State of Maryland because it is deemed delinquent, a 15 percent collection fee will be charged to the student. Students with outstanding balances should contact Financial Operations. Transcript requests will not be honored if a student has a financial obligation to the university.

ADVANCE PAYMENTS

Each applicant must pay a non-refundable application fee of \$25.00, and no application will be processed without this fee or a valid waiver.

Once the student is admitted, a non-refundable \$100.00 acceptance fee must be forwarded to the Admissions Office to reserve his or her place in the class.

A \$25 fee must accompany every application for on-campus residence. This fee is non-refundable; however, the credit will be applied to the student's room and board account.

Upon notification from the Residence Office that dormitory space is available, students must make a \$100.00 room reservation deposit. This fee is applied to the final charge reflected on the statement of fees payable at the time of registration.

The room deposit is refundable if the student cancels his application and notifies the admissions and residence offices in writing prior to June 30 for those entering fall semester, prior to December 30 for spring semester, or if the university denies admission to the applicant. The fee is forfeited if notice of cancellation is received after these dates.

REFUNDS ON WITHDRAWAL

A student withdrawing from the university must complete an official withdrawal form from the Student Services Office, Dowell Hall, 2nd level, before he or she is entitled to any refund. The date of withdrawal will be the date the card is filed.

For additional information regarding withdrawal, see the academic regulations section of this *Catalog*.

Refund Policies

Towson State University shall adhere to the following policies with respect to refunds of tuition, room and board fees, and other charges.

- The timing for effecting *tuition* refunds (except for the summer session) shall be as follows:
 - Prior to the end of each registration period, all tuition shall be refunded to the student.
 - After the end of each registration period, but prior to the 15th calendar day after the beginning of classes for that session at the university, 80 percent of tuition shall be refunded to the student.
 - Beginning with the 15th day and until the end of the third week after the official beginning of classes for that session at the university, 60 percent of tuition shall be refunded to the student.
 - During the fourth week after the official beginning of classes for that session at the university, 40 percent of tuition shall be refunded to the student.

- e. During the fifth week after the official beginning of classes for that session at the university, 20 percent of tuition shall be refunded to the student.
 - f. After the end of the fifth week from the official beginning of classes for that session at the university, no tuition shall be refunded to the student.
2. The timing for the following *fee* refunds (including the summer session) shall be as follows:
 - a. Registration/application fee—non-refundable.
 - b. Room deposit fee—non-refundable after June 30 prior to the fall semester or after December 30 prior to spring semester.
 - c. Board fee shall be pro-rated on a weekly basis.
 3. The following fees are non-refundable after the official start of classes (including the summer session) as indicated below:
 - a. Room rent fee.
 - b. Mandatory university fees.
 - c. Auto registration fee.
 - d. Applied fees (private instruction).
 4. Full-time day students who are of the opinion that major extenuating circumstances (e.g. personal illness, serious accident) are primary factors in their decision to withdraw from the university, and who are not satisfied with the refund due based upon the schedule above, should contact the Student Services Office.

Financial Aid

NOTE: Programs are subject to legislative change.

Administration Building, Room 101, (301) 321-2061

Director: Marilyn Ojodu

Every attempt is made to assist eligible students who show need, however, limited funds may make it impossible for the university to meet the full need of each eligible student. The “need” of a student is the difference between the “cost of education” and the amount that the family is expected to contribute. This “Expected Family Contribution” is determined by a need analysis system approved by The U.S. Department of Education. Because a family’s financial status changes from year to year, all students who seek assistance must reapply each year.

Awarding parameters vary each year. Information is available upon request from the Financial Aid Office.

Students who receive financial aid from the university are required to report any changes in their financial, marital or academic status in writing to the Financial Aid Office. Receiving additional funds from any source not reported on the original application may result in a reduction in aid offered from the university. If a student financial aid recipient receives aid in excess of his or her financial need, that student may be required to repay financial aid funds already disbursed.

Students who receive financial aid must be *formally admitted to the university as degree candidates* and must enroll on at least a half-time basis. Recipients must make satisfactory progress towards a degree and must meet the university standards for academic good standing (see Regulations Governing Academic Standards and Appendix E for a full detail of requirements).

Students who withdraw or stop attending classes before the end of the semester will have their aid prorated in the same proportion of Title IV funds to non Title IV funds to cover reasonable costs for the period of attendance involved. Refer to Refund Policies for an explanation of cost reductions. If a student does not live on campus, the living expenses assumed in a Financial Aid budget will be prorated for the period of attendance. Repayment of Financial Aid funds received may be required. If a reduction or repayment of funds is required, the order of reduction is as follows if applicable:

Title IV funds

Carl D. Perkins/National
Direct Student Loan
Supplemental Educational
Opportunity Grant
Pell Grant
Guaranteed Student Loan
Plus Loan or Supplemental
Loans to Students
State Scholarship

Non-Title IV funds

Institutional Grant
Other Race Grant
School Scholarship
Non School Scholarship

APPLICATION PROCEDURES FOR UNIVERSITY FINANCIAL AID PROGRAMS

Students who wish to apply for financial aid must complete a College Scholarship Service *Financial Aid Form* (FAF), the university’s Supplemental Form A. Student Aid Reports (sent directly to your home when you apply for a PELL Grant), and signed, dated, copies of student and parents income tax forms. In addition, any student who has ever attended another post secondary (after high school) educational institution must submit financial aid transcripts from each school, regardless of whether or not aid was received. No application will be considered complete until all of these forms are received by the Financial Aid Office.

The university’s financial aid application deadline date is March 15, for the following academic year. Students may apply as early as January 1, but no later than at least six weeks in advance of the deadline date. This allows time for the College Scholarship Service to process the FAF and forward it to the Financial Aid Office. Although incoming freshmen and transfer students are not offered financial aid until they have been formally admitted to the university, they must meet the same application deadline. Incoming students should *NOT* wait to receive admission to the university before applying for aid.

DIRECT FEDERAL AID PROGRAMS

The **Pell Grant** provides grants to first bachelor degree candidates who are citizens or permanent residents of the U.S. Grants generally range from \$250-\$2100 and may be received if financial need is demonstrated. The Financial Aid Form (FAF) may be used to apply for this program when the student applies for campus-based aid and state scholarships. Students applying *only* for Pell Grants must complete the Federal Student Aid (FSA) application form.

The **Guaranteed Student Loan Program** (GSL) is a low interest loan made by a commercial lender such as a bank, credit union, or savings and loan association. In Maryland this program is called the Maryland Higher Education Loan Program.

For new borrowers, the interest rate is 8%. Students who have already borrowed at 7% or 9% interest rate will continue to borrow at that same 7% or 9% rate. At the time the loan is made, the lender charges two fees: a United Student Aid Funds insuring fee and a loan origination fee authorized by the Federal government. These fees are usually deducted from the loan proceeds. No interest is charged to the student, and no repayment is required until six months after the borrower graduates or leaves school or drops below a half-time course load. When repayment begins, the minimum payments are \$50 per month, plus interest. The actual payments will depend upon the total amount borrowed. Borrowers may have up to ten years to repay in full, although the entire loan or any portion of it may be repaid at any time without penalty.

Undergraduate students may borrow up to \$2,625 for their first and second year of attendance and \$4,000 a year for the next undergraduate years to a maximum of \$17,250. Graduate or professional students may borrow \$7,500 per year for a maximum of \$54,750, including any loans made at the undergraduate level.

Applicants must complete a GSL application and university application for financial aid, the College Scholarship Service Financial Aid Form (FAF), and turn in their Student Aid Report (SAR) to the Financial Aid Office. The eligibility requirements are subject to

change by the Federal government or state government. Additional documentation may be required.

Parents Loans to Undergraduate Students (PLUS) or Supplemental Loans to Students are loans made to the parents of dependent students, or to graduate or self-supporting undergraduate students.

For each student, a parent can borrow up to \$4,000 per academic year to a maximum total of \$20,000.

Independent undergraduates and graduate students can borrow up to \$4,000 per academic year to a maximum total of \$20,000.

A loan can be made equal to the cost of education minus any other financial aid received. Students should apply for PLUS loans only after they have applied for the GSL and other forms of financial aid.

The interest rate is variable and begins to accrue on the day the loan is disbursed. The first payment is due within 30 days of disbursement, and borrowers usually have five years to repay the loans.

NOTE: Students applying for aid from TSU and who are eligible to apply for the Pell Grant *are required* to do so before aid from the university will be awarded.

CAMPUS BASED FINANCIAL AID PROGRAMS

The term "campus based" refers to financial aid programs for which the university receives a limited amount of money each year. All of these programs are need-based. Each eligible student will receive an award letter listing the types and amounts of aid offered. The student must respond to this offer within two weeks or the offer is cancelled.

Supplemental Educational Opportunity Grants (SEOG) are grants to undergraduate, first bachelors degree candidates with financial need.

Other Race Grants (ORG) are grants for minority undergraduate students who are Maryland residents and U.S. citizens. ORG recipients must enroll for and maintain a full-time status (12 credits).

Institutional Grants are a university funded program open to undergraduate students. IG recipients must enroll and maintain full time status (12 credits).

The **Perkins Loan Funds** (formerly National Direct Student Loan) program offers loans to undergraduates and graduate students at 5% interest. No interest accrues, and no repayment is due until nine months after the borrower graduates or leaves school. Payments depend on the total amount borrowed. The minimum payment is \$30.00 per month, principle and interest. The maximum an undergraduate student may borrow for all years of study is \$9,000. Graduates may borrow a total maximum of \$18,000, including any amount borrowed as an undergraduate.

The **Nursing Student Loan Program** offers loans to students who have been accepted into the nursing program.

The **College Work Study** program allows undergraduate and graduate students to work on or off campus. A CWS eligibility is assigned to qualified students as a part of their financial aid. This eligibility is the maximum dollar amount that can be earned. It is the responsibility of the student to find a CWS job and to monitor earnings so as to avoid exceeding the CWS eligibility. Most positions pay \$3.35 per hour as a starting wage and students are paid every two weeks for hours worked.

NOTE: Graduate and second degree bachelor candidates may apply only for the Carl D. Perkins National Direct Student Loan, Guaranteed Student Loan, and College Work Study.

More detailed information on financial aid programs and eligibility requirements are available on request from the Financial Aid Office.

STATE SCHOLARSHIPS

The state of Maryland each year awards scholarships in several categories to legal residents of the state. These scholarships are

awarded based on financial need and/or academic achievement. Students may apply for State Scholarships by using the Financial Aid Form.

The state of Maryland each year awards General State, House of Delegates, and Senatorial Scholarships to legal residents of the state. Interested high school students should consult school counselors. Students presently enrolled at Towson State University may obtain an application from the financial aid office or the State Scholarship Board, 2100 Guilford Avenue, Baltimore, Maryland 21218. The application deadline is March for the following academic year.

STUDENT EMPLOYMENT

Jobs are available in various departments on-campus under the Regular Student Employment (RSE) Program. The starting salary for most on-campus jobs is \$3.35 per hour and students are paid every two weeks for hours worked. Job descriptions are posted on a bulletin board. Financial need is not a criteria, although students receiving campus based financial aid may be limited in the amount they can earn.

The Part-Time Jobs Office assists students in locating off-campus part-time jobs within the Baltimore-metropolitan area. A variety of jobs are available. For additional information phone (301) 321-2730.

On-campus and off-campus positions are posted and updated on the job boards in the university union.

Clearance through the Financial Aid Office is required for on-campus employment. Off-campus jobs are posted on the job boards as they are received from outside organizations during the academic year and summer. These jobs include work for a variety of community agencies, businesses, and summer camps.

SALARY AND EMPLOYMENT INFORMATION

Federal regulations governing the university's participation in financial aid programs require that it provide information regarding average annual salaries which can be expected by Towson graduates in specific *career-related fields of study*, for example: nursing, accounting, teaching, etc. Also required is information on the success of recent Towson graduates in obtaining positions in specific *career-related fields of study*. This information can be obtained from the Career Placement Office located in the university union, room 217.

Scholarships Information

Administration Building, Room 113, (301) 321-3702

Coordinator: Carmel Hayden-Woelper

This office operates on a part-time basis and is the clearing house for information about Towson State University's student scholarships and awards *not* administered by the Financial Aid Office and characterized by criteria such as academic excellence and special merit in related fields of study.

PRIVATE SCHOLARSHIPS

Recipients of *private scholarships*, from outside organizations, should contact the Grants, Contracts and Scholarships section of the Budget Office, (301) 321-2218, for *special* processing instructions. Scholarships must be processed according to criteria established by the donor and/or Towson State University. Any outstanding balance created by the student's or donor's failure to provide the university with adequate, timely information becomes a financial obligation to the student.

ARMY AND AIR FORCE ROTC SCHOLARSHIPS

For information, please refer to the description of "Military Science Programs" in the "University Curriculum" section of this *Catalog*.

SCHOLARSHIPS AND AWARDS

SCHOLARSHIP/ AWARD	AMOUNT/ DEADLINE DATE	CRITERIA	CONTACT	SCHOLARSHIP/ AWARD	AMOUNT/ DEADLINE DATE	CRITERIA	CONTACT

University Scholarship Coordinator (301) 321-3702

The University Curriculum

In keeping with the university's philosophy and goals, the curriculum is designed to provide experience in both the traditional arts and sciences and in specific programs for developing knowledge in fields meeting contemporary societal needs. The curriculum is generated by 29 academic departments, encompassing over 50 majors and concentrations leading to the Bachelor of Arts or Bachelor of Science degrees. These departments also maintain a large number of minor, certificate of proficiency, and specialized programs. Courses and programs within the university curriculum are approved by the university Senate and its appropriate committees, applying the strictest standards of academic excellence, accountability, and credibility. The university is proud to offer a curriculum of breadth and depth, conventional and experimental, offering courses of study as traditional as pre-Socratic philosophy or as contemporary as computer science.

BACKGROUND IN THE ARTS AND SCIENCES

All degree programs of the university are based upon a fundamental background in the arts and sciences. Work in five academic groupings, called the General University Requirements, is required of all students seeking the Bachelor of Science, Bachelor of Arts or Bachelor of Fine Arts degree (see General University Requirements of All Students).

CHOOSING A PROGRAM

Many students enter the university fully aware of their academic and occupational goals. Others have yet to discover a field or program of specialization. All students are urged to explore the range of those programs that interest them by (1) reviewing the listing of offerings and requirements in this *Catalog*, (2) consulting with an advisor in the Academic Advising Office, Dowell 2L, (3) exploring career opportunities and vocational interests through the Counseling Center, and (4) meeting with department chairpersons and faculty advisors in various fields of interest.

CHOOSING A MAJOR

A major in an academic field is earned by completing about 12 courses or about 36 credit hours of work, the exact number being set by the academic department. Three possible benefits make the pursuit of a major desirable: it prepares the student for graduate study in the field; it prevents random study that would result in a lack of competence in any branch of knowledge; it qualifies the graduate from the teacher education program to teach the subject in junior and senior high schools.

Students may select a major from among the following fields:

accounting; art; art education; biology; business administration; computer science; chemistry; dance, early childhood education; general education; elementary education; economics; English; French; general studies (see listing of concentrations in Arts and Sciences section); General Arts and Sciences; geography; German; health science; history; international studies; Liberal Arts and Sciences; mass communication; mathematics; medical technology; music; music education; natural science; nursing; occupational therapy; philosophy; physical education; physics; political science; psychology; social science; sociology; Spanish; speech; speech pathology-audiology; theatre.

A concentration is a focused area of study of approximately 15-24 credits within the student's major which is formally recognized by the university and which may appear on the student's academic record.

A track is also a focused area of study within a student's major which is informally recognized by the university but may not appear on the student's academic record.

Students interested in a particular concentration or track within a major should contact the department for details.

DEGREE REQUIREMENTS

Bachelor of Arts Degree

A student who satisfactorily meets the following requirements will receive the Bachelor of Arts degree.

1. A minimum of 120 credit hours, which must include 32 credit hours of upper level work and meet the General University Requirements. (Course work taken at a two-year institution will not count as part of the 32 upper level credit hours required. Courses from a four-year institution will transfer as they were counted at the home (transfer) institution and may not be converted to an equivalent Towson number or level.)
2. Credit in the courses required of all students, of which English ENGL 102 or its equivalent must be passed with a grade of "C" or higher.
3. Credit in the required courses of the curriculum the student has elected.
4. The completion of the intermediate courses, or the equivalent, in a foreign language.
5. Successful completion of a major. A grade of "C" or higher is required in all courses in the discipline and *applied toward the major or minor of that department*. If this standard is not attained, the student must repeat the course or substitute another course at the direction of the department.
6. A cumulative grade point average of at least 2.00.
7. Completion of the final 30 credit hours at the university unless permission is granted by the Academic Standards Committee to earn the credits at another institution.
8. Demonstration of personal qualities which are expected of an educated individual.
9. Filing with the Registrar a graduation application according to deadlines published in the Schedule of Courses Booklet.

The undergraduate records of all persons receiving a bachelor's degree are closed approximately six weeks after the official date of graduation. Any changes to the permanent record must be made by this date.

Bachelor of Science Degree

The requirements for a Bachelor of Science degree are identical to those for the Bachelor of Arts, with the exception that the Bachelor of Science degree does not require the completion of the intermediate courses in a foreign language.

Bachelor of Fine Arts Degree

The requirements for a Bachelor of Fine Arts Degree are identical to those for a Bachelor of Science Degree with the addition of the performance and studio requirements specified by the Dance Department. The Bachelor of Fine Arts Degree is available to students in the Dance Major.

MEETING REQUIREMENTS FOR GRADUATION

Students are responsible for meeting in full the requirements for graduation as set forth in the *University Undergraduate Catalog* at the time of matriculation as a degree candidate to the university. When the requirements are changed after a student has matriculated, the student has the option of meeting in full the graduation requirements in effect at the time of his or her initial matriculation as degree

candidate, or the new requirements established after matriculation, provided that graduation occurs within seven years of the date of matriculation at Towson State.

A student who does not complete graduation requirements within seven years must meet the catalog requirements in effect for his or her graduating class. For example, a student who matriculated at the university in fall, 1980 would have until August, 1987 (seven years later) to graduate under the 1980-81 catalog. Any student who wishes to use another catalog should consult with an academic advisor and must petition and receive permission from the Academic Standards Committee to do so.

Changes in General University Requirements do not change departmental requirements or the requirements for state certification of teacher education students. Students should consult with their advisors if they have any questions regarding their degree programs. Students must fulfill both the General University Requirements and the departmental major requirements.

GENERAL UNIVERSITY REQUIREMENTS

Philosophy

General University Requirements at Towson State University are established to provide a liberal education. This liberal education core serves not merely to introduce students to a variety of disciplines, but to insure that they, regardless of the majors they have chosen, comprehend the four central branches of knowledge, their historical development, the interrelationships among them, and how each addresses the world, investigates, reaches conclusions, and presents findings. A basic liberal education is, in this sense, an understanding of the ways of knowing and modes of discourse in the fine arts, the humanities, the natural and mathematical sciences, and the social and behavioral sciences.

In addition to establishing breadth of understanding, the liberal education core also serves as the foundation from which students develop essential intellectual skills. While specific skills, such as those necessary for successful writing and speaking, may be the focus of particular courses, the more general development of skills is a cumulative process supported throughout the core; gathering and evaluating information, analyzing and interpreting, weighing alternatives, forming and expressing opinions and conclusions, appreciating diverse points of view, and moving comfortably in the realm of ideas and values.

Through developing these skills, students acquire abilities and concepts of lasting value in shaping their personal lives, developing their careers, meeting their responsibilities as citizens, and pursuing lifelong learning.

All students must gain basic experience in the arts and sciences by completing a distribution of at least 18 courses from five academic groupings.

Course Credit

General University Requirements must be fulfilled with courses carrying two or more credits (Group I, A, Physical Education, and Group II, three one-credit ensemble courses are the only exceptions).

Course Level

Prerequisites generally establish that most courses appropriate for fulfilling General University Requirements are offered at the 100 or 200 level. However, unless a *restriction of choice* is noted in Groups I-V below, students may choose courses at any level (100-400) to satisfy General University Requirements.

Exclusions

A course cannot be used to fulfill the requirements in more than one group of the General University Requirements.

Required Groups

(See "Completing Requirements" for detail.)

GROUP I . . . Required Skills

. . . 3 One-Semester Courses

- A. Physical Education: One credit hour of Physical Education Skill activity course(s).
- B. Basic Skills in Expository Writing: A "C" grade or better in ENGL.102, College Writing.
- C. Advanced Skills in Expository Writing: A "C" grade or better in an advanced college writing course.

GROUP II . . . Fine and Performing Arts

. . . 2 One-Semester Courses

. . . 2 Different Fields of Study

Art (ART)
Dance (DANC)
Music (MUSC)
Theatre Arts (THEA)

GROUP III . . . Humanities

. . . 5 One-Semester Courses

. . . 4 Different Fields of Study

English (ENGL)
History (HIST)
Interdisciplinary Studies: AMST/W MST
Modern Languages
Philosophy and Religion (PHIL)
Speech (SPCH)/Speech Pathology and Audiology (SPPA)

GROUP IV . . . Natural and Mathematical Sciences

. . . 3 One-Semester Courses

. . . 3 Different Fields of Study

Biology (BIOL)
Chemistry (CHEM)
Computer and Information Sciences (COSC)
Mathematics (MATH)
Physical Science (PHSC)
Physics (PHYS)

GROUP V . . . Social and Behavioral Sciences/Personal Development

. . . 5 One-Semester Courses

. . . 5 Different Fields of Study

Social and Behavioral Sciences
Anthropology (ANTH)
Economics (ECON)
Geography (GEOG)
Political Science (POSC)
Psychology (PSYC)
Sociology (SOCI)
Personal Development
Health Science (HLTH) or
Occupational Therapy (OCTH)
BUAD or EDUC or GENL

Certain courses, by their design or specialized purpose, are not appropriate for fulfilling General University Requirements. Required remediation (English, Math, Reading), Internships, Practicums, Independent Study, Course Research, Directed Reading or Research, Travel Study, Seminars, and Thesis courses *cannot be used to fulfill General University Requirements*.

Completing Requirements

Students should plan to complete lower-level coursework meeting requirements during their first two years. They are urged to complete all requirements prior to application for graduation.

Group I: Required Skills

A. Field of Study: Physical Education

Requirement: One credit hour of physical education skill activity course(s). A partial list of the courses which satisfy this requirement are listed in the Physical Education section.

B. Field of Study: Basic Skills in Expository Writing

Requirement: A "C" grade or better in ENGL.102, College Writing or ENGL.190, Honors College Writing. Entering freshmen and transfer students who have not completed college writing or its equivalent before formally matriculating as degree candidates at Towson State University *must* complete the College Writing course (ENGL.102) in residence at Towson State. Under unusual circumstances, students may appeal to the Academic Standards Committee for an exception to this policy *before* they enroll in the course at another institution.

C. Field of Study: Advanced Skills in Expository Writing

Requirement: A "C" grade or better in an advanced college writing course.

Approved Advanced Writing Courses:

ANTH.401	Anthropological Theory
BIOL.381	Biological Literature
DANC.321	History of the Dance
ECED.422	Writing Techniques for Teachers in ECED
ECON.323	Comparative Economic Systems
ECON.325	Economic Development
ECON.333	Economics of Poverty and Discrimination
EDUC.301	Writing and Communication Skills for Teachers
ENGL.313	Advanced Composition
ENGL.315	Creativity and Style in Writing Non-Fiction
ENGL.317	Writing for Business And Industry
ENGL.318	Advanced Informational Writing
GEOG.299	Introduction to Source Materials and Research in GEOG
GEOG.329	Medical Geography
GEOG.371	Advanced Physical Geography
HLTH.402	Health Seminar
HIST.280-.289	Topics in History
HIST.290	Introduction to Historical Study
ISTC.305	Writing Skills for Media Careers
MCOM.356	Feature Writing
MCOM.363	History of Film
MUSC.302	History of Music II
NURS.407	Nursing: Advanced Concepts and Issues
OCTH.430	Research Methods in OCTH
PHIL.460-.469	Writing Seminar in Philosophical Studies
PHEC.302	Curriculum in PHEC
PHEC.305	Outdoor Education: Philosophy and Methods
PHEC.351	Philosophy of PHEC and Sport
PHEC.353	Sport and Society
PSYC.261	Experimental Psychology
SCED.345	Exceptional Learners in Secondary Schools
SOCI.354	Introduction to Criminal Justice
SOCI.381	Sociological Theory
SPPA.311	Technical Writing in SPPA
THEA.307	Theories of Theatre
WMST.333	Women's Words, Women's Lives

WRIT.312	History of Science
WRIT.361	Controversies in ANTH
WRIT.411	Organization Communications
WRIT.417	Topics in Writing

Group II: Fine and Performing Arts

Requirements: Two one-semester courses; each course must be from a different field of study.

Fields of Study:

Art (ART)
Dance (DANC)
Theatre Arts (THEA)
Music (MUSC)

Three 1 credit ensemble courses from the list below may be substituted for a Music course of 2 or more credits.

Approved Music Ensemble Courses:

MUSC.139-140	Guitar Ensemble
MUSC.141-142	Brass Ensemble
MUSC.145-146	Percussion Ensemble
MUSC.149-150	String Ensemble
MUSC.151-152	Voice Ensemble
MUSC.153-154	Woodwind Ensemble
MUSC.155-156	Clarinet Choir
MUSC.157-158	Jazz Ensemble
MUSC.159-160	Early Music Ensemble
MUSC.161-162	Chambers Singers
MUSC.165	Marching Band
MUSC.201	Opera Workshop
MUSC.257-258	Pep Band
MUSC.259-260	Choral Society
MUSC.261-262	University Chorale
MUSC.267-268	Orchestra
MUSC.269-270	Symphonic Band

Group III: Humanities

Requirements: Five one-semester courses; four of the five courses must be from different fields of study.

Fields of Study:

English (ENGL) Approved English Courses: (All courses except Freshman Writing equivalents and ENGL.313, 315, 317 and 318.)

History (HIST)

Interdisciplinary Studies

Approved Interdisciplinary Studies

Courses:

AMST.201	Introduction to American Studies
NURS.401	Concepts of Nursing III: Interdisciplinary Systems Approach to Health Care Delivery
WMST.231	Women in Perspective
WMST.332	Women's Culture and Creativity
WMST.335	Women, Work & Family
GENL.241	Introduction to Comparative Ethnic Studies

Modern Languages

Philosophy and Religion (PHIL)

Speech/Speech Pathology and Audiology

Approved Speech/Speech Pathology and Audiology Courses:
Speech and Language Development
Basic Sign Language
Fundamentals of Speech

Group IV: Natural and Mathematical Sciences

Requirements: Three one-semester courses; each course must be from a different field of study.

Fields of Study:

Biology (BIOL)
Chemistry (CHEM)
Computer Science (COSC)
Mathematics (MATH)
Physical Science (PHSC)
Physics (PHYS)

Group V: Social and Behavioral Sciences/ Personal Development

Requirements: Five one-semester courses; courses must be taken in five of the eight different fields of study.

Social and Behavioral Sciences:

1. Anthropology (ANTH)
2. Economics (ECON)
3. Geography (GEOG)
4. Political Science (POSC)
5. Psychology (PSYC)
6. Sociology (SOCL)

Personal Development

7. Health Science/Occupational Therapy
 - HLTH.007 Health Challenge for the 80's
 - HLTH.101 Current Health Problems
 - HLTH.207 Health Care in the U.S.
 - OCTH.103 Leisure & Health
8. Business Administration/Education/General Studies
 - EDUC.201 The Parenting Process
 - EDUC.401 Foundations of Education (2-3)
 - EDUC.407 Contemporary Issues in Education
 - GENL.103 Intro. to Human Relations
 - GENL.198 Philosophy of General Studies
 - GENL.251 The Creative Process

ALTERNATE GENERAL UNIVERSITY REQUIREMENTS (GURs) FOR JUNIOR TRANSFER STUDENTS

Only graduates of *Maryland* community colleges who were previously enrolled in degree programs during the *fall, 1977* semester or thereafter are eligible for Option I. Students enrolled prior to this date will be evaluated selectively on an individual basis. Both transfer options apply to new matriculants only, *not* to current degree candidates or re-admission students. All courses under Options I or II must be completed at the transfer institution(s) *before official enrollment at the university*. This excludes all Towson State University course work. Options I and II are valid seven years from formal admission/matriculation only. Students who graduate beyond the seven year statute of limitations will be required to comply with the GURs for native students.

Option I

Maryland community college transfer students may satisfy all of Towson's GURs by presenting an AA degree from an articulated program, prior to official enrollment as a degree candidate of Towson State University, provided they have completed minimum distribution coursework in Groups II or III, IV, and V, College Writing with a grade of "C" or better (except CLEP), and a physical education skill activity course(s) at their accredited two-year transfer

institution. However, the advanced college writing course must be completed in residence at Towson State University prior to graduation. Lists of approved articulated transfer programs are available at Maryland community college counseling centers and in the Admissions Office of Towson State University.

Option II

Transfer students, who have been awarded a minimum of 56 credits in transfer at the time of their original enrollment will be given credit for having met the General University Requirements provided all of the following requirements are met:

1. At the time of transfer, the student has taken the equivalent of College Writing (ENGL.102) and earned a grade of "C" or better.
Note: College Writing (ENGL.102) at Towson State University is equivalent to the second semester of a two-semester composition course sequence. (CLEP - not transferable.)
2. At the time of transfer, the student has completed a total of one credit hour of physical education skill activity course(s).
3. At the time of transfer, the student has completed at least 45 credit hours or 17 courses in the Arts and Sciences. The student must have completed work in at least 11 fields of study from the native GURs Arts and Sciences.
4. At the time of transfer, the student has completed the following minimum course distribution requirements, with at least 2 credits completed in each course (the groups specified are the General University Requirement groupings required for native students at Towson State University).
1 course in a field of study from Group II.
2 courses, each from a different field of study, in Group III.
2 courses, each from a different field of study, in Group IV.
2 courses, each from a different field of study, in Group V.
5. Prior to graduation from the university, the advanced college writing course must be completed in residence at Towson.

TRANSFER STUDENTS WHO HAVE NOT COMPLETED THE GENERAL UNIVERSITY REQUIREMENTS UNDER OPTIONS I OR II AT THE TIME TRANSFER IS MADE WILL BE REQUIRED TO COMPLY WITH THE GENERAL UNIVERSITY REQUIREMENTS FOR NATIVE STUDENTS WHO ORIGINALLY BEGAN THEIR FORMAL STUDIES AT TOWSON STATE UNIVERSITY.

OPPORTUNITIES FOR OFF-CAMPUS STUDY

Study Abroad

Opportunities exist for students to earn academic credit toward their Towson State degrees while studying in another country. Students may enroll in a program sponsored by an American college or university or may directly enroll in a foreign university. In order to receive transfer credit for study abroad, students must follow the proper procedure for obtaining university approval.

Students are encouraged to begin planning for study abroad as early as possible in order to select a program that is academically, financially, and linguistically appropriate. Planning guides and other resources are available at the International Student Office, Hawkins Hall 103-C, 321-2421. Towson State University is also a member of the International Student Exchange Program (see below).

International Student Exchange Program (ISEP)

Towson State University is a member of ISEP, the International Student Exchange Program, which offers Towson State students the opportunity to enroll directly in selected universities throughout the

world at approximately the same cost as a year at Towson State plus transportation expenses. Most forms of financial aid can be applied.

For further information, contact the International Student Advisor at 321-2421, Hawkins Hall 103-C.

National Student Exchange

This program allows students an opportunity to become acquainted with social and educational patterns in other areas of the United States. Through Towson's membership in the NSE, students may attend one of the 60 participating schools for a semester or a full year. For further information, contact the Director of Registration and Records.

The Student Exchange Program

The Student Exchange Program at Towson State University is designed to foster an interchange of students among Towson State University, other state colleges of Maryland, and selected institutions of higher learning in the Baltimore Metropolitan area. Bowie, Coppin, Frostburg, Salisbury, Morgan State University, St. Mary's College, the University of Baltimore, the University of Maryland, Baltimore County, Goucher, Loyola, College of Notre Dame, and Johns Hopkins participate in the program. There are no additional costs to the student.

Students desiring information concerning the Student Exchange Program should consult with the Director of Registration and Records, who will provide information, applications, participating college bulletins, and class schedules.

MILITARY SCIENCE PROGRAMS

Army ROTC

The Loyola College Military Science Department offers Army ROTC to Towson State University students. Through this program, men and women participating as full-time students in undergraduate studies have the opportunity to become commissioned officers in the United States Army upon graduation. The majority of the classes and training activities are conducted at the Loyola College campus.

The first two years, called the Basic Course, provide the student with a closer look at the military profession without any obligation. Students with former military service or Junior ROTC experience may receive constructive credit for the entire Basic Course. Students continuing into the Advanced Course, the last two years, are paid \$100 per month and do incur a military obligation which may be served as a commissioned officer with the active forces or with one of the Reserve or National Guard units.

Although students normally enroll in ROTC at the beginning of the freshman year, there are special programs available whereby students with as little as two years of full-time studies remaining can participate in ROTC and receive their commission upon graduation. Army ROTC also offers year scholarships which pay for tuition, textbooks, and lab fees and provide a tax-free living allowance of up to \$1000 each school year. For more information, contact the Program Coordinator, Loyola College, at (301) 323-1010 Ext. 376.

Air Force ROTC

Air Force ROTC is available to students at Towson State University through an agreement with the University of Maryland at College Park. Air Force ROTC courses are scheduled so that students from Towson State University may complete all of their AFROTC requirements during one morning per week at the College Park campus. In addition, students at Towson State are eligible to compete for all AFROTC scholarships—the 7, 6, 5, and 4 semester scholarships pay for total tuition at both the University of Maryland and Towson State University, for all required books, and provide a

\$100.00 per month subsidy for both pilot and navigator training programs. Upon graduation from Towson State University and completion of the AFROTC curriculum at the University of Maryland, the student will be commissioned a second lieutenant in the Air Force. Students who are interested in the Air Force ROTC can contact: Air Force ROTC, 2nd Floor, Cole Field House, University of Maryland, College Park, MD 20742, Telephone: 301-454-3242/3243/3245.

HONORS PROGRAMS

Honors College

The Honors College is composed of specifically designed courses, most of which fulfill the General University Requirements. For consideration, the student must have attained a 550 or better score on the mathematics or the verbal SAT examination or be in the top 10 percent of his or her high school graduating class. Matriculated students with a 3.20 or better GPA may also qualify for the Honors College. This program is essentially for, but not restricted to, first and second year students. Those who qualify may participate in the Honors College to the extent that they are interested. Any courses taken in the Honors College will be so designated on the student's transcript. A student who completes five or more honors courses will graduate as a participant in the Honors College.

Departmental Honors

The Departmental Honors Program is designed to provide the student with an intensive and individualized but directed education beyond the normal course of instruction. The Departmental Honors Program includes six to nine semester-hours credit in seminars, directed readings, and research projects. A senior thesis is required as well as an oral defense of the thesis. A candidate must also complete the Graduate Record Examination.

To be admitted to the program, a student must present a cumulative average of 3.25 and a 3.50 average in his or her discipline. These minimum averages must be maintained for graduation as a Departmental Honors Program participant. The student who completes an approved program will receive a diploma with the designation Bachelor of Arts or Bachelor of Science with Honors in the appropriate discipline. Currently, the departments of art, biological sciences, computer and information sciences, English, history, mathematics, modern languages, physical education, physics, psychology, and sociology and anthropology offer departmental honors programs. Details of each department's honors requirements may be obtained from the appropriate chair.

The Dean's List

The Dean's List is published following each fall and spring semester. Degree candidates who complete a minimum of 12 semester hours credit in regularly graded courses with a semester average of 3.50 or higher will be so honored.

Graduation with Honors

To receive a bachelor's degree with honors, a student must have completed work at Towson State University with the following cumulative grade point average:

- 3.75 to 4.00 Summa Cum Laude
- 3.55 to 3.74 Magna Cum Laude
- 3.40 to 3.54 Cum Laude

Students must have, in addition, a 3.40 or better average for work completed at other institutions and a minimum of 56 semester hours of work at Towson State University.

Students who do not qualify for honors because of their overall GPA may petition the Academic Standards Committee if they meet the following criteria:

"A student who in his or her last 56 credits at Towson State University attained a cumulative average of 3.55 or higher."

The student who is approved for graduation honors by these criteria will receive Cum Laude honors from Towson State University.

Academic Regulations

Academic regulations are published in the *Catalog* and are applicable to all undergraduate students. If the university changes academic regulations they will be published in the next catalog and effective as of the date of publication, unless otherwise stated.

REGULATIONS GOVERNING ENROLLMENT

Registration

Each student is assigned a time to register. Students are not permitted to attend classes without having completed registration. A late registration fee is assessed for registering after the time assigned and within the late registration period. Students must discharge all financial obligations to the institution before being permitted to register.

Classification of Students

Students are classified according to the number of semester hours passed: freshmen, 0-24 semester hours; sophomores, 25-55 semester hours; juniors, 56-89 semester hours; seniors, 90 semester hours or above.

Credit Hours

The unit of credit is the semester hour. It is defined as one 50-minute class per week (or its equivalent) for one semester. A three-hour class meets three 50-minute periods or two 75-minute periods a week for one semester. Laboratory and studio classes normally require two or three hours in class per week as the equivalent of one semester hour. Two hours of additional preparation are usually required for each hour spent in class.

Semester of Study

Each semester a student registers and has not cancelled or withdrawn prior to the first day of class counts as a semester of study. Verified withdrawal for medical reasons or entry into the Armed Forces will not count as a semester of study.

Those students withdrawing from the university who intend to return must comply with the deadlines established for readmission. Final deadlines for submission of the request for readmission are August 1 for the fall semester and December 15 for the spring semester.

Attendance

STUDENTS ARE EXPECTED TO ATTEND ALL CLASSES. Each faculty member sets the policy on absences. Policies vary, and it is the responsibility of the student to understand clearly the absence policy of each instructor and to act accordingly. Students are expected to notify the health center and instructors by phone or in writing of any absence exceeding three days.

Student Load

The normal student load is 15-18 semester hours of credit each semester.

Students may take up to 19 semester hours for credit. Students should possess a minimum cumulative average of 2.00 to take 18 semester hours and a cumulative average of 2.50 to take 19 semester hours.

Students with a 3.25 cumulative average based on at least 30 hours taken at Towson State University may carry 20 hours. In the last semester of the senior year, a student may carry 20 semester hours provided the number is necessary to graduate and provided his or her cumulative average is 2.50 or better.

Students with a 3.50 cumulative average or better, based on at least 30 hours taken at Towson State University, may carry 21 hours.

No student will be permitted to carry more than 21 hours except by special permission of the Academic Standards Committee.

Students must have the approval of the Registrar to register for more than 19 semester hours during any one semester. Permission must be obtained prior to the registration period.

Auditing Courses

Students may elect to audit a course with the written permission of the instructor. The option to audit a course may *only* be made during the change of schedule period each semester. Students paying full-time tuition and fees are not charged additionally for auditing. For other students, tuition and fees vary according to the credit value of the course (e.g., 3 credits = 3 × tuition rate per credit hour + appropriate fees).

Students are advised that audited courses:

1. do not count as part of the semester's credit hour load;
2. do not count as credit toward graduation unless repeated later for credit;
3. will appear on the transcript as an "AU";
4. may not be used to repeat a course for which credit has already been earned.

Change of Course Schedule

All changes in a student's schedule of courses (adding or dropping a course or a change in sections or credits) are valid only if the student completes the Course Schedule Change Form and files it with the Registrar. Failure to do so will result in a grade of "F" or "FX" in the course not dropped and no credit in the course added. The grade will appear on the grade roster of the course and the student's permanent record.

No student may enter a class after the expiration of the change of schedule period contained in the academic calendar. Exceptions to this will be considered only after approval of the department chair of the course involved and the dean of the particular college or school.

Withdrawal From a Course

Students dropping a course within the change of schedule period will have no grade recorded.

Students dropping a course after the change of schedule period, but within the period to drop with the grade of "W," will have only the "W" grade recorded on the permanent record.

Students who do not officially drop a course during the established time periods will receive the grade earned in the course (A, B, C, D, F) as determined by the instructor.

Students with *documented* medical problems or *verified* circumstances beyond their control may petition the Academic Standards Committee, in care of the Registrar, to drop a course after the established deadline and receive a grade of "W." Documentation must accompany the petition. If the petition is approved, grades of "W" will be recorded for all unearned grades (FX). Earned grades (A, B, C, D, F) will not be changed.

The Academic Standards Committee does not consider failure to receive a grade in a course by the last day to drop the course with a "W," or the receipt of a low or failing grade in a course, as justifiable reasons for withdrawing from a course after the established deadline.

University Withdrawal/Cancellation

A. Withdrawal

A degree candidate wishing to withdraw from the university should obtain a withdrawal form from the office of Academic Advising, Dowell 2L. Before the withdrawal is official, the student must submit the completed withdrawal form to the office of Academic Advising. In the case of a newly admitted degree candidate, withdrawal is appropriate only if the student has attended at least one day of classes; otherwise, the student follows the cancellation procedure.

A student who withdraws subsequent to the last day to drop a course will be assigned the grade of "F" or "FX" unless withdrawal is for medical reasons or other extenuating circumstances. If withdrawal is for medical reasons and is so documented, a grade of "W" will be recorded for all unearned grades (FX). If withdrawal is for extenuating circumstances and can be documented, an appeal should be addressed to the Academic Standards Committee.

B. Cancellation

Newly admitted undergraduate students who make a decision not to attend the university prior to the first day of classes of the semester for which admission was approved should notify the Admissions Office in writing. The student's admissions file will accordingly be cancelled and the student will be required to submit an additional application for any future entrance date.

Procedure for Readmission

A student who has officially withdrawn in good standing from the university may apply for readmission through the Office of the Registrar. Forms are available in room 236 of the Administration Building. The deadline for readmission is August 1 for the fall semester and December 15 for the spring semester.

Readmitted students must comply with General University Requirements that were stated in the *Catalog* at the time that they were originally admitted to Towson State. Hence, these students do not qualify for any of the transfer options.

Students who have been dismissed or who officially withdraw must comply with competency standards in effect at time of readmission if the standards were not met prior to dismissal/ withdrawal.

Repeating Courses

Students may repeat a course **only once** where credit has been earned or a mark of "F" or "FX" has been awarded, except by **prior** approval of the Academic Standards Committee. The Committee will not consider a petition unless the student possesses a Grade Point Average of 2.00 or higher without counting the repeated course(s) being petitioned. Grades of "W" are administrative grades and are *not* considered to be part of the repeated course procedure.

When a course is repeated, the student will receive credit for the course counted only once. Only the higher of the two grades will be calculated into the student's Grade Point Average. The lower grade will remain on the record with the letter "R" preceding (e.g., RF; RX; RD, etc.) Upon completion of the repeated course, the student must submit a "Repeated Course Form" to the Registrar's Office in order to bring about these adjustments to the record.

Low or failing grades received in courses taken at Towson State *must* be repeated at Towson State in order for the GPA to be recalculated. Grades earned at other institutions do not replace grades earned at Towson State or alter a student's GPA.

Pass/D/F Option

Students may elect 12 hours toward their degree for which they may be graded on a Pass/D/F basis. If a student registers for more than six semester hours on Pass Option in one semester, only six may be counted toward graduation. This option is *not* available for courses required for a major or for certification in teacher education unless

special permission is obtained from the department concerned. A student must make all declarations or changes to the option prior to the end of the second week of classes. Faculty may obtain from the Registrar the names of students in their classes who have elected the pass option.

Special Format Courses

Directed readings, independent study, and colloquia are special format courses. A student may not apply more than 12 credit hours of these special format courses toward graduation. Departments may set limits for fewer credit hours, but they may not exceed the maximum of 12 credit hours set by the University Curriculum Committee. Because of the concentrated nature of these courses, students should be advised to take no more than 6 hours of upper division special format courses per semester.

REGULATIONS GOVERNING ACADEMIC STANDARDS

Academic Standards are set to insure that a degree from Towson signifies student work meeting or exceeding a particular level of excellence.

Standards for Academic Good Standing

In order to remain in the university, a student must possess the cumulative point averages indicated below.

REQUIRED MINIMUM GRADE POINT AVERAGE TO BE IN COLLEGE

Credits Attempted (Includes Towson credits and accepted transfer credits)	Minimum GPA
1-19	1.10
20-29	1.50
30-39	1.65
40-49	1.80
50-55	1.90
56 and above	2.00

No student will be dismissed at the completion of the semester when a GPA of 2.00 or higher has been attained, provided that a *minimum* of 12 semester hours were attempted.

This regulation applies to any student in good standing. A student who has been academically dismissed, or whose GPA has fallen below the required minimum for good standing, must raise the GPA to the required minimum standard for readmission.

First-Time Freshmen

Students entering college for the first time must meet the standards for full-time students after two semesters of study.

Transfer Students

Transfer credits will not affect the calculation of the GPA, but will be considered in determining the minimum Towson GPA required to remain in academic good standing. During the transfer student's first semester of study, he or she must earn a minimum GPA of 1.50 for 12 semester hours attempted at Towson. If the transfer student attempts fewer than 12 semester hours in the first semester, he or she must meet the minimum standard for academic good standing. For example, a transfer student who has attempted 9 credits at Towson and 30 credits elsewhere must have a minimum cumulative GPA of 1.65 to remain in good standing.

After the first semester, the student must meet minimum grade point averages specified for academic good standing. For example, a transfer student who has attempted 30 credits at Towson and 20 credits elsewhere must have a minimum cumulative GPA of 1.90 to remain in good standing.

Normal Progress and Maximum Length of Attendance

It is expected that a student will attain 120 semester hours of credit and complete graduation requirements in eight semesters of study, allowing an average credit load of 15 hours per semester. A student will be permitted a maximum of 10 semesters of study, allowing an average credit load of 12 hours per semester.

The number of semesters of study for transfer students will be determined by dividing the number of credits transferred by 15, rounding the answer to the nearest lower whole number. For example, a student transferring 33 hours will be considered to have completed two semesters of study.

Grading System Effective September 1976

Grade		Quality Points Per Credit Hour
A	Superior	4
B	Good	3
C	Satisfactory	2
D	Less than satisfactory but allowable for credit, subject to the restriction specified under Degree requirement	1
F	Unsatisfactory (no credit)	0
FX	Non-attendance or failure to withdraw (no credit)	0
S	Satisfactory Not used in GPA calculation	0
U	Unsatisfactory (no credit) Not used in GPA calculation	0
I	Incomplete (no credit) Not used in GPA calculation	0
PS	Passed (course taken under PS/D/F option) Not used in GPA calculation	0
PE	Passed by examination Not used in GPA calculation	0
AU	Audit (no credit) Not used in GPA calculation	0
Grades of PS, PE and S are equivalent to a grade of C or higher.		

Grade Point Averages

The semester Grade Point Average is computed in a three part process.* First, multiply the hours of credit in a course by the quality points assigned to the grade earned in the course. Then, total the credit hours for all courses taken in the semester. Finally, divide the total number of quality points by the total number of hours of credit to find the GPA.

*Using only courses in which grades of "A," "B," "C," "D," "F," or "FX" were awarded.

Grades of "I," "PS," "PE," "W," "S," "AU" and "U" are not used in computation of averages.

For example:

4 hours of A	(4 points each)	16 points
4 hours of B	(3 points each)	12 points
3 hours of C	(2 points each)	6 points
3 hours of D	(1 point each)	3 points
2 hours of F	(No Credit Given)	0 points
2 hours of FX	(No Credit Given)	0 points

18 Total hours attempted

37 Total points

Dividing 37 by 18, the student's GPA for this semester is found to be 2.05.

The student's cumulative GPA is found by dividing the total quality points earned in all courses completed at Towson by the total number of credit hours attempted at Towson (excluding from the computation those credit hours attempted during the period September 1, 1973 to August 31, 1976 for which the grade of "NC" was assigned). For example a junior has attempted 76 credit hours and has earned a total 190 quality points. His cumulative Grade Point Average is 2.50.

The grades of "S" and "U" (satisfactory and unsatisfactory) are used primarily in those courses offered for skill development and other courses that have been recommended by the academic departments and approved by the Academic Standards Committee. The grade of "S" represents that work of "C" or higher has been accomplished and that the student has attained a level of competence sufficient to advance to the next course. A grade of "U" is given to students whose work represents "D" or "F" quality. "S" and "U" grades are not calculated in a student's GPA.

A grade of "PS" (Pass) is assigned to a course selected on the pass option when the student receives a grade of "A," "B," or "C." The student electing the pass option who receives a grade of "D" or "F" will have the "D" or "F" recorded on the permanent record and used in the calculation of the GPA.

A grade of "PE" is assigned to those courses passed under the credit for experience or prior learning option. All grades are recorded on the student's permanent record but not calculated in a student's GPA.

A grade of "I" (Incomplete) may be given by the instructor if a student is unable to complete the work required in the course because of *verifiable* medical reasons or *documented* circumstances beyond the control of the student. No credit is given for an incomplete grade until a regular grade is assigned by the instructor. Incompletes are not counted in the student's attempted hours or calculated in the GPA.

It is the responsibility of the student to complete the work required in order for the incomplete to be converted to a regular grade. Instructors may specify the time by which the work required is due in order to remove the incomplete. Any incomplete grade, however, that is not completed by the end of the next full semester of study, excluding summer and January sessions, is automatically converted to an "F" grade, and *is* calculated in a student's attempted hours and GPA.

Students who are granted an incomplete should *not* re-register for the course. The work required must be satisfactorily completed by the last day of the next regular semester, or by the date specified by the instructor, or the incomplete grade will be converted to an "F" grade.

The grade of "FX" is an administrative grade and is calculated in a student's GPA. A grade of "FX" is given to those students who never attend the course or who stop attending during the semester without officially withdrawing. (If a student has officially withdrawn, a grade of "W" will appear on the final class roster.) When a student attends most of the classes but misses the final examination without a legitimate excuse, the student will receive a "zero" or "F" grade for the final examination and have that value or grade calculated with other grades earned during the semester to determine the final course grade.

Grade changes, excluding "I" grades and repeated courses, must be made within one year. After one year, requests for grade changes may be made only for verifiable medical reasons and by petition to the Academic Standards Committee.

Academic Dismissal

A student is academically dismissed from the university and degree candidacy when he or she fails to meet the standards for Academic Good Standing.

Students who have been dismissed or who officially withdraw must comply with competency standards in effect at time of readmission if the standards were not met prior to dismissal/ withdrawal.

Procedures for Reinstatement

A student who is no longer in good standing may petition for reinstatement by completing by the established deadlines the readmission application available in the Registrar's Office. Deadlines for readmission are August 1 for the fall semester, December 15 for the spring semester.

A student petitioning for readmission must bring the GPA to the minimum required to be in good standing as outlined in Standards for Academic Good Standing. In addition, a student must attain a minimum GPA of 2.00 in all work taken during the period of academic dismissal.

In evaluating requests for reinstatement in which a student has not attained the required GPA for readmission at Towson State, the Academic Standards Committee will consider evidence of a student's personal growth and/or academic performance at other institutions.

Unsuccessful Semester

For verifiable medical reasons or documented, extraordinary circumstances, a student may petition the Academic Standards Committee for an unsuccessful semester. If the request is granted, the courses taken during the unsuccessful semester will still remain on the official transcript together with the grades originally recorded. However, none of the courses will count towards graduation and the grades will not be calculated in the student's academic totals.

The following guidelines regulate the Academic Standards Committee's declaration of an unsuccessful semester:

Five years must have elapsed between the semester in question and the date of the appeal.

A student must have successfully completed two semesters of full-time work (i.e., 24 credit hours), or the equivalent at Towson State University. This work must show a marked improvement over the work during a semester in question.

Transcripts of Academic Records

The office of the Registrar can normally process a transcript request within 72 hours except during periods of high demand at the end of each semester. During these periods, transcript requests may take longer to process. A fee of \$3 will be assessed for each request. Rush transcripts, mailed the same day as the request, will be charged a \$5 fee.

A student with an outstanding debt to the institution is not eligible to receive a transcript of record.

REGULATIONS GOVERNING CURRICULAR AND PROGRAM REQUIREMENTS

Degree Requirements

Degree requirements are those outlined in the Curriculum section of this *Catalog*.

General University Requirements

General University Requirements are those outlined under Curriculum.

Graduation With Honors

Requirements for graduation with honors are those outlined under Curriculum.

Meeting Requirements by Examination

A student can earn credit for prior learning (not prior coursework) through examination by an academic department. The following departments offer credit by examination in some courses meeting General University and major requirements: biology, chemistry, economics, English, health science, history, mathematics, physical education, and psychology.

CLEP examinations (college level examination program) are offered in accounting, biology, business administration, English, psychology, and sociology. For more specific information about the examinations, contact the Credit For Prior Learning Program coordinator, 321-2023.

A student can also obtain credit for prior learning by departmental evaluation. For information about earning credit by this method contact the individual departments.

Advanced Placement

Prospective freshmen may earn exemption or credit for some courses required at Towson by taking the Advanced Placement Tests of the College Entrance Examination Board. Arrangements to take the tests, which are given in May each year, are made through the high school counselor or the College Entrance Examination Board, P.O. Box 592, Princeton, New Jersey, 08540.

Credit for Transfer Work

For additional information, see the admissions section of this *Catalog*.

Policies Pertaining to Transfer Credit:

1. Only the courses and credits completed at other institutions are transferrable to Towson State. Grades and grade point averages earned at other institutions are not transferrable. Courses must correspond to programs offered at Towson State.
2. Credit is accepted by Towson State for a course completed at any regionally accredited college or university. This credit will count towards graduation but will *not* be used in calculating the academic average required for graduation. Credits will transfer to Towson State as they were taken at the host institution. For example, if a student completes a 200-level course at the host institution and transfers it to TSU, the course will transfer as 200-level — even if the course's equivalent at TSU is 300 or 400-level.
3. Courses in which a grade of "D" or higher has been earned in accredited Maryland institutions are transferrable. However, credits in which a "D" grade was earned and transferred to Towson State cannot be applied to a major program. A grade of "C" or higher is required for major credit. Students must repeat any course previously transferred with a grade of "D" in order to meet major requirements. The number of credits repeated will increase the number of credits needed to fulfill graduation requirements.
For example, if a three credit course which transferred to Towson State University with a grade of "D" is repeated at Towson State, a student must earn a minimum of 123 credit hours to be eligible for graduation.
4. Courses for transfer must not have been completed for credit at Towson State or previously accepted as transfer credit. For example, a student may not fail a course at Towson State, repeat it at another college, and expect that course to transfer to Towson State (see Repeated Course Policy).
Moreover, a student who has already transferred a course to Towson State cannot repeat it elsewhere, earn a higher grade, and have the higher grade transferred to Towson State.
5. Students who have earned 64 or more total credits (including any transfer credits) may *not* take courses at any community

college for the purpose of transferring the credits earned toward a degree from Towson State.

6. Students with fewer than 90 total credits may take courses at any accredited four-year institution, for the purpose of transfer, if permission is granted *in advance* by the Academic Standards Committee.
7. Students may *not* take courses at other institutions if they are within the last 30 credits required for a degree from Towson State. A student may petition the Academic Standards Committee, in care of the Registrar, for an exception to this policy. Such petitions must be presented *before* the student takes any course at another institution. Exceptions are granted only in cases of extraordinary circumstances.
8. Towson State students who wish to take courses at other accredited institutions with the purpose of applying those credits toward a degree at Towson State must complete a Petition to Transfer Credit Form available in the registrar's office. The petition requires the signature of a major department and/or the department in which the course(s) is (are) offered at Towson State. Petitions must be completed and returned to the registrar's office *before* the course is taken at another institution.
9. Entering freshmen and transfer students who have not completed college writing or its equivalent before formally matriculating as degree candidates at Towson State University *must* complete the College Writing course (ENGL 102) in residence at Towson State. Under unusual circumstances, students may appeal to the Academic Standards Committee for an exception to this policy *before* they enroll in the course at another institution.
10. No Advanced Skills in Expository Writing (Second Writing) course may be transferred from a two-year institution and applied toward fulfilling the university's requirement for Group I-C of the 1985 General University Requirements or Group IV-C of the pre-1985 GURs. Writing courses taken at a four-year accredited institution may be considered as meeting this requirement upon petition for evaluation by the appropriate academic department and where necessary, by TSU's English Department. Petitions are initiated through the Academic Standards Committee c/o Registrar's Office.

Academic Advising

For assistance in reviewing and understanding academic regulations and general university requirements, contact the Academic Advising Office, Dowell 2L, 321-2472.

Student Services Programs

Student services programs aid students in meeting university goals. The various departments help students plan effectively.

The university offers the services described below, as available, at no charge. However, if services are not available on campus, the university will assist the student in obtaining off-campus services, the costs of which must be paid by the student.

ADVISING

Towson State University is committed to providing comprehensive advising designed to enrich the educational experiences of every student. Accordingly, all students are required to seek appropriate advising each semester prior to registering. Students who have chosen a major are urged to visit the appropriate department as early as possible in order to complete a "declaration of major" form and to request assignment to a departmental advisor. Students who have not yet chosen a major are assigned to an advisor through the College of Liberal Arts.

In addition, the following offices exist to help students with their advising needs:

Center for Advising and Orientation

Location: Dowell Hall, 2nd Level, (301) 321-2309, 321-2472

The Center for Advising and Orientation provides general advising for full-time undergraduate students and functions as a clearinghouse for information about the university's policies, procedures, and requirements. While the center specializes in serving large numbers of students through its various group programs, it also assists individuals with setting academic goals, selecting courses, meeting standards, and reviewing progress toward the completion of general university requirements.

Orientation

Students who are new to the university attend a TRIAD program in July, August, or January, before they begin their first semester. TRIAD initiates students' transition to TSU by helping them to interpret policies, requirements, and standards; to select courses and plan schedules; and to register for classes. The program also helps new students to understand the freedoms and responsibilities they will assume at TSU and it explains the resources and facilities that the university provides for them. The emphasis is on enabling the students to make well-informed decisions about their own education. The orientation office also conducts programs for students' families and directs a wilderness challenge course for new students. In addition this office publishes *Compass: The TSU Student Handbook*, the *TSU Family Handbook*, and the *Family Newsletter*.

Academic Advising

Students who wish to review their fulfillment of the general requirements may rely on the center's advising office. Students may also obtain the latest information about forms, procedures, and regulations. The advising office provides special assistance for students who are having difficulty maintaining academic good standing. This office conducts a "junior audit" to inform students about requirements they have remaining to fulfill after they have completed 80-90 credits.

CAREER PLACEMENT

Career Placement Center

University Union, Room 217, (301) 321-2233

Hours: M-F, 8:30 a.m. - 4:30 p.m.

Open Wed. until 7:00 p.m. during Fall and Spring semesters

The placement staff assists Towson State University students with their preparation and search for meaningful and satisfying careers. Services provided by the staff include:

Credential service and Placement Handbook*

On-campus interviewing and recruiting by employers*

Job mailer subscription*

Resume file*

Postings of full-time degree and non-degree employment

Seminars and workshops pertaining to job search, resume writing, and interview techniques

On-campus career awareness programs in conjunction with academic departments and student organizations

Individual advising regarding employment and careers

Library and resource room containing directories, employer information, career literature, audio and video tapes, handout materials, job listings, and graduate school catalogs.

28 Student Services Programs

*Indicates services for seniors, graduate students, and alumni registered with the career placement center. There is a \$4.00 registration fee to establish a credential file and to cover the cost of providing four copies of the file to employers or graduate schools of the student's choice.

All other services and programs for undergraduates are free of charge and open to everyone.

Part Time Jobs Office

University Union, Room 217, (301) 321-2730

PTJ is a program designed to assist Towson State students in obtaining part-time and summer employment while attending the university. Through PTJ, students can find jobs that will provide them with valuable work experience and supplement their incomes.

The PTJ office is located in the career placement center. It is open year round and is an Equal Opportunity Referral Service.

JOB LISTING

Academic Computing Service

Cook Library, Ground Floor, (301) 321-3916

Computer support for instruction and research is provided by the Academic Computing Service. This modern, growing facility has a DEC VAX-11/785 computer, and also a MicroVAX II which runs under UNIX. The first stage in a Five-Year Plan for expanding computing facilities begins in the summer of 1987, when a new, state-of-the-art VAX 8000-series computer will be "clustered" with the 11/785 to more than triple our computing capacity.

In addition to housing the VAX computers, the Center includes an office complex for full-time professional staff, an open Laboratory providing on-line terminals and printers for students and faculty, a demonstration classroom, and microcomputer facilities. Additional terminals are distributed in satellite centers in Smith, Psychology, Linthicum, and Hawkins Halls, and units in instructional departments for classroom and laboratory use. Available VAX software now includes ADA, APL, BMDP, C, C-CALC (spreadsheet), KERMIT, LISP, MINITAB, ORACLE (data base management), PASCAL, SPSSX, SPSSX-Graphics, and SYMAP, as well as all the standard languages and various instructional packages.

As a member of EDUCOM, the national university computing consortium, the University subscribes to BITNET, a global communications network with member institutions covering all of North America, Western Europe, Israel and Japan. This provides faculty with the means of convenient, flexible data transmission via the academic VAXcluster at no additional cost.

COUNSELING

Counseling Center

Counseling Center, (301) 321-2512

The counseling center, a service available to students, faculty, and staff, provides a variety of developmental experiences for groups or individuals who are interested in refining their living skills. In addition, the center's professional staff offers help with personal, social, and career-related problems. Interested persons are invited to call for an appointment or drop by the center. All counseling center services are confidential and conducted in private.

In cooperation with college media services, the counseling center sponsors COPE-LINE, a telephone tape system designed to help callers deal with the stresses and strains of day to day living. This system includes a wide variety of subjects: life skills, sexuality, careers, health concerns, consumer information, and other topics which may be of interest to members of the Towson State Community. A directory for COPE-LINE may be obtained at the counseling center or by calling 321-COPE.

DISCOVER, a computer assisted career guidance system designed to assist students in career choice, is also available at the counseling center. This system provides the opportunity to: (1) identify occupations by assessing interests, abilities, and values; (2) gather information about more than 400 occupations; (3) obtain information about four-year colleges in the United States.

Mental Health

Health Center, (301) 321-2466, 321-2469

Free psychiatric services are available to all students, faculty and staff, at the campus health center.

Use of the mental health service is entirely confidential. Students may drop in at the health center, or arrange appointments by telephone or through the counseling center. In addition, the mental health service is available to various groups on campus as they address mental health concerns. Students who wish to have psychiatric collaboration or participate in these activities are encouraged to contact the director of the mental health service at the health center.

DEVELOPMENTAL STUDIES

The Developmental Studies courses are designed to remediate deficiencies in basic skills. Students whose entering competency test scores indicate they need additional preparation to meet the standards of college-level courses are required to complete the appropriate Developmental Studies courses prior to their third regular semester in order to continue attending the institution as degree candidates. These courses will not count toward the 120 credits required for graduation. Certain foreign-born students are required to complete courses in English as a Second Language as a prerequisite to enrollment in ENGL.102, College Writing. (See "Undergraduate Admissions.")

HEALTH SERVICES

Health Center

Dowell, 1st Floor, (301) 321-2466

The Anita S. Dowell Health Center has a professional staff of physicians, non-physician practitioners, nurses and a health educator. The Health Center is open on weekdays from 8:00 a.m. to 5:00 p.m. Patients are seen on an appointment or drop-in basis during daytime office hours. Reproductive health seminars are held twice weekly.

The Health Center provides primary care for common acute conditions and stable chronic disease, with referral of serious emergencies or illness to local hospitals or family physicians. Preventive care and health maintenance, including blood pressure screening, allergy shots, GYN services such as birth control, pregnancy testing and PAP smears are also provided. The students' right to privacy is strictly maintained. (See the Health Center Booklet distributed to all new students for more detailed information on available services.)

A completed medical history is required for all students using the Health Center. All entering students are strongly encouraged to provide their immunization records including proof of immunity to measles, mumps, and rubella.

Students are responsible for the costs of referrals, hospitalizations, x-rays, and any diagnostic tests not provided at the Health Center. The university does not assume financial responsibility for any injury incurred on the athletic field or in any physical education class.

A student who has a physical condition which prevents complete participation in the regular physical education program may be permitted, upon authorization of the university physician and the Academic Standards Committee, to take an adapted program or to be exempt from physical education requirements.

Speech-Language-Hearing Clinic

Van Bokkelen Hall, Room 001, (301) 321-3095

Diagnostic and therapeutic services of the speech-language-hearing clinic are available, without charge, to all members of the Towson State faculty, staff, student body, and dependents. Speech, hearing, and language evaluations for all ages and all types of communicative disorders are available. Audiological services include complete hearing testing and hearing aid evaluations. Appointments can be made by phoning the above extension.

Therapeutic services are provided for children and adults experiencing difficulty in comprehending and using oral communication. Treatment is provided for the following types of communication disorders: language, articulation, cleft palate, stuttering, hard of hearing, voice, foreign dialect, aphasia, laryngectomy.

Sickness and Accident Insurance

The university offers students the opportunity for year-round health and accident coverage at a nominal fee. All Resident students are required (and all others are encouraged) to obtain adequate coverage.

The premium for coverage begins at \$152.

Additional information is contained in the insurance brochure available at registration time.

INTERCOLLEGIATE ATHLETICS

With the motto "Athletic Excellence With Integrity," Towson State University is committed to a comprehensive intercollegiate athletic program for men and women as an integral part of the student's total educational experience. The men's program, which numbers 11 varsity sports, enjoys Division I membership in the National Collegiate Athletic Association and the East Coast Conference (ECC). The Tigers field men's varsity teams in football, soccer, cross country, basketball, swimming, baseball, lacrosse, tennis, track (indoor and outdoor) and golf.

The women's program fields 11 varsity teams: basketball, cross country, field hockey, gymnastics, lacrosse, swimming, tennis, volleyball, indoor and outdoor track and softball.

Both the men and women compete for state, regional, and national honors under the guidance of an outstanding coaching staff. The Towson Center complex is the official home of the Tigers and includes a 5,200 seat arena and 6,000 seat stadium, making it a showcase facility in the metropolitan Baltimore area. Scholarships are available for gifted student-athletes. All students are encouraged to participate according to their interests and abilities. Prospective student-athletes interested in competing on a varsity team should contact the head coach of that sport.

INTERNSHIP/COOPERATIVE EDUCATION (I/CE)

I/CE is an elective program in which sophomores, juniors, and seniors of good academic standing:

1. alternate semesters of classes with periods of full-time paid employment — co-ops — in approved pre-professional positions in business, industry, and private and public agencies.

OR

2. combine with their classes approved work — internships — paid or voluntary, at least 100 hours per semester. All internships carry academic credit. Most departments have created a practicum course through which students register for credit *after they have been hired for an internship*. The number of credits and criteria for eligibility are determined by each academic department. I/CE staff inform students of and screen students for fulfillment of departmental criteria and coordinate placement of qualified students into internships.

Participating departments include: accounting and finance, art, biology, chemistry, computer science, economics, English, geog-

raphy and environmental planning, management, marketing, mass communication, mathematics (co-op only), modern languages, physical education, physics (co-op only), psychology, and sociology.

Students interested in the I/CE program should attend an information session (held every Monday and Tuesday, Fall and Spring semesters and every Monday, minimester and summer sessions, 3:00 p.m., Lida Lee Tall 22), or, if they cannot attend, phone 321-2932 to arrange an individual interview.

INTRAMURAL-RECREATION AND CLUB SPORTS

Burdick, Room 150, (301) 321-2367

A major goal for educational institutions is to provide the opportunity and environment for the development of the "whole person." The Intramural-Recreation and Club Sports program at TSU, with its variety of activities and experience is designed to assist students, faculty and staff in attaining this goal. Opportunities are provided to participate in structured intramurals, unstructured recreational activities and club sports for those with special interests.

Intramural Sports—The program is designed to allow interaction on social, competitive, and non-competitive levels. Offering more than 20 different sports, ranging from weight-lifting to badminton (teams and individuals), with activities almost meeting everyone's interests. Most sports involve men's, women's and/or coed teams.

Recreational Sports—Students, faculty and staff are encouraged to participate in a variety of unstructured recreational activities between classes, noon time, and evenings. The gymnasiums, the body shop and the swimming pool are available provided classes, intramurals or athletic practice are not scheduled. Racquets, basketballs, nets, bats . . . can be checked out with valid TSU I.D.'s. The Towson Center houses 6 handball/racquetball courts, 6 singles and doubles squash courts and 10 outdoor tennis courts (5 lighted). The facility also offers a fitness center which includes universal circuit equipment. In addition, there is an indoor 1/10 mile track available when physical education classes and athletic practices and events are not in session. Courts can be reserved at the Towson Center, 321-2370. Racquetball can also be reserved at Burdick Hall, 321-2367.

Minnegan Stadium contains a 1/4 mile outdoor track with a special 440 surface which is available when athletic practice and events are not in session.

Club Sports—For those students, faculty and staff with special interest, the club sports experience has proven to be quite rewarding and educational. Clubs are student run with a faculty advisor. Presently, Outdoor Adventures Unlimited (OAU), badminton, "ultimate frisbee" and karate are offered.

JUDICIAL AFFAIRS

Administration, Room 112, (301) 321-2057

When a student is alleged to have violated the Student Code of Conduct or the Residence/Board Contract, this office interviews and counsels students in the discipline process, and facilitates the student appeal process. The office also serves as a resource to faculty and administrators.

LIBRARY FACILITIES

Albert S. Cook Library, (301) 321-2462

The Albert S. Cook Library opened in 1969. It is a functional, open-stack library near the center of the campus, and has a seating capacity of 1,500. Among its facilities are a reserve collection, individual carrels for quiet study, typewriters, reading machines for microforms, equipment for listening to tapes and records, information retrieval equipment, film services, video services, A-V equip-

ment delivery, and the electronics repair shop. An automated circulation system provides accurate and efficient book control.

With a collection of approximately 986,500 items and approximately 2,500 periodicals, the library is a growing and increasingly important part of the university community. In order to provide proper library resources to support the curriculum, faculty members select many of the 45,000 items added each year. The library has a U.S. Government Documents Depository, Maryland State Documents Depository, collections of textbooks and curriculum guides for elementary and secondary education, a collection of educational resource documents (ERIC), a collection of early English literature, a strong women's studies collection, and a collection of early American periodicals. The reference department services include group and individual instruction in finding information for class assignments and automated bibliographic searching for research projects.

In addition to the materials in the Cook Library, Towson students are fortunate to have nearby the resources of two major public library systems and the Maryland Historical Society Library. Towson also has a cooperative borrowing agreement with other state college libraries.

RESIDENCE PROGRAM

Newell Hall, Lower Level, (301) 321-2516

The residence program provides living facilities for full-time students and promotes educational programs and activities which supplement the academic mission of the university. The residence staff and the elected executive board of the residence council strive to maintain an environment conducive to the individual's achievement of academic goals and development of self-reliance, leadership, and life skills.

Residence facilities are available to students only when classes are in session. No student is permitted to remain in residence more than 48 hours after ceasing to attend classes.

SPECIAL ASSISTANCE AND SERVICES

African-American Cultural Center

Media Center, (301) 321-2641

The African American Cultural Center (AACC) sponsors programs and activities which accurately reflect the life styles, history and culture of the people of African descent. In addition, the center is responsible for managing the activities of the Towson State Gospel Choir and publishing a monthly newsletter, *Ebony Notes*. The center, which houses an extensive collection of culturally relevant art, music, and popular and scholarly literature, provides a comfortable setting in which to study or relax. Students or staff may reserve the center for meetings and other informal gatherings.

Commuter Affairs Office

University Union, Room 318, (301) 321-4081

The Commuter Affairs Office promotes involvement and participation of commuting students (roughly two-thirds of the student population) in all phases of campus life. Through ongoing programs, special projects and annual events, this office provides assistance with specific problems and identifies often overlooked educational resources and extracurricular activities. The office provides information about the Mass Transit Administration's Ridesharing program, Maryland and Cross-Country Ridesharing, and student carpooling, as well as bus and metro scheduling. A single brochure, compiled by this office, combines all six schedules of the buses that come directly to campus. Also sponsored is the Copeline Campus Activities Tape (call 321-COPE and request tape #672 to receive weekly listings of ongoing events) and the Commuter Association of Towson State (C.A.T.S.). Commuters help publish and distribute

the *Commuter Express* newsletter each semester. The "Good Morning Commuters!" program offers free coffee, tea, hot chocolate and donuts to commuters who arrive early for 8:00 classes and premium parking spots. Also, the After Lunch Bunch offers free sodas and popcorn. In addition, the Commuter-in-Residence program, held each spring, offers commuters the chance to try resident life for approximately \$100 (room and board) per week. The Commuter Expo, held after Labor Day each fall, is a day-long event which highlights activities and services for new commuter students and encourages the direct participation of continuing commuters.

Disabled Students Services

Administration, Room 110, (301) 321-2638 (Voice or TDD)

Towson State University is in full compliance with section 504 of the Rehabilitation Act of 1973 and is committed to offering educational opportunities to all who can profit from them. All programs and activities at the university are made available to disabled persons. Prospective students, as well as students currently enrolled who have physical disabilities, are urged to contact the coordinator of the Office of Special Needs regarding such matters as special registration, reader service, specialized equipment, note takers, sign language interpreters, or other arrangements that can aid in removing or circumventing architectural, social, or procedural barriers. The Office of Special Needs will also help students locate advocacy groups, peer support groups, and accurate information on construction that could cause temporary barriers.

International Student Office

Hawkins Hall, Room 103-C, (301) 321-2421

The International Student Office coordinates services and programs for Towson State's international students and can offer assistance in the following areas:

- special information for new international students
- immigration regulations (employment, transfers, practical training, change of status, certificates of eligibility, etc.)
- community and campus intercultural programs (International Friends Program, International Wednesdays, International Club) locally and across the United States
- personal concerns

The office also coordinates the International Student Exchange Program and offers basic resources for U.S. students wishing to study abroad. (See University Curriculum section of this *Catalog* for further information.) For information about international student admissions requirements and procedures, see the "Undergraduate Admissions" section of this *Catalog*.

NON TRADITIONAL STUDENTS PROGRAM

Office of Student Development

University Union, Room 313, (301) 321-3307

Coordinated by the Office of Student Development, the Non-traditional Students Program is a series of lectures, workshops, and get-togethers for students who are 25 years old or older. Stress Management, Career Development and Time Management are just a few of the programs that are presented.

An emergency card file is kept for those students who might need to be contacted in an emergency. This file is kept in the Student Services Office, Administration Building, Room 100.

Office of Minority Affairs

University Union, Room 217, (301) 321-2051

Towson State University is committed to a multicultural, multiracial environment which is conducive to the equal educational opportunity of the population we serve. To this end, the Office of Minority

Affairs works to assure that the needs and concerns of minorities are recognized, responded to and reflected in the academic and social services, policies and programs of the university. The Office of Minority Affairs is also a consultative support service for faculty, students and staff. The African American Cultural Center is the cultural arm of the Office of Minority Affairs.

Student Day Care Center

Lida Lee Tall, (301) 321-2652

The student Day Care Center was established by and continues to be assisted by the Student Government Association. The center provides quality care for the children of Towson State University students and offers the children opportunities for physical, emotional, and intellectual growth.

Children of ages two through five are eligible for the day program, and children of ages three and one-half through 12 for the evening program. Space is limited in both programs, so it is important to submit a formal application to the center as early as possible. The center accepts children on a first-come, first-served basis, but it gives priority for the day program to the children of full-time students.

Tuition for the day program is based on a sliding scale. A fixed fee is charged for the evening program. The center follows the academic calendar. It is open from 7:30 a.m. until 10:00 p.m. whenever the university is in session.

Tutorial Services Center

University Union, Room 317, (301) 321-2291

Students should seek tutorial assistance as soon as a course problem occurs. The course instructor is usually the best resource available to the student. Our Tutorial Services Center is a second source of support. The Center provides tutoring services, free of charge, for TSU students. Tutors are available for many lower-division and some upper-division undergraduate courses. However, tutorial services depend upon the availability of qualified tutors. Students are accommodated on a first come, first served basis. Additional academic support services include:

- a) The Learning Center (reading skills)
Hawkins Hall 208-210, (301) 321-2643
- b) The Writing Lab (writing skills)
Linthicum Hall 16, (301) 321-2655

University Union

University Union facilities are designed to provide both an educational center for out-of-class activities and a center for student services. The union houses educational and cultural programs of value for the entire academic community, complementing the university curriculum. The union is also the place where resident and commuting students, faculty, staff, and alumni can establish social activities, relax and share experience.

The first level of the three-story brick structure includes a snack bar, university store, vending area, post office, banking machine, locker rooms, ticket office, art services, recreation center, eight bowling lanes and parking services office. The second level includes a cafeteria, a dining room and lounge, art gallery, the Potomac Lounge, a candy and tobacco counter, student organizations offices, placement office, events and conference services, auxiliary enterprises, and dining services administrative offices. The third level contains the tutorial services center, seven conference rooms, a photographic laboratory, a reception lounge, and a large multipurpose room.

University Ticket Office

Towson Center, Main Lobby, (301) 321-2244, and University Union, Ground Floor

The University Ticket Office provides the university community with a variety of tickets for both on-campus and area events. Student-sponsored activity tickets, athletic tickets, theatre tickets, as well as tickets to the events at the Towson Center/stadium complex are on sale at both locations. The Ticket office is also an outlet for all Ticketron® events, including those held at Merriweather Post Pavilion.

Post Office

University Union, Ground Floor, (301) 321-2260

The Post Office provides full postal services, excluding parcel post packages and registered mail addressed to foreign countries. The Post Office is located on the ground floor of the University Union. It provides window service from 9:00 a.m. until 4:15 p.m. Monday through Friday.

Each resident student is assigned a mailbox. Students should visit the Post Office to receive their box numbers and combinations.

University Store

University Union, Ground Floor, (301) 321-2323

The University Store supplies all required and recommended textbooks as well as a selection of general reading materials including reference/study aides, current fiction and nonfiction works, children's books and magazines. Other available products include basic school/art supplies, computer supplies, Epson computers and printers, film and film processing, health and beauty aids, snacks, gifts and greeting cards. Specialty TSU emblematic merchandise such as glassware, stationery, and imprinted adult and children's apparel distinguish the University Store from other general retail outlets. The approved Towson State University class ring is also available through the University Store. The Store accepts personal checks accompanied by appropriate identification. Master Charge, Visa, and Choice charge cards are accepted.

Veterans' Affairs

Administration, Room 232, (301) 321-2097

The office of the Registrar provides coordination between veteran/dependent students and the Baltimore regional office of the Veterans Administration. The director of Registration and Scheduling establishes procedures and prepares forms and correspondence for eligible students to receive educational benefits. Additionally, that officer monitors class attendance and evaluates academic progress to ensure that satisfactory progress of those receiving benefits is maintained and also supervises the employment of VA work/study students.

Students taking courses at other institutions concurrently with courses at Towson State University may be certified for both institutions by the TSU Registrar.

Students may visit the office daily from 8:30 a.m. to 4:30 p.m. without appointments.

The normal time for processing an enrollment certification is six weeks. Certification is not automatic. The proper VA forms must be completed for each semester.

Withdrawals

When students must decrease credit load during the course of the semester, they must notify the office of the Registrar. Failure to do so will result in termination of benefits and a financial debt to the Veterans Administration.

FX Grades

The student who receives an "FX" at the end of a term should contact the Registrar's office immediately. Failure to do so will result in a substantial financial debt to the Veterans Administration.

Change of program

Veterans may change their academic program once without VA clearance. For more than one change of program, however, the veteran is required to undergo VA counseling. A change of program with the VA is required whenever a veteran makes a curriculum change in which any of the courses for which VA benefits were previously received do not transfer into the new program.

Independent Study

Payment for independent study courses will generally be made on a tuition and fees basis only. Monthly rates may be paid for such courses, provided that more than half of the total number of credits for that semester are in courses requiring class attendance. Check with the Registrar's office to determine eligibility to pay for independent study courses.

Advance Payment

The advance payment consists of the allowance for the remaining portion of the initial enrollment month plus the full allowance for the next month. Students are not guaranteed two full calendar months pay; therefore, they must not expect advance pay to completely cover tuition and fees. The advance pay can be applied for only if the student will be enrolling at the university on at least a half-time basis and meets the established office deadlines.

Students may request advance pay for the regular academic semesters by signing an enrollment certification in the office of veterans' affairs. These forms *will not* be mailed to students. Evening hours will be established each semester for students who are unable to come in during the day.

Approved program

The VA will pay the veteran only for the courses listed in the university *Catalog* that are required for a degree. If students take courses in addition to those listed for their curriculum, they will not be entitled to receive VA benefits for them.

Special Students

Non-matriculated students are those students classified as special students and are taking courses for credit but have *not* been officially admitted or readmitted to a degree program at Towson State University. These students must meet the same minimum grade point average as degree candidate students. After completion of a minimum of 12 semester hours at Towson State University, all special students must apply for regular part-time undergraduate degree candidacy or be admitted into a graduate degree program or lose their eligibility for certification of VA educational assistance benefits.

Women's Center

Media Building, (301) 321-2666

The Women's Center is located on the third floor of the Media Building and consists of a lounge, library, and office. The drop-in lounge is available to all for study, conversation, or a moment of relaxation.

The Women's Center maintains an extensive library containing many books by and about women, and also periodicals, information files, bibliographies, and a collection of women's studies syllabi. Because a large part of this collection is available nowhere else on campus, women's studies students or students doing papers or projects focusing on women find the women's center's library especially useful.

A wide ranging referral system offers information about campus and community groups and organizations, individuals with skills and expertise in specific areas, and individual professionals in the fields of medicine, law, mental health, etc. The center provides a bulletin board where job notices, conferences, and newsletters relating to women from all over the country are posted.

Throughout the academic year a variety of programs will be offered free of charge to the public.

STUDENT DEVELOPMENT

Office of Student Development

University Union, Room 313, (301) 321-3307

Located on the third floor of the University Union, the Office of Student Development provides advising for the Student Government Association and its nearly 80 affiliated organizations. Towson's 23 sororities and fraternities are also advised, and the office maintains contact with the national chapters of these organizations. Student Development also directs the on-campus Greek housing program.

Other programs sponsored by the Office of Student Development includes the Ethics Forum, the Non-traditional Students Program, the Students Services Mug Awards, and nominations for Who's Who Among Students in American Universities and Colleges. Students who are seeking to form a new group on campus can receive assistance on the process of SGA affiliation, writing a constitution, and recruiting and retaining members.

Student Government Association

University Union, Room 226, (301) 321-2711

The Student Government Association is an integral part of the university community and is recognized as a contributing participant in the governance of the university.

Upon enrolling at Towson and paying the student activity fee, each full-time undergraduate student automatically becomes a member of the SGA. The organization itself consists of an executive branch, composed of a president, vice president, treasurer, and various appointed officials, and a legislative body called the Senate, composed of 14 students elected at large and one student appointed from the freshman class.

The Student Government Association operates on a budget allocated from student fees and has fiscal autonomy. In accordance with the mission of the university, the broad objectives of the SGA are outlined in the Student Government Association constitution.

1. to improve student awareness and welfare;
2. to foster the recognition of the rights and responsibilities of students;
3. to fulfill responsibly those privileges of self-government; and
4. to sponsor out-of-class experiences which complement in-class experiences.

The Student Government Association's activities enhance the educational and social experiences of students as members of the university community. All students are invited to aid in planning and to participate in its events. Also, all students are invited to attend meetings every Tuesday of the regular semester at 4 p.m. in the University Union.

The Student Government Association sponsors the Speaker Series, Homecoming activities, the Student Book Exchange, Film Series, Pre-Preakness field party, finals week study hall and survival kits, TGIF, the Senior Prom, and a variety of cultural and sporting events both on and off campus. The SGA also co-sponsors the Saturday Night Live dance series and the Club Potpourri.

Student Organizations

University Union, SGA Office, (301) 321-2711

There are over 75 student-run organizations recognized by the Student Government Association. These groups provide students with a variety of opportunities and experiences. They also produce the major student publications of the university, such as *Towerlight*, the weekly student newspaper; *Tower Echoes*, the yearbook; and *The Grub Street Wit*, the literary magazine.

Other types of organizations recognized by the SGA include cultural organizations, fraternities and sororities, future professional organizations, honorary societies, major-related organizations, special interest clubs, and religious organizations.

Additional information about student organizations and extra-curricular activities can be obtained by calling the SGA Office at 321-2711 or referring to the student handbook, *Compass*, which can be obtained at the Orientation (Triad) Office.

The College of Continuing Studies

The College of Continuing Studies at Towson State University provides degree and non-degree-seeking students with the opportunity to pursue, part-time and full-time, a liberal education in the arts and sciences, and in professional fields.

Courses that satisfy degree requirements are available, during the day as well as evenings and weekends, to students who do not attend the university on a full-time, week-day basis. Additionally, complete degree programs in many areas of study are administered through the Evening Program, the Summer Program, and the Weekend Program on the university campus and in community settings. The College also offers comprehensive academic advisement for all Continuing Studies students.

Non-traditional learning formats, such as directed independent study and television courses, are provided for students who may require more autonomous learning than the typical classroom course permits. Additionally, students may be evaluated on prior learning through life experience and receive university credit. Lifelong learning opportunities, such as the Elderhostel and the Informal Course programs, fulfill a significant function of continuing studies by meeting the intellectual and personal needs and interests of the community. Furthermore, the College of Continuing Studies responds to the educational needs of business, industry and professional organizations within the community.

These educational opportunities emphasize the importance of lifelong learning in our lives—at home, at the work site and in the community.

OFFICE

Administration, Room 223, (301) 321-2022

The academic policies described in the admissions, curriculum, and academic regulations sections of this *Catalog* apply to continuing studies students unless modifications are necessary to accommodate their part-time, special and/or evening status. All such modifications are included in this section of this *Catalog*.

The College of Continuing Studies administers the evening program, the summer session, the weekend university, the January session, and the Columbia Center of Towson State University. Programs and services are designed to meet the needs of the part-time and adult student.

Other programs under the auspices of the College of Continuing Studies are: Directed Independent Study, Second Bachelor's, College in Escrow, Credit For Prior Learning, Informal Courses, Business and Industry Training Programs and other non-credit courses and workshops, English Language Center, Certified Employee Benefits Specialist Program, Internships/Cooperative Education, Elderhostel, continuing education units, and television courses. The College also sponsors child care for evening and part-time students.

PROGRAMS AND MAJORS

1. The arts and sciences program is offered for those who wish to develop the foundation for future specialized or professional training, or to improve their occupational competence by completing requirements for a bachelor's degree. The program and the degree requirements can be found in the curriculum section of this *Catalog*.
2. The teacher education program is designed for those who wish to follow a course of study leading to a degree and/or certification to teach. A full description of the program and the degree requirements can be found in the curriculum section of this *Catalog*.
3. General courses are also available for those who wish to develop greater personal effectiveness in their daily lives and in contemporary society.

All majors offered at Towson State are available to continuing studies students who are able to attend during the day. Complete degree programs are available in the evening in the following areas of study: accounting, art, arts and sciences, biology, business administration, (finance, management, marketing), chemistry, computer science, economics, education (early childhood, elementary, secondary), English, general studies, geography and environmental planning, history, law enforcement and correction, mathematics, natural science, psychology, social sciences, and sociology.

ACADEMIC ADVISING

Academic advisors are available daily Monday through Thursday from 9:00 a.m. to 9:30 p.m., and Friday from 9:00 a.m. to 5:00 p.m.

when school is in session. In addition, limited Saturday hours are available during the fall and spring semesters. "Advisations" are held before registration periods each semester, to accommodate students who need immediate answers to questions regarding scheduling, registration, or student status. Individual and group advising sessions may be scheduled by appointment throughout the semester. Persons wishing advising or consultation are urged to call 321-2471 well in advance for an appointment. Students with little or no college experience should make their selections from the General University Requirements listed in the curriculum section of this *Catalog*.

ADMISSION

Admission is the official acceptance of a student as a degree candidate. Registration is the enrollment in courses for a particular semester. All persons who have undergraduate status are free to register for courses without formal admission to the University. For eligibility requirements and deadlines, refer to the admissions section of this *Catalog*. Individuals who wish to apply for part-time degree candidacy are urged to make an appointment with an academic advisor to determine admission eligibility and to plan their academic programs.

DEGREE CANDIDATES

Degree candidates are those who are taking courses for credit and have been officially admitted or readmitted to a degree program at Towson State University. Degree candidates should arrange conferences with an academic advisor on a regular basis to plan their academic program. Degree candidates who have taken courses at other institutions or those who plan to do so should note:

1. In general, most majors require all degree candidates to complete approximately one-half of their courses at Towson State University.
2. The last 30 credits toward a degree must be taken at Towson State University.

Students should note that their admission or readmission to the university will be cancelled if all credentials are not submitted by the deadline or if they do not attend the first semester for which they are admitted or readmitted.

NON-DEGREE STUDENTS

Students may enroll at Towson State University as non-degree (non-matriculating) students. Students who wish to enroll as non-degree students must complete and submit an enrollment form to the College of Continuing Studies before registering for the first time.

Students who do not plan to obtain an undergraduate degree from TSU may attend indefinitely as non-degree students. However, a 2.00 cumulative grade point average must be maintained after 56 credits have been accumulated, or these students may not continue at TSU.

Non-degree students who plan to obtain an undergraduate degree at TSU may apply for admission as degree candidates after 25 credits have been earned and a 2.00 cumulative grade point average has been attained. Students who wish to earn a degree from TSU should be aware that only the first 56 credits earned as a non-degree student can be applied to an undergraduate degree. Non-degree students who are not eligible for admission (who have failed to attain a 2.00 cumulative grade point average) after 56 credits have been earned may no longer attend the university.

In order to determine the catalog that will stipulate graduation requirements, eligible students who have attended other institutions and intend to obtain an undergraduate degree should apply for admission *before* enrolling.

International students on F-1 Visas may not be enrolled as non-degree students without written permission from the international student advisor.

Graduation requirements are established only when a student is formally admitted to the university. *All* students must earn their last thirty credits toward graduation at TSU. Exceptions will be made by the Academic Standards Committee.

ATTENDANCE

Students are expected to attend all classes. Each faculty member sets individual policy on absences. Policies vary, and it is the responsibility of the student to understand clearly the absence policy of each instructor and to act accordingly.

SENIOR CITIZENS

The College of Continuing Studies will admit senior citizens to classes on an audit/credit, space available basis and will waive payment of registration fees and tuition for two courses (excluding special format courses) each semester. A senior citizen is one who is over 60 years of age who is retired, who does not have other full-time employment, and whose chief income is from retirement.

DECLARATION OF MAJOR

All degree candidates should formally declare their majors with their academic departments.

STANDARDS FOR CONTINUING STUDIES DEGREE CANDIDATES

Academic standards for part-time degree candidates are the same as for full-time degree candidates. For details, see "Regulations Governing Academic Standards" in the Academic Regulations section of this *Catalog*.

PROCEDURES FOR READMISSION

Students who have lost their degree candidacy status, either as a result of academic dismissal or withdrawal, may apply for readmission, if eligible. To determine readmission eligibility, students may wish to see an academic advisor, to review previous work and plan their future academic programs. Deadline for readmission is August 1 for the fall session, and December 15 for the spring session. Students must be in attendance in at least one course in the semester for which they are readmitted. Readmission Forms are available from the Registrar's Office, Room 236, Administration Building, or the College of Continuing Studies Office, Room 223.

HONORS PROGRAMS

Part-time degree candidates and second bachelor's degree candidates may qualify for departmental honors, Dean's list, and/or graduation with honors. Please refer to the Academic Regulations section of this *Catalog* for criteria.

ORIENTATION/OPEN HOUSE

Students who are new to the university and are considering part-time study at TSU may attend an evening program of orientation and an open house in June, July, or August, before they begin the Fall semester, or in December, before beginning the Spring semester. Especially geared for the part-time, adult, new or returning student, these programs will offer information and introduction to the TSU campus. Student services, admission, registration, university requirements, and other pertinent academic information are just some of the topics that will be covered. Registration for these sessions will be required; call 321-2471 for further information.

SUMMER SESSION

The summer session includes two consecutive day terms and one evening term. Workshops, science courses and courses necessary for teacher certification are special features of the summer session. A large variety of courses necessary to complete the General University Requirements and the majors are offered as well.

THE WEEKEND UNIVERSITY

Since the spring term of 1978, the College of Continuing Studies has offered classes on Saturdays. Classes are available in eight- and fifteen-week formats. The weekend university appeals to students who are unable or unwilling to attend class during the week, the continuing student who wishes to accelerate progress toward his or her degree, the student seeking to return to study after a time lapse, and the academically talented high school student, through the College in Escrow program.

JANUARY SESSION

The January session, or minimester, is designed to offer both the student and the professor an opportunity to explore a non-traditional educational experience. The subject matter is usually organized around a highly specific theme. Both the thematic approach and the concentrated time span encourage a depth of study not possible during the regular semester.

The courses offered include independent study, directed readings, practicums, travel-study, seminars and field study. Most minimester courses are offered during the day.

The student is restricted to one course per term, carrying from one to three credits. Credits for the minimester are equivalent to credits earned during the regular semester.

Non-degree students and part-time degree candidates are eligible to register for the January session. The general university fee will be assessed for these students.

Fees will be assessed on a per-credit basis plus a registration fee payable at the time the student registers for the course.

Registration for most courses takes place in November. The exact times are advertised through the publications of the university.

TSU AT COLUMBIA

The College of Continuing Studies operates an education center in the Town Center of Columbia, Maryland. The Center is located in the Banneker Building, 5829 Banneker Road. Courses are offered for credit in a variety of disciplines including the arts and humanities, and personal enrichment courses are offered through the Informal Course Program.

Additionally, short courses, workshops, and seminars are offered for professionals interested in job-related continuing education. Towson State University and Computerland offer a variety of computer courses for business and personal applications. Classes are intended for the beginning or expert student and are taught on IBM PC's.

For additional information, call TSU at Columbia Center, 964-0260.

DIRECTED INDEPENDENT STUDY

The Directed Independent Study Program at Towson State is designed for those students who wish to undertake college studies, but who are unable to attend classes on campus or who have learning styles that lend themselves to independent work. Courses offered are from the standard curriculum but do not require regular class attendance. It is possible for a student to complete a substantial portion of his or her course work under this program. An academic advisor as well as the schedule booklet should be consulted for a complete listing of available courses.

Procedure:

After registration, directed independent study students should contact the respective department chair for assignment of an instructor. It is the student's responsibility to contact his or her instructor.

Students will be given a course of study and work independently to achieve its objectives, meeting four times during the course with the professor. Study guides, textbooks and other materials appropriate to the course will assist the student in his or her course of study.

These courses are for degree credit and may be taken by anyone who has a high school diploma or equivalency and is capable of doing college work.

This program is not to be confused with courses listed in the College of Continuing Studies course schedule bulletin as "directed reading" or "independent study" which are advanced courses with variable content and credit.

SECOND BACHELOR'S PROGRAM

The Second Bachelor's Program is designed to meet the needs of college graduates who wish to attain proficiency in another major field. To qualify for admission, students must hold a baccalaureate degree either from Towson State or from another accredited institution.

A maximum of 90 transferable credits (64 from a community college) from any accredited institution may be applied towards the second bachelor's degree. In addition, the student must complete at least 30 credits in residence at Towson State, and must meet all requirements of the "new" major with at least one-half of the "new" major credits completed in residence at Towson State past the first degree. These credits may not be met through the Credit for Prior Learning program. Each student must also complete an advanced writing course.

To fully acquaint yourself with the program and its advantages, please arrange an appointment with an academic advisor, 321-2471. At that time, questions regarding formal admission, academic advising, course load, and other requirements may be discussed in detail.

COLLEGE IN ESCROW

All high school students who desire to register for a college course must apply through College in Escrow. This is a program designed to allow motivated and outstanding high school seniors to begin college work before graduation from high school. (Talented underclassmen are sometimes admitted.) Credits earned will be awarded to the student upon matriculation at Towson State or another degree-granting institution. (It should be noted that acceptance of transfer credit is the prerogative of each individual school.)

Escrow students may select introductory courses or advanced courses for which they have the necessary prerequisites. They may be taken during the day or evening hours.

In order to participate in the College in Escrow Program, students should have completed their junior year, have a "B" average, and confer with an academic advisor. Advising must precede registration. Scholarships are available. For information or to make an appointment with an academic advisor, call 321-2471.

CREDIT FOR PRIOR LEARNING

Students may receive up to 32 hours of credit for what has been previously learned through non-college studies or experience. Achievement, to be determined by the department, must be equal to or superior to that of a student having earned a "C" through classroom work. Presently, there are 23 departments participating in the program. Advanced placement with no credit awarded is also offered by some departments.

The participating departments may offer credit for prior learning in two ways: either through standardized evaluative instruments,

such as CLEP or departmental exams, or through individualized course syllabi and evaluative procedures.

If credit is granted, the student receives the same number of credits for the course as the student who takes the course the traditional way. A mark of "PE" is reported to the Registrar by the department and is placed on the student's transcript; it is not calculated into the student's cumulative grade point average. Students *may not* take credit for prior learning to repeat courses already taken for the purpose of changing a previously earned grade or altering a student's grade point average.

For additional information, contact the College of Continuing Studies at 321-3317.

CREDIT EARNED THROUGH THE MILITARY

Students may use military courses and experience as part of the 32 credits allowed through Credit for Prior Learning.

Students should be admitted degree candidates and have completed one successful semester at TSU prior to submitting the AARTS transcript or other appropriate documents.

For additional information, contact the College of Continuing Studies at 321-3317.

INFORMAL COURSE PROGRAM

The informal courses at Towson State are designed for both personal enjoyment and educational enrichment. As non-credit courses, they require no exams or research papers. An ever-increasing variety of unique topics is offered each semester.

Some of the courses which have been offered in previous years are: Financial Planning, Floraculture, Stress Management, Real Estate Laws and Instruments, and Music Appreciation, as well as a regular series of one-night seminars entitled "Cultures of the World," which has featured such areas as: Japan, the Soviet Union, the Middle East, and France. A variety of computer software courses is also offered for personal and business applications.

For further information and a current schedule of informal courses, call 321-3532.

BUSINESS/INDUSTRY OUTREACH

Programs designed to meet the training needs of business and industry are offered through the College of Continuing Studies. Companies may wish to contract for a training program already developed or have a program designed to meet the specific needs of their employees. Responses to training requests have included computer software programs, stress management, technical writing, financial planning and investing, and supervisory training.

For specific information about business and industry training, contact the Director of Non-Credit Programs at 321-3532.

CONTINUING PROFESSIONAL EDUCATION

The College of Continuing Studies offers non-credit continuing professional education programs in the form of seminars, courses, workshops, conferences, and institutes in response to educational and professional groups requiring in-service training, updating and upgrading of professional credentials or licensure, and certification preparation. These programs provide continuing education units (CEU's) in accordance with national standards and in some cases professional board standards. Professional education programs are provided to psychologists, speech pathologists, occupational therapists, educators, certified public accountants, and other professional groups.

CONTINUING EDUCATION UNIT (CEU)

The continuing education unit (CEU) represents a standardized measurement of non-credit activity that is useful to an individual in

continuing his or her education. Specifically, one CEU equals 10 contact hours of participation in an organized continuing education experience. Non-credit educational activity in the past few decades has rapidly expanded as more adults, especially those in the professions, find it necessary to refresh their knowledge through evening classes, workshops, and other forms of non-credit continuing education. The CEU serves as a uniform, nationally recognized certification of personal and professional development.

For further information, contact the College of Continuing Studies at 321-3532.

CERTIFIED EMPLOYEE BENEFIT SPECIALIST PROGRAM

The Certified Employee Benefit Specialist (CEBS) program consists of ten non-credit courses covering the key subject areas which affect the activities of individuals who have responsibilities for employee benefit plans. The program is co-sponsored by the International Foundation of Employee Benefit Plans and the Wharton School of the University of Pennsylvania. Graduates of the program receive the professional designation: Certified Employee Benefit Specialist.

There are no formal educational, age or experience requirements for the CEBS program. For further information, call the College of Continuing Studies at 321-3532.

INTERNSHIP/CO-OPERATIVE EDUCATION

Lida Lee Tall 22, (301) 321-2932

The I.C.E. Office arranges "co-ops," in which students alternate semesters of paid work with semesters of study, and internships, in which students work seven to 20 hours per week while attending classes. See the "Student Services" section of this *Catalog* for details.

ELDERHOSTEL PROGRAM

The Elderhostel program, inspired by the youth hostels and folk schools of Europe, is a network of over 850 colleges and universities in 50 states and abroad which offer special low-cost, short-term residential academic programs for adults over the age of 60. Towson State University began its involvement with this national, highly regarded program by offering several one-week-long programs during July, 1982. Participants are housed in a residence hall, take their meals in a campus dining facility, and participate in a wide variety of on- and off-campus extracurricular activities. Each week, participants are offered three liberal arts non-credit courses of normal undergraduate quality, taught by regular faculty members of the university. Registration for the program is handled by the national Elderhostel office, located at 80 Boylston Street, Suite 400, Boston, MA, 02116. For further information about the TSU Elderhostel program, call 321-3694.

TELEVISION COURSES

Beginning with the spring 1982 term, in association with the Maryland Center for Public Broadcasting, the College of Continuing Studies is offering courses through the Maryland College of the Air.

An average of six regular three-credit courses are offered each semester. Instruction will be given in 30 television programs broadcast twice a week for 15 consecutive weeks on the public television stations. There are four required class meetings on campus. Students may register for the television courses through the mail or at in-person registration. Consult the schedule booklet.

THE CONTINUING STUDIES CHRONICLE

The Continuing Studies Chronicle, published seven times a year, contains valuable information regarding Continuing Studies, departmental news, and changes in academic policies and procedures. Other standard items in each issue of *The Chronicle* are a calendar of events on campus, dates to remember, and features and continuing columns. Four of the seven yearly issues of the newsletter are mailed directly to students currently taking Continuing Studies courses. The other three issues are distributed to many locations throughout the campus.

CHILD CARE

The student day care center (SDCC) provides quality child care for the children of TSU students from 7:30 a.m. until 10:00 p.m. It is located in the Lida Lee Tall building. Originally established by the Student Government Association for the full-time student, its services have been expanded to include the children of part-time and evening students.

Applications are accepted for children in the day program whose ages are 2 through 6, and in the evening program for children whose ages are 3½ through 11. There are plans to expand care to include weekends if the demand arises.

For more information, call the student day care center at 321-2652.

INTERNATIONAL STUDENT OFFICE

Hawkins Hall 103-C, (301) 321-2421

The International Student Office coordinates services and programs for Towson State's international students. This office also administers the International Student Exchange Program and assists TSU students contemplating study abroad. For additional information, see the "Student Services" section of this *Catalog*.

ENGLISH LANGUAGE CENTER

The center provides the international students of Towson State and other non-native speakers of English with intensive and semi-intensive programs of language study. The center is administered by the College of Continuing Studies and is under the academic direction of the Department of English (World Literature and Linguistics). It offers up to 20 hours per week of intensive English courses (credit and non-credit) to meet the diverse needs of international students who may need only semi-intensive course work in certain skill areas, and continuing studies students who desire specialized language courses not necessarily leading to academic pursuits.

For further information, call Dr. James Cook, Director, at 321-2552.

The Graduate School

The Graduate School prepares qualified and dedicated students for career advancement, leadership positions and further graduate study. The university serves the community, state and region by making graduate degree programs available to part-time students who can attend classes only in the evening as well as to full-time students. Numerous students also take advantage of graduate offerings without enrolling in degree programs.

The graduate faculty, which includes recognized scholars and practitioners in many fields, is committed to excellence in teaching in a scholarly environment. The classroom, library, clinical and faculty assets of the graduate programs are supplemented by a community rich in cultural, artistic, social, technological and scientific resources.

Master's degrees are awarded in education, arts and sciences, and fine arts. The university is proud of the many alumni of the Graduate School who fulfill with distinction the requirements of responsible careers.

SPECIALIST CERTIFICATES

Post-baccalaureate students in early childhood education, elementary education and secondary education may select a 15 semester-hour component of the program which leads to a specialist certificate in one of the following areas:

Early Childhood Education

Children with Special Needs

Elementary Education

Administration and Supervision of Elementary and Middle Schools
Curriculum Development
Educating the Gifted
The Exceptional Child in the Elementary School
Reading

Secondary Education

Adult Education
The Community College
Educational Evaluation
The Exceptional Adolescent in the Secondary School
Secondary School Reading
Secondary Supervision/Administration
Secondary Teaching Strategies and Classroom Management
Teaching the Gifted in the Secondary School
Teaching in the Middle School

The student desiring to work toward a specialist certificate must enroll in the appropriate graduate program and declare his or her intent to complete this component of the program by filing a specialist certificate enrollment form.

CERTIFICATE OF ADVANCED STUDY IN SCHOOL PSYCHOLOGY

The post-master's degree certificate in School Psychology is awarded for the completion of an approved program consisting of thirty semester hours and an internship.

ADMISSION

Admission to the Graduate School at Towson State University is granted to all applicants whose academic and personal qualifications give promise of success in graduate study. The applicant must hold a baccalaureate degree from a regionally accredited college or university.

All students seeking admission to a graduate degree program, or to take courses carrying graduate credit, must file an application for admission to graduate studies prior to first enrollment and have official transcripts of all college work sent to the Graduate School. Transcripts must be sent directly from the institutions attended to the graduate office of Towson State University. Some programs require additional admissions materials such as letters of recommendation, the Graduate Record Examination aptitude and/or advanced tests and the Miller Analogies test.

GRADUATE SCHOOL OFFICE HOURS

The Graduate School office is open each weekday (except for scheduled holidays) from 8:30 a.m. to 5:00 p.m. The office is also open Monday through Thursday evenings until 6:45 p.m. During registration, the office is open in the evening according to the registration schedule. Students may arrange for appointments with the graduate school staff at other hours.

THE GRADUATE SCHOOL CATALOG

The *Graduate Catalog* contains the academic regulations governing graduate studies at Towson State University. It also relates information regarding individual master's degree programs, course offerings and the application process. A copy may be obtained by calling or writing to the Graduate School.

CORRESPONDENCE AND INFORMATION

All correspondence and requests for information concerning graduate study should be addressed to:
Dean of the Graduate School
Towson State University, Towson, Maryland 21204

The College of Allied Health Sciences and Physical Education

The College of Allied Health Sciences and Physical Education, with over 70 full-time faculty, is composed of the departments of Communication Sciences and Disorders, Health Science (including Medical Technology and Health Services Management), Nursing, Occupational Therapy and Physical Education.

Graduates of the professional programs of Speech-Language Pathology and Audiology, Nursing, Medical Technology and Occupational Therapy are eligible to take their respective certification examinations.

In addition to providing courses for students majoring in each of the departments, a broad range of classes is offered for all students in the university. There is a common bond and purpose within the college since all departments prepare students to provide human services designed to improve the quality of life.

PROGRAMS OF THE DEPARTMENT

Communication Sciences and Disorders offers the *major in Speech-Language Pathology and Audiology*. Students majoring in Speech-Language Pathology and Audiology receive a broad liberal education as well as professional training that emphasizes acquiring knowledge as well as skill. Students who wish to gain admission to the major must register with the chair. Students must fulfill certain "pre-major" requirements before they can be considered for admission to the major.

The major in Speech-Language Pathology and Audiology prepares students for clinical work in public schools, colleges, and medical and paramedical institutions. Graduates have been employed by public schools, hospitals, clinics and governmental agencies.

The undergraduate major in Speech-Language Pathology and Audiology also prepares students for graduate study. The *Master of Science degree program in Speech-Language Pathology and Audiology* is designed to enable students to meet state and national certification and licensing requirements. For more information about the graduate program see the *Graduate School Catalog*.

PRE-MAJOR REQUIREMENTS

Enrollment in the Speech-Language Pathology and Audiology major is restricted due to the availability of clinical practicum experiences, clinical supervisors, faculty and space. Fifty students are accepted into the major each year.

Each student must fulfill certain "premajor" requirements before he or she can be considered for admission to the major. These requirements include registration with the department as a pre-major, completion of 15 credits of required courses, and a hearing, language, speech and voice evaluation.

Registration with the Department

After gaining admission to the university, the student should contact the Department of Communication Sciences and Disorders to have his or her name placed on the "pre-major" list. Each student must also schedule an appointment with a faculty member to discuss the following:

1. The nature of the profession.
2. The need of a master's degree in Speech-Language Pathology and Audiology to be certified by the Maryland State Department of Education.
3. The need of a master's degree for licensure in Speech-Language Pathology and Audiology to work in hospitals and community clinics in the state of Maryland.
4. The need of a master's degree in Speech-Language Pathology and Audiology to be certified by the American Speech-Language-Hearing Association.
5. The requirement of a year of clinical fellowship.
6. The national certification examination.
7. The procedures for requesting admission to the major.

Students are advised to declare a major in this area as soon as possible and preferably no later than the end of the first semester of their sophomore year.

Pre-Major Courses

The following required courses must be completed before the student can be considered for admission to the major:

- SPPA.105 Speech and Language Development (3)
- SPPA.210 Phonetics of American English (3)
- SPPA.300 Anatomy and Physiology of the Auditory and Vocal Mechanism (3)
- SPPA.301 Hearing and Speech Science (3)
- PSYC.101 General Psychology (3)

The grade point average of each pre-major will be reviewed upon completion of the premajor courses. Each candidate will be expected to have a minimum cumulative grade point average of 2.50 on a 4.00 scale for all coursework, and a 2.75 in the five pre-major courses.

The department maintains high standards of expectation and performance because all persons seeking to practice speech and language pathology and audiology in Maryland must obtain the master's degree and admission to graduate school depends upon excellence in undergraduate performance.

Hearing, Language, Speech and Voice Evaluation

Students majoring in Speech-Language Pathology and Audiology must be proficient in all areas of communication—reading, writing and oral communication. The faculty expects adequate reading, writing, speaking (language skills), and computational abilities from students. Many faculty utilize an essay format for course examination to evaluate all aspects of the student's language use and comprehension.

Students declaring a pre-major in Speech-Language Pathology and Audiology must have a hearing, language, speech and voice evaluation by the clinically certified and licensed staff. Students should arrange to be evaluated at the first opportunity so that remediation may be sought if necessary. These evaluations are offered by the department on specific, announced days during the first weeks of each semester.

Students exhibiting problems enroll in a therapeutic program and must make satisfactory progress prior to being admitted to the major. If a pertinent medically-based problem is suspected, a student may be required to obtain an otolaryngological examination and submit the written report to the department. Students exhibiting a speech, language, voice, hearing or dialectal difference sufficient to interfere with the therapeutic process will not be allowed to participate in Clinical Practicum. Each student is given a copy of the department's screening policy for premajor and major students in Speech-Language Pathology and Audiology when he or she declares pre-major intent.

Students meeting the above requirements will be placed in rank order according to cumulative grade point average. Admission will be extended to students with the highest cumulative grade point average until 50 students have been selected.

Students are admitted to the Speech-Language Pathology and Audiology major during the spring semester of their sophomore year prior to university preregistration and contingent upon compliance with the above criteria. Failure to meet the above criteria will result in automatic forfeiture of admission, for that admitting period, to the major. Vacancies thus created will be filled by students from the rank order list.

REQUIREMENTS FOR TRANSFER STUDENTS

Transfer students who wish to major in Speech-Language Pathology and Audiology should register with the Department of Communication Sciences and Disorders after they have been admitted to

the university. Students should request that their name be placed on the pre-major list during their first semester at Towson State.

Students must submit to the Department an official transcript of any academic work pursued at *all* institutions of higher learning. All transfer credits to be applied to the major must be approved by the department. The five premajor courses must have been completed within the previous ten years and by the time of admission to the major in the student's junior year.

Transfer students are required to take 20 hours in residence in their major area.

Students who have completed the five premajor courses must submit their transcripts to the department by February 15 to be evaluated for matriculation with major status. Matriculation in the following fall semester in the major will be contingent upon positioning in the rank order list and satisfactory fulfillment of the hearing, language, speech and voice evaluation requirement.

Students may request that their application be reviewed at a later spring semester in their academic careers, with the understanding that completion of the degree may be delayed.

MAJOR IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY

In addition to the G.U.R.'s, Speech-Language Pathology and Audiology majors must complete 36 credits in required speech-language pathology and audiology courses. In order to remain in, continue in and graduate from the Speech-Language Pathology and Audiology major, students are required to maintain a grade of "C" (2.00) or better in both the theory and clinical courses, in addition to attaining the overall cumulative grade point average required by the university.

Students must petition the department for enrollment in SPPA.488, Clinical Practicum II, by mid-term of the semester preceding the one during which they expect to complete the course. Students enrolled in SPPA.488 will be charged a "student teaching fee" of \$200. This fee is used for remuneration to the cooperating teacher. Clinical Practicum II is not required for graduation when the student elects to complete two semesters of SPPA.487, Clinical Practicum I. SPPA.488 will not be offered after Spring 1988.

Requirements for the Major

Required Courses

36 semester hours from the following

- SPPA.105 Speech and Language Development (3)
- SPPA.210 Phonetics of American English (3)
- SPPA.300 Anatomy & Physiology of the Auditory & Vocal Mechanism (3)
- SPPA.301 Hearing & Speech Science (3)
- SPPA.302 Speech & Language Pathology I: Phonology (3)
- SPPA.304 Speech & Language Pathology II: Language (3)
- SPPA.305 Stuttering: Etiology & Therapy (3)
- SPPA.306 Speech & Language Pathology III: Organic Disorders (3)
- SPPA.321 Introduction to Audiology (3)
- SPPA.486 Clinical Observations & Techniques (3)
- SPPA.487 Clinical Practicum I (3)
- SPPA.488 Clinical Practicum II (6-9)

Electives

- SPPA.213 General Semantics (3)
- SPPA.341 Clinical Audiology (3)
- SPPA.404 Professional Programs, Problems & Relationships (3)
- SPPA.489 Clinical Counseling in Audiology & Speech Pathology (3)
- SPPA.496 Independent Study in Speech Pathology & Audiology (1-4)
- SPPA.497 Directed Readings in Speech Pathology and Audiology (1-4)

Student Liability Insurance

Students enrolled in SPPA.487, Clinical Practicum I and SPPA.645, Advanced Clinical Practicum, are charged a \$13.50 yearly fee for mandatory student liability insurance.

DEPARTMENTAL ACTIVITIES

The department supports the National Student Speech-Language-Hearing Association. Student participation in this organization is encouraged. Several social events are scheduled each year so that students and faculty can meet informally.

Department of Health Science

Professors: ENSOR, GALLAGHER (*Chair*), OSMAN, SHEETS

Associate Professor: RADIUS

Assistant Professors: COOK-FULLER, J. McMAHON, M.J. McMAHON, RANDOLPH-PRINCE, ROYAK-SCHALER, WENGERT

Instructor: AGLEY

OFFICE

Burdick Hall, Room 141, (301) 321-2378

PROGRAMS OF THE DEPARTMENT

The field of health science bridges the gap between scientific knowledge and discoveries in health and the application of that knowledge to daily life. The study of health science helps students select and develop healthy behavior patterns and concern for a healthy environment.

The department offers two majors: *Health Science* (three areas of concentration available) and *Medical Technology*. A concentration in Health Services Management for students majoring in General Studies is also available. (See the General/Liberal Studies section in this *Catalog*.)

MAJOR IN HEALTH SCIENCE

Health Science majors may pursue one of three areas of concentration: School Health Education, Community Health Education, and the combined School and Community Health Education.

Each of these concentrations provides students with the necessary background and instructional skills for professional positions in school health or community health education.

Students in the School Health Education Concentration and the combined School and Community Health Concentration must declare a Secondary Education major in addition to a Health Science major. Students majoring in these concentrations receive certification to teach at the secondary level. Health Science majors *must* contact the department chair to be assigned an advisor and receive a student handbook.

All students should meet with their advisors at the beginning of each semester to plan their course schedule for the following semester. To progress through the program, certain prerequisites must be taken in sequence before a student may complete student teaching and/or an internship.

In addition to completing major requirements, students must complete the General University Requirements.

Health Seminar (HLTH.402) fulfills the Group I-C advanced level writing course requirement.

TRANSFER STUDENT POLICY

A minimum of 30 hours must be completed at T.S.U.

Requirements for the Major

Courses required for each of the three concentrations within the Health Science major are listed below.

Community Health Education Concentration

The concentration in Community Health Education requires 44 credits in Health Science, and 21 credits in other disciplines. Students must maintain a 2.00 GPA in all required courses. Students must also complete 15 credits of electives in an area of concentration, such as education, business, science or instructional technology. Students should consult their advisor regarding this requirement.

Required Course Sequence

Freshman Year

FIRST SEMESTER (16 credits)

HLTH.101 Current Health Problems (3)
BIOL.110 Contemporary General Biology (4)
PSYC.101 General Psychology (3)
ENGL.102 College Writing (3)
SOCI.101 Introduction to Sociology (3)

SECOND SEMESTER (15.5 credits)

MNGT.xxx Management Elective (3)
Group II elective (3)
Group III elective (3)
Group III elective (3)
PHEC.xxx Phys. Education Elective (.5)
Group V Elective (3)

Sophomore Year

FIRST SEMESTER (14 credits)

BIOL.213 Human Anatomy & Physiology II (4)
MATH.237 Elem. Biostatistics (4)
Group II elective (3)
Group III elective (3)

SECOND SEMESTER (16.5 credits)

OCTH.213 Small Group Dynamics (3)
BIOL.214 Human Anatomy & Physiology I (4)
Group IV elective (3)
Group III elective (3)
Group III elective (3)
PHEC.xxx Phys. Education elective (.5)

Required Courses in Health (44 credits)

HLTH.103 Emergency Medical Care (3)
HLTH.107 Intro. to Health Professions (3)
HLTH.201 Intro. to School Health (3)
HLTH.202 Principles & Practices in Community Health (3)
HLTH.207 Health Care in U.S. (3)
HLTH.302 Prep. for Field Work (3)
HLTH.422 Field Work (14)
HLTH.402 Health Seminar (3)
HLTH.xxx Health electives (9)

School Health Education Concentration

The concentration in School Health Education requires 27 credits in health science and 30 credits in education. Students must maintain a 2.00 grade point average with "C" work or better in all required courses. In addition to the required courses listed below, students must complete a three-credit upper-division elective.

Students who major in Health Science with the School Health Education concentration receive certification to teach at the secondary school level in Maryland upon graduation. Students are encouraged to consult with their advisor concerning certification requirements for additional academic fields.

Required Course Sequence

Freshman Year

FIRST SEMESTER (16.5 credits)

HLTH.101 Current Health Problems (3)
BIOL.110 Contemporary General Biology (4)
PSYC.101 General Psychology (3)
SOCI.101 Introduction to Sociology (3)
ENGL.102 College Writing (3)
PHEC.xxx Phys. Education elective (.5)

SECOND SEMESTER (16.5 credits)

Group II elective (3)
Group IV elective (3)
Group III elective (3)
Group V elective (3)
CHEM.101 General Chemistry (4)
PHEC.xxx Phys. Education elective (.5)

Sophomore Year

FIRST SEMESTER (17 credits)

BIOL.205 General Botany (or Biology elective) (4)
BIOL.213 Human Anatomy & Physiology I (4)
Group II elective (3)
Group III elective (3)
Group III elective (3)

SECOND SEMESTER (16 credits)

BIOL.214 Human Anatomy & Physiology II (4)
PSYC.201 Educational Psychology (3)
Group II elective (3)
Group V elective (3)

HLTH.107 Intro. to Health Professions (3)
HLTH.201 Intro. to School Health (3)
HLTH.202 Principles & Practices in Community Health (3)
HLTH.208 Mental Health (3)
HLTH.301 Instructional Methodologies (3)
HLTH.401 Sex Education & Family Life (3)
HLTH.402 Health Seminar (3)
HLTH.405 Drugs in Our Culture (3)

Required Education Core Courses (30 credits)

SCED.388 Student Teaching (14)
SCED.401 Foundations (3)
SCED.319 Survey of Educational Programs (3)
or
SCED.341 Principles of Secondary Education (3-4)
SCED.414 Test & Measurements (3)
SCED.460 Teaching Reading in the Secondary School (3)
SPED.xxx Special Education course (3)

School and Community Health Education Concentration

Students majoring in Health Science with this concentration must complete 72 credits of required courses. Students must maintain a 2.00 grade point average with "C" work or better in all required courses.

Students in this concentration may receive certification to teach at the secondary school level in Maryland upon graduation.

The School and Community Health Education concentration is designed to prepare students for employment in either the school or community health setting. Students planning a career in school health education should complete the Tests and Measurements course rather than Elementary Biostatistics. Students who plan to work in community health education should complete the Elementary Biostatistics course and are encouraged to participate in a 16-credit hour community health internship.

The completion of the School and Community Health Education concentration requires four-and-a-half years. Students who elect to take a full semester of the community health internship, rather than an eight-week experience, will be extending their program to five years.

Required Course Sequence

Freshman Year

FIRST SEMESTER (16.5 credits)

- HLTH.101 Current Health Problems (3)
- BIOL.110 Contemporary General Biology (4)
- PSYC.101 General Psychology (3)

- or
- MATH.237 Elem. Biostatistics (4)
- SCED.460 Teaching Reading in the Secondary School (3)
- SPED.xxx Special Education course (3)

*Students taking this course must take an additional Group IV elective in order to satisfy GUR's.

Honorary Society

Eta Sigma Gamma is the national professional honorary society in Health Science (education). The organization's principle purpose is to elevate the standards, ideals, competence and ethics of professionally trained men and women in the discipline of health science.

For additional information on Eta Sigma Gamma or membership requirements, contact the Health Science office (BU 41) at 321-2637.

Health Science Recognition Award

This award is presented in the spring to an outstanding Health Science major at graduation.

Graduate Program

Two graduate programs are also offered by the department: the *Master of Science degree with specialization in School Health Education or Community Health Education and Administration*, and the *Master of Education in School Health*. These programs present facts, theories and principles basic to the science of health education as well as in the supporting biological, behavioral, sociological and educational areas. For more information about these graduate programs, see the *Graduate School Catalog*.

MAJOR IN GENERAL STUDIES

Health Services Management Concentration

Director: DR. NEIL E. GALLAGHER

See The General/Liberal Studies Options section of this *Catalog* for details and course requirements.

MAJOR IN MEDICAL TECHNOLOGY

Director: DR. NEIL E. GALLAGHER

Union Memorial Hospital Faculty, Section 01

Director: RICHARD R. GRAHAM, M.D.

Educational Coordinator: ROBERT E. DURELL, M.T. (ASCP)

Pathologists: CARLOS ORBEGOSO, M.D., ALI DANESHVAR, M.D., DANIEL SYMONDS, M.D.

Assistant Educational Coordinator: JAY DAMON M.T. (ASCP)

A career in medical technology can be both stimulating and rewarding since the field is rapidly growing with advances in medical science. The medical technologist works under the supervision of a pathologist in a laboratory and performs tests on which doctors rely for assistance in diagnosing or treating diseases. Graduates of Towson State's Medical Technology program are also prepared to work as supervisors, instructors of supportive lab personnel, and researchers.

The Department of Health Science offers a four-year program in Medical Technology designed to prepare allied health personnel for

specialized work in hospital and medical laboratories while they earn a Bachelor of Science degree in Medical Technology. It provides background for the student to pass any of the Registry Exams including the one administered by the Board of Registry of the American Society of Clinical Pathologists. During the first three years, there is special emphasis on chemistry and biology. The fourth year consists of specialized classes and practical training in clinical laboratories of an affiliated hospital (Union Memorial, or another appropriate hospital designated by Towson State University). As of December, 1973, students are not admitted to the Registry Exam without a baccalaureate degree.

The Medical Technology Program is accredited by the Committee on Allied Health Education and Accreditation (CAHA) of the American Medical Association in cooperation with the National Accrediting Agency for Clinical Laboratory Services (NAACLS).

Majors are required to fulfill all college requirements, including: Bachelor of Science degree requirements; General University Requirements; and requirements for the major in Medical Technology. Students must attain a grade of "C" or better in all courses required for the major. Of the 120 credit hours required for graduation, 90 hours are to be completed at Towson State University (transfer students must complete a minimum of 30 credit hours at Towson State University and of the 30, eight should be in biology and eight should be in chemistry).

During the fourth year, 33 credit hours of courses are completed at Union Memorial or another appropriate hospital designated by Towson State University. At the present time, an affiliation agreement with Washington Hospital Center is being formalized. Before beginning the fourth year of the program at an affiliated hospital, each student must have at least a 2.00 cumulative average, a minimum of grade "C" in all biology and chemistry courses and be accepted by the respective hospital's screening committee. Students must also fulfill all General University Requirements prior to senior year internship.

ADMISSION TO THE MAJOR/SCREENING

The Medical Technology program has a limited number of clinical experience placements. This limited number of placements has necessitated the implementation of the following procedures:

In order to be considered for tentative acceptance into the program, students must have completed eight semester hours of biology, eight semester hours of chemistry, and a total of 45 semester hours. By the end of their third semester (or upon meeting the above requirements), students must declare their interest in majoring in Medical Technology.

Each application will be reviewed according to the following criteria:

- Total academic record. Overall grade point averages for students verified will be placed in a rank order. Grades in science courses will also be considered separately.
- General progress toward a baccalaureate degree (this includes General University Requirements and other courses specifically related to medical technology). After three semesters of full-time work or the equivalent, a student should have completed 50% of the General University Requirements. After four semesters of full-time work or the equivalent, a student should have completed 70% of the General University Requirements. Extenuating circumstances affecting general progress toward a degree will be considered.

Before beginning the fourth year of the program (clinical internship), each student must apply and be accepted by the respective hospital's screening committee.

Application to the hospitals are made early in the spring semester. In order to be eligible to apply, students must be able to complete all requirements of the program and General University Requirements during the spring semester.

Requirements for the Major

Required Courses

BIOL.110 Contemporary General Biology (4)
 BIOL.213 Human Anatomy & Physiology I (4)
 BIOL.214 Human Anatomy & Physiology II (4)
 BIOL.315 Medical Microbiology (4)
 CHEM.101 General Chemistry I (4)
 CHEM.102 General Chemistry II (4)
 CHEM.210 Principles & Methods of Chemical Analysis (4)
 CHEM.330 Essentials of Organic Chemistry (5)
 HLTH.101 Current Health Problems (3)
 MATH.115 Basic Mathematics for the Sciences (3)
 PHYS.211 General Physics I (4)
 MATH.237 Elementary Biostatistics (4)

Required by Hospitals, (NAACLS) and (CEAHEA)

BIOL.421 Immunology (3)
 CHEM.350 Principles of Biochemistry (5)

Recommended for the Major

HLTH.204 Elements of Nutrition (3)
 BIOL.335 Animal Parasitology (4)
 HLTH.311 Chronic and Communicable Disease (3)
 BIOL.401 Genetics (4)

Required Courses for Senior Internship

MDSC.401 Immunohematology and Blood Bank Lecture (3)
 MDSC.402 Immunohematology and Blood Bank Practical (1.5)
 MDSC.403 Clinical Biochemistry Lecture (4)
 MDSC.404 Clinical Biochemistry Practical (3)
 MDSC.405 Hematology Lecture (3)
 MDSC.406 Hematology Practical (3)
 MDSC.407 Clinical Pathology (1)
 MDSC.408 Clinical Pathology Practical (1)
 MDSC.409 Microbiology Lectures (3)
 MDSC.410 Microbiology Practical (3)
 MDSC.411 Human Parasitology Lecture (1)
 MDSC.412 Human Parasitology Practical (1)
 MDSC.413 Clinical Immunology Lecture (2)
 MDSC.414 Immunodiagnostic Practical (1, 5)
 MDSC.415 Urinalysis Lecture (1)
 MDSC.416 Urinalysis Practical (1)

Department of Nursing

Associate Professors: BELL (*Chair*), DAMRATOWSKI, DAVIES, FORDYCE, SCHWALM

Assistant Professors: BARRETT-COTLER, CRABILL, ELLER, HARRELL, JORDAN, KEENEN, LASHLEY, LEE, MIDKIFF, MOLLIK, MUNDY, STERN, TAYLOR, WILEY

OFFICE

Burdick Hall, Room 109, (301) 321-2067

PROGRAMS OF THE DEPARTMENT

Nursing is both an art and a science with an evolving body of specialized knowledge derived from nursing research as well as from the synthesis of knowledge from related disciplines. Nursing, independently or collaboratively, guides and/or influences the behavior of others in their efforts toward optimizing the health status of individuals, families, groups, and communities.

Towson State offers a program in professional nursing leading to the Bachelor of Science degree with a major in Nursing. The nursing curriculum includes courses in the liberal arts, the sciences, and nursing. The curriculum, designed for generic and registered nurse

students, prepares the graduate to accept responsibility and accountability for the care of clients and families in a variety of health care settings, to function in beginning leadership roles, and to be consumers of and participants in nursing research. Students are also provided with the foundation for graduate study in nursing.

The nursing program is approved by the Maryland State Board of Examiners of Nurses and accredited by the National League for Nursing. Generic students graduating from the Nursing major are eligible to write the State Board Examination for licensure as a Registered Nurse. The Department of Nursing holds membership in the American Association of Colleges of Nursing, the Council of Baccalaureate and Higher Degree Programs of the National League for Nursing, and the Council on Collegiate Education in Nursing of the Southern Regional Education Board.

MAJOR IN NURSING: GENERIC STUDENTS

The university requires a minimum of 120 credits for graduation. However, established departmental requirements must also be completed for graduation with a Nursing major. This necessitates completion of 127 credit hours for most students enrolled in the department.

Nursing courses must be completed in a sequential pattern, as each course is foundational to the subsequent course.

All courses listed in the freshman and sophomore years of the Nursing curriculum outline must be completed prior to enrolling in the first junior-level nursing course.

Pre-nursing students demonstrating competencies covered in MATH.115 (as determined by the Mathematics Department) may enroll in an alternative offering of one of the following: MATH.116; MATH.119, or MATH.273, in order to meet the mathematics requirement. Placement in the particular course is determined by the Mathematics Department.

Students may elect to take a maximum of 12 credits from those courses indicated by * under the university's Pass Option Plan following the guidelines as outlined in this *Catalog*.

As these requirements may be revised from time to time, it is the student's responsibility to make certain that he or she is working with the most current outline.

Requirements for the Major

Required Course Sequence

Freshman Year

FIRST SEMESTER

- #ENGL.102 College Writing (3)
- #BIOL.110 Contemporary General Biology (4)
- #CHEM.105 Chemistry for Allied Health Professions I (4)
- #MATH.115 Basic Mathematics for Sciences (3)
- PHEC.xxx Physical Education elective (1)

SECOND SEMESTER

- #SOCI.101 Introductory Sociology (3)
- BIOL.315 Medical Microbiology (4)
- #PSYC.101 General Psychology (3)
- CHEM.106 Chemistry for Allied Health Professions II (4)
- *Group II elective (3)

Sophomore Year

FIRST SEMESTER

- BIOL.213 Human Anatomy and Physiology I (4)
- PSYC.203 Human Development
- ***HLTH.331 Nutrition for Health Professionals (3)
- *Group III elective (3)
- *Group V elective (3)

SECOND SEMESTER

- BIOL.214 Human Anatomy and Physiology II (4)
- NURS.201 Concepts of Nursing I (3)
- NURS.203 Nursing: Client Health Maintenance and Promotion (3)
- *Group II elective (3)
- *Group III elective (3)

Junior Year

FIRST SEMESTER

- NURS.301 Concepts of Nursing II (3)
- NURS.303 Pharmacopathophysiologic Implications for Nursing Practice
- NURS.305 Nursing: Health Assessment (1)
- NURS.307 Nursing: Psychomotor Skills (1)
- ***NURS.309 Nursing: Family System Membership Change (6)
- or
- NURS.313 Nursing: Client Physiological Disequilibrium (6)
- *Group III elective (3)

SECOND SEMESTER

- ***NURS.313 Nursing: Client Physiological Disequilibrium (6)
- or
- NURS.309 Nursing: Family System Membership Change (6)
- NURS.315 Nursing: Client Behavioral Disequilibrium (6)
- MATH.237 Elementary Biostatistics (4)

Senior Year

FIRST SEMESTER

- #NURS.401 Concepts of Nursing III: Interdisciplinary System Approach to Health Care Delivery (3)
- NURS.403 Nursing: Client Care in a Community Environment (6)
- NURS.405 Nursing: Complex Care for Adults and Children (6)

SECOND SEMESTER

- #NURS.407 Nursing: Advanced Concepts and Issues (9)
- *Group III elective (3)
- *Group V elective (3)

Concepts of Nursing III: Interdisciplinary Systems

***This course satisfies a Group V GUR (field of study #7) for Nursing Majors only.

***Credit for both courses must be earned, but the student may take either course in the fall or spring semester of the junior year.

Admission to the Major — Screening

Students must have completed the following courses at the high school level to provide the base necessary to complete the prerequisite courses for the Nursing major: mathematics—3 units (two years of algebra and one year of geometry); chemistry—1 unit; biology—1 unit. Physics, although not required, is recommended.

Before a student can be considered for admission to the Nursing major, he or she must be admitted to or have applied for admission to the university. Transfer students must adhere to the university's transfer policy.

Admission to the Nursing major is made *only* by the Departmental Admissions, Continuance and Dismissal Committee. Admission to the university does not constitute or guarantee admission to the major. Forty students are admitted in both the Fall and Spring semesters of each academic year. The Application for Admission to the Nursing Major is available from the Department of Nursing office.

As indicated in the curriculum outline, the Nursing major at Towson State requires five semesters of study in the Department of Nursing. Admission to the major is contingent upon the student's being screened and admission being offered to the applicant by the Departmental Admissions, Continuance and Dismissal Committee.

The screening process takes place during the semester prior to the student's anticipated enrollment in the first Nursing course. At the time of screening, students should have at least sophomore status; that is, a minimum of twenty-eight credits which are applicable to the Nursing major curriculum must have been completed and at least three of the courses completed must be in the required physical sciences. Based on credits being applied toward the major, a minimum grade point average of 2.50 on a 4.00 scale is required; however, students must note that achievement at the 2.50 level in itself does not guarantee admission to the Program. Applicants will be required to comply with further procedures as outlined in the Application Information pamphlet.

MAJOR IN NURSING: REGISTERED NURSE STUDENTS

Several options are available to RNs for the completion of baccalaureate degree requirements. One of these options is the Validation Model as mandated by the Governor of the State of Maryland in 1985. All options include credit for previous learning, a broad base in the liberal arts, and Nursing courses which are designed to enhance professional nursing practice. Since RN students represent a variety of learning and practice experiences, every effort is made to design an individual program which will meet the learning needs of the student while, at the same time, offer a curriculum which provides the foundation for nursing practice at the baccalaureate level.

Therefore, RNs are advised to contact the Department of Nursing's RN Coordinator for advisement and assistance with admission and program planning.

Whichever individual program is planned, all RN students are required, as a minimum, to take the following Nursing courses in addition to courses in the liberal arts and sciences:

NURS.301	Concepts of Nursing II (3)
NURS.305	Nursing: Health Assessment (1)
NURS.401	Concepts of Nursing III: Interdisciplinary Systems Approach to Health Care Delivery (3)
NURS.403	Nursing: Client Care in a Community Environment (6)
NURS.407	Nursing: Advanced Concepts and Issues (9)
NURS.xxx	Nursing Elective (3)

Admission to the Major/Screening

Students must have graduated from a state-approved diploma or associate degree nursing program and be licensed as a Registered Nurse in Maryland to be eligible for admission into the RN Program. Recent graduates may be admitted pending successful completion of the State Board licensing examination.

Registered Nurse students are to contact the RN Coordinator in the Department of Nursing *prior* to completion and submission of the application for admission to the University. Students applying for admission to the Nursing major must either have been admitted to the University or be currently seeking admission to the University.

Admission to the Nursing program is granted only by the Departmental RN Committee. Students are admitted to the Nursing Program twice a year. Forty RN students may be admitted in the fall semester and forty RN students may be admitted in the spring semester. Applications for admission are available from the Department of Nursing office.

ACADEMIC STANDARDS

In order to remain in and graduate from the Nursing major, students are required to maintain a grade of "C" (2.0) or better in both the theory and clinical component in each Nursing course, in addition to maintaining a 2.0 overall cumulative Grade Point Average.

SPECIAL FINANCIAL OBLIGATIONS

All students in the Nursing major are required to:

- carry nursing student liability insurance through the university;
- carry hospitalization insurance including accident and/or emergency benefits;
- purchase departmental uniforms and supplies (approximately \$700 for generic students and \$200 for RN students)
- have a valid driver's license and access to the independent use of a car in order to provide own travel to and from clinical facilities;
- pay certain lab fees associated with the major (currently, the fee is approximately \$10 for the entire program; however, this fee is subject to change without notice).

Information about financial assistance may be obtained from the university's Office of Financial Aid.

Department of Occupational Therapy

Associate Professor: BLOUNT (Chair)

Assistant Professors: BLAKE, CANNELLA, EXNER, MELVIN, PARMENTER, STEVENS-RATCHFORD

OFFICE

Lida Lee Tall, Room 7, (301) 321-2640

PROGRAMS OF THE DEPARTMENT

Occupational therapy is the art and science of directing human participation in selected tasks to restore, reinforce and enhance performance, facilitate learning of skills and functions essential for adaptation and productivity, to diminish or correct pathology, and to promote and maintain health. Occupational therapists direct the use of self-care, work, homemaking, play and leisure activities. They use these activities to assist individuals or groups whose health is threatened or impaired by developmental deficits, aging, poverty and environment conditions, physical injury or illness, and psychological and social disability.

The Department of Occupational Therapy offers both a *four-year program* and a *Junior Entry program of study in Occupational Therapy* designed to provide a liberal education and develop professional competence. Both programs of study lead to a baccalaureate degree in Occupational Therapy and are planned to prepare graduates to pass the certification exam to become registered occupational therapists. The department also offers the *Master of Science in Occupational Therapy*.

Affirmative Action Policy

Towson State University does not discriminate on the basis of race, national origin, religion, color, sex, age, or condition of handicap in its academic program. Some groups, however, have been historically underrepresented in the field of occupational therapy. Therefore, factors such as sex, race, and handicapping conditions may be considered during all phases of the admission and screening process for the Occupational Therapy program. Candidates representing minority populations, men, and the handicapped will be given special consideration if they show evidence of high motivation and adequate academic ability to meet the demands of the program.

Permit Cards

Special permit cards are required for admission to all occupational therapy courses.

First Aid Course Recommended

It is highly recommended that students complete a standard course in First Aid before graduation.

PRE-ADMISSION REQUIREMENTS FOR ALL CANDIDATES

Students interested in becoming Occupational Therapy majors must first gain admission to Towson State University. Admission to the university does not guarantee admission to the Occupational Therapy major. Occupational Therapy faculty will advise potential students about the nature of the profession, the national certification examination and the occupational therapy curriculum prior to this admission at the request of the student. This prior contact is highly recommended particularly since admission to the major is competitive and the class size in occupational therapy is limited.

Following admission to the university, the student is **REQUIRED** to visit the Occupational Therapy office for an orientation meeting if this has not been undertaken previously.

MAJOR IN OCCUPATIONAL THERAPY FOUR-YEAR PROGRAM

The "pre-admission requirements" listed above must be met by *all* candidates.

For initial admission to the pre-occupational therapy majors list for entry into the four-year program: Admissions information on all applicants for the freshman year of the Occupational Therapy program will be reviewed shortly after April 1 each year.

1. For students entering directly from high school, admission will be based on high school grade point average and the following scores: SAT - verbal, SAT - math, and the TSWE, if it is available.
2. Students who have earned college or university credits, either at Towson State University or another institution, will be ranked with students entering from high school, according to cumulative grade point average in completed college or university courses.

From all candidates for the four-year program arranged in this rank order, the top forty-two candidates will be selected to *enter* the first year of the program.

Screening

Thirty students shall be accepted into the Occupational Therapy program at the *end* of the first year. The screening process requires the use of grade point average for prerequisite courses and a brief paper written by the student based primarily on experiences of the student in OCH.101, Introduction to Occupational Therapy, or an equivalent course.

Prerequisites to be completed before screening include: Contemporary General Biology BIOL.110, General Psychology PSYC.101, Intro. to Sociology SOCI.101, College Writing ENGL.102, Introduction to Occupational Therapy OCH.101, and Bio-Psycho-Social Development OCH.116. General Physics B PHYS.201 is highly recommended before screening.

Requirements for the Major

In addition to the General University Requirements, Occupational Therapy majors must complete 47 credits in occupational therapy courses, 16 credits in other required courses, and 18 credits in clinical internships. The total number of credits required for graduation is 134.

Students must maintain the cumulative grade point average required by the university. A "D" grade in a required course will not count for major credit. A student receiving a "D" grade may retake the course once to improve his or her standing.

Required Course Sequence

Freshman Year

FIRST SEMESTER (16.5 credits)

BIOL.110	Contemporary General Biology (4)
PSYC.101	General Psychology (3)
SOCI.101	Introduction to Sociology (3)
ENGL.102	College Writing (3)
	Group II elective (3)
PHEC.xxx	Physical Education elective (.5)

SECOND SEMESTER (14.5 credits)

PHYS.201	General Physics B (5)
OCH.101	Introduction to Occupational Therapy (3)
OCH.116	Bio-Psycho-Social Development (3)
	Group II elective (3)
PHEC.xxx	Physical Education elective (.5)

Sophomore Year

THIRD SEMESTER (17 credits)

BIOL.213	Human Anatomy & Physiology I (4)
OCH.211	Philosophy of Occupational Therapy (3)
OCH.217	Task Analysis I (4)
PSYC.350	Personality (3)
HLTH.207	Health Care in the U.S. (3)

FOURTH SEMESTER (16 credits)

BIOL.214	Human Anatomy & Physiology II (4)
BIOL.427	Neuromuscular Mechanisms of the Upper Body (2)
OCH.218	Task Analysis II (4)
OCH.213	Small Group Dynamics (3)
OCH.221	Clinical Kinesiology (3)

Junior Year

FIFTH SEMESTER (18 credits)

OCH.313	Principles of Physical Disabilities (3)
OCH.315	Pathological Conditions I (3)
OCH.319	Physical Dysfunction Practicum (2)
OCH.325	Pediatric Occupational Therapy (4)
PSYC.361	Abnormal Psychology (3)
	Group III elective (3)

SIXTH SEMESTER (16 credits)

OCH.314	Principles of Psychosocial Dysfunction (4)
OCH.316	Pathological Conditions II (3)
MATH.237	Elementary Biostatistics (4)
OCH.320	Psychosocial Dysfunction Practicum (2)
	Group V elective (3)

Senior Year

SEVENTH SEMESTER (16 credits)

OCH.428	O.T. Organization and Administration (3)
OCH.429	Seminar in Occupational Therapy (1)
OCH.430	Research Methods in Occupational Therapy (3)
	Group III elective (3)
	Group III elective (3)
	Group V elective (3)

EIGHTH SEMESTER (14 credits)

OCH.435	Occupational Therapy Internship I (7)
OCH.436	Occupational Therapy Internship II (7)

In addition to the above courses, students are required to take two courses, Group III General University Requirements, during regular, summer or minimester sessions as appropriate in individual circumstances.

MAJOR IN OCCUPATIONAL THERAPY JUNIOR ENTRY PROGRAM

Fifteen students will be admitted to the Occupational Therapy program beginning at the third year level.

The "pre-admission" requirements listed above must be met by all candidates. Students must declare their interest in the major by placing their names on a Candidates List after completing the "pre-admission requirements."

All prerequisite courses for admission to the Junior Entry program must be completed with grades of "C" or better by the end of the spring semester in the year for which application is made.

All candidates for the Junior Entry program will be ranked according to cumulative grade point average in all college or university level courses, and, shortly after April 1 of each year, the top fifteen candidates will be selected for the Junior Entry program which will begin in the fall semester of that year.

Requirements for the Major

In addition to the General University Requirements, Occupational Therapy majors must complete 47 credits in occupational therapy courses, 16 credits in other required courses, and 18 credits in clinical internships. The total number of credits usually required for graduation is 134.

Students must maintain the cumulative grade point average required by the university. A "D" grade in a required course will not count for major credit. A student receiving a "D" grade may retake the course once to improve his or her standing.

A student is admitted to this program with 48 credits, grades "C" or above, including courses in English Composition, Introductory Biology, General Psychology, Introductory Sociology, Abnormal Psychology or Personality Theory, Basic Statistics, Physics, including mechanics, and two courses in Human Anatomy and Physiology.

Screening takes place before admission to the junior year. Students must meet General University Requirements. This may necessitate taking a heavier course load during the professional program or during summer semesters.

Required Course Sequence

SEMESTER ONE (16 credits)

- OCTH.101 Introduction to Occupational Therapy (3)
- OCTH.116 Bio-Psycho-Social Development (3)
- OCTH.217 Task Analysis I (4)
- OCTH.213 Small Group Dynamics (3)
- HLTH.207 Health Care in the U.S. (3)

SEMESTER TWO (15 credits)

- OCTH.211 Philosophy of Occupational Therapy (3)
- OCTH.218 Task Analysis II (4)
- OCTH.221 Clinical Kinesiology (3)
- BIOL.427 Neuromuscular Mechanisms of the Upper Body (2)
- PSYC.350 Personality (3)
- or
- PSYC.361 Abnormal Psychology (3)
- (Both courses must be completed)

SEMESTER THREE (15 credits)

- OCTH.313 Principles of Physical Disabilities (3)
- OCTH.315 Pathological Conditions I (3)
- OCTH.319 Physical Dysfunction Practicum (2)
- OCTH.325 Pediatric Occupational Therapy (4)
- OCTH.428 O.T. Organization and Administration (3)

SEMESTER FOUR (16 credits)

- OCTH.314 Principles of Psychosocial Dysfunction (4)
- OCTH.316 Pathological Conditions II (3)
- OCTH.320 Psychosocial Dysfunction Practicum (2)
- OCTH.429 Seminar in Occupational Therapy (1)
- OCTH.430 Research Methods in Occupational Therapy (1)
- Elective (3)

SUMMER (7 credits)

- OCTH.435 Occupational Therapy Internship I (7)

SEMESTER FIVE (7 credits)

- OCTH.436 Occupational Therapy Internship II (7)

MASTER OF SCIENCE IN OCCUPATIONAL THERAPY

The Master of Science in Occupational Therapy is designed for registered occupational therapists who are interested in advanced training in pediatrics, geriatrics or adult physical dysfunction with emphasis on teaching, research, clinical practice, or administration. For further information consult the *Graduate School Catalog*.

Department of Physical Education

Professors: EASON (Chair), MEINHARDT, ZEIGLER

Associate Professors: BLANN, BOUCHER, BOUTON, FAULKNER, McDONALD, MYRANT, RIORDON, SLEVIN, STINAR,

Assistant Professors: ANGOTTI, BRITT, FIELD, FINCH, FORBES, KENNARD, RUNK

OFFICE

Towson Center, Room 200, (301) 321-2376

PROGRAMS OF THE DEPARTMENT

The Department of Physical Education offers the following programs: *General University Requirements* and electives; the *Physical Education Teacher Education* program, for students planning to teach physical education at the elementary and secondary levels; the *Physical Education Sport Studies* program; and the *Athletic Coaching Emphasis Area* for non-majors.

MAJOR IN PHYSICAL EDUCATION: TEACHER EDUCATION CONCENTRATION

Towson State University's Teacher Education program prepares competent teachers in physical education for elementary and secondary schools. Graduates are certified to teach at the elementary and secondary levels. A planned sequence of courses is designed to provide the student with skills and leadership experience needed to direct a balanced program in class, intramural and extramural activities and varsity sports.

Students majoring in Physical Education Teacher Education must complete 27 credits in required professional theory courses, 14-15 courses in required professional laboratory skill courses, and 15 credits of elective courses in physical education. Additionally, the student must complete 43 credits in courses required by the Department of Education for teacher certification. Students must complete all courses required for the major (PHEC) with a grade of "C" or higher.

The department also offers two areas of concentration that may be completed within the Physical Education Teacher Education program or in conjunction with another major. These concentrations are: "Camping and Outdoor Education" and "Athletic Training." An emphasis area in Health Science is also available for students who wish to be certified to teach physical education and health education at the elementary and secondary levels.

Screening Procedures

Formal procedures and requirements must be met before a student may be admitted to the university's teacher education programs. For

specific information about screening procedures see the section on "Admission to Professional Education Programs" in the College of Education and Instructional Technology.

Requirements for the Major

Professional Theory Courses (27 credits)

- PHEC.299 Overview of Physical Education (2)
- PHEC.303 Organization & Administration of Ph. Ed. (3)
- PHEC.309 Tests & Measurements in Physical Ed. (3)
- PHEC.311 Kinesiology (4)
- PHEC.313 Physiology of Exercise (3)
- PHEC.315 Care & Prevention of Athletic Injuries (3)
- PHEC.324 Teaching Physical Education in Elementary School (3)
- PHEC.325 Teaching Physical Education in Secondary School (3)
- PHEC.423 Adapted Physical Education (3)

Professional Laboratory Skills (14-15 courses)

Professional laboratory skill courses (111-284) provide instruction in the basic activities appropriate for a teacher of physical education, including acquisition of skills and methods of instruction. Specific courses are required in the following categories:

Team Sports—three courses

Individual/dual activities—five-six courses

Aquatics—two courses (according to placement test)

Dance—two courses

Elementary Activities—two courses

Course outlines and prerequisites are available in the Department of Physical Education office.

A list of required (*) and elective professional laboratory skills courses follows:

- PHEC.111 Archery I (0.5)
- *PHEC.113 Badminton I (0.5)
- PHEC.201 Baseball I (0.5)
- PHEC.203 Basketball I (0.5)
- PHEC.115 Bicycle Touring (0.5)
- PHEC.118 Body Mechanics (0.5)
- PHEC.119 Bowling I (0.5)
- PHEC.121 Conditioning I (0.5)
- PHEC.125 Fencing I (0.5)
- *PHEC.207 Field Hockey I (0.5)
- PHEC.170 Folk Dance I (0.5)
- PHEC.209 Football I (0.5)
- PHEC.127 Golf I (0.5)
- *PHEC.129 Gymnastics I (tumbling) (0.5)
- *PHEC.130 Gymnastics II (apparatus) (0.5)
- PHEC.131 Handball (0.5)
- PHEC.134 Jogging (1.0)
- PHEC.155 Rhythmic Aerobics (1.0)
- *PHEC.215 Lacrosse I (0.5)
- PHEC.143 Self Defense I (0.5)
- *PHEC.221 Soccer I (0.5)
- PHEC.172 Social Dance I (0.5)
- PHEC.223 Softball I (0.5)
- *PHEC.160 Swimming I (according to placement tests) (0.5)
- *PHEC.161 Swimming II (according to placement tests) (0.5)
- *PHEC.179 Tennis I (0.5)
- *PHEC.149 Track & Field I (0.5)
- *PHEC.228 Volleyball I (0.5)
- PHEC.151 Wrestling (0.5)
- *PHEC.279 Techniques of Teaching Creative Movement (1.0)
- *PHEC.283 PHEC Activities for the Young Child (K-3) (1.0)
- *PHEC.284 PHEC Activities for the Intermediate Grades (4-6) (1.0)

Electives (15 credits)

Fifteen credits in physical education theory and professional laboratory skills courses from the remaining courses available in the

department are required. Three of the elective credits must be in professional lab skills.

Required for Teacher Education Certification Courses (42-43 credits)

- BIOL.110 Contemporary General Biology (4)
- PHYS.201 General Physics B (5)
- or
- CHEM.105 Chemistry for Allied Health Professions I (4)
- HLTH.101 Current Health Problems (3)
- PSYC.201 Educational Psychology (3)
- BIOL.213 Human Anatomy & Physiology I (4)
- BIOL.214 Human Anatomy & Physiology II (4)
- SCED.319 Survey of Education (3)
- EDUC.401 Foundations of Education (3)
- ELED.392 Elementary Student Teaching (8)
- SCED.392 Secondary Student Teaching (6)

Camping And Outdoor Education Track

Recommended Courses (11 credits)

- PHEC.135 Overview of Adventure Education (3)
- PHEC.305 Outdoor Education: Philosophy & Methods (3)
- PHEC.245 Camp Leadership (2)
- PHEC.397 Practicum in Camping or Outdoor Education (3)

Laboratory Skills Courses (4 credits)

4 credits selected from the following

- PHEC.123 Elementary Backpacking (1)
- PHEC.164 Canoeing (.5)
- PHEC.008 Cross Country Skiing (minimester) (1)
- PHEC.141 Basic Rock Climbing (1)
- PHEC.137 Orienteering (.5)
- PHEC.115 Bicycling (.5)
- PHEC.166 Basic Sailing (1)
- PHEC.263 Scuba Diving (1)

Student Teaching in Outdoor Education (3-7)
(in addition to student teaching in a major field)

Athletic Training Concentration

It is required that the student complete requirements for a K-12 teaching certificate in physical education. Most positions currently available in athletic training are in secondary schools, and usually include teaching responsibilities as well as trainer responsibilities.

Students intending to pursue the athletic trainer curriculum should contact the Physical Education Department to obtain admission to the program and information regarding screening procedures.

Required Courses and Experiences in Addition to Teacher Education

- PHEC.335 Principles & Techniques of Wrapping and Taping (1)
- PHEC.391 Practicum in Athletic Training I (1)
- PHEC.415 Advanced Care and Prevention of Athletic Injuries (3)
- PHEC.416 Therapeutic Techniques in Sports Medicine (4)
- PHEC.417 Organization and Administration of Athletic Training (3)
- PHEC.491 Practicum in Athletic Training II (1)
- HLTH.331 Nutrition for Health Professionals (3)
- PSYC.309 Behavioral Pharmacology (3)

CPR Certification

1800hours (minimum) clinical experience under supervision of a certified athletic trainer to be completed over a minimum period of two years. Students must successfully complete NATA exam to receive Athletic Training Certification.

Health Science Certification

Required Courses (24 credits)

HLTH.103	Emergency Medical Care (3)
HLTH.201	Introduction to School Health (3)
HLTH.208	Mental Health (3)
HLTH.301	Instructional Methodology in School Health (3)
HLTH.331	Nutrition for Health Professionals (3)
HLTH.401	Sex Education and Family Life (3)
HLTH.405	Drugs In Our Culture (3)
SCED.399	Differentiated Student Teaching—Secondary (Health) (3)

MAJOR IN PHYSICAL EDUCATION: SPORT STUDIES CONCENTRATION

The Sport Studies program focuses on a humanistic view of sports and physical activity. The program provides a range of interdisciplinary study options leading to preparation for graduate study in a sub-discipline of physical education, or employment in sports-related positions within the business community.

Three areas of concentration are offered in the major: Sports Management, Sports Communication, and Psychology of Sport and Physical Activity.

Students in the program are required to complete 15 credits in Sport Studies core courses, six courses in sport and physical activity courses, and 41–42 credits in required and elective courses in one of the three areas of concentration.

Students must complete all courses required for the major (including the area of concentration) with a grade of “C” or higher.

Requirements for the Sport Studies Concentration

Sport Studies Core (15 credits)

PHEC.341	Concepts of Motor Learning (3)
PHEC.351	Philosophy of PHEC and Sport (3)
PHEC.353	Sport & Society (3)
PHEC.355	Psychology of Sport (3)
PHEC.451	History of American Sport (3)

Sport and Physical Activity Courses (3 credits)

Courses are required in the following categories:

Individual Sports - two courses (see list below)

Team Sports - two courses (see list below)

Remaining credit to be selected from the entire list of PHEC. activity course offerings, major or non-major sections.

Individual Sports		Team Sports	
Archery	Racquetball	Baseball	Rugby
Badminton	Sailing	Basketball	Soccer
Billiards	Squash Racquets	Field Hockey	Softball
Bowling	Swimming	Football	Volleyball
Fencing	Tennis	Team Handball	Water Polo
Golf	Track and Field	Lacrosse	
Gymnastics	Wrestling		
Handball			

Sports Management Concentration

In addition to the sports studies core and activity requirements stated above, the student electing this option must complete the requirements below.

Required Courses (27 credits)

ACCT.205	Financial Accounting (3)
ACCT.206	Management Accounting (3)
ACCT.225	Business Law I (3)
MKTG.341	Principles of Marketing (3)
MKTG.345	Advertising Management (3)
or	
MCOM.353	Publicity and Public Relations (3)
MNGT.361	Management Theory (3)

HRM.381	Human Resource Administration (3)
MNGT.497	Practicum in Management (3)
PHEC.453	Organization & Administration of Athletics (3)

Electives

15 credits selected from the following

PHEC.007	Cardiovascular Fitness (3)
PHEC.235	Individualized Fitness (3)
PHEC.245	Camp Leadership (2)
	and
	Sport/Physical Activity (1)
PHEC.301	Recreation (3)
PHEC.302	Curriculum in PHEC (3)
PHEC.303	Organization & Administration of PHEC (3)
	or
403	Organization & Administration of Intramurals (3)
PHEC.305	Outdoor Educ.: Phil. & Methods (3)
PHEC.309	Tests & Measurements (3)
PHEC.311	Kinesiology (4)
PHEC.313	Physiology of Exercise (3)
PHEC.315	Care & Prevention of Athletic Injuries (3)
PHEC.331	Principles of Coaching
PHEC.393	A World History of Sport to 1900 (3)
PHEC.395	Practicum in Sport Studies (3)
PHEC.397	Practicum in Camping or Outdoor Educ. (3)
PHEC.409	Stress Management, Tension Control & Human Performance (3)
PHEC.415	Advanced Care & Prevention of Athletic Injuries (3)
PHEC.419	Swimming and Pool Management (3)
PHEC.441	The American Woman in Sport (3)

Psychology of Sport and Physical Activity Track

In addition to the core and activity requirements stated above, the student electing this option must complete the requirements below. Student must register as a Psychology minor.

Required Courses (26 credits)

PSYC.101	General Psychology (not included in 26 credits) (3)
PSYC.111	Behavioral Statistics (4)
PSYC.261	Experimental Psychology (4)
PSYC.305	Psychology of Learning (3)

Select from the following to complete 26 credits

PSYC.203	Human Development (3)
PSYC.211	Child Psychology (3)
PSYC.311	Behavioral Modification I (3)
PSYC.315	Motivation (3)
PSYC.317	Sensation and Perception (3)
PSYC.325	Social Psychology (3)
PSYC.350	Personality (3)
PSYC.404	Adolescent Psychology (3)
PSYC.425	Introduction to the Helping Relationship (3)
PSYC.431	Group Dynamics (3)
PSYC.451	Introduction to the Exceptional Child, (3)
PSYC.465	Physiological Psychology (3)

Electives

15 credits from the following

PHEC.135	Overview of Adventure Education (3)
PHEC.235	Individualized Fitness (3)
PHEC.301	Recreation (3)
PHEC.311	Kinesiology (4)
PHEC.313	Physiology of Exercise (3)
PHEC.331	Principles of Coaching (3)
PHEC.393	A World History of Sport to 1900 (3)
PHEC.395	Practicum in Sport Studies (3)
PHEC.409	Stress Management, Tension Control & Human Performance (3)
PHEC.441	The American Woman in Sport (3)
PHEC.453	Organization & Administration of Athletics (3)

Sports Communications Track

In addition to the sports studies core and activity requirements stated above, the student electing this option must complete the requirements below, and complete a minor in Mass Communications.

Required Courses (27 credits)

- MCOM.151 Introduction to Journalism (3)
 MCOM.201 Introduction to Broadcasting (3)
 MCOM.202 Introduction to Film (3)
 MCOM.211 Communication Process (3)
 MCOM.315 Business and Professional Communications, (3)
 MCOM.353 Publicity and Public Relations (3)

Select six credits from the following

- MCOM.271 Television Production I (3)

or

- 265 Radio Production I (3)

- MCOM.355 Newswriting (3)

- MCOM.358 News Editing and Copyreading (3)

- MCOM.373 TV Writing (3)

- MCOM.383 News Reporting (3)

Select three credits from the following

- MCOM.356 Feature Writing (3)

- MCOM.365 Radio Production II (3)

or

- 371 Television Production II (3)

- MCOM.375 Broadcast Performance (3)

- MCOM.493-497 Independent Study-TV, Radio, Public Relations, Journalism (3)

Electives

15 credits selected from the following

- PHEC.135 Overview of Adventure Education (3)
 PHEC.235 Individualized Fitness (3)
 PHEC.301 Recreation (3)
 PHEC.302 Curriculum in PHEC (3)
 PHEC.305 Outdoor Education: Philosophy & Methods (3)
 PHEC.311 Kinesiology (4)
 PHEC.313 Physiology of Exercise (3)
 PHEC.331 Principles of Coaching (3)
 PHEC.393 A World History of Sport to 1900 (3)
 PHEC.395 Practicum in Sport Studies (3)
 PHEC.409 Stress Management, Tension Control & Human Performance (3)
 PHEC.441 The American Woman in Sport (3)
 PHEC.453 Organization & Administration of Athletics (3)

PROFESSIONAL PREPARATION ELEMENTARY EDUCATION

The Department of Physical Education offers three courses for students majoring in Early Childhood or Elementary Education. They are PHEC.281-282, "Physical Education for Elementary Education Students I, II" and PHEC.324, "Teaching Physical Education in the Elementary School." Course descriptions are listed in the back of this *Catalog*.

MEETING GENERAL UNIVERSITY REQUIREMENTS

Physical education courses provide the student with an opportunity to acquire the skills and understanding of selected physical activities. Emphasis is placed on developing sufficient competence to enjoy sports and recreational activities. To meet Group IA of the General University Requirements, a minimum of one credit hour of physical education activity must be taken from PHEC.001-PHEC.277 (excluding PHEC.245, PHEC.247, PHEC.248). All courses admit men and women, but several are more specifically designated in the

University Schedule Bulletin. Students with medically screened physical limitations may elect Adapted Physical Education (PHEC.010). Activity courses may be taken each semester of the student's academic career. Non-majors may apply for credit by examination for prior experience or skill in selected activities by contacting the chair of the department. Course outlines for all activity courses are available in the Physical Education office.

A partial list of course offerings follows:

- | | |
|----------------------------------|--|
| PHEC.010 Adaptive Modified (1.0) | PHEC.061 Swimming II (0.5) |
| PHEC.011 Archery I (0.5) | PHEC.062 Swim III (0.5) |
| PHEC.013 Badminton I (0.5) | PHEC.064 Basic Canoeing (0.5) |
| PHEC.015 Bicycle Touring (0.5) | PHEC.068 Water Polo (0.5) |
| PHEC.016 Pocket Billiards (0.5) | PHEC.072 Social Dance I (0.5) |
| PHEC.018 Body Mechanics (0.5) | PHEC.079 Tennis I (0.5) |
| PHEC.019 Bowling (0.5) | PHEC.203 Basketball I (0.5) |
| PHEC.021 Conditioning (0.5) | PHEC.207 Field Hockey I (0.5) |
| PHEC.023 Elem. Backpacking (1.0) | PHEC.209 Football I (0.5) |
| PHEC.025 Fencing I (0.5) | PHEC.228 Volleyball I (0.5) |
| PHEC.027 Golf I (0.5) | PHEC.235 Individualized Fitness (3.0) |
| PHEC.029 Gymnastics I (0.5) | PHEC.255 Adv. Individualized Fitness (3.0) |
| PHEC.038 Racquetball (0.5) | PHEC.261 Advanced Life Saving (1.0) |
| PHEC.043 Self Defense I (0.5) | PHEC.262 Water Safety Instructor (3.0) |
| PHEC.045 Squash Racquets (0.5) | |
| PHEC.055 Rhythmic Aerobics (2.0) | |
| PHEC.060 Swimming I (1.0) | |

ATHLETIC COACHING EMPHASIS AREA

Designed for the non-major student, this emphasis area develops coaching skills and attributes that will foster leadership qualities necessary for coaching in community recreation programs, intramural and extramural activities, and varsity sports.

Students interested in this option should contact the department for further information.

Required Core (12 credits)

- PHEC.235 Individualized Fitness (3)
 PHEC.315 Care and Prevention of Athletic Injuries (3)
 PHEC.331 Principles of Coaching (3)
 PHEC.395 Practicum in Sport Studies (3)

Electives (6 credits)

- PHEC.353 Sport and Society (3)
 PHEC.355 Psychology of Sport (3)
 PHEC.303 Organization and Administration of Physical Education (3)
 or
 453 Organization and Administration of Athletics (3)
 PHEC.341 Concepts of Motor Learning (3)
 PHEC.415 Advanced Care and Prevention of Athletic Injuries (3)
 PHEC.419 Swimming and Pool Management (3)

TRANSFER CREDIT POLICY

Physical education transfer credits will be evaluated by the department on an individual basis. A minimum of one-half of the credit hours required in the major (PHEC) must be completed at Towson State University.

GRADUATE PROGRAM

The Department of Physical Education, in cooperation with the Department of Secondary Education, offers a graduate program leading to a Master of Education degree in Secondary Education with a concentration in physical education. The program is designed to enrich the education of teachers and provide for advanced development of personal competencies congruent with their educational responsibilities. For further information consult the *Graduate School Catalog*.

The College of Education and Instructional Technology

The College of Education and Instructional Technology prepares students to enter the field of education in a variety of career settings. Professional careers for educators are available in school, government, business, media production, military, correctional institutions, counseling, and many other emerging fields.

Towson has a distinguished history in the preparation of classroom teachers. The recent movement of instruction and training specialists into other "nonschool" settings, including industry, has opened new career options for graduates in the field of education. Many employers want their employees to possess the skills and understandings previously associated only with classroom teachers: writing goals and objectives, preparing an instructional system, establishing criteria for evaluating programs, revising, organizing and managing print and nonprint materials, and preparing instructional media.

The faculty of the College of Education and Instructional Technology are committed to research and methods of instruction which prepare individuals for exciting careers in all fields where these skills are needed. Majors within the college will equip students with certification to become classroom teachers or the professional skills needed to qualify for a variety of education-related careers.

TEACHER EDUCATION PROGRAMS

The College of Education and Instructional Technology offers programs of study leading to the baccalaureate degree in education with certification to teach early childhood, elementary and secondary education. In addition, the college offers teacher certification for students enrolled in other colleges of the university.

The College of Education and Instructional Technology is nationally accredited by the National Council for Accreditation of Colleges of Teacher Education (NCATE). The teacher education programs are also approved by the Maryland State Department of Education, which uses the program approval standards set by the National Association of State Directors of Teacher Education and Certification (NASDTEC) and qualifies graduates for certification in all member states. Beginning April, 1986 applicants for Maryland teaching certificates will be required to take the appropriate tests of the National Teachers Examination. Applicants will be required to achieve the appropriate qualifying scores designated by the Maryland State Department of Education.

The aim of the College of Education and Instructional Technology is to assist students to become competent educators. To this end, the faculty are committed to the following goals:

1. To demonstrate a commitment to scholarly growth and research
2. To require that all teaching majors receive a liberal education
3. To promote good interpersonal relationships among persons in the teacher education community
4. To promote in teacher education majors positive attitudes and professional commitment
5. To promote active involvement in campus, community, and professional affiliations
6. To develop in students the ability to interpret, analyze, evaluate, and communicate the content of their teaching specialty
7. To develop in students teaching methods expected of practicing educational professionals
8. To develop in students the values and skills that insure utilization of current instructional media and emerging technologies
9. To develop competencies in students which enable them to teach students of diverse ethnic and cultural backgrounds
10. To develop an understanding of lifelong human development that permits interpretation of learning behavior from childhood through adulthood
11. To support a field experience program that provides early and continuous opportunities to relate theory and practice
12. To produce an evaluation and reward system that encourages superior performance by faculty and students
13. To provide equal opportunity for students to pursue their interests and talents without regard for race, cultural background, sex, or handicaps
14. To provide skills in students to work effectively with exceptional learners, from gifted to those with disabilities
15. To work cooperatively with school systems and other agencies to develop teacher preparation programs that meet current educational needs

SCREENING AND ADVISING CENTER

Hawkins Hall, Room 301, (301) 321-3983

Early Childhood, Elementary and Secondary Education students are requested to visit the Screening and Advising Center (Hawkins Hall 301) during their first semester at Towson. Students will be assigned an advisor and will be given information regarding the basic skills tests and testing dates.

Admission to Teacher Education

The College of Education admits students either as freshmen or as undergraduate transfer students from accredited post-secondary institutions. Students who plan to enter one of the teacher education programs should complete an information form their first semester at Towson. At the center, students will be assigned an advisor according to their chosen major. During the freshman and sophomore years students are generally engaged in preprofessional courses or courses to complete General University Requirements.

Admission to Professional Education Programs

After completing a minimum of 45 credits, students in Early Childhood, Elementary or Secondary Education are required to apply for formal admission to the professional education programs. Application forms are available in the Center for Applied Skills in Education (HH 302). Majors in K-12 programs, such as Art, Music, Physical Education, and Dance, may obtain applications and advisors through their major departments. Full admittance to the professional program is conditional on meeting the following requirements:

1. a cumulative grade point average of at least 2.50 (including transfer credit)
2. a minimum average of at least 2.50 in the academic major
3. completion of the basic skills tests
4. completion of a speech and hearing test
5. completion of English 102 or 190 (104) with a grade of "C" or better

Admission to Student Teaching

Students apply for student teaching on a form provided by the director of the Center for Applied Skills in Education. Applications must be filed by the midsemester date, the semester prior to student teaching.

Students must have completed the following requirements prior to student teaching:

1. a minimum of 75 credits
2. a cumulative grade point average of at least 2.50
3. a minimum average of 2.75 in their academic major
4. a minimum average of 2.75 in the education courses
5. successful completion of the basic skills tests at the competency level determined by the Teacher Education Executive Board
6. completion of an advanced writing course with a grade of "C" or better

Students should arrange to take the basic skills tests during their first semester at Towson. In some cases, supplementary course work or remedial activities may be required prior to student teaching.

Each teacher education student who has reached the appropriate level of competency is placed in one of eight to 10 cooperating school systems. Opportunities are available in rural or urban schools, public and private schools, "self-contained" or "open-space" classrooms with individual teachers or with teams. Students may be placed in schools where methods courses are taught by a college supervisor or individual placements are made for students who have taken methods courses on campus. Every attempt is made to secure the available placement that best meets the needs of the individual.

Differentiated student teaching (an additional and/or special student teaching experience) may be taken by students with the permission of their advisor.

Students enrolled in student teaching experience are charged a fee ranging from \$125 to \$250 per student teaching experience. This fee is used for remuneration to cooperating teachers in schools where student teaching is completed.

LIDA LEE TALL LEARNING RESOURCES CENTER

An elementary school, Nursery to grade 5, the Lida Lee Tall Learning Resources Center is an independent State agency reporting to the Education Coordinating Committee on an annual basis. The center is designed to serve all of Maryland's higher education and local education agencies and is utilized by students and faculty in the College of Education.

CENTER FOR APPLIED SKILLS IN EDUCATION (CASE)

OFFICE

Hawkins Hall, Room 302, (301) 321-2567

Director: MARILYN NICHOLAS

The Center for Applied Skills in Education (CASE) is a service housed and supported by the College of Education and Instructional Technology at Towson State University. The major purpose of the center is to assist students and method instructors in placing students in a variety of field settings such as tutoring, practicum and student teaching

Specific operations of CASE include:

- overseeing all campus-initiated field programs
- administering field placements
- promoting field placements
- identifying schools and agencies to participate as settings for field placements
- screening applicants for field placements
- counseling students regarding field work
- maintaining liaison between off-campus schools/agencies and university departments
- providing in-service for schools and university personnel
- distributing protocols and other teaching materials related to field experiences.

Department of Early Childhood Education

Professors: BOND, KIMSEY (*Graduate Coordinator*)

Associate Professors: FRIEMAN, COULBY

Assistant Professors: CARPENTER, COHN, KARFGIN, LEONARD, POUR, WATERS (*Chair*)

OFFICE

Hawkins Hall, Room 301, (301) 321-2564

PROGRAMS OF THE DEPARTMENT

The Department of Early Childhood Education offers the following programs of study: the *major in Early Childhood Education*, the *combined major in Early Childhood Education and Elementary Education*, and the *Master of Education in Early Childhood Education*. For more information about the graduate program consult the *Graduate School Catalog*.

The Early Childhood Education major is designed for students who have an interest in working with young children from birth through age eight. It is built on the premise that special capabilities and understandings are necessary to teach successfully in the preschool and primary grades.

The major in Early Childhood Education leads to State certification to teach nursery school, kindergarten, and primary grades 1-3.

It also prepares students for positions in other programs for young children such as day care centers, parent and child centers, child life programs, infant stimulation programs, private and other non-public preschool and primary settings.

Early Childhood/Elementary Education Certification

In cooperation with the Elementary Education Department, students can select courses that will enable them to become certified in both Early Childhood Education and Elementary Education. Graduates of this program would be eligible to teach children from birth through age thirteen. Students interested should contact the chairs of both departments to plan their programs.

Alternate Early Childhood Education Major

As a service to teachers who wish to pursue a degree in Early Childhood Education while they are on their teaching assignments and to other workers in programs for young children, the College of Continuing Studies offers an alternate program during evenings and summers for the preparation of nursery school, kindergarten, day care center, and primary teachers which will enable them to major in Early Childhood Education.

MAJOR IN EARLY CHILDHOOD EDUCATION

To meet both the college and Maryland State certification requirements in general education, the student must complete a minimum of 80 hours in the arts and sciences. The required professional education courses in Early Childhood Education total 40 hours. The remaining hours in either the academic areas or professional area are elected by the student to obtain the total of 128 hours needed for graduation. Students must have a "C" or better in all courses in their major, this includes the interdisciplinary methods courses in Music, Art, Physical Education and Science, and the Math and Advanced Writing courses taken concurrently with ECED.342.

Early Childhood Education majors should confer with an Early Childhood advisor during the semester they declare their major in order to be sure they have planned a program that meets university, department and Maryland State Department of Education requirements. This is particularly important if students are planning a combined major, a double major or if they are planning a program of study in special education. Students should follow the special education requirements listed under *Special Education*. Students should consult with their advisors before taking courses on a pass/fail option since courses in their major and courses required for Maryland State Department of Education certification should not be taken on this option.

In addition, each student is required to complete a speech and hearing test as well as a basic skills test before entering the professional program. Successful completion of the tests at the competency level determined by the Teacher Education Executive Board must be achieved by mid-semester of the semester prior to student teaching. In some instances, supplementary course work or remedial activities may be required of students who fail to demonstrate adequate reading, writing or expressive communication skills.

A cumulative GPA of 2.50 is required for entrance into the professional program. A cumulative GPA of 2.50 and a minimum average of 2.75 in major courses are required for admission into student teaching.

Deviations from the program established by the Early Childhood Education Department are permitted only with the consent of the department chair.

Requirements for the Major

Students must complete 80 credits from the following university and departmental required courses. Courses starred should be completed prior to student teaching.

Required University and Department Courses

*ART.105	Art in the Culture (3)
*ARED.373	Art for Early Childhood Education (concurrent with ECED.341) (2)
*ENGL.102	College Writing (3)
*HLTH.101	Current Health Problems (3)
*MATH.204	Concepts of Math for Elementary Teachers I (3)
*MATH.205	Concepts of Math for Elementary Teachers II (3)
*MATH.321	Teaching Mathematics in Early Childhood Education (concurrent with ECED.342) (3)
MUSC.101	Intro. to Music Literature (3)
*MUED.307	Teaching Music in the Elementary Schools (concurrent with ECED.341) (2)
*PHEC.324	Teaching Physical Education in Elementary School (concurrent with ECED.341) (1)
*PSYC.101	General Psychology (3)
*PSYC.201	Educational Psychology (3)
*PSYC.211	Child Psychology (3)
*BIOL.110	Contemporary General Biology (4)
*PHSC.101	Physical Science I (4)
BIOL.303	Life Science
	or
PHSC.303	Earth Space Science (3)
*SCIE.371	Teaching Science in Early Childhood (concurrent with ECED.341) (2)
SOCI.101	Introduction to Sociology (3)
*SPCH.131	Fundamentals of Speech Communication (3)
GEOG.101	Physical Geography (3)
	or
GEOG.102	World Regional Geography (3)
	or
GEOG.109	Introduction to Human Geography (3)
*PHEC.281	Physical Education for Elementary Students I (3)
*ECED.422	Writing Techniques for Teachers in ECE or other approved advanced writing course (preferably taken with ECED.342 or before student teaching) (3)
*ENGL.xxx	English electives (6)
*HIST.xxx	History electives (6)
	Philosophy or Modern Language elective (3)
	Political Science, Anthropology or Economics elective (3)
XXXX.xxx	Non-western culture course (3)

Required Professional Courses

Students must complete 40 credits from the following education courses.

ECED.101	Young Child As A Learner (taken before ECED.341) (3)
ECED.341	Pre-Primary Curriculum (4)
ECED.360	Readiness for Reading (concurrent with ECED.341) (2-3)
ECED.342	Primary Curriculum (4)
ECED.361	Teaching Reading in Early Childhood Education (concurrent with ECED.342) (3)
ECED.343	Issues in Early Childhood Education (concurrent with ECED.351-352) (2)
ECED.351-352	Student Teaching Preschool (5) Primary Grades (5)
EDUC.401	Foundations of Education (3)
ECED.xxx	2 Early Childhood Electives (6)
EDUC.301	Introduction to Special Education: K-12 (3)

Professional Electives

ECED.301	Mat. & Exp. for the Young Child (3)
ECED.355	Differentiated Student Tchg. in ECE (1-8)
ECED.411	Parents and teachers: Partners in ECE (3)
ECED.415	The Day Care Center (3)
ECED.417	Early Identification of Learning Disabilities (3)
ECED.421	Problems in Early Childhood Education (3)

ECED.494	Travel and Study: Early Childhood Education (1-6)
ECED.495	Independent Study in Education: Early Childhood Education (1-4)
ECED.496	Directed Reading: Early Childhood Education (1-4)
EDUC.417	Children's Literature (3)
EDUC.419	Storytelling (3)
EDUC.411	The Hospitalized Child (3)
SPED.441	Special Needs of the Handicapped Child (3)
SPED.497	Practicum: Mildly-Moderately Handicapped Children (1-4)

OTHER ELECTIVES

Eight hours in electives are required to bring the total number of credits to 128 for graduation. Professional or Arts and Sciences courses may be selected.

STUDENT TEACHING SEMESTER

A maximum of 15 credits may be taken during the student teaching semester.

TRANSFER CREDIT POLICY

Transfer students may transfer a maximum of 15 hours toward the Early Childhood Education major. The Introduction to Special Education course must be taken at Towson State.

Department of Elementary Education

Professors: BARBOUR (Chair) HANSON, HAUSERMAN, HOLMES, WILLIAMS

Associate Professors: NICHOLAS, SUHORSKY (Graduate Coordinator), VLANGAS

Assistant Professors: BOYD, MARTIN

OFFICE

Hawkins Hall, Room 403C, (301) 321-2565

PROGRAMS OF THE DEPARTMENT

The Department of Elementary Education offers the following programs of study: the *major in Elementary Education*, the *combined major in Elementary Education and Early Childhood Education*, the *Elementary Education major with a minor* in selected disciplines, the *Master of Education in Elementary Education*, and the *Master of Education in Reading*. For more information about the master's programs, consult the *Graduate School Catalog*.

The major in Elementary Education leads to certification to teach grades 1 through 6, through grade 8 in the middle schools organization, and grade 9 provided content requirements for secondary certification are met. The program provides classroom and laboratory experiences that prepare students for beginning teaching in elementary or middle schools.

Combined Major in Elementary/Early Childhood Education

In addition to the major in Elementary Education, it is possible through judicious course selection to carry a double major or to pursue a combined major.

In cooperation with the Early Childhood Education Department, students can select courses that will enable them to become certified in both Elementary and Early Childhood Education. Graduates of this program would be eligible to teach children from birth through age thirteen. Interested students should contact the chairs of both departments to plan their programs.

Elementary Education Major with a Minor

Elementary majors may arrange programs with minors in other selected disciplines by arrangement with the chair of Elementary Education and the chair of the other department concerned.

Elementary Education Major/Mathematics Minor

Through a cooperative program of the Elementary Education and Mathematics departments, students can use a middle school student teaching experience as a route to elementary certification with a mathematics minor. Interested students should consult with the chairs of the Elementary Education and Mathematics departments as early in their college program as possible.

Program with St. Mary's College

Students at St. Mary's College may obtain credit count certification in Elementary Education by taking their junior year at Towson under the direction of the Coordinator of the Cooperative Education Program and the chair of Elementary Education at the university and the Director of Teacher Education at St. Mary's College.

MAJOR IN ELEMENTARY EDUCATION

To meet both the College and Maryland State certification requirements, students must complete 80 hours in the arts and sciences, at least 34 hours in professional education courses of which a minimum of 21 must be taken at Towson State, and electives to make a total of at least 126 credits. Students must maintain an overall grade point average of 2.50 or higher, and a 2.75 in courses for the major.

Students should consult with their advisors before taking courses on a pass/fail option. Courses in the major and courses required for Maryland State Department of Education certification must not be taken on this option.

Theory and practice are combined to provide a thorough preparation for teaching, and such preparation must be demonstrated prior to student teaching. Students are required to consult with their Elementary Education advisors concerning the basic skills tests to be taken. In many cases, supplementary course work may be required of students who fail to demonstrate adequate reading and writing proficiencies. Successful completion of the basic skills tests must be met by mid-semester of the semester prior to student teaching.

Students graduating after 1985 must complete a special education requirement. Students should consult with their advisors for course suggestions.

Deviations from the program pattern for Elementary majors, in content or sequence of professional education courses, are permitted only with the written consent of the chair of the Elementary Education Department.

Requirements for the Major

Students must complete 83 credits from the following university and departmental required courses, and required skills courses.

The student must take prerequisite courses in art, music, and/or physical education for the two special area methods chosen. The third methods course may be taken as an elective after Student Teaching. Music education courses (MUED) cannot be used to fulfill General University Requirements.

Courses starred (*) should be completed before Student Teaching.

Required University and Departmental Courses

Academic Content

I. REQUIRED SKILLS

A. Physical Education

*PHEC.281 P.E./ELED Students I (1)

*PHEC.282 P.E./ELED Students II (1)

PHEC.324 Teaching P.E. in Elementary School (2)

B. English

A. Biology

*BIOL.110 Cont. General Biology (4)
BIOL.313 Life Science/Elementary School (3)

B. Physical Science

*PHSC.110 Physical Science I (4)
PHSC.313 Earth Space Science (3)

C. Mathematics

*MATH.204 Concepts of Mathematics for Elementary Teachers I (3)
*MATH.205 Concepts of Mathematics for Elementary Teachers II (3)
MATH.323 Teaching Math in Elementary School (3)

V. Social & Behavioral Sciences

A. Geography

*GEOG.101 Physical Geography (3)
or
GEOG.102 World Regional Geography (3)
or
GEOG.109 Introduction to Human Geography (3)

B. Psychology

*PSYC.101 General Psychology (3)
*PSYC.201 Educational Psychology (3)

C. Other. *Select any two courses from the following fields of study:*

Anthropology
ANTH.xxx Elective (3)
Economics
ECON.xxx Elective (3)

Political Science

POSC. Elective (3)

Sociology

SOCI. Elective (3)

D. Health Science

*HLTH.101 Current Health Problems (3)

Professional Education

- *ELED.363 Field Studies in Elementary Teaching (3)
- SPED.301 Introduction to Special Education (3)
- EDUC.417 Children's Literature (3)
- *ELED.311 Child & Elementary School Curriculum (3)
- *ELED.323 Teaching Reading in Elementary School (3)
- ELED.379 Student Teaching (10)
- ELED.462 Elementary Curriculum II (6)
- EDUC.401 Foundations of Education (3)
- EDUC.414 Education Tests & Measurements (3)

Electives (6 credits)

Electives in sufficient number to total at least 126 semester hours are needed. Professional Education or Arts & Sciences courses are recommended. One course should be in ethnic studies.

Special Education

Through a cooperative arrangement with Coppin State College, Early Childhood and Elementary majors can complete a program in Special Education. The program is generic and age specific and requires 39 credits within six special education categories. Some of these credits are in the existing Early Childhood and Elementary programs.

Nine hours are taught by Coppin State faculty. Interested students should consult Dr. Marilyn Lewis-Hoffman (Early Childhood Education) or Dr. Chandler Barbour (Elementary Education).

All undergraduate teacher education students are required to take SPED.301, Introduction to Special Education, in order to complete their program requirements.

Department of General Education

Professors: GUTKOSKA (Coordinator of graduate Reading Program), LEWIS (Coordinator of Special Education), LINDNER, VAN NORMAN (Chair of General Education and Coordinator of General Studies in Education Major), WALL (Research Coordinator)

Associate Professors: GEHRING, HELFRICH, JONES, ROSECRANS (Graduate Coordinator of Instructional Technology graduate programs)

Assistant Professors: BLAIR (Coordinator of Developmental Reading), BURTON (Coordinator of Instructional Technology), CHEEKS, DIETZ, GARTLAND

OFFICE

Hawkins Hall, Room 301 B, (301) 321-2568

PROGRAMS OF THE DEPARTMENT

The General Education Department is responsible for courses that are not limited to a single teacher education program. The Education course listings include "core" and foundational education courses providing knowledge and skills of general application in teaching and training areas. The Instructional Technology and Special Education offerings are also not age or grade-specific.

The Department coordinates the Reading Programs and the Reading Center; the Learning Center; Developmental Reading courses; Special Education; Instructional Technology; and the General Studies in Education Major.

MAJOR IN GENERAL STUDIES IN EDUCATION

(Coordinator: Royce Van Norman, HH 107)

The major in General Studies in Education is a highly individualized program designed to meet the needs of students with special career plans. Typically students choosing this major are not preparing for immediate teacher education certification; however, their preparation allows them to assume entry level positions in education-related careers other than classroom teaching. It is similar to the general arts and sciences major because a concentration of electives within an area of specialty is allowed along with a balanced selection of liberal arts courses.

Requirements for the Major

The student must achieve a 2.00+ GPA and should declare the major by submitting a plan of study no later than the first semester of the junior year. This plan must be approved in *advance* by the student's Education advisor and Coordinator of General Studies in Education.

The student must satisfy the General University Requirements for graduation.

The student must complete 36 additional hours in liberal arts and sciences courses, which may include the Social Sciences and Health. These hours must include work from a minimum of four different departments and be approximately balanced between the arts and the sciences. A rationale for the selection of these courses must be followed.

The student must also include in his or her program a professional component of approved professional courses planned to prepare him or her for a specialty. This component is to be designed with appropriate competencies in an area of expertise chosen by the student and consist of at least 80% upper-division courses which center around a "core" which leads to professional certification or expertise in an education-related occupation.

INSTRUCTIONAL TECHNOLOGY

(Coordinator: Linda Burton, Media Center 201)

Elective courses in Instructional Technology allow students of any major to develop media design, production, and utilization competencies for business, government, non-profit, and educational settings. In addition, the following two programs are available as elective tracks under the General Education Major.

Library and Information Services

This track of the General Education Major is designed for students desiring a career in library and information services in public libraries or special collections.

School Media

Students in this track under the General Education Major may qualify for Maryland State Certification for school "librarian" or media center positions (Education Media Associate, Level I).

For any of the above, a student should contact the coordinator and formally develop a plan of study.

Graduate Study in Instructional Technology

(Coordinator: Dr. Gary Rosecrans, Media Center 200)

The Department of General Education offers a comprehensive graduate program which prepares professionals for careers in the instructional media field. The Instructional Development concentration is intended for those who wish to prepare for training and media positions in business, community and governmental settings. The Library Media concentration is intended for the person who plans to direct a Media Center operation. Persons holding this degree are eligible for certification by the Maryland State Department of Education.

ment of Education as an Educational Media Generalist (Level II). See the *Graduate School Catalog* for details.

READING INSTRUCTION

(Coordinator: Dr. Joseph Gutkoska, HH 107)

A graduate program specifically designed to improve the teaching of reading at all age levels is available for qualified students seeking initial Maryland State Certification as Reading Specialist K-12. See the *Graduate School Catalog* for details.

The Reading Center

This clinic provides diagnostic and remediation services for students of all ages. It provides practicum experiences for graduate students in the Master's degree program in Reading while providing assistance to individuals in the community with reading problems.

DEVELOPMENTAL READING

(Coordinator: A. Karen Blair, HH 107)

Remediation in reading skills is provided for Towson students through the Developmental Studies courses in reading scheduled by the General Education Department in collaboration with the Learning Center. (See Developmental Studies under Student Services Programs.)

The Learning Center

(Director: M. Steve Boone, HH 210)

Tutorial services and re-testing for the Developmental Reading Program as well as for the Teacher Education basic competency screening requirements are provided by this center

SPECIAL EDUCATION

(Coordinator: Dr. Marilyn Lewis, HH 103-A)

Towson State University does not offer a degree in special education. The courses offered in special education are designed to supplement the regular teacher education program to enable teachers to work with atypical or handicapped children who are mainstreamed. All education majors are required to take at least one special education course to strengthen their general programs.

Students who desire Maryland State Certification in Special Education should consult with our coordinator regarding the requirements for approaching this through our cooperative program with another college in the State.

Department of Secondary Education

Professors: BINKO, BRODBELT, JESSUP, KILEY
(Graduate Coordinator), WESLEY

Associate Professors: LAWLOR (Chair), NEUBERT

Assistant Professor: LYONS

OFFICE

Hawkins Hall, Room 405L, (301) 321-2685

PROGRAMS OF THE DEPARTMENT

The Department of Secondary Education offers 15 certification programs in the secondary subject areas of Biology, Business, Chemistry, English, French, General Science, Geography, German,

Health, History, Mathematics, Natural Science, Physics, Social Science, and Spanish.

The department also offers Dual Certification programs that qualify teachers for kindergarten through grade 12 in the following subject areas: Art Education, Dance, Library Media, Music and Physical Education.

All teacher education programs are approved by the Maryland State Department of Education. Upon graduation in one of these programs, students are eligible for certification to teach in Maryland.

The programs of education for junior, middle and high school teachers are designed to bring about close integration between teaching methods and the practical experience of observation and student teaching. **Students are required to file a Declaration of Intention Form. A Secondary Education advisor is required in addition to an advisor in the major for the following majors: English Education, History Education, Mathematics Education, Modern Language Education, Science Education, or Social Science Education.** For information, come to Hawkins Hall 405L.

Concurrently with declaration of intention, students should arrange to take the required basic skills tests. Students should arrange to take these required tests (scheduled every semester) at the first opportunity so that remediation may be sought, if necessary, and proficiency be achieved before student teaching. In some cases, supplementary work may be required of students who fail to demonstrate adequate reading and writing competencies. Students will consult with education advisors to obtain results of the above tests and where necessary to plan for appropriate remediation. **Students must secure approval for student teaching from the Secondary Education Department; it is contingent upon successful completion of the required courses and demonstration of acceptable competencies in the tested areas.** (Student teaching applications must be signed by the education advisor.)

After introductory courses in the nature of today's schools and their students and appropriate field experiences, the prospective secondary teacher enters the student teaching semester. Methods, philosophy, techniques, and practice are combined to provide a thorough preparation for teaching, and such preparation must be demonstrated prior to student teaching. The student teaching semester is followed by a course in the sociological, philosophical, psychological, and historical foundations of education.

To meet new areas of demand, areas of study are being developed in adult education, middle school education, safety education, special education, training, and writing and communications skills.

SECONDARY TEACHER EDUCATION

To obtain teaching certification at the secondary level, students must major in one of the following academic fields: Biology, Business, Chemistry, English, French, Geography, German, Health, History, Mathematics, Natural Science, Physics, Social Science, or Spanish. In addition, students must satisfy the General University Requirements, take the National Teachers Exam, and complete the Professional Education courses listed below.

Required Professional Education Courses

A minimum grade of "C" is required for all courses.

PSYC.201	Educational Psychology (3)
SCED.341	Principles of Secondary Education (4)
	or
SCED.319	Survey of Educational Programs (3) (depending upon your major program)
SCED.460	Teaching Reading in the Secondary School (3) (Taken concurrently with Principles of Secondary Education and shares a required field experience)
SPED.301	Intro. to Special Education (3)
—	Methods of Teaching Major Subject (3-6)

Note: Some methods courses are offered spring or fall only. Check with your advisor.

ISTC.269 Laboratory in Instructional Hardware (1)
 SCED.398 Student Teaching (12)
 EDUC.401 Foundations of Education (3)

Additional requirements to be integrated into GURs:

HIST.145 History of U.S. to Mid-19th Century (3)
 or
 HIST.146 History of U.S. Since Mid-19th Century (3)
 SPCH.131 Fundamentals of Speech Communication (3)
 ——— One Course in Non-Western Culture (3)
 (See secondary education advisor for approved list of courses.)

Subject Matter

Refer to the department under which a specific major is discussed. For instance, those interested in teaching History at the secondary level should refer to the Secondary Education Program of the History Department for specific requirements in that discipline.

GPA Requirement for Student Teaching

Effective September 1988, all students must meet the following GPA requirements to be admitted to student teaching: 2.75 in major field and in professional education courses; 2.50 overall.

KINDERGARTEN-TWELFTH GRADE TEACHER EDUCATION PROGRAMS

Students may obtain certification to teach the following subjects at both the elementary and secondary levels: Art Education, Dance, Library Media, Music and Physical Education.

Students must satisfy the General University Requirements, the professional education courses listed below, and the requirements for each major listed below.

Required Professional Education Courses

PSYC.201 Educational Psychology (3)
 SCED.319 Survey of Educational Programs (3)
 SPED.301 Introduction to Special Education (3)
 ——— Methods of Teaching Major Subject in Elementary School (3-6)
 ——— Methods of Teaching Major Subject in Secondary School (3-6)
 ELED.379 Student Teaching in Elementary School (6-8)
 SCED.— Student Teaching in Secondary School (6-7)
 EDUC.401 Foundations of Education (3)

Additional requirements to be integrated into GURs:

HIST.145 History of US to Mid-19th Century (3)
 or
 HIST.146 History of US Since Mid-19th Century (3)
 SPCH.131 Fundamentals of Speech Communication (3)
 ——— One course in Non-Western Culture (3)*

*(See secondary education advisor for approved list of courses)

Teacher education programs exist in the following areas:

Art Education
 Dance Education
 Library Media
 Music Education
 Physical Education

For required courses and special program information, consult the section of this *Catalog* dealing with each particular major.

Adult Education

The study of Adult Education is designed to prepare teachers of adults in settings outside the school. Particular emphasis is placed on the process of training in business, industry, government, and other institutions. The program has been planned cooperatively with Departments in the School of Business.

An introductory course in learning theories as applied to adults is followed by specialized courses in training techniques, planning instruction, evaluation techniques, design and creation of audiovisual materials, and safety education. Additional coursework in industrial psychology and related areas comprises the final component of the specialization.

Social Restoration Education

Institutionalized youth who are alienated, socially maladjusted, or delinquent, as well as those minors who become wards of the state for other reasons (orphans, or victims of child abuse, for example), need teachers who are especially motivated and who have a range of skills beyond those of minimal teacher preparation. The State of Maryland does not have specific certification requirements for this specialization, but Towson offers a concentration of electives at both undergraduate and graduate levels.

The College of Fine Arts and Communication

The College of Fine Arts and Communication offers degree programs in Art, Dance, Music, Speech and Mass Communication, and Theatre. The objective of these programs is to provide the necessary training and education for students to excel in their chosen professions. Additionally, the college offers all Towson State University students the opportunity to actively participate in both academic and artistic experiences in the arts and communication.

As its commitment to the community at large, the College of Fine Arts and Communication presents numerous concerts, exhibits, plays and film forums which are open to the public. The Asian Arts Center is maintained by the College of Fine Arts and Communication and houses all of the university's collections. The collections are exhibited for the public in the Roberts Gallery and numerous other locations in the university. Fittingly, they are used as teaching tools by faculty members from several disciplines.

PROGRAMS OF THE DEPARTMENT

The Department of Art, designated as the Center for the Visual Arts in the State University and College System, offers a comprehensive program comprised of eight areas of concentration: *Art History, Ceramics, Fibers, Jewelry, Painting, Printmaking, Sculpture, and Visual Communication/Photography*. Associated with these concentrations, five degree programs are offered: the *major in Studio Art*, the *minor in Studio Art*, the *major in Art Education* for students planning to teach at the elementary or secondary levels, the *Master of Education in Art Education* and the *Master of Fine Arts*.

Because the creative process in the visual arts relies so heavily on the dialogue between instructor and students, course work is structured to provide optimum contact on both a group and individualized basis. It is in this atmosphere that the Art Department provides a background for personal creativity, prepares students for graduate study and creates a foundation for careers in art.

FACILITIES

The facilities available to the undergraduate and graduate student are extensive. They are designed to encourage and fully support the creative endeavors of students. Each area of concentration has all of the equipment necessary to assure that students reach their potential.

CAREER OPPORTUNITIES

The Art Department, as a part of Towson State University, has a long tradition of preparing students as highly qualified teachers. To prepare students for other careers in art, the department, in conjunction with the Office of Cooperative Education, has developed internships in the business community. These internships provide students with the experience necessary for achieving success in commercial fields. Internships in interior design, illustration and advertising are just a few of the experiences available.

MAJOR IN STUDIO ART

Art majors must complete 60 credit hours in art. The major program consists of 18 hours of foundation requirements in the freshman year, 15 hours of second-level foundation requirements, and 27 hours in an area of concentration.

Requirements for the Major

Foundation Requirements

First-Level Required Courses (18 credits)

Certain subjects are fundamental to training in all of the arts. In the freshman year, the student begins to acquire the technical skills necessary for a career in the arts. The foundation requirements form a basis for the ability to communicate in visual and verbal terms; to

write about art; to explore media and ideas; and to think and respond creatively.

- ART.103 Two Dimensional Design (3)
- ART.104 Three Dimensional Design (3)
- ART.111 Drawing & the Appreciation of Drawing I (3)
- ART.211 Drawing II (3)
- ART.221 Prehistoric to Medieval Art (3)
- ART.222 Renaissance to Contemporary Art (3)

Second-Level Required Courses (15 credits)

- ART.229 Painting (3)
- ART.xxx Sculpture Course (3)
- ART.xxx Crafts Course (3)
- ART.xxx Two Upper-Division Art History Courses (6)

Each Art major must complete an area of concentration before graduation. The area of concentration is designed to offer advanced studies and intensify the content necessary to develop career goals.

Crafts Concentrations

Ceramics

Required Courses (18 credits)

- ART.231 Ceramics I (3)
- ART.309 Ceramics: The Potter's Wheel (3)
- ART.310 Ceramic Sculpture (3)

ART.371	Production Techniques for the Graphic Designer (3)
ART.373	Illustration (3)
ART.473	Illustration II (3)

Sculpture Concentration

Required Courses (18 credits)

One of the following

ART.240	Modeling: Human Figure (3)
ART.241	Contemporary Sculpture (3)
ART.242	Carving Studio I (3)

Three of the following

ART.311	Wood I (3)
ART.339	Metal Sculpture I (3)
ART.340	Modeling Studio II (3)
ART.341	Sculpture: Contemporary Media and Concepts I (3)
ART.342	Carving Studio II (3)

Two of the following

ART.411	Wood II (3)
ART.439	Metal Sculpture II (3)
ART.440	Modeling Studio III (3)
ART.442	Carving Studio III (3)

Electives (6 credits)

Two of the following

ART.006	Survey of Hand and Power Tools (3)
ART.234	Photography I (3)
ART.308	Ceramics I (3)
ART.310	Ceramic Sculpture (3)
ART.313	Life Drawing and Anatomy I (3)
ART.414	Advanced Studio (To be taken only after advanced advisement) (3)
ART.415	Advanced Studio (3)
ART.416	Advanced Studio (3)
ART.424	Henry Moore to the Present (3)

Art History Concentration

Required Courses (6 credits)

ART.391	Research in Art History (3)
ART.485	Seminar in Art History (3)

Electives (21 credits)

Two of the following

ART.444	Byzantine to Gothic Art (3)
ART.445	Italian Renaissance Art: 15th-16th Centuries (3)
ART.471	Art and Architecture of Ancient Greece (3)
ART.472	Art and Architecture of the Roman Empire (3)
ART.479	Baroque Art and Architecture—17th Century (3)
ART.480	Eighteenth Century Art and Architecture (3)

One of the following

ART.423	Picasso to the Present (3)
ART.424	Henry Moore to the Present (3)
ART.425	Frank Lloyd Wright to the Present (3)

Four of the following

ART.018	Minimex American Art: 17th, 18th & 19th Centuries (3)
ART.131	The Art of China (3)
ART.209	Black Art History (3)
ART.216	The Image of Women in Art (3)
ART.232	The Art of Japan (3)
ART.305	Architectural Concepts (3)
ART.405	Art Principles and Criticism (3)
ART.423	Picasso to the Present (3)
ART.424	Henry Moore to the Present (3)
ART.425	Frank Lloyd Wright to the Present (3)
ART.444	Byzantine to Gothic Art (3)
ART.445	Italian Renaissance Art: 15th & 16th Centuries (3)
ART.471	Art and Architecture of Ancient Greece (3)
ART.472	Art and Architecture of the Roman Empire (3)
ART.479	Baroque Art and Architecture—17th Century (3)
ART.480	Eighteenth Century Art and Architecture (3)

Note: Concurrent foreign language study is strongly recommended, but is not required.

MAJOR IN ART EDUCATION

Students in the Art Education program receive certification to teach art at the elementary and secondary levels in Maryland upon graduation. In addition to the General University Requirements, and the requirements specified by the Department of Secondary Education (see K-12 Teacher Education Programs), students must complete 51 credits in art courses. All requirements for the major in Art Education are listed below.

Students with undergraduate degrees from other accredited institutions and undergraduate transfer students wishing certification, may be required to take 21 of their studio/art history credits in this department.

Requirements for the Major

Foundation Requirements (36 credits)

The first 18 credits of foundation requirements are required for the Art Education major. The second-level foundation requirements are

the same as those required for Studio Art majors, except that Ceramics I (ART.231) must be included in the program.

Area of Concentration Requirements

Required Courses (15 credits)

- ART.225 Design for Visual Communication I (3)
- ART.230 Watercolor and Related Media I (3)
- ART.234 Photography (3)
- ARED.375 Materials and Techniques for Teachers of Art (3)

One of the following

- ART.347 Screen Process I (3)
- ART.349 Relief Process I (3)
- ART.350 Intaglio Process I (3)
- ART.353 Lithographic Process I (3)

Teacher Education Courses (36 credits)

The following courses must be taken before the ARED courses listed below.

- PSYC.101 General Psychology (3)
- PSYC.201 Educational Psychology (3)
- SCED.319 Survey of Educational Programs (3)
- (Students entering with a degree substitute SCED.341, Principles of Secondary Education)

These courses are taken concurrently (fall semester only).

- ARED.475 Teaching Art in the Elementary School (3)
- ARED.477 Field Experience in Art Education (3)
- ARED.479 Teaching Art in the Secondary School (3)

This course precedes student teaching for most Art Education students.

- EDUC.401 Foundations of Education (3)

These are taken concurrently (spring semester only).

- ELED.380 Student Teaching in Elementary School (6)
- SCED.380 Student Teaching in Secondary School (6)
- ARED.455 Pro Seminar in the Teaching of Art (3)

MINOR IN ART

Students who wish a Minor in Art should consult with their departmental advisor.

The following courses must be selected

- ART.103 Two Dimensional Design (3)
- ART.104 Three Dimensional Design (3)

TRANSFER CREDIT POLICY

The Art Department accepts art credits from other accredited colleges and universities. Portfolio evaluation and transfer credit sheets form a basis for course evaluation.

ART HONORS PROGRAMS

The Art Department grants honors in Art Education, Art History, and Studio Art. Admission is granted at the end of the sophomore or beginning of the junior year to students who have the following qualifications: overall cumulative average of 3.25, major average of 3.25, recommendation of advisor to departmental honors coordinator. The minimum requirements for graduation with honors in Art are: overall cumulative average of 3.25 and 3.50 in major field and completion of the honors program of study.

STUDENT WORK POLICY

Material submitted by students to satisfy requirements in any course automatically becomes the property of the Art Department. This

material may be returned to students at the discretion of the faculty member.

Department of Dance

Professor: BREAZEALE (Chair)

Assistant Professors: ANBINDER, RINALDO

Part-Time Faculty: MARTIN, ROTHSCCHILD, STEWART, WANICH, WILLIFORD

OFFICE

Burdick Hall, Room 127, (301) 321-2760

PROGRAMS OF THE DEPARTMENT

The Department of Dance offers the following: *dance courses that fulfill General University Requirements, the Bachelor of Fine Arts degree in Dance Performance, the Bachelor of Fine Arts degree in Dance Performance and Education, including teacher certification for students planning to teach dance, TED (Towson Ensemble Dancers), a professional company, and the Towson State University Dance Company.*

The Dance major program is designed to provide a balance between learning *to dance* and learning *about dance* by following the total spectrum of dance from its physical activity to its expression as a creative art form.

The dance student pursues the development of technical, pedagogical and choreographic ability, and explores the scientific, philosophical and historical foundations of dance. Interdisciplinary experiences closely relate to all aspects of the discipline. Here the undergraduate has the opportunity to explore, succeed, fail, and try again. It is to this end that the plan of study is intended to produce intelligent, knowledgeable and highly skilled young performing artists of the dance.

Towson State University is the only institution of higher education in Maryland to offer the professional and prestigious Bachelor of Fine Arts degree in Dance. All students major in Dance Performance. Students may elect to add the education component. Certification in Labanotation is available in conjunction with the Dance Notation Bureau in New York. Towson State University is an accredited institutional charter member of the National Association of Schools of Dance. The dance major program is also accredited by the National Council for Accreditation of Teacher Education and the National Association of State Directors of Teacher Education and Certification.

Career Opportunities

Undergraduates currently enrolled at Towson State supplement their studies with part-time work teaching and choreographing for local institutions and agencies. During the summer months many students dance professionally at theme parks such as Kings Dominion, Busch Gardens, Opryland and Disneyworld.

To date, the majority of Towson State graduates in dance are employed in full- and part-time dance positions ranging from professional performers and university faculty members to teachers in public schools and private studios. Many go on to graduate school to further their dance education.

ADMISSION TO THE MAJOR

Students must first submit a written application to the Admissions Office. Once accepted to the university, students must audition for the Dance major. Auditions are held periodically throughout the year; prospective majors should contact the Dance Department for

specific dates and an audition application form. The auditions determine the following:

1. acceptance into the Dance major
2. technical level for class placement
3. scholarship recipients

TRANSFER STUDENT POLICY

Students transferring from other institutions must complete a minimum of 20 credits of their dance course requirements in residence at Towson State.

MAJOR IN DANCE PERFORMANCE

The major in Dance Performance leads to the Bachelor of Fine Arts degree. Students in the major must complete 40 credits of required dance courses, 22 credits of required interdisciplinary courses, 18 credits of dance electives, 40 credits of remaining General University Requirements, and the Performance Requirement outlined below. A grade of "C" or higher is required in all courses in the major.

Requirements for the Major

Dance Courses (40 credits)

Students not required to take beginning level courses (as determined in the auditions) can earn the waived credits by taking Supervised Study courses at the intermediate and advanced levels.

DANC.103	Beginning Ballet I (2)
DANC.104	Beginning Ballet II (2)
DANC.107	Beginning Modern Dance I (2)
DANC.108	Beginning Modern Dance II (2)
DANC.109	Jazz Dance I (2)
DANC.203	Intermediate Ballet I (2)
DANC.204	Intermediate Ballet II (2)
DANC.207	Intermediate Modern Dance I (2)
DANC.208	Intermediate Modern Dance II (2)
DANC.303	Advanced Ballet I (2)
DANC.304	Advanced Ballet II (2)
DANC.307	Advanced Modern Dance I (2)
DANC.308	Advanced Modern Dance II (2)
DANC.309	Jazz Dance II (2)
DANC.321	History of the Dance (3)
DANC.331	Dance Composition I (3)
DANC.332	Dance Composition II (3)
DANC.431	Dance Composition III (3)

Interdisciplinary Courses (22 credits)

BIOL.110	Contemporary General Biology (4)
BIOL.213	Human Anatomy & Physiology I (4)
MUSC.101	Introduction to Music Literature (3)
MUSC.105	Elements of Music Theory (3)
THEA.245	Stage Makeup I (2)
THEA.255	Stage Lighting I (3)
THEA.353	Costume Design I (3)

Electives (18 credits)

DANC.001	Minimester Dance Workshop (3)
DANC.002	Classical Ballet Partnering (3)
DANC.111-211	Tap Dance I & II (2,2)
DANC.251	Techniques of Teaching Creative Movement (3)
DANC.310	Jazz Dance III (2)
DANC.323	Labanotation (3)
DANC.341-342	Pointe Technique I & II (2,2)
DANC.370-379	Special Topics in Dance (1-3)
DANC.381-382	Dance Company (2,2)
DANC.401-404	Supervised Study: Ballet (2,2,2,2)
DANC.407-410	Supervised Study: Modern Dance (2,2,2,2)
DANC.411-412	Supervised Study: Pointe (2,2)
DANC.433-434	Dance Production I & II (3,3)
DANC.451	Teaching Dance in Grades K-12 (3)
DANC.481-482	Dance Company (2,2)
DANC.495	Independent Study in Dance (1-3)

Performance Requirements for Majors

To fulfill performance requirements for graduation, dance majors must audition for the TSU Dance Company a minimum of two times during their tenure at Towson State and must fulfill one of the following:

1. Perform with the TSU Dance Company (audition required) for a minimum of 2 years (4-8 credits possible)
or
2. Perform in a minimum of 15 works composed in sections of Dance Composition II and III other than in those sections taken for credit by the student; maximum of 3 works may be from those selected for "Junior Class Project" performance
or
3. Approved plan by Department Chair for a combination of numbers 1 and 2 above
or
4. Transfer students must consult with the Chair of the Dance Department to arrange equivalent performing experiences.

MAJOR IN DANCE PERFORMANCE AND EDUCATION

Dance majors may also wish to obtain certification to teach dance at the elementary and secondary levels. Students in this program receive certification to teach public school in Maryland and reciprocal states upon graduation. The program leads to the Bachelor of Fine Arts degree in Dance Performance and Education.

Students in the Dance Teacher Certification Program should contact the chair of the Dance Department for information on the standards of the program and requirements for student teaching.

Students must complete the required dance courses (40 credits), the required interdisciplinary courses (22 credits), remaining General University Requirements (37 credits), the Performance Requirement outlined above, and the following dance and education courses (33 credits).

DANC.251	Techniques of Teaching Creative Movement (3)
DANC.451	Teaching Dance in Grades K-12 (3)
PSYC.101	General Psychology (3)
PSYC.201	Educational Psychology (3)
SCED.319	Survey of Educational Programs (3)
EDUC.401	Foundations of Education (3)
EDUC.382	Student Teaching in Elementary School (6)
SCED.382	Student Teaching in Secondary School (6)
SPED.301	Introduction to Special Education: K-12 (3)

MEETING GENERAL UNIVERSITY REQUIREMENTS

Dance courses may be used to fulfill Group II of the General University Requirements. DANC.321, History of the Dance, an advanced writing course, may be used to fulfill Group IC.

SCHOLARSHIPS

To qualify for a dance scholarship, students must be full-time Dance majors and members of the TSU Dance Company. Scholarships are renewed as long as the criteria are met and the student remains in good academic standing.

DEPARTMENTAL ACTIVITIES

The Towson State University Dance Company gives performing experience to qualified students through participation in a company that reflects the spirit of the university. The company presents over 15 lecture-demonstrations, concert and television performances, and residencies each year in public and private schools, colleges and universities throughout the state and region. Featuring a repertoire of ballet, modern dance, and jazz/musical theatre dance, each year professional guest choreographers are invited to stage their compositions for the company.

Other departmental activities include: Sigma Rho Delta, a national dance honorary; Children's Dance Division for ages 4-18; an extensive summer program of credit and non-credit courses; a Summer Dance Camp for ages 10-18; professional dance companies and guest instructors as visiting artists-in-residence; TED (Towson Ensemble Dancers), a professional company.

Department of Music

Professors: ALPER, BRUNGARDT, CYR, DRUCKER, GRISWOLD, MARCHAND (*Chair*), MYERS, REYES

Associate Professors: BRISCUSO, LAWRENCE, LEVY, MELICK, RAUSCHENBERG, SZABO

Assistant Professors: ANTHONY, BARCZYK, CLARK, CRAWFORD, JEZIC, MERANI, MOORE, PALANKER, G. PHILLIPS, SPACHT, TAN, TERWILLIGER, THOMPSON

Instructors: DECKER, FRANKEL, KNORR, ROTHLSBERGER, WATTS

Assistant Instructor: D. PHILLIPS

OFFICE

Fine Arts Center, Room 375, (301) 321-2839

PROGRAMS OF THE DEPARTMENT

The Music Department offers two major degree programs in music: a *Bachelor of Arts with concentrations in Vocal Performance and Music Literature*, and a *Bachelor of Science with concentrations in Instrumental Music Education, Vocal-General Music Education, Theory, Instrumental Performance, and Jazz/Commercial Music*. Students enrolled in B.S. programs may, upon completion of the language requirement, receive a B.A. degree. Students pursuing the B.A. degree are required to complete the intermediate courses, or the equivalent, of a modern foreign language. Although there are many courses common to all degree programs and concentrations, each is designed with many of its own special requirements, especially in the junior and senior years. These requirements are found on the following pages. A *music minor* is available for those students who desire to pursue music studies as a secondary field.

Students who wish to apply to the Music Department must write to the chair of the Music Department as well as the Director of Admissions of the university. Applicants will receive information from both offices regarding the necessary entrance requirements and procedures. Admission to the university does not guarantee acceptance into these majors.

Every Music major must enroll for Private Lessons on an instrument or in voice with an instructor provided by the university. All students must perform before a faculty jury at the end of each semester in which they are enrolled in Private Lessons.

In order to continue into the upper-division level, students will be evaluated during their fourth semester as to their academic and performing competencies. This assessment will include an extended jury examination of at least double length.

All students, excepting those pursuing concentrations in Theory and Literature, will perform in recital with the permission of their applied instructors. The Music Education concentrations require a Senior Recital, while the Performance concentrations require both a Junior Recital and a Senior Recital. Students must enroll in Private Lessons the semester(s) of their recital(s). Senior Recital may not be taken during the same semester as student teaching in the music education programs.

All students must reach a level of piano proficiency established for each degree and concentration. Class Piano and Keyboard Harmony are courses designed to assist students in meeting this requirement.

Music Education, Theory, and Literature majors must pass a Piano Proficiency Test administered each semester. Organ majors must complete the upper-division audition requirements for the piano major. All other programs allow the student to take either the aforementioned classes with a grade of at least "B," or pass the Piano Proficiency test.

Ensemble participation is required for all students. Each degree program and/or concentration has its own set of expectations. These are listed under the degree requirements found on the following pages.

Students enrolled in Band, Orchestra, and the methods courses in Guitar, String, Woodwind, and Brass who choose to use a university-owned instrument shall pay a \$15 laboratory fee per semester. Students enrolled in percussion class shall pay a \$10 laboratory fee per semester. There is also a \$15 fee assessed each student who performs in recital.

All students are required to attend 60 approved on-campus recitals/concerts before permission is granted to perform in senior recital. Of these 60, 15 must be faculty performances.

Majors must earn at least a "C" semester grade in all music major courses, ensembles, and lessons. Besides the required music major courses, all students must fulfill the General University Requirements found elsewhere in this *Catalog*. Note: 1) Group II requirement in music is automatically fulfilled, and 2) Music History II fulfills Group I-C advanced writing course requirement. University regulations require that students accrue no less than 32 upper-division (300, 400) credits for graduation. This requirement is automatically met in all degrees/concentrations except Jazz Performance.

The Music Department also participates in the Elementary Education Program by offering, to those majors, Music Fundamentals, and a specific section of Teaching Music in the Elementary School.

CORE COURSES

The following core courses (28 credits) are required for all majors and concentrations in the Music Department.

MUSC.102	Music Literature for Music Majors (3)
MUSC.131	Theory I (2)
MUSC.132	Theory II (2)
MUSC.133	Musicianship I (2)
MUSC.134	Musicianship II (2)
MUSC.231	Theory III (2)
MUSC.232	Theory IV (2)
MUSC.233	Musicianship III (2)
MUSC.234	Musicianship IV (2)
MUSC.301	History of Music I (except for all Jazz concentrations) (3)
MUSC.302	History of Music II (3)
MUSC.435	Form and Analysis (except for Jazz performance concentration) (3)

MAJOR IN MUSIC EDUCATION

Students majoring in Music Education are required to complete the core courses (28 credits), the education core courses (24 credits), and the General University Requirements. Students choose from two areas of concentration: the Vocal-General Music Education concentration (31-36 credits) and the Instrumental Music Education concentration (37-38 credits). Students in this program receive certification to teach music at the K-12 level in Maryland upon graduation.

Requirements for the Major

Music Education Professional Core Courses (27 credits)

PSYC.101	General Psychology (3)
PSYC.201	Educational Psychology (3)
SPED.301	Introduction to Special Education, K-12 (3)

SCED.319	Survey of Education (3)
EDUC.401	Foundations of Education (3)
ELED.391	Elementary Student Teaching (6)
SCED.391	Secondary Student Teaching (6)

Vocal—General Music Education Concentration (31-36 credits)

	Applied Private Lessons (7)
	Six semesters in ensemble, five of which must be in University Chorale or Choral Society, one of which may be in Early Music Ensemble or Chamber Singers; additional voice major requirement, one semester Opera Workshop; additional guitar requirement, 4 semesters Guitar Ensemble.
MUSC.221	Voice Class I: guitar and keyboard majors only (1)
MUSC.222	Voice Class II: guitar and keyboard majors only (1)
MUED.241	Teaching Guitar in the Classroom (2)
MUSC.327	Choral Conducting (3)
MUSC.335	Choral and Instrumental Arranging (3)
MUED.307	Teaching Music in the Elementary School (4)
MUED.309	Methods of Teaching Music in the Secondary School (2)
MUED.337	Teaching Choral Music in the Elementary and Secondary School (2)
MUSC.499	Senior Recital (1)

Instrumental Music Education Concentration (37-38 credits)

	Applied Private Lessons (7)
	Ensembles: wind and percussion majors, 6 semesters in Band or Orchestra, 2 semesters in Marching Band, 1 semester in Conducting Lab Ensemble; string majors, 7 semesters in Orchestra or Band, 1 semester in Marching Band, 1 semester in Conducting Lab Ensemble
MUSC.221	Voice Class I (1)
MUSC.211	Brass Class I (brass majors omit) (1)
MUSC.212	Brass Class II (1)
MUSC.215	Percussion Class I (1)
MUSC.216	Percussion Class II (1)
MUSC.236	Percussion Workshop (percussion majors only who omit MUSC.215/216) (1)
MUSC.219	Lower String Class (1)
MUSC.220	Upper String Class (1)
MUSC.223	Woodwind Class I (1)
MUSC.224	Woodwind Class II (1)
MUSC.307	Marching Band Techniques (0.5)
MUSC.329	Instrumental Conducting (3)
MUSC.335	Choral and Instrumental Arranging (3)
MUED.307	Teaching Music in the Elementary School (4)
MUED.308	Methods of Teaching Instrumental Music (Secondary) (2)
MUSC.499	Senior Recital (1)

MAJOR IN MUSIC

Students majoring in Music are required to complete the core courses (28 credits), the concentration requirements (45-49 credits) and the General University Requirements. Areas of concentration include Performance, Theory and Literature, and Jazz/Commercial.

Requirements for the Major

Performance Concentrations

Voice Performance Concentration (49 credits)

	Applied Private Lessons (16)
	Ensemble: 6 semesters in either University Chorale, Choral Society, or Women's Chorus; 2 semesters in Opera Workshop; 4 credits from above or from Early Music Ensemble or Chamber Singers (12)
MUSC.245	Diction for Singers I (English & Italian) (2)
MUSC.246	Diction for Singers II (French & German) (2)
MUSC.327	Choral Conducting (3)
MUSC.399	Junior Recital (1)

MUSC.406	Survey of Solo Voice Literature (3)
MUSC.499	Senior Recital (1)
MUSC.xxx	Electives selected from upper-division literature or theory three-credit courses (9)
	Intermediate level in German, or French, or Italian

Guitar Performance Concentration (48 credits)

	Applied Private Lessons (16)
	Ensemble: 8 semesters of Guitar Ensemble; 4 additional credits in any ensemble (12)
MUSC.327	Choral Conducting (3)
	or
MUSC.329	Instrumental Conducting (3)
MUSC.399	Junior Recital (1)
MUSC.409	History and Literature of Guitar, Lute and Vihuela (3)
MUSC.499	Senior Recital (1)
MUSC.xxx	Electives selected from upper-division literature or theory three-credit courses (12)

Keyboard Performance Concentration (47 credits)

	Applied Private Lessons (16)
	Applied Voice Lessons (organ majors take additional voice lesson) (1) Ensemble: Piano majors take 6 semesters in Solo/Ensemble Accompanying, 2 credits in any other ensemble; organ majors take six semesters in choral ensembles, 2 in any other ensemble. (8)
MUSC.221	Voice Class I (organ majors) (1)
MUSC.327	Choral Conducting (3)
	or
MUSC.329	Instrumental Conducting (3)
MUSC.399	Junior Recital (1)
MUSC.410	Survey of Organ Literature (organ majors only) (3)
MUSC.417	Piano Literature (piano majors only) (3)
MUSC.499	Senior Recital (1)
MUSC.xxx	Electives selected from upper-division literature or theory three-credit courses (15)

String/Winds/Percussion Performance Concentration (49 credits)

	Applied Private Lessons (16) Ensembles: 8 semesters in either band or orchestra; 8 semesters of other instrumental ensembles chosen under the supervision of the ensemble directors and applied teachers (16)
MUSC.329	Instrumental Conducting (3)
MUSC.399	Junior Recital (1)
MUSC.499	Senior Recital (1)
MUSC.xxx	Electives selected from upper-division literature or theory three-credit courses (12)

Theory and Literature Concentrations

Theory/Composition Concentration (47 credits)

	Applied Private Lessons (8)
	Ensemble: 1 each semester (8)
MUSC.221	Voice Class (1)
MUSC.304	Basic Composition (3)
	or
MUSA.387	Comp. Priv. Lessons
MUSC.335	Choral and Instrumental Arranging (3)
MUSC.327	Choral Conducting (3)
	or
MUSC.329	Instrumental Conducting (3)
MUSA.388	Comp. Priv. Lessons (2)
MUSA.487	Comp. Priv. Lessons (2)
MUSA.488	Comp. Priv. Lessons (2)
MUSC.407	Tonal Counterpoint (3)
MUSC.408	Modal Counterpoint (3)
MUSC.431	Advanced Arranging (3)
MUSC.xxx	Electives selected from upper-division literature or theory three-credit courses (6)

Music Literature Concentration (49 credits)

- Applied Private Lessons in one medium (8)
- Ensemble: 1 each semester (8)
- MUSC.335 Choral and Instrumental Arranging (3)
- MUSC.407 Tonal Counterpoint (3)
- MUSC.493 Independent Research in Music Literature (3)
- MUSC.xxx 15 elective credits selected from upper-division literature courses: 9 elected credits selected from either upper division literature courses or from theory courses (24)
- Intermediate level in any foreign language

Jazz/Commercial Concentrations

Theory/Composition Concentration (45 credits)

- Applied Private Lessons (8)
- Composition Private Lessons (8)
- Ensembles: 8 semesters in jazz ensemble; 6 credits of other instrumental ensembles chosen under the supervision of the ensemble directors and applied teachers (14)
- MUSC.323 Jazz Theory (3)
- MUSC.325 Jazz Repertoire (3)
- MUSC.427 Jazz Arranging (3)
- MUSC.429 Jazz Improvisation I (3)
- MUSC.430 Jazz Improvisation II (3)

Performance Concentration (46 credits)

- Applied Private Lesson (saxophone majors; 8 credits on sax and 8 credits on at least one woodwind double; bass majors, 8 credits on acoustic, 8 credits on electric; guitar majors, 8 credits on jazz/commercial, 8 credits on classical. (16)
- Ensembles: 8 semesters of jazz; 8 credits of other instrumental ensembles chosen under the supervision of the ensemble directors and applied teachers (16)
- MUSC.323 Jazz Theory (3)
- MUSC.325 Jazz Repertoire (3)
- MUSC.399 Junior Recital (1)
- MUSC.429 Improvisation I (3)
- MUSC.430 Improvisation II (3)
- MUSC.499 Senior Recital (1)

MINOR IN MUSIC

A Music minor is available for those students who desire to pursue music studies as a secondary field. The minor in Music requires 24 credits in the following courses.

- MUSC.102 Music Literature for Music Majors (3)
- MUSC.105 Elements of Music Theory (or a music major theory course based upon Theory Placement Test results) (3)
- MUSC.xxx Electives in lower-division courses selected after advisement with chair (6)
- MUSC.xxx Electives in upper-division courses selected after advisement with chair (12)

GENERAL UNIVERSITY REQUIREMENTS

The Music Department also offers courses designed for students who are non-music majors or minors. These courses are primarily taken to satisfy a General University Requirement. The department has specifically recommended several courses, within their catalog descriptions, which it believes best meet the intent of the GURs.

TRANSFER CREDIT POLICY

Transfer of major credits is based upon an audition, a theory placement test, and an interview with the department chair. At the minimum, students are required to complete 24 major credits at Towson.

GRADUATE PROGRAM

The department offers a master's degree in Music Education. Entrance requirements and the program of study are available from the department's graduate coordinator.

Department of Speech and Mass Communication

Professors: COWAN, MATLON (*Chair*)

Associate Professors: BOSLEY, LOGUE, VATZ

Assistant Professors: BLAKLEY, BRADLEY, FLIPPEN, KIM, LEV, MacKERRON, MIDURA, MOORE, SCODARI, WEISS

Instructors: FALLER, STANLEY

OFFICE

Van Bokkelen Hall, Room 109, (301) 321-2891, 321-2890

PROGRAMS OF THE DEPARTMENT

The Speech and Mass Communication Department offers the following programs of study: the *Speech Communication major*, the *Mass Communication major*, *minors in both Speech Communication and Mass Communication*, and the *Master of Arts in Mass Communication*.

The curricula in the department are designed to provide a broad liberal education as well as special professional training with emphasis placed upon acquiring knowledge as well as skill.

Students who wish to qualify for either major must register with the Department of Speech and Mass Communication and declare their major. Students electing majors should register as soon as possible in their college careers, preferably early in their freshman year and certainly no later than the beginning of their sophomore year. Students who wish to major in Mass Communication and minor in Speech Communication or vice versa may "cross-over" or apply 12 credits from the major to the appropriate minor. The student wishing to major in either area in the department should call for an appointment to talk with an academic advisor.

The Speech and Mass Communication programs at Towson State University prepare students for various careers. For example, graduates are employed by radio and television stations, newspapers, film companies, public relations firms, and governmental agencies. The program also prepares students for graduate school.

MAJOR IN SPEECH COMMUNICATION

The public and private sectors search for college graduates with competencies in oral communication—speaking and listening skills in contexts of interpersonal, organizational, and public communication. Within an organization, 80 percent of the communication is oral, while 20 percent is written. Thus those students majoring in Speech Communication should be an asset to any organization from government agencies, private industry, public institutions to graduate programs in communication. Specifically, a Speech Communication major/minor could lead to employment in such areas as personnel, sales, lobbying, internal communication, law, public relations, higher education instruction, and communication consulting.

Requirements for the Major

The major in Speech Communication requires 36 credit hours in speech and mass communication courses. Students must complete 12 credit hours of core courses, nine credit hours of performance courses, nine credit hours of theory courses, three credit hours of media courses, and three credit hours in an elective course. The Pass/D/F option is *not* available for courses applied to the major or minor. The Bachelor of Arts degree may be earned by adding a foreign language to the major course requirements. The language requirement can be met by completing the intermediate level of a modern foreign language or the equivalent.

Core Courses (12 credits)

- SPCH.131 Fundamentals of Speech Communication (3)
- MCOM.211 Communication Process (3)
- SPCH.321 Interpersonal Communication (3)
- SPCH.419 Organizational Communication (3)

Performance Courses (9 credits)

- MCOM.315 Business and Professional Communication (3)
- SPCH.221 Oral Interpretation of Literature (3)
- SPCH.249 Forensics I (1)
- SPCH.250 Forensics II (1)
- SPCH.303 Advanced Public Speaking (3)
- SPCH.320 Readers Theatre (3)
- SPCH.331 Advocacy and Argument (3)
- SPCH.349 Forensics III (1)
- SPCH.350 Forensics IV (1)

Theory Courses (9 credits)

- MCOM.213 Listening (3)
- SPCH.216 Group Discussion (3)
- SPCH.301 Non-Verbal Communication (3)
- SPCH.304 Persuasion (3)
- SPCH.420 Communication in the Legal Process (3)
- SPCH.495 Independent Study in Speech Communication (3)

Media Courses (3 credits)

- MCOM.151 Introduction to Journalism (3)
- MCOM.201 Introduction to Broadcasting (3)
- MCOM.202 Introduction to Film (3)
- MCOM.271 Television Production I (3)
- MCOM.353 Publicity and Public Relations (3)
- MCOM.355 Newswriting (3)

Elective (3 credits)

One additional course must be selected from those courses listed above.

MINOR IN SPEECH COMMUNICATION

The Speech Communication minor requires 24 credit hours. The minor includes the core courses, a performance course, a theory course, a media course and an elective from those courses listed above. At least 12 of the 24 credits must be upper division.

MAJOR IN MASS COMMUNICATION

This program offers a broad understanding of the processes, functions and responsibilities of mass communication. Development of skills in fact finding, analysis and communication through the mass media is stressed. The program prepares the student for graduate work and offers excellent background for many careers such as law, public relations, business, communications media, sales and management. Flexibility is purposely built into the program so that the needs of students with special objectives may be met. Majors are advised to obtain a broad background in the fine arts, humanities, and social sciences.

Requirements for the Major

The major in Mass Communication requires 36 credit hours in speech and mass communication courses. Students must complete 18 credits in core courses and 18 credits in elective courses. The Pass/D/F option is *not* available for courses applied to the major or minor. The Bachelor of Arts degree may be earned by adding a foreign language to the major course requirements. The language requirement can be met by completing the intermediate level of a modern foreign language or the equivalent.

Core Courses (18 credits)

- MCOM.151 Introduction to Journalism (3)
- MCOM.201 Introduction to Broadcasting (3)
- MCOM.202 Introduction to Film (3)
- MCOM.211 Communication Process (3)
- MCOM.315 Business and Professional Communication (3)
- MCOM.353 Publicity and Public Relations (3)

Electives (18 credits)

One of the following

- MCOM.265 Radio Production I (3)
- MCOM.267 Filmmaking I (3)
- MCOM.271 Television Production I (3)

One of the following

- MCOM.355 Newswriting (3)
- MCOM.356 Feature Writing (3)
- MCOM.377 Broadcast Film Writing (3)
- MCOM.496 Independent Study in Journalism (3)
- MCOM.497 Independent Study in Public Relations (3)

Twelve credits of mass communication (MCOM) or speech (SPCH) courses.

These credits may not include the following: SPCH.131, Fundamentals of Speech Communication, the 18 credits of core courses, or the six credits of electives selected above. No more than six credits of independent study and/or practicum can be applied to the major.

MINOR IN MASS COMMUNICATION

Requirements for the Minor

Core Courses (18 credits)

- MCOM.151 Introduction to Journalism (3)
- MCOM.201 Introduction to Broadcasting (3)
- MCOM.202 Introduction to Film (3)
- MCOM.211 Communication Process (3)
- MCOM.315 Business and Professional Communication (3)
- MCOM.353 Publicity and Public Relations (3)

Electives (6 credits)

One of the following

- MCOM.265 Radio Production I (3)
- MCOM.267 Filmmaking I (3)
- MCOM.271 Television Production I (3)
- MCOM.355 Newswriting (3)
- MCOM.358 Newsediting and Copyreading (3)
- MCOM.377 Broadcast Film Writing (3)

Three semester hours of Mass Communication or Speech courses except SPCH.131 (Fundamentals of Speech Communication), the 18 credits of core or the 3 credits of electives above. No more than six credits of independent study and/or practicum can be applied to the minor.

TRANSFER CREDIT POLICY

Transfer students should register with the department during their first semester at the university. Transfer students are required to take 20 hours in residence in their major area. The department will transfer into the major or minor up to 16 semester hours of compatible lower-division courses from local community colleges. Upon admission to the university, transferees are responsible for meeting with their advisors to formalize this transfer of credits. Students are strongly urged not to take courses in the major at the community college level if they plan to transfer; rather, they should work on General University Requirements. Transfer students from other institutions will be required to petition the department for transferring up to 16 semester hours into the major or minor. Applications for transfer of credits are the responsibility of the student. The applications and examinations will be reviewed by the faculty and the students will be notified as to the status of their application.

DEPARTMENTAL SCHOLARSHIPS

The Patrick J. O'Connell Memorial Scholarship is available each semester for Mass Communication students with a special interest in Broadcast Journalism, Cinematography, Journalism or Public Relations. The department also offers five Dean's Talent Scholarships each year for students with at least 18 hours completed in their major. For other scholarship opportunities, contact Dr. S. J. Kim, department scholarship coordinator.

DEPARTMENTAL ACTIVITIES

Departmental activities include support for the following active student organizations: Forensics Union (Debate Team), Pi Kappa Delta (national honorary forensics society), Society of Professional Journalists (SDX-SPJ), National Honorary Broadcasting Society (Alpha Epsilon Rho-AER), Mass Communication Association/Film Society, and the Public Relations Student Society of America.

Students are encouraged to participate in the campus radio station, WTSR-AM and WCVT-FM, the department's student newspaper, *The Towsonian*, and the Cinematography Laboratory.

GRADUATE PROGRAM

The Master of Arts degree in Mass Communication is structured to integrate communicology, film, journalism, public relations, radio and television. By emphasizing the interrelationships and interactions of various media, the program is modeled upon an holistic design.

Students who complete the Master of Arts degree in Mass Communication should develop an in-depth knowledge of the history, philosophy, research methods and professional media skills appropriate to their academic pursuits and career goals.

Detailed information regarding the program is given in the *Graduate School Catalog*.

Department of Theatre Arts

Professor: C. R. GILLESPIE

Associate Professors: BAKER, LOESCHKE, (Chair),
MANLOVE

Assistant Professors: PIERSON, WAINSCOTT

Part-Time Faculty - Regular: S. GILLESPIE

Part-Time Faculty: BRADLEY, CASCIERO, DOSTER,
DUVALL, FLETCHER, HJELMERVIK, HOLDEN,
PENNIMAN, SHUB, STRUEBER

Staff: CASCELLA, KITZ

OFFICE

Fine Arts Center, Room 354, (301) 321-2792, 321-2793

PROGRAMS OF THE DEPARTMENT

The Department of Theatre Arts offers the *major* and *minor* in Theatre Arts. Theatre majors must complete one of four areas of concentration: Acting/Directing, Technical Theatre and Design, Costume Design/History and Construction, or General Theatre.

The curriculum in the department is designed to provide the best possible learning and training for the student wishing to major in Theatre Arts. The program is designed to provide, in cooperation with other departments, a broad liberal education as well as specialized professional training with the emphasis placed upon skills as well as knowledge. The main emphasis is the creation of an artistic point of view on the part of the student.

The major in Theatre Arts is time consuming and physically demanding. Participation in Main Stage and Studio productions is a part of the educational program. All Theatre majors are required to participate in crew work for productions. Majors must be free to participate in theatre activities on weekends and evenings.

MAJOR IN THEATRE ARTS

Theatre Arts majors must complete 42 credit hours in theatre. The major program consists of 27 credits of required courses and a minimum of 15 elective credits of 300-400 level in theatre. Students are expected to take any necessary lower-division prerequisites before attempting the required upper-division electives. Students are also expected to complete all courses required for their track.

Requirements for the Major

THEA.101	Beginning Acting (3)
THEA.125	Script Analysis (3)
THEA.211	History of Theatre & Drama I (3)
THEA.212	History of Theatre & Drama II (3)
THEA.213	History of Theatre & Drama III (3)
THEA.241	Costume History and Design (3)
	or
THEA.242	Costume History and Design (3)
THEA.251	Stagecraft I (3)
THEA.491	Theatre Production (3)
THEA.499	Special Project in Theatre Research (3)

There are four tracks in the Theatre Department. Majors must select a track and work with a faculty advisor to select courses in that area of concentration.

Acting/Directing Track

THEA.125	Script Analysis (3)
THEA.203	Voice Production for the Actor (3)
THEA.205	Theatre Games (3)
THEA.221	Intermediate Acting I (3)
THEA.231	Mime I (3)
THEA.245	Stage Makeup I (2)
THEA.246	Stage Makeup II (2)
THEA.261	Acting for Musical Theatre I (3)
THEA.262	Acting for Musical Theatre II (3)
THEA.301	Techniques of Comedy (3)
THEA.305	Feminist Theatre (3)
THEA.307	Theories of Theatre (3)
THEA.309	Intermediate Acting II (6)
THEA.313	Scene Study I (3)
THEA.315	Scene Study II (3)
THEA.331	Play Directing I (3)
THEA.332	Mime II (3)
THEA.343	Advanced Voice Production for the Actor (3)
THEA.405	Acting & Writing for Feminist Theatre (3)
THEA.421	Play Directing II: The Contemporary Play (3)
THEA.425	Problems in Acting Style (1-9)
THEA.427	Problems in Directing (1-9)
THEA.487	Professional Theatre Seminar (1-12)
THEA.489	Senior Acting Seminar (3)
THEA.493	Problems in Theatre (1-9)

Theatre Design & Technical Production Track

Lighting Design

THEA.141	Graphic Techniques (3)
THEA.201	Scenery Design I (3)
THEA.209	Sound Design (3)
THEA.251	Stagecraft I (3)
THEA.255	Stage Lighting I (3)
THEA.307	Theories of Theatre (3)
THEA.351	Stagecraft II (3)

- THEA.355 Stage Lighting II (3)
 THEA.429 Problems in Technical Theatre (1-9)
 THEA.480 Problems in Design (1-9)
 THEA.487 Professional Theatre Seminar (1-12)

Scenery Design

- THEA.141 Graphic Techniques (3)
 THEA.201 Scenery Design I (3)
 THEA.251 Stagecraft I (3)
 THEA.255 Stage Lighting I (3)
 THEA.307 Theories of Theatre (3)
 THEA.351 Stagecraft II (3)
 THEA.361 Scenery Design II (3)
 THEA.429 Problems in Technical Theatre (1-9)
 THEA.445 Scene Painting (3)
 THEA.480 Problems in Design (1-9)
 THEA.487 Professional Theatre Seminar (1-12)

Stage and Production Management

- THEA.141 Graphic Techniques (3)
 THEA.201 Scenery Design I (3)
 THEA.209 Sound Design (3)
 THEA.255 Stage Lighting I (3)
 THEA.257 Stage and Production Management (3)
 THEA.331 Play Directing I (3)
 THEA.421 Play Directing II: The Contemporary Play (3)
 THEA.429 Problems in Technical Theatre (1-9)
 THEA.480 Problems in Design (1-9)
 THEA.487 Professional Theatre Seminar (1-12)

Technical Theatre

- THEA.141 Graphic Techniques (3)
 THEA.201 Scenery Design I (3)
 THEA.209 Sound Design (3)
 THEA.251 Stagecraft I (3)
 THEA.255 Stage Lighting I (3)
 THEA.257 Stage and Production Management (3)
 THEA.351 Stagecraft II (3)
 THEA.429 Problems in Technical Theatre (1-9)
 THEA.443 Structural Design (3)
 THEA.480 Problems in Design (1-9)
 THEA.487 Professional Theatre Seminar (1-12)

Costume Design/History Track

- THEA.125 Script Analysis (3)
 THEA.241 Costume History and Design (3)
or
 THEA.242 Costume History and Design (3)
 THEA.245 Stage Makeup I (2)
 THEA.246 Stage Makeup II (2)
 THEA.353 Costume Design I (3)
 THEA.453 Costume Design II (3)
 THEA.480 Problems in Design (1-9)
 THEA.487 Professional Theatre Seminar (1-12)
 THEA.493 Problems in Theatre (1-9)

General Theatre Track

Students may select from any of the courses offered by the department for this concentration, with the supervision of a theatre faculty advisor, including the courses below.

- THEA.125 Script Analysis (3)
 THEA.207 Theatre Arts for Children (3)
 THEA.307 Theories of Theatre (3)
 THEA.285 Beginning Theatre Workshop (4)
 THEA.311 Children's Theatre Production (3)
 THEA.407 Theatre Arts for Children, Advanced (3)
 THEA.485 Advanced Theatre Workshop for Secondary School Teachers (4)

MINOR IN THEATRE ARTS

The Theatre Arts minor is required to take 24 credit hours in theatre. At least 12 of these hours must be at the upper-division level. The student is required to take one acting course and one course in the Technical Theatre, Design or Costuming concentrations. The student must successfully complete three non-credit supervised production experiences. The student is encouraged to pursue an area of concentration in the department (Acting/ Directing, Technical Theatre/Design, Costuming, or General) under the supervision of an advisor.

MEETING GENERAL UNIVERSITY REQUIREMENTS

The Theatre Arts Department offers courses that are designed for students who are non-theatre majors or minors. These courses are primarily taken to satisfy a General University Group II requirement. Theories of Theatre (THEA.307) may be used to fulfill Group I-C.

TRANSFER CREDIT POLICY

Students transferring from other institutions and planning to major in Theatre Arts at Towson are required to complete a minimum of 20 hours of theatre arts courses at Towson. Transfer of credits toward the theatre major will be determined by the chair. Transfer students should schedule an interview with the chair at the first opportunity.

The College of Liberal Arts

The liberal arts are the core disciplines of the university, those disciplines whose business it is to study and interpret what it means to be human, both as individuals and as members of groups. Study of the liberal arts is liberating in that it frees us to think more clearly, to analyze and interpret information, to weigh points of view, to arrive at informed judgments about complex issues, and to appreciate the rich diversity of human culture.

Every matriculated undergraduate in the university will take courses in the College of Liberal Arts, courses designed to assist students in developing those comprehensive tools of skill and knowledge which mark the liberally educated person: objectivity in interpreting information, creativity in forming and expressing conclusions, clarity of expression, and the ability to move comfortably in the world of ideas and values.

More than 2500 undergraduates are majoring in the programs of the College of Liberal Arts, and over 300 graduate students are pursuing masters' degrees in the college. For these students, "doing" the liberal arts is an even more pervasive and intensive experience.

The end product of a liberal education is a total human being. In the words of James L. Ferguson, who leads one of the world's largest corporations, General Foods, there is a need throughout society for people "capable of a perceptive view of things in the whole as well as in part, those with the ability to comprehend and to empathize, to listen to people and to hear clearly what they say about their needs and aspirations, to elicit the needs and skills of others, to bring them together and work in concert toward a solution or an objective. I cannot conceive a more persuasive case for the value of a liberal arts education."

Annette M. Chappell, Dean

PROGRAMS OF THE DEPARTMENT

To meet the needs of the full range of students at the university, the English Department offers several different programs: *General University Requirements* and electives, giving specific, practical training in the writing, reading and language skills necessary for a liberal education; the *English Major: Liberal Arts track*, for students with a vocational interest in language and literature; the *English Major: Secondary-Education track*, for students planning to teach English; the *English Major: Writing track*, for students preparing to use writing as an occupational skill; the *English Minor*, for students who have an interest in literature but choose a different major; and the *Minor in World Literature*, for students who wish to explore interdisciplinary relationships in the study of English, History, and Modern Languages. In addition, the department supports General Studies concentrations in American Studies, Afro-American Studies, Ethnic Studies, and Women Studies.

All courses offered by the English Department encourage an appreciation of literature through reading, analysis, and writing. Since authors deal with every subject of human interest, English courses share the insights with many other disciplines. As a result, many students add a concentration in English to their regular programs, and others elect courses in English to broaden their academic experience. Today, such study becomes increasingly important not only for fulfilling vocational requirements but also for meeting the demands of daily life.

Foreign Language Recommendation

The department strongly recommends that students who plan to enter graduate study in English earn a B.A. by completing the intermediate level of a foreign language.

MAJOR IN ENGLISH

The undergraduate degree in English is now earned through completing one of three tracks.

The Liberal Arts Track (36 credits) is designed for those students with a vocational interest in language and literature, for those preparing for graduate study in English, and for those using an English major as foundation for entering a professional school (law, medicine, journalism, and others).

The Writing Track (42 credits) provides students with an opportunity to refine the techniques and applications of writing essential for careers as writing specialists in government, business, and industry.

The English Secondary Education Track (36 credits) prepares students to serve as teachers of English and language arts in middle,

junior high, and senior high schools and to meet national and Maryland State standards for certification.

Requirements for all tracks are similar and established to assure that upon graduating from the university an English Major has not only specialized experience established through a particular track but also reasonable competence in each of the major tracks for studying language and literature: studies of literary heritage; analysis and research; language and linguistics; writing.

More specifically, majors will gain understanding of literary heritage through completing 18 credits of coursework including surveys of the development and historical periods of literature, studies of literary genre, and explorations of the thematic, topical, and metaphorical relationships of literature. An understanding of analysis and research derives from each student completing six to nine credits of coursework in formal analysis of genre, literary analysis and research, and an in-depth study of at least one major writer and related scholarship. A knowledge of linguistics comes through completing at least three upper-division credits of coursework in the area. Effective writing is assured both by the department's policy that all courses emphasize effective writing and by the requirement that every student complete six to nine credits in coursework centered on learning the techniques of exposition: College Writing or Honors College Writing; Literary Research and Applied Criticism; one upper-division course in expository writing.

In meeting requirements outlined above, a student will earn most of the 36 to 42 credits for the English major. However, apart from a few specified courses, the student has multiple options in choosing the subjects that fulfill requirements. Each student is encouraged to work closely with his or her departmental advisor to plan a program that is purposeful, one that simultaneously explores the student's interests and leads to coherent pattern of study.

Requirements for the Major

Liberal Arts Track

The Liberal Arts Track requires a total of 36 credits with a grade of "C" or better.

I. Literary Heritage (18 credits required)

A. Surveys of Development and Period

- ENGL.221 (204) British Literature to 1798 (3)
- ENGL.222 (205) British Literature Since 1798 (3)

Two of the following. One course from this group or from the Literary Genre group below must represent literature before 1798 (courses marked with an asterisk).

- ENGL.321 (340) Medieval British Literature* (3)
- ENGL.323 (302) British Renaissance Literature* (3)
- ENGL.324 (303) British Literature of the Later Renaissance* (3)
- ENGL.325 (345) Eighteenth-Century British Literature* (3)
- ENGL.326 (335) Literature of the British Romantic Period (3)
- ENGL.327 (337-38) The Victorian Age (3)
- ENGL.341 (328) History and Literature of the Old Testament* (3)
- ENGL.431 (417) Literature of the American Romantic Period (3)
- ENGL.432 (428) Literature of the American Realistic Period (3)

B. Literary Genre

One of the following

- ENGL.322 (319) British Medieval and Renaissance Drama* (3)
- ENGL.331 (309) American Drama (3)
- ENGL.344 (323) The Continental Novel (3)
- ENGL.345 (361) Perspectives in World Drama* (3)
- ENGL.346 (321) Modern Drama (3)
- ENGL.420 (422) Development of the British Novel: Eighteenth Century* (3)
- ENGL.421 (423) Development of the British Novel: Nineteenth Century (3)
- ENGL.422 (419) Development of the British Novel: Twentieth Century (3)

- ENGL.423 (420) Modern British Poetry (3)
 ENGL.433 (435) American Short Story (3)
 ENGL.435 (445) Development of the American Novel:
 Nineteenth Century (3)
 ENGL.436 (446) Development of the American Novel:
 Twentieth Century (3)
 ENGL.437 (447) American Poetry Through Frost (3)
 ENGL.438 (448) Modern American Poetry (3)

C. Thematic and Topical Course

One of the following

- ENGL.243 (226) Classical Mythology (3)
 ENGL.244 (210) Introduction to Folklore (3)
 ENGL.270 (213) Ideas in Literature (3)
 ENGL.271 (271) Themes in American Literature (3)
 ENGL.290 (273) Special Studies in Literature (3)
 ENGL.342 (347) Folklore and Literature (3)
 ENGL.343 (326) Myth and Literature (3)
 ENGL.347 World Literature Written in English (3)
 ENGL.363 (361) Film and Literature (3)
 ENGL.370 (357) Special Topics: Literature of Women (3)
 ENGL.371 (353) Women Poets: Themes and Images (3)
 ENGL.372 (355) Women Writers (3)
 ENGL.373-79 Themes in Literature (3)
 ENGL.471-74, 476-77 Topics (when applicable) (3)
 ENGL.485-86 Seminar (when applicable) (3)

II. Analysis and Research (9 credits required)

A. Formal Analysis of Genre

The following course, or score of 70+ on departmental exam measuring skills in analyzing elements of poetry.

- ENGL.261 (233) Elements of Poetry (3)

B. Literary Analysis and Research

- ENGL.361 (351) Literary Research and Applied Criticism (3)

C. Study of Major Figure and Related Scholarship

*One of the following**

- ENGL.425 (410) Chaucer (3)
 ENGL.427 (415) Shakespearean Comedy (3)
 ENGL.428 (416) Shakespearean Tragedy (3)
 ENGL.429 (412) Milton and The Humanist Tradition (3)

Note: With approval of departmental advisor and chair, a student may substitute experience in a seminar or topics course to meet this requirement if the substitute focuses on a Major Figure.

III. Linguistics and History of Language and Criticism (3 credits required)

One of the following

- ENGL.350 (332) Comparative Grammar (3)
 ENGL.351 (325) Historical Linguistics (3)
 ENGL.352 (327) Structural Linguistics (3)
 ENGL.353 (329) History of American English (3)
 ENGL.451 (430) History of the English Language (3)
 ENGL.452 (431) Structure of the English Language (3)
 ENGL.461 (405) History of Literary Criticism (3)
 ENGL.475 (476) Topics in Linguistics (3)

IV. Writing (6 credits required)

One of the following

- ENGL.102 College Writing (3)
 or
 ENGL.190 (104) Honors College Writing (3)

One of the following

- ENGL.313 (331) Advanced Composition (3)
 ENGL.315 (380) Creativity and Style in Writing Non-Fiction (3)
 ENGL.317 (333) Writing for Business and Industry (3)
 ENGL.318 (334) Advanced Informational Writing (3)
 WMST.333 Women's Words, Women's Lives (3)
 WRIT.411 (419) Organizational Communication (3)

Writing Track

The Writing Track requires a total of 42 credits completed with a grade of "C" or better. The course requirements for the Writing Track are identical to those for the Liberal Arts Track with the exception that students in the Writing Track need not complete ENGL.360 (351) Literary Research and Applied Criticism but must complete an additional three courses from the following.

- ENGL.311 (383) Writing Poetry (3)
 ENGL.312 (385) Writing Fiction (3)
 ENGL.313 (331) Advanced Composition (3)
 ENGL.315 (380) Creativity and Style in Writing Non-Fiction (3)
 ENGL.317 (333) Writing for Business and Industry (3)
 ENGL.318 (334) Advanced Informational Writing (3)
 WMST.333 Women's Words, Women's Lives (3)
 WRIT.411 (419) Organizational Communication (3)
 ENGL.417 (470) Topics in Writing (3)
 ENGL.465 (437) British and American Prose (3)
 ENGL.490 (491) Directed Studies in English (when applicable) (3)

English Secondary Education Track

Students planning to teach English in middle schools, junior high schools, or senior high schools must complete both the core of courses in Secondary Education required for teacher certification (see the Department of Secondary Education) and 36 credits with a grade of "C" or better in the English Secondary Education Track.

Students are encouraged to plan a program that includes coursework in mythology, minority literature, linguistics, and American literature. One course in world literature is required. Completion of the intermediate level of a foreign language is strongly recommended. Also recommended are the following electives in education: SCED.458 Writing as a Learning Tool in Secondary Schools, SPCH.106 Voice and Diction, and SPPA.213 General Semantics.

English Secondary Education students must register with both the English Department and the Secondary Education Department. They will be assigned advisors by both departments.

Course requirements are listed below.

I. Literary Heritage (18 credits required)

A. Surveys of Development or Period

- ENGL.221 (204) British Literature to 1798 (3)
 ENGL.222 (205) British Literature Since 1798 (3)

Note: English-Education students are urged to elect at least one additional lower-division survey in world, American, or minority literature.

Two of the following. One course from this group or from the Literary Genre group below must represent literature before 1798 (courses marked with an asterisk).

- ENGL.321 (340) Medieval British Literature* (3)
 ENGL.323 (302) British Renaissance Literature* (3)
 ENGL.324 (303) British Literature of the Later Renaissance* (3)
 ENGL.325 (345) Eighteenth-Century British Literature* (3)
 ENGL.326 (335) Literature of the British Romantic Period (3)
 ENGL.327 (337-38) The Victorian Age (3)
 ENGL.341 (328) History and Literature of the Old Testament* (3)
 ENGL.431 (427) Literature of the American Romantic Period (3)
 ENGL.432 (428) Literature of the American Realistic Period (3)

B. Literary Genre

One of the following

- ENGL.322 (319) British Medieval and Renaissance Drama* (3)
 ENGL.331 (309) American Drama (3)
 ENGL.344 (323) The Continental Novel (3)
 ENGL.345 (361) Perspectives in World Drama* (3)
 ENGL.346 (321) Modern Drama (3)
 ENGL.420 (422) Development of the British Novel: Eighteenth Century* (3)

- ENGL.421 (423) Development of the British Novel:
Nineteenth Century (3)
ENGL.422 (419) Development of the British Novel:
Twentieth Century (3)
ENGL.423 (420) Modern British Poetry (3)
ENGL.433 (435) American Short Story (3)
ENGL.435 (445) Development of the American Novel:
Nineteenth Century (3)
ENGL.436 (446) Development of the American Novel:
Twentieth Century (3)
ENGL.437 (447) American Poetry Through Frost (3)
ENGL.438 (448) Modern American Poetry (3)

C. Thematic and Topical Course

- EDUC.418 Adolescent Literature (3)

II. Analysis and Research (9 credits required)

A. Formal Analysis of Genre

The following course, or score of 70+ on departmental exam measuring skills in analyzing elements of poetry.

- ENGL.261 (233) Elements of Poetry (3)

B. Literary Analysis and Research

- ENGL.361 (351) Literary Research and Applied Criticism (3)

C. Study of Major Figure and Related Scholarship

*One of the following**

- ENGL.425 (410) Chaucer (3)
ENGL.427 (415) Shakespearean Comedy (3)
ENGL.428 (416) Shakespearean Tragedy (3)
ENGL.429 (412) Milton and The Humanist Tradition (3)

Note: With approval of departmental advisor and chair, a student may substitute experience in a seminar or topics course to meet this requirement if the substitute focuses on a Major Figure.

III. Language and Linguistics (3 credits required)

One of the following

- ENGL.350 (332) Comparative Grammar (3)
ENGL.353 (329) History of American English (3)
ENGL.451 (430) History of the English Language (3)
ENGL.452 (431) Structure of the English Language (3)

Note: Students in English Education may also wish to complete ENGL.250 (200), Applied Grammar.

IV. Writing (6 credits required)

One of the following

- ENGL.102 College Writing (3)

or

- ENGL.190 (104) Honors College Writing (3)

One of the following

- ENGL.313 (331) Advanced Composition (3)
ENGL.315 (380) Creativity and Style in Writing Non-Fiction (3)
ENGL.317 (333) Writing for Business and Industry (3)
ENGL.318 (334) Advanced Informational Writing (3)

MINOR IN ENGLISH

Students minoring in English are required to complete 24 credits in English with a grade of "C" or better. In addition to College Writing, students must take six hours at the 200 level, six hours at the upper or lower levels, and nine hours at the upper level. Students must work with departmental advisors to design programs which will be coherent and purposeful.

MINOR IN WORLD LITERATURE

Students minoring in World Literature are required to complete 24 credits with a grade of "C" or better. Required and elective courses are listed below.

Requirements for the Minor

Two of the following

- ENGL.102 College Writing (3)
or
ENGL.190 (104) Honors College Writing (3)
ENGL.241 (201) World Literature Through the Middle Ages (3)
or
ENGL.242 (202) World Literature From the Renaissance (3)

Two of the following

- ENGL.341 (328) History and Literature of the Old Testament (3)
ENGL.342 (347) Folklore and Literature (3)
ENGL.343 (326) Myth and Literature (3)
ENGL.344 (323) The Continental Novel (3)
ENGL.345 (360) Perspectives in World Drama (3)
ENGL.346 (321) Modern Drama (3)
ENGL.347 World Literature Written in English
ENGL.441 (408) Modern Fiction to World War II (3)
ENGL.442 (409) Modern Fiction Since World War II (3)
ENGL.461 (405) History of Literary Criticism (3)
ENGL.471 (471) Topics in World Literature (3)

Lower-Division Electives

Select up to six hours of 100-200 level electives

- ENGL.241 (201) World Literature Through the Middle Ages (3)
or
ENGL.242 (202) World Literature From the Renaissance (3)
ENGL.243 (226) Introduction to Classical Mythology (3)
ENGL.244 (210) Introduction to Folklore (3)
ENGL.245 (235) The Continental Short Story (3)
ENGL.246 (237) The Continental Short Novel (3)
ENGL.270 (213) Ideas in Literature (3)
HIST.101 Introduction to Ancient Civilization (3)²
or
HIST.241 History of European Civilization Through the
Seventeenth Century (3)
or
HIST.242 History of European Civilization from the
Seventeenth Century (3)
xxxx.202 Foreign Language (fourth semester)

Upper-Division Electives

Select a minimum of six hours of 300-400 level electives³

- ENGL.341 (328) History and Literature of the Old Testament (3)
ENGL.342 (347) Folklore and Literature (3)
ENGL.343 (326) Myth and Literature (3)
ENGL.344 (323) The Continental Novel (3)
ENGL.346 (321) Modern Drama (3)
ENGL.347 World Literature Written in English
ENGL.441 (408) Modern Fiction to World War II (3)
ENGL.442 (409) Modern Fiction Since World War II (3)
ENGL.461 (405) History of Literary Criticism (3)
ENGL.471 (471) Topics in World Literature (3)

Foreign Language: any upper-division literature course(s)

History: any upper-division course(s) directly related to the student's major and approved for credit toward the Minor in World Literature by the World Literature and Linguistics Chair and/or advisor.

Philosophy, Art, etc.: any upper-division course(s) directly related to a student's major and approved for credit toward the Minor in World Literature and Linguistics Chair and/or advisor.

¹For those students desiring State of Maryland certification to teach English: Twenty-four hours of courses offered specifically by the English Department are required. In addition, several Maryland counties require work in Linguistics. It will be the responsibility of each student to determine his or her certification requirements.

²While only three hours in lower-division history may usually be offered to fulfill requirements for the Minor, other history courses may be approved by the Chair and/or advisor.

³Up to twelve hours of upper-division English may be offered; up to six hours of upper-division non-English may be offered.

COURSE PREREQUISITES

Completion of ENGL.102 or ENGL.190 (104) is prerequisite to enrollment in any other lower-division (100-200 level) English course. Completion of ENGL.102 or ENGL.190 (104) and one additional lower-division English course is prerequisite to enrollment in any upper-division (300-400) level English course, including writing courses that fulfill the group IC, General University Requirement advanced writing course. Some upper-division courses have additional prerequisites, as noted in the course descriptions. The department strictly enforces prerequisites.

MEETING GENERAL UNIVERSITY REQUIREMENTS/COMPETENCY

Every student in the university must complete ENGL.102 or ENGL.190 (104) with a grade of "C" or better to complete Group IB of the General University Requirements.

The student may take two additional courses to fill Group III. All English courses *except the following* may be elected as a second course filling Group III: developmental courses—DVRD.100; DVRD.101; DVWR.100; DVWR.101; DVWR.103 (112); DVWR.104 (113); DVWR.105 (114); DVWR.106 (115); DVWR.107 (116)—; writing courses that can be used to fill Group I, C, the advanced writing course—ENGL.313 (331); ENGL.315 (380); ENGL.317 (333); ENGL.318 (334); 1594.411 (419)—; and the following specific English courses—ENGL.102; ENGL.190 (104); ENGL.485; ENGL.486; ENGL.490 (491); ENGL.494; ENGL.497; ENGL.498 (397); ENGL.499.

The student may select any of the following as an advanced writing course, Group I C: ENGL.313 (331); ENGL.315 (380); ENGL.317 (333); ENGL.318 (334). Any student may, of course, take additional elective credits in English.

Some students will be required to complete special competency courses in language and writing in addition to meeting General University Requirements in English. Students for whom English is not a native language may be required to complete courses in English as a Second Language as a prerequisite to enrollment in ENGL.102, College Writing (see "Undergraduate Admissions," — International Students). Students whose entering scores indicate they need additional preparation to meet the standards of college-level expository writing will be required to complete either or both of two courses—DVWR.100, Developmental Writing, and DVWR.101, Preparation for College Writing—as prerequisite to enrollment in ENGL.102, College Writing. Students must earn a grade of "C" or better in the Developmental Writing course(s) they are required to take before they are eligible to enroll in ENGL.102, College Writing.

TRANSFER CREDIT POLICY

The English Department freely accepts English credits from accredited colleges and universities. However, to meet General University Requirements, a student must either present three transfer credits in a college level composition course, with a grade of "C" or better, or earn a "C" or better in ENGL.102 at Towson State University. Students registering in the department's major and minor programs must complete a minimum of 12 credits in English Department offerings at Towson State University.

ADVANCED PLACEMENT AND CREDIT FOR PRIOR LEARNING

The English Department awards credit through the Advanced Placement Program of the university. Also, a selected number of entering freshmen are placed in ENGL.190 (104) rather than in ENGL.102. The department offers credit for most courses, other than writing courses, through the Credit for Prior Learning pro-

gram. Students applying for credit under this program complete an examination, an interview, and a paper in the area.

ENGLISH HONORS AND ACTIVITIES

The department participates in the Honors Program. A member of the Honors College, the English Department offers a number of intensive introductory seminars for qualified underclass students. It also sponsors departmental honors by which advanced students work individually with a professor in a tutorial setting before completing a thesis. Students interested in departmental honors should consult one of the English co-chairs no later than the first semester of their junior year. Honors are so designated on the graduate's transcript and diploma.

By a vote of the English faculty, the outstanding graduate in the department receives the Buettner Award at commencement.

Lambda Iota Tau is the national literary honor society with a chapter in the department, and the English Club is an informal association of majors, minors, and professors designed to foster a spirit of collegiality.

DUAL MAJOR PROGRAM

Students who major in one of the other programs of the university, yet retain a strong interest in language, literature, or writing are urged to explore with one of the English co-chairs the values of completing a dual major.

General/Liberal Studies

OFFICE

Linthicum Hall, Room 219J, (301) 321-2867

Coordinator: DR. GARY A. WOOD

THE PROGRAM

General Studies is designed to provide students with special interests or goals which are unattainable in a regular discipline with the opportunity to design their own major. Depending upon their goals, students may wish to combine courses from several traditional majors in a unique experimental program, such as, for example, "Nature Writing." Alternatively, the student might design the equivalent of a major available at a few colleges or universities but not at Towson at the present time, such as "Recreation Management."

For this reason, General Studies has no specific course requirements. Instead, the student must complete a minimum of 45 upper-division credits under the supervision of one or more faculty advisors with special expertise in the area of the student's interest. The opportunity for the student to achieve special goals under the close supervision of expert faculty is a distinctive feature of General Studies.

The General Studies program provides two broad approaches for students interested in planning their own majors. For students desiring preparation in certain areas already recognized as legitimate disciplines but currently lacking sufficient student enrollment at Towson to justify the establishment of a regular department, programs have been created by interdisciplinary faculty committees under the Thematic Option alternative. Directed by a specific faculty coordinator, these programs at Towson currently include the following: African-American Studies, American Studies, Animal Behavior, Asian Studies, Comparative Ethnic Studies, Health Services Management, History of Art, Latin American Studies, Law Enforcement, Medieval and Renaissance Studies, Molecular Biology, Religious Studies, and Women's Studies.

When none of these programs, which are fully described below, meet the student's needs, then the student may follow the second approach, which is to design his or her own program under the supervision of the Coordinator of General Studies and any other faculty member or members with relevant expertise. Interested students should consult with the Coordinator of General Studies or with the coordinator of the relevant thematic area. All programs must be approved by the Coordinator of General Studies or one of the area coordinators. No unapproved program will qualify to meet graduation requirements.

INDIVIDUALLY-DESIGNED CORE THEMATIC OPTION

Core Major A—The Liberal Arts and Sciences Major

Core Major A is constructed around a "core" discipline in the traditional liberal arts and sciences fields. Students must meet the following requirements for this major.

1. The student must satisfy General University Requirements.
2. To declare the major, the student must be a sophomore or junior with a 2.00 GPA.
3. The student must take a minimum of 45 semester hours of upper-division course work in the liberal arts and sciences departments of art, biology, chemistry, dance, English, history, modern language, mathematics, music, philosophy, physics and theatre. These 45 hours must include work from a minimum of four different departments. Eighteen credits must be from the arts and 18 credits from the sciences (mathematics being considered a science).
4. At least 15, but no more than 21, of the 45 upper-division hours must come from one discipline which shall serve as the "core" discipline in the student program.

Core Major B—The General Arts & Sciences Major

Core Major B is constructed around a "core" discipline in General Studies, which incorporates all of the arts and sciences.

1. The student must satisfy General University Requirements.
2. From the arts and sciences, which are construed to be the following—art, biology, chemistry, dance, economics, English, geography, history, modern languages, mathematics, music, philosophy, physics, political science, psychology, sociology, speech and theatre—the student must take a minimum of 45 semester hours of upper-division course work. With the approval of the student's advisor and the appropriate dean, courses in departments not listed above may be allowed if these courses are needed to complement the student's program.
3. At least 15, but no more than 21, of the 45 upper-division hours must come from one discipline which shall serve as the "core" discipline in the student's program.

Thematic Options

A student may fulfill the requirements for either Major A or Major B by substituting a thematic plan for the "core" discipline. The thematic plan must be approved by the student's advisor and the appropriate dean. By following this plan the student could develop an academic concentration in areas such as urban studies, American studies, environmental issues, etc.

Except for the following, the requirements will be the same as for Major A or B:

1. A minimum of 18, but not more than 36, of the 45 upper division hours must relate specifically to a chosen topic or theme.

2. All course work must be on an upper-division level unless the faculty advisor approves the inclusion of some particularly significant course work at the lower-division level. For example, a course important to the student's theme may exist only at the lower-division level.

FORMALLY-DESIGNED THEMATIC OPTIONS

The following formally-designed thematic options are available. Requirements for each theme are listed below.

African-American Studies
American Studies
Animal Behavior
Asian Studies
Comparative Ethnic Studies
Health Services Management
History of Art
Latin American Studies
Law Enforcement
Medieval and Renaissance Studies
Molecular Biology
Religious Studies
Women's Studies

AFRICAN-AMERICAN STUDIES

Advisory Committee: GISSENDANNER (*English, Coordinator*);
MURUNGI, (*Philosophy*); LINDNER, (*Education*)
JOHNSON (*History*); CLAY (*Minority Affairs*);
WOODSON (*English*); GREENE (*English*)

The Program

The African-American Studies program offers the student the opportunity to study in-depth the historical and cultural existence of the Afro-American by examining his unacknowledged roles in American society, and the presence and importance of the Black aesthetic culturally, socially, politically, and economically. An interdisciplinary program concentrating mainly in the humanities, the curriculum of the African-American Studies program is subject to review and flexibility, as courses may be added or subtracted with the permission of the Advisory Committee.

Students may choose a concentration in the program, select courses to structure a concentration within the General Studies Program, or simply take courses as electives.

New courses, special topics, and minimester courses may be accepted toward the major with approval of the committee.

For further information, please contact one of the advisors.

Requirements for the Major

- A. The student must satisfy requirements with the following courses, either recommended or required:

ENGL.232 American Literature Since 1865 (recommended) (3)
HIST.146 U.S. History Since Mid-19th Century (required) (3)
SOCI.101 Introduction to Sociology (required) (3)

- B. To declare the concentration the student must be at least a sophomore with a 2.00 GPA.
- C. The student must take a minimum of 45 semester hours of upper-division work from the Arts and Sciences: art, biology, chemistry, economics, geography, history, modern mathematics, music, philosophy, physics, political science, psychology, sociology, speech and drama.
- D. The following courses are required. (15 hours)

ENGL.233 Survey of Afro-American Literature (3)
ENGL.234 Major Writers in Afro-American Literature(3)
ENGL.347 Major Writers in African and Caribbean Literature (3)
HIST.123 History of the Caribbean and Central America

- HIST.133 History of Africa: Earliest Times to the Nineteenth Century (3)
 HIST.134 History of Africa: Nineteenth Century to the Present (3)
 HIST.145 History of U.S. to Mid-19th Century
 HIST.146 History of U.S. Since Mid-19th Century
 HIST.381 History of Afro-Americans (3)

E. Students must complete 15 hours from the following courses.

One of the following

- POSC.341 African Government & Politics (3)
 POSC.435 Africa in World Politics (3)
 GEOG.431 The Geography of Africa (3)

Two of the following

- ECED.425 The Young Black Child in a Multicultural Society (3)
 ENGL.477 The Literature of Black America (3)
 SOCI.341 Class, Status and Power (3)
 HIST.281 Topics in History: Women, Laborers and Slaves in Early America (3)
 BLST.401 Afro-American Perspectives (3)
 SOCI.381 Minority Groups (3)
 SOCI.470 Black-White Relations (3)
 SOCI.472 Blacks in America: Myths and Realities (3)

Two of the following

- ECON.351 Urban Economics (3)
 HIST.375 The City in American History (3)
 POSC.305 Urban Government (3)
 PHIL.251 Contemporary African-American Thought (3)
 GENL.241 The Ethnic Experience in America (3)
 POSC.341 African Government and Politics (3)
 POSC.435 Africa in World Politics (3)
 BLST.401 Afro-American Perspectives (3)
 SOCI.343 Minority Groups (3)
 SOCI.470-479 Special Topics in Sociology (3)
 479 (Black-White Relations—when offered)
 SOCI.241 Blacks in America: Myths and Reality (3)
 SOCI.327 Urban Sociology (3)
 SOCI.341 Class, Status, and Power (3)
 ECON.351 Urban Economics (3)
 ART.209 Black Art History (3)
 PHIL.270-279 Philosophical Perspective
 279 (African Philosophy—when offered)

AMERICAN STUDIES

Advisory Committee: DOUGLAS, (*English, Coordinator*); FISHER, (*Anthropology*); ESSLINGER, (*History*); FRIEDMAN, (*English*); HEDGES, (*English*); MARTIN, (*History*); RIVERS, (*History*); WOOD, (*English*)

OFFICE

Linthicum Hall, Room 218G, (301) 321-2943

The Program

The American Studies concentration is an interdisciplinary program that allows a student to take courses in different academic departments while still focusing on the concept of American culture. The American Studies approach stresses the interrelatedness of history, literature, the fine and vernacular arts, popular culture, technology and folkways. Students examine American institutions, ideas, and material forms in order to better understand their past and shape their future.

The major is designed for those students who may wish to have careers in fields such as teaching, museum work, law, journalism, and the like where a broad knowledge of American history and culture is desirable.

Those students interested in material culture or museum work have the opportunity to receive credit for internships at a number of local museums or historical sites.

Requirements for the Major

I. Lower-division requirements: 18 credits from the following list.

- AMST.201 Introduction to American Studies (3)
 ENGL.231 American Literature to 1865 (3)
 ENGL.232 American Literature Since 1865 (3)
 ENGL.233 Survey of Afro-American Literature (3)
 ENGL.235 Ethnic American Literature (3)
 ANTH.209 Anthropology of American Culture (3)
 HIST.145 History of U.S. to Mid 19th-Century (3)
 HIST.146 History of U.S. Since Mid-19th Century (3)
 HIST.147 History of Women in America (3)
 GEOG.109 Introduction to Human Geography (3)
 POSC.103 American National Government (3)

II. Upper-division requirements: 30 credits from the following list.* No more than 12 credits in any department.

Anthropology

- ANTH.365 North American Indians (3)
 ANTH.383 North American Archeology (3)
 ANTH.385 Archeology of the American Southwest (3)

American Studies

- AMST.370 Topics in American Studies (3)
 AMST.491 Directed Readings in American Studies (3)
 AMST.497 Practicum in Material Culture (3)

Art

- ART.322 American Art (3)

English

- ENGL.331 American Drama (3)
 ENGL.353 History of American English (3)
 ENGL.373 The "New Woman": American Fiction 1870-1940 (3)
 ENGL.431 Literature of the American Romantic Period (3)
 ENGL.432 Literature of the American Realistic Period (3)
 ENGL.433 American Short Story (3)
 ENGL.435 Development of the American Novel: 19th Century (3)
 ENGL.436 Development of the American Novel: 20th Century (3)
 ENGL.437 American Poetry Through Frost (3)
 ENGL.438 Modern American Poetry (3)
 ENGL.447 Afro-American Women Writers (3)
 ENGL.473 Topics in American Literature (3)

Geography

- GEOG.420 Geography of Anglo-America (3)
 GEOG.423 Maryland and the Mid-Atlantic Region (3)

History

- HIST.331 American Military History Since 1865 (3)
 HIST.345 The American Colonies (3)
 HIST.346 American Revolutionary Period (3)
 HIST.347 American Early National Period (3)
 HIST.348 American Jacksonian Period
 HIST.349 Civil War (3)
 HIST.350 Era of Reconstruction (3)
 HIST.351 Age of Enterprise (3)
 HIST.352 Age of Reform (3)
 HIST.359 The FDR Era (3)
 HIST.360 Recent American History (3)
 HIST.361 American Intellectual and Religious History (3)
 HIST.363 Social History of U.S. to 1865 (3)
 HIST.364 History Since 1865 (3)
 HIST.366 History of American Business (3)
 HIST.367 Constitutional History to 1868 (3)
 HIST.368 Constitutional History Since 1868 (3)
 HIST.369 Diplomatic History of U.S. to 1900 (3)
 HIST.370 Diplomatic History of U.S. Since 1900 (3)
 HIST.373 Early American Frontier (3)
 HIST.374 Far Western Frontier (3)
 HIST.375 City in American History (3)
 HIST.377 Immigrant in American History (3)

HIST.379	History of Native Americans: The East (3)
HIST.380	History of Native Americans: The West (3)
HIST.381	History of Afro-Americans (3)
HIST.385	American Labor (3)
HIST.397	History of Maryland from Colonial Times to Present (3)
HIST.398	History of Baltimore (3)

Political Science

POSC.305	Urban Government and Politics (3)
POSC.381	The Presidency (3)
POSC.383	Congress (3)
POSC.417	American Political Parties (3)
POSC.418	Constitutional Law (3)
POSC.432	US-Soviet Relations (3)
POSC.439	US Foreign Policy in South East Asia (3)
POSC.441	Contemporary US-Western European Relations (3)
POSC.445	US Foreign Policy in South Asia (3)
POSC.491	Seminar in Contemporary US Foreign Policy (3)

Philosophy

PHIL.329	American Philosophy (3)
----------	-------------------------

Sociology

SOCI.329	Demography (3)
SOCI.356	Corrections in America (3)

Women's Studies

WMST.337	Feminism
----------	----------

III. 15 additional upper-division credits from any discipline are needed to fulfill the General Studies requirement of 45 upper-division credits.

*Other courses relating to American culture may be taken with the approval of the coordinator.

ANIMAL BEHAVIOR

Advisory Committee: CREIGHTON (*Biology, Coordinator*); FIGLER (*Psychology, Coordinator*); FORESTER, (*Biology*); EWIG, (*Biology*); ROBINSON, (*Biology*); SCARBROUGH, (*Biology*); SCULLY, (*Biology*); JOHNSON, (*Psychology*); KRUGGEL, (*Psychology*); PETRI, (*Psychology*); CARET (*Chemistry*)

The Program

The study of animal behavior has received an increasing amount of attention from the public due to the number of zoological parks and aquaria across the country, as well as presentations in the media concerning animal behavior and the developing field of sociobiology. The thematic option in Animal Behavior is designed to offer a concentrated education in this multifaceted discipline. The program is administered by the Institute of Animal Behavior, which includes faculty from the departments of Biological Sciences, Psychology and Chemistry at Towson State University, and adjunct faculty from other institutions. Students who complete this program may be qualified for staff positions at aquaria, nature centers, zoological parks, or to pursue careers in freelance writing about animal behavior. Students who are considering post-baccalaureate studies in disciplines such as ethology, comparative psychology, behavioral biology, etc., should discuss this option with their advisor early in the program, since most graduate programs will require additional courses in Biology, Psychology, and ancillary subjects.

Requirements for the Major

Required Courses (24-25 credits)

BIOL.110	Contemporary General Biology (4)
PSYC.101	General Psychology (3)
PSYC.111	Behavioral Statistics (2)
BIOL.371	Animal Behavior (4)
PSYC.460	Ethology and Comparative Psychology (3)

PSYC.261	Experimental Psychology (4)
	<i>or</i>
BIOL.381	Biological Literature (3)
PSYC.385	Seminar in Psychology (3)
	<i>or</i>
BIOL.389	Current Developments in Biology (3)
PSYC.470	Special Topics in Psychology (3)
	<i>or</i>
BIOL.491	Independent Research in Biology (3)

Biology Electives

*Two courses from the following**

BIOL.351	Field and Systematic Vertebrate Zoology (4)
BIOL.353	Invertebrate Zoology (4)
BIOL.367	General Endocrinology (3)
BIOL.402	General Ecology (4)
BIOL.413	Evolution (3)
BIOL.456	Ornithology (4)
BIOL.458	Mammalogy (4)
BIOL.461	Entomology (4)
BIOL.465	Mammalian Physiology (4)
BIOL.467	Herpetology (4)
BIOL.469	Comparative Physiology (4)

Psychology Electives

*Two courses from the following**

PSYC.305	Psychology of Learning (3)
PSYC.309	Behavioral Pharmacology (3)
PSYC.315	Motivation (3)
PSYC.317	Sensation and Perception (3)
PSYC.462	Laboratory in Ethology and Comparative Psychology (2)
PSYC.465	Physiological Psychology (3)
PSYC.466	Laboratory in Physiological Psychology (2)
PSYC.485	Experimental Design (4)

*Students should consult this *Catalog* for course prerequisites, and discuss all course selections with their advisors.

ASIAN STUDIES

Advisory Committee: DA SILVA, (*Geography and Environmental Planning*); HIRSCHMANN, (*History*); LEE, (*Art*); McWILLIAMS, (*History, Coordinator*); MERANI, (*Political Science*)

The Program

The Asian Studies major within the General Studies program is designed to offer students an interdisciplinary program of study of various dimensions of the Asian world. The student may plan a course of study that concentrates on a particular aspect of Asian civilization or on a particular sub-region of Asia. One might, for example, focus on the art and philosophy of various Asian peoples, or instead, one might choose to concentrate on Chinese (or Indian or Japanese) civilization studying both the traditional and modern society, its physical setting, its political and economic development, etc. In order to build a sound program of study, which meets both the individual student's needs and the General Studies requirements, it is essential that the student work closely with his advisor semester by semester in planning his program and selecting courses.

A second option open to students interested in specializing in Asian Studies is the International Studies major with an area specialization (Plan A).

Requirements for the Major

1. Six credit hours of a foreign language appropriate to the student's designated area of interest in Asia. In special cases this requirement may be waived, but only with the written permission of the advisory committee. The Asian language courses presently offered at Towson are listed below.

2. A minimum of 30 credit hours selected from the following list of courses, but with courses from at least three departments (excluding language) represented. The lower-division courses marked by asterisks will be accepted as upper-division courses for the purpose of meeting General Studies requirements. Other courses not shown on the list, but which are relevant to Asia (such as directed readings courses and minimester courses), may be accepted with the approval of the advisory committee.

Approved Courses

Art

- ART.131 The Art of China (3)*
ART.232 The Art of Japan (3)*

General Studies

- GENL.140 Perspectives on Oriental Arts (3)
GENL.421 Interdisciplinary Workshop in Asian Studies (3)

Geography

- GEOG.443 Geography of East Asia (3)
GEOG.445 Geography of South And Southeast Asia (3)
GEOG.447 Economic and Political Geography of the Middle East (3)
GEOG.485 Seminar: South Asia (3)

History

- HIST.107 Introduction to History of Islamic Civilization (3)*
HIST.109 Introduction to the Civilization of India (3)
HIST.116 Introduction to Chinese Civilization (3)
HIST.117 Introduction to Japanese Civilization (3)
HIST.311 Traditional India: Its Historical Development (3)
HIST.312 History of Modern India (3)
HIST.313 History of Modern Southeast Asia (3)
HIST.316 Revolutionary China (3)
HIST.317 The Rise of Modern Japan (3)

Language

- CHNS.101-102 Elementary Modern Chinese I, II (3, 3)
CHNS.201-202 Chinese Intermediate I, II (3,3)
JPNS.101-102 Japanese Elements I, II (3,3)
JPNS.201-202 Japanese Intermediate I, II (3,3)

Philosophy-Religion

- PHIL.301 Philosophies of India (3)
PHIL.302 Philosophies of China And Japan (3)
PHIL.457 Comparative Religion (3)

Political Science

- POSC.338 Comparative Government: Russia and the East (3)
POSC.439 U.S. Foreign Policy in Southeast Asia (3)
POSC.445 U.S. Foreign Policy in South Asia (3)

Sociology-Anthropology

- ANTH.367 Peoples of The Middle East (3)

COMPARATIVE ETHNIC STUDIES

Advisory Committee: NICHOLAS, (Education); ROTHSTEIN, (Anthropology); SCHEPER, (Sociology); AVERY, (English, Coordinator); GISSENDANNER, (English); LEONS, (Anthropology); RIES (Communication Sciences and Disorders); DaSILVA (Geography)

The Program

The Comparative Ethnic Studies concentration is an essential part of Towson State University's attempt to provide a sound liberal arts

and science education to all of its students. It further reflects the goals of the university in providing students with some experience in interdisciplinary courses at upper- and/or lower-division levels. While the Comparative Ethnic Studies program allows students to take courses in several different and distinct academic disciplines, the program stresses the importance of a comparative framework and the value of interdisciplinary approaches to the American ethnic experience.

A secondary goal of the program is to provide information to the ethnic groups in the Baltimore metropolitan area, largely through the publication of a periodic newsletter, *Kaleidoscope*.

The program is designed for two particular groups of students:

- 1) Students desiring careers in teaching, personnel, human services, social work, criminal justice, law and other professions, for which the Comparative Ethnic Studies major can provide valuable information and insights.
- 2) Those students who, no matter what their major or career goals, simply wish to have a broader and deeper understanding of the variety of peoples who comprise modern American society.

Requirements for the Major

Required Courses (9 credits)

- GENL.241 The Ethnic Experience in America (3)
ENGL.235 Ethnic-American Literature (3)
HIST.377 The Immigrant in American History (3)

Electives

Students must select 15 hours from the upper-division courses. No more than two courses may be at the 200 level.

- EDUC.460 Teaching in a Multi-Cultural/Multi-Ethnic Society (3)
ECED.425 The Young Black Child in a Multi-Cultural Setting (3)
SPPA.481 Dialects of Ethnic Groups (3)
ENGL.233 Survey of Afro-American Literature (3)
ENGL.234 Major Writers in Afro-American Literature (3)
ENGL.476 Topics in Multi-Ethnic Literature (3)8
ENGL.477 Topics in Black American Literature (3)
ANTH.365 North American Indians (3)
ANTH.388 Peasant Cultures (3)
ECON.333 Economics of Poverty and Discrimination (3)
ECON.351 Urban Economics (3)
HIST.277 A Survey of Jewish History (3)
HIST.375 The City in American History (3)
HIST.379 Indian-White Relations in American History: The East (3)
HIST.380 Indian-White Relations in American History: The West (3)
HIST.381 History of Afro-Americans (3)
GEOG.385 Population and Settlement (3)
POSC.305 Urban Government and Politics (3)
SOC.241 Blacks in America: Myths and Reality (3)
SOC.343 Minority Groups (3)
SOC.370-79 Topics in Sociology (3)
(The American Jewish Community—when offered) (3)

Up to seven credits of related language courses at an appropriate level may be applied to the major with the approval of the committee.

*Topics in Multi-Ethnic Literature may be taken only once for credit within 18 hours. However, with permission, it may be taken for major credit twice within 27 hours.

Recommended Courses

- ENGL.232 American Literature Since 1865 (3)
ANTH.207 Cultural Anthropology (3)
HIST.145 History of U.S. to Mid-Nineteenth Century (3)
HIST.146 History of U.S. Since Mid-Nineteenth Century (3)
HIST.363 Social History of U.S. to 1865 (3)
HIST.364 Social History of U.S. Since 1865 (3)
SOC.101 Introduction to Sociology (3)
SOC.329 Demography (3)
SOC.341 Class, Status and Power (3)

Kaleidoscope

First published in 1974, *Kaleidoscope* is a creation of the Towson State University Comparative Ethnic Studies program. This ethnic studies newsletter serves both Towson State University and metropolitan Baltimore, by encouraging ethnic activities, projects, and scholarship on and off the campus.

Issued semi-annually, 2,000 copies of the newsletter are distributed to teachers and administrators in Baltimore City and County Public Schools, to area colleges, to Towson State faculty and students, to members of Baltimore's ethnic communities and to city and county officials. Copies are also sent to readers around the country and the newsletter's subscription list continues to grow.

Kaleidoscope's content reflects the interests and diversity of its audience. Ethnic book and film reviews have often appeared. Profiles of ethnic individuals and communities, articles about ethnic programs and conferences, news of upcoming community events are regularly featured. Material is submitted by Towson faculty and students, by educators at other institutions, by ethnic organizations, and by interested individuals.

HEALTH SERVICES MANAGEMENT

NEIL GALLAGHER, (*Health Science, Coordinator*)

The Program

The Health Services Management program is designed to provide students with a basic overview of the business and health disciplines. Students are prepared to assume management careers in health-related fields, i.e. administrative assistants, health planners or mid-management personnel. It is highly recommended that students selecting this program should consider the possibility of having a dual major—Business Administration or Health Sciences. Depending on the student's interests and the availability of positions, graduate training in health administration may be desirable after completing this program.

Requirements for the Major

The Health Services Management program is a thematic option in which the student has an academic concentration in business and health sciences. Except for the following, the requirements for the program are the same as for the General/Liberal Studies option:

1. A minimum of 18, but not more than 36, of the 45 upper-division hours must relate specifically to a chosen topic or theme.
2. All coursework must be on an upper-division level unless the faculty advisor approves the inclusion of some particularly significant coursework at the lower-division level. For example, a course important to the student's theme may exist only at the lower-division level, i.e., HLTH 202 and 207.

TRANSFER STUDENT POLICY

A minimum of 30 hours must be completed at Towson State University.

A limited number of fieldwork experiences are available. For further information, please see the chair of the Health Science Department.

Required Prerequisites (25 credits)

HLTH.101	Current Health Problems (3)
ACCT.201	Accounting Principles, I (3)
ACCT.202	Accounting Principles II (3)
MATH.237	Elementary Biostatistics (3)
ECON.201	Microeconomic Principles (3)
ECON.202	Macroeconomic Principles (3)
POSC.103	American National Government (3)
SOCI.101	Introduction to Sociology (3)

Required Courses

Health Science (12 credits)

HLTH.202	Principles & Practices in Community Health (3)
HLTH.207	Health Care in the United States (3)
HLTH.311	Chronic & Communicable Disease (3)
HLTH.xxx	Upper Division Health elective (3)

Health Services Management Core (12 credits)

ACCT.225	Business Law I (3)
FIN.331	Financial Management (3)
HRM.381	Human Resource Administration (3)
MKTG.xxx	Upper-Division Marketing elective (3)

Interdepartmental Courses (15-16 credits)

COSC.165	Fundamentals of Computing (3)
ENGL.317	Writing for Business and Industry (3)
ECON.339	Economics of Health (3)
SOCI.335	Medical Sociology (3)
	Laboratory Science elective (3,4)

HISTORY OF ART

FREDERICK LADD, (*Art, Coordinator*)

The Program

The History of Art concentration, within the Liberal Arts major, is a program which offers undergraduates the opportunity to explore the discipline of art history in considerable depth. This investigation, performed well, leads to an understanding of the structure and function of the discipline. Also, it prepares the student for graduate work and offers an excellent background for many types of careers related to the study of the history of art.

Honors Program

Students may elect to take the honors program in the History of Art. Eligibility requirements governing the college honors program are described in this *Catalog*.

Requirements for the Major

To complete the thematic option in the History of Art, the student must take a total of 45 upper-division credits. Of the 45 upper-division credits, a minimum of 27 credits, but not more than 36, must be taken in art history. If the student chooses to take the minimum 27 credits, the difference between the 27 minimum and the 36 maximum may be taken in allied disciplines, such as English, History, and Philosophy, in a related historical period, subject to the approval of the faculty advisor. The remaining credits to reach the 45 upper-division total are electives, but they may also be taken in disciplines related to the student's interest in art history.

Required Courses (6 credits)

ART.391	Research in Art History (3)
ART.485	Seminar in Art History (3) (repeatable).

Language Requirement

Two years of either French or German or their equivalent by examination is required to complete the program.

History of Art Courses

ART.131	The Art of China (3)
ART.216	The Image of Women in Art (3)
ART.221	Prehistoric to Medieval Arts (3)
ART.222	Renaissance to Contemporary Art (3)
ART.232	The Art of Japan (3)
ART.305	Architectural Concepts (3)
ART.391	Research in Art History (3)

ART.423	Picasso to the Present (3)
ART.424	Henry Moore to the Present (3)
ART.425	Frank Lloyd Wright to the Present (3)
ART.444	Byzantine to Gothic Art (3)
ART.445	Italian Renaissance Art (3)
ART.471	Art & Architecture of Ancient Greece (3)
ART.472	Art & Architecture of the Roman Empire (3)
ART.479	Baroque Art & Architecture (3)
ART.480	Eighteenth Century Art & Architecture (3)
ART.485	Seminar in Art History (repeatable) (3)

LATIN AMERICAN STUDIES

Advisory Committee, LEONS (*Anthropology*, Coordinator);
GIRO (*Modern Languages*); DENT (*Political Science*);
HADDOCK (*Geography*)

The Program

The Latin American Studies concentration within the General Studies major allows the student to approach the study of Latin America as an area from an interdisciplinary perspective. It would be an appropriate concentration for those intending to pursue Latin American Studies or Spanish on the graduate level, for those anticipating living or working in Latin America, or for those wishing to acquire expertise in Latin America for a career in business or government.

The Latin American Studies program is administered by the Latin American Studies committee. The student should select one of the members of the committee as an advisor.

Requirements for the Major

1. Spanish Composition and Conversation (SPAN.301) or its equivalent.
2. Thirty credits chosen from the following Latin American related courses. The courses must be selected from at least four of the five departments represented. (The student is reminded that a total of 45 upper-division hours are required for the completion of a General Studies major.)

Approved Courses

Spanish

SPAN.302	Composition & Conversation II (3)
SPAN.312	Culture & Civilization of the Spanish-Speaking Peoples II (3)
SPAN.419	Literature of the Cuban Revolution (3)
SPAN.437	Romanticism in Spanish American Literature (3)
SPAN.439	Literary Movements in Spanish American Literature (3)
SPAN.444	Twentieth Century Spanish American Literature (3)
SPAN.470	Special Topics (when concerned with Latin America) (3)
SPAN.491	Directed Readings in Spanish Literature (when concerned with Spanish-American topics) (1-3)
SPAN.492	Directed Readings in Spanish Literature (when concerned with Spanish-American topics) (1-3)

Anthropology

ANTH.366	South American Indians (3)
ANTH.369	Tradition and Revolution in Latin American Society (3)
ANTH.495	Independent Research (3)

Political Science

POSC.351	Government & Politics of Latin America (3)
POSC.355	Latin American Policy of the U.S. (3)
POSC.437	Castro and the Cuban Revolution (3)
POSC.490	Independent Study (3)

Geography

GEOG.461	Geography of Latin America (3)
GEOG.495	Directed Readings in Geography (3)

History

HIST.121	Latin America: Colonial Period (3)
HIST.122	Latin America: National Period (3)
HIST.123	History of Central America and the Caribbean (3)
HIST.321	History of Mexico: Pre-Columbian and Colonial (3)
HIST.322	History of Mexico: National Period (3)
HIST.323	The Social History of Latin America (3)
HIST.325	History of Indians in Latin America: Maya, Aztec, & Inca (3)

LAW ENFORCEMENT

Advisory Committee: TOLAND (*Sociology*, Coordinator);
ESSLINGER, (*History*); GROSSMAN (*Political Science*);
JOSSELSON (*Psychology*)

The Program

The Police Foundation defines law enforcement as "the job of defining that delicate balance between liberty and order, of applying wisdom, of being flexible, of using discretion and, most particularly, of seeing the mundane and trivial in a broader legal and moral context." The most effective way of preparing one to meet this assignment is through a broad liberal arts education. The emphasis on education rather than training is based on the knowledge that training is acquired in police academies and in-service programs. Community colleges also offer vocationally-oriented courses, and students who wish to obtain this background should attend a community college before coming to Towson State. Community college transfer students are advised to complete the required introductory courses in sociology, psychology, political science, history and health. Law enforcement courses taken at a community college (e.g., criminal investigation) will usually transfer as general electives.

Requirements for the Major

A total of 45 upper-division credit hours are required to complete the general studies major. The law enforcement curriculum consists of 36 credit hours of required upper-division courses, nine credit hours of upper-division electives, and the general university requirements.

Required Courses

Sociology

Nine credits (beyond Introduction to Sociology, SOCI.101) including:

SOCI.353	Criminology (3)
SOCI.355	Juvenile Delinquency (3)

And one of the following

SOCI.343	Minority Groups (3)
SOCI.351	Social Deviance (3)
*SOCI.354	Introduction to Criminal Justice (3)
SOCI.356	Corrections in America (3)
SOCI.491	Practicum in Sociology (3)

Psychology

Nine credits (beyond General Psychology, PSYC.101) chosen from the following:

PSYC.203	Human Development (3)
PSYC.325	Social Psychology (3)
PSYC.350	Personality (3)
PSYC.361	Abnormal Psychology (3)
PSYC.404	Adolescent Psychology (3)

History

Six credits (beyond History of the U.S. to the Mid-19th Century, HIST.145; and History of the U.S. Since the Mid-19th Century, HIST.146) chosen from the following:

HIST.363	Social History of the U.S. to 1865 (3)
HIST.364	Social History of the U.S. Since 1865 (3)
HIST.367	The Development of the U.S. Constitution (3)

- HIST.368 The U.S. Constitution and Civil Liberties (3)
 HIST.375 The City in American History (3)
 HIST.377 The Immigrant in American History (3)
 HIST.381 History of Afro-Americans (3)

Political Science

Six credits (beyond American National Government, POSC.103) chosen from the following:

- POSC.305 Urban Government and Politics (3)
 POSC.375 Public Administration (3)
 POSC.401 Introduction to Law (3)
 POSC.418 Constitutional Law (3)

Health

Six credits (beyond Current Health Problems, HLTH.101)

- HLTH.221 Human Sexuality (3)
 HLTH.405 Drugs in Our Culture (3)

*Students are advised to take this as an advanced writing course.

MEDIEVAL AND RENAISSANCE STUDIES

Advisory Committee: DEBRABANDER (Philosophy);
 JOCHENS (History, Coordinator); LADD (Art);
 McLUCAS (Modern Language); MRUCK (History)

The Program

By electing the concentration in Medieval and Renaissance Studies, majors in the General Arts and Sciences receive the opportunity for comprehensive interdisciplinary study of the Medieval and Renaissance period. A degree in Medieval and Renaissance Studies can lead to fulfilling careers in such areas as teaching, museum work, archival research, and freelance writing, as well as to interdisciplinary graduate studies in the Middle Ages and the Renaissance. As a second major, this concentration provides a special perspective on almost any other field of study. Students in this field can have unique opportunities to study the Medieval and Renaissance collections at Baltimore's Walters Art Gallery, Washington's Folger Library, the National Gallery of Art, and Dumbarton Oaks.

Honors Program

Students interested in earning honors in Medieval and Renaissance Studies should see their advisor in the program.

Requirements for the Major

Students with this thematic option will earn the Bachelor of Arts degree. Like all general arts and sciences majors, students choosing this concentration must take at least 45 semester hours of upper-division course work from the Departments of Arts and Sciences. Of these, at least 36 hours shall consist of course work in subjects related to the Middle Ages and the Renaissance.

Eighteen of the 36 hours shall be distributed as follows: six hours in English; six hours in history; and six hours from two of the following departments, Art, Modern Languages, and Philosophy.

The remaining 18 hours may be distributed according to the student's choice, except that no more than 21 hours may come from a single department.

Directed readings, research methods, independent study, honors thesis or minimester courses in Medieval and Renaissance topics, when approved by the Medieval and Renaissance Studies Committee, may be undertaken within the requirements of the departments that offer them and with the approval of the teaching faculty member. Instruction in Latin is available through the Department of Modern Languages at the elementary and intermediate level.

Approved Courses

The upper-division courses listed below are applicable to the Medieval and Renaissance Studies concentration.

An asterisk marks those courses whose subject matter changes from semester to semester and which hence are not always applicable to the Medieval and Renaissance Studies concentration. Before pre-registration, the committee will make available a list showing which asterisked courses are available to Medieval and Renaissance Studies for that semester. The subject matter of some of these courses can be arranged according to students' individual interest. Students wishing to use such courses towards their Medieval and Renaissance Studies concentration should consult with their advisors in the program and with the course instructor during the semester before they intend to take the course.

Art

- ART.444 Byzantine to Gothic Art (3)
 ART.445 Italian Renaissance Art: 15th-16th Centuries (3)
 ART.485 *Seminar in Art History (3)

English

- ENGL.321 Medieval British Literature (3)
 ENGL.322 British Medieval and Renaissance Drama (3)
 ENGL.323 British Renaissance Literature (3)
 ENGL.324 British Literature of the Later Renaissance (3)
 ENGL.425 Chaucer (3)
 ENGL.427 Shakespearean Comedy (3)
 ENGL.428 Shakespearean Tragedy (3)
 ENGL.429 Milton and the Humanist Tradition (3)
 ENGL.451 History of the English Language (3)
 ENGL.471 *Topics in World Literature (3)
 ENGL.472 *Topics in British Literature (3)
 ENGL.485 *Seminar in English Studies I (3)
 ENGL.486 *Seminar in English Studies II (3)
 ENGL.490 *Directed Studies in English (2-4)
 ENGL.494 *Travel and Study (3-6)

Geography

- GEOG.451 Geography of Europe (3)

History

- HIST.303 Hellenistic Civilization (3)

MOLECULAR BIOLOGY TRACK

Advisory Committee: PREISLER (*Chemistry, Coordinator*); RAWN (*Chemistry*); DENNISTON (*Biology*); HENRIKSON (*Biology*); KUNDIG (*Biology*); MECHLING (*Biology*)

The Program

The molecular biology track is a specialized field at the interface between chemistry and biology. Its goal is the understanding of

heredity and other functions of life through the study of biological molecules and molecular processes. The student who wishes to pursue graduate research or laboratory work in this field will need a solid grounding in the principles of chemistry and the concepts of related fields of biology. The program will provide a strong preparation for graduate studies or employment in the research laboratory in the following areas: biochemistry, biophysics, cell biology, immunology, microbiology, and molecular biology. Students interested in medical or dental school would also benefit from the breadth and depth of the science course offerings.

Requirements for the Major

The curriculum presented below includes 30-33 upper-division credits of required courses and two to three upper-division elective credits. The course requirements for this thematic option reflect the interdisciplinary nature of molecular biology.

Required Courses (30-33 credits)

- BIOL.201 Biology I: Cellular Biology and Genetics (4)
 CHEM.101-102 General Chemistry I and II (4,4)
 CHEM.210 Principles and Methods of Chemical Analysis, (4)
 or
 CHEM.211 Quantitative Analytical Chemistry (5)
 PHYS.241-242 General Physics I and II (strongly recommended) (4,4)
 or
 PHYS.211-212 General Physics I and II (4,4)
 MATH.273-274 Calculus I and II (4,4)
 BIOL.318 Microbiology (4)
 BIOL.401 Genetics (4)
 BIOL.408 Cell Biology (4)
 CHEM.331-332 Organic Chemistry I and II (5,5)
 CHEM.340 Physical Chemistry: Principles and Application (3)
 or
 CHEM.341-342 Physical Chemistry—Thermodynamics & Structure & Kinetics (3,3)
 CHEM.355-356 Biochemistry and Biochemistry Laboratory (recommended) (3,2)
 or
 CHEM.350 Principles of Biochemistry (5)

Electives

- One of the following*
 BIOL.403 Advanced Genetics (3)
 BIOL.421 Immunology (3)
 CHEM.452 Advanced Biochemistry (3)

Recommended Courses

An independent research project related to molecular biology is also recommended, especially for those students contemplating graduate school. The appropriate courses are:

- BIOL.491 Independent Research in Biology, (2-3)
 or
 CHEM.491-494 Introduction to Research in Chemistry (1-3)

PRE-LAW

Students wishing to enter law school following graduation are urged to concentrate upon the improvement of their speaking, writing, and reasoning skills. Several options are available to them for their academic preparation at Towson. Within the liberal arts major, the student may pursue a course of study individualized, with the concurrence of a pre-law advisor, to meet his or her particular needs, interests and abilities. The student also may elect, in consultation with a pre-law advisor, to pursue an undergraduate major within an existing department (political science, history, and English are majors which pre-law students frequently choose). Any student wishing to enter law school is strongly urged to consult catalogs at

schools to which he or she will apply in order to learn their specific academic requirements as a means of helping plan a program at Towson wisely.

RELIGIOUS STUDIES

Advisory Committee: WOOD (*English, Coordinator*); BAILEY (*Psychology*); JOCHENS (*History*); JONES (*Sociology*)

The Program

The Religious Studies concentration is an interdisciplinary program which offers students the opportunity to study religion from a variety of perspectives. The program is administered by a faculty committee.

Requirements for the Major

As in all thematic options, 45 credits must be taken in upper-division courses. For the Religious Studies option, 36 credits must be from the approved list of courses having substantial religious content. No more than four lower-division credits may be applied to this 36 credit requirement, and no more than 21 of the 36 credits may be taken in any one department. The distribution of 18 of the 36 credits must be: six from the Department of History, six from the Department of Philosophy and Religion, and six from other departments.

Directed readings, research methods, independent study, honors thesis or minimester courses in religious topics, when approved by the Religious Studies committee, must be undertaken within the requirements of the department that offers them and with the approval of the teaching faculty member.

The following courses are approved for credit in the Religious Studies option. However, courses marked with an asterisk are only applicable during semesters when they have been approved for credit by the Religious Studies committee. The committee shall meet prior to pre-registration each semester to determine which of the courses marked with an asterisk shall be applicable for credit to the Religious Studies program for the following semester. Students may also apply to the committee for approval of transfer credits from other colleges into the Religious Studies option within the existing college rules for transfer.

Approved Courses

**Indicates approval required each semester offered.*

OFFICE

Linthicum Hall, Room 201F, (301) 321-2860

The Program

The Women's Studies concentration within the General Studies major is an interdisciplinary program which offers students the opportunity to study the particular nature and role of women as individuals and as members of society. The concentration consists of 12 hours in a core curriculum of four interdisciplinary courses, plus a minimum of 18 hours selected from other courses in women's studies. Women in Perspective (WMST.231) is strongly recommended as preparation for any upper-division work in women's studies. Each program is individually tailored to the needs and interests of the student. Students must consult with a women's studies faculty advisor to plan their program. The student is reminded that a total of

45 upper-division hours, including the hours in women's studies, is required for the completion of a General Studies major.

The Women's Studies concentration is administered by a committee of faculty and students. The faculty members on the committee will serve as advisors to students majoring in the program.

The following interdisciplinary and departmental women's studies courses are currently in the curriculum. More courses are under development. The departmental courses can be taken as electives for departmental credit and/or applied to the thematic concentration in women's studies. Some courses fulfill General University Requirements.

Requirements for the Major

Required Core Courses (12 credits)

- WMST.231 Women in Perspective (3)
- WMST.332 Women's Culture and Creativity (3)
- WMST.335 Women, Work, and Family (3)
- WMST.337 Feminism (3)

Approved Courses

Majors must complete a minimum of 18 additional credits in women's studies selected from any of the following departments. Twelve hours must be taken at the 300-400 upper-division course level.

Interdisciplinary General Studies

- WMST.333 Women's Words, Women's Lives (3)
- WMST.370 Topics in Women's Studies (3)
- WMST.481 Directed Readings for Honors in Women's Studies (3-4)
- WMST.485 Seminar in Women's Studies (3)
- WMST.491 Directed Readings in Women's Studies (1-4)
- WMST.496 Practicum in Women's Studies (3)
- WMST.499 Honors Thesis (3)

Art

- ART.216 The Image of Women in Art (3)

Economics and Political Science

Minor in Women's Studies

The minor in Women's Studies is also offered at Towson State. A minor is the way in which many students are using women's studies courses. That is, many students will wish to major in a traditional subject (history, English, sociology), but want to take special work in women's studies within that subject, to which end they take many women's studies courses. Some students plan to do graduate work in a traditional discipline, with emphasis on women within it.

Requirements for the Minor

- WMST.231 Women in Perspective (3)
plus
15 hours in other departmental or General Studies women's studies courses, at least 12 hours of which shall be upper-division.

MEETING GENERAL UNIVERSITY REQUIREMENTS

Several Women Studies courses fulfill General University Requirements. WMST.231, Women in Perspective; WMST.332, Women's Culture and Creativity; WMST.335, Women, Work and Family all fulfill Group III requirements. WMST.333, Women's Words, Women's Lives is an approved advanced writing course for Group IC.

TRANSFER CREDIT POLICY

Students may transfer no more than 12 of the 30 credits required for the Women's Studies major concentration, and no more than 6 of the credits required for the minor.

HONORS PROGRAM

Honors work is available to students with a Women's Studies major concentration. Interested students should consult the Women's Studies Coordinator for information, preferably during their sophomore year.

Department of Geography and Environmental Planning

Professor: McKIM

Associate Professors: DILISIO (*Chair*), HADDOCK, SCOTT

Assistant Professors: da SILVA, HAYUK, MORGAN, STEVENSON

OFFICE

Linthicum Hall, Room 18, (301) 321-2973

PROGRAMS OF THE DEPARTMENT

The Department of Geography and Environmental Planning offers the following programs: the *major in Geography*, the *minor in Geography*, the *Master of Arts in Geography*, and the *Master in Education with an emphasis in Geography*. For more information about the graduate programs, consult the *Graduate School Catalog*.

The purpose of the major is to encourage students to explore the discipline in depth. Such investigation leads to an appreciation of the structure and function of the subject, prepares the student for graduate work, and offers background for many careers particularly in private industry, planning, government service, and teaching. Students are also expected to take correlative courses which broaden their academic background and offer valuable insights into the subject.

Cartography Certificate Program

The department offers an 18 semester hour program leading to a Certificate in Cartography. The program is designed for undergraduate, graduate, and non-degree students seeking skills in cartography. For more information contact Mr. Marshall Stevenson.

Credential of Proficiency in Planning

The department offers an 18 semester hour program leading to a Credential of Proficiency in Planning. The credential may be earned within the 33 semester hour Geography major. The program is also open to all full-time and continuing studies students. For more information contact Dr. James DiLisio.

Geography/Environmental Planning and Economics

Students interested in geography and economics should consider majoring in both disciplines. For further information and counseling contact the Geography and Environmental Planning Department.

MAJOR IN GEOGRAPHY

Geography majors are required to complete 33 credits from among the following courses. A grade of "C" or higher is required in all courses in the major and minor.

The Bachelor of Arts degree may be earned by adding a foreign language to the major course requirements. This requirement can be met by completing the intermediate course of a modern foreign language or the equivalent.

Requirements for the Major

A combined total of no more than 12 semester hours from the following course is allowed in the major: GEOG.491, 494, 495, 496.

Required Courses

Lower-Division Courses (6-9 credits)

- GEOG.101 Physical Geography (3)
- GEOG.102 World Regional (3)
- or
- GEOG.105 Geography of International Affairs (3)
- or
- GEOG.109 Human Geography (3)

Systematic or Technique Courses (9 credits)

- GEOG.323 Cartography & Graphics I (3)
- GEOG.375 Quantitative Methods (3)
- GEOG.xxx One upper-division Systematic or Technique course (3)

Upper-Division Courses (15-18 credits)

Choose 15-18 credits of upper-division courses, including
GEOG.401 Growth of Geographic Thought (3)

MINOR IN GEOGRAPHY

Students minoring in Geography must complete 18 credit hours in geography and environmental planning courses. Six credit hours must be at the 100-200 level, and 12 credit hours from the 300-400 level. A grade of "C" or higher is required in all courses in the minor.

GEOGRAPHY SECONDARY EDUCATION PROGRAM

Required in Major (33 hours): Lower Division (100's-200's) courses (6-9); Upper Division (300's-400's) courses (15-18). (At least nine hours of which must be courses designated as systematic or technique courses.)

Required in Related Subjects (33 hours): History courses: HIST.145, HIST.146, HIST.101 plus 6 hours of history electives; Political Science: POSC.101; Sociology: SOCI.101; Economics: ECON.201 and ECON.202; Anthropology; either ANTH.207, ANTH.208, or ANTH.209; and a specified Topics in Social Science course.

TRANSFER CREDIT POLICY

Geography majors may transfer up to 12 hours toward a major and must earn 21 upper-division credits at Towson.

Geography minors may transfer up to six hours toward a minor and must earn 12 upper-division credits at Towson.

SPECIAL DEPARTMENTAL PROGRAMS

The department sponsors the Beta Delta Chapter of Gamma Theta Upsilon, an international geography honorary society. GTU holds lectures, and presents films and speakers on topics in geography and planning. All Geography majors are welcome to join.

The department offers internships through the Cooperative Education Office. An annual Careers Day is held for Geography majors seeking employment.

Travel studies are available during the minimester and summer to Europe, Arizona, Mexico, and Hawaii.

The National Council for Geographic Education awards are given to academically outstanding graduating majors.

GRADUATE PROGRAM

The master of arts degree program in geography and environmental planning is designed to prepare students for doctoral programs as well as for career opportunities in private business and public agencies. The program is oriented toward applied geography and pre-

sents possibilities for an emphasis in the following areas: urban-regional planning, urban studies, public policy issues, physical geography, environmental assessment, energy resources, cultural-historical geography, medical geography, population, area studies, cartography, and computer applications.

Graduate students in geography and environmental planning are encouraged to take pertinent coursework in other departments. The student may pursue either the Thesis Program (24 credits and a 6-credit thesis) or the Non-Thesis Program (36 credits). Detailed information is given in the *Graduate School Catalog*.

Department of History

Professors: ANDREWS, BLUMBERG, ESSLINGER, HIRSCHMANN, JOCHENS, KAHL (*Chair*), LAREW, D. MARTIN, MRUCK, RIVERS, RYON, VAN OSDELL, WHITMAN

Associate Professors: McWILLIAMS, PIOTROWSKI, SCHOLNICK

Assistant Professors: ELDRIDGE, HIMES, L.R. JOHNSON, SLADEK

OFFICE

Linthicum Hall, Room 119F, (301) 321-2923

PROGRAMS OF THE DEPARTMENT

The Department of History offers the following programs: the *major in History*; the *History Secondary Education Major*, for students planning to teach history at the secondary level; and the *minor in History*. Each of these programs encourages students to explore the study of history in depth. Such investigation leads to an appreciation of the structure and function of the discipline, prepares the student for teaching, for graduate work, and for the study of law, theology, archival management, library science, historical preservation and museology. Skills, as well as historical knowledge acquired through the study of the discipline, may also lead to career opportunities in public history, federal, state, local government, and in business and industry. Students may opt for more career flexibility by choosing double majors or by combining a History major with another minor or by combining another major with a History minor: history and art, history and English, history and economics, history and business, history and communications, for examples. History majors and minors are also expected to take correlative courses that broaden their academic background and offer valuable insights into their major subject. The Department of History also strongly recommends the completion of the intermediate level of a foreign language.

The department offers courses in the fields of American, European, Asian, African, and Latin American history. The offerings are varied. Some courses are chronological, topical or national in scope. Others are in women's, ethnic, business, social, cultural or political history. All courses offered encourage an appreciation of the historical past through lecture/discussion, reading, analysis, and writing. Since history explores all aspects of human endeavor, history courses touch upon the insights of all disciplines from the historical perspective.

The Practicum is a practical application of historical knowledge and skill. The Practicum may be taken at institutions such as the Maryland Historical Society, Baltimore City Archives, Baltimore Industrial Museum, Jewish Historical Society, or Towson State University Archives.

The department participates in interdisciplinary programs such as International Relations and Social Science, and in General Stud-

ies concentrations in American Studies, African-American Studies, Comparative Ethnic Studies, Women's Studies, Religious Studies, Latin American Studies, Asian Studies, and Medieval and Renaissance Studies.

MAJOR IN HISTORY

In addition to the General University Requirements, History majors are required to complete 36 credits with a grade of "C" or higher from among the following courses. The Bachelor of Arts degree may be earned by adding a foreign language to the major course requirements. The language requirement can be met by completing the intermediate courses of a modern foreign language or the equivalent.

Requirements for the Major

Required Courses (18 credits)

- HIST.145 History of the United States to the Mid-Nineteenth Century (3)
- HIST.146 History of the United States Since the Mid-Nineteenth Century (3)
- HIST.241 History of European Civilization Through the Seventeenth Century (3)
- HIST.242 History of European Civilization From the Seventeenth Century (3)
- HIST.290 Introduction to Historical Study (3)

One of the following

- African History Course (3)
- Asian History Course (3)
- Latin American History Course (3)

Electives (18 credits)

Students must complete 18 credits of electives offered by the department, at least 12 of which must be in upper-division courses. Within the 18 credits of electives, there must be at least one three credit course in two of the three fields: American, European, and the others (Ancient, Asian, African, Latin American, and World).

MINOR IN HISTORY

History minors are required to complete 24 credits with a grade of "C" or higher from among the following courses.

Requirements for the Minor

Required Courses (6 credits)

- HIST.290 Introduction to Historical Study (3)

One of the following

- HIST.107 Introduction to History of Islamic Civilization (3)
- HIST.109 Introduction to the Civilization of India (3)
- HIST.116 Introduction to Chinese Civilization (3)
- HIST.117 Introduction to Japanese Civilization (3)
- HIST.121 Latin America: Colonial Period (3)
- HIST.122 Latin America: National Period (3)
- HIST.133 History of Africa: Earliest Times to the Nineteenth Century (3)
- HIST.134 History of Africa: Nineteenth Century to the Present (3)

Lower-Division History Electives (9 credits)

Upper-Division History Electives (9 credits)

HISTORY: SECONDARY EDUCATION

History majors may wish to obtain certification to teach history at the secondary level. Students in this Secondary Education program receive certification to teach in Maryland upon graduation. See Secondary Education Department requirements.

In addition to the General University Requirements, and the requirements specified by the Department of Secondary Education,

students must complete 54 credits with a grade of "C" or higher from among the courses listed below. Of the 54 credits, 18 must be completed in the required history courses, and 15 in social science courses before Student Teaching.

Requirements for the Major

Required Courses in History (18 credits)

- HIST.145 History of the United States to the Mid-Nineteenth Century (3)
 HIST.146 History of the United States Since the Mid-Nineteenth Century (3)
 HIST.241 History of European Civilization Through the Seventeenth Century (3)
 HIST.242 History of European Civilization From the Seventeenth Century (3)
 HIST.290 Introduction to Historical Study (3)

One of the following

- African History Course (3)
 Asian History Course (3)
 Latin American History Course (3)

History Electives (12 credits)

Twelve credits of electives offered by the department, at least 9 of which must be in courses at the 300-400 level. Within the 12 credits of electives, there must be at least one three-credit course in two of the three fields: American, European, and the others (Ancient, Asian, African, Latin American, and World).

Required Courses in Social Sciences (24 credits)

- ECON.201 Microeconomic Principles (3)
 ECON.202 Macroeconomic Principles (3)
 SOCI.101 Introduction to Sociology (3)
 GENL.401 Topics in Social Science (3)

One of the following

- GEOG.101 Physical Geography (3)
 GEOG.102 World Regional Geography (3)
 GEOG.105 Geography of International Affairs (3)
 GEOG.109 Introduction to Human Geography (3)

Two of the following

- POSC.101 Introduction to Political Science (3)
 PSOC.103 American National Government (3)
 POSC.107 Introduction to International Relations (3)
 POSC.137 Introduction to Comparative Politics (3)
 POSC.207 State Government (3)

One of the following

- ANTH.207 Cultural Anthropology (3)
 ANTH.209 American Culture (3)

SPECIAL RECOMMENDATIONS FOR MAJORS AND MINORS

Students must declare their majors and minors in the History Department. The major or minor should be declared during the second semester of the freshman year or at the beginning of the sophomore year. Students will be given *major/minor forms listing additional rules for a History major/minor*. They will also be required to select an academic advisor who will help in preparing a program of courses. Students should consult their advisors regularly. Students also must update their records each semester. A liberal arts History minor who wishes to student teach must have completed 15 credits of the required courses in history.

TRANSFER CREDIT POLICY

No more than 18 credits in history will be accepted toward a major or a minor from a regionally accredited four year college. No more than 12 lower-division credits in history will be accepted toward a major or a minor from a regionally accredited two year college. The 12

credits must be in lower-division courses which have Towson equivalents at the 100-200 level.

DEPARTMENTAL HONORS, ACTIVITIES

The department offers an honors program in History. Eligibility requirements and rules governing the departmental honors programs are described elsewhere in this *Catalog*. Students interested in the history honors program should consult their advisor and the chair of the department no later than the first semester of their junior year.

The department sponsors the Theta Beta Chapter of the national history honor society, Phi Alpha Theta. The society presents lectures, films, and other programs. The student may inquire about membership requirements at the office of the Department of History.

The department also offers travel-study courses that in the past have introduced students to China, Japan, Mexico and several European countries.

ADVANCED PLACEMENT AND CREDIT FOR PRIOR LEARNING

The Department of History awards credit through the Advanced Placement program of the university. The department also offers credit for lower-division courses, and for upper-division courses upon appeal, through the Credit for Prior Learning program. Students applying for credit under this program complete a departmental examination, an interview, and a paper or book review in the field.

International Studies Program

Advisory Committee: DENT (Political Science, Coordinator); BELGRAD (Political Science); CHASE (International Business); GIRO (Modern Languages); McKIM (Geography and Environmental Planning); McWILLIAMS (History); MERANI (Political Science); ROTHSTEIN (Anthropology); WEINTRAUB (Economics)

OFFICE

Linthicum Hall, Room 118L, (301) 321-2955 or 321-2958

THE PROGRAM

The International Studies program is designed primarily as preparation for students planning careers in government, foreign service, international trade, finance and business, economic development, and international education. The program aims to achieve a global perspective through an interdisciplinary network of courses and experiences which will lead to a *Bachelor of Arts degree in International Studies*.

The program is administered by a committee composed of representatives from the following disciplines: international business, economics, geography and environmental planning, history, political science, and sociology/anthropology.

MAJOR IN INTERNATIONAL STUDIES

All students majoring in International Studies will complete 30 credit hours of required courses and 15 credit hours of related upper-division electives under one of the two plans listed below:

Plan A — Regional Track

Under this plan students concentrate on a particular world region such as Asia, Latin America, Western Europe, etc. and complete 15

upper-division credits in courses related to the student's geographical area of concentration.

Plan B — Non-Regional Track

Under this plan students complete 15 upper-division credits of approved elective courses relating to international affairs.

Requirements for the Major

Thirty required credits, 15 credits of upper-division related electives, and foreign language proficiency through Intermediate II (4 semesters of college-level foreign language) are needed to complete the major in International Studies.

Required Courses (30 credits)

INBU.355	Introduction to International Business (3)
ECON.201	Microeconomic Principles (3)
ECON.202	Macroeconomic Principles (3)
GEOG.105	Geography of International Affairs (3)
GEOG.381	Political Geography (3)
ANTH.207	Cultural Anthropology (3)
POSC.303	Theory of International Politics (3)*
POSC.428	Political Theory II (3)*

One of the following

ECON.323	Comparative Economic Systems (3)
ECON.325	Economic Development (3)
ECON.421	International Economics (3)

One of the following

HIST.151	The World Since 1945 (3)
HIST.479	History of Diplomacy (3)

*Students should consult their advisors concerning the prerequisites for these courses.

Related Electives (15 credits, upper-division)

These courses must be selected by students with the written approval of their advisor in International Studies. Each advisor has a current list of approved courses in International Studies that students must use in selecting these electives. Students who are under Plan A (regional concentration) must have at least three of their five related elective courses in their area of regional concentration.

Foreign Language Requirement

Students should plan on achieving a level of proficiency in one foreign language that is the equivalent of four semesters of college-level foreign language training. This requirement may be completed by taking Elements I and II and Intermediate I and II or by an Equivalence Examination at the Intermediate level administered each November by the Department of Modern Languages. Students who have completed several years of foreign language in high school should consult with the Chair of Modern Languages to determine the number of courses or credits needed to fulfill this requirement for the major.

TRANSFER CREDIT POLICY

Transfer students must take a minimum of 18 credits of upper-division courses in international studies at Towson State to fulfill the requirements for the major.

INTERNATIONAL STUDIES ACTIVITIES AND PROGRAMS

The International Studies major offers students the opportunity to participate in the following special programs and activities:

- Editing and managing the *Towson State Journal of International Affairs* for academic credit.
- An annual Model Organization of American States (OAS) in Washington, D.C. for academic credit

- The Naval Academy's Foreign Affairs Conference.
- The annual Earle T. Hawkins Symposium on International Affairs.
- Internships for academic credit in Washington, D.C. and metropolitan Baltimore.
- Foreign travel and study abroad programs for academic credit.

Department of Modern Languages

Professors: GIRO (Chair), MAGILL, POIRIER

Associate Professors: EVANS, LEETCH, LEVNO

Assistant Professors: GOOLEY, LIMA, HAUPT, McLUCAS, O'PECKO

Regular Part-Time: BRAUN

OFFICE

Linthicum Hall, Room 319 F/G, (301) 321-2883

PROGRAMS OF THE DEPARTMENT

The Department of Modern Languages offers the following programs: 1) the major or minor in French, German and Spanish; 2) the major in French, German and Spanish in Secondary Education; 3) the major in French, German and Spanish Literature; 4) the major in French, German and Spanish in Professional Program; 5) the Certificate of Proficiency in French, German and Spanish, for non-language majors or minors planning for careers which require reasonable oral and written competency in a foreign language; and 6) language electives, for all students who wish to acquire a reading or conversational ability in one of the following languages: Russian, Chinese, Portuguese, Hebrew, Japanese, Greek, Latin, Italian and Hindi. Expansion of these non-major languages will be made in response to expressed student interest.

Students majoring or minoring in French, German or Spanish must declare their major or minor in the Modern Languages Department and are required to have academic advisors in their major and minor field and maintain close contacts with the faculty advisors in order to select and prepare their course of study. Majors should see their advisors at least once a semester. It is recommended that the major be declared during or before the sophomore year.

Culture and Civilization Course Requirement

The requirement of six hours of Culture and Civilization for Spanish majors is strongly felt by the Spanish faculty to be a necessity in their program, primarily because of the great diversity of Spanish-speaking countries in Europe, South America and Central America, and the importance of a knowledge of this diversity for all who teach or otherwise use Spanish. The French faculty feels likewise that French Culture and Civilization represents a necessary aspect of the language program and considers it important since the study of the culture and civilization of the French-speaking people and their countries cannot be separated from the study of the language. The German Culture & Civilization course is required for the Program in Teacher Education in German.

Dual Majors

The Department of Modern Languages encourages its language majors in French, German or Spanish to carry an additional major in either another language or combine their language with another field of study. Interested students should consult the Modern Languages Department.

FRENCH**MAJOR IN FRENCH LITERATURE**

In addition to the General University Requirements, French Literature majors must complete 30 credit hours with a grade of "C" or higher in French beyond the intermediate level. Of the 30 hours, at least 15 credit hours must be taken at Towson State University.

Required Courses (15 credits)

FREN.301-302	Comp. & Con. I, II (6)
FREN.311	Cult. & Civ. I (3)
	or
FREN.312	Cult. & Civ. II (3)
FREN.321-322	Sur. of Lit. I, II (6)

Electives

Fifteen hours in the target language, including nine hours of literature at the 400 level are required.

FRENCH SECONDARY EDUCATION PROGRAM

French majors may wish to obtain certification to teach French at the secondary level. Students in this Secondary Education program receive certification to teach in Maryland upon graduation. In addition to the General University Requirements, and the requirements specified by the Department of Secondary Education, students must complete 30 credits with a grade of "C" or higher beyond the Intermediate level from among the following courses.

Majors who are in the Secondary Education program are required to take Advanced Grammar and Method of Teaching a Foreign Language before student teaching.

Required Courses (24 credits)

FREN.301-302	Comp. & Con. I, II (6)
FREN.311	Cult. & Civ. I (3)
	or
FREN.312	Cult. & Civ. II (3)
FREN.321-322	Sur. of Lit. I, II (6)
FREN.391	Advanced Grammar (take before student teaching) (3)
FREN.401	Phonetics (3)
FREN.402	Linguistics (3)

Electives

Six hours of electives at the 400 level are required.

MAJOR IN FRENCH PROFESSIONAL PROGRAM

In addition to the General University Requirements, French majors in this program must complete 30 credits with a grade of "C" or higher beyond the Intermediate level. The Internship in French is generally completed in the student's junior or senior year. Electives recommended by the department are French for Business and French Phonetics.

Required Courses (18 credits)

FREN.301-302	Comp. & Con. I, II (6)
FREN.311	Cult. & Civ. I (3)
	or
FREN.312	Cult. & Civ. II (3)
FREN.321-322	Sur. of Lit. I, II (6)
FREN.497	Internship (3)

Electives

Twelve hours are required, six of which must be at the 400 level in the literature of the target language.

GERMAN**MAJOR IN GERMAN LITERATURE**

In addition to the General University Requirements, German majors must complete 30 credits with a grade of "C" or higher beyond the Intermediate level. Of the 30 hours, at least 15 credit hours must be taken at Towson State University.

Required Courses (12 credits)

GERM.301-302	Comp. or Con. I, II (6)
GERM.321	Sur. of Lit. I (3)
GERM.341	Rdgs. in Contemp. German (3)

Electives

Eighteen hours of electives in the target language are required including nine hours of literature at the 400 level.

GERMAN SECONDARY EDUCATION PROGRAM

German majors in the Secondary Education program receive certification to teach in Maryland upon graduation. In addition to the General University Requirements, and the requirements specified by the Department of Secondary Education, students must complete 30 credits with a grade of "C" or higher beyond the Intermediate level from among the following courses. Stylistics is recommended as an elective.

Required Courses (21 credits)

GERM.301-302	Comp. & Con. I, II (6)
GERM.311	Cult. & Civ. (3)
GERM.321	Sur. of Lit. I (3)
GERM.341	Rdgs. in Contemp. German (3)
GERM.391	Advanced Grammar (take before student teaching) (3)
GERM.401	Phonetics

Electives

Nine hours of electives are required at the 400 level.

(Phonetics course will be offered every three semesters or in accordance with student needs.)

MAJOR IN GERMAN PROFESSIONAL PROGRAM

In addition to the General University Requirements, German majors must complete 30 credits with a grade of "C" or higher beyond the Intermediate level in the following courses. The Internship in German is completed in the student's junior or senior year. Electives recommended are Culture and Civilization and Stylistics.

Required Courses (15 credits)

GERM.301-302	Comp. & Conv. I, II (6)
GERM.321	Sur. of Lit. I, II (3)
GERM.341	Rdgs. in Contemp. German (3)
GERM.497	Internship (3)

Electives

Fifteen hours of electives are required, six of which must be at the 400 level in the literature of the target language.

SPANISH**MAJOR IN SPANISH LITERATURE**

In addition to the General University Requirements, Spanish Literature majors must complete 30 credits with a grade of "C" or higher beyond the Intermediate level in the following courses. Of the 30 hours, at least 15 credit hours must be taken at Towson State University.

Required Courses (18 credits)

SPAN.301-302	Comp. & Con. I, II (6)
SPAN.311-312	Cult. & Civ. I, II (6)
SPAN.321-322	Sur. of Lit. I, II (6)

Electives

Twelve hours of electives are required in the target language, including nine hours of literature at the 400 level.

SPANISH SECONDARY EDUCATION PROGRAM

Spanish majors in the Secondary Education program receive certification to teach in Maryland upon graduation. In addition to the General University Requirements, and the requirements specified by the Department of Secondary Education, students must complete 30 credits with a grade of "C" or higher beyond the Intermediate level in the following courses.

Required Courses (27 credits)

SPAN.301-302	Comp. & Conv. I, II (6)
SPAN.311-312	Cult. & Civ. I, II (6)
SPAN.321-322	Sur. of Lit. I, II (6)
SPAN.391	Advanced Grammar (take before student teaching) (3)
SPAN.401	Phonetics (3)
SPAN.402	Linguistics (3)

Required Literature Courses

Three hours of a 400-level literature course must be taken in the target language.

MAJOR IN SPANISH PROFESSIONAL PROGRAM

In addition to the General University Requirements, Spanish majors must complete 30 credits with a grade of "C" or higher beyond the Intermediate level. The Internship in Spanish is completed in the student's junior or senior year. The department recommends Spanish for Business as an elective.

Required Courses (21 credits)

SPAN.301-302	Comp. & Con. I, II (6)
SPAN.311-312	Cult. & Civ. I, II (6)
SPAN.321-322	Sur. of Lit. I, II (6)
SPAN.497	Internship (3)

Electives

Nine hours are required, six of which must be at the 400 level in the literature of the target language.

MINOR IN MODERN LANGUAGE

This program is designed to provide majors in other disciplines with the educational background necessary to broaden and enhance their career opportunities and to enable teacher candidates to meet the requirements for a Maryland State Department of Education teaching certificate.

The minor in French, German and/or Spanish requires students to complete 12 upper-division credit hours plus the Intermediate level courses I, II, to complete 20 credits. SCED.353, Teaching Modern Language in the Secondary Schools, is required of teaching candidates in addition to the minor.

Language minors may transfer up to eight hours toward a minor and must earn 12 upper-division credit hours at Towson.

The minor should be approved by the student's Modern Languages Department advisor.

Requirements for the Minor

Required Courses (20 credits)

Intermediate level courses I and II (8)
Conv. & Comp. I or II (3)
Cult. & Civ. I or II (3)
Adv. Grammar (3)
Elective course (3)

CERTIFICATION OF PROFICIENCY IN A MODERN FOREIGN LANGUAGE

The Department of Modern Languages has designed a program of studies that offers the non-language major a Certificate of Proficiency in French, German or Spanish upon satisfactory completion of prescribed requirements.

The Certificate of Proficiency may be earned by a degree candidate at Towson State University as well as by an individual whose sole interest in attending the university is for the purpose of obtaining the certificate.

A Certificate of Proficiency is an important document for those individuals who are planning or practicing careers which require reasonable oral and written competency in a given modern language. In the job market, national and international, we are aware that a large number of opportunities await persons whose knowledge of one or more modern foreign languages has been well established through intensive college study. The Certificate of Proficiency is quite advantageous for aspiring professionals in the fields of communications, public services, business and finance, agriculture, transportation, health services, education, energy, natural resources, journalism, law, foreign service, governmental service, air traffic management, import/export purchasing and selling, etc.

In order to receive the Certificate of Proficiency, the student must pass all required courses with acceptable grades (A, B or C's). The student who is prepared to begin at the advanced level will need to complete 12 credits of study whereas the student who begins at the elementary level will have to earn 28 credits in the particular language.

Requirements for the Certificate of Proficiency in French

Required Courses (28 credits)

FREN.101-102	French Elements (4,4)
FREN.201-202	French Intermediate (4,4)
FREN.301 or 302	French Composition and Conversation I, or II (3)
FREN.311 or 312	French Culture and Civilization (3)
FREN.391	Advanced French Grammar (3)
FREN.495	Practicum for the Certificate of Proficiency in French (3)

Special courses will be planned and introduced in accordance with student needs.

Requirements for the Certificate of Proficiency in German

Required Courses (28 credits)

GERM.101-102	German Elements (4,4)
GERM.201-202	German Intermediate (4,4)
GERM.301 or 302	German Composition and Conversation I or II (3)
GERM.311	German Culture and Civilization (3)
GERM.391	Advanced German Grammar (3)
GERM.495	Practicum for the Certificate of Proficiency in German (3)

Special courses will be planned and introduced in accordance with student needs.

Requirements for the Certificate of Proficiency in Spanish

Required Courses (28 credits)

SPAN.101-102	Spanish Elements (4,4)
SPAN.201-202	Spanish Intermediate (4,4)
SPAN.301 or 302	Spanish Composition and Conversation I, or II (3)
SPAN.311 or 312	Culture and Civilization of the Spanish Speaking People (3)
SPAN.391	Advanced Spanish Grammar (3)
SPAN.495	Practicum for the Certificate of Proficiency in Spanish (3)

Special courses will be planned and introduced in accordance with student needs.

MEETING GENERAL UNIVERSITY REQUIREMENTS

The completion of the intermediate level, or its equivalent, is required of all candidates for the Bachelor of Arts degree. This requirement may be met by (a) completing two or more years of the language in high school plus the intermediate level courses in college, (b) completing the elementary and intermediate level courses in the language in college, *(c) successfully completing an equivalence examination administered once a year, during November, by the Department of Modern Languages at Towson State University, (d) successfully completing one semester of any course beyond the intermediate level or *(e) successfully completing a credit for experience examination at the 300 level administered once a year, during November, by the Department of Modern Languages at Towson State University.

*Students interested in (c) or (e) should consult the Modern Languages Department for further information.

COMPETENCY CREDITS IN MODERN FOREIGN LANGUAGES

Degree candidates successfully completing courses numbered 102, 201, 202, or 301 in French, German or Spanish at Towson State may earn a maximum of eight (8) credits for the two preceding courses if the course in which they are enrolled is successfully completed with a grade of "C" or higher in the first attempt. Students registering for any of these language courses for the purpose of receiving competency credits must select the regular grading option. Students may attempt to earn competency credits by completing a higher level language course only once. Students should consult the Modern Languages Department for detailed information about the Competency Credits in foreign languages.

PLACEMENT IN LANGUAGES

The Modern Languages Department's policy regarding placement of entering students with high school language study follows:

1. One year of high school language study, the student may register for 101 or 102.
2. Two years of high school language study, the student may register for 102 or 201.
3. Three years of high school language study, the student may register for 201 or 202.
4. Four years of high school language study, the student may register for 202 or any 300 level course.
5. Five years of high school language study, the student may register for any 300 level course.

Students will normally want to register for the higher level course for which they are qualified. Deviations from this plan must be approved by the Department of Modern Languages.

HONORS PROGRAM

The Department of Modern Languages participates in the University Honors Program. Students interested in completing a language major with honors should consult the department Honors Board representative no later than the first semester of their junior year.

SPECIAL DEPARTMENTAL PROGRAMS

The department sponsors the Eta Gamma Chapter of the National Spanish Honor Society, Sigma Delta Pi and encourages all Spanish students to participate in the activities of the Society.

The department offers internship and practicum programs through the Cooperative Education Office.

A junior year abroad in France and a travel studies program to Spain are also available.

The Modern Languages department is a testing center for the Certificat Pratique du Francais Commercial et Economique.

Students may take the test for the "Certificat" after having completed the French for Business course.

GRADUATE PROGRAM

A Master in Education with a specialization in French or Spanish and the Master of Arts in Foreign Languages with a concentration in French, German and/or Spanish are also available through this department. See the *Graduate School Catalog* for details of this program.

Department of Philosophy and Religion

Professors: deBRABANDER, FUCHS, MURUNGI (*Chair*)

Assistant Professors: BURNOR, CHRISTIAN, EVANGELIOU, PILARDI

Instructor: KEALEY

OFFICE

Linthicum Hall, Room 219F, (301) 321-2755

PROGRAMS OF THE DEPARTMENT

Through the study of the arts, sciences and religion, philosophy attempts to uncover the often hidden or implied assumptions of a culture. As a result, philosophy seeks to give students some unity to all the knowledge they acquire in college. It develops the habits of precise thinking and reflection. Philosophy is basic to a liberal education and is of special value in preparation for many areas of endeavor, especially for the law, the ministry and politics.

The Department of Philosophy and Religion offers the *major and minor in Philosophy*. The program is designed to encourage students to take as great a diversity of courses as possible. Courses offered by the department are historical, systematic, analytic or speculative, according to the nature of the course, the interest of the instructor, and the composition of the particular class. The attitude that informs all courses is scholarly or speculative, rather than sectarian or dogmatic.

In exceptional instances the student may, with the permission of the chair, make substitution of courses within the department for required courses, e.g., a higher numbered course may be substituted for a lower numbered course. Three credits may, with the permission of the chair, be taken in an allied discipline.

MAJOR IN PHILOSOPHY

The major in Philosophy requires 33 credits with a grade of "C" or higher from among the following courses.

Requirements for the Major

Required Courses (6 credits)

PHIL.111 Logic (3)
PHIL.341 Ethics (3)

Three of the following

PHIL.221 Ancient Greek Philosophy (3)
PHIL.322 Late Classical and Medieval Philosophy (3)
PHIL.323 Late Medieval and Renaissance Philosophy (3)
PHIL.324 Modern Philosophy (3)
PHIL.325 Schools of Contemporary Philosophy (3)

Two of the following

PHIL.231 Introduction to the Philosophy of Science (3)
PHIL.301 Philosophies of India (3)
PHIL.302 Philosophies of China and Japan (3)
PHIL.326 American Philosophy (3)

Electives (12 credits)

Select any four upper-division philosophy courses, two of which must be at the 400 level.

MINOR IN PHILOSOPHY

The minor in Philosophy requires 24 credits completed with a grade of "C" or higher from among the following courses.

Requirements for the Minor

Required Courses (6 credits)

PHIL.111 Logic (3)
PHIL.341 Ethics (3)

Three of the following

PHIL.221 Ancient Greek Philosophy (3)
PHIL.322 Late Classical and Medieval Philosophy (3)
PHIL.323 Late Medieval and Renaissance Philosophy (3)
PHIL.324 Modern Philosophy (3)
PHIL.325 Schools of Contemporary Philosophy (3)

Electives (9 credits)

Select nine credits of elective courses in philosophy.

Department of Political Science

Professors: BELGRAD (*Chair*), DENT, EKPO,
GROSSMAN, KUMAR, MERANI

Associate Professors: MARZOTTO, RUDOLPH

OFFICE

Linthicum Hall, Room 118M, (301) 321-2958

PROGRAMS OF THE DEPARTMENT

The program of courses in political science aims to promote understanding of the nature of political relationships. The Department of Political Science offers a *major and minor in Political Science*. The major prepares students for advanced study and provides the foundation for careers in public administration, law, public relations, business and research.

MAJOR IN POLITICAL SCIENCE

Thirty credit hours are required for the major in Political Science to be completed as follows:

At least three but no more than six credit hours at the lower-division level.

At least 21 credit hours at the upper-division level including courses in three of the four topical areas — Comparative Politics, International Politics, American Government and Public Administration, Law and Political Theory. (Note: Courses taught under the special topic (POSC 470-479) and/or Independent Study (POSC 490) will be assigned to one of the four areas by the department or the student's advisor. This is to assure that courses taken under these two categories are not used in more than one area in order to meet the three area requirements.)

Three seminar hours from among those offered each semester. (Note: Seminar credit will not be given for Independent Study (POSC 490).

Requirements for the Major

Required Courses

At least one but no more than two of the following

POSC 101 Introduction to Political Science (3)
POSC 103 American National Government (3)
POSC 107 Introduction to International Relations (3)
POSC 137 Introduction to Comparative Politics (3)

One of the following

POSC 455 International Law and Organization I (3)
POSC 456 International Law and Organization II (3)
POSC 457 Use of Force in International Law (3)
POSC 482 Seminar in Political Science (3)
POSC 483 Seminar: Politics and the News Media (3)
POSC 484 Seminar: Politics and the Budgetary Process (3)
POSC 485 Democratic Theory Seminar (3)
POSC 491 Seminar in Contemporary United States Foreign Policy (3)

Electives

Twenty-one hours of electives must be taken at the upper-division level in three of the four topical areas of Political Science.

Topical Areas

The department offers courses in four topical areas: Comparative Politics, International Politics, American Government and Public Administration, and Law and Political Theory. The numbers indicate courses that are offered in each area.

Comparative Politics. 337, 338, 339, 341, 351, 470-479, 482, 490.

International Politics. 303, 307, 355, 432, 435, 437, 439, 441, 445, 455, 456, 457, 465, 470-479, 482, 490, 491.

American Government and Public Administration. 305, 361, 375, 381, 383, 417, 450, 461, 463, 470-479, 482, 483, 484, 490, 493.

Law and Political Theory. 359, 401, 418, 427, 428, 430, 470-479, 482, 485, 490.

MINOR IN POLITICAL SCIENCE

Eighteen credit hours are required for the minor in Political Science to be completed as follows:

At least three but no more than six credit hours at the lower-division level.

At least 12 credit hours at the upper-division level.

Requirements for the Minor

Required Courses

At least one but no more than two of the following

POSC 101 Introduction to Political Science (3)
POSC 103 American National Government (3)
POSC 107 Introduction to International Relations (3)
POSC 137 Introduction to Comparative Politics (3)

Electives (12 credits)

Select 12 upper-division elective courses in political science.

TRANSFER CREDIT POLICY

A student who transfers to Towson State University with senior standing is expected to complete a minimum of 15 hours of upper-division political science courses at the university to satisfy the requirements for a major. Those who transfer below senior standing normally will be expected to complete 21 hours of upper-division political science courses.

Department of Psychology

Professors: BASS, BRIZZOLARA, FIGLER, FURUKAWA, MILLER, PETRI, SANDERS, SLATER

Associate Professors: ANDERSON, ARMSTRONG, GROENHEIM, JOHNSON, JOSSELSO, PARENTE, RASKIN, SINNOTT, WALEN, WEBSTER (*Chair*)

Assistant Professors: DICESARE, FINK, FROMAN, KRUGGEL, LAVIN, LEYHE, RABIN, RAVAL, ZOLTAN-FORD, ZWEBACK

Visiting Associate Professor: COWIE, ROBINSON

Visiting Assistant Professor: WILLIAMS

OFFICE

Psychology Building, Room 200B, (301) 321-2634

PROGRAMS OF THE DEPARTMENT

The Department of Psychology offers the following programs: the *major in Psychology*; the *minor in Psychology*; and the *Clinical Concentration program for Psychology majors*.

The major in Psychology prepares students for graduate work in psychology, for training in special education and general education, for careers requiring a liberal arts background, and for work in clinical services.

MAJOR IN PSYCHOLOGY

Majors are required to complete 32 credits in Psychology with a grade of "C" or higher in each course. Of these 32 credits, 11 credits are to be completed in core courses and 21 credits are to be completed in elective courses. The elective courses must include at least one course from each of the following topical areas: "Human Development," "Clinical-Social," "Biopsychology," and "Learning-Cognition."

Requirements for the Major

Core Courses

- PSYC.101 General Psychology (3)
or
PSYC.102 Honors General Psychology (3)
PSYC.111 Behavioral Statistics* (4)
PSYC.261 Experimental Psychology (4)

*The department will accept the combination of Basic Statistics I (MATH. 231) and Basic Statistics II (MATH.232) to be substituted for Behavioral Statistics (PSYC.111).

Electives

Psychology majors select 21 elective credits which must include at least one course from each of the four topical areas listed below. The

remaining nine elective credits may be selected from any 200, 300 or 400 level psychology courses, with the exception of PSYC.211 and PSYC.230, neither of which may be taken for major credit.

Topical Areas

Human Development

- PSYC.330 Psychology of Individual Differences (3)
PSYC.403 Psychology of Infancy & Childhood (3)
PSYC.404 Adolescent Psychology (3)
PSYC.405 Psychology of Aging (3)
PSYC.447 Sex Differences: Psychological Perspectives (3)
PSYC.451 Introduction to the Exceptional Child (3)
PSYC.467 Adult Psychology (3)

Clinical-Social

- PSYC.311 Behavior Modification I (3)
PSYC.325 Social Psychology (3)
PSYC.327 Industrial Psychology (3)
PSYC.341 Environmental Psychology (3)
PSYC.350 Personality (3)
PSYC.361 Abnormal Psychology (3)
PSYC.409 Organizational Psychology (3)
PSYC.411 Tests and Measurements (3)
PSYC.416 Personality Measurement (3)
PSYC.421 Applications of Behavioral Principles of Family and Classroom Environments (3)
PSYC.431 Group Dynamics (3)

Biopsychology

- PSYC.317 Sensation and Perception (3)
PSYC.460 Ethology and Comparative Psychology (3)
PSYC.465 Physiological Psychology (3)

Learning-Cognition

- PSYC.305 Psychology of Learning (3)
PSYC.315 Motivation (3)
PSYC.407 Psychology of Reading (3)
PSYC.461 Cognitive Psychology (3)

Clinical Concentration Program for Psychology Majors

The Clinical Concentration program offers training in clinical psychology leading to a B.S. degree in psychology from Towson State University and a certificate in Mental Health from the Sheppard Pratt School of Mental Health Studies. The program provides a four-semester course sequence, beginning in the first term of the junior year. Courses are organized around practicum experience with extensive supervision so that there is unbroken continuity between theory and practice of clinical skills. This is a selective program for which students must apply by Feb. 15 of their sophomore year.

The curriculum requirements consist of three components: General University Requirements and Psychology Department requirements; two prerequisite courses which must be completed during the sophomore year and before entry into the program, Abnormal Psychology and Introduction to the Helping Relationship; and the following Clinical Concentration program courses.

SEMESTER 1

- PSYC.439 The Initial Interview (3)
PSYC.430 Systems and Techniques of Counseling Practice (3)

SEMESTER 2

- PSYC.454 Practicum in Psychotherapy (4)
PSYC.453 Issues in Mental Health Intervention (2)

SEMESTER 3

- PSYC.454 Practicum in Psychotherapy (4)
PSYC.431 Group Dynamics I (3)

SEMESTER 4

PSYC.433 Group Psychotherapy Practicum (3)

PSYC.454 Practicum in Psychotherapy (4)

MINOR IN PSYCHOLOGY

The Psychology minor is required to complete 23 credits in psychology with a grade of "C" or higher in each course. Of these 23 credits, students must complete 11 credits in core courses, and 12 credits in elective courses which must include one course from the topical area "Learning-Cognition." The remaining nine elective credits may be selected from any of the 200, 300 or 400 level courses with the exception of PSYC.211 and PSYC.230, neither of which may be taken for minor credit.

TRANSFER CREDIT POLICY

Transfer students may transfer a maximum of 15 hours toward the major.

HONORS IN PSYCHOLOGY

The Department of Psychology seeks to give special recognition to students for academic excellence through its Honors Program. The guiding philosophy of the program is to provide the student with a specialized learning experience in both scholarly investigation and scholarly writing. The student who completes an approved program will receive a diploma with the designation Bachelor of Arts or Bachelor of Science in Honors in Psychology. Departmental honors will also appear on the student's transcript.

The program is developed for the junior and senior years and includes nine to ten credit hours in PSYC.381, PSYC.485, and PSYC.491. A colloquium presentation based on the Senior Thesis PSYC.499 is required. An honors candidate will also be required to take the Graduate Record Examination and is expected to achieve no less than the 50th percentile on the Aptitude Test (Verbal and Quantitative) and no less than the 70th percentile on the Area Specialization Test in Psychology.

To be admitted to the program a student must present an overall cumulative average of 3.25 with a cumulative average of 3.50 in Psychology. To graduate from a program the recipient of the honors degree must maintain as a minimum the afore-mentioned cumulative averages. For additional procedural details contact the department's Honors Coordinator.

MASTER OF ARTS IN PSYCHOLOGY

The Master of Arts in Psychology is designed for students who are primarily interested in an advanced degree in General Psychology, School Psychology, Clinical Psychology or Counseling. For detailed information, see the *Graduate School Catalog*.

Social Sciences Program

Advisory Committee: KAHL (Coordinator, History); ANDREWS (History); MARZOTTO (Political Science); SMITH (Sociology); SCOTT (Geography); KONG (Economics); LAWLOR (Secondary Education); LYONS (Secondary Education)

OFFICES

Linthicum Hall, Rooms 119M, 119G

Secretary: (301) 321-2924; Coordinator: (301) 321-2903

THE PROGRAM

The Social Sciences program is an interdepartmental major offering courses from the Departments of Economics, Geography, History, Political Science, Sociology and Anthropology.

The program is designed for those students who do not wish to be confined to a major in a single discipline, but are interested in a broad education, transcending traditional department boundaries. It is useful for those students who plan to enter graduate school for an advanced degree in one of the disciplines of the program; for those students who plan to enter professional schools for a degree in law, social service, or a phase of law enforcement; for those students who seek a broad background in preparation for employment in business and industry, or with a governmental agency. It is particularly designed for students planning to teach social studies at the secondary school level.

A coordinator administers the program and faculty advisors for majors are members of the Department of History. Policies and requirements for the majors in Social Science are established by an advisory committee composed of representatives from the various disciplines included in the program.

The major offers the student the choice of two Social Science programs: a Social Science major in Secondary School Education or a Social Science major in Liberal Arts.

The Bachelor of Arts degree may be earned in either Social Science program by adding a foreign language to the major course requirements. The language requirement can be met by completing the intermediate course of a modern foreign language or its equivalent.

MAJOR IN SOCIAL SCIENCE

Social Science majors must complete 60 credits with a grade of "C" or higher from among the following courses. The General University Requirements must also be fulfilled.

Requirements for the Major**Required Courses (30 credits)***Two of the following*

- HIST.145 History of United States to Mid-Nineteenth Century (3)
- HIST.146 History of United States Since Mid-Nineteenth Century (3)
- HIST.241 History of European Civilization Through Seventeenth Century (3)
- HIST.242 History of European Civilization From Seventeenth Century (3)

One of the following

- GEOG.101 Physical Geography (3)
- GEOG.102 World Regional Geography (3)
- GEOG.109 Intro. to Human Geography (3)

One of the following

- GEOG.101 Physical Geography (3)
- GEOG.102 World Regional Geography (3)
- GEOG.105 Geography of International Affairs (3)
- GEOG.109 Intro. to Human Geography (3)
- GEOG.121 Interpretation of Maps (3)
- GEOG.299 Intro. to Source Materials and Research in Geography (3)

Two of the following

- POSC.101 Intro. to Political Science (3)
- POSC.103 American National Government (3)
- POSC.107 Intro. to International Relations (3)
- POSC.137 Intro. to Comparative Politics (3)
- POSC.207 State Government (3)

All of the following

- ECON.201 Microeconomic Principles (3)
- ECON.202 Macroeconomic Principles (3)
- SOCI.101 Introduction to Sociology (3)
- ANTH.207 Cultural Anthropology (3)

Upper-Division Requirements (24 credits)

Students must complete two courses in each of four disciplines of the six disciplines in the program. At least 12 credits of upper-division courses must be taken at Towson State University.

Electives (6 credits)

Select six credits of upper- or lower-division courses in any of the six disciplines in the program.

SOCIAL SCIENCE: SECONDARY EDUCATION

Social Science majors in this Secondary Education program receive certification to teach social science at the secondary level in Maryland upon graduation. See Secondary Education Department requirements. In addition to the General University Requirements, and the requirements specified by the Department of Secondary Education, students must complete 54 credits with a grade of "C" or higher from among the following courses.

Requirements for the Major

Required Courses (45 credits)

HIST.145	History of United States to Mid-Nineteenth Century (3)
HIST.146	History of United States Since Mid-Nineteenth Century (3)
HIST.241	History of European Civilization Through Seventeenth Century (3)
HIST.242	History of European Civilization From Seventeenth Century (3)
HIST.xxx	African, Asian or Latin American History course (3)
HIST.xxx	History Course (3)
ECON.201	Microeconomic Principles (3)
ECON.202	Macroeconomic Principles (3)
SOCI.101	Introduction to Sociology (3)
ANTH.207	Cultural Anthropology (3)
GENL.401	Topics in Social Science (3)

One of the following

GEOG.101	Physical Geography (3)
GEOG.102	World Regional Geography (3)
GEOG.109	Intro. to Human Geography (3)

One of the following

GEOG.101	Physical Geography (3)
GEOG.102	World Regional Geography (3)
GEOG.105	Geography of International Affairs (3)
GEOG.109	Intro. to Human Geography (3)
GEOG.121	Interpretation of Maps (3)
GEOG.299	Intro. to Source Materials and Research in Geography (3)

Two of the following

POSC.101	Intro. to Political Science (3)
POSC.103	American National Government (3)
POSC.107	Intro. to International Relations (3)
POSC.137	Intro. to Comparative Politics (3)
POSC.207	State Government (3)

Electives (9 credits)

Select three additional upper-division electives from any of the disciplines in the program. The upper-division courses must be taken at Towson State University.

TRANSFER CREDIT POLICY

Transfer students in the Social Science program are required to earn at Towson State University a minimum of one-half the total number of credits required for the major.

Department of Sociology and Anthropology

Professors: GOLDBERG (*Chair*), HOJJATI, LEONS, ROTHSTEIN, J. STANLEY, TOLAND,

Associate Professors: FISHER, JONES, SEDLACK

Assistant Professors: EDELSTEIN, FRANK, SCHEPER, SMITH, S. STANLEY, WOLF

Instructor: COCKEY

OFFICE

Linthicum Hall, Room 318E, (301) 321-2852

PROGRAMS OF THE DEPARTMENT

The Department of Sociology and Anthropology offers four concentrations whose differing requirements reflect the varied nature of the professional disciplines represented. All are intended to acquaint students with methods and perspectives necessary to understand the society in which they live as well as societies with which they may have been unfamiliar. All are designed to prepare the student for entry level occupational positions, and all provide the knowledge and skill necessary for acceptance by appropriate graduate and professional schools.

For all concentrations, the Bachelor of Arts degree may be earned by adding a foreign language to the major requirements. The language requirement can be met by completing the intermediate courses of a modern language or the equivalent.

Towson State University does not offer an undergraduate program approved by the State of Maryland for certification in social work. However, many students continue their education at another university in order to obtain the Masters in Social Work degree required for higher level positions in that field.

MAJOR IN SOCIOLOGY

Students majoring in Sociology may choose from four areas of concentration: Sociology, Anthropology, Gerontology, or Corrections. The requirements for each concentration are listed below.

SPECIAL RECOMMENDATIONS FOR MAJORS

Superior students are encouraged to undertake the sequence of courses which allow for graduation with honors in the department. See the honors advisor, Dr. Sedlack, in your freshman or sophomore year for information.

For concentrates in Sociology, it is strongly recommended that the Statistics course (MATH.231 or PSYC.111) be taken no later than the first semester of the junior year; that Research Methods (SOCI.391) be taken in the semester immediately following; that Sociological Theory (SOCI.381) be taken in the first semester of the senior year but not at the same time as Research Methods. Most majors take Behavioral Statistics (PSYC.111).

For students interested in Law Enforcement, but desiring the major in Sociology, the following courses are suggested: Minority Groups (SOCI.343), Criminology (SOCI.353), Introduction to Criminal Justice (SOCI.354), Juvenile Delinquency (SOCI.355), Corrections in America (SOCI.356), Sociology of Law (Topics in Soci. SOCI.370-379), and Practicum in Sociology I (SOCI.491). Dr. Toland serves as advisor for Sociology majors in the program.

Practicum

All majors should acquaint themselves as early as possible with the opportunities provided by the Practicum (SOCI.491 & 492; ANTH.491 & 492) for placement in agencies dealing with law enforcement and corrections, aging, family planning and counsel-

ing, social services and medical social work, alcoholism, child care and drug abuse, and other aspects of social life in the Baltimore metropolitan area. Course credit is obtained as well as familiarization with potential careers and valuable experience which enhances later job applications. A fee is assessed upon each student participating in the practicum.

Sociology Concentration

The concentration in Sociology requires 30 credits completed with a grade of "C" or higher. A minimum of 12 of the required 30 credits must be taken at Towson State University.

Required Courses

- SOCI.101 Introduction to Sociology (3)
- SOCI.381 Sociological Theory (3)
- SOCI.391 Research Methods (3)

One of the following

- MATH.231 Basic Statistics I (3)
- PSYC.111 Behavioral Statistics (4)

Electives

Students must complete 18 hours of electives offered by the department, at least 12 of which must be upper-division.

Anthropology Concentration

The concentration in Anthropology requires 30 credits completed with a grade of "C" or higher. A minimum of 12 of the required 30 credits must be taken at Towson State University.

Required Courses

- ANTH.207 Cultural Anthropology (3)
- ANTH.208 Human Evolution & Prehistory (3)
- ANTH.401 Anthropological Theory (3)

One of the following

- MATH.231 Basic Statistics I (3)
- PSYC.111 Behavioral Statistics (4)

Electives

Students must complete 18 hours of electives offered in Anthropology, 15 of which must be upper-division. The following courses may be credited to the required 18 hours of electives.

- SOCI.381 Sociological Theory (3)
- SOCI.391 Research Methods (3)
- ENGL.350 Comparative Grammar (3)
- ENGL.351 Historical Linguistics (3)
- ENGL.352 Structural Linguistics (3)

Gerontology Concentration

The Gerontology concentration is an interdisciplinary area of study. While the emphases of courses in sociology is on aging in a social context, attention is also directed to understanding the interaction of the social with physical and psychological aspects of the aging process. Courses in other departments such as Health and Psychology are valuable supplements to students' general understanding of the aging experience. The practicum provides the opportunity for integration of theoretical and practical concerns and familiarizes students with potential career opportunities. The course of study is designed to prepare students for employment in service-oriented agencies and organizations which are involved in research and planning for facilities, services and opportunities for the aged.

Substitution of courses in any category may be made with the permission of the program director. Students are reminded that an advanced writing course is required to fulfill the General University Requirements. Currently, none is offered as part of the Gerontology concentration. Sociological Theory (SOCI.381), Anthropological Theory (ANTH.401), Controversies in Anthropology (WRIT.361),

and Introduction to Criminal Justice (WRIT.354) are available within the department; however, the student may select an advanced writing course from those *approved* in other departments. We anticipate that one of the concentration courses will be offered to meet this need in the near future. Students are advised to take the prerequisites for the courses in the program as early as possible.

The concentration in Gerontology requires 36 credits completed with a grade of "C" or higher. A minimum of 12 of the required 36 credits must be taken in residence at Towson State University.

Required Courses

- SOCI.101 Introduction to Sociology (3)
- SOCI.329 Demography (3)
- or*
- SOCI.391 Research Methods (3)
- SOCI.359 Social Gerontology (3)
- SOCI.360 Sociology of Aging (3)
- SOCI.361 The Aging Worker (3)
- SOCI.367 Sociology of Death, Dying & Bereavement (3)

Students who received credit for Social Gerontology (SOCI.360) prior to Fall, 1986 will not receive credit for Sociology of Aging (SOCI.360) if taken in Fall, 1986 or later. Students who received credit for Sociology of Aging (SOCI.359) prior to Fall, 1986 will not receive credit for Social Gerontology (SOCI.359) if taken in Fall, 1986 or later.

Two of the following

- EDUC.470 Special Topics in Education: Aging (3)
- HLTH.411 Health and Later Maturity (3)
- SPPA.476 Special Topics Seminar in Speech/Language Pathology & Audiology: Aging & Communication (3)
- ENGL.471 Topics in World Literature (3)
- PSYC.470-79 Seminars in Psychology: Selected Topics: Psychology of Death (3)
- PSYC.405 Psychology of Aging (3)
- GEOG.329 Medical Geography (3)
- GEOG.370 Gerontological Issues in Geography (Topics Courses) (3)

Three of the following

- SOCI.301 The Family (3)
- SOCI.311 Individual and Society (3)
- SOCI.313 Introduction to Social Psychology (3)
- SOCI.329 Demography (if not taken before) (3)
- SOCI.335 Medical Sociology (3)
- SOCI.339 Community Organizations (3)
- SOCI.357 Social Welfare (3)
- SOCI.370-75 Topics in Sociology: Social Security in Action (3)
- SOCI.370-75 Topics in Sociology: Basic Methods in Human Services Practice (3)
- ANTH.209 Anthropology of American Culture (3)

One of the following

- SOCI.491 Practicum in Sociology I (3)
- SOCI.492 Practicum in Sociology II (3)

Corrections Concentration

The Corrections concentration is a cross-disciplinary area of study emphasizing counseling and social service skills. Although designed for students working with prisons, probation and parole, it is also appropriate for those interested in juvenile services, social services, crisis intervention and drug treatment programs. Through courses in Sociology and Psychology, the student will learn alternative problem solving mechanisms for service and support agencies. Emphasis is placed on the social milieu of the clientele as well as on the organizations which provide the services. Courses in other departments such as Health will provide additional expertise for specific problems faced in the service agencies. Since there is concern for both the theoretical and practical aspects of interpersonal relationships and deviancy, the concentration provides job related experiences through the Practicum.

Substitutions of courses in any category may be made with permission of the chair. Students are reminded that an advanced writing course is required to fulfill Group IC of the General University Requirements. Introduction to Criminal Justice, if taken as WRIT.354, will satisfy this writing requirement for majors in the Corrections concentration. Students are advised to take the prerequisites for the courses in the program as early as possible.

The Corrections concentration requires 45 credits completed with a grade of "C" or higher. A minimum of 12 of the required 45 credits must be taken in residence at Towson State University.

Required Courses

All of the following

- SOCI.343 Minority Groups (3)
- SOCI.353 Criminology (3)
- SOCI.356 Corrections in America (3)
- SOCI.370 Topics in Soci.: Sociology of Law (3)
- SOCI.391 Research Methods (3)
- SOCI.491 Practicum in Sociology I (3)

One of the following

- ANTH.209 Anthropology of American Culture (3)
- SOCI.311 Individual & Society (3)
- SOCI.313 Introduction to Social Psychology (3)
- SOCI.331 Organizations (3)
- SOCI.339 Community Organization (3)
- SOCI.357 Social Welfare (3)

One of the following

- SOCI.351 Social Deviance (3)
- SOCI.354 Intro to Criminal Justice (3)
- SOCI.355 Juvenile Delinquency (3)
- SOCI.370 Additional Topics Courses approved by advisor (3)

Any three courses from among the following

- PSYC.425 Intro to the Helping Relationship (3)
- PSYC.429 Intro to the Counseling of Minorities (3)
- PSYC.430 Systems & Techniques of Counseling Practice (3)
- SOCI.330 Vocational Rehabilitation (3)
- SOCI.363 Jobs and Joblessness (3)
- SOCI.365 Issues in Youth Unemployment (3)
- SOCI.369 Group Vocational Counseling (3)

One of the following

- PSYC.350 Personality (3)
- PSYC.361 Abnormal Psychology (3)
- PSYC.404 Adolescent Psychology (3)

Three of the following with at least one in Health

- SCED.405 Field Experience in Juvenile Institutions (3)
- ART.461 Intro to Art Therapy I (3)
- HLTH.208 Mental Health (3)
- HLTH.221 Human Sexuality (3)
- HLTH.405 Drugs in Our Culture (3)
- PSYC.203 Human Development (3)
- POSC.305 Urban Government & Politics (3)
- POSC.375 Public Administration (3)
- POSC.401 Intro to Law (3)
- POSC.470 Spc. Tpcs: Women and the Law (3)

MINOR IN ANTHROPOLOGY

The minor in Anthropology consists of 24 hours in anthropology, at least 12 of which must be upper-division.

Required Courses

- ANTH.207 Cultural Anthropology (3)
- ANTH.208 Human Evolution & Prehistory (3)
- ANTH.401 Anthropological Theory (3)
- MATH.231 Basic Statistics I (3)
- or
- PSYC.111 Behavioral Statistics (4)

MINOR IN SOCIOLOGY

The minor in Sociology consists of 24 hours of sociology, at least 12 of which must be upper-division.

Required Courses

- SOCI.101 Introduction to Sociology (3)
- MATH.231 Basic Statistics I (3)
- or
- PSYC.111 Behavioral Statistics (4)
- SOCI.391 Research Methods (3)
- SOCI.381 Sociological Theory (3)

TRANSFER CREDIT POLICY

Transfer of courses from the Departments of Sociology and/or Anthropology from public colleges and universities in Maryland are routinely made. Transfers from other institutions are made upon assessment of each individual course and institution. For courses taken in departments other than those labeled Sociology or Anthropology, for which a student seeks credit, evidence as to content and qualifications of the instructor are generally required. A minimum of 12 of the required credits in each concentration must be taken at Towson State University.

GRADUATION WITH HONORS

With the support of the Lieberman Endowment, funded by Dr. and Mrs. Sidney Lieberman, the Department honors the best academic performance among graduating seniors in each of its concentrations. The outstanding student within that group receives the Lieberman Award for the most notable academic achievements for a major in the graduating class. Additional honors are bestowed for special achievement in research. Seniors are urged to consult with the department Chair early in their last semester before graduation.

These awards are exclusive of those granted for successful completion of the university sponsored Honors program which involves performance in a sequence of honors courses in sociology. (See section "Special Recommendations for Majors.")

THE
FUTURE
OF
THE
FUTURE

TINA MORRIS

The College of Natural and Mathematical Sciences

The principal goal of the College of Natural and Mathematical Sciences is to provide students with a technological/scientific dimension to their liberal arts-based education. Courses are offered in all of the traditional physical, mathematical, and life science disciplines: Biology, Chemistry, Computer and Information Sciences, Mathematics and Physics.

"In a technological society, science is an indispensable part of the liberal arts curriculum." (D. Saxon, President Emeritus, University of California). The College of Natural and Mathematical Sciences plays an integral role in the implementation of this philosophy.

Students in the College of Natural and Mathematical Sciences may major in one of the traditional, liberal arts areas listed above. In addition, students may choose to concentrate in a variety of areas such as engineering, pre-pharmacy, pre-medicine, pre-dentistry, pre-veterinary medicine or molecular biology. Also, students may wish to pursue majors in the areas of science and/or mathematics teaching at either the secondary or elementary levels. The programs available in the college are traditional yet highly flexible. The departments provide quality education by professionally qualified faculty members who are dedicated to excellence in teaching and scholarship.

College Based Pre-Professional Preparation

DUAL-DEGREE ENGINEERING PROGRAM

The objective of the Dual Degree Program at Towson State University is to provide an educational opportunity for students interested in both a "liberal science" and a professional education at the undergraduate level. Students choosing this program will be able to obtain a Bachelor of Science or Arts degree from Towson State, and a Bachelor of Engineering degree from University of Maryland at College Park. In principle, students can seek a degree in any discipline offered by Towson State; but in practice, Chemistry, Computer Science, Mathematics, and Physics are the natural choices of students interested in the Dual Degree program.

Dual degree candidates from Towson State are eligible to seek a baccalaureate degree majoring in any one of the following areas at University of Maryland:

Aerospace Engineering	Engineering Materials
Agricultural Engineering	Fire Protection
Chemical Engineering	Mechanical Engineering
Civil Engineering	Nuclear Engineering
Electrical Engineering	

In order to be eligible for transfer into the engineering program of his or her choice at University of Maryland, the student must have included in his or her work at Towson the following courses:

CHEM.101.102	General Chemistry I, II
COSC.165	Fundamentals of Computing
MATH.273, 274, 373	Calculus I, II, and III
MATH.374	Differential Equations
PHYS.241, 242, 243	Physics I, II, and III
PHYS.351, 452	Mechanics I, II
PHYS.354	Electricity and Magnetism I
	or
PHYS.352	Thermodynamics and Kinetic Theory

Students interested in Electrical Engineering are required to take PHYS.354, Electricity and Magnetism I, and PHYS.454, Electricity and Magnetism II is recommended but not required. In addition to the courses listed, students interested in Chemical Engineering are required to take CHEM.331 and 332, Organic Chemistry I, II. Students should consult the Physics Department for specific GPA requirements; normally students should maintain at least a 3.00 overall and above 3.00 in science and mathematics.

Normally after the completion of the junior year (minimum of 90 credits) at Towson State, the student transfers to the University of Maryland for approximately two additional years. Upon completion of the academic requirements for Towson State University, which should be done by the end of the first year at the University of Maryland, the student is awarded a bachelor's degree from Towson State University. The baccalaureate engineering degree in the student's area of specialization is awarded when the requirements of the University of Maryland College of Engineering are completed.

For further information, contact the Physics Department.

PRE-DENTAL AND PRE-MEDICAL REQUIREMENTS

Students who are interested in pursuing a career in medicine or dentistry should keep the following facts in mind in their undergraduate studies:

- It is difficult to gain admission to medical or dental school, and students must have an outstanding undergraduate record in order to be competitive for admission to professional school.

- Most students who enter medical school have a B.S. or B.A. degree, although a few very outstanding students get admitted to medical school with the minimum required 90 credits of university work. The same is true for dental school.
- The B.S. and B.A. degree must be in some specific discipline; there is no pre-medical or pre-dental degree at Towson State University. The B.S. or B.A. degree can be in any discipline. However, students must complete the courses required by the professional schools as described in their catalogues.
- Students interested in medical school or dental school must take the Medical College Admission Test (MCAT) or Dental Aptitude Test (DAT) one to one and one-half years in advance of entering medical school. Students must apply in advance to take these tests. Information about the tests and about applying for them can be obtained from the Pre-medical and Pre-dental Committee at Towson State University (see below).
- All medical and dental schools require letters of recommendation from the student's undergraduate school. At Towson State University, these letters are prepared by the Pre-medical and Pre-dental Committee.

For further information about medical and/or dental school, the Pre-Medical and Pre-Dental Committee should be contacted as soon as possible after entering Towson State University. Call or write to the Pre-medical and Pre-dental Committee, Department of Biological Sciences, Towson State University, Towson, Maryland 21204; (301) 321-3042. Careful planning is essential.

PRE-PHARMACY REQUIREMENTS

A student planning a career in pharmacy may apply to a pharmacy school, after taking or expecting to complete a total of 60 semester hours of university credit including the required core courses. Student averages in the following four areas are evaluated: (a) overall college work, (b) required core courses, (c) chemistry courses, and (d) mathematics and physics courses. In addition, an applicant is required to take and satisfactorily pass the Pharmacy College Admission Test (PCAT) followed by personal interviews by the admission committee of the pharmacy school.

Required core courses include: six credits of English, six credits of mathematics, four credits of biology, eight credits of physics and, 16-18 credits of chemistry. The remaining credits (18-20) include elective courses such as Introduction to Sociology, Economic Principles and Problems, Public Speaking, Modern Languages, Art, Music, General Psychology, Botany, Biology and Computer Programming.

A student interested in pharmacy as a professional career should consult with the pre-pharmacy advisor in the department of chemistry upon admission to Towson State University. The student needs to plan a course program, declare an academic major, for example, chemistry, physics, mathematics, biology, since we do not have a pre-pharmacy major, and become cognizant of the specific admissions requirements of the pharmacy college that he or she plans to attend. The following recommended schedule is based upon the requirements of the University of Maryland and is typical of most pharmacy schools, with the exception that some also include in their core courses requirements, six credits of biology and three credits of economics.

The specific core course requirements are given below; these courses can be completed during the first two years of university work.

CHEM.101	General Chemistry I (FR) (4)
	and
CHEM.102	General Chemistry II (4)
MATH.116	Mathematics II (3)
	or
MATH.119	Pre-Calculus (FR) (4)
MATH.273	Calculus I (FR) (4)

BIOL.110	Contemporary General Biology (FR) (4)
ENGL.102	College Writing (FR) (3)
ENGL.204	English Literature (FR) (3)
PHYS.211	General Physics I, II (SO) (4, 4) and (Physics 1902.241 and 1902.242 can be substituted for the above, but these two courses require Calculus)
CHEM.331	Organic Chemistry I (SO) (5) and
CHEM.332	Organic Chemistry II (5)

SCIENCE AND TECHNOLOGY

Our technological society demands an ever increasing number of highly trained technical personnel in such diverse fields as government, business and industry, medicine and other health professions, education, and public services.

Towson State is responding to these new demands by making available to students a wide variety of programs, inter-disciplinary as well as traditional. For example, students interested in careers in environmental planning may wish to combine work in the physical sciences with courses in geography, mathematics, economics, political science, and psychology. Students whose primary interest is in ecology, air and water pollution control, or conservation of natural resources may wish to combine their work in geography and environmental planning with courses in biology and chemistry. Those with primary interest in materials transport or model systems design may emphasize work in mathematics and physics in addition to their courses in environmental planning. If one is planning to work in the area of genetic engineering, a strong foundation in biology, chemistry, mathematics and physics is essential. Students interested in careers in mathematics or statistics in government or business may major in mathematics and elect other courses from areas such as computer science, the social sciences, or the physical sciences according to their interests and plans. Students wishing to enter actuarial work, would elect additional courses in economics, business administration, accounting, and business law. Virtually everyone will require some familiarity with the computer.

A program, designed to meet the needs of the student, is available. Advisors in each department are ready to work with you in designing your program.

Department of Biological Sciences

Professors: ANDERSON, CREIGHTON, ERICKSON, FORESTER, KUNDIG, SCARBROUGH, SHOEMAKER, WINDLER (*Chair*)

Associate Professors: DAIHL, EWIG, GAZZAM, HILTON, HULL, MORSINK, PETERSON, ROBINSON, SCULLY

Assistant Professors: BUCHANAN, DENNISTON, HENRIKSON, LAINHART, LAUTERBACH, MECHLING, SHUETZ, SMOES

Assistant Instructors: BERMEL, SKINNER

OFFICE

Smith Hall, Room 341, (301) 321-3042

PROGRAMS OF THE DEPARTMENT

The Department of Biological Sciences offers the following programs of study: the *major in Biology*; the *Biology and General Science Secondary Education program*, for those students planning to teach at the secondary level; the *minor in Biology*; and the *Master of Science in*

Biology. For more information about the master's program consult the *Graduate School Catalog*.

A major in Biological Sciences is recommended for students interested in pursuing general careers in botany, zoology, ecology, microbiology or molecular biology. It is also recommended for individuals preparing for: graduate studies in biology; medicine, dentistry or medically oriented fields including optometry, pharmacy, podiatry or veterinary science; teacher education in secondary schools, i.e., teaching of biological or natural sciences; basic or applied research in the biological sciences; or environmental studies including conservation, wildlife biology, forestry, fisheries, pollution control, oceanography, etc.

Students selecting this major should contact the Biology Department to be assigned an advisor to assist them in designing a program to meet their special needs. Students are encouraged to meet with their advisor each semester to discuss their progress and to facilitate necessary changes in their programs of study.

MAJOR IN BIOLOGY

The Biology major requires a total of 36 biology credits with a grade of "C" or higher: 17 credits in core courses and 19 credits in electives. Additionally 21-30 credits are required in ancillary courses.

Selection of appropriate electives allows the student to fulfill the requirements for a concentration in any of nine areas of specialty: Animal Anatomy and Physiology, Biocommunications, Botany, Ecology, Marine Biology, Microbiology, Premedical/Pre-dentistry, Biology and General Science Secondary Education, and Zoology. Completion of a concentration is not required to graduate with a Biology major.

Requirements for the Major

Core Courses (17 credits)

- BIOL.201 Biology I: Cellular Biology and Genetics* (4)
- BIOL.202 Biology II: Organismic and Population Biology (4)
- BIOL.205 General Botany (4)
- BIOL.207 General Zoology (4)
- BIOL.486 Biology Majors Seminar (1)

*BIOL.110 or 112 with a "B" or better fulfills this requirement

Electives (19 credits)

Option I students may select their own electives from offerings within the department (see exceptions noted below) and are strongly urged to work closely with a faculty advisor in designing a program to meet their individual needs.

Option II students may select a series of courses recommended within concentrations developed by the department.

At the request of the student, completion of a concentration will be noted on his or her official transcript. Because of the diversity of career opportunities within these concentrations, a faculty advisor should be consulted before selecting a specific program of study.

A total of four credit hours in any combination from 481 Directed Reading in Biology, 491 Independent Research in Biology, 494 Travel Study, 495 Course Research, 498 Honors Research in Biology or 499 Senior Thesis in Biology may count toward the Biology major.

The following courses *MAY NOT* be used to fulfill biology elective requirements for the major in either Option I or Option II: 100 Humanistic Botany; 103 Human Biology; 171-172 Functional Human Anatomy I, II; 173 Principles of Microbiology; 295 Course Research; 301 Field Natural Science; 303 Life Science for the Elementary Teacher; 381 Biological Literature; 387 Biology in Society; 493 Internship in Biology.

A minimum of 18 hours of biology credits applied toward the major must be earned at Towson State University.

Ancillary Courses (21-30 credits)

Option I Students must select from the following courses in chemistry, physics and mathematics.

Chemistry (13-18 credits)

CHEM.101-102	General Chemistry I, II (4,4)
CHEM.330	Essentials of Organic Chemistry* (5)
	or
CHEM.331-332	Organic Chemistry I, II (5,5)

Physics (5-8 credits)

PHYS.203	Topics in Physics for Biology Majors* (5)
	or
PHYS.211-212	General Physics I, II (4,4)

Mathematics (3-4 credits)***

One of the following

MATH.119	Pre-calculus (4)
MATH.273	Calculus I (4)
MATH.237	Elementary Biostatistics (4)
PSYC.111	Behavioral Statistics (4)
COSC.xxx	Computer Science Course (3-4) (with the exception of COSC.101)

*Graduate schools often require two semester courses in these subjects.

**In all subsequent concentrations and course prerequisites PHYS.241-242 may be substituted for PHYS.211-212.

***Since material covered in the Basic Mathematics for the Sciences (MATH.115) is prerequisite for Chemistry and Physics, students who have not completed high school trigonometry and two years of high school algebra in good standing should take this course in addition to one of the options listed above.

Option II students must complete a specified group of ancillary courses within a concentration.

In both options General Chemistry should be taken during the freshman year, Organic Chemistry during the sophomore year and Physics as soon as possible.

Animal Anatomy and Physiology Concentration

Students completing this concentration will be prepared for advanced study in anatomy and physiology or vocations requiring proficiency in these areas.

Biology Core (17 credits)

Electives (19 credits)

BIOL.213-214	Human Anatomy and Physiology I, II (4,4)
	or
BIOL.311	Functional Anatomy of Humans (4)

Select three from the following, at least one of which must be BIOL.465 or BIOL.469

BIOL.360	Histology (4)
BIOL.367	Endocrinology (3)
BIOL.408	Cell Biology (4)
BIOL.463	Animal Embryology (4)
BIOL.465	Mammalian Physiology (4)
BIOL.469	Comparative Animal Physiology (4)
	Biology electives, if needed to complete the required 19 credits (see recommendations)

Ancillary Courses (21-30 credits)

CHEM.101-102	General Chemistry I, II (4,4)
CHEM.330	Essentials of Organic Chemistry (5)
	or
CHEM.331-332	Organic Chemistry I, II (5,5)
PHYS.203	Topics in Physics for Biology Majors (5)
	or
PHYS.211-212	General Physics I, II (4,4)

One of the following

MATH.119	Pre-calculus (4)
MATH.237	Elementary Biostatistics (4)
MATH.273	Calculus I (4)
PSYC.111	Behavioral Statistics (4)
COSC.xxx	Computer Science course (with the exception of COSC.101) (3-4)

Recommended Courses

BIOL.318	Microbiology (4)
BIOL.355	Animal Parasitology (4)
BIOL.401	Genetics (4)
BIOL.427	Neuromuscular Mechanisms of the Upper Body (2)
CHEM.350	Principles of Biochemistry (5)

Biocommunications Concentration

This concentration is designed to prepare students to be effective spokespersons for Biology in the marketplace. Students electing this concentration may wish to secure employment in industry, government, or public relations work in which they represent their employer's biological products, services, or consumer information program.

Biology Core (17 credits)

Electives (19 credits)

BIOL.213-214	Human Anatomy and Physiology I, II (4,4)
	or
BIOL.311	Functional Anatomy of Humans (4)
BIOL.315	Medical Microbiology (4)
	or
BIOL.318	Microbiology (4)
BIOL.353	Invertebrate Zoology (4)
	or
BIOL.355	Animal Parasitology (4)
BIOL.381	Biological Literature (3)
	Advanced writing course. (Does not count in the 19 credits required)
BIOL.421	Immunology (3)
	Biology electives, if needed to complete the required 19 credits (see recommendations)

Ancillary Courses (21-30 credits)

Many of the following courses may also be used to fulfill General University Requirements.

CHEM.101-102	General Chemistry, I, II (4,4)
CHEM.330	Essentials of Organic Chemistry (5)
CHEM.350	Principles of Biochemistry (5)
CHEM.363	Chemistry of Dangerous Drugs (3)
PHYS.203	Topics in Physics for Biology Majors (5)

One of the following

COSC.165	Fundamentals of Computing (3)
COSC.212	Introduction to Business Programming (3)
MATH.237	Elementary Biostatistics (4)
MATH.273	Calculus I (4)
SPCH.131	Fundamentals of Speech Communications (3)
ECON.201	Microeconomic Principles (3)
GEOG.359	Economic Geography (3)
MNGT.101	Introduction to Business (3)

Recommended Courses

BIOL.335	Economic Botany (3)
BIOL.401	Genetics (4)
BIOL.461	Entomology (4)
MCOM.353	Publicity and Public Relations (3)

Botany Concentration

Background acquired in this concentration will train graduates for positions in botanically-related industry or advanced study in botany, horticulture, or forestry.

Biology Core (17 credits)

Electives (20 credits)

A minimum of 20 credits from the following courses, of which one must be from Group A, two from Group B and the remainder from Groups A, B, and C.

Group A

BIOL.436	Plant Physiology (4)
BIOL.439	Plant Anatomy (4)

Group B

BIOL.318	Microbiology (4)
BIOL.331	Plant Morphology (4)
BIOL.341	Fresh Water Algae (4)
BIOL.345	Mycology (4)
BIOL.432	Vascular Plant Taxonomy (4)

Group C

BIOL.305	Electron Microscopy (4)
BIOL.317	Microtechnique (4)
BIOL.335	Economic Botany (3)
BIOL.429	Bioanalysis (4)
BIOL.431	Horticulture (4)
BIOL.433	Plant Speciation (3)
BIOL.435	Plant Ecology (4)
BIOL.441	Plant Pathology (4)

Ancillary Courses (21-30 credits)

As in Biology Major: Option I (21-30)

Recommended Course

CHEM.350 Principles of Biochemistry (5)

Ecology Concentration

Completion of this concentration provides background for advanced study and career opportunities in environmental education, government environmental regulatory agencies and the private sector.

Biology Core (17 credits)

Electives (19 credits)

One of the following

BIOL.402	General Ecology (4)
BIOL.435	Plant Ecology (4)
BIOL.436	Plant Physiology (4)
BIOL.469	Comparative Animal Physiology (4)

A minimum of three of the following

BIOL.310	Environmental Conservation (4)
BIOL.331	Plant Morphology (4)
BIOL.341	Fresh Water Algae (4)
BIOL.351	Field and Systematic Vertebrate Zoology (4)
BIOL.353	Invertebrate Zoology (4)
BIOL.371	Animal Behavior (4)
BIOL.401	Genetics (4)
BIOL.404	Ecological Techniques (3)
BIOL.406	Limnology (4)
BIOL.411	Wildlife Biology (4)
BIOL.413	Evolution (3)
BIOL.432	Vascular Plant Taxonomy (4)
BIOL.433	Plant Speciation (3)
BIOL.456	Ornithology (4)
BIOL.458	Mammalogy (4)
BIOL.461	Entomology (4)
BIOL.467	Herpetology (4)
Biology electives, if needed, to complete the required 19 credits	

Ancillary Courses (21-30 credits)

Chemistry and Physics requirements as in Biology Major:

Option I (18-26)

MATH.237	Elementary Biostatistics (4)
<i>or</i>	
PSYC.111	Behavioral Statistics (4)

Recommended Courses

MATH.273	Calculus I (4)
CHEM.350	Principles of Biochemistry (5)

Marine Biology Track

The track provides background for advanced study in the marine sciences. It also offers training appropriate for a career in private or public agencies which are concerned with aquatic environments.

Biology Core (17 credits)

Electives (21-23 credits)

Required Biology Elective

BIOL.347	Marine Biology (3)
----------	--------------------

A minimum of four courses selected from the following

BIOL.349	Marine Botany (4)
BIOL.351	Field and Systematic Vertebrate Zoology (4)
BIOL.353	Invertebrate Zoology (4)
BIOL.389	Current Developments in Biology (3)
(When focusing on a marine-related topic)	
BIOL.406	Limnology (4)

Required Marine Experience

An intensive field and/or laboratory experience in the area of Marine Biology. Such an experience will normally involve a summer course at a marine research facility. The Biology Department has a current list of approved courses and programs. All experiences must be approved in advance. (3-4)

Recommended Courses

BIOL.401	Genetics (4)
BIOL.402	General Ecology (4)
BIOL.436	Plant Physiology (4)
BIOL.469	Comparative Animal Physiology (4)

Ancillary Courses (18-26 credits)

Chemistry and Physics requirements as in Biology Major: Option I (18-26)

One of the following

MATH.237	Elementary Biostatistics (4)
MATH.273	Calculus I (4)
PSYC.111	Behavioral Statistics (4)

Recommended Courses

CHEM.350	Principles of Biochemistry (5)
PHSC.121	Physical Geology (4)
PHSC.123	Historical Geology (3)
PHSC.443	Sedimentology and Sedimentary Petrology (3)

Microbiology Concentration

This concentration will provide knowledge of the characteristics of microorganisms and the laboratory skills necessary for isolation, cultivation, and identification of microorganisms and the evaluation of microbiological data. Careers in microbiology are available in food technology, pharmaceutical production, fermentation industries, agriculture, medical laboratories, water quality control, and basic research. Completion of this concentration will qualify students for registry as microbiologists with the Federal Civil Service and the American Academy of Microbiology.

Biology Core (17 credits)

Electives (20 credits)

BIOL.315	Medical Microbiology (4)
	<i>or</i>
BIOL.318	Microbiology (4)
BIOL.401	Genetics (4)

A minimum of 12 credits selected from the following

BIOL.305	Electron Microscopy (4)
BIOL.317	Microtechnique (4)
BIOL.341	Freshwater Algae (4)
BIOL.345	Mycology (4)
BIOL.355	Animal Parasitology (4)
BIOL.403	Advanced Genetics (3)
BIOL.408	Cell Biology (4)
BIOL.421	Immunology (3)

Ancillary Courses (27-35 credits)

CHEM.101-102	General Chemistry I, II (4,4)
CHEM.330	Essentials of Organic Chemistry (5)
	<i>or</i>
CHEM.331-332	Organic Chemistry I, II (5,5)
CHEM.350	Principles of Biochemistry (5)
PHYS.203	Topics in Physics for Biology Majors (5)
	<i>or</i>
PHYS.211-212	General Physics I, II (4,4)
MATH.119	Pre-calculus (4)
	<i>or</i>
MATH.273	Calculus I (4)

Recommended Courses

BIOL.213-214	Human Anatomy and Physiology I, II (8)
BIOL.311	Functional Anatomy of Humans (4)
HLTH.311	Chronic and Communicable Diseases (3)
MATH.237	Elementary Biostatistics (4)
CHEM.210	Principles and Methods of Chemical Analysis (4)
CHEM.341	Physical Chemistry — Thermodynamics (3)
CHEM.342	Physical Chemistry — Structure & Kinetics (3)

Premedicine/Pre dentistry Concentration

Students planning to enter medical or dental school should select this concentration. It is also recommended for those interested in medically related fields such as osteopathy, podiatry and optometry.

Biology Core (17 credits)

Electives (19-20 credits)

BIOL.213-214	Human Anatomy and Physiology I, II (4,4)
BIOL.401	Genetics (4)
BIOL.408	Cell Biology (4)

A minimum of one of the following

BIOL.360	Histology (4)
BIOL.463	Animal Embryology (4)
BIOL.465	Mammalian Physiology (4)

Ancillary Courses (29-30 credits)

CHEM.101-102	General Chemistry (4,4)
CHEM.331-332	Organic Chemistry I, II (5,5)
PHYS.211-212	General Physics I, II (4,4)

One of the following

MATH.119	Pre-calculus (4)
MATH.237	Elementary Biostatistics (4)
MATH.273	Calculus I (4)
PSYC.111	Behavioral Statistics (4)
COSC.xxx	Computer Science Course (with the exception of COSC.101) (3-4)

Recommended Courses

BIOL.315	Medical Microbiology (4)
CHEM.350	Principles of Biochemistry (5)

BIOLOGY AND GENERAL SCIENCE SECONDARY EDUCATION PROGRAM

Students who complete this concentration and the required courses in the Secondary Education Department will meet certification requirements to teach secondary school biology and general science in at least 33 states including Maryland. Students must register with the Department of Secondary Education and should have an advisor in that department in addition to their Biology advisor.

Biology Core (17 credits)

Electives (19-20 credits)

BIOL.213-214	Human Anatomy and Physiology I, II (4,4)
	<i>or</i>
BIOL.311	Functional Anatomy of Humans (4)

Two of the following

BIOL.310	Environmental Conservation (4)
BIOL.401	Genetics (4)
BIOL.431	Horticulture (4)
	Biology electives, if needed, to complete 19 credits (see recommendations)

Ancillary Courses (24-25 credits)

CHEM.101-102	General Chemistry I, II (4,4)
CHEM.330	Essentials of Organic Chemistry (5)
PHYS.211-212	General Physics I, II (4,4)

One of the following

MATH.119	Pre-Calculus (4)
MATH.273	Calculus I (4)
COSC.165	Fundamentals of Computing (3)
COSC.212	Introduction to Business Programming (3)

Recommended Courses

BIOL.315	Medical Microbiology (4)
BIOL.318	Microbiology (4)
BIOL.461	Entomology (4)

Zoology Concentration

This concentration is recommended for individuals preparing for careers and/or advanced study in vertebrate zoology, invertebrate zoology, entomology, wildlife biology or fisheries biology.

Biology Core (17 credits)

Electives (19-20 credits)

BIOL.469	Comparative Animal Physiology (4)
----------	-----------------------------------

A minimum of four courses from the following, at least one of which must be selected from Group A and one from Group B:

Group A

BIOL.371	Animal Behavior (4)
BIOL.402	General Ecology (4)
BIOL.411	Wildlife Biology (4)
BIOL.413	Evolution (3)

Group B

BIOL.351	Field and Systematic Vertebrate Zoology (4)
BIOL.353	Invertebrate Zoology (4)
BIOL.355	Animal Parasitology (4)
BIOL.456	Ornithology (4)
BIOL.458	Mammalogy (4)
BIOL.461	Entomology (4)
BIOL.467	Herpetology (4)

Ancillary Courses (21-30 credits)

Chemistry and Physics requirements as in Biology major:
Option I (18-26)

One of the following

- MATH.237 Elementary Biostatistics (4)
 PSYC.111 Behavioral Statistics (4)
 COSC.xxx Computer Science (with the exception of COSC.101) (3-4)

Recommended Courses

- MATH.273 Calculus I (4)
 CHEM.350 Principles of Biochemistry (5)

MINOR IN BIOLOGY

To fulfill the requirements of a Biology minor, students must complete the following courses. A minimum of 12 hours of the biology credits applied toward the minor must be earned at Towson State University.

Biology Requirements (24 credits)

- BIOL.110 Contemporary General Biology (4)
 BIOL.205 General Botany (4)
 BIOL.207 General Zoology (4)
 BIOL.xxx Upper Division Biology courses (12)

The following courses *MAY NOT* be used to fulfill this requirement:
 301 Field Natural Science; 303 Life Science for the Elementary Teacher;
 387 Biology in Society; 481 Directed Readings in Biology; 491 Independent Research; 494 Travel Study; 495 Course Research

Ancillary Courses (8 credits)

- CHEM.101-102 General Chemistry I, II (4,4)

BIOLOGY MINOR PROVIDING CERTIFICATION AS MIDDLE SCHOOL AND HIGH SCHOOL BIOLOGY TEACHER

Students who complete the following list of courses as well as the professional education courses required by the Department of Secondary Education will meet the requirements for Maryland state certification as a Middle School Science Teacher and High School Biology Instructor.

Biology Requirements (24-28 credits)

- BIOL.110 Contemporary General Biology (4)
 BIOL.205 General Botany (4)
 BIOL.207 General Zoology (4)
 BIOL.213-214 Human Anatomy and Physiology I, II (4,4)
 or
 BIOL.311 Functional Anatomy of Humans (4)

Two of the following

- BIOL.310 Environmental Conservation (4)
 BIOL.401 Genomics (4)
 BIOL.431 Horticulture (4)

Recommended Course

- BIOL.358 Invertebrate Zoology (4)

Ancillary Courses (19 credits)

- CHEM.101-102 General Chemistry I, II (4,4)
 PHYS.211-212 General Physics I, II (4,4)
 MATH.115 Basic Mathematics for the Sciences (3)

NATURAL SCIENCE MAJOR

The Natural Science major provides several interdisciplinary concentrations designed either to give a broad view of the sciences, or to provide for specialization in the earth sciences. The concentrations are: general science, environmental science, earth science, and geology. For detailed information about this major see the description under the Department of Physics.

MOLECULAR BIOLOGY

The rapidly expanding field of molecular biology offers many opportunities in industry and research. Students may obtain excellent preparation in molecular biology by following the track in Molecular Biology described in this *Catalog* under General/Liberal Studies. Faculty in the Biology and Chemistry departments are available to advise students interested in this program.

ANIMAL BEHAVIOR

The study of Animal Behavior has become of increasing interest to the public, and requires a broad array of skills for those who are interested in this field. Students may receive this background by following the interdisciplinary program described under the Animal Behavior thematic option in the General/Liberal Studies section of this *Catalog*. Faculty in the Biology and Psychology departments are available to advise students interested in this program.

TRANSFER CREDIT POLICY

The Biology Department accepts credit toward the Biology major from other accredited colleges and universities. Additionally, there are equivalency exams available for all the major biology core courses, as well as several others. The Biology Department should be contacted to determine equivalency of specific transfer credits.

HONORS PROGRAM

To graduate with honors in biology a student must complete BIOL.498 and BIOL.499 to be taken in consecutive semesters of the senior year. The research thesis must be presented in an oral defense before the honors research committee. An oral presentation open to the public is also required. In addition, a minimum of three credit hours must be selected from BIOL.491 and/or BIOL.481 in the junior year. For eligibility and general information consult the College Honors Program description.

GRADUATE PROGRAM

The course of study leading to the Master of Science in Biology is designed to provide greater knowledge and understanding of biology and to help the student develop a proficiency in independent thought, inquiry and research. The student may pursue either the Thesis Program (30 credits and a thesis) or the Non-Thesis Program (36 credits). Detailed information regarding both programs is given in the *Graduate School Catalog*.

Department of Chemistry

Professors: KASK, LARKIN, SWEETING, TOPPING, WINGROVE

Associate Professors: BLANKENSHIP, CARET, DEBYE (*Chair*)
 MILIO, RAWN, YARBROUGH

Assistant Professors: PREISLER, PRIBULA

OFFICE

Smith Hall, Room 547, (301) 321-3058

PROGRAMS OF THE DEPARTMENT

The Department of Chemistry offers the following programs: the *major in Chemistry*; the *American Chemical Society Accredited Degree in Chemistry*; the *Chemistry Secondary Education program*, for students planning to teach chemistry at the secondary level; and the *minor in Chemistry*.

To offer the broadest possible service and to meet the needs of a full range of students at the university, the Chemistry major provides a strong background in all major areas of chemistry: physical chemistry, inorganic chemistry, organic chemistry, biochemistry, analytical chemistry, and instrumental analysis. Students are given the opportunity to concentrate in one or more of these areas during their senior year by taking advanced courses in areas of specific interest. Emphasis is placed upon the role of instrumentation in an experimental science, and students are required to learn to use instruments commonly encountered in chemistry. Small-sized classes are prevalent in all Chemistry courses, and students are taught by qualified faculty in both lecture and laboratory. Special topics courses are offered periodically in order to provide students with the opportunity to obtain a diverse background in chemistry.

Chemistry majors are able to pursue many different avenues upon graduation, including graduate school in chemistry and related areas, employment in government or industry, professional school (medicine, dentistry, pharmacy, and so forth), or secondary school teaching. There are many diverse employment opportunities available to Chemistry majors, including those in water pollution, forensic chemistry, environmental chemistry, molecular biology, research and quality assurance, genetic engineering, and so forth. Students planning careers in industry are encouraged to take courses in business and finance as part of their undergraduate program.

Evening Chemistry Major Program

The Chemistry Department offers a six-year program which permits students to take all Chemistry courses required for the Chemistry major at night. Contact the Department of Chemistry for further information and long range schedule of course offerings.

MAJOR IN CHEMISTRY

This major is recommended for students who intend to do graduate work in chemistry, to teach in secondary schools, to work in industrial, government and hospital laboratories, technical libraries, and related professions. Students who plan chemically-oriented careers such as fundamental and industrial research, medicine, dentistry, pharmacy, veterinary medicine, agriculture, and other allied fields, may also elect this major. Students electing this major should contact the Chemistry Department and be assigned advisors to assist them in designing programs to meet their special needs. Students should see a Chemistry faculty advisor early in their time at Towson State University and upon occasion of any change in courses or schedule in their program.

For those who intend to go to graduate school in chemistry at least two post-physical chemistry courses and two semesters of German or Russian are strongly recommended. Additional physics and mathematics courses are also recommended, especially COSC.165 and/or MATH.471. (See ACS Certification.)

The major in Chemistry requires a total of 63 credits completed in chemistry and supporting courses. Majors must also complete the General University Requirements. The abbreviations following the titles of courses indicate the recommended year in which the course should be taken.

Requirements for the Major

Required Courses (63 credits)

MATH.273	Calculus I (FR) (4)
MATH.274	Calculus II (SO) (4)
PHYS.241	General Physics I (SO) (4) (or PHYS.211 but this is not recommended and is not allowed for the ACS certified degree)
PHYS.242	General Physics II (SO) (4) (or PHYS.212 but this is not recommended and is not allowed for the ACS certified degree)

CHEM.101	General Chemistry I (FR) (4)
CHEM.102	General Chemistry II (FR) (4)
CHEM.211	Quantitative Analytical Chemistry (SO) (5)
CHEM.331	Organic Chemistry I (SO) (5)
CHEM.332	Organic Chemistry II (JR) (5)
CHEM.342	Physical Chemistry-Structure & Kinetics (SO) (3)
CHEM.341	Physical Chemistry-Thermodynamics (JR) (3)
CHEM.343	Physical Chemistry Laboratory I (JR) (2)
CHEM.344	Physical Chemistry Laboratory II (JR) (2)
CHEM.355	Biochemistry (JR) (3)
CHEM.423	Inorganic Chemistry (JR) (3)
CHEM.356	Biochemistry Laboratory (JR) (2)
or	
CHEM.424	Inorganic Chemistry Laboratory (JR) (2)
CHEM.413	Theory of Instrumental Analysis (SR) (3)
CHEM.415	Instrumental Analysis Laboratory (SR) (2)
CHEM.401	Seminar in Chemistry (SR) (1)

AMERICAN CHEMICAL SOCIETY ACCREDITED DEGREE (ACS CERTIFICATION)

The department offers an American Chemical Society (ACS) accredited degree. The ACS degree is widely recognized throughout the industry, government and education as a standard of excellence. Students with a good scholastic record are therefore urged to take this degree program.

To obtain an ACS accredited degree a student must complete the following additional program of study: CHEM.491 must be taken plus at least *two* courses selected from the following advanced chemistry courses: CHEM.417, CHEM.431, CHEM.432, CHEM.441, CHEM.452, CHEM.453. Students who take *both* CHEM.356 (Biochemistry Laboratory) *and* CHEM.424 (Inorganic Chemistry Laboratory) may use one of them as an advanced chemistry course for the ACS accredited degree. Students who have taken General Physics without calculus (PHYS.211 and PHYS.212) may count these courses for ACS certification *provided* an additional advanced physics lecture course is taken; consult the Chemistry Department for information about suitable physics courses. An advanced course in either physics or mathematics may be substituted for one advanced course in chemistry (excluding CHEM.491). A student selecting this substitution must obtain *prior* departmental approval.

In selecting this program, students should plan their college careers carefully as not all the advanced chemistry courses are offered every semester. A tentative schedule of when these courses will be offered may be obtained from the Chemistry Department. Advanced chemistry electives are offered periodically, subject to adequate enrollment.

Research in Chemistry

To satisfy one of the requirements for the ACS Certified Degree, students must take CHEM.491, Introduction to Research in Chemistry. Students interested in taking this course must first see the Coordinator of Undergraduate Research who will assist the student in finding a research project of interest. The student's performance will be evaluated by the research director and two other faculty members selected by the research director. Normally, students should have the following before attempting CHEM.491: an overall GPA of 2.50 or better; a GPA of 2.50 or better in all courses taken in the College of Natural and Mathematical Sciences; CHEM.211 and CHEM.332; consent of instructor and of Coordinator of Undergraduate Research.

CHEMISTRY SECONDARY EDUCATION PROGRAM

Chemistry majors may obtain certification to teach chemistry at the secondary level. Students in the Secondary Education program receive certification to teach in Maryland upon graduation.

Students must complete the requirements for the Chemistry major plus BIOL.110. Additionally, students must meet the requirements specified by the Department of Secondary Education.

Students must register with the Department of Secondary Education, and should have advisors in that department in addition to their chemistry faculty advisors.

MINOR IN CHEMISTRY

Students whose major interest is in cell or molecular biology, physiology, physiological psychology, environmental studies, natural science, molecular physics or medical technology will find a good chemistry background to be a useful adjunct to their major. The Chemistry minor can provide this background and offers some flexibility in catering to the specific interests of the student.

Students should consult the Chemistry minor advisor as soon as possible after entering Towson State in order to design programs to meet their special needs.

Requirements for the Minor

The minor in Chemistry requires a minimum of 24 credits in chemistry, 12 of which must be upper-division. At least eight upper-division credits must be taken at Towson State. A grade of "C" or better must be earned in each course. Courses taken elsewhere and accepted for transfer to Towson State University may be used for the Chemistry minor. Clinical Chemistry taken in the Medical Technology program may count as two upper-division credits.

Required Courses (24 credits)

- CHEM.101 General Chemistry I (4)
- CHEM.102 General Chemistry II (4)
- CHEM.210 Principles and Methods of Chemical Analysis (4)
- or
- CHEM.211 Quantitative Analytical Chemistry (5)
- CHEM.330 Essentials of Organic Chemistry (5)
- or
- CHEM.331 Organic Chemistry I (5)
- and
- CHEM.332 Organic Chemistry II (5)

Upper-Division Chemistry Electives

In addition to the above required courses, one or more upper-division Chemistry courses may have to be taken to make a *total* of 12 upper-division credits. The following courses are recommended as being of potential interest to Chemistry minors, but other upper-division chemistry courses may be counted *if* they are approved in advance by the Chemistry Minor advisor.

- CHEM.340 Physical Chemistry: Principles and Applications (3)
- CHEM.341 Physical Chemistry — Thermodynamics (3)
- CHEM.342 Physical Chemistry — Structure and Kinetics (3)
- CHEM.343 Physical Chemistry Laboratory I (2)
- CHEM.350 Principles of Biochemistry (5)
- CHEM.361 Chemical and Bacteriological Studies of Water Pollution (3)
- CHEM.363 Chemistry of Dangerous Drugs (3)
- CHEM.367 Forensic Chemistry (3)

Clinical Chemistry taken in the Medical Technology program may count as two upper-division credits.

INTERDISCIPLINARY PROGRAMS

Molecular Biology Track

The rapidly expanding field of molecular biology offers many opportunities in industry and research. Students may obtain excellent preparation in molecular biology by following the Track in Molecular Biology described in this *Catalog* under General/Liberal Studies. Faculty in the Biology and Chemistry Departments are available to advise students interested in this program.

Natural Science Major

The Natural Science major provides several interdisciplinary concentrations designed either to give a broad view of the sciences, or to provide for specialization in the earth sciences. The concentrations are: general science, environmental science, earth science, and geology. For detailed information about this major see description under the Department of Physics.

Dual Degree Program in Engineering

A student may obtain a bachelor's degree with a major in Chemistry from Towson State University and a degree in Engineering from the University of Maryland at College Park as part of a joint program. This program is described in the College of Natural and Mathematical Sciences' Pre-Professional Preparation area of this *Catalog*. Further information may be obtained from the Physics Department.

Pre-Medical, Pre-Dental, and Pre-Pharmacy Requirements

Students majoring in Chemistry must also complete certain pre-professional requirements for admission to Medical, Dental, or Pharmacy school; see the College of Natural and Mathematical Sciences' Pre-Professional Preparation area of this *Catalog* for further information about admission requirements for Medical, Dental, or Pharmacy school. Pre-Medical and Pre-Dental students should contact the Pre-Medical/Pre-Dental Committee for assistance with their applications, advice about pre-professional courses, and letters of recommendation. For admission requirements and advice about pre-professional courses for Pharmacy school, contact the Pre-Pharmacy advisor, Professor Frank Milio, in the Chemistry Department.

TRANSFER CREDIT POLICY

Students who transfer to Towson State University from a regionally accredited two-year or four-year college should have completed two semesters of General Chemistry, two semesters of Organic Chemistry, two semesters of Calculus, and two semesters of calculus-based Physics in order to ensure completion of the Chemistry major in a total of four years of college. Transfer students should consult the Chemistry Department concerning the transferability of chemistry courses other than the ones mentioned above.

Students must complete at least 12 upper-division credits in chemistry at Towson State in order to graduate with a degree in Chemistry. CHEM.331 and CHEM.332, Organic Chemistry I and II, *MAY NOT* be counted as part of these upper-division credits.

ADVANCED PLACEMENT AND CREDIT FOR PRIOR LEARNING

The Department of Chemistry awards credit for General Chemistry through the Advanced Placement Examinations given by the Educational Testing Service.

Students may also receive credit for General Chemistry by taking the Credit for Prior Learning examination which is administered through the College of Continuing Studies. Students may also receive credit for other chemistry courses by passing the appropriate examinations. Further information may be obtained from the Chemistry Department.

DEPARTMENT AND COLLEGE MERIT SCHOLARSHIPS

Department and College Merit Scholarships are awarded on an annual basis. Further information regarding these opportunities may be obtained from the Chemistry Department.

COOPERATIVE EDUCATION

Chemistry majors are encouraged to participate in the Cooperative Education Program and receive academic credit for practical work experience in areas of special student interest. Academic credit can be acquired by taking CHEM.395, Practicum in Chemistry. For further information, contact the Department of Chemistry and/or the Internship /Cooperative Education Office, Room 22, LidaLeeTall.

DEPARTMENTAL ACTIVITIES AND AWARDS

Most Chemistry majors actively participate in the Student Affiliates of the American Chemical Society, which is a student group supported by the department under the auspices of the American Chemical Society. This organization permits students to join the national organization and to procure certain chemistry publications at reduced rates.

Several awards are given each year to outstanding chemistry students and majors and include the following: Outstanding Freshman Chemistry award, Outstanding Organic Chemistry award, Outstanding Analytical Chemistry award, the Maryland Section of the American Chemical Society award. In addition, Undergraduate Research Participation awards are given on a competitive basis by the university to provide support for research.

Department of Computer and Information Sciences

Professor: GRANT

Associate Professors: LIDTKE, LITTLE

Assistant Professors: ALEXANDER, DAVANI, JAVADI, JOYCE, LAWSON, SCHMITT, SRIVASTAVA, SMITH, THIESS, VON SUMPTER

OFFICE

Cook Library, Room 400C, (301) 321-2633

PROGRAMS OF THE DEPARTMENT

The Department of Computer and Information Sciences offers the following programs of study: the *major in Computer Science*; the *major in Computer Science with a concentration in Information Systems*; the *minor in Computer Science*, and a *graduate program in Secondary Education with a specialization in Computer Science*. It is also possible to major in Computer Science with a second major in Mathematics; see the Mathematics section of this *Catalog* for details.

The Computer Science major offers students an opportunity to study for both a theoretical and practical background, which can lead to computer-oriented careers in a variety of settings. Students may get a good foundation for jobs such as systems programmer, computer programmer/analyst, systems analyst, computer specialist, management information systems specialist, or software specialist. Students should be aware that many jobs in the computer field require expertise in another applied area, such as business, education, physics, or the sciences. Students benefit from use of a wide variety of equipment and applied experiences. The major also prepares students for graduate work in computer sciences or management information systems.

The curriculum seeks to provide factual knowledge as well as a mode of thinking which permits continued growth on the part of graduates. Thus, in addition to exposing students to a depth of

knowledge in computer science sufficient to lay the basis for professional competence, the program also provides students with the intellectual maturity to stay abreast of their own discipline and to interact with other disciplines.

PRE-MAJOR REQUIREMENTS

Criteria for admission to the Computer Science major are based on student category as outlined below:

- A. Freshmen must have one of the following:
 - 1) an SAT total (combined score) of 1100 or higher
 - 2) an advanced placement score in computer science of "3" or better
 - 3) satisfactory completion of one year of calculus with a grade of "C" or better
- B. Community college transfer students must have an A.A. degree in Computer Science with a 3.00 cumulative average on a 4.00 scale in the major.
- C. Official second bachelor's degree candidates are automatically eligible to major in Computer Science.
- D. Other students must have taken the following courses: Calculus I (MATH.273) or its equivalent with a grade of "C" or better and Structured Programming (COSC.236) or its equivalent with a grade of "B" or better.

Students who feel that they have met similar criteria through other courses or experiences may petition the department for admission.

MAJOR IN COMPUTER SCIENCE

The computer science major requires 50 credits to be earned with a grade of "C" or higher.

Requirements for the Major

Core Courses (32 credits)

COSC.236	Structured Programming (3)
COSC.280	Assembly Language Programming (3)
COSC.336	Data Structures and Sorting Techniques (3)
COSC.338	Computer Organization (3)
COSC.339	Operating System Principles (3)
COSC.355	Survey of Programming Languages (3)
COSC.437	File and Data Structures (3)
MATH.263	Discrete Mathematics (3)
MATH.273	Calculus I (4)
MATH.274	Calculus II (4)

Electives (18 credits)

Three upper-division computer science courses not included in the core courses and

Three of the following

MATH.264	Discrete Mathematics II (3)
MATH.330	Introduction to Statistical Methods (4)
MATH.331	Probability (3)
MATH.332	Mathematical Statistics (3)
MATH.361	Algebraic Structures (4)
MATH.365	Linear Algebra (3)
MATH.373	Calculus III (4)
MATH.374	Differential Equations (3)
MATH.377	Mathematical Models (3)
MATH.435	Numerical Analysis I (3)
MATH.436	Numerical Analysis II (3)
MATH.437	Operations Research (3)
PHYS.337	Digital Electronics (4)
PHYS.437	Microprocessor-Based Systems (3)

Information Systems Concentration

Students majoring in Computer Science may complete a concentration in Information Systems, emphasizing the application of compu-

ters in business settings. Students must complete the 32 credits of core courses required for the Computer Science major, and 18 credits of required courses for the concentration.

Core Courses (32 credits as stated above)

Required Courses (18 credits)

COSC.335	Advanced Business Programming (3)
COSC.411	Systems and Design (3)
COSC.457	Database Management Systems (3)
ACCT.205	Financial Accounting
	or
ACCT.201	Accounting Principles I (3)
ACCT.206	Management Accounting
	or
ACCT.202	Accounting Principles II (3)
	One upper-division course in the School of Business & Economics (3)

MINOR IN COMPUTER SCIENCE

All Computer Science minors are required to take 18 semester hours in computer science, of which 12 hours must be upper-division. Numerical Analysis I and II (MATH.435 and MATH.436) may be counted toward a Computer Science Minor.

MEETING GENERAL UNIVERSITY REQUIREMENTS

While any computer and information sciences course will satisfy General University Requirements, several introductory courses are designed to meet this need. COSC.101 (Computers and Society) is an overview of the capabilities of computers and their applications with emphasis on societal issues created by their use. It includes computer demonstration and some limited laboratory experiences. COSC.115 (Introduction to Information Systems) is a broad overview of the information processing industry, with extensive micro-computer laboratory projects from business. It includes some elementary programming using BASIC. COSC.165 (Fundamentals of Computing) is an in-depth computer programming course in BASIC using microcomputers. It includes development of algorithms and extensive laboratory work.

TRANSFER CREDIT POLICY

Students intending to transfer into the Computer Science program should provide course descriptions and supportive materials from their institution for review by a departmental advisor. Community college students from local public institutions should be aware that agreements on equivalency of courses are maintained; they should inquire about the current agreement either at their institution or at Towson State University. They should also be aware that community college courses can only be counted as lower-division work. Transfer students are urged to gain a good background in mathematics. Refer to screening procedures, above, for further information.

SECOND BACHELOR'S PROGRAM

Baccalaureate degree holders may apply for enrollment in the second bachelor's program through the College of Continuing Studies. Because of the high demand for computer personnel, the Computer Science major is often of interest to persons who wish to change careers. Students in this program must satisfy the requirements for the major and earn at least the last 30 hours at Towson State University. Although there are computer science courses offered in the evening, students may find that some required courses must be taken during the day. Because of the sequence of prerequisites, a minimum of five terms is normally needed to complete the program.

DEPARTMENTAL ACTIVITIES AND AWARDS

A student chapter of the Association for Computing Machinery (ACM) is the basis for the Computer Science Club. The Mary Hudson Scarborough Award in science is given annually to the outstanding Computer Science graduate.

COMPUTER SCIENCE CONCENTRATION FOR THE MASTER IN SECONDARY EDUCATION

Graduate students in secondary education wishing to teach computer science in secondary schools may choose an 18 hour concentration in computer science. Students in this degree program have the opportunity for in-depth study of computer hardware and software applicable to teaching in secondary schools. Consult the *Graduate School Catalog* for further information.

Department of Mathematics

Professors: HANSON, HORAK (Chair), KIM, SIEGEL

Associate Professors: HASTE, MAY

Assistant Professors: CHEN, CHOLLET, COUGHLIN, FISCHER, GHAHRAMANI, ILGENFRITZ, JONES, KAPLON, KRACH, LING, MORRISON, NEUBERT, RICHMAN, RIGGLEMAN, SOHRAB, STERN, WAGNER

Instructor: ROSE

OFFICE

Stephens Hall Annex

PROGRAMS OF THE DEPARTMENT

The mathematics curriculum provides opportunities for students to do abstract reasoning applicable to many scientific or academic areas, to survey the field of mathematics, to study the applications of the discipline, and to prepare for additional study or for a career.

The Department of Mathematics offers the following programs: the *major in Mathematics*; the *Mathematics Secondary Education program*, for students who wish to be certified to teach mathematics in secondary schools; the *minor in Mathematics*, designed to enhance major programs to which mathematics is readily applied; the *minor in Mathematics with the Elementary Education major*, for prospective elementary teachers who may wish to teach mathematics at the middle school or junior high school level; and the *second major programs* offered with the Departments of Economics, Marketing, Management, and Computer and Information Sciences.

The Mathematics major has several areas of concentration from which to choose. The Pure Mathematics concentration emphasizes abstract mathematics and provides the courses required for graduate study in mathematics. For students interested in the actuarial profession there is an Actuarial Science concentration which provides the necessary background required for entry-level positions in that field. The Applied Mathematics concentration and the Applied Mathematics and Computing concentration are designed for students who wish to apply mathematics to problems in business and industry.

The Bachelor of Arts degree may be earned by adding a foreign language to the major course requirements. The language requirement can be met by completing the intermediate course of a modern foreign language or its equivalent.

MATHEMATICS SECONDARY EDUCATION PROGRAM

Mathematics majors in this Secondary Education program receive certification upon graduation to teach mathematics at the secondary level in Maryland. Students in this program should student teach in their senior year. Any student who wishes to deviate from this policy must obtain permission from the Department of Mathematics prior to the beginning of his or her junior year. Secondary Education majors who plan to teach at the high school level are advised to take MATH.365 Linear Algebra and MATH.373 Calculus III. Consult the Secondary Education Department section in this *Catalog* for additional course requirements for prospective secondary school teachers.

In addition to the General University Requirements, and the requirements specified by the Department of Secondary Education, students must complete 72 credits with a grade of "C" or higher from among the following courses.

Requirements for the Major

Required Courses (32 credits)

MATH.263	Discrete Mathematics I (3)
MATH.273	Calculus I (4)
MATH.274	Calculus II (4)
MATH.353	Elementary Geometry from an Advanced Standpoint (3)
MATH.361	Algebraic Structures (4)
MATH.423	Teaching Mathematics in Secondary Schools (3)
COSC.236	Structured Programming (3)
PHYS.241-242	General Physics I and II (4,4)

Upper-Division Required Courses (12 credits)

Students must take enough upper-division Mathematics courses to make a total of 30 hours in mathematics. MATH.423 may not be counted in this 30 hours. At most, one upper-division computer science course may be counted towards these 30 hours.

Education Courses (28 credits)

PSYC.201	Educational Psychology (3)
SCED.341	Prin. of Secondary Education (3)
ISTC.269	Laboratory in Instructional Hardware (1)
SCED.390	Student Teaching in Secondary Schools (12)
EDUC.401	Foundations of Education (3)
SPED.301	Introduction to Special Education (3)
SCED.460	Teaching Reading in the Secondary School (3)

MAJOR IN MATHEMATICS

Mathematics majors may choose from the following areas of concentration: Pure Mathematics, Actuarial Science, Applied Mathematics, and Applied Mathematics and Computing. Students must complete the General University Requirements in addition to the requirements for each concentration.

Pure Mathematics Concentration

This concentration requires 47-53 credits completed with a grade of "C" or higher.

Required Courses (29 credits)

MATH.263	Discrete Mathematics I (3)
MATH.273	Calculus I (4)
MATH.274	Calculus II (4)
MATH.361	Algebraic Structures (4)
MATH.365	Linear Algebra (3)
MATH.373	Calculus III (4)
MATH.473	Introductory Real Analysis (4)
COSC.236	Structured Programming (3)

Two courses from among: PHYS.241, PHYS.242, BIOL.401, MNGT.363, ECON.451, GEOG.375, SOCI.391, PHYS.337, PHYS.437, COSC.417, COSC.461, COSC.471 with the restriction that at most one of these courses

may be selected from among: BIOL.401, MNGT.363, GEOG.375 and SOCI.391. (6-8)

Upper-Division Mathematics Courses (12-16 credits)

Students must complete 4 additional upper-division mathematics courses.

Actuarial Science Concentration

The Actuarial Science concentration requires 60-61 credits completed with a grade of "C" or higher.

Required Courses (57 credits)

MATH.263	Discrete Mathematics I (3)
MATH.273	Calculus I (4)
MATH.274	Calculus II (4)
MATH.331	Probability (3)
MATH.332	Mathematical Statistics (3)
MATH.365	Linear Algebra (3)
MATH.373	Calculus III (4)
MATH.377	Mathematical Models (3)
MATH.435-436	Numerical Analysis I and II (6)
COSC.236	Structured Programming (3)
ACCT.201, 202	Accounting Principles I and II (6)
FIN.331	Financial Management (3)
MKTG.223	Life Insurance (3)
ECON.201-202	Microeconomic and Macroeconomic Principles (6)

One course from among MATH.374, MATH.361, MATH.451, MATH.473, MATH.475, MATH.484-489 (3-4)

One of the following

ENGL.313	Advanced Composition (3)
ENGL.317	Writing for Business and Industry (3)

Applied Mathematics Concentration

The Applied Mathematics concentration requires 45-49 credits completed with a grade of "C" or higher.

Required Courses (21 credits)

MATH.263	Discrete Mathematics I (3)
MATH.273	Calculus I (4)
MATH.274	Calculus II (4)
MATH.365	Linear Algebra (3)
MATH.373	Calculus III (4)
COSC.236	Structured Programming (3)

Electives

Two courses from among MATH.331, MATH.332, MATH.435, MATH.436 (6)

Two courses from among MATH.377, MATH.451, MATH.374 (6)

One course from among MATH.353, MATH.357, MATH.361, MATH.367, MATH.457 (3-4)

One course from among MATH.461, MATH.473, MATH.475, MATH.477 (3-4)

Two courses from among PHYS.241, PHYS.242, BIOL.401, MNGT.363, ECON.451, GEOG.375, SOCI.391, PHYS.337, PHYS.437, COSC.417, COSC.461, COSC.471 with the restriction that at most one of these courses may be selected from among: BIOL.401, MNGT.363, GEOG.375 and SOCI.391. (6-8)

Applied Mathematics and Computing Concentration

The Applied Mathematics and Computing concentration requires 51-56 credits completed with a grade of "C" or higher.

Required Courses (24 credits)

MATH.263	Discrete Mathematics I (3)
MATH.273	Calculus I (4)
MATH.274	Calculus II (4)

- MATH.365 Linear Algebra (3)
 MATH.373 Calculus III (4)
 COSC.236 Structured Programming (3)
 COSC.336 Data Structures and Sorting Techniques (3)

Two courses from among: PHYS.241, PHYS.242, BIOL.401, MNGT.363, ECON.451, GEOG.375, SOCI.391, PHYS.337, PHYS.437, COSC.417, COSC.461, COSC.471 with the restriction that at most one of these courses may be selected from among: BIOL.401, MNGT.363, GEOG.375 and SOCI.391. (6-8)

Three courses from among MATH.330, MATH.331, MATH.332, MATH.377, MATH.435, MATH.436 (9-10)

One course from among MATH.361, MATH.374, MATH.451 (3-4)

One course from among MATH.461, MATH.473, MATH.475, MATH.477 (3-4)

Two courses from among COSC.280, COSC.338, COSC.355, COSC.367, COSC.457 (6)

SECOND MAJOR PROGRAMS

A student may declare a second major and obtain a degree which certifies that both majors have been completed. The Mathematics Department encourages majors to pursue a second major or a minor in subjects in which mathematics is applied. In cooperation with the Economics, Marketing, Management, and Computer & Information Sciences Departments the following courses of study have been developed to enable a student to obtain a second major in economics, business or computer science.

Mathematics Major with a Second Major in Economics

The Mathematics major with the second major in Economics requires 60-62 credits completed with a grade of "C" or higher.

Required Courses (48 credits)

- MATH.263 Discrete Mathematics I (3)
 MATH.273 Calculus I (4)
 MATH.274 Calculus II (4)
 MATH.331 Probability (3)
 MATH.332 Mathematical Statistics (3)
 MATH.365 Linear Algebra (3)
 MATH.373 Calculus III (4)
 MATH.377 Mathematical Models (3)
 COSC.165 Fundamentals of Computing (3)
 ECON.201 Microeconomic Principles (3)
 ECON.202 Macroeconomic Principles (3)
 ECON.309 Intermediate Price Theory (3)
 ECON.313 Money and Banking (3)
 ECON.310 Macroeconomic Theory (3)
 ECON.451 Introduction to Mathematical Economics (3)

One course from among COSC.306, MATH.374, MATH.435, MATH.451, (3)

One course from among MATH.353, MATH.357, MATH.361, MATH.367, MATH.436, MATH.457 (3-4)

One course from among MATH.461, MATH.473, MATH.457, MATH.477 (3-4)

And one additional course to be chosen in Economics (3)

Courses recommended are MATH.374, MATH.435, MATH.436, ECON.337, ECON.401, ECON.410 and ECON.421.

Mathematics Major with a Second Major in Business

The Mathematics major with the second major in Business requires 78-83 credits completed with a grade of "C" or higher.

Required Courses (60 credits)

- MATH.263 Discrete Mathematics (3)
 MATH.273 Calculus I (4)
 MATH.274 Calculus II (4)
 MATH.331 Probability (3)
 MATH.332 Mathematical Statistics (3)
 MATH.365 Linear Algebra (3)
 MATH.373 Calculus III (4)
 MATH.377 Mathematical Models (3)
 COSC.165 Fundamentals of Computing (3)
 COSC.236 Structured Programming (3)
 ECON.201 Microeconomic Principles (3)
 ECON.202 Macroeconomic Principles (3)
 ACCT.205 Financial Accounting (3)
 ACCT.206 Management Accounting (3)
 MNGT.211 Fundamentals of Management (3)
 ACCT.225 Business Law I (3)
 FIN.331 Financial Management (3)
 MKTG.341 Principles of Marketing (3)
 MNGT.363 Quantitative Methods for Business I (3)

Two courses from among MATH.361, MATH.374, MATH.435, MATH.451, MATH.473, COSC.367 (6-8)

Completion of one of the concentrations required for the Business Administration major (12-15)

Mathematics Major with a Second Major in Computer Science

The Mathematics major with the second major in Computer Science requires 60-63 credits completed with a grade of "C" or higher.

Required Courses (45 credits)

- MATH.263 Discrete Mathematics I (3)
 MATH.273 Calculus I (4)
 MATH.274 Calculus II (4)
 MATH.365 Linear Algebra (3)
 MATH.373 Calculus III (4)
 MATH.435 Numerical Analysis I (3)
 COSC.236 Structured Programming (3)
 COSC.280 Assembly Language Programming (3)
 COSC.336 Data Structures (3)
 COSC.338 Computer Organization (3)
 COSC.339 Operating Systems (3)
 COSC.355 Survey of Programming Languages (3)
 COSC.367 Discrete Structures (3)
 COSC.437 File and Data Structures (3)

Three courses from among MATH.330, MATH.331, MATH.361, MATH.374, MATH.377, MATH.436, MATH.451, MATH.473, MATH.475 (9-12)

Any two upper-division courses in computer science except COSC.003 (6)

MINOR IN MATHEMATICS

The Minor in Mathematics requires 20 credits completed with a grade of "C" or higher. The minor requires the three courses listed below, plus at least 9 upper-division credits in mathematics (excluding MATH.321, MATH.323, MATH.325, and MATH.423).

Required Courses (11 credits)

- MATH.263 Discrete Mathematics I (3)
 MATH.273 Calculus I (4)
 MATH.274 Calculus II (4)

Electives (9 credits)

Students must complete nine credits of upper-division electives in mathematics (excluding MATH.321, MATH.323, MATH.325, and MATH.423).

ELEMENTARY EDUCATION MAJOR WITH THE MATHEMATICS MINOR

Elementary Education majors who complete a Mathematics minor will be certified to teach junior high school mathematics as well as elementary school mathematics. Special student teaching assignments are available so that the student will get experience in teaching mathematics in addition to the regular elementary experience. Students in this program should be advised by the chair of the Elementary Education Department and by a member of the Mathematics Department.

The Minor in Mathematics for the Elementary Education Major requires 23 credits completed with a grade of "C" or higher. Students must also complete requirements for their major as specified by the Department of Elementary Education.

The minor requires the five courses listed below, plus at least six credits of upper-division electives in mathematics (at most one of the courses MATH.321, MATH.323, MATH.325, MATH.423 may be counted).

Required Courses (17-18 credits)

MATH.204	Concepts of Mathematics for Elementary Teachers I (3)
MATH.231	Basic Statistics I (3)
	or
MATH.237	Elementary Biostatistics (4)
MATH.263	Discrete Mathematics I (3)
MATH.273	Calculus I (4)
MATH.274	Calculus II (4)

Electives (6 credits)

Students must complete six credits of upper-division electives in mathematics where at most one of MATH.321, MATH.323, MATH.325, or MATH.423 may be counted.

DUAL-DEGREE ENGINEERING PROGRAM

Refer to College's Pre-Professional Preparation area of this *Catalog*.

TRANSFER STUDENT POLICIES

If a student submits mathematics credits which are more than ten years old at the time of admission or readmission, the chair, after reviewing these records, may ask that some courses be repeated or that new courses be substituted.

Secondary Education Mathematics majors are required to take MATH.423 and at least three upper-division courses of their Mathematics major program at Towson State University.

Arts and science mathematics majors are required to take at least four upper-division courses of their mathematics major programs at Towson State University.

Mathematics minors must take at least three courses of their mathematics minor program at Towson State University; at least two of these courses must be upper-division.

NOTES FOR MAJORS AND MINORS

Arts and science mathematics majors with minors in economics may substitute ECON.451 for the physics requirement.

Mathematics majors or minors who receive a grade of "D" in a 100 level course prerequisite to calculus must repeat the course no later than concurrent with calculus.

Mathematics majors or minors must attain a grade of "C" in any 200, 300 or 400 level course used as a prerequisite or applied towards a major or minor. Unless otherwise noted, prerequisites must be satisfied prior to taking a course.

The program of the minor should be approved by the student's mathematics department advisor. (A minor in mathematics enables a student to meet the subject-matter requirements for a Maryland secondary school teacher's certificate to teach mathematics.)

MEETING GENERAL UNIVERSITY REQUIREMENTS

Each student should consult those portions of this *Catalog* describing his major and minor programs to see whether specific mathematics courses are required or recommended.

For most majors, any level mathematics course, except as noted and MATH.291, may be used to satisfy the Group IV, General University Requirement. Students, however, should enroll in the mathematics course for which they have the necessary high school or collegiate background.

MATH.111 is a course designed specifically for students majoring in business, economics, psychology, or the social sciences, and satisfies Group IV, General University Requirements.

MATH.115, 116, or 119, are courses designed specifically for students majoring in mathematics, computer science, and the natural or biological sciences, and satisfy Group IV, General University Requirements.

MATH.204 and MATH.205 are courses designed specifically for students majoring in elementary or early childhood education. These courses satisfy the Group IV General University Requirements.

MATHEMATICS COURSE NUMBERS

A note on the numbering system: the left digit of the course number indicates the level of the content. The middle digit of the course number indicates the area of the content; zero-general; 1-service; 2-mathematics education; 3-probability and statistics; 4-numerical analysis; 5-geometry; 6-algebra; 7-analysis; 9-readings, special topics, and seminars in mathematics.

Department of Physics

Professors: HUANG, LOH (*Chair*), NEWMAN, PELHAM, UKENS

Associate Professors: BATES, CHEN, JOHNSON, LARSEN, MOLITOR

Assistant Professors: GREENE, KRAUSE, KREISEL, WESSNER

OFFICE

Smith Hall, Room 445, (301) 321-3020, 321-3021

PROGRAMS OF THE DEPARTMENT

The Physics Department offers the following programs: the *General Concentration in Physics*; the *Applied Concentration in Physics*; the *Teaching Concentration in Physics*, for students planning to teach physics; the *Physics-Engineering Dual Degree Program*, offered in cooperation with the University of Maryland School of Engineering; the *minor in Physics*; and the *major in Natural Science* which includes concentrations in geology, earth science, general science, and environmental science.

MAJOR IN PHYSICS

The Physics Department offers an undergraduate program leading to a Bachelor of Science or Arts degree in Physics. This program is divided into two main concentrations designed to give the greatest possible flexibility as preparation for graduate study in physics, astrophysics, medicine, engineering or other allied fields and for professional practice as a physicist in industrial, governmental or institutional laboratories.

In order to provide students a broad and solid base in physics and also to provide the flexibility which enables the student to take courses in areas where physics can be applied, all Physics majors take a series of basic physics core courses. The first courses are General Physics I, II and III (PHYS.241, 242 and 243). They provide an introduction to both classical and modern physics. The junior and senior core physics courses treat classical and modern physics in greater depth.

It is recommended that those who intend to pursue graduate studies in Physics take the General Physics Concentration as well as additional physics electives and mathematics courses. Those who intend to participate in fundamental or applied research and development in industrial or government laboratories are encouraged to take the Applied Physics Concentration and other physics electives. Recommended mathematics electives are: Calculus III, Numerical Analysis I, Numerical Analysis II and Differential Equations.

Students may wish to elect some foreign language also as preparation for graduate study. Students may also supplement the core program of study by participation in a guided independent study and/or ongoing research project. A combination of well-grounded preparation in fundamentals plus the availability of an individually tailored program of study is designed to optimize the student's preparation for graduate school or a professional career. In addition to physics courses, all majors are required to complete courses in computer science, mathematics and chemistry.

Students who intend to major in Physics should contact the Physics Department in order to be assigned a faculty advisor. The faculty advisor will assist students in planning a program which will meet their special needs and is also available for advising on career opportunities and employment. Physics majors are required to complete 16, and minors 8, of the required upper-division credits in physics at this university. Students should be aware that most advanced physics courses (300 and 400 level) may be offered in either the first semester or the second semester, but not in both semesters. Some physics electives are only offered every other year. Advisors will have information on the courses offered and on the schedules.

Students *must* see their advisor no later than the time of their matriculation for the third semester in general physics which is normally the beginning of the spring semester of their sophomore year. The student, after consultation with his or her advisor, will propose a tentative plan for completing his or her graduation requirements as well as those for the major. This selection of electives for the various concentrations must be approved by their advisor. The plan may be modified from time to time, but the modification must be approved by the major advisor.

Students may also organize an individualized course of studies. This gives the students the option to select a plan which reflects their interest in a special area of physics. The array of courses must have internal coherence and be *approved* by the major advisor.

Physics Honors Program

The Physics Department offers an honors program for students with superior scholarship in Physics. The honors program is designed to provide exceptional students with maximum opportunity for intensive study of physics at an advanced level. Students with demonstrated ability will be invited by the department to participate in this program. Such students will work closely with faculty members and will participate in an individualized program of research, directed readings, and independent studies. Students who complete an approved program will receive a diploma with the designation of Bachelor of Arts or Bachelor of Science with Honors, and Departmental Honors will also appear on the transcript.

Edward I. Rubendall Physics Achievement Awards

The awards were established in Honor of Professor Emeritus Rubendall by friends of the department. The awards are presented annually to outstanding juniors and seniors majoring in Physics.

Requirements for the Major

The major in Physics requires 54-55 credits completed with a grade of "C" or higher. The General University Requirements must also be completed.

Required Physics Core Courses (31 credits)

PHYS.241, 242 & 243	General Physics I, II, III (4,4,3)*
PHYS.307	Introductory Mathematical Physics (3)
PHYS.311	Modern Physics (4)
PHYS.341-342	Intermediate Physics Laboratory I, II (3,3)
PHYS.351	Mechanics I (3)
PHYS.354	Electricity and Magnetism I (3)
PHYS.485	Physics Seminar I (1)

Non-Physics Requirements (23-24 credits)

MATH.273-274	Calculus I, II (4,4)
MATH.xxx	Upper-Division Mathematics course (3-4)
CHEM.101-102	General Chemistry I, II (4,4)
COSC.165	Fundamentals of Computing or equivalent (3)

Requirements for the General Track in Physics

All required courses in this track must be completed with a grade of "C" or higher. The General University Requirements must be completed. The Physics core courses and the non-physics requirements must be completed as well as the following courses:

Advanced Physics Courses (14 credits)

PHYS.455	Quantum Mechanics (3)
<i>Two courses from among the following (6)</i>	
PHYS.352	Thermodynamics and Kinetic Theory (3)
PHYS.451	Mechanics II (3)
PHYS.454	Electricity and Magnetism II (3)
PHYS.457	Solid State Physics (3)
PHYS.459	Nuclear Physics (3)

Five credits of physics electives

Recommended Physics Electives

PHYS.335	Basic Electronics (4)
PHYS.352	Thermodynamics and Kinetic Theory (3)
PHYS.361	Optics Fundamentals (4)
PHYS.370	Selected Topics in Contemporary Astrophysics (3)
PHYS.421	Fundamental Particles (3)
*PHYS.451	Mechanics II (3)
PHYS.453	Physical Optics (3)
*PHYS.454	Electricity and Magnetism II (3)
PHYS.457	Solid State Physics (3)
PHYS.459	Nuclear Physics (3)

*Highly recommended for students planning to attend graduate school.

Required Courses for Applied Track in Physics

All required courses in this track must be completed with a grade of "C" or higher. The General University Requirements must be completed. The Physics core courses and the non-physics requirements must be completed as well as the following courses:

Advanced Physics Courses (14 credits)

PHYS.361	Optics Fundamentals (4)
<i>One course from</i>	
PHYS.335	Basic Electronics (4)
PHYS.337	Digital Electronics (4)
PHYS.437	Introduction to Microprocessor-Based Digital Systems (3)

One course from

PHYS.453 Physical Optics (3)
PHYS.457 Solid State Physics (3)

Three or four credits of physics electives

Recommended Physics Electives

PHYS.335 Basic Electronics (4)
PHYS.337 Digital Electronics (4)
PHYS.352 Thermodynamics and Kinetic Theory (3)
PHYS.435 Electronics (3)
PHYS.437 Introduction to Microprocessor-Based Digital Systems (3)
PHYS.445 Lasers and Holography (3)
PHYS.453 Physical Optics (3)
PHYS.455 Quantum Mechanics (3)
PHYS.457 Solid State Physics (3)
PHYS.459 Nuclear Physics (3)
PHYS.461 Electro-Optics (4)

PHYSICS SECONDARY EDUCATION PROGRAM

The Physics Department offers a Physics Secondary Education program that leads to a Bachelor of Science or Arts degree in Physics. This program is designed for those students who plan to teach Physics at the secondary level.

In addition to the General University Requirements, and the requirements specified by the Department of Secondary Education, students must complete 31 credits in physics courses and 19 credits in non-physics courses. All courses required for the major must be completed with a grade of "C" or higher.

Requirements for the Major

Physics Core Courses (31 credits)

Non-Physics Requirements (19 credits)

MATH.273-274 Calculus I, II (4,4)
CHEM.101-102 General Chemistry I, II (4,4)
COSC.165 Fundamentals of Computing (3)

Required Secondary Education Courses (29-32 credits)

PSYC.201 Educational Psychology (3)
SCED.341 Principles of Secondary Education* (3)
SCIE.380 Teaching Science in the Secondary School* (3)
SCIE.421 Field Course in Secondary Science Teaching Methods** (2)
SCED.399 Differentiated Student Teaching Secondary (12)
EDUC.401 Foundations of Education (2)
SCED.460 Teaching Reading in the Secondary School (3)
SPED.301 Introduction to Special Education (3)

*Must be taken prior to student teaching.

**To be taken concurrent with student teaching.

Suggested Course Schedules for Majors

By its very nature, physics is more hierarchical in its course structure than typical humanities or social science disciplines. Therefore, many courses depend heavily on prerequisite courses (such as calculus and general physics). Any time which is required to prepare for calculus (MATH 115) must be added to the four year minimum. Normally, progress in mathematics and general physics is the pace-setter.

Suggested Course Schedule for the General Concentration in Physics

Freshman Year

FIRST SEMESTER (14 credits)

CHEM.101 Chemistry I (4)
MATH.273 Calculus I (4)
ENGL.102 College Writing (3)
Electives (3)

SECOND SEMESTER (15 credits)

CHEM.102 Chemistry II (4)
MATH.274 Calculus II (4)
COSC.165 Fundamentals of Computing (3)
PHYS.241 General Physics I (4)

Sophomore Year

FIRST SEMESTER (14-15 credits)

PHYS.242 General Physics II (4)
MATH.xxx Upper-Division Math Elective (3/4)
Electives (7)

SECOND SEMESTER (15 credits)

PHYS.243 General Physics III (3)
PHYS.307 Introductory Mathematical Physics (3)
PHYS.xxx Physics Elective (3)
Electives (6)

Junior Year

FIRST SEMESTER (16 credits)

PHYS.311 Modern Physics (4)
PHYS.341 Intermediate Physics Laboratory I (3)
PHYS.351 Mechanics I (3)
Electives (6)

SECOND SEMESTER (15 credits)

PHYS.342 Intermediate Physics Laboratory II (3)
PHYS.354 Electricity and Magnetism I (3)
PHYS.xxx Physics Elective (3)
Electives (6)

Senior Year

FIRST SEMESTER (16 credits)

PHYS.455 Introductory Quantum Mechanics (3)
PHYS.485 Physics Seminar (1)
PHYS.xxx Physics Elective (3)
Second Writing course (3)
Electives (6)

SECOND SEMESTER (15 credits)

PHYS.xxx Physics Elective (5)
Physics and Other Electives (10)

Suggested Course Schedule for the Applied Track in Physics

Freshman Year

FIRST SEMESTER (14 credits)

CHEM.101 Chemistry I (4)
MATH.273 Calculus I (4)
ENGL.102 College Writing (3)
Electives (3)

SECOND SEMESTER (15 credits)

CHEM.102 Chemistry II (4)
MATH.274 Calculus II (4)
COSC.165 Fundamentals of Computing (3)
PHYS.241 General Physics I (4)

Sophomore Year

FIRST SEMESTER (14-15 credits)

PHYS.242 General Physics II (4)
MATH.xxx Upper-division Math Elective (3/4)
Electives (7)

SECOND SEMESTER (13 credits)

PHYS.243 General Physics III (3)
PHYS.307 Introductory Mathematical Physics (3)
PHYS.3xx 300 level Electronics Elective (4)
Electives (3)

Junior Year

FIRST SEMESTER (16 credits)

PHYS.311	Modern Physics (4)
PHYS.341	Intermediate Physics Laboratory I (3)
PHYS.351	Mechanics I (3)
	Electives (6)

SECOND SEMESTER (15 credits)

PHYS.342	Intermediate Physics Laboratory II (3)
PHYS.354	Electricity and Magnetism I (3)
PHYS.361	Optics Fundamentals (3)
	Electives (6)

Senior Year

FIRST SEMESTER (16 credits)

PHYS.485	Physics Seminar (1)
PHYS.xxx	Physics Electives (6)
	Second Writing Course (2)
	Electives (6)

SECOND SEMESTER (15 credits)

PHYS.xxx	Physics Electives (5)
	Physics and Other Electives (10)

Suggested Course Schedule for the Physics Secondary Education Major

Physics Teaching Majors are not required to take any physics electives but are encouraged to take as much physics and mathematics as possible.

For recommended course schedule contact the Physics Department.

MINOR IN PHYSICS

An important aspect of the overall contribution of physics is its impact on other disciplines. This program is designed to provide majors in any of the sciences, mathematics, business, or humanities with a background in physics which will broaden their understanding and enhance their career opportunities. This program requires the student to complete the following courses.

Required Courses (24 credits)

PHYS.241,242 & 243	General Physics I, II, III (4,4,3)
PHYS.311	Modern Physics (4)
PHYS.xxx	Upper-division physics courses (9)

Students interested in the Physics minor program should consult the Physics Minor Advisor as soon as possible in order to design a program to meet their special needs.

To provide greater flexibility in selecting electives, students may organize their course of studies to supplement their major programs and/or reflect their special interests. The array of courses should have internal coherence and must be approved by their major advisor.

The minor in Physics requires a minimum of 24 credits in physics. At least 8 upper-division credits must be taken at Towson State. A grade of "C" or better must be earned in each course.

DUAL-DEGREE ENGINEERING PROGRAM

The Dual-Degree Engineering Program offers a student the opportunity to obtain a Bachelor of Science or Arts in Physics and an Engineering degree from University of Maryland at College Park. Physics has traditionally been an important part of the curriculum for engineers, and many engineering programs (Electrical, Nuclear Engineering, and others) grew out of physics departments. Completion of the physics program at Towson State, complemented by the engineering education, will provide the student a foundation in the fundamentals that allows him or her to meet the challenges of future

technologies. Dual Degree candidates from Towson State are eligible to seek a baccalaureate degree majoring in any one of the following areas at University of Maryland, College Park:

Aerospace Engineering	Engineering Materials
Agricultural Engineering	Fire Protection
Chemical Engineering	Mechanical Engineering
Civil Engineering	Nuclear Engineering
Electrical Engineering	

In order to be eligible for transfer into the engineering program of his or her choice at the University of Maryland, the student must have included in his or her work at Towson the following courses: CHEM.101, 102; COSC.165; MATH.273, 274, 373, 471; and PHYS.241, 242, 243, 351, and 352 or 354. Normally students must maintain a GPA of at least 3.00 overall and above 3.00 in science and mathematics. Students should consult the Department on specific GPA requirements.

After completing the Physics degree requirements of Towson State University (normally by the end of the first year at the University of Maryland), the student will receive a Bachelor's degree in Physics from Towson State University. The baccalaureate engineering degree in the student's area of specialization will be awarded when the requirements in the College of Engineering are completed.

For further information contact the Physics Department.

MAJOR IN NATURAL SCIENCE

The Natural Science Major offers four interdisciplinary concentrations designed to give a broad view of the sciences, or to provide specialization in the Earth Sciences. The concentrations available are: Geology, Earth Science, General Science, and Environmental Science.

Students who plan geology related careers, graduate school in the geological sciences, or secondary school earth science teaching should consider this major with a Geology concentration. Students interested in this concentration should see Dr. Molitor early in their education at this university.

Prospective secondary or middle school teachers of Earth Science are advised to select the Earth Science concentration, while those who intend to teach General Science may find the interdisciplinary General Science concentration more suited to their needs. Students planning on teaching careers need to plan their programs to meet state certification requirements and should have an advisor in the Secondary Education Department as well as a science advisor.

The Environmental Science concentration is the most interdisciplinary of the concentrations available. It provides not only for a broad background in the sciences but also includes opportunities to work in the areas of health sciences and geography.

Students selecting the Natural Science major should be aware that the interdisciplinary nature of the program necessitates many lower-division course credits. In order to meet the university requirement of 32 upper-division credits some upper-division credits may be earned outside the major.

Students should also be aware that the requirements for entrance into graduate programs in a science might not be met by any of the concentrations *except* Geology.

A minimum of 50 percent of the credits applied toward completion of a concentration must be taken at Towson State University.

Students selecting concentrations in Earth Science, General Science, or Environmental Science should see Dr. Greene early in their education at this university.

Requirements for the Major

The following core courses are required for all concentrations in the Natural Science major. Students in the Geology concentration may substitute MATH.274 Calculus II or MATH.231 Basic Statistics I for COSC.165 Fundamentals of Computing.

Core Courses (36-37 credits)

BIOL.201-202	Biology I, II (4,4)
	or
BIOL.110	Contemporary General Biology (4) and either
BIOL.205	General Botany (4)
	or
BIOL.207	General Zoology (4)
CHEM.101-102	General Chemistry I, II (4,4)
PHYS.211-212	General Physics I, II (4,4)
	or
PHYS.241-242	General Physics, I, II (4,4)
PHSC.121	Physical Geology (4)
	or
BIOL.301	Field Natural Science (Environmental Science concentration only) (4)
PHSC.123	Historical Geology (3)
	or
PHSC.323	Geomorphology (3)
	or
BIOL.301	Field Natural Science (General Science concentration only) (4)
	or
BIOL.402	General Ecology (Environmental Science concentration only) (4)
COSC.165	Fundamentals of Computing (3)
BIOL.491	Independent Research in Biology (2-3)
	or
PHSC.401	Advanced Laboratory in Physical Science (2)
	or
CHEM.391	Special Problems in Chemistry (1-3)
	or
CHEM.395	Practicum in Chemistry (1-3)

Geology Concentration

The Geology concentration requires 18-21 credits (in addition to the core courses) completed with a grade of "C" or higher. Students complete five upper-division geology courses or four such courses and one of the following.

BIOL.307	Introduction to Paleontology (4)
CHEM.210	Principles and Methods of Chemical Analysis (5)
CHEM.340	Physical Chemistry: Principles and Applications (4)
GEOG.321	Interpretation of Aerial Photographs (3)

Earth Science Track

The Earth Science track requires 22 credits (in addition to the core courses) completed with a grade of "C" or higher.

Required Courses (10 credits)

PHSC.161	Astronomy I (3)
BIOL.301	Field Natural Science (4)
GEOG.373	Climatology (3)
	or
GEOG.337	Descriptive Meteorology (3)

Electives (12 credits)

Twelve elective credits should be chosen from the following

PHSC.361	Astronomy II (3)
GEOG.373	Applied Climatology (3)
	or
GEOG.377	Descriptive Meteorology (if not taken as required above) (3)
GEOG.321	Interpretation of Aerial Photographs (3)
GEOG.411	Studies in Environmental Hazards (2)
	Any upper-division geology course

General Science Track

The General Science track requires 23 credits (in addition to the core courses) completed with a grade of "C" or higher.

Required Courses (11 credits)

PHSC.161	Astronomy I (3)
BIOL.213-214	Human Anatomy and Physiology I, II (4,4)

Electives (12 credits)

Any upper-division courses in the biological and/or physical sciences (Chemistry, Physics, Geology, and Astronomy) and/or geography (no more than 6 credits from the geography courses listed under the Earth Science Concentration).

Environmental Science Concentration

The Environmental Science concentration requires 22 credits (in addition to the core courses) completed with a grade of "C" or higher.

Electives (22 credits)

Twenty-two elective credits should be chosen from the following. No more than 10 credits may be taken in any one discipline.

BIOL.310	Environmental Conservation (4)
BIOL.387	Biology in Society (3)
BIOL.404	Ecological Techniques (3)
BIOL.435	Plant Ecology (4)
HLTH.302,421	Field Work in Community Health (Obtain prior approval of topic in environmental health from instructor and advisor) (4-10)
HLTH.451	Ecological Aspects of Health (3)
CHEM.361	Chemical and Bacteriological Studies of Water Pollution (3)
PSYC.341	Environmental Psychology (3)
GEOG.319	Biogeography (Soils and Vegetation) (3)
GEOG.321	Interpretation of Aerial Photographs (3)
GEOG.329	Medical Geography (3)
GEOG.373	Climatology (3)
GEOG.377	Descriptive Meteorology (3)
GEOG.411	Studies in Environmental Hazards (3)
GEOG.413	Technology and the Environment (3)
GEOG.415	Geographical Aspects of Pollution (3)

Toluene

Ethylbenzene

Cumene
(Isopropylbenzene)

t-butylbenzene

m-Bromotoluene

The School of Business and Economics

Towson State University's School of Business and Economics includes the Departments of Accounting and Finance, Economics, Management, and Marketing. This is the university's largest school and represents 35% of total enrollment.

The School of Business and Economics is committed to providing an excellent educational experience for students. The underlying educational philosophy of the school is to provide a broad-based professional education for careers in profit and non-profit organizations and to prepare students for a much broader leadership responsibility as they pursue their careers. This professional education is built upon a solid liberal arts and sciences foundation. Approximately fifty percent of the academic program for business students is in the liberal arts and sciences including the mathematical and computer sciences. Our insistence upon solid exposure to fine arts, liberal arts, social and physical sciences, physical education and other disciplines ensures that our graduates have the breadth of background recommended by professional accreditation organizations and valued by the business community.

All students completing programs in the School of Business and Economics are required to satisfy the General University Requirements as well as the requirements of the major. Students can obtain degrees in Accounting, Economics, or Business Administration. Concentrations within the Business Administration degree are in Finance, Marketing, Management, International Business, Human Resources Management and Industrial Management.

The School of Business and Economics maintains an Assembly Membership with The American Assembly of Collegiate Schools of Business (AACSB).

Sam Barone, Dean

COLLEGE OFFICE

Lecture Hall
Room 8
(301) 321-3342

Business Administration

THE PROGRAM

The Business Administration program operates in a liberal arts framework, emphasizing oral and written communication skills. Completion of major requirements provides a core of basic skills as well as in-depth study in an area of interest chosen by the student. Students who fulfill the major requirements and the General University Requirements are awarded the Bachelor of Science degree. The Bachelor of Arts degree may be earned by completing the intermediate courses (or the equivalent) of a modern foreign language.

Students may elect to major in any program in the university and complement their major area of study with a *minor in Business Administration*. The minor consists of 24 credit hours in course work from the Business Administration Core. These core courses are selected to provide a basic understanding of the accounting, finance, and management functions. All courses in the minor must be completed with the grade of "C" or better.

MAJOR IN BUSINESS ADMINISTRATION

The degree in Business Administration is earned by completing the business core of 15 courses (45 credit hours) and by completing 5 courses (15 credit hours) in one of the six available areas of concentration. These are *Finance* (see the Accounting Department section of this *Catalog* for details), *Marketing and International Business* (see the Marketing Department section), *Management, Human Resource Administration*, and *Operations Management* (see the Management Department section). In addition, each student majoring in Business Administration must complete two upper-division courses in the liberal arts selected from approved listings available in the appropriate departmental office.

MINOR IN BUSINESS ADMINISTRATION

The 24-credit minor is designed to provide students in other majors with a background in the functional components of the business administration major: accounting, economics, finance, management and law or government relations.

Required Courses

ACCT.205 Financial Accounting (3)
 ACCT.206 Management Accounting (3)
 ECON.201 Microeconomic Principles (3)
 ECON.202 Macroeconomic Principles (3)
 FIN.331 Financial Management (3)
 MKTG.341 Principles of Marketing (3)
 MNGT.361 Management Theory (3)
 ACCT.225 Business Law I (3)
 or
 MNGT.482 Business Environment and Public Policy (3)

NOTE: ACCT.201 and ACCT.202 Accounting Principles courses could be substituted for ACCT.205 and ACCT.206.

PROGRAMS OF THE DEPARTMENT

The *Accounting major* assists students in the development of skills and knowledge in accounting and related disciplines which will prepare the student for a professional career. It provides preparation for the CPA examination and for graduate study, as well as a thorough exposure to liberal arts which are most valuable in a business environment.

Students who fulfill the major requirements and the General University Requirements are awarded the Bachelor of Science degree. The Bachelor of Arts degree may be earned by completing the intermediate courses (or the equivalent) of a modern foreign language in addition to the major and General University Requirements.

A minimum of seven semesters is required to complete all required accounting courses in sequence. Majors are therefore advised to begin taking accounting courses very early in their college careers.

Because of the rigorous course work, the department recommends that students complete the following courses before declaring the major: two lab oriented sciences such as chemistry and physics, American or world literature, and algebra 2, trigonometry, or pre-calculus.

The *Finance Concentration* in the *Business Administration Major* prepares students for careers in banking and corporate finance, by developing skills and knowledge in finance and related disciplines.

PRE-ADMISSION REQUIREMENTS FOR ACCOUNTING

Students interested in majoring in accounting must first gain admission to Towson State University. Admission to the university, however, does not guarantee admission to the accounting major. After completing a *minimum* of 9 credits in accounting, the student must meet with an Accounting Department faculty advisor to determine whether the requirements have been met. The following academic criteria shall be met in order to declare the accounting major:

1. A student must pass the AICPA Level I achievement test with a score in the 55th percentile or higher. This will permit/prohibit registration in Intermediate Accounting II (302).
 - A. Students who transfer to Towson from community colleges which have articulation agreements with TSU, and students who transfer from four-year institutions, shall be allowed to transfer Intermediate Accounting II (ACCT. 302) upon passing the AICPA Level I achievement test with a score in the 75th percentile or higher.
2. A student must present an overall Grade Point Average of at least 2.50 on a 4.00 scale for all courses completed at the time of declaring the major.
 This requirement may be waived under certain circumstances by the department chair.
3. A student must present a Grade Point Average of at least 2.50 on a 4.00 scale for all Accounting courses completed at the time of declaring the major.
4. A student must have passed either one Calculus or one Statistics course with a grade of "C" or better. The Towson State courses that shall be considered are:
 Calculus I or II (MATH.273/274) or Calculus for Applications (MATH.211)
 Basic Statistics (MATH.231) or Math Statistics (MATH.332) or Fundamental Statistics for Economics (ECON.301)

Equivalent courses, taken at other institutions and properly transferred to Towson State, shall also be considered.

Affirmative Action Policy

Towson State University does not discriminate on the basis of race, national origin, religion, color, sex, age, or condition of handicap in

Department of Accounting and Finance

Professor: HOLT

Associate Professors: CASTALDI (Chair), DIANTONIO, GRIMSHAW, RYMER, VENNOS

Assistant Professors: BUCHOFF, CAMPBELL, FULLER, KAYVAN, PERRIER, ROSENBERG, SEGANISH

Instructors: BECK, DOBY, FLANIGAN, HOLTER, McCARTNEY

OFFICE

Lecture Hall, Room 211, (301) 321-2227

its academic program. Some groups, however, have been historically under-represented in the field of accounting.

The department maintains relevant data on admission to the accounting major in order to monitor the impact of these standards on minority student populations.

The department shall waive any one of the above criteria if it is demonstrated to have an inequitable impact on the minority student population.

Academic Standards

Students who have been admitted to the accounting major should regularly meet with their faculty advisors (at least once a year) in order to evaluate their progress in completing degree requirements.

Once admitted to the accounting major, a student shall not be dismissed from the major unless that student is academically dismissed from the university. In such cases, the student shall meet with an accounting faculty advisor after being readmitted to the university as a degree candidate in order to reenter the accounting major.

MAJOR IN ACCOUNTING

The major in Accounting requires 69 credits completed with a grade of "C" or higher and a score above the 50th percentile on the AICPA Level II Achievement Test.

Accounting Principles I & II (201, 202) and Financial and Management Accounting (205, 206) are separate and distinct course units. A student who takes 201 must complete 202 and cannot cross-over to 206. Similarly, a student who begins with 205 must complete 206.

While the 201-202 sequence is preferable for Accounting majors, there is no detriment if an Accounting major begins with 205 and ends with 206. The two units are at the introductory level of Accounting.

Requirements for the Major

Required Courses (45 credits)

The Common Body of Knowledge (CBK) for accounting majors will comprise a total of 45 credits. In addition all accounting majors must complete 24 credits of upper level accounting courses as indicated below.

ACCT.201 & 202	Accounting Principles I & II (6)
ACCT.225 & 226	Business Law I & II (6)
ECON.201 & 202	Micro & Macro Economics (6)
COSC.115	Introduction to Information Systems (3)
FIN.331	Financial Marketing (3)
MKTG.341	Principles of Marketing (3)
MNGT.361	Management Theory (3)
MNGT.363	Quantitative Methods (3)
MNGT.365	Product Management (3)
MNGT.481	Business Policy (3)

One advanced economics course from the following

ECON.309	Intermediate Price Theory (3)
ECON.313	Money and Banking (3)
ECON.331	Government and Economic Life (3)
ECON.337	Public Finance & Non-Market Decision Making (3)

One statistics course from the following

ECON.301	Fundamental Statistics for Economics (3)
MATH.231	Basic Statistics (3)
MATH.332	Mathematical Statistics (3)

Required Courses (24 credits)

In addition to the above, all accounting majors must complete 24 credits of upper level accounting courses as indicated below:

ACCT.301	Intermediate Accounting I (3)
ACCT.302	Intermediate Accounting II (3)
ACCT.303	Intermediate Accounting III (3)

ACCT.321	Advanced Accounting I (3)
ACCT.341	Cost Accounting I (3)
ACCT.361	Tax Accounting I (3)
ACCT.401	Auditing I (3)
ACCT.402	Auditing II (3)

Recommended Courses

ACCT.322	Advanced Accounting II (3)
ACCT.342	Cost Accounting II (3)
ACCT.362	Tax Accounting II (3)
PSYC.327	Industrial Psychology (3)
PSYC.315	Motivation (3)
PSYC.409	Organizational Psychology (3)

One of the following

PHIL.101	Introduction to Philosophy (3)
PHIL.111	Logic (3)
PHIL.371	Ethical Problems: Business and Society

Required Testing

Students must achieve a score above the 50th percentile on the AICPA Level II Achievement Test in order to complete the Accounting Major.

Advanced Writing Course Recommendation

All students are required to take an advanced writing course to fulfill Group IC of the General University Requirements. Accounting majors are encouraged to fulfill this requirement by taking one of the following.

ENGL.313	Advanced Composition (3)
ENGL.317	Writing for Business and Industry (3)
ENGL.318	Advanced Informational Writing (3)
WRIT.411	Organizational Communication (3)
ECON.211	Economics of Poverty and Discrimination (3)
ECON.325	Economic Development (3)

Sample Course Sequence

The following sample curriculum indicates how the Accounting major requirements and the General University Requirements may be completed in four years.

The Roman numerals in parentheses indicate the General University Requirements which are fulfilled.

Freshman Year

FIRST SEMESTER

Math (Prerequisite to Calculus and Statistics)
College Writing (I-B)
Accounting Principles I
Chemistry or Physics 101 (IV)
Economics I (V)

SECOND SEMESTER

Literature or 200 level Modern Language (III)
Economics II
Group II GUR
Accounting Principles II
Calculus or Statistics (IV)

Sophomore Year

FIRST SEMESTER

Intermediate Accounting I
Group III GUR
Computer Science (IV)
Calculus or Statistics
Business Law I (V)

SECOND SEMESTER

Intermediate Accounting II
Economics (choice among five) (V)
Group II GUR
Group I-A GUR (Phys. Ed.)
Business Law II
Elective or strongly rec. course

Junior Year

FIRST SEMESTER

Tax Accounting I
Cost Accounting I
Intermediate Accounting III
Management Theory (III)
Fundamentals of Speech Comm. (III)

SECOND SEMESTER

Advanced Accounting I
Group V GUR
Financial Management
Writing Course (I-C)
Quantitative Methods

Senior Year

FIRST SEMESTER

Auditing I
Principles of Marketing
Group III GUR
Production Management
Elective or strongly rec. course

SECOND SEMESTER

Auditing II
Business Policy
Elective or strongly rec. course
Elective or strongly rec. course
Group V GUR

Transfer Credit Policy

Credit toward the Accounting major will be given for approved courses taken at other schools.

Students planning to transfer from junior or community colleges are encouraged to take six hours of Accounting Principles and six hours of Economic Principles as part of their first two years of college. Major credit will also be granted for *any two* of the following courses successfully completed at a community or junior college: Intermediate Accounting I (validated by Intermediate Accounting 302), Cost Accounting I (validated by Cost Accounting 342), and Tax Accounting I (validated by Tax Accounting 362). Because the Accounting Major requires a minimum of five sequential, one-semester, upper-division accounting courses, students may wish to consider transferring to Towson after three semesters at the junior or community college in order to complete their undergraduate programs in a total of four years.

Upper-division courses required for the major which are taken at a two-year/community college must be validated by taking an advanced upper-division course at TSU.

Students who complete Intermediate Accounting I at another institution must achieve a score above the 55th percentile on the AICPA Level I Test before entering Intermediate Accounting II (ACCT.302) at Towson.

Students currently enrolled at Towson State University may be given credit for courses at other accredited four-year colleges if approval is granted in advance.

MAJOR IN BUSINESS ADMINISTRATION — CONCENTRATION IN FINANCE

Requirements for the Major

The Common Body of Knowledge (CBK) for business majors concentrating in finance consists of the same courses that are required for Marketing and Management Concentrations comprising 45 credits. In addition, the concentration courses below must be completed with a grade of "C" or better.

Required Courses (15 credits)

FIN.332	Advanced Corporate Finance (3)
FIN.333	Principles of Investments and Security Analysis (3)
FIN.430	Banking Management (3)
FIN.435	International Finance (3)

One of the following

FIN.470	Special Topics in Business (Cases in Finance) (3)
ACCT.301	Intermediate Accounting I (3)
ACCT.302	Intermediate Accounting II (3)
ACCT.341	Cost Accounting I (3)
ACCT.342	Cost Accounting II (3)
ACCT.361	Tax Accounting I (3)
ACCT.362	Tax Accounting II (3)

Upper-Division Electives (6 credits)

Each Business Administration major must complete 6 credits of upper-division courses selected from the following disciplines:

Anthropology	Modern Languages
Art	Music
Dance	Philosophy
Economics	Political Science
English	Psychology
Geography	Sociology
History	Theatre Arts

Students are encouraged to seek advice on course selections appropriate to their interests. Additional writing courses are encouraged; however, courses used to satisfy this requirement for the major *cannot* be used to satisfy any General University Requirement.

Department of Economics

Professors: BARONE, PAUL, SANBORN, SHIN

Associate Professors: DORN, GEORGIOU, WEINTRAUB, WOROBY (*Acting Chair*)

Assistant Professors: DANIEL, EGGER, GERMAN, KONG, LAURENCE, PALASEK, ROAYAEI

OFFICE

Linthicum Hall, Room 118F, (301) 321-2959

PROGRAMS OF THE DEPARTMENT

The Department of Economics offers a *major* and a *minor in Economics*. The purpose of a major in Economics is to help students understand the economic society in which they live. The major in Economics is designed to provide preparation for careers in industry, government or teaching as well as preparation for graduate study in Economics.

All students majoring in Economics must contact the department to be assigned advisors who will assist them in designing their program. Students should meet with their advisors each semester to discuss their progress and plans of study.

MAJOR IN ECONOMICS

Economics majors must complete 33 credits with a grade of "C" or higher.

Requirements for the Major**Required Courses (21 credits)**

ECON.201	Microeconomic Principles (3)
ECON.202	Macroeconomic Principles (3)
ECON.301	Fundamentals of Statistics (3)
ECON.309	Intermediate Price Theory (3)
ECON.310	Macroeconomic Theory (3)
ECON.313	Money and Banking (3)

At least one of the following:

ECON.401	Intro. to Econometrics (3)
ECON.409	Managerial Economics (3)
ECON.410	Business Cycles Forecasting (3)
ECON.419	Applied Microeconomics (3)
ECON.421	International Economics (3)
ECON.451	Intro. to Mathematical Economics (3)
ECON.479	Topics in Economics (3)
ECON.485	Seminar on Economic Issues (3)
ECON.493	Workshop on Economic Education (3)

Approved Electives (12 credits)

Twelve additional credits in Economics, six of which may be from the following courses outside of the department.

ACCT.361	Tax Accounting I (3)
FIN.332	Advanced Corporate Finance (3)
MKTG.371	Principles of Transportation (3)
HRM.451	Industrial Relations (3)
MNGT.363	Quantitative Methods for Business I (3)
COSC.212	Introduction to Business Programming (3)
COSC.165	Fundamentals of Computing (3)
MATH.377	Mathematical Models (3)
HIST.366	History of American Business (3)
HIST.481	History of Management (3)
GEOG.359	Economics Geography (3)
GEOG.391	Urban Systems I (3)
GEOG.393	Transportation & Infrastructure Planning (3)
GEOG.403	Planning Implementation (3)

MINOR IN ECONOMICS

Economics minors must complete 24 credits with a grade of "C" or higher. The minor includes the three required courses listed below and 15 hours of approved electives.

Required Courses (9 credits)

ECON.201	Microeconomic Principles (3)
ECON.202	Macroeconomic Principles (3)
ECON.313	Money and Banking (3)

Approved Electives (15 credits)**DOUBLE MAJOR PROGRAM**

A student may declare a second major and obtain a degree which certifies that both majors have been completed. A list of courses which count toward both Economics and another major is in the departmental office.

ECONOMICS AND OTHER BUSINESS MAJORS

A student who meets the requirements for a major in Accounting, Finance, Management, or Marketing may be able to major in Economics by taking only three or four Economics courses beyond those Economics courses required for these business majors.

Economics and Mathematics

Economics majors must take either MATH.111, Algebra for Applications or MATH.115, Basic Mathematics for the Sciences or MATH.116, Mathematics II; or MATH.119, Pre-Calculus. Those who plan graduate study in Economics are advised to take either MATH.211, Calculus for Applications or MATH.273, Calculus I and MATH.274, Calculus II (and the appropriate prerequisites) as well as other advanced mathematics courses.

Students who major in both Economics and Mathematics may count up to 12 credits of specified mathematics courses toward the 33 hours required for the Economics major. Further details are in this *Catalog* under Mathematics.

Economics and Geography/Environmental Planning

This program is particularly useful to the students who are interested in environmental and urban planning.

TRANSFER CREDIT POLICY

The Economics Department accepts economics credit from other accredited colleges and universities. Transfer students must take at least 15 credits within this department.

DEPARTMENTAL ACTIVITIES

The department sponsors an Economics Club which presents lectures, seminars, film and other activities relating to economic analysis and problems. The department works with the Career Education Office to provide internships to qualified students. There is a mini-semester course which visits points of economic interest in the Baltimore area. An award is given by the department to the outstanding senior majoring in Economics.

COUNCIL ON ECONOMIC EDUCATION IN MARYLAND

CEEM is affiliated with the Institutional Advancement Division and works in close cooperation with the Department of Economics and the College of Education. The council has the responsibility of increasing the quantity and quality of economics taught at Maryland schools and colleges and in the general community. The council administers its program throughout the state. The Council Trustees comprise major Maryland business, labor, government, agriculture, and education leaders. Dr. Hoke L. Smith, president of Towson State University is chairman and the president is Francis P. Lucier, chairman and chief executive officer of Black and Decker Corporation. The Council's executive director is Dr. Carol Adams.

Department of Management

Professor: BASURAY (Chair)

Associate Professors: BROWN, DeCENZO, GRIMSHAW, ONDECK, SHAFFER, SOLOMON

Assistant Professors: DARROW, DEHAIS, HANNON, NAG

Instructor: EDWARDS, McCAMPBELL

OFFICE

Stephens Hall Annex, Room A 135, (301) 321-2934

THE PROGRAM

The Department of Management offers concentrations in Strategic Management, Human Resource Management, and in Operations

Management. In addition to the core course requirements, students must complete 15 credit hours in one of these areas of concentration. Students are also required to complete 6 credit hours of upper-division courses selected from approved listings available in the Management Department Office.

All course work required for the major must be completed with the grade of "C" or higher.

Requirements for the Major

Core Courses (45 credits) Common Body of Knowledge

The following 45 credits of core courses must be completed for all concentrations. Students are not required to take Financial Accounting and Management Accounting if they complete *both* ACCT.201 Accounting Principles I and ACCT.202 Accounting Principles II.

ECON.201	Microeconomic Principles (3)
ECON.202	Macroeconomic Principles (3)
MATH.231	Basic Statistics I (3)
ACCT.225	Business Law I (3)
ACCT.205	Financial Accounting (3)
ACCT.206	Management Accounting (3)
COSC.115	Intro. of Information Systems (3)
	<i>or</i>
COSC.212	Intro. to Business Programming (3)
	<i>or</i>
COSC.165	Fundamentals of Computing (3)
FIN.331	Financial Management (3)
MKTG.341	Principles of Marketing (3)
MNGT.361	Management Theory (3)
MNGT.363	Quantitative Methods for Business I (3)
MNGT.365	Production Management (3)
MNGT.437	Management Information Systems (3)
MNGT.481	Business Policy (3)
MNGT.482	Business Environment and Public Policy (3)

Human Resources Management Concentration

Designed for students seeking a career in human resources administration or management.

Required Courses (15 credits)

HRM.381	Human Resources Administration (3)
HRM.451	Industrial Relations (3)
HRM.433	Wage and Salary Administration (3)

Two of the following:

HRM.452	Grievance and Arbitration (3)
MNGT.463	Organizational Leadership (3)
MNGT.465	Organizational Development (3)
HRM.470-479	Special Topics in Human Resource Management (3)

Operations Management Track

Designed for students planning a career in production or operations management.

Required Courses (15 credits)

OPRE.439	Materials Management (3)
MNGT.463	Organizational Leadership (3)
OPRE.459	Purchasing Management (3)

Two of the following:

MKTG.343	Physical Distribution Management (3)
HRM.451	Industrial Relations (3)
MNGT.467	Quantitative Methods for Business II (3)
MKTG.443	Industrial Marketing (3)
MKTG.371	Principles of Transportation (3)
ACCT.341	Cost Accounting I (3)

Strategic Management Concentration

Designed for students interested primarily in administration or general business management.

Required Courses (15 credits)

MNGT.465	Organizational Development (3)
MNGT.463	Organizational Leadership (3)
HRM.381	Human Resources Administration (3)

Two of the following:

INBU.437	Multinational Management and Strategies (3)
HRM.451	Industrial Relations (3)
MNGT.455	Small Business Development (3)
MNGT.470-479	Special Topics in Management (3)

Upper-Division Electives (6 credits)

Each Business Administration major must complete 6 credits of upper-division courses selected from the following disciplines:

Anthropology	Modern Languages
Art	Music
Dance	Philosophy
Economics	Political Science
English	Psychology
Geography	Sociology
History	Theatre Arts

Students are encouraged to seek advice on course selections appropriate to their interests. Additional writing courses are encouraged; however, courses used to satisfy this requirement for the major *cannot* be used to satisfy any General University Requirement.

MINOR IN BUSINESS ADMINISTRATION

The 24-credit minor is designed to provide students in other majors with a background in the functional components of the business administration major: accounting, economics, finance, management, marketing and law or government relations.

See the "Business Administration" section of this *Catalog* for required courses.

TRANSFER STUDENT POLICIES

Credit toward the Business Administration major will be given for approved courses taken at other schools. Students planning to transfer from junior or community colleges are encouraged to take six hours of accounting as part of their first two years of college. Six hours of economics may also be taken. Students are encouraged to take finance, marketing and management after transferring to Towson State University. Transfer students must complete, with a "C" or better, at least 30 hours of upper-division credits in the following: FIN, OPRE, MKTG, INBU, HRM, MNGT at Towson State University in order to qualify for the Business Administration major.

Lower-division courses taken at another four-year college or a community college that correspond to courses offered only at the upper-division for native students at Towson State University have restrictions as to transferability at Towson State. Basic business courses in the Common Body of Knowledge (CBK) which are offered *only* at the junior level at TSU such as: Principles of Marketing; Financial Management; and Management Theory may be transferable from a community college only upon meeting validation requirements. Validation generally means that another specified course in the discipline must be completed with a minimum grade of "C" for the transfer credit to be granted.

A transferred course from a four-year college that possesses level and content equivalency of a TSU course may be used to satisfy a core/elective requirement with the approval of the Management department. The department will accept only one transferred course in fulfillment of a concentration requirement and it must be validated.

DEPARTMENTAL PROGRAMS, ACTIVITIES

The department offers the following programs: Internship/Cooperative Education Program, Directed Independent Study Program,

Credit for Prior Learning Program, and sponsors these business clubs: American Production and Inventory Control Society, American Society of Personnel Administrators, Society for the Advancement of Management, AIESC.

Students should consult their advisors for more information.

Department of Marketing

Professor: KING (Chair)

Associate Professors: CHASE, MARONICK, NICHOLAS

Assistant Professors: HANKEL, SCHLIMM, L. SMITH

Instructors: KAYNAMA, LENNON, K. SMITH, TURNBAUGH

OFFICE

Stephens Hall Annex, Room 137, (301) 321-3351

THE PROGRAM

The Department of Marketing offers concentrations in Marketing and in International Business. In addition to the core course requirements, students must complete 15 credit hours in one of these areas of concentration. Students are also required to complete 6 credit hours of upper-division work selected from a listing of approved disciplines available in the Marketing Department Office.

All course work required for the major must be completed with the grade of "C" or higher.

Requirements for the Major

Core Courses (45 credits) (Common Body of Knowledge)

The following 45 credits of core courses must be completed for both concentrations. Students are not required to take Financial Accounting and Management Accounting if they complete *both* ACCT.201 Accounting Principles I and ACCT.202 Accounting Principles II.

ECON.201	Microeconomics Principles (3)
ECON.202	Macroeconomic Principles (3)
MATH.231	Basic Statistics I (3)
ACCT.225	Business Law I (3)
ACCT.205	Financial Accounting (3)
ACCT.206	Management Accounting (3)
COSC.115	Intro. to Information Systems (3)
	or
COSC.212	Intro. to Business Programming (3)
	or
COSC.165	Fundamentals of Computing (3)
FIN.331	Financial Management (3)
MKTG.341	Principles of Marketing (3)
MNGT.361	Management Theory (3)
MNGT.363	Quantitative Methods for Business I (3)
MNGT.365	Production Management (3)
MNGT.437	Management Info. Systems (3)
MNGT.481	Business Policy (3)
MNGT.482	Business Environment and Public Policy (3)

International Business Concentration

Designed for students seeking an understanding of the processes of international business and management.

Required Courses (15 credits)

INBU.355	Intro. to International Business (3)
INBU.437	Multinational Management and Strategies (3)
INBU.445	International Marketing (3)

Two of the following:

INBU.421	International Transportation (3)
FIN.435	International Finance (3)
MKTG.441	Marketing Research and Forecasting (3)
ECON.421	International Economics (3)
INBU.470-479	Special Topics in International Business (3)

NOTE: It is strongly recommended that students obtain a Certificate of Proficiency in at least one modern language.

Marketing Concentration

Designed for students seeking an understanding of the processes of marketing and business.

Required Courses (15 credits)

MKTG.431	Advanced Marketing Management (3)
MKTG.441	Marketing Research and Forecasting (3)

Three of the following:

MKTG.345	Advertising Management (3)
MKTG.351	Sales Management (3)
INBU.445	International Marketing (3)
MKTG.442	Seminar in Marketing (3)
MKTG.343	Physical Distribution Management (3)
MKTG.371	Principles of Transportation (3)
MKTG.419	Traffic Management (3)
INBU.421	International Transportation (3)
MKTG.443	Industrial Marketing (3)
MKTG.470-479	Special Topics in Marketing (3)

Upper-Division Electives (6 credits)

Each Business Administration major must complete 6 credits of upper-division courses selected from the following disciplines:

Anthropology	Modern Languages
Art	Music
Dance	Philosophy
Economics	Political Science
English	Psychology
Geography	Sociology
History	Theatre Arts

Students are encouraged to seek advice on course selections appropriate to their interests. Additional writing courses are encouraged; however, courses used to satisfy this requirement for the major *cannot* be used to satisfy any General University Requirement.

MINOR IN BUSINESS ADMINISTRATION

The 24-credit minor is designed to provide students in other majors with a background in the functional components of the business administration major: accounting, economics, finance, management, marketing, and law or government relations.

See the "Business Administration" section of this *Catalog* for required courses.

TRANSFER STUDENT POLICIES

Credit toward the Business Administration major will be given for approved courses taken at other schools. Students planning to transfer from junior or community colleges are encouraged to take six hours of accounting as part of their first two years of college. Six hours of economics may also be taken. Students are encouraged to take finance, marketing and management after transferring to Towson State University. Transfer students must complete, with a "C" or better, at least 30 hours of upper-division credits in the following: FIN, MKTG, MNGT, OPRE, INBU, and HRM at Towson State University in order to qualify for the Business major.

Lower-division courses taken at another four-year college or a community college that correspond to courses offered only at the upper-division for native students at Towson State University have restrictions as to transferability at Towson State. Basic business courses in the Common Body of Knowledge (CBK) which are offered *only* at the junior level at TSU such as: Principles of Marketing; Financial Management; and Management Theory may be transferable from a community college only upon meeting validation requirements. Validation generally means that another specified course in the discipline must be completed with a minimum grade of "C" for the transfer credit to be granted.

A transferred course from a four-year college that possesses level and content equivalency of a TSU course may be used to satisfy a core/elective requirement with the approval of the Marketing department. The department will accept only one transferred course in fulfillment of a concentration requirement and it must be validated.

DEPARTMENTAL PROGRAMS, ACTIVITIES

The department offers the following programs: Internship/Cooperative Education Program, Directed Independent Study Program, Credit for Prior Learning Program, and sponsors these business clubs: American Marketing Association and AIESC.

Students should consult their advisor for more information.

Course Descriptions

THE MEANING OF COURSE NUMBERS

Each department of the university has one or more code numbers and abbreviations for each general subject area (e.g., French in the modern language department). The code abbreviations are shown in parentheses at the head of the course listings. The code numbers form a four digit Subject Classification Number, which precedes a three digit Course Classification Number, forming a seven digit Course Number. Each course has a distinctive number with the following significance:

Course Classification Numbers	Significance of Numbers
.001-.009	Temporary, Minimester Courses.
.010-.099	Special Courses with and without credit and Physical Education Lab skill courses with credit.
.101-.299	Lower-Division Undergraduate Courses (UG)
.301-.499	Upper-Division Undergraduate Courses. Certain courses may be taken for either graduate or undergraduate credit. (UG & G) Their graduate course numbers are in brackets.
.500-.899	Graduate Division Courses.

SEQUENTIAL COURSES

Courses whose numbers are separated by a hyphen are to be taken in sequence. When course numbers are separated by a comma, either semester may be taken independently of the other (See Prerequisites).

ELECTIVE COURSES

Students majoring in the various areas will need to choose their electives with extreme care. Before registering for courses which are not required students should consult their advisors. The advice of the instructor of the course or the chair of the department in which the elective course is listed may be needed before a wise decision is made concerning the choice of an elective.

CREDIT VALUE OF COURSES

The semester credit value of the course is indicated in the parentheses following the title.

TIME OF OFFERING

All required courses are usually offered each semester. Elective courses in each department are usually offered at least one semester each year. All non-required courses are offered subject to sufficient enrollment.

PREREQUISITES

Prerequisites are listed to help students determine the proper sequence of courses and to identify any special skills and knowledge students should possess before attempting a particular course. Because prerequisites are advisory, students are cautioned about attempting courses without having completed the prerequisites, but may do so at their own risk.

For courses which require special permit cards or consent of the instructor and/or department, the instructor may deny entry to any student who does not have such permission.

ACCOUNTING (ACCT)

Lower Division

ACCT 201 ACCOUNTING PRINCIPLES I (3) This course covers the fundamental accounting principles beginning with the analysis of business transactions, and emphasizes the procedural aspects of the recording process, record-keeping and management techniques. The specific accounting principles concerning cash receivables, inventory, fixed assets, current liabilities and payroll are covered in a less theoretical and more procedural approach. Not open to students who have taken ACCT 205 or 0506.201. Preferred sequence for accounting majors (UG)

ACCT 202 ACCOUNTING PRINCIPLES II (3) This course covers the fundamental accounting principles concerning financial statements and their analysis. It emphasizes the procedural aspects of accounting

principles concerning long-term liabilities, partnership and corporation equity accounts, operating expense applications, and manufacturing accounting. It also covers preparation of the statement of changes in the financial position and the techniques of financial analysis. Not open to students who have taken ACCT 205, ACCT 206, 0506.202, or 0506.203. Preferred sequence for accounting majors. Prerequisite: ACCT 201. (UG)

ACCT 205 FINANCIAL ACCOUNTING (3) This course covers the introductory accounting concepts relating to financial accounting procedures, and the financial statement preparation. It covers the entire accounting cycle and the three basic financial statements by emphasizing the conceptual approach to the procedures and the understanding of the statements. Not open to students who have taken ACCT 201, or 0506.201. Preferred sequence for business majors. (UG)

ACCT 206 MANAGEMENT ACCOUNTING (3) This course covers the introductory concepts which relate to the managerial uses of accounting information. It specifically covers cost volume profit analysis, budgeting, costs control, analysis of working capital. This course emphasizes the conceptual approach to these accounting principles. Not open to students who have taken ACCT 202, 0506.202 or 0506.203. Preferred sequence for business majors. Prerequisite: ACCT 205. (UG)

ACCT 211 HONORS ACCOUNTING PRINCIPLES I This course is similar to ACCT 201 except that it emphasizes more conceptual approaches to accounting and requires completion of a research paper, case studies and practice sets. It also requires a considerable amount of computer based instruction. Prerequisites: SAT scores 550 or above, Verbal; 600 or above, Math.

ACCT 212 HONORS ACCOUNTING PRINCIPLES II This course is similar to ACCT 202 except that it emphasizes more conceptual approaches to accounting and requires completion of a research paper, case studies and practice sets. It also requires a considerable amount of computer based instruction. Prerequisites: SAT scores 550 or above, Verbal; 600 or above, Math and ACCT 211.

ACCT 225 [525] BUSINESS LAW I (3) Sources of law and our legal system with particular attention to court jurisdiction, procedure, tort and criminal law, contracts, agency and sales. Not open to students who have taken 0506.325. (UG & G)

ACCT 226 BUSINESS LAW II (3) Law of partnerships, corporations, estates, bankruptcy, government relationships with business, real and personal property, commercial paper and secured transactions. Not open to students who have taken 0506.326. Prerequisite: ACCT 225. (UG)

Upper Division

ACCT 301 INTERMEDIATE ACCOUNTING (3) Fundamental accounting theory as contained in G.A.A.P. An analysis of the concepts of each of the traditional financial statements (balance sheet, income statement, and statement of changes in financial position). Concepts of present value analysis and the concepts of cash and short-term investments. Not open to those students who have taken 0506.301. Prerequisites: ACCT 202 or ACCT 206. (UG)

ACCT 302 INTERMEDIATE ACCOUNTING II (3) An in-depth analysis of inventories, fixed assets, intangibles, and current liabilities, built around an accounting practice case requiring the recording, posting, summarizing and classifying of transactions and the preparation of statements and tax returns. Not open to students who have taken 0506.310. Prerequisite: ACCT 301 and a score above the 55th percentile on the Level I AICPA Test. (UG)

ACCT 303 INTERMEDIATE ACCOUNTING III (3) Fundamental accounting theory as contained in G.A.A.P. as it relates to long-term liabilities, equity; concepts of revenue and expense recognition; and the accounting for leases, pensions, and income taxes. Not open to students who have taken 0506.302. Prerequisite: ACCT 302. (UG)

ACCT 321 ADVANCED ACCOUNTING I (3) This course involves the theory and practice of accounting for branch offices and foreign operations. Not open to students who have taken 0506.312. Prerequisite: ACCT 303. (UG)

ACCT 322 ADVANCED ACCOUNTING II (3) This course involves the theory and practice of accounting for partnerships, installment sales, estates and trusts, municipal accounting, insolvency, and account-

ing for non-profit organizations. Not open to students who have taken 0506.311. Prerequisite: ACCT 321. (UG)

ACCT 341 COST ACCOUNTING I (3) Components of manufacturing cost under the job order and processing cost system will be discussed. Elements of standard cost accounting, variance analysis and direct cost will be presented. Not open to students who have taken 0506.303. Prerequisites: ACCT 202 or ACCT 206. (UG)

ACCT 342 COST ACCOUNTING II (3) Preparation of budgets and budgetary controls, standard costs and their application will be discussed. Also covers management uses of accounting information through case analyses. Not open to students who have taken 0506.304. Prerequisite: ACCT 341. (UG)

ACCT 361 TAX ACCOUNTING I (3) This course covers federal income tax laws governing gross income, deductions, calculation of taxable income and income tax rates. Emphasis is placed on the effect of these laws on the income of individual tax payers. Not open to students who have taken 0506.305. Prerequisite: ACCT 202 or ACCT 206. (UG)

ACCT 362 TAX ACCOUNTING II (3) This course covers federal income tax laws dealing with partnerships, corporations, special tax areas and State of Maryland income tax laws. Not open to students who have taken 0506.306. Prerequisite: ACCT 361. (UG)

ACCT 401 AUDITING I (3) Auditing standards, internal control, professional ethics, and an introduction to auditing procedures. Not open to students who have taken 0506.313. Prerequisites: ACCT 303 and senior status. (UG)

ACCT 402 AUDITING II (3) This course is a continuation of Auditing I concentrating on auditing procedures, techniques, and standards of reporting. Not open to students who have taken 0506.314. Prerequisite: ACCT 401. (UG)

ACCT 495 INDEPENDENT RESEARCH IN ACCOUNTING Directed research on specific problems in a functional area of accounting. May be re-elected for a maximum total of 6 credits. Prerequisites: Consent of instructor. Special Permit. (UG)

ACCT 497 ACCOUNTING PRACTICUM (3) Students are required to work in assigned projects in actual accounting environments. Priority will be given to seniors. Open to highly qualified juniors. Graded under S/U procedure. May be re-elected for a maximum of 6 credits. Prerequisites: Consent of department chairperson; junior status. (UG)

Graduate Division

See *TSU Graduate School Catalog* for course descriptions.

ACCT 601 FINANCIAL ACCOUNTING FOR NON-ACCOUNTANTS (3)

ACCT 701 MANAGERIAL ACCOUNTING FOR NONACCOUNTANTS (3)

ADULT EDUCATION (ADED)

Upper Division

ADED 485 [585] ADULT EDUCATION (3) Introduction to the historical and philosophical evolution of adult education in the United States in relationships to current aims, types of programs, and issues. Prerequisite: Consent of instructor. (UG & G)

ADED 487 [587] TEACHING THE ADULT LEARNER (3) Teaching learning activities at various levels of adult education. The needs, motivation, and abilities of the adult learner are stressed. Prerequisite: Consent of instructor. (UG & G)

ADED 489 PRINCIPLES OF READING INSTRUCTION FOR ADULTS (3) Causes of adult reading disabilities, evaluation relevant to reading disability, and the methods and materials employed in the remediation process. Prerequisite: Consent of instructor. (UG & G)

AFRICAN-AMERICAN STUDIES (BLST)

Upper Division

BLST 401 AFRO-AMERICAN PERSPECTIVES (3) AfroAmerican Perspectives is a college credit course combining televised lessons, on-campus seminars, and related workbook assignments. This course

focuses upon the experiences of Black people. The course utilizes a multi-discipline format and inter-disciplinary treatment. It is structured around several themes, inquiry into which will encourage scholarly development in an otherwise emotional arena. Prerequisite: Either African History or Black American History or Black American Literature or consent of instructor.

AMERICAN STUDIES (AMST)

Lower Division

AMST 201 INTRODUCTION TO AMERICAN STUDIES (3) This course is designed to show students how they can interpret and understand American culture through a variety of sources, including folkways, film, literature, fine arts, architecture, technology, and popular expression. Course content includes lectures, readings, films. Topic varies. (UG)

Upper Division

AMST 491 DIRECTED READINGS IN AMERICAN STUDIES (3) Independent research in American Studies on a topic selected by the student in consultation with the instructor. Prerequisite: Consent of American Studies Coordinator. (UG)

AMST 497 PRACTICUM IN MATERIAL CULTURE (3) Students will work with members of the curatorial staff at a local museum to learn various museum techniques, examine the collections, and understand the educational and scholarly uses of material culture. A minimum of 80 hours is required. Prerequisites: Consent of American Studies coordinator. (UG)

ANTHROPOLOGY (ANTH)

Lower Division

ANTH 207 CULTURAL ANTHROPOLOGY (3) Introduction to social and cultural anthropology; cultural theory, social structure, human ecology, language and culture, technology, religion, art, and literature. (UG)

ANTH 208 HUMAN EVOLUTION AND PREHISTORY (3) The study of man: his biological and cultural development through time. (UG)

ANTH 209 ANTHROPOLOGY OF AMERICAN CULTURE (3) This course applies the anthropological perspective and methodology to the study of the institutions of American culture and the distinctive ways of life encompassed by it. Students will use the perspective in a field work situation of their choice. (UG)

ANTH 210 HONORS CULTURAL ANTHROPOLOGY (3) Introduction to social and cultural anthropology. Major social institutions such as politics, economics, religion and social structure will be viewed cross-culturally.

Upper Division

ANTH 321 [521] SEX ROLES IN CROSS CULTURAL PERSPECTIVE (3) Materials from a variety of cultures will be used to illustrate and analyze the roles of women and men within the major institutional aspects—the family, economics, politics and religion. Particular attention will be devoted to the similarities and differences in sex role patterns within and between the cultures. Prerequisite: SOCI 101 or ANTH 207. (UG & G)

ANTH 346 [546] WEALTH, POWER & POLITICS IN CROSS-CULTURAL PERSPECTIVE (3) Political systems and the distribution of power in egalitarian, ranked, and stratified societies will be examined. Prerequisite: SOCI 101 or ANTH 207. (UG & G)

ANTH 361 CONTROVERSIES IN ANTHROPOLOGY (3) This course is designed to integrate writing, discussion and visual learning by focusing on a number of significant controversial issues in cultural anthropology. Students will read divergent assessments on each issue under study. In addition, films will be shown which further illuminate the topics. The topics covered will be selected to cover a diverse range of

areas including: sociobiology, cannibalism, incest, family organization, sexuality, warfare, competitive feasting, and spirit possession. Prerequisite: ANTH 207. (UG)

ANTH 364 [564] RELIGION, MAGIC AND WITCHCRAFT (3) The world view, beliefs and rituals of selected non-literate peoples considered with reference to religion as a universal category of human culture. Prerequisite: ANTH 207. (UG & G)

ANTH 365 [565] NORTH AMERICAN INDIANS (3) The traditional culture of native North Americans and their socio-cultural place in modern American society will be examined. Prerequisite: ANTH 207. (UG & G)

ANTH 366 [566] SOUTH AMERICAN INDIANS (3) Survey of the cultures of the native peoples of South America in Pre-Columbian times and the situation of contemporary tribal peoples of South America. Prerequisite: ANTH 207. (UG & G)

ANTH 367 [567] PEOPLES OF THE MIDDLE EAST (3) Survey of the Middle East as a cultural area with emphasis on culture change. Prerequisite: ANTH 207. (UG & G)

ANTH 369 [569] TRADITION AND REVOLUTION IN LATIN AMERICAN SOCIETY (3) An anthropological perspective will be brought to bear on contemporary Latin American culture and society. The Pre-Columbian heritage, the traditional synthesis and the struggle to modernize and develop will be examined. Prerequisites: SOCI 101, ANTH 207 or ANTH 208. (UG & G)

ANTH 370-379 [530-539] TOPICS IN ANTHROPOLOGY (3) An examination of current topics in Anthropology designed for non-majors as well as majors. The content of the course will depend upon mutual faculty and student interest. May be repeated when different topic is focus of course. Prerequisite: ANTH 207. (UG & G)

ANTH 381 [581] ARCHAEOLOGICAL METHODS AND THEORY (3) Methods of excavating and recording archaeological data. Investigation of problems of current research interest. Prerequisite: ANTH 207. (UG & G)

ANTH 383 [583] NORTH AMERICAN ARCHAEOLOGY (3) Regional survey of the prehistory of native North American cultures. Prerequisites: ANTH 207 or ANTH 208. (UG & G)

ANTH 385 [585] ARCHAEOLOGY OF THE AMERICAN SOUTHWEST (3) An examination of the evidence of pre-historic cultures of the Southwest: Anasazi, Hohokam, and Mogollon. Detailed description and interpretation of the remains. Prerequisites: ANTH 207 or ANTH 208 and consent of instructor. (UG & G)

ANTH 388 [588] PEASANT CULTURES (3) The course will focus on the rural agricultural population of modern states, their traditional lifeways and the changes being wrought by modernization. Prerequisites: SOCI 101 or ANTH 207. (UG & G)

ANTH 401 [501] ANTHROPOLOGICAL THEORY (3) Survey of the theoretical contributions made by American, British and Continental anthropologists. Prerequisites: ANTH 207 plus nine hours of Anthropology. (UG & G)

ANTH 470-479 [570-579] SPECIAL TOPICS IN ANTHROPOLOGY (3) An examination of current topics in Anthropology designed for junior and senior majors. The content of the course will depend upon mutual faculty and student interest. May be repeated when different topic is focus of course. Prerequisites: ANTH 207 and six additional hours of Anthropology. (UG & G)

ANTH 491-492 [591-592] PRACTICUM IN ANTHROPOLOGY I, II (3, 3) Supervised experience in work setting which facilitates understanding of rules and relationships relevant to anthropological inquiry and application of anthropological knowledge. While opportunities to do anthropologically oriented fieldwork in the community will usually be available, placement in agencies dedicated to anthropological inquiry may not always be possible. Students may elect to take one semester for 3 credits (491) or two semesters for 3 credits each (491-492), in one agency for both semesters or in a different agency each semester. No more than three credits may be earned in a semester save with consent of the chair which will be granted only when agency requirements and student needs make it appropriate. A fee is charged for each semester a student is involved in the practicum. Prerequisite:

Concentration in anthropology; junior standing and consent of practicum coordinator. (UG & G)

ANTH 495 [595] INDEPENDENT RESEARCH (3) Supervised research and anthropological investigation leading to preparation of a research project or a supervised field experience. For senior students with a concentration in anthropology. May be repeated when different topic is focus of course. Prerequisites: At least 12 credits in ANTH and consent of department chair. (UG & G)

ANTH 498 READINGS IN ANTHROPOLOGY (Honors) (4) A survey of the relevant scholarly literature under the guidance of a staff member who will direct the student's research. Prerequisite: Consent of the Honors Coordinator. (UG)

ANTH 499 HONORS THESIS (4) Supervised research and anthropological investigation involving library and/or field experiences and culminating in a written report. Prerequisite: Consent of the Honors Coordinator. (UG)

ART (ART)

Lower Division

ART 102 DESIGN FOR NON-ART MAJORS (3) An introductory studio course in design. Fundamental techniques utilizing a variety of approaches covering two-dimensional design problems. (Does not count for major credit.) (UG)

ART 103 TWO DIMENSIONAL DESIGN (3) Elements and principles of design as they relate to two dimensional concepts. Form and space problems involving various materials, tools and techniques. (UG)

ART 104 THREE DIMENSIONAL DESIGN (3) An introduction to three dimensional concepts as they relate to the elements and principles of design. Form and space problems involving various materials, tools, and techniques. Prerequisite: ART 103. (UG)

ART 105 ART IN THE CULTURE (3) An historical study of art in relation to man's culture; with a strong emphasis on contemporary western culture to include readings, museum visits, and slide lectures covering a broad range of art forms. (UG)

ART 106 DRAWING FOR NON-ART MAJORS (3) An introductory studio course in drawing. Fundamental techniques utilizing a variety of approaches including the still life and drawing from live models. (Does not count for major credit.) (UG)

ART 107 CERAMICS FOR NON-ART MAJORS (3) An introduction to the creative possibilities inherent in clay. Studio work in hand-building and the potter's wheel. (UG)

ART 108 STREET ART (3) Investigation of public (vs. museum or elitist) art from mid-eighteenth century to current times. Philosophy behind propaganda and aesthetics of various political systems will be included. (UG)

ART 111 DRAWING AND THE APPRECIATION OF DRAWING I (3) Problems of expressive draftsmanship in a variety of media. Drawing from the costumed and nude figures, still life and landscape. (UG)

ART 113 PAINTING FOR NON-ART MAJORS (3) An introductory studio course in painting. Fundamental techniques utilizing a variety of approaches and materials. Not open to Art Majors. (UG)

ART 126 FABRIC DESIGN FOR NON-ART MAJORS (3) A study of design elements and principles using various textile techniques such as embroidery, applique, quilting, and dyeing.

ART 131 THE ART OF CHINA (3) The art of China and peripheral regions as expressed in painting, sculpture, architecture, porcelain, and the ritual bronzes. The influence of India is studied in connection with the spread of Buddhism along the trade routes of Central Asia. Slide lectures, directed readings, museum trips and demonstration of ink painting. (UG)

ART 201 COLOR (3) Fundamentals of color including work in the basic areas of hue, value, intensity and color mixing, as well as projects in color interaction, illusion, complements, after image, additive and subtractive color and types of color contrast. The student should gain

some knowledge of color systems, experience in subjective color use, and discover the specific structural and emotional qualities that color can create. Prerequisites: ART 102 or ART 103 or consent of instructor. (UG)

ART 202 ADVANCED DESIGN (3) The application of aesthetic principles to graphic and plastic problems. Emphasis on independent investigation. Prerequisites: ART 103, ART 104. (UG)

ART 209 HISTORY OF BLACK ART (3) A study of Black American artists and their works as it relates to American Art. Lecture, discussion, slides, museum and gallery visits. (UG)

ART 211 DRAWING II (3) Continued studio work in drawing; landscape, still life and figure. Prerequisite: ART 111. (UG)

ART 215 PROJECTIVE DRAWING (2) Methods of perspective, orthographic and isometric projections. The use of various media in the rendering of three dimensional form. (UG)

ART 216 WOMEN IN ART (3) Women in the history of art from prehistoric to the present with special emphasis in relation to the cultures studied. (UG)

ART 220 EXHIBITION TECHNIQUES (2-3) The practical and theoretical problems involved in museum and gallery installation of art works. Includes study of past exhibition techniques and observation of contemporary methods. Directed museum trips. Prerequisites: ART 103, ART 104 or consent of instructor. (UG)

ART 221 PREHISTORIC TO MEDIEVAL ART (3) An historical survey of art. Slide lectures, directed readings and museum trips. (UG)

ART 222 RENAISSANCE TO CONTEMPORARY ART (3) An historical survey of art. Slide lectures, directed readings and museum trips. Prerequisite: ART 221 or equivalent. (UG)

ART 225 DESIGN FOR VISUAL COMMUNICATIONS I (3) Drawing, painting, lettering and typography as visual communication. Emphasis is placed on creative problem solving for commercial purposes. Prerequisite: ART 103. (UG)

ART 229 OIL PAINTING AND RELATED MEDIA I (3) Varied approaches to painting and a variety of media (e.g. acrylic, encaustic, oil painting) are explored through demonstration and experimentation. Prerequisites: ART 103 and ART 111. (UG)

ART 230 WATERCOLOR AND RELATED MEDIA I (3) Varied approaches to watercolor and a variety of media (e.g. gouache, casein, watercolor) are explored through demonstration and experimentation. Prerequisites: ART 103 and ART 111. (UG)

ART 231 CERAMICS I (3) Creative investigation of ceramic materials. Studio work, lectures and discussion on ceramic design, techniques and materials. Prerequisites: ART 103, ART 104 or consent of instructor. (UG)

ART 232 THE ART OF JAPAN (3) A survey of the development of Buddhist art and architecture in Japan as they were introduced from China, including the arts of later periods, with special emphasis on the formation of indigenous art forms such as narrative scroll-painting, decorative screens and woodblock prints. (UG)

ART 234 PHOTOGRAPHY I (3) A comprehensive investigation into the technique and aesthetic of still photography. Students must have a camera with adjustable diaphragm and shutter. Prerequisites: ART 103, ART 104 or written consent of instructor. (UG)

ART 240 SCULPTURE: MODELING STUDIO I—THE HUMAN FIGURE (3) An introduction to the use of the human figure in sculpture with modeling from the nude. Prerequisites: ART 103, ART 104. (UG)

ART 241 SCULPTURE: CONTEMPORARY MEDIA AND CONCEPTS I (3) Lecture and directed studio problems in the aesthetic and technical considerations of current sculptural directions will include a wide selection of sculptural materials, tools, and processes. Prerequisites: ART 103, ART 104. (UG)

ART 242 SCULPTURE: CARVING STUDIO I (3) Technical and aesthetic problems involved in carving stone, wood and other carvable media; studio problems; museum visits. Prerequisite: ART 104. (UG)

Upper Division

- ART 301 STAINED GLASS (3)** Directed studio problems in stained glass: cutting, foiling, soldering, brass frame and patina. Prerequisites: ART 102 or ART 103 or consent of instructor. (UG)
- ART 305 ARCHITECTURAL CONCEPTS (3)** A social-historical examination of the architectural organization of space and materials for human needs. Slides, lectures, discussion, field trips and individual research projects. Prerequisites: one course in art history or consent of instructor. (UG)
- ART 309 CERAMICS: THE POTTER'S WHEEL (3)** Studio experience in ceramics utilizing the potter's wheel. Assigned problems in wheel throwing with emphasis on utilitarian art forms. Lectures, discussion, and demonstrations. Prerequisite: ART 231. (UG)
- ART 310 CERAMIC SCULPTURE (3)** Studio experience utilizing a variety of ceramic techniques related to non-utilitarian directions. Assigned problems with emphasis on handbuilding. Lectures, discussion, and demonstrations. Prerequisite: ART 231. (UG)
- ART 311 WOOD I (3)** Lecture and directed studio problems in designing, cutting, shaping, turning, joining, laminating and finishing hard and soft woods. Both hand and machine tools will be used. Students may elect a sculpture or a crafts option. Prerequisites: ART 104 or consent of instructor. (UG)
- ART 313 ENAMELING I (3)** Directed studio problems in applying and firing vitrious enamels on metal. Basic techniques of stencil and inlay work are emphasized. Cloisonne, plique-a-jour, champleve will be introduced. Prerequisites: ART 103, ART 104. (UG)
- ART 318 JEWELRY (3)** Investigation into aesthetics, history, function and design of jewelry. Lecture and directed studio problems in forming, joining, and finishing of metallic and non-metallic materials. Prerequisites: ART 103 and ART 104 or consent of instructor. (UG)
- ART 319 [519] METALSMITHING (3)** Lecture, demonstration, and directed studio problems in raising, forging, joining, and finishing various metals with emphasis on design and creation of hollowware and flatware. The historic and aesthetic aspects of the media are considered. Prerequisite: ART 318. (UG & G)
- ART 320 FIBER CONSTRUCTION (3)** Instruction in techniques of non-loom fiber construction, such as macrame, twining, coiling, crochet, knitting, plaiting, and basketry. Design problems include both functional and non-functional forms. Aesthetic and historical considerations included. Prerequisites: ART 103 or ART 104. (UG)
- ART 322 AMERICAN ART (3)** Studies of U.S. Architecture and crafts from the colonial period to the present. Slide lectures and museum visits including the Dupont Museum, Winterthur. Prerequisites: ART 018 (Minimester), or ART 222 or consent of instructor. (UG)
- ART 325 [521] DESIGN FOR VISUAL COMMUNICATION II (3)** Continued studio in drawing, painting and typography. Advanced assignments in preparing brochures—booklets—for commercial printing. Prerequisites: ART 225 or consent of instructor. (UG & G)
- ART 326 FABRIC DESIGN: DYEING (3)** Design problems executed in dye on fabric using the resist techniques of batik and tie-dye, in addition to stencilwork and handpainting. Prerequisites: ART 103 and ART 111. (UG)
- ART 327 FABRIC DESIGN: PRINTING (3)** Technical instruction in block and screen printing on fabric. Design problems include all-over repeat patterns. Prerequisites: ART 103. (UG)
- ART 328 WEAVING I (3)** Instruction in the basics of hand-weaving on the loom. Students will experiment with a variety of samplers then plan and execute a final project. Aesthetic and historical aspects of the media are considered. Prerequisites: ART 103, ART 104 or consent of instructor. (UG)
- ART 329 OIL PAINTING AND RELATED MEDIA II (3)** Continued studio experiences in painting. Prerequisite: ART 229 or consent of instructor. (UG)
- ART 330 WATERCOLOR AND RELATED MEDIA II (3)** Continued studio experiences in painting. Prerequisite: ART 230 or consent of instructor. (UG)
- ART 334 [534] PHOTOGRAPHY II (3)** Continued research with the photographic aesthetic. Emphasis on independent investigation. Student must have camera with adjustable diaphragm and shutter. Prerequisite: ART 234 or written consent of the instructor based on demonstration of technical competence. (UG & G)
- ART 335 [535] COLOR PHOTOGRAPHY I (3)** An investigation into the use of color and form in still photography through the use of positive and negative transparencies. Prerequisites: ART 234 and ART 334 or equivalent. (UG & G)
- ART 338 BLACKSMITHING (3)** Studio problems in the use of tools and techniques of forming ferrous metals to produce works of art. Prerequisites: ART 318 or consent of instructor. (UG)
- ART 339 METAL SCULPTURE I (3)** Lecture and directed studio problems in forging, fabricating, welding, soldering and finishing ferrous and non-ferrous metals. Lecture and directed studio problems in bronze and aluminum lost wax casting, including mold making, investing, pouring and finishing. Prerequisites: ART 240 or ART 241. (UG)
- ART 340 SCULPTURE: MODELING STUDIO II (3)** Continued studio experiences in modeling the human figure with emphasis on larger figures. A casting experience and written proposal to be included. Prerequisite: ART 240. (UG)
- ART 341 SCULPTURE: CONTEMPORARY MEDIA AND CONCEPTS II (3)** Continued lecture and directed studio problems in contemporary sculpture. Prerequisites: ART 241 or consent of instructor. (UG)
- ART 342 SCULPTURE: CARVING STUDIO II (3)** Continued studio experience in carving; individually selected studio problems in area of special interest. Prerequisite: ART 242. (UG)
- ART 347 SCREEN PROCESS I (3)** Personal expression in traditional and experimental techniques of screen printing: Serigraphy in color, tusche, stencil, glue. Prerequisites: ART 103, ART 111 or consent of instructor. (UG)
- ART 349 RELIEF PROCESS I (3)** Personal expression in printmaking: Woodcut, wood engraving, linocut, subtractive color printing and other relief processes. Prerequisites: ART 103, ART 111 or consent of instructor. (UG)
- ART 350 INTAGLIO PROCESS I (3)** Personal expression in printmaking: Etching, drypoint, aquatint, engraving, and other intaglio processes. Prerequisites: ART 103, ART 111 or consent of instructor. (UG)
- ART 351 WRITING ABOUT ART (3)** Expository writing about the visual arts, including critiques, articles, press release, and other formats. Emphasis on effective writing with aesthetic insight. Prerequisites: ENGL 102 or 190; ART 221 or 222 or consent of instructor. (UG)
- ART 353 LITHOGRAPHIC PROCESS I (3)** Personal expression through printing from Litho stones and plates. Prerequisites: ART 103, ART 111 or consent of instructor. (UG)
- ART 371 PRODUCTION TECHNIQUES FOR THE GRAPHIC DESIGNER (3)** Experiences with the tools and methods involved in preparing camera ready art elements for print media and advertising. Prerequisites: ART 225 and one 300 level graphics (printing) course. (UG)
- ART 373 ILLUSTRATION (3)** The application of creative drawing skills in a wide range of media (including pen and ink, watercolor and tempera) to various professional illustration assignments. Editorial, advertising, book, magazine, poster and institutional illustration assignments are covered from concept through presentation. Emphasis is placed on creative interpretation and use of media towards developing a professional portfolio of work. Prerequisite: ART 211. (UG)
- ART 391 RESEARCH IN ART HISTORY (3)** Bibliographic research procedures in Art History. The preparation of publications, including term papers, thesis, reviews and criticism. Study of the provenance and condition of works of art. History of scholars and writing in the field. Prerequisites: ART 221 and ART 222. (UG)
- ART 400 [500] CERAMIC RAW MATERIALS (3)** Lecture and laboratory investigation of ceramic materials as they apply to glazes, clay slips and clay bodies. Tests and problems in ceramic raw materials. Prerequisite: ART 309 or equivalent. (UG & G)

- ART 402 LIFE DRAWING AND ANATOMY I (3)** The study of anatomical structure of the human figure for art students. Drawing from the nude and draped model. Prerequisite: ART 211. (UG)
- ART 405 [505] ART PRINCIPLES AND CRITICISM (3)** Principal concepts of art; theories of perception of aesthetics; application of theories to the interpretation of specific works of art. Prerequisites: ART 105 or ART 221 or ART 222. (UG & G)
- ART 408 [508] ADVANCED CERAMICS (3)** Individually designed studio problems for advanced students in ceramics. Prerequisite: ART 309 or ART 310 or consent of instructor. (UG & G)
- ART 411 WOOD II (3)** Continued lecture and directed studio problems in wood. Prerequisite: ART 311 or consent of instructor. (UG)
- ART 412 LIFE DRAWING AND ANATOMY II (3)** Continued study of anatomical structure of the human figure for Art Students. Emphasis on musculature. Drawing from the nude and draped model. Prerequisite: ART 313. (UG)
- ART 413 [513] ENAMELING II (3)** Continued studio experience in enameling. Emphasis on advanced techniques of cloisonne, plique-a-jour, independent work, and personal experience are encouraged. Taught concurrently with ART 313. Prerequisite: ART 373. (UG & G)
- ART 414 [514] ADVANCED STUDIO (2-3)** Independent work for advanced students in field of special interest. Prerequisites: Must have exhausted other courses in particular field or written consent of instructor. Student must make arrangements in advance of registration with instructor of choice. (UG & G)
- ART 415 [515] ADVANCED STUDIO (2-3)** Independent work for advanced students in field of special interest. Prerequisites: Must have exhausted other courses in particular field or written consent of instructor. Student must make arrangements in advance of registration with instructor of choice. (UG & G)
- ART 416 [516] ADVANCED STUDIO (2-3)** Independent work for advanced students in field of special interest. Prerequisites: Must have exhausted other courses in particular field or written consent of instructor. Student must make arrangements in advance of registration with instructor of choice. (UG & G)
- ART 418 [518] JEWELRY II (3)** Continued studio experiences in jewelry. Directed studio problems in the techniques of casting, fabrication, raising, forging, stone setting, with an emphasis on independent work and personal experience. Prerequisite: ART 318. (UG & G)
- ART 423 [523] PICASSO TO THE PRESENT (3)** Art history with emphasis on painting from 1900 to the present. Slide lectures, directed readings and museum trips. Prerequisites: ART 221 and ART 222. (UG & G)
- ART 424 [524] HENRY MOORE TO THE PRESENT (3)** Art history with emphasis on sculpture from 1900 to the present including new media and happenings. Directed readings and museum trips. Prerequisites: ART 221 and ART 222. (UG & G)
- ART 425 [525] FRANK LLOYD WRIGHT TO THE PRESENT (3)** Art history with emphasis on architecture from 1900 to the present including time-space concepts. Prerequisites: ART 221 and ART 222. (UG & G)
- ART 426 FABRIC DESIGN: DYEING II (3)** Directed and independent studio problems in fabric design: batik, tie-dye, stencilwork, and handpainting.
- ART 427 FABRIC DESIGN: PRINTING II (3)** Continued problems in fabric design with screen printing and block printing on fabric.
- ART 428 [528] WEAVING II (3)** Continued studio experience in weaving. Further investigation into a variety of weaves on various warp threadings with experimentation into color, fiber, and woven forms. Prerequisite: ART 328. (UG & G)
- ART 429 [529] ADVANCED PAINTING: OILS (3)** Individually selected studio problems in oils and related media for advanced students in area of special interest. Prerequisite: ART 329. (UG & G)
- ART 430 [530] ADVANCED PAINTING: WATERCOLOR (3)** Individually selected studio problems in watercolor and related media for advanced students in area of special interest. Prerequisite: ART 330. (UG & G)
- ART 439 [539] METAL SCULPTURE II (3)** Continued lecture and directed studio problems in direct or cast metal sculpture. Prerequisite: ART 339. (UG & G)
- ART 440 [540] SCULPTURE: MODELING STUDIO III (3)** Continued studio experience in modeling with the opportunity for advanced students to develop interests in specialized areas. Prerequisite: ART 340. (UG & G)
- ART 442 [542] SCULPTURE: CARVING STUDIO III (3)** Continued studio experience in carving; individually selected studio problems in area of special interest. Prerequisite: ART 342. (UG & G)
- ART 444 [544] BYZANTINE TO GOTHIC ART (3)** Studies in architecture, the decorative arts and sculpture, slide lectures, readings and museum visits. Prerequisite: ART 221. (UG & G)
- ART 445 [545] ITALIAN RENAISSANCE ART: 15th-16th CENTURIES (3)** Studies in architecture, painting and sculpture, slide lectures, readings and museum visits. Prerequisite: ART 222 (UG & G)
- ART 447 [547] SCREEN PROCESS II (3)** Personal expression in screen printing. Continued expression including photo techniques and advanced color printing. Prerequisite: ART 347 or consent of instructor. (UG & G)
- ART 449 [549] RELIEF PROCESS II (3)** Personal expression in relief printing; photo techniques and advance color printing. Prerequisite: ART 349 or consent of instructor. (UG & G)
- ART 450 [550] INTAGLIO PROCESS II (3)** Personal expression in printmaking. Etching aquatint; photo engraving, etc. Prerequisite: ART 449 or consent of instructor. (UG & G)
- ART 453 [553] LITHOGRAPHIC PROCESS II (3)** Personal expression; advanced printing including stone-plate and photo plate. Multiple color printing. Prerequisite: 1001.451 or consent of instructor. (UG & G)
- ART 461 [561] ART THERAPY: SURVEY (3)** A survey of the concepts and procedures of creative expression in the service of personal understanding and development. Consideration of educational, rehabilitative and psychiatric settings. Lectures, discussions, workshops, and readings. Prerequisite: At least junior standing as a major in Art, Psychology, Health, Mental Health or associated fields. Approved work experience in one of the above fields may be substituted. (Offered evening only) (UG & G)
- ART 462 [562] ART THERAPY: OBSERVATION FIELD EXPERIENCE (4.0 credits undergraduate; 3.0 credits graduate)** Continuation of Art Therapy I, the work of the therapist. Case studies, observations and participation in a variety of settings. Discussion, field work and readings. Prerequisite: ART 461 or consent of instructor. (Offered spring semester evening only) (UG & G)
- ART 471 [571] ART AND ARCHITECTURE OF ANCIENT GREECE (3)** The period will extend from the Geometric and Archaic Periods until the close of the Hellenistic Period, with studies in architecture, city planning, the decorative arts and sculpture, slide lectures. Prerequisite: ART 221. (UG & G)
- ART 472 ART AND ARCHITECTURE OF THE ROMAN EMPIRE (3)** The period will extend from the Republican Era through the reign of Constantine the Great, A.D. 337, with studies in architecture, city planning, the decorative arts and sculpture, with slide lectures and museum visits. Prerequisite: ART 221. (UG)
- ART 473 [573] ILLUSTRATION II (3)** Continued studio experience in illustration. Developing personal approaches in various media. Emphasis on practicing professional assignments and portfolio preparation. Prerequisite: ART 373 or equivalent. (UG & G)
- ART 479 [579] BAROQUE ART AND ARCHITECTURE (3)** Studies in the formation of the Baroque style in Italy, and its dissemination in European architecture, painting and sculpture, with slide lectures, selected readings and museum visits. Prerequisite: ART 222. (UG & G)
- ART 480 [580] EIGHTEENTH CENTURY ART AND ARCHITECTURE (3)** The Rococo, Neo-Classical and Revival styles of the period will be studied and their diffusion in European architecture, painting and sculpture, with slide lectures, selected readings and museum visits. Prerequisite: ART 222. (UG & G)

ART 485 [585] SEMINAR IN ART HISTORY (3) Intensive analysis of a defined historical period or stylistic development in art. Directed reading in both period and contemporary sources. Discussions and museum tours. Variety in content each year, may be re-elected. Prerequisites: ART 221 and ART 222 or consent of instructor. (UG & G)

ART 494 [594] TRAVEL AND STUDY ABROAD (3-6) Countries and topics to be selected by the department and instructors sponsoring the program. For information, contact the Art Department early in the semester preceding the semester of travel study. Prerequisite: Consent of instructor and interview. (UG & G)

ART 499 SENIOR HONORS THESIS (4) Honors in Art History or Art Education—Writing of a standard thesis based on individual research under the direction of a thesis advisor. Honors in Studio Area—An exhibition of work resulting from Honors Studio courses: a supporting paper defining philosophy and purpose written under the direction of a thesis advisor. Prerequisite: Admittance to Art Department Honors Program. (UG)

Graduate Division

See TSU *Graduate School Catalog* for course descriptions.

ART 608 CERAMICS (3)

ART 611 GRADUATE DRAWING I (3)

ART 614-615-616 GRADUATE STUDIO (2-3)

ART 899 THESIS CONTINUUM (1)

ART EDUCATION (ARED)

Upper Division

ARED 371 ART AND THE CHILD (2-3) Major considerations of art education appropriate to the work of the elementary teacher; experiences with art materials. (UG)

ARED 373 ART FOR EARLY CHILDHOOD EDUCATION (2) Participation will include lectures, demonstrations, and workshops based on special needs as students experience art in nursery schools, day care centers, kindergartens and the primary grades. Prerequisite: Concurrent registration for Block I, ECED 341. (UG)

ARED 375 MATERIALS AND TECHNIQUES FOR TEACHERS OF ART (3) Art media and the materials and processes of the crafts are structured for varied learning levels. Visits to schools and other art teaching situations as observers and aides are an integral part of the course. Prerequisite: A major in Art Education or consent of the instructor. (Must precede student teaching) (Offered spring semester) (UG)

ARED 455 PRO-SEMINAR IN THE TEACHING OF ART (3) A professional seminar in Art Education majors. Discussion of problems in the current teaching experience. Prerequisite: Permission of Department Chair. Concurrent with student teaching. (Offered spring semester) (UG)

ARED 471 [571] ADVANCED ART EDUCATION (3) Art education problems at all levels; materials and skills in relation to classroom needs. Prerequisite: ARED 371 or equivalent. (UG & G)

ARED 475 TEACHING ART IN THE ELEMENTARY SCHOOL (3) Concurrent course with 479, Art in the Secondary School. For course description see 479. Open only to Art Education Major. Prerequisites: All major art requirements plus ART 225, ART 234, ARED 375, PSYC 201 and SCED 319. (Offered fall semester) (UG)

ARED 477 FIELD EXPERIENCE IN ART EDUCATION (2) Initial field experiences in art teaching and observation under supervision. Prerequisite: Must be taken with ARED 475, 479. (Offered fall semester) (UG)

ARED 479 TEACHING ART IN THE SECONDARY SCHOOL (3) Theoretic basis of art education, the function of the art specialist, and instructional materials and skills. Concurrent course with 475. Prerequisites: All major art requirements plus ART 225, ART 234, ARED 375, PSYC 201, and SCED 319. (Offered fall semester) (UG)

Graduate Division

See TSU *Graduate School Catalog* for course descriptions.

ARED 695 RESEARCH IN ART AND ART EDUCATION (3)

ARED 797 SEMINAR IN ART EDUCATION (3)

BIOLOGY (BIOL)

NOTE: Either BIOL 110 (Contemporary General Biology), BIOL 112 (Honors Contemporary General Biology), or BIOL 201 (Biology I) is required as prerequisite for all other biology courses except BIOL 100, BIOL 103, BIOL 171-172 and BIOL 173.

Lower Division

BIOL 100 HUMANISTIC BOTANY (3) Selected botanical topics of interest to the non-science major. Topics will include poisonous plants, medicinal plants, plant hallucinogens, tree-ring dating, botanical genetics, bonsai and commercial uses of major plant groups. No credit will be given to those who have completed BIOL 205. (UG)

BIOL 103 HUMAN BIOLOGY (3) Basic principles of human body processes in normal and certain abnormal conditions for non-science majors. The emphasis will be on physiology with sufficient anatomy for its understanding. No credit will be given to those who have completed BIOL 171, BIOL 172, BIOL 213, BIOL 214 or BIOL 311.

BIOL 110 CONTEMPORARY GENERAL BIOLOGY (4) Biological principles common to plants and animals. Topics include cell structure and process (both physical and biochemical), mitosis, gametogenesis, aspects of embryology, genetics, evolution and ecology. Average of

two laboratory hours per week. No credit for those who have completed BIOL 201. Not open to those who have completed BIOL 101. (UG)

BIOL 112 HONORS CONTEMPORARY GENERAL BIOLOGY (4) Biological principles common to plants and animals. Topics include cell structure and process (both physical and biochemical), mitosis, gametogenesis, aspects of embryology, genetics, evolution, and ecology. Average of two laboratory hours per week. Not open to those who have completed BIOL 201. Special Permit by Honors College Committee Only. This course will be equated with BIOL 110 for use as a prerequisite or in entering the major. (UG)

BIOL 171 FUNCTIONAL HUMAN ANATOMY I (4) Introduction, histology, musculoskeletal and nervous systems. A basic anatomical and physiological approach emphasizing normal function with a discussion of clinical abnormalities. Designed to be taken concurrently with clinical hospital experience. Average of two laboratory hours per week. To receive credit, *BIOL 172* must be completed. Open to affiliated nursing school students only. Not for biology major credit. Prerequisite: Acceptance to affiliated nursing program. (UG)

BIOL 172 FUNCTIONAL HUMAN ANATOMY II (4) Endocrine, cardiovascular, respiratory, digestive, urinary and reproductive systems. A basic anatomical and physiological approach emphasizing normal function with a discussion of clinical abnormalities. Designed to be taken concurrently with clinical hospital experience. Average of two laboratory hours per week. Open to affiliated nursing school students only. Not for biology major credit. Prerequisite: BIOL 171. (UG)

BIOL 173 PRINCIPLES OF MICROBIOLOGY (4) General principles of microbiology. Relationship of microorganisms to humans. Basic laboratory techniques. Equal time is devoted to lecture and laboratory. This course is intended for affiliated nursing school students only. Not for Biology Major credit. (UG)

BIOL 201 BIOLOGY I: CELLULAR BIOLOGY AND GENETICS (4) An introduction to biology including biologically important molecules, cell and tissue structure, respiration, photosynthesis, mitosis, meiosis and genetics. Average of three laboratory hours per week. Prerequisite: CHEM 101 (may be taken concurrently) or one year high school chemistry. Credit not granted for both BIOL 201 and BIOL 110. (UG)

BIOL 202 BIOLOGY II: ORGANISMIC AND POPULATION BIOLOGY (4) Mechanisms which perpetuate life and the interactions and relationships of animals, plants and their environment. Emphasis is placed on the fundamental principles of homeostasis and integration, animal behavior, population and population genetics, communities, evolution, and ecosystems. Average of three laboratory hours per week. Prerequisites: BIOL 201 or BIOL 110 with a grade of B or better. (UG)

BIOL 205 GENERAL BOTANY (4) Plant structure, development, reproduction and diversity of life forms by interrelating hormones, physiological processes and environmental relationships with respect to the whole plant. Emphasis on flowering plants. Average of three laboratory or discussion hours per week. Prerequisites: BIOL 201 or BIOL 110. Not open to those who have completed BIOL 105. (UG)

BIOL 207 GENERAL ZOOLOGY (4) Major animal phyla. A comparative approach to the structure, function, development and ecology of the Animal Kingdom. Average of three laboratory hours per week. Prerequisites: BIOL 202 or BIOL 110. (UG)

BIOL 213 HUMAN ANATOMY AND PHYSIOLOGY I (4) Cell biology, histology, skeletal, muscular, and nervous systems. Average of three laboratory hours per week. To receive credit, BIOL 214 must also be completed. Students who have completed BIOL 109 or 174 may not take this course without departmental approval. Prerequisites: BIOL 201 or BIOL 110. (UG)

BIOL 214 HUMAN ANATOMY AND PHYSIOLOGY II (4) Cardiovascular, respiratory, digestive, excretory, endocrine and reproductive systems. Average of three laboratory hours per week. Students who have completed BIOL 109 or 174 may not take this course without departmental approval. Prerequisite: BIOL 213. (UG)

BIOL 295 COURSE RESEARCH (1) Research related to a specific biology course successfully completed by the student. By invitation or with the consent of the instructor. Not for biology major credit. Prerequisite: BIOL 110. (UG)

Upper Division

BIOL 301 FIELD NATURAL SCIENCE (4) Physical and biological components of various environments and their interrelationships with each other and man. Emphasis on field observation. Average of three laboratory hours per week. Not for credit toward biology major, minor, or M.S. degree in Biology. Prerequisites: BIOL 110 or BIOL 201. (UG)

BIOL 303 [506] LIFE SCIENCES FOR THE ELEMENTARY TEACHER (3) Living organisms in the environment, emphasizing modes of scientific inquiry and the utilization of living organisms in the classroom. Prerequisite: BIOL 110. Not for credit toward biology major, minor or M.S. degree in Biology. (UG & G)

BIOL 305 [505] ELECTRON MICROSCOPY (4) Theory, preparation, and application of the electron microscope, including light microscopy. Average of three laboratory hours per week. Prerequisites: 12 hours of biology, PHYS 211, PHYS 212 recommended, and consent of instructor. (UG & G)

BIOL 307 [507] INTRODUCTION TO PALEONTOLOGY (4) Examination of major forms of life with the emphasis on appearances, diversification, and extinctions during the different geologic periods. Prerequisite: Minimum 10 credits in Biology. (UG & G)

BIOL 310 [510] ENVIRONMENTAL CONSERVATION (4) Conservation practices and problems. Soil, water, forest, and wildlife resources with emphasis on interrelationships. Specialists in various phases of local, state, and federal conservation work conduct or assist in numerous field trips. Average of three laboratory hours per week. Prerequisites: BIOL 110 or 201 and 10 hours of Biology or a combination of 10 hours from biology, geography and physical sciences. (UG & G)

BIOL 311 FUNCTIONAL ANATOMY OF HUMANS (4) Organ systems of the human with emphasis on physiological processes including integration of these processes from the cellular to organismal level. Average of three laboratory hours per week. No credit for those who have completed BIOL 109, BIOL 174 or BIOL 213-214. Prerequisites: BIOL 207, CHEM 102. (UG)

BIOL 315 [515] MEDICAL MICROBIOLOGY (4) Pathogenesis of bacterial, viral, rickettsial and fungal diseases with emphasis on medically important bacteria and microbiological techniques. Recommended for students pursuing a career in medical sciences. Prerequisites: BIOL 110 or BIOL 201; CHEM 102 or CHEM 106 (may be taken concurrently). Either this course or BIOL 318 but not both may count toward Biology Major or M.S. degree in Biology. (UG & G)

BIOL 317 [517] MICROTECHNIQUE (4) Techniques used in preparation of plant and animal tissues for histological examination. Average of three laboratory hours per week. Prerequisites: BIOL 110 or BIOL 201. (CHEM 102 may be taken concurrently.) (UG & G)

BIOL 318 [518] MICROBIOLOGY (4) Biology of microorganisms with emphasis on bacteria. Microbial morphology, physiology and genetics and the role of microorganisms in natural processes and disease. Laboratory includes methods of observing, isolating and identifying bacteria. Average of three laboratory hours per week. Either this course or BIOL 315 but not both may count toward Biology Major or M.S. degree in Biology. Prerequisites: CHEM 330 or CHEM 331 (may be taken concurrently). (UG & G)

BIOL 331 [531] PLANT MORPHOLOGY (4) A survey of the plant kingdom with emphases on evolutionary relationships, morphology, and life histories as affected by environmental conditions. A Saturday field trip may be required. Average of three laboratory hours per week. Prerequisite: BIOL 205. (UG & G)

BIOL 335 ECONOMIC BOTANY (3) Plants and plant products which provide man with various luxuries and necessities. Emphasis will be on higher plants commercially important in North America. Prerequisite: BIOL 205. (UG)

BIOL 341 [543] FRESHWATER ALGAE (4) Systematics, structure, ecology, physiology, and life histories of fresh water algae. Laboratory will include methods of collection, culture, and experimental study of selected species. Prerequisites: BIOL 205, BIOL 331 recommended. (UG & G)

BIOL 345 [545] MYCOLOGY (4) Morphology, classification, life histories, and economic applications of the fungi. Average of three laboratory hours per week. Prerequisite: BIOL 205. (UG & G)

- BIOL 347 MARINE BIOLOGY (3)** Major features of the marine environment emphasizing biological aspects and specific adaptations of marine organisms. Prerequisites: BIOL 205, BIOL 207. (UG)
- BIOL 349 [549] MARINE BOTANY (4)** The ecology, physiology and identification of marine plants emphasizing the Chesapeake Bay and coastal areas of Maryland. Prerequisites: BIOL 347, BIOL 331 strongly recommended. (UG & G)
- BIOL 351 [551] FIELD AND SYSTEMATIC VERTEBRATE ZOOLOGY (4)** Evolution, distribution, and definitive features of each class are studied comparatively. Extensive field and laboratory work deals with morphological, taxonomic, ecological, and behavioral features of selected vertebrate groups and species. Average of three laboratory hours per week. Prerequisite: BIOL 207. (UG & G)
- BIOL 353 [553] INVERTEBRATE ZOOLOGY (4)** Aquatic and terrestrial species of phyla from the Protozoa through the Echinodermata with special emphasis on local forms. Economic, ecological, and taxonomic considerations. Average of three laboratory hours per week. Prerequisite: BIOL 207. (UG & G)
- BIOL 355 ANIMAL PARASITOLOGY (4)** Major groups of animal parasites and their vectors. Emphasis will be placed on the more important human parasites. Prerequisites: BIOL 214 or BIOL 311. (UG)
- BIOL 360 [560] HISTOLOGY (4)** Tissues of the vertebrate body. Prerequisites: BIOL 311 or BIOL 214. (UG & G)
- BIOL 367 [568] ENDOCRINOLOGY (3)** Endocrine mechanisms regulating homeostasis and functional integrity of animals with emphasis on vertebrates. Prerequisites: BIOL 214 or BIOL 311, CHEM 102. (UG & G)
- BIOL 371 [571] ANIMAL BEHAVIOR (4)** Ethological approach to the comparative study of animal behavior. Major emphases are on the adaptive function of behavior and classification of behavioral mechanisms. Average of three laboratory hours per week. Prerequisite: BIOL 207. (UG & G)
- BIOL 381 BIOLOGICAL LITERATURE (3)** Familiarization with the literature of biology through the preparation of papers requiring a knowledge of techniques for exploring the literature. Three one-hour lectures per week. Not for major or minor credit or M.S. degree in Biology. Fulfills the advanced writing requirements. Prerequisites: ENGL 102 or 190 (104), at least ten hours of Biology. (UG)
- BIOL 383 HISTORY OF BIOLOGICAL CONCEPTS (3)** Historical development of biological concepts from the Renaissance to the present through selected readings. Special emphasis will be placed on the Enlightened Period as signalling the start of a Biological "Scientific Revolution." Not for major credit or M.S. degree in Biology. Prerequisites: BIOL 110 or BIOL 201. (UG)
- BIOL 387 BIOLOGY IN SOCIETY (3)** Biological aspects of the environment; its concepts and problems and their effects upon the population. Not for credit toward the biology major, minor or M.S. degree in biology. Prerequisites: BIOL 110 or BIOL 201. (UG)
- BIOL 389 CURRENT DEVELOPMENTS IN BIOLOGY (3)** Current directions of research in a major area of the biological sciences. Sufficient background will be given for the appreciation of the significance of these developments. May not be repeated for major credits. Prerequisites: BIOL 205, 207, and consent of instructor. (UG)
- BIOL 401 [501] GENETICS (4)** Introduction to genetics including Mendelian genetics, linkage and mapping, nucleic acid structure, replication and function, protein synthesis and the genetic code, mutation, gene regulation in bacteria and viruses, and population genetics. Laboratory includes work with *Drosophila*, fungi, bacteria and viruses. Average of three laboratory hours per week. Prerequisites: BIOL 110 or BIOL 201, CHEM 330 or CHEM 331 (may be taken concurrently). (UG & G)
- BIOL 402 [502] GENERAL ECOLOGY (4)** Interrelationship between animals, plants and their natural environments, emphasizing the specific biomes available for study in Maryland. Individual projects will be required. Average of three laboratory hours per week. Prerequisites: BIOL 110 or 201, and either BIOL 202 or 205 or 207. (UG & G)
- BIOL 403 [503] ADVANCED GENETICS (3)** Emphasis on the molecular basis of gene action. Discussion of current work and methods related to the problem of gene structure, function, and mutation including the translation and regulation of genetic information. Prerequisite: BIOL 401 or its equivalent. (UG & G)
- BIOL 404 [504] ECOLOGICAL TECHNIQUES (3)** Lectures and readings on investigative techniques employed by ecologists in the various specialty fields. An individual investigation, laboratory or field, using appropriate equipment, is required. Prerequisite: BIOL 402 or its equivalent. (UG & G)
- BIOL 406 [506] LIMNOLOGY (4)** Physical, chemical, and biological factors that affect fresh-water organisms, and some of the standard methods used to analyze these factors. Average of two laboratory hours per week. Prerequisites: BIOL 205, BIOL 207, BIOL 402 is recommended, CHEM 102, PHYS 212. (UG & G)
- BIOL 408 [508] CELL BIOLOGY (4)** The molecular and morphological organization of the cell in relationship to cellular activities with emphasis on eukaryotic cells. Average of three laboratory or discussion hours per week. Prerequisites: BIOL 207, BIOL 214 or BIOL 311; CHEM 330 or CHEM 331. (UG & G)
- BIOL 411 [511] WILDLIFE BIOLOGY (4)** Important wildlife species with emphasis on aspects of research and management. Specific techniques and problems are studied in the field. Average of three hours per week in laboratory and field work. Prerequisite: BIOL 207. (UG & G)
- BIOL 413 [513] EVOLUTION (3)** Concepts of biological evolution, the history of the development of these concepts, and current topics in evolutionary biology. Prerequisites: BIOL 202 and either BIOL 205 or 207. (UG & G)
- BIOL 421 [521] IMMUNOLOGY (3)** Fundamental principles of immunology with emphasis on the nature of antibodies and antigens, blood groups, antibody-antigen reactions, hypersensitivity, autoimmunization, tumor immunology, artificial grafting and the preparation of vaccines. Prerequisites: BIOL 315 or 318. (UG & G)
- BIOL 425 [525] DISSECTION OF THE UPPER EXTREMITY (2)** Gross anatomical dissection of the human upper extremity including the muscles, nerves and blood vessels which supply the appendage. Special emphasis will be placed on development of techniques which assure careful and accurate dissection. Will be offered only in the minimster. Prerequisites: BIOL 213 or BIOL 311 and consent of instructor. (UG & G)
- BIOL 427 NEUROMUSCULAR MECHANISMS OF THE UPPER BODY (2)** Gross anatomy of the human upper extremity and cranial nerves. Upper extremity emphasis includes muscle action, innervation, and major spinal cord pathways. Olfactory, optic, auditory, and vestibular functions of cranial nerves are stressed. One lecture and two laboratory periods per week. Prerequisites: BIOL 110; BIOL 311 or BIOL 213. (UG)
- BIOL 429 [529] BIOANALYSIS (4)** Microscopic and biochemical methods used in determining major components and important contaminants of feeds, spices, stabilizers, adhesives, bakery materials, fats and oils, meat products, crystal mixtures, dairy products, etc. An average of two hours per week in laboratory and field work. Prerequisites: BIOL 110 or 201, CHEM 102 (may be taken concurrently). (UG & G)
- BIOL 431 [530] HORTICULTURE (4)** Plant culture and application to developing desirable plantings on home grounds or in public places with examples of appropriate types of plants for specific situations. Average of three laboratory hours per week. Prerequisite: BIOL 205. (UG & G)
- BIOL 432 [532] VASCULAR PLANT TAXONOMY (4)** A study of the history and principles of vascular plant systematics with laboratory time devoted to collection and identification of plants in the local flora. An average of three laboratory hours per week. Prerequisites: BIOL 205, BIOL 331 or consent of instructor. (UG & G)
- BIOL 433 [533] PLANT SPECIATION (3)** Race isolation, hybridity, polyploidy, apomixis, and self-compatibility as they influence the evolution of new populations. Prerequisite: BIOL 205. (UG & G)
- BIOL 435 [535] PLANT ECOLOGY (4)** Environmental factors and processes which control plant distribution, plant communities, and vegetational biomes of North America. An average of 3 laboratory hours per week with 2 required 3-day weekend field trips and a Satur-

day field trip emphasizing examples from Maryland and the Mid-Atlantic States. Prerequisites: BIOL 202 and 205. (UG & G)

BIOL 436 [536] PLANT PHYSIOLOGY (4) Life functions of plants as related to structure at all levels: cells, organs, and the complete organism. Consideration of the interaction of environmental and genetic factors on plant metabolism. Average of three laboratory hours per week. Prerequisites: BIOL 205 and CHEM 102, CHEM 330 recommended. (UG & G)

BIOL 439 [539] PLANT ANATOMY (4) Origin and development of organs and tissue systems in vascular plants. Average of three laboratory hours per week. Prerequisite: BIOL 205. (UG & G)

BIOL 441 [541] PLANT PATHOLOGY (4) Plant diseases, their symptoms, causal agents, etiology, epidemiology, prevention, and control. Average of three laboratory hours per week. Prerequisite: BIOL 205. (UG & G)

BIOL 456 [556] ORNITHOLOGY (4) Systematics, distribution, physiology, behavior and ecology of birds. Emphasis is on bird identification and techniques of studying birds in the field. Several early morning field trips are required. Average of three laboratory hours per week. Prerequisite: BIOL 207. (UG & G)

BIOL 458 [558] MAMMALOLOGY (4) Evolution, comparative morphology, systematics, and distribution of mammals. Representative life histories are considered. Average of three laboratory hours per week. Prerequisite: BIOL 207. (UG & G)

BIOL 461 [561] ENTOMOLOGY (4) Laboratory and field course in insects. Identification and recognition of the more common families and orders, and a study of their structure, behavior, ecology, economic importance, and control. Average of three laboratory hours per week. Prerequisite: BIOL 207. (UG & G)

BIOL 463 [563] ANIMAL EMBRYOLOGY (4) Developmental anatomy and the underlying principles involved in development. This last area will be approached from an experimental base. Average of three laboratory hours per week. Prerequisites: BIOL 214 or BIOL 311. (UG & G)

BIOL 465 [565] MAMMALIAN PHYSIOLOGY (4) Organ systems of mammals with special emphasis on the human. Average of three laboratory hours per week. Prerequisites: BIOL 213, BIOL 214, or BIOL 311; and CHEM 102. (UG & G)

BIOL 467 [567] HERPETOLOGY (4) Systematic survey of the modern reptiles and amphibians. Emphasis is placed on the evolution of morphological and behavioral traits which have enabled the reptiles and amphibians to successfully exploit their individual habitats. Laboratory includes systematic classification, student seminars and field work. Average of three laboratory hours per week. Prerequisite: BIOL 207. (UG & G)

BIOL 469 [569] COMPARATIVE ANIMAL PHYSIOLOGY (4) Functions, interactions, and regulation of organ systems in animals and their roles in sensory perception and integration, movement, oxygen utilization, energy procurement, temperature regulation, and water metabolism. Prerequisites: BIOL 207, CHEM 102. (UG & G)

BIOL 481 [581] DIRECTED READING IN BIOLOGY (1-3) Independent reading in an area selected by the student in consultation with the instructor. Only one credit may be applied toward the Biology Major. May not be applied toward M.S. degree in Biology or the Biology minor. May be repeated for a maximum of 3 credits. Prerequisite: A minimum of ten hours in biology. (UG & G)

BIOL 486 BIOLOGY MAJORS SEMINAR (1) Specific topic examined at the molecular, cellular, organismic and ecological levels of organization. Students will be required to present an oral and written report on an aspect of the topic. Prerequisites: Ten hours in biology or consent of instructor, BIOL 202, 205, and 207. (UG)

BIOL 491 INDEPENDENT RESEARCH IN BIOLOGY (2-3) Independent investigation of a problem under the supervision of a staff member culminating in a written presentation. Prerequisite: Prior written consent of instructor who will direct research; 15 hours in biology recommended. May not be used toward Biology minor or M.S. degree in biology. May be repeated for a maximum of 5 credits. (UG)

BIOL 493 INTERNSHIP IN BIOLOGY (3) Practical application of biology in businesses, industries, public and private agencies. Not for

major or minor credit. Prerequisites: 2.75 GPA, junior or senior standing, Major in Biology and consent of Biology internship coordinator. Special permit and Co-op fee required. May be repeated once for credit. Grading on a S/U basis. (UG)

BIOL 494 [594] TRAVEL STUDY (1-3) A detailed investigation of field oriented problems in biology away from the Towson State campus. Locations and topics to be selected by the department and instructors sponsoring the program. May be repeated for a maximum of 3 credits. Prerequisite: BIOL 110 and consent of instructor. (UG & G)

BIOL 495 COURSE RESEARCH (1) Research related to a specific course successfully completed by the student. By invitation or with the consent of the instructor. Not for credit toward the biology minor or M.S. degree in Biology. Prerequisite: BIOL 110. May be repeated once for research related to a different course successfully completed by the student. (UG)

BIOL 498 HONORS RESEARCH IN BIOLOGY (2) Individual research of an extensive nature under the direction of a staff member, culminating in an honors thesis. Credit for BIOL 498 not awarded until BIOL 499 is successfully completed. Prerequisites: open only to advanced honors candidates and by consent of instructor. May not be used toward M.S. degree in Biology. (UG)

BIOL 499 SENIOR THESIS IN BIOLOGY (2) Writing of an honors thesis based on individual research done under the direction of a staff member. Prerequisites: open only to advanced honors candidates and by consent of instructor. May not be used toward M.S. degree in Biology. (UG)

Graduate Division

BIOL 898 THESIS (3 or 6)

BIOL 899 THESIS CONTINUUM (1)

CHEMISTRY (CHEM)

Lower Division

CHEM 100 CHEMISTRY FOR NON-SCIENTISTS (3) Current and future technological and scientific developments, including such topics as nuclear power, environment pollution and body chemistry. Three lecture-demonstration hours. Offered each semester. (UG)

CHEM 101 GENERAL CHEMISTRY I (4) Atomic and molecular structure; theories of bonding; stoichiometry; chemical reactions; states of matter; solutions. Laboratory work involves experiments dealing with the determination of physical properties of matter, molecular weights of compounds, stoichiometry, atomic and molecular structure and common types of reactions. Three lecture hours and one three-hour laboratory period. Prerequisite: MATH 115 or MATH 119 (either may be taken concurrently). Offered each semester. (UG)

CHEM 102 GENERAL CHEMISTRY II (4) Chemical thermodynamics, equilibrium, kinetics; solutions; acids, bases, and their aqueous equilibria; solubility product; oxidation-reduction and electrochemistry; elements of coordination and nuclear chemistry; chemistry of some important metallic and nonmetallic elements. Laboratory includes: preparation and quantitative analysis of a coordination compound; semimicro qualitative analysis of selected cations and anions. Three lecture hours and one three-hour laboratory period. Prerequisite: CHEM 101. Offered each semester. (UG)

CHEM 105 CHEMISTRY FOR ALLIED HEALTH PROFESSIONS I (4) An introduction to the concepts of general chemistry, including states of matter, atomic structure and periodic table, molecular structure, chemical reactions, intermolecular forces, solutions, buffers and pH, and radioactivity. Laboratory includes data handling and chemical and instrumental techniques. This course may not be used as a prerequisite for the chemistry major program. Three lecture hours and one three-hour laboratory. Prerequisite: MATH 115 or MATH 119 (either may be taken concurrently). Offered each semester. (UG)

CHEM 106 CHEMISTRY FOR ALLIED HEALTH PROFESSIONS II (4) An introduction to organic chemistry and biochemistry using a functional group approach; physical and chemical properties and typical reactions of organic compounds; composition and properties of lipids, carbohydrates, proteins, and nucleic acids, and the role of enzymes, vitamins and hormones. The laboratory introduces the student to simple techniques of synthesis and analysis, including chromatographic and chemical methods. Three lecture hours and one three-hour laboratory. Prerequisite: CHEM 105. Offered each semester. (UG)

CHEM 210 PRINCIPLES AND METHODS OF CHEMICAL ANALYSIS (4) A one semester course in chemical analysis for non-chemistry majors emphasizing the theory and application of common gravimetric, volumetric, chromatographic, spectrophotometric, and electrometric techniques. Two lecture hours, one recitation hour, and four laboratory hours. Prerequisite: CHEM 102. Offered each spring. (UG)

CHEM 211 QUANTITATIVE ANALYTICAL CHEMISTRY (5) Principles and methods of treatment of data pertaining to chemical analysis followed by a development of the theory and techniques associated with common gravimetric, volumetric, and spectrophotometric methods of analysis. Three lecture hours and two three-hour laboratory periods. Prerequisite: CHEM 102. Offered each fall. (UG)

CHEM 295 COURSE RESEARCH (I-3) Principles and methods of treatment of data pertaining to chemical analysis followed by a development of the theory and techniques associated with common gravimetric, volumetric, and spectrometric methods of analysis. (UG)

CHEM 296 COURSE RESEARCH (I-2) Principles and methods of treatment of data pertaining to chemical analysis followed by a development of the theory and techniques associated with common gravimetric, volumetric, and spectrometric methods of analysis. (UG)

Upper Division

CHEM 330 ESSENTIALS OF ORGANIC CHEMISTRY (5) A one semester course in organic chemistry for non-chemistry majors taught on a conceptual basis. Emphasis will be on principles, mechanisms, and modern techniques. Laboratory will include synthesis and identification of organic compounds. Three lecture hours, one recitation hour and one three-hour laboratory period. Prerequisite: CHEM 102. Offered each semester. (UG)

CHEM 331 ORGANIC CHEMISTRY I (5) Structure, stereochemistry, reactions and their mechanisms, preparation and properties of: alkanes, alkenes, alkynes, aromatic compounds, alkyl halides and alcohols. Laboratory techniques include purification, spectroscopic (IR, NMR), and chromatographic (GLPC) methods of identification, and

synthesis. Three lecture hours, one hour of laboratory lecture, and one three-hour laboratory period. Prerequisite: CHEM 102. Offered each semester. (UG)

CHEM 332 ORGANIC CHEMISTRY II (5) Structure, reactions and their mechanisms, preparation and properties of: alcohols, ethers, aldehydes, ketones, carboxylic acids and their derivatives, amines, carbohydrates, etc. Laboratory emphasizes synthetic techniques and modern qualitative organic analysis using chemical reactions and IR, UV, and NMR. Three lecture hours, one hour of laboratory lecture and one three-hour laboratory period. Prerequisite: CHEM 331. Offered each semester. (UG)

CHEM 340 PHYSICAL CHEMISTRY: PRINCIPLES AND APPLICATIONS (3) A survey of physicochemical theory, experimental methods, and applications; thermodynamics, solutions and phases, reaction kinetics, applications of quantum mechanics, and instrumental techniques, illustrating the contributions of physical chemistry to other scientific fields. Three hours lecture/discussion. Prerequisites: CHEM 102, MATH 115 or MATH 119, and PHYS 203 or PHYS 211 or PHYS 241 or equivalent. MATH 273 is strongly recommended. Offered each spring. (UG)

CHEM 341 [542] PHYSICAL CHEMISTRY—THERMODYNAMICS (3) Thermodynamics, phase relations, solution properties, chemical equilibrium and electrochemistry. Three lecture hours. Prerequisites: CHEM 102, MATH 274, and PHYS 242 or PHYS 212 or equivalent. Offered each fall. (UG & G)

CHEM 342 [543] PHYSICAL CHEMISTRY—STRUCTURE AND KINETICS (3) Introduction to quantum chemistry; atomic and molecular structure, atomic and molecular spectroscopy, introduction to statistical thermodynamics, kinetic theory, and chemical kinetics. Three lecture hours. Prerequisites: CHEM 102, MATH 274, and PHYS 222 or PHYS 242 or PHYS 212 or equivalent. Offered each spring. (UG & G)

CHEM 343 [544] PHYSICAL CHEMISTRY LABORATORY I (2) Laboratory projects in physical chemistry and discussion of experimental techniques. One lecture hour and one three-hour laboratory period. Prerequisites: CHEM 210 or CHEM 211 and CHEM 340 or CHEM 341 or CHEM 342. Offered each spring. (UG & G)

CHEM 344 [545] PHYSICAL CHEMISTRY LABORATORY II (2) Laboratory projects in physical chemistry and discussion of advanced experimental techniques. One lecture hour and one three-hour laboratory period. Prerequisites: CHEM 211 and CHEM 341 or CHEM 342. Offered each fall. (UG & G)

CHEM 350 [551] PRINCIPLES OF BIOCHEMISTRY (5) Introduction to Biochemistry. Discussion of protein structure, enzyme kinetics and enzyme catalysis. Survey of intermediary metabolism of carbohydrates. Discussion of lipid structure, lipid metabolism and membranes. The laboratory will introduce modern methods of biochemistry: electrophoresis, enzyme kinetics and enzyme isolation and purification. Three lecture hours and one four-hour laboratory period. Not recommended for Chemistry majors. Prerequisite: CHEM 330 or CHEM 332. Offered each fall. (UG & G)

CHEM 355 BIOCHEMISTRY (3) Structure and function of biopolymers: proteins, nucleic acids and carbohydrates. Mechanisms of enzyme action, including coenzyme catalyzed reactions. Biological membranes. Enzyme kinetics, and bioenergetics. Intermediary metabolism and its regulation. Three lecture hours. Prerequisites: CHEM 211, CHEM 332, either CHEM 341 or CHEM 342. Not open to students with credit for 1905.353. Offered each spring. (UG)

CHEM 356 BIOCHEMISTRY LABORATORY (2) Physical methods in biochemistry, including spectrophotometry, centrifugation and ultra-centrifugation, electrophoresis and chromatography. Isolation and purification of proteins and nucleic acids. Enzyme kinetics, and the binding of small molecules to macromolecules. One lecture hour and one three-hour laboratory period. Prerequisites: CHEM 355 (may be taken concurrently). Not open to students with credit for 1905.353. Offered each spring. (UG)

CHEM 361 [562] CHEMICAL AND BACTERIOLOGICAL STUDIES ON WATER POLLUTION (3) Deals mainly with water pollution: causes, effects, and cures. Considers details of water and waste treatment. Emphasizes technical details of analysis of water. Concerns

standards of water purity and variables involved. Demonstration of analytical methods to be given. Case studies and applications are viable approaches to this topic. Three lecture hours. Prerequisites: CHEM 102 and BIOL 110. Offered through College of Continuing Studies (evening and summer) if sufficient demand. (UG & G)

CHEM 363 [564] CHEMISTRY OF DANGEROUS DRUGS (3) A study of the chemistry, methods of detection and analysis of narcotics, depressants, stimulants and hallucinogens. Also, the influence of physiochemical properties upon the pharmacological effects of drug-receptor interactions. Historical, forensic, and socio-economic implications associated with drug abuse will also be reviewed. Three lecture hours. Prerequisites: CHEM 330 and CHEM 350 or CHEM 331-332. Also CHEM 210 or CHEM 211 recommended. Offered through College of Continuing Studies (evening and summer) if sufficient demand. (UG & G)

CHEM 365 [566] POLYMER CHEMISTRY (3) Course will cover the following aspects of polymers: structure, physical properties, methods of preparation, rheology, mechanical properties, degradation and stabilization, application and fabrication, and related contemporary topics. Carbon chain and heterochain polymers will be discussed, and spectroscopic methods of analysis (IR, UV and NMR) will be presented. Three lecture hours. Prerequisites: CHEM 101, CHEM 102, CHEM 331 and CHEM 332. Offered through College of Continuing Studies (evening and summer) if sufficient demand. (UG & G)

CHEM 367 [568] FORENSIC CHEMISTRY (3) An introduction to chemical and physical analyses used by a modern crime laboratory in the evaluation of physical evidence encountered in criminal acts. Areas of concentration will include drug analysis, toxicology, forensic serology, explosives analysis, arson examination, firearms and tool marks and trace evidence. Emphasis will be placed on the value of such examinations as presented by the expert witness in a criminal trial. Three lecture hours. Prerequisites: CHEM 101, CHEM 102, CHEM 210 or CHEM 211, CHEM 330 or CHEM 332. Offered through College of Continuing Studies (evening and summer) if sufficient demand. (UG & G)

CHEM 369 [570] ORGANOMETALLIC CHEMISTRY (3) A survey of the chemistry of compounds containing carbon-metal bonds. Synthesis, reactions and structures of compounds such as metal alkyls, carbonyls, pi-complexes, and the uses of these compounds in synthesis will be considered. Three lecture hours. Prerequisites: CHEM 331, CHEM 332; CHEM 423 recommended. Offered through College of Continuing Studies (evening and summer) if sufficient demand. (UG & G)

CHEM 371 [572] SPECTROMETRIC METHODS IN CHEMISTRY (4) This course deals with the theory and application of three of the major instruments used in chemistry today: nuclear magnetic resonance spectroscopy, infrared spectroscopy, and mass spectrometry. Emphasis will be on the practical use of the instruments in pure and applied chemical investigations involving students in the actual operation of the instruments. Two lecture hours and four laboratory hours. Prerequisites: CHEM 332 and consent of instructor. Offered through College of Continuing Studies (evening and summer) if sufficient demand. (UG & G)

CHEM 373 CHEMICAL AND LABORATORY SAFETY (1) A survey will be presented of laboratory precautions, of hazards in laboratory resulting from reactions, and of toxicities. Emphasis will be placed on prevention of problems and on where safety information can be acquired. Prerequisites: CHEM 101, CHEM 102, and either CHEM 330 or CHEM 332, and consent of instructor. (UG)

CHEM 383 [584] MODERN CHEMISTRY: PRINCIPLES AND APPLICATIONS I (3) A survey of principles and modern applications of chemistry for secondary school teachers. Lecture: bonding, acids and bases, equilibria, energy, and redox chemistry. Laboratory: the design of experiments suitable for the secondary school curriculum. Two lecture hours and two hours of laboratory-discussion. Prerequisite: Completion of approximately 20 credits in chemistry and consent of instructor. Offered through College of Continuing Studies (evening and summer) if sufficient demand. (UG & G)

CHEM 384 [585] MODERN CHEMISTRY: PRINCIPLES AND APPLICATIONS II (3) A survey of principles and applications of chemistry for secondary school teachers. Lecture: organic, biochemis-

try, agricultural chemicals, special topics. Laboratory: the design of experiments for the secondary school curriculum. Two lecture hours and two hours of laboratory-discussion. Prerequisite: Completion of approximately 20 credits in chemistry and consent of instructor. Offered through College of Continuing Studies (evening and summer) if sufficient demand. (UG & G)

CHEM 391-394 [501-504] SPECIAL PROBLEMS IN CHEMISTRY (1-3) A laboratory or library problem in chemistry to be selected by the student in consultation with the instructor. Students are required to submit a written report. May be repeated for credit as CHEM 392, CHEM 393, etc. Prerequisite: Written consent of instructor. Offered each semester. (UG & G)

CHEM 395 PRACTICUM IN CHEMISTRY (1-3) Students will be given credit in this cooperative education program for approved experience in Chemistry. A written final report will be submitted by student. Performance to be graded as satisfactory (grade of S) or unsatisfactory (grade of U). May be repeated for credit as CHEM 396, etc.; maximum: six credits total. Prerequisites: CHEM 211, CHEM 332, and consent of instructor. Offered each semester. (UG)

CHEM 401 [500] SEMINAR IN CHEMISTRY (1) An introduction to chemical literature. Attendance at all seminars and presentation of seminars to the Chemistry Department on topics selected by the Chemistry faculty or selected by the student and approved by the faculty. One and one-half hour seminar period. Prerequisites: CHEM 211, CHEM 332; Co-requisite: CHEM 341 or CHEM 342. Offered each semester. (UG & G)

CHEM 413 THEORY OF INSTRUMENTAL ANALYSIS (3) A discussion of spectroscopic, chromatographic and electrochemical systems, their design and their application to chemical analysis. Three lecture hours. Prerequisites: CHEM 211 and CHEM 341 or CHEM 342. Not open to students with credit for CHEM 411. Offered each fall. (UG)

CHEM 415 INSTRUMENTAL ANALYSIS LABORATORY (2) Experiments illustrate the application of spectroscopy, chromatography and electrochemistry to the solution of real problems in chemical analysis. Five laboratory hours. Prerequisite or co-requisite: CHEM 413. Not open to students with credit for 1905.411. Offered each spring. (UG)

CHEM 417 [518] ADVANCED ANALYTICAL CHEMISTRY (3) A special topics course dealing with the theory and application of more recent and specialized techniques of chemical separation and analysis. Three lecture hours. Prerequisites: CHEM 415 or CHEM 411. Not open to students with credit for 1905.412. (UG & G)

CHEM 423 INORGANIC CHEMISTRY (3) Atomic structure; valence bond and molecular orbital theories of bonding; symmetry concepts; syntheses, structures, and reactions of typical compounds of the representative and transition elements, including organometallic compounds; ligand field theory; special topics. Three lecture hours. Prerequisites: CHEM 211, CHEM 332 and CHEM 341 (may be taken concurrently) or CHEM 342 (may be taken concurrently). Not open to students with credit for 1905.422. Offered each fall. (UG)

CHEM 424 INORGANIC CHEMISTRY LABORATORY (2) Techniques of synthesizing and characterizing inorganic compounds. Types of compounds will include coordination compounds, nonmetallic compounds, volatile hybrids, and organometallics. Synthetic techniques will include inert atmosphere techniques, vacuum line, non-aqueous solvents, high temperature synthesis, etc. One lecture hour and one three-hour laboratory period. Prerequisites: CHEM 211, CHEM 332 and CHEM 423 (may be taken concurrently). Not open to students with credit for 1905.422. Offered each fall. (UG)

CHEM 431 [534] ADVANCED ORGANIC CHEMISTRY LABORATORY (3) The design of organic synthesis, advanced laboratory techniques, and determination of structure by chemical and spectroscopic means will be taught by laboratory problems and discussion. One lecture hour and six laboratory hours. Prerequisite: CHEM 332 and consent of instructor. (UG & G)

CHEM 432 [535] ADVANCED ORGANIC CHEMISTRY (3) Advanced topics will include several of: molecular orbital theory, pericyclic reactions, photochemistry, and determination of reaction mechanisms by: kinetics, linear free energy relationships, acid-base properties, acid-

base catalysis, detection of intermediates, stereochemistry, etc. Three lecture hours. Prerequisites: CHEM 332 and CHEM 342; CHEM 341 is recommended. (UG & G)

CHEM 441 [546] ADVANCED PHYSICAL CHEMISTRY (3) Two topics in the area of Physical Chemistry to be covered in depth. Topics will be selected by the instructor after consultation with the students. Examples of possible topics are: formal wave mechanics, bonding, solid state, liquid state, surface chemistry, colloids, high polymers, rheology, ionic conductivity, electrochemical cells, scattering phenomena, statistical thermodynamics. Three lecture hours. Prerequisites: CHEM 341 and CHEM 342. (UG & G)

CHEM 452 [554] ADVANCED BIOCHEMISTRY (3) The use of physical methods in the study of biochemical systems, biochemical thermodynamics; the structure of proteins including X-ray crystallography, macromolecular solution thermodynamics, enzyme kinetics, and spectroscopic probing of macromolecular structure will be discussed. Three lecture hours. Prerequisites: CHEM 353 or CHEM 355. (UG & G)

CHEM 453 ADVANCED BIOCHEMISTRY LABORATORY (2) Basic laboratory techniques involving the synthesis, isolation, purification, identification, and further reactions of substances in biochemical systems. Two three-hour laboratory periods. Prerequisites: CHEM 353 or CHEM 356. (UG & G)

CHEM 461 FOURIER TRANSFORM NUCLEAR MAGNETIC RESONANCE (2) Measurement and use of chemical shift, coupling constants, relaxation times and nuclear Overhauser effects to obtain chemical information for selected nuclei. Pulsed Fourier transform data acquisition and manipulation and the optimization of spectral parameters. Special problems encountered with quadrupolar nuclei, negative gyromagnetic ratio, paramagnetic materials, large molecules and solids and some solutions to them. Multiple pulse techniques. 25 Lecture hours and 10 lab hours per semester. Prerequisites: CHEM 332, CHEM 413, and PHYS 212 or or PHYS 242 or equivalent; or consent of instructor. (UG)

CHEM 491-494 [505-508] INTRODUCTION TO RESEARCH IN CHEMISTRY (1-3) An individual laboratory and/or library investigation in research interest of an instructor. May be repeated for credit as CHEM 492, CHEM 493, CHEM 494, etc. At the completion of a project the student must write a formal research paper on the work done and the principles involved. The student's performance will be evaluated by the research director and selected members of the faculty; performance to be graded as satisfactory (grade of S) or unsatisfactory (grade of U). Prerequisite: Consent of instructor. Offered each semester. (UG & G)

Graduate Division

See TSU Graduate School Catalog for course descriptions.

CHEM 641 PHYSICAL CHEMISTRY: PRINCIPLES AND APPLICATIONS FOR TEACHERS (4)

CHINESE (CHNS)

Lower Division

CHNS 101-102 ELEMENTARY MODERN CHINESE I, II (3, 3) An introduction to standard modern Chinese (Mandarin). Emphasis is on reading and writing of Chinese. Pin Yin, the phonetic system of pronouncing Chinese words is introduced. Text, sound tape and vocabulary cards. (UG)

CHNS 201-202 CHINESE INTERMEDIATE I, II (3,3) Thorough review of Elementary Chinese; vocabulary building; conversational fluency and prose composition; translation; reading and discussion of selected outside reading (newspapers, magazines, Chinese literature). (UG)

COMMUNICATION SCIENCES & DISORDERS (SPPA)

Lower Division

SPPA 105 SPEECH AND LANGUAGE DEVELOPMENT (3) Analysis of normal speech and language development, including the

phonetic, semantic, and syntactic elements. Physiology of speech and language learning. Observation will be required. (UG)

SPPA 106 VOICE AND DICTION (3) Analysis of articulatory and vocal usage as they relates to spoken language. Improvement of skills in voice, articulation, and pronunciation. (UG)

SPPA 205 BASIC SIGN LANGUAGE (3) Principles and techniques for developing language in the communicatively impaired. Focus will be skill development in basic manual communication as a function of the English language and its application with hearing impaired and multiple handicapped populations. Participation and demonstration will be required. (UG)

SPPA 206 INTERMEDIATE SIGN LANGUAGE (3) The course will emphasize receptive and expressive conversational skills. Class will be conducted in a silent classroom (no voices allowed). Finger-spelling rate and fluency will be stressed. Non-verbal communication skills and basic interpretive practice will be provided. Discussions of the Registry for Interpreters for the Deaf (RID) and Deaf Awareness will be included. Prerequisite: SPPA 205 or consent of instructor. (UG)

SPPA 210 PHONETICS OF AMERICAN ENGLISH (3) Analysis of speech sounds of American English and the use of phonetic symbols to record them. Emphasizes ear training, phonetic transcription, and language recordings. (UG)

SPPA 213 GENERAL SEMANTICS (3) The effects of language and symbols upon individual adjustment and maladjustment. (UG)

Upper Division

SPPA 300 ANATOMY AND PHYSIOLOGY OF THE AUDITORY AND VOCAL MECHANISM (3) Anatomical structures involved in the communication processes of Speech, Language, and Hearing. Analysis of the functioning of these structures. Lectures and laboratory sessions will be required. Prerequisite: SPPA 105 (UG)

SPPA 301 HEARING AND SPEECH SCIENCE (3) Physical and psychological parameters of speech and hearing with inclusion of acoustics and instrumentation. Prerequisite: SPPA 105, or consent of instructor. (UG)

SPPA 302 SPEECH AND LANGUAGE PATHOLOGY I: PHONOLOGY (3) Theories of phonological development and clinical appreciation of current linguistic analysis techniques in description of articulation and other phonological disorders. Standardized testing procedures and treatment program development. Prerequisite: SPPA 301 or consent of instructor. (UG)

SPPA 304 SPEECH AND LANGUAGE PATHOLOGY II: LANGUAGE (3) Interaction of normal language development and language disorders including psycholinguistics, semantic development, information processing and auditory memory. Prerequisite: SPPA 301 or consent of instructor. (UG)

SPPA 305 STUTTERING—ETIOLOGY AND THERAPY (3) Analysis of etiologies, symptoms and therapeutic management of stuttering. Prerequisite: SPPA 105. (UG)

SPPA 306 SPEECH AND LANGUAGE PATHOLOGY III: ORGANIC DISORDERS (3) Etiology, differential diagnosis and therapeutic management in the area of organic and functional voice problems, cleft lip and palate, adult aphasia, cerebral palsy and mental retardation. Prerequisites: SPPA 302 and SPPA 304. (UG)

SPPA 311 TECHNICAL WRITING IN SPEECH/LANGUAGE PATHOLOGY AND AUDIOLOGY (3) Development of the student's expository writing Language Pathology and Audiology. Prerequisites: SPPA 302; ENGL 102 or ENGL 190 (104) (cannot be taken concurrently). (UG)

SPPA 321 INTRODUCTION TO AUDIOLOGY (3) Anatomy, physiology and pathologies of the hearing mechanism. Instrumentation and techniques for the identification and management of hearing disorders inclusive of pure-tone and speech audiometrics and screening methods. Prerequisite: Major standing, or consent of instructor. (UG)

SPPA 341 CLINICAL AUDIOLOGY (3) Basic audiometry; audiogram interpretation; basic principles of audiologic habilitation includ-

ing school hearing conservation. Prerequisite: SPPA 321, or consent of instructor. (UG)

SPPA 404 PROFESSIONAL PROGRAMS, PROBLEMS AND RELATIONSHIPS (3) Organization and administration of speech language pathology and audiology programs in professional settings; personal, professional and community relationships and responsibilities. Prerequisite: SPPA 306 or consent of instructor. (UG)

SPPA 431 IDENTIFICATION AUDIOMETRY (3) Rationales and techniques for identifying auditory disorders in various populations and environments. Prerequisite: Consent of instructor. (UG)

SPPA 470-479 [570-579] SPECIAL TOPICS SEMINAR IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY (3) Investigation of particular topics in the fields of speech and language pathology and audiology. The topic will vary each semester the course is offered. Prerequisite: Varies with topic. (UG & G)

SPPA 486 CLINICAL OBSERVATIONS AND TECHNIQUES (3) Observation and application of techniques related to the management of hearing, language, and speech disorders. Prerequisites: SPPA 302, SPPA 304. (UG)

SPPA 487 CLINICAL PRACTICUM I (3) Clinical practice in therapeutic procedures with various types of speech, language and/or hearing disorders in the Towson State University Speech/Language/Hearing Clinic. (Repeatable once. Must be taken second time if SPPA 488 is not elected.) Students must attend weekly class. Prerequisite: SPPA 486 and/or consent of chair. (UG)

SPPA 488 CLINICAL PRACTICUM II (6-9) Students are assigned to a speech-language pathology or audiology program for observation and practicum experience. The student will earn approximately 150 clinical clock hours required for certification. \$200 lab fee assessed. Prerequisites: SPPA 487 and consent of chair. (Only 3 credits will count toward satisfying the requirements for a major in Speech-Language Pathology and Audiology.) (UG)

1220.489 CLINICAL COUNSELING IN COMMUNICATION DISORDERS (3) Systems of directive and non-directive counseling utilized by speech and hearing clinicians. Techniques of interviewing, case history recording, and the conditioning of semantic reactions through interpersonal interaction. Prerequisite: SPPA 486. (UG)

SPPA 496 INDEPENDENT STUDY IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY (1-4) Independent study in selected areas of Speech-Language Pathology and Audiology. Prerequisites: Invitation of Department only and upper division standing. May be repeated for a maximum of 6 credits. (UG)

SPPA 497 DIRECTED READINGS IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY (1-4) Directed readings in selected areas of Speech Pathology and Audiology. Prerequisites: Upper division standing and by invitation of the department. May be repeated for a maximum of 6 credits. (UG)

SPPA 498 PROCTORING IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY (3) Students serve as teaching apprentices or proctors in a course which they have already completed in the Department. May be repeated for a maximum of 6 credits. Prerequisites: Successful completion with a grade of "B" or better of the course which the student is to proctor and consent of the instructor. (UG)

Graduate Division

See TSU *Graduate School Catalog* for course descriptions.

SPPA 601 SEMINAR IN LANGUAGE DISORDERS OF CHILDREN (3)

SPPA 605 NEUROPATHOLOGIES OF SPEECH (3)

SPPA 607 DIAGNOSTIC METHODS IN SPEECH PATHOLOGY (3)

SPPA 609 NONVOCAL COMMUNICATION FOR THE DISABLED (3)

SPPA 611 SEMINAR IN APPLICATION OF LINGUISTICS TO SPEECH PATHOLOGY (3)

SPPA 612 AURAL HABILITATION/REHABILITATION (3)

SPPA 613 RESEARCH DESIGN SEMINAR IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY (1)

SPPA 615 VOICE DISORDERS: ETIOLOGY, DIAGNOSIS, TREATMENT AND RESEARCH (3)

SPPA 617 PHONOLOGICAL DISORDERS: DIAGNOSIS AND TREATMENT (3)

SPPA 618 EXPERIMENTAL PHONETICS (3)

SPPA 619 CURRENT ISSUES IN STUTTERING SEMINAR (3)

SPPA 621 SEMINAR IN DIAGNOSIS OF DISORDERS OF THE AUDITORY SYSTEM (3)

SPPA 631 SEMINAR IN PSYCHOACOUSTIC INSTRUMENTATION AND CALIBRATION (3)

SPPA 643 SEMINAR IN NEUROBIOLOGIC ASPECTS AND ASSESSMENT OF THE AUDITORY SYSTEM (3)

SPPA 644 AUDIOLOGY SEMINAR—CURRENT TOPICS IN AUDITION (3)

SPPA 651 INDUSTRIAL AND ENVIRONMENTAL AUDIOLOGY (3)

SPPA 653 PEDIATRIC AUDIOLOGY (3)

SPPA 655 HEARING AID SELECTION PROCEDURES (3)

SPPA 661 DIALECTS OF ETHNIC GROUPS IN AMERICAN SOCIETY (3)

SPPA 670-679 SPECIAL TOPICS SEMINAR IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY

SPPA 690 CLINICAL PRACTICUM (1)

SPPA 701 SEMINAR IN LANGUAGE AND COGNITION (3)

SPPA 702 COMMUNICATION DISORDERS IN MENTAL RETARDATION SEMINAR (3)

SPPA 745 ADVANCED CLINICAL PRACTICUM (1)

SPPA 795 GRADUATE RESEARCH PAPER IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY (3)

SPPA 796 INDEPENDENT STUDY IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY (3)

SPPA 797 DIRECTED READINGS IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY (3)

SPPA 898 THESIS (3)

SPPA 899 THESIS CONTINUUM (1)

COMPUTER SCIENCE (COSC)

Lower Division

COSC 101 COMPUTERS AND SOCIETY (3) A survey of Computer Science for non-majors including a history of computing, an overview of computer organization and programming, and the social impact of computers. Applications such as business data processing, information management, computer aided instruction, process control, and simulation will be discussed. Projects will be chosen from various application areas. (UG)

COSC 115 INTRODUCTION TO INFORMATION SYSTEMS (3) Development of computer literacy, with hardware, software, systems, functions and processes, programming and computer applications. Prerequisite: One year high school algebra. (UG)

COSC 165 FUNDAMENTALS OF COMPUTING (3) A first course in computing to provide the student with the requisite knowledge and experience to use computers effectively in the solution of numeric and non-numeric problems. Two lecture hours and two laboratory hours. Prerequisite: Two years of high school algebra or equivalent. (UG)

COSC 212 INTRODUCTION TO BUSINESS PROGRAMMING (3) A study of computer programming for business applications using a language such as COBOL. Students will design, implement, test and document programs in application areas such as payroll, accounting,

inventory, and file maintenance. Not open to those who completed COBOL PROGRAMMING. Prerequisite: COSC 201 or programming experience. (UG)

COSC 221 PROGRAMMING IN APL (1) Syntax and usage of the APL programming language; primitive functions; operators; function definition; branching and looping; workspace operations; file operations; selected applications. Prerequisite: Knowledge of one other high level programming language. (UG)

COSC 223 PROGRAMMING IN BASIC (1) Syntax and usage of the BASIC programming language; data types, variables, control structures, arrays, subprograms; file and file handling; elementary graphics; selected applications. Prerequisite: Knowledge of one other high level programming language. Not open to those who have completed COSC 165. (UG)

COSC 225 PROGRAMMING IN PASCAL (1) Syntax and usage of the Pascal programming language; data types and structures, variables, pointers; control structures; procedures and functions; files and file handling; selected applications. Prerequisite: Knowledge of one other high level programming language. Not open to those who have completed COSC 236. (UG)

COSC 227 PROGRAMMING IN FORTRAN (1) Syntax and usage of the FORTRAN programming language; data types, control structures; arrays, subprogramming; file handling; selected applications. Prerequisite: Knowledge of one other high level programming language. Not open to those who have completed COSC 306. (UG)

COSC 236 STRUCTURED PROGRAMMING (3) A course in problem-solving and the design of computer programs with emphasis on programming style and a systematic approach to problem-solving. The various aspects of a specific language will be studied. Students will solve a wide variety of problems and implement them on the computer. The problems will employ arrays, subroutines and functions, character manipulation, and input/output operations. Not open to those who completed COSC 306. Prerequisite: COSC 165 or consent of instructor. (UG)

COSC 280 ASSEMBLY LANGUAGE PROGRAMMING (3) Introduces the basic concepts of programming systems including computer structure, machine language, assembler language, addressing techniques, macros and program segmentation and linkage. Prerequisite: COSC 236 or programming experience. (UG)

Upper Division

COSC 306 STRUCTURED PROGRAMMING FOR THE SCIENCES (3) A course in problem solving methods and the design of computer programs for mathematics and the sciences with an emphasis on programming style and a systematic approach to problem solving. Students will solve a wide variety of problems using a scientific programming language. Not open to those who completed COSC 236 or Introduction to Computer Science I (COSC 337). Prerequisites: COSC 165 and MATH 273 (may be taken concurrently). (UG)

COSC 335 [515] ADVANCED BUSINESS PROGRAMMING (3) A course in advanced programming concepts for business applications. Topics to be covered include the report writer feature, table handling, sorting, direct access files, program segmentation, and job control language. Students will work on several case studies and programming projects. Prerequisite: COSC 212. (UG & G)

COSC 336 [516] DATA STRUCTURES AND SORTING TECHNIQUES (3) An introduction to data structures such as lists, trees and graphs and their implementation. Algorithms for efficient searching, sorting, insertion, and deletion will be investigated. The implications of storage media characteristics and file organization and manipulation will be studied. Prerequisites: COSC 236 or consent of instructor. (UG & G)

COSC 338 [518] COMPUTER ORGANIZATION (3) A study of computer architecture, arithmetic and basic logic design will provide an understanding of the mechanics of information transfer and control within the computer system. Prerequisite: COSC 280 and MATH 263. (UG & G)

COSC 339 [519] OPERATING SYSTEMS PRINCIPLES (3) An overview of the principles of operating systems. Topics include multi-

ple processes, process synchronization and intercommunication, resource allocation, memory management, processor scheduling, and I/O device management. Not open to those who completed Programming Systems. Prerequisite: COSC 336 and COSC 338 (UG & G)

COSC 355 [527] SURVEY OF PROGRAMMING LANGUAGES (3) Survey of the significant features of existing programming languages with emphasis on understanding the concepts abstracted from those languages. The course covers: algorithmic languages such as ALGOL, problem oriented languages such as SNOBOL, theoretically interesting languages such as LISP, and general purpose languages such as FORTRAN and PL/I. Prerequisite: COSC 336. (UG & G)

COSC 367 [534] DISCRETE STRUCTURES (3) This course deals with the basic mathematical structures used in computer science. It covers boolean algebra, graph theory, semigroups, grammar and automata, showing how these structures apply to heuristic programming, networks and computer construction. Prerequisites: MATH 263 and COSC 336 (UG & G)

COSC 383 [543] DESIGN AND ANALYSIS OF ALGORITHMS (3) Algorithm design methods such as heuristics, backtrack programming, branch and bound, recursion, simulation, divide-and-conquer, balancing and dynamic programming. Efficiency of algorithms—Np-complete problems. Prerequisite: COSC 336 and MATH 263. (UG & G)

COSC 397 PRACTICUM IN COMPUTER SCIENCE (3) This course is designed to give Computer Science students the opportunity to be involved in a computing facility. Each student will be assigned to a specific facility associated with a local business or industry and will be supervised by the appropriate supervisor of the computing facility and by the faculty member in charge of the course. Prerequisites: 6 hours of upper division Computer Science courses and the consent of the instructor. (UG)

COSC 411 [551] SYSTEMS AND DESIGN (3) A course designed to guide the student through the stages of the evolution of data processing systems, including analyses of present information flow, system specifications, equipment selection, and implementation of the system to provide an understanding of the skill and knowledge needed for the effective use of data processing equipment in meeting information needs. Prerequisites: COSC 336 and an additional upper division Computer Science course. (UG & G)

COSC 415 [553] IMPLEMENTATION OF PROGRAMMING LANGUAGES (3) A study of internal organization and data structures used by compilers in lexical analysis, parsing, and code generation; run-time data structures; global properties of programming languages including scope of declarations, groupings of statements, binding times, control structures, and memory management; definitions of programming languages including the specifications of syntax and semantics, and case studies in several systems including both compiled and interpreted languages. Prerequisites: COSC 280 and COSC 355 and MATH 263. (UG & G)

COSC 417 [554] INTRODUCTION TO THE THEORY OF COMPUTING (3) A general introduction to the theory of computation, including finite automata, compatibility, formal languages and their relation to automata, algorithms, and algorithmic complexity. The major emphasis will be on developing formal descriptions of computers and computational processes, and practical implications of theoretical results. Prerequisites: COSC 235 or equivalent and COSC 367 or MATH 361. (UG & G)

COSC 421 LOGIC APPLICATIONS AND PROGRAMMING (3) Study of the logic programming language PROLOG. Application of logic to artificial intelligence, database systems and programming language. Prerequisites: COSC 355 and COSC 263. (UG)

COSC 431 [561] SELECTED TOPICS IN COMPUTER SCIENCE (1-3) Independent studies in selected areas of computer science. A maximum of 4 credits may be earned in selected topics. Prerequisite: Consent of instructor and nine hours of computer science. (UG & G)

COSC 437 [563] FILE AND DATA STRUCTURES (3) A study of the relations among elements of data involved in problems, the structure of storage media and machines, and the methods used in representing structural data. Storage systems and structures, symbol tables, searching and sorting techniques are discussed. Formal specification of

data structures and generalized data management systems are investigated. Prerequisites: COSC 336 and COSC 338. (UG & G)

COSC 441 [571] COMPUTER PERFORMANCE EVALUATION

(3) Computer system performance evaluation methodologies, techniques and tools including different types of monitors as a measurement tool, work-load characterization, important performance indices, analytic modeling with particular emphasis on the application of the operational queuing network modeling techniques to performance analysis, and technical aspects of computer selection. Prerequisites: MATH 274 and COSC 339 (339 may be taken concurrently). (UG & G)

COSC 457 [578] DATABASE MANAGEMENT SYSTEMS (3)

Data models and sublanguages. Security and integrity problems. The functions of the database administrator. The implementation and use of a database management system. A comparison of widely used DBMS packages. Prerequisite: COSC 336. (UG & G)

COSC 461 [581] ARTIFICIAL INTELLIGENCE (3)

A survey of the problems and techniques involved in producing or modelling intelligence in computers. Particular emphasis will be placed on representation of knowledge and basic paradigms of problem solving. Topics include game playing, theorem proving, natural language and learning systems. Prerequisites: COSC 355 and MATH 263. (UG & G)

COSC 471 [586] COMPUTER GRAPHICS (3)

An introduction to the field of computer generated and/or displayed graphics data. Covers the topics of representation, transformations, curve and 3-D problems, graphics hardware, and programming considerations. Prerequisites: MATH 263 or MATH 365 and COSC 336. (UG & G)

COSC 493 DIRECTED READINGS IN COMPUTER SCIENCE

(HONORS) (3) Individual readings and background research, under the direction of a faculty member, in preparation for writing an honors thesis (restricted to students in the departmental honors program). Prerequisite: Admission to the departmental honors program. (UG)

COSC 499 HONORS THESIS IN COMPUTER SCIENCE (3-6)

Writing of an honors thesis based on individual research (open only to advanced honors candidates). Prerequisite: Permission of Departmental Honors Committee. (UG)

Graduate Division

See TSU *Graduate School Catalog* for course descriptions.

COSC 607 COMPUTERS IN SECONDARY EDUCATION (3)

COSC 611 COMPUTER SIMULATION (3)

COSC 613 HARDWARE AND SOFTWARE IN MICROCOMPUTERS (3)

COSC 670-679 SPECIAL TOPICS IN COMPUTER SCIENCE (3)

COSC 681 SEMINAR IN COMPUTER SCIENCE EDUCATION (3)

COSC 695 INDEPENDENT STUDY IN COMPUTER SCIENCE (3)

DANCE (DANC)

Lower Division

DANC 103 BEGINNING BALLET I (2) An introduction to the fundamentals of classical ballet with emphasis on placement and alignment of the body, turn-out, footwork, stretches, barre work, simple allegro movements and other preparatory work necessary for the establishment of a basic technical foundation. (UG)

DANC 104 BEGINNING BALLET II (2) A continued study of the technical fundamentals of classical ballet. Sequence combinations of beginning ballet movements, steps and positions of the body. Emphasis on vertical posture, centering, and coordination of port de bras with elementary allegro and adagio movements. Prerequisite: DANC 103. (UG)

DANC 107 BEGINNING MODERN DANCE I (2) An introduction to modern dance technique as derived in part from the principles of some of its American founders such as Graham, Humphrey, Weidman, and Holm. Course includes floorwork, body alignment, and studies which develop the potentials of modern dance as an expressive medium. (UG)

DANC 108 BEGINNING MODERN DANCE II (2) An expanded study in modern dance technique involving concepts of spatial awareness, dimension in form, and proficiency in locomotive and dynamic movement patterns. Prerequisite: DANC 107. (UG)

DANC 109 JAZZ DANCE I (2) American jazz dance as traced historically through movement from Afro-Caribbean and vaudeville forms to Broadway show styles from the 1920's through the 1950's. (UG)

DANC 111 TAP DANCE I (2) A beginning study of the technical fundamentals of tap dance. Includes basic one and two sound movements performed at the barre and simple rhythmic combinations in center. Also includes time steps and simple turns. (UG)

DANC 203 INTERMEDIATE BALLET I (2) Classical ballet technique that focuses on sequences of greater repetition, speed, and length. Includes elements of turning necessary for pirouettes, footwork dexterity utilized in batterie (beats), and continued awareness of form as it relates to the clear delineation of musculature lines. Prerequisite: DANC 104. (UG)

DANC 204 INTERMEDIATE BALLET II (2) A continued study of classical ballet utilizing sequence combinations that emphasize strength, suppleness, accuracy and musicality. Includes multiple turns, increased attention to epaulement, and use of the legs at 90° and 120° angles. Prerequisite: DANC 203. (UG)

DANC 207 INTERMEDIATE MODERN DANCE I (2) Modern dance technique which utilizes variations in rhythmic structure; presentation of metered, mixed-metered, and non-metered (free) rhythmic forms. Introduction to the concept of spiral movement, turns, falls and elevation. Prerequisite: DANC 108. (UG)

DANC 208 INTERMEDIATE MODERN DANCE II (2) An extension of the development of modern dance vocabulary representative of more contemporary approaches (i.e. Limon, Cunningham, Tharp, Lewitzky, etc.). Such vocabulary includes combinations of spiraling, curving, flattening of the back, and centering, shifting, rotating, flexing, and tilting in body alignment. Prerequisite: DANC 207. (UG)

DANC 211 TAP DANCE II (2) A continued study of tap dance including complex rhythms, tempi, barre and center work. New movements include wings, trenches, riffs and advanced turns. Prerequisite: DANC 111. (UG)

DANC 223 CLASSICAL BALLET: PARTNERING (3) Daily technique classes in ballet emphasizing movements used in classical pas de deux and study of phrases from the classical repertoire. Prerequisite: DANC 203. (UG)

DANC 251 TECHNIQUES OF TEACHING CREATIVE MOVEMENT (3) A student-directed approach to the teaching of creative movement to all age levels—pre-school to senior citizen. Includes learning and utilization of basic rhythmic concepts and some off-campus observations. Prerequisite: DANC 107. (UG)

Upper Division

DANC 303 ADVANCED BALLET I (2) A continued study of classical ballet with emphasis on advanced level enchainements, standard classical divertissement and style distinctions. Prerequisite: DANC 204. (UG)

DANC 304 ADVANCED BALLET II (2) Progression of technical complexities in enchainements and divertissements. Approaches to contemporary ballet stylizations based on classical forms. Prerequisite: DANC 303. (UG)

DANC 307 ADVANCED MODERN DANCE I (2) Modern dance technique focusing on quality and expression in movement. Includes effort and space harmony concepts in traveling warm-up sequences, axial adagio movement, and allegro combinations. Prerequisite: DANC 208. (UG)

DANC 308 ADVANCED MODERN DANCE II (2) Complex movement sequences which develop a high level of proficiency in feeling and form emphasizing the contemporary aspect of modern dance and the individualistic expressive potential of the student. Focus on interpretation and performance. Prerequisite: DANC 307. (UG)

DANC 309 JAZZ DANCE II (2) A continuation of Broadway show styles from the early 1960's to the present day. Includes study of contemporary jazz technique with emphasis on rock, funky, lyric and percussive movement. Prerequisites: DANC 109 and DANC 103. (UG)

DANC 310 JAZZ DANCE III (2) A continued study of contemporary jazz technique with emphasis on performance of styles used on the concert stage, television and motion pictures. Prerequisite: DANC 309. (UG)

DANC 321 HISTORY OF THE DANCE (3) An overview of dance history through the ages from its tribal beginnings to the present day. An emphasis will be placed on writing skills. Prerequisites: Jr./Sr. standing; ENGL 102 or 190 (104). Approved Group I/C—Advanced level writing course. (UG)

DANC 323 LABANOTATION (3) The Labanotation method of recording movement in written form for utilization in classroom work and reconstruction of dance and other movement activities. Prerequisite: DANC 203 or DANC 207. (UG)

DANC 331 DANCE COMPOSITION I (3) Experimentation with the basic elements of choreography as experienced through the composing of phrases, sketches, transitions, and themes and variations in the form of studies for the solo dancer. Prerequisite: DANC 207. (UG)

DANC 332 DANCE COMPOSITION II (3) An intermediate level dance composition course focusing on solos and duets with added complexities of textures, planes, rhythm, melody, and tempi. Prerequisite: DANC 331. (UG)

DANC 341 POINTE TECHNIQUE I (2) Basics of pointe (toe) work essential to the student whose interest is in total comprehension of the elements necessary to the performance of classical ballet. Includes work to strengthen the ankles and insteps, and acclimation of body weight and placement sur les pointes. Prerequisite: DANC 203. (UG)

DANC 342 POINTE TECHNIQUE II (2) Continuum of Pointe Technique I with emphasis on tempi, allegro combinations, enchainements au milieu and barre supported adage. Prerequisite: DANC 341. (UG)

DANC 370-379 SPECIAL TOPICS IN DANCE (1-3) Workshops and courses designed for study of special topics in dance not available in existing courses. Examples of such topics are: Principles and Practices of Auditioning, Dance Repertory, Seminar in Dance Education, etc. Will be offered depending on student and faculty interest and availability. Prerequisite: Consent of Department Chair. (UG)

DANC 381-382, 481, 482 DANCE COMPANY (2,2,2,2) Study and performance of advanced compositions including works by professional guest choreographers in ballet, modern dance, and jazz/ musical theatre dance styles. Rehearsals September through May. 2 credits received in spring semester reflect 2 semesters of participation. Prerequisite: Audition. (UG)

DANC 401-404 SUPERVISED STUDY: BALLET (2,2,2,2) A continued study of ballet technique concurrent with courses at the intermediate and advanced levels. Prerequisite: Approval from the Department Chair. (UG)

DANC 407-410 SUPERVISED STUDY: MODERN DANCE (2,2,2,2) A continued study of modern dance technique concurrent with courses at the intermediate and advanced levels. Prerequisite: Approval from the Department Chair. (UG)

DANC 411-412 SUPERVISED STUDY: POINTE (2,2) A continued study of pointe technique concurrent with Pointe Technique I and/or Pointe Technique II. Prerequisite: Approval from the Department Chair. (UG)

DANC 431 DANCE COMPOSITION III (3) An advanced level dance composition course focusing on choreographic ranges from duets to large group forms. Prerequisite: DANC 332. (UG)

DANC 433-434 DANCE PRODUCTION I & II (3,3) Choreography of full-length major works mounted for performance. Includes production elements of costume and lighting design for the work, teaching and rehearsing the work, and performance publicity. Prerequisite: DANC 431. (UG)

DANC 451 TEACHING DANCE IN GRADES K-12 (3) A teacher-directed approach to the exploration of methods and materials available for the teaching of multiple dance forms. Prerequisite: DANC 251 and 4 or more credits in dance technique courses, or consent of instructor. (UG)

DANC 495 INDEPENDENT STUDY IN DANCE (1-3) Self-directed study of an academic or creative project designed to focus on a specialized area of dance. Prerequisite: Approval of plan of study by instructor and Department Chair. (UG)

DEVELOPMENTAL MATHEMATICS (DVMT)

DVMT 100 DEVELOPMENTAL MATH I (4) A preparatory course designed to develop basic competence in arithmetic. Placement based on competency test scores. Credits do not count toward graduation (Graded S/U procedure). Prerequisite: Departmental Placement.

DVMT 101 DEVELOPMENTAL MATH II (4) A review of basic high school mathematics. Placement based on competency test scores. Credits do not count toward graduation (Graded S/U procedure). Prerequisite: Departmental Placement.

DVMT 110 INTERMEDIATE ALGEBRA (3) Real number system, solutions of equations or inequalities in one and two variables, solutions of quadratic equations, exponents, radicals, functions, polynomial algebra, progressions and complex numbers. Graded under S/U procedure. No credit toward graduation. Prerequisite: One year of high school algebra.

DEVELOPMENTAL READING (DVRD)

DVRD 100 DEVELOPMENTAL READING I (3) This course is designed to develop basic reading skills requisite to college-level reading. These skills include vocabulary development, literal comprehension, and textbook study reading. Prerequisite: Department placement. Course does not carry credit toward graduation (Graded under S/U procedure).

DVRD 101 DEVELOPMENTAL READING II (3) This course reviews the basic reading skills and stresses the development of intermediate reading skills important for effective college reading. These intermediate skills include inferential comprehension, critical reading, and varied reading rates. Prerequisite: Department placement. Course does not carry credit toward graduation (Graded under S/U procedure).

DEVELOPMENTAL WRITING (DVWR)

DVWR 100 DEVELOPMENTAL WRITING (3) Course provides review of basic grammar and usage, aid in development of spelling skills, and extensive practice in writing clear, correct sentences. Prerequisite: Departmental placement (students with SAT scores below 300). Graded under S/U procedure. Credit does not count toward graduation.

DVWR 101 PREPARATION FOR COLLEGE WRITING (3) Review of grammar and usage; instruction and practice in writing effective sentences. Prerequisite to ENGL 102 for students scores indicate they need additional preparation for college-level writing. Departmental placement. Credit does not count toward graduation.

DVWR 103 ENGLISH AS A SECOND LANGUAGE: BASIC ENGLISH (5) Intensive training in listening and reading comprehension skills. Development of functional oral English. Expansion of basic vocabulary and essential idioms. Course does not carry credit toward graduation (Graded under S/U procedure). Prerequisite: Students must be non-native speakers of English. Admission by examination and permission of ESL Committee.

DVWR 104 ENGLISH AS A SECOND LANGUAGE: LOW INTERMEDIATE (5) Emphasis on fundamental grammar and writing

skills. Reading and vocabulary building. Course does not carry credit toward graduation (Graded under S/U procedure). Prerequisite: Students must be non-native speakers of English. Admission by examination and permission of ESL Committee.

DVWR 105 ENGLISH AS A SECOND LANGUAGE: INTERMEDIATE (3) Advanced grammar review with emphasis on sentence and short-paragraph construction. Prerequisite: DVWR 104 (113) or consent of ESL Committee.

DVWR 106 ENGLISH AS A SECOND LANGUAGE: ADVANCED (3) Introduction to English style; emphasis on reading and writing skills, with attention to increased proficiency in conversation, as necessary. Prerequisite: DVWR 105 (114) or permission of ESL Committee.

DVWR 107 LISTENING AND SPEAKING FOR ADVANCED ESL STUDENTS (3) Intensive listening and speaking practice for high intermediate and advanced students of ESL: formal oral presentation, pronunciation and conversation practice. Prerequisite: Examination and consent of ESL Committee.

EARLY CHILDHOOD EDUCATION (ECED)

Lower Division

ECED 101 THE YOUNG CHILD AS A LEARNER (3) Introduction to the developing child and educational programs available for young children. Focuses primarily on the child himself. (UG)

ECED 102 THE CURRICULUM FOR YOUNG CHILDREN (3) Curriculum content and methods of teaching in programs for young children. Prerequisite: ECED 101 or approval of Early Childhood Education Department. (UG)

ECED 121 LABORATORY EXPERIENCES IN PROGRAMS FOR YOUNG CHILDREN (3) Practical application of educational theory through observation of and participation with young children in classroom situations. Concurrent with ECED 102. Prerequisite: ECED 101 or approval of Early Childhood Education Department. (UG)

Upper Division

ECED 301 MATERIALS AND EXPERIENCES FOR THE YOUNG CHILD (3) Stimulating the intellectual, physical, social, and emotional development of young children through the use of varied instructional materials and activities. Prerequisite: ECED 101 of ECED 102 or approval of Early Childhood Education Department. (UG)

ECED 341 PRE-PRIMARY CURRICULUM (4) Interdepartmental instruction by specialists in art, music, physical education and science with emphasis on the personal development of the becoming teacher and coordinated by a faculty member from Early Childhood Education program. Classroom participation. Prerequisite: Open only to Early Childhood Education Majors. PSYC 201 and PSYC 211 or approval of Early Childhood Education Department. (UG)

ECED 342 PRIMARY CURRICULUM (4) Emphasis on objectives, materials, and methods of teaching the language arts and social studies in programs for young children. Participation one day weekly in an assigned classroom for young children. Prerequisite: Open only to Early Childhood Education Majors. ECED 341 or its equivalent. (UG)

ECED 343 ISSUES IN EARLY CHILDHOOD EDUCATION (2) Parallels student teaching and is concerned with problems and interests of the student teacher and current trends and methods in teaching. Prerequisites: ECED 341 and ECED 342 or equivalent. Open only to Early Childhood Education Majors. (UG)

ECED 351, 352 STUDENT TEACHING IN EARLY CHILDHOOD (PRIMARY, PRESCHOOL) (5,5) Assignment in nursery school, kindergarten, and primary grades or other types of programs for young children under expert guidance. Two terms of approximately 8 weeks on two different age levels. Concurrent with ECED 343. (UG)

ECED 355 DIFFERENTIATED STUDENT TEACHING IN EARLY CHILDHOOD EDUCATION (1-8) Student teaching experiences in addition to those in required student teaching courses (ECED 351, ECED 352), according to needs and interests of the student. Experiences may be in public schools, or in centers for young children such as Day Care Centers, Parent-Child or Infant Centers,

hospitals, or education special programs in Early Childhood Education. Prerequisite: Approval of student's advisor, Chair of Early Childhood Education, and Director Center for Applied Skills in Education (CASE); may be repeated for a maximum of 8 credits. (UG)

ECED 360 READINESS FOR READING (2-3) Concepts of readiness for reading in Early Childhood Education with emphasis upon the physiological, sociological, cognitive and affective factors influencing readiness and skill development for teaching of young children. Prerequisites: junior standing, major in ECED. Day students must take concurrently with ECED 341. (UG)

ECED 361 TEACHING READING IN EARLY CHILDHOOD EDUCATION (3) Teaching reading in early childhood education with special emphasis on early learning related to the reading process and the teaching of beginning reading. Critical examination of content, procedures, materials in programs for nursery school through third grade. Prerequisite: 6 hours of Early Childhood or approval of Early Childhood Education Department. Day students must take concurrently with ECED 342. (UG)

ECED 403 [503] THE CURRICULUM IN PRIMARY EDUCATION (3) The child, curriculum, content, methods and materials of teaching, and program organization in the primary school years. Evenings and summers only. Prerequisite: For uncertified teachers only. 6 hours of Early Childhood Education. Not open to graduates of ECE programs. (UG & G)

ECED 411 [511] PARENTS AND TEACHERS: PARTNERS IN EARLY CHILDHOOD EDUCATION (3) The development of a rationale for improved parent-teacher relationships in Early Childhood Education programs. The role of para-professionals, specialists, and volunteers. Observation, participation, home and school visits by teachers and parents functioning as a team. Prerequisite: Six hours of Early Childhood Education or approval of Early Childhood Education Department. (UG & G)

ECED 415 [515] THE DAY CARE CENTER (3) An interdisciplinary course designed to prepare day care personnel. Resource persons from related agencies will participate. Topics include purposes of day care, problems of organization, administration and supervision, records, programs, community interaction, and parent relations. Field trips and observation of day care centers. Prerequisite: Six hours of Early Childhood Education or approval of Early Childhood Education Department. (UG & G)

ECED 417 [517] EARLY IDENTIFICATION OF LEARNING DISABILITIES (3) Survey of the nature of learning disabilities in the young child; emphasis on early identification, theoretical approaches, major disability categories; survey of remedial principles. Prerequisites: 6 hours of Psychology and 6 hours of Early Childhood or approval of Early Childhood Education Department. (UG & G)

ECED 421 [521] PROBLEMS IN EARLY CHILDHOOD EDUCATION (3) Research findings used as a basis for program planning in nursery school, kindergarten and primary grades; current trends and issues are considered. Prerequisite: student teaching and/or teaching experience in preschool or primary grades; junior standing; or approval of Early Childhood Education Department. (UG & G)

ECED 422 WRITING TECHNIQUES FOR TEACHERS IN EARLY CHILDHOOD EDUCATION (3) Applied techniques of written communications for classroom teachers and professional educators. Focus will be upon developing the ability to write thoughtful, well-organized letters, reports, critiques and other professional papers. Prerequisites: ENGL 102/190 (104) and 6 hours education. (UG)

ECED 423 [523] LABORATORY EXPERIENCES IN EARLY CHILDHOOD EDUCATION (3) Classroom experiences with children in preschool and primary grades in a variety of teaching-learning situations. Analysis of observations in light of current research. Concurrent with ECED 421. Summers only. Prerequisite: junior standing and approval of Early Childhood Education Department. (UG & G)

ECED 425 TESTS AND MEASUREMENTS FOR MILDLY AND MODERATELY HANDICAPPED CHILDREN (3) Assessment techniques; philosophical rationale; current research; intervention strategies for mildly and moderately handicapped infants and toddlers. Prerequisites: 6 hrs. psychology; 9 hrs. special education. Open to Towson-Coppin cooperative education students only.

ECED 427 SOCIAL, EMOTIONAL, AND PHYSICAL DEVELOPMENT OF MILDLY AND MODERATELY HANDICAPPED CHILDREN (3) Overview of human development, characteristics and applied techniques in curriculum, instructional methodology: social, emotional, physical development of young mildly and moderately handicapped children. Open to Towson-Coppin cooperative education students only.

ECED 470-489 [570-589] SPECIAL TOPICS IN EARLY CHILDHOOD EDUCATION: (Topic to be named) (1-3) In-depth study of a selected topic in Early Childhood Education. The specific requirements and prerequisites will vary with each topic and will be designated by the department each time a topic is scheduled. Graduate credit only with approval of the graduate program coordinator. Each topic may be taken as a separate course; repeatable for different topics. (UG & G)

ECED 494 [594] TRAVEL AND STUDY: EARLY CHILDHOOD EDUCATION (1-6) A field study, including cultural tours in selected foreign countries, of current Early Childhood Education programs, facilities, and trends. Lectures, observations, and personal interactions. Required participation in planned educational activities and a follow-up paper. Prerequisites: junior, senior, graduate standing, or consent of the department chair. Consent of graduate program coordinator required for graduate degree credit. Minimester only. May be repeated for a maximum of 6 credits. (UG & G)

ECED 495 INDEPENDENT STUDY IN EDUCATION: EARLY CHILDHOOD EDUCATION (1-4) Independent study in selected areas of Early Childhood Education. Prerequisite: ECED majors only. Special permit with ECED Chair. May be repeated for a maximum of 4 credits. (UG)

ECED 496 DIRECTED READING: EARLY CHILDHOOD EDUCATION (1-4) Independent reading in selected areas of Early Childhood Education. Prerequisite: ECED majors only. Special permit with ECED Chair. May be repeated for a maximum of 4 credits. (UG)

ECED 497 PRACTICUM: MILDLY-MODERATELY HANDICAPPED YOUNG CHILDREN (3) Supervised clinical field experience for students who plan to work with mildly-moderately handicapped infants/primary children. Required for students in the Towson-Coppin Cooperative Program in special education. Open to others with permission of Coordinator Special Education. Prerequisite: 12 hrs. special education and/or permission of Coordinator. (UG)

Graduate Division

See *TSU Graduate School Catalog* for course descriptions.

ECED 609 GROWTH AND DEVELOPMENT OF YOUNG CHILDREN (3)

ECED 613 PROGRAM FOR INFANTS AND YOUNG CHILDREN (3)

ECED 615 ADMINISTRATION AND SUPERVISION OF PROGRAMS FOR YOUNG CHILDREN (3)

ECED 617 ADVANCED LEARNING DISABILITIES (3)

ECED 619 MEASUREMENT AND EVALUATION IN EARLY CHILDHOOD EDUCATION (3)

ECED 621 PREVENTION OF READING FAILURE IN EARLY CHILDHOOD (3)

ECED 631 THE GIFTED AND TALENTED YOUNG CHILD (3)

ECED 899 THESIS CONTINUUM (1)

ECONOMICS (ECON)

Lower Division

ECON 201 MICROECONOMIC PRINCIPLES (3) How private enterprise determines what is produced, prices, wages, profits. Supply and demand. Competition and monopoly. Labor unions, income distribution. Farm Policy. The role of the government in our economy. Not open to students who have taken 2204.101. (UG)

ECON 202 MACROECONOMIC PRINCIPLES (3) Inflation and unemployment—causes and remedies. Money and banking. Government spending and taxation. International trade. Not open to students who have taken 2204.102. Prerequisite: 2204.201. (UG)

ECON 203 HONORS MICROECONOMIC PRINCIPLES (3) How private enterprise determines what is produced, prices, wages, profits. Supply and demand. Competition and monopoly. Labor unions, income distribution. Farm policy. The role of government in our economy. Not open to students who have taken 2204.103. (UG)

Upper Division

ECON 301 FUNDAMENTAL STATISTICS FOR ECONOMICS (3) Analysis and presentation of business and economic data; frequency distribution; measures of central tendency and variability; sampling and estimation of parameters; testing of hypotheses; simple regression analysis; measuring changes in price. Prerequisite: Mathematics MATH 111 or equivalent. (Not open to freshmen.) Not open to students who have taken Basic Statistics, MATH 231. (UG)

ECON 309 INTERMEDIATE PRICE THEORY (3) Determination of prices, output, wages, resource allocation. Theory of the firm. Theory of competition, monopolistic competition, oligopoly, and monopoly. Prerequisite: ECON 202. (UG)

ECON 310 MACROECONOMIC THEORY (3) Impact of monetary and fiscal policy. The over-all level of output, prices, employment, interest rates. Prerequisite: ECON 202. (UG)

ECON 313 MONEY AND BANKING (3) Organization and function of the money, credit and banking system of the United States; banking institutions, Federal Reserve System; the relation of money and credit to prices; foreign exchange. Prerequisite: ECON 202. (UG)

ECON 321 [521] HISTORY OF ECONOMIC THOUGHT (3) Development of economic theory; eighteenth and nineteenth century classical schools. Modern Economic literature on price, investment, and employment. Prerequisite: ECON 202. (UG & G)

ECON 323 COMPARATIVE ECONOMIC SYSTEMS (3) Effects of alternative institutional arrangements on incentives and individual behavior affecting the allocation of resources. Differences between decentralized or marked planning and centralized or government planning. Prerequisite: ECON 202. (UG)

ECON 325 ECONOMIC DEVELOPMENT (3) Theory of economic growth. Problems and programs relating to least developed countries. Prerequisite: ECON 202. (UG)

ECON 331 GOVERNMENT AND ECONOMIC LIFE (3) The rationale of government control and regulation of private enterprise. Maintenance of competition. Antitrust policy. Public utility regulation. Prerequisite: ECON 202. (UG)

ECON 333 ECONOMICS OF POVERTY AND DISCRIMINATION (3) Study of the causes of poverty. How poverty and discrimination are interrelated. An analysis of existing and proposed programs to alleviate poverty and discrimination. Prerequisites: ECON 201 and ECON 202. (UG)

ECON 337 PUBLIC FINANCE AND NON-MARKET DECISION MAKING (3) Traditional principles of public finance; examination of the nature of fiscal decision making within government and the implication for resource allocation. Prerequisite: ECON 202. (UG)

ECON 339 HEALTH ECONOMICS (3) Analysis of the economic organization of the health care sector of the U.S. economy; alternative health care delivery systems and methods of financing health care services; current issues in health economics. Prerequisite: One upper level economics course or consent of instructor. (UG)

ECON 341 LABOR ECONOMICS AND LABOR RELATIONS (3) The determination of wages. Labor unions: history, structure, activities, effects. Government labor policy. Prerequisite: ECON 202. (UG)

ECON 351 URBAN ECONOMICS (3) Economic bases for the existence of metropolitan areas. The economy of the metropolitan area; its growth, income distribution, economic stability. Transportation and land use patterns. Social and other problems of metropolitan areas. Application of elementary price theory to the analysis and solution of urban issues and problems. Prerequisite: ECON 202. (UG)

ECON 401 INTRODUCTION TO ECONOMETRICS (3) The problem of testing economic theories against empirical data; the formulation and estimation of regression model; the use of the method of multiple regression in testing the various hypotheses of economic theories; serial correlation; the problem of identifications, application of simultaneous equation models; the use and construction of econometric models for forecasting and policymaking. Prerequisite: ECON 301 or equivalent. (UG)

ECON 409 MANAGERIAL ECONOMICS (3) Applications of microeconomics theory to business policies and decisions. The utilization of analytical and decision-making tools derived mainly from economics theory, quantitative methods, finance and marketing theory. Topics considered include pricing practices and market structures, investment decision-making and estimation of demand and cost of production. Prerequisites: ECON 309, and ECON 301 or MATH 231. (UG)

ECON 410 BUSINESS CYCLES AND FORECASTING (3) Business cycle theory; measuring economic activities; policy proposals for controlling economic fluctuations. Prerequisite: ECON 313 or ECON 310. (UG)

ECON 419 APPLIED MICROECONOMICS (3) Applications of principles developed in Price Theory to problems arising in various market situations. Emphasis is on analysis and solutions of specific problems. Prerequisites: ECON 309. (UG)

ECON 421 INTERNATIONAL ECONOMICS (3) International trade theory; balance of payments, problems, and adjustment mechanism; foreign exchange; foreign trade policy; theory of tariffs and other trade restrictions; international monetary system and organization; trade and economic growth. Prerequisite: ECON 202. (UG)

ECON 451 INTRODUCTION TO MATHEMATICAL ECONOMICS (3) Intended primarily for students planning a graduate education in Economics. A study of the fundamental mathematical methods widely used in Economics: calculus and linear algebra. Emphasis is on optimization theory; economic examples are used throughout. Prerequisites: ECON 309, ECON 310, or permission of instructor and MATH 211 or MATH 274. (UG)

ECON 470.479 TOPICS IN ECONOMICS (3) This course will study the economic development process in a particular area of the world. The region chosen will depend upon mutual faculty and student interest. There will be an analysis of the different factors that have promoted and hindered economic growth. Various policy options will be explored. Prerequisites: ECON 202, junior standing and two advanced economic courses. (UG)

ECON 485 [585] SEMINAR ON ECONOMIC ISSUES (3) Research and writing of papers on an economic issue selected by the instructor. Prerequisites: ECON 309, ECON 313, and ECON 310. (UG & G)

ECON 493 [593] WORKSHOP ON ECONOMIC EDUCATION (3) Designed to help teachers and school administrators gain a better understanding of the economic working of the society in which we live. Prerequisite: Consent of the instructor. (UG & G)

ECON 495 [595] INDEPENDENT STUDY (I-3) Individual and supervised study in selected areas of economics. Admission by permission of instructor. (UG & G)

ECON 497 [597] PRACTICUM IN ECONOMICS (3) Supervised work experience designed to promote an understanding of the economic system and the practical application of economic principles.

Prerequisites: Economics Major, junior standing, 3.00 GPA and consent of Practicum Coordinator. (UG & G)

Graduate Division

See *TSU Graduate School Catalog* for course descriptions.

ECON 690 INDEPENDENT STUDY (I-3)

ECON 693 ECONOMIC EDUCATION RESEARCH & METHODS (3)

ECON 695 SEMINAR IN ECONOMICS (3)

ECON 697 INTERNSHIP IN ECONOMICS (3)

ELEMENTARY EDUCATION (ELED)

Upper Division

ELED 311 CHILD AND THE ELEMENTARY SCHOOL CURRICULUM (3) The child, the school and community, and the curriculum of the modern elementary school are interpreted in terms of the roles and functions of the public school in a democratic society. Prerequisites: PSYC 101, PSYC 201, ELED 363. (UG)

ELED 321 TEACHING LANGUAGE ARTS IN THE ELEMENTARY SCHOOL (3) Language needs and abilities of children. Development of effective language skills with emphasis on reading. Evenings and summers only; part of Curriculum II in day program. Prerequisites: PSYC 101, PSYC 201. (UG)

ELED 323 TEACHING READING IN THE ELEMENTARY SCHOOL (3) Introduction to reading in the elementary school. A survey of varied approaches with emphasis on skills development. Prerequisites: PSYC 101, PSYC 201, ELED 363. (UG)

ELED 363 FIELD STUDIES FOR ELEMENTARY TEACHING (3) Initial experiences in teaching and learning activities in specified settings will be provided. Students will study school activities which are directly related to classroom instruction as well as community related activities. Prerequisite: One course in education or PSYC 201 or consent of instructor. (UG)

ELED 365 TEACHING SOCIAL STUDIES IN THE ELEMENTARY SCHOOL (3) Locating, organizing, synthesizing, and interpreting fundamental social information. Evenings and summer only; part of Curriculum II in the day program. (UG)

Student Teaching

The following student teaching courses involve ten to twelve weeks, full-time, in public school classrooms under the guidance of master teachers. Conferences with the university supervisor. Prerequisite: Approval of Elementary Education Department and the Director of the Center for Applied Skills in Education.

ELED 379 STUDENT TEACHING IN ELEMENTARY SCHOOL (10) (UG)

ELED 380 STUDENT TEACHING IN ELEMENTARY SCHOOL—ART (6) (UG)

ELED 382 STUDENT TEACHING IN ELEMENTARY SCHOOL—DANCE (6) (UG)

ELED 391 STUDENT TEACHING IN ELEMENTARY SCHOOL—MUSIC (6) (UG)

ELED 392 STUDENT TEACHING IN ELEMENTARY SCHOOL—PHYSICAL EDUCATION (6-7) (UG)

ELED 399 DIFFERENTIATED STUDENT TEACHING—ELEMENTARY (1-8) Student teaching experience in addition to those in ELEM 379 or student teaching in special subject areas, according to needs and interests of the student. Prerequisite: Consent of the Director of the Center for Applied Skills in Education. Not open to those who have completed ELED 498. May be repeated for a maximum of 8 credits. (UG)

ELED 411 [511] STAFF DEVELOPMENT AND LEADERSHIP IN THE ELEMENTARY SCHOOL (3) An introductory course in elementary school staff development and administration with emphasis upon interpersonal and staff relationships, learning strategies and settings, curriculum developments and school-community concerns. A course designed for classroom teachers; curriculum writers; and specialists; senior, helping or resource teachers; teacher advisors; team leaders; grade or department chairpersons; and others in leadership roles. Prerequisites: A teaching certificate and/or teaching experience. (UG & G)

ELED 427 SOCIAL, EMOTIONAL, AND PHYSICAL DEVELOPMENT OF MILDLY AND MODERATELY HANDICAPPED CHILDREN (3) Overview of human development, characteristics and applied techniques in curriculum, instructional methodology: social, emotional, physical development of young mildly and moderately handicapped children. Open to Towson-Coppin Cooperative Education students only. Prerequisites: 6 hrs. psychology, 9 hrs. special education; enrolled in co-op special education program. (UG)

ELED 429 [529] METHODS AND PRINCIPLES OF READING INSTRUCTION—ADVANCED (3) Principles involved in building a developmental reading program; prevention of reading difficulties; methods of remedial reading. Prerequisite: ELED 323 or ELED 462. (UG & G)

ELED 431 TEACHING POPULATION STUDIES (3) Teaching strategies in the examination of the dynamics of population change, focusing on the trends and attitudes affecting mankind's future. Prerequisite: HLTH 101, SOCI 101, GEOG 109 or consent of instructor. (UG)

ELED 441 [541] CURRICULUM DEVELOPMENT IN THE ELEMENTARY SCHOOL (3) The child and his curriculum. The teacher's role in curriculum as a process. Principles and philosophies of curriculum development. Objectives, practices, materials, and evaluation trends. Prerequisite: ELED 379. (UG & G)

ELED 457 [557] ENGLISH FOR THE NON-ENGLISH SPEAKING CHILD (3) Methods of teaching English to elementary school children whose native tongue is another language. Prerequisites: Elementary language arts methods course or elementary teaching experiences or consent of instructor. (UG & G)

ELED 458 [558] PRACTICUM: ENGLISH FOR THE NON-ENGLISH SPEAKING CHILD (1-4) Supervised practical experience in teaching English to elementary school children whose native tongue is another language. Prerequisite: ELED 457 and student teaching or teaching experience. May be repeated for a maximum of 4 credits. (UG & G)

ELED 462 ELEMENTARY CURRICULUM II (6) Integration of language arts (spelling, writing, literature, listening, usage, vocabulary development), social studies (nature of groups, research units, history, economics, government, sociology), and advanced reading instruction. To be taken during student teaching semester. Prerequisites: ELED 311 and approval of Education Department. (UG)

ELED 470-489 [570-589] SPECIAL TOPICS IN ELEMENTARY EDUCATION: (Topic to be named) (1-3) In-depth study of a selected topic in Elementary Education. The specific requirements and prerequisites will vary with each topic and will be designated by the department each time a topic is scheduled. Graduate credit only with approval of the graduate coordinator. Each topic may be taken as a separate course. May be repeated under separate topics for a total of 9 credits. (UG & G)

ELED 491 PRACTICUM: MILDLY/MODERATELY HANDICAPPED CHILDREN IN ELEMENTARY AND MIDDLE GRADES (3) Supervised clinical field experience for students planning to work with mildly/moderately handicapped elementary/middle school students. Required for students in the Towson-Coppin Cooperative Program in Special Education. Open to others by special permission. Prerequisites: 12 hours of special education. (UG)

ELED 494 [594] TRAVEL AND STUDY: ELEMENTARY EDUCATION (1-6) Study abroad of educational facilities, programs, or practices, or selected projects in Elementary Education topics. By special arrangement with program chairperson and sponsoring instructor.

tors. Consent of graduate program coordinator required for graduate degree credit. May be repeated for a maximum of 6 credits. (UG & G)

ELED 495 [595] INDEPENDENT STUDY IN EDUCATION: ELEMENTARY (1-4) An opportunity for especially qualified students to undertake research problems or study projects relevant to their interest and training under the direction of a staff member. Prerequisite: Approval of appropriate program chair. May be repeated for a maximum of 4 credits. (UG & G)

ELED 496 [596] DIRECTED READING: ELEMENTARY EDUCATION (1-4) Independent reading in selected areas of Elementary Education in order to provide for the individual a comprehensive coverage or to meet special needs. By invitation of the Department to major students. Prerequisite: Approval of appropriate program chair. May be repeated for a maximum of 4 credits. (UG & G)

Graduate Division

See *TSU Graduate School Catalog* for course descriptions.

ELED 611 READING AND OTHER LANGUAGE ARTS IN THE ELEMENTARY SCHOOL—ADVANCED (3)

ELED 613 PSYCHOLINGUISTICS AND READING COMPREHENSION (3)

ELED 621 DIAGNOSIS AND PRESCRIPTION FOR LEARNING DIFFICULTIES (3)

ELED 623 DIAGNOSIS AND PRESCRIPTION FOR LEARNING DIFFICULTIES—ADVANCED (3)

ELED 797 INTERNSHIP IN ELEMENTARY EDUCATION (1-6)

ELED 898 MASTER'S THESIS IN ELEMENTARY EDUCATION (3)

ELED 899 THESIS CONTINUUM (1)

ENGLISH (ENGL)**English Course Level And Numbering**

Lower-division English courses (100-200 level) are designed as introductions to the subject. Upper-division English courses (300-400 level) are more particularly focused and assume the student has the background specified by the course prerequisites. There is no difference in degree of difficulty or specialization between 300 level and 400 level courses; students should not assume, therefore, that a 400 level course is more advanced than one at the 300 level.

Beginning Fall 83, the English Department employed the following system for numbering courses:

DVWR 100 series,—Developmental Courses
 ENGL 10 series,—Writing Courses
 ENGL 20 series,—British Literature Courses
 ENGL 30 series,—American Literature Courses
 ENGL 40 series,—World Literature Courses
 ENGL 50 series,—Grammar and Linguistics Courses
 ENGL 60 series,—Analysis, Criticism, and Research Courses
 ENGL 70 series,—Themes and Topics Courses
 ENGL 80 series,—Seminars
 ENGL 90 series,—Honors, Intensive, and Experimental Courses

This new numbering system for English courses is applied throughout this *Catalog*. If a course formerly had a different number, that number is given in parentheses following the course description. If prior to 1983, a student earned credit in an English course bearing the parenthetical number, he or she may not earn credit for it under its new number. In brief, a student may not twice earn credit for the same course even though it is differently numbered. Variable topic courses which may be repeated for credit are identified in the course listings.

Lower Division

ENGL 102 COLLEGE WRITING (3) Review of grammar, study of paragraphs, and reading and writing of essays, with emphasis on patterns of organization. (UG)

ENGL 190 HONORS COLLEGE WRITING (3) Principles of expository writing based on selected readings. Open only to freshmen selected by the English Department on the basis of superior high school records and aptitude test scores; for them this course replaces 1501.102. Honors College. Special permit only. (UG) (ENGL 104.)

ENGL 327 THE VICTORIAN AGE (3) Main currents of British literature and society, 1830-1901, with emphasis on Tennyson, Browning, Arnold, Carlyle, Ruskin, Dickens, and Eliot. Prerequisites: 2 ENGL courses. (UG) (ENGL 337.)

ENGL 331 [517] AMERICAN DRAMA (3) American drama from the Colonial Period to the present, with emphasis on twentieth-century plays by O'Neill, Williams, Miller, Bullins, and Wilder. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 309.)

ENGL 341 [518] HISTORY AND LITERATURE OF THE OLD TESTAMENT (3) The chief books of the Old Testament and the Apocrypha studied from a literary and historical point of view. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 328.)

ENGL 342 [519] FOLKLORE AND LITERATURE (3) How and why literary artists draw plots, characters, themes, and style from ancient folk tradition: the anonymous oral narratives, songs, jests, and proverbs that circulate in all cultures. Focus on universal folkloric

material in such works as the Bible, Aesop's *Fables*, the *Arabian Nights*, *Peer Gynt*, and *Harvest Home*. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 347.)

ENGL 343 [543] MYTH AND LITERATURE (3) Literary reinterpretations of themes and figures from Greek and Roman mythology. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 326.)

ENGL 344 [544] THE CONTINENTAL NOVEL (3) A study of major continental novels in translation. Emphasis will be upon related and comparative elements in the novels of writers of France, Germany, Italy, and other European countries. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 323.)

ENGL 345 PERSPECTIVES IN WORLD DRAMA (3) A study of drama, the perspective to vary. Approaches may include Greek drama and its adaptation to the European stage; Oriental, Indian, African theatre; comparative drama: the genre as developed in various cultures. May be repeated. Prerequisites: 2 ENGL courses. (UG)

ENGL 346 [546] MODERN DRAMA (3) British, American, and European plays of the late nineteenth and twentieth century with attention to playwrights such as Ibsen, Strindberg, Chekov, Shaw, Pirandello, Brecht, Sartre, and Beckett. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 321.)

ENGL 347 WORLD LITERATURE WRITTEN IN ENGLISH (3) Literature originally published in English from Africa (including South Africa), India, Australia, New Zealand, Canada, and the West Indies. Mainly twentieth-century fiction, poetry, and drama. Prerequisites: 2 ENGL courses. (UG)

ENGL 350 [550] COMPARATIVE GRAMMAR (3) Study of English grammar: traditional, structural, transformational. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 332.)

ENGL 351 [501] HISTORICAL LINGUISTICS (3) An introduction to language typology and Indo-European philology; historical development of linguistics up to the twentieth century. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 325.)

ENGL 352 [502] STRUCTURAL LINGUISTICS (3) A study of the developments in linguistic theory in the twentieth century; major figures, De Saussure, Sapir, Bloomfield, Trubetzkoy, Chomsky. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 327.)

ENGL 353 [503] HISTORY OF AMERICAN ENGLISH (3) Origins and history of American dialects; development of elements of vocabulary, sounds, and grammar which distinguish American English; standards of American English. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 329.)

ENGL 361 LITERARY RESEARCH AND APPLIED CRITICISM (3) Bibliography and research methods and critical approaches to literature, with emphasis on the formalistic, social, psychological, and archetypal. Prerequisites: 2 ENGL courses. (UG) (ENGL 351.)

ENGL 363 FILM AND LITERATURE (3) Comparative examination of the complex relationships between film and literature. Prerequisites: 2 ENGL courses. (UG) (ENGL 361.)

ENGL 370 SPECIAL TOPICS: LITERATURE OF WOMEN (3) Selected works by and/or about women, with emphasis on themes, issues, or genres. Variation in content. May be re-elected. Prerequisites: 2 ENGL courses. (UG) (ENGL 357.)

ENGL 371 WOMEN POETS: THEMES AND IMAGES (3) Development of a distinctive body of poetry by British and American women including Browning, Dickinson, Plath, and Rich. Emphasis on twentieth-century American poets and historical background. Prerequisites: 2 ENGL courses. (UG) (ENGL 353.)

ENGL 372 WOMEN WRITERS (3) Development of women's literary traditions in the work of nineteenth- and twentieth-century British and American women, including Austen, Cather, Woolf, and Lessing. Prerequisites: 2 ENGL courses. (UG) (ENGL 355.)

ENGL 373-79 THEMES IN LITERATURE (3) Thematic approach to selected works of American, British, and World literature. Variation in content. May be re-elected once. Prerequisites: 2 ENGL courses. (UG) (ENGL 370.)

- ENGL 417 TOPICS IN WRITING (3)** Specialized topics for writers of non-fiction, fiction and poetry. Variation in content. May be re-elected once. Prerequisites: 2 ENGL courses. (UG) (ENGL 470.)
- ENGL 420 [520] DEVELOPMENT OF THE BRITISH NOVEL: EIGHTEENTH CENTURY (3)** Georgian fiction and its social background, especially works by Defoe, Richardson, Fielding, Smollett, Sterne, and Austen. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 422.)
- ENGL 421 [521] DEVELOPMENT OF THE BRITISH NOVEL: NINETEENTH CENTURY (3)** Mainly Victorian fiction and its social background, especially works by Scott, the Brontës, Thackeray, Dickens, Eliot, and Hardy. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 423.)
- ENGL 422 [522] DEVELOPMENT OF THE BRITISH NOVEL: TWENTIETH CENTURY (3)** Modern fiction and its social background, especially works by Joyce, Lawrence, Woolf, Forster, Waugh, and Greene. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 419.)
- ENGL 423 [523] MODERN BRITISH POETRY (3)** Emphasis on Hopkins, Hardy, Yeats, Auden, Spender, Sitwell, Thomas, and Larkin. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 420.)
- ENGL 425 [525] CHAUCER (3)** Major poems, especially *The Canterbury Tales* and *Troilus and Criseyde*. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 410.)
- ENGL 427 [527] SHAKESPEAREAN COMEDY (3)** Shakespeare's development as a poet and dramatist in the comedies and romances. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 415.)
- ENGL 428 [528] SHAKESPEAREAN TRAGEDY (3)** Shakespeare's development as a poet and dramatist in the histories and tragedies. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 416.)
- ENGL 429 [529] MILTON AND THE HUMANIST TRADITION (3)** Major poetry and prose with emphasis on Milton's place in the humanist tradition. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 429.)
- ENGL 431 [531] LITERATURE OF THE AMERICAN ROMANTIC PERIOD (3)** Social and political backgrounds, 1819-1860, important literary ideas, criticism, and major authors, such as Irving, Cooper, Emerson, Thoreau, Hawthorne, Melville, and Poe. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 427.)
- ENGL 432 [532] LITERATURE OF THE AMERICAN REALISTIC PERIOD (3)** Major writers, such as Dickinson, Twain, Crane, and James; important secondary writers; social and political backgrounds; important literary ideas and criticism, 1860-1914. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 428.)
- ENGL 433 [533] AMERICAN SHORT STORY (3)** Authors and schools, such as Irving, Hawthorne, Poe, Hemingway, Welty, Wright, Porter, local color writers, realists, and naturalists. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 435.)
- ENGL 435 [535] DEVELOPMENT OF THE AMERICAN NOVEL: NINETEENTH CENTURY (3)** Major novelists, such as Cooper, Melville, Hawthorne, Twain, Howells, James, and Crane. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 445.)
- ENGL 436 [536] DEVELOPMENT OF THE AMERICAN NOVEL: TWENTIETH CENTURY (3)** Major novelists, such as Wharton, Fitzgerald, Faulkner, and Ellison. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 446.)
- ENGL 437 [537] AMERICAN POETRY THROUGH FROST (3)** Puritan beginnings through the early twentieth century, with emphasis on Emerson, Poe, Whitman, Dickinson, and Frost. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 447.)
- ENGL 438 [538] MODERN AMERICAN POETRY (3)** Poetic movements from the 1920's to the 1980's, and major poets, such as Eliot, Stevens, Williams, Lowell, Plath, and Rich. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 448.)
- ENGL 441 [541] MODERN FICTION TO WORLD WAR II (3)** Work of the modern masters of fiction, with emphasis on Proust, Mann, and Joyce. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 408.)
- ENGL 442 [542] MODERN FICTION SINCE WORLD WAR II (3)** Works of the significant writers—English, American, and Continental—of the past thirty years, including such figures as Grass, Robbe-Grillet, Solzhenitsyn, and Burgess. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 409.)
- ENGL 451 [551] HISTORY OF THE ENGLISH LANGUAGE (3)** Changes and reasons for the changes in grammar, sound, and vocabulary of the language from Old English to modern times. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 430.)
- ENGL 452 [552] STRUCTURE OF THE ENGLISH LANGUAGE (3)** A linguistic approach to sounds, forms, syntax, and usage. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 431.)
- ENGL 461 [561] HISTORY OF LITERARY CRITICISM (3)** Major statements in literary theory from Aristotle to the present, including Horace, Sidney, Johnson, Coleridge, Eliot, and Frye. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 405.)
- ENGL 465 [565] BRITISH AND AMERICAN PROSE (3)** Non-fictional prose, with emphasis on form and style. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 437.)
- ENGL 471 [571] TOPICS IN WORLD LITERATURE (3)** Authors, periods, genres, or conventions. Variation in content from year to year; may be re-elected once. Prerequisites: 2 ENGL courses. (UG & G)
- ENGL 472 [572] TOPICS IN BRITISH LITERATURE (3)** Authors, periods, genres, or conventions. Variation in content. May be re-elected once. Prerequisites: 2 ENGL courses. (UG & G)
- ENGL 473 [573] TOPICS IN AMERICAN LITERATURE (3)** Authors, periods, genres, or conventions. Variation in content. Prerequisites: 2 ENGL courses. (UG & G)
- ENGL 475 [575] TOPICS IN LINGUISTICS (3)** Topics and issues in contemporary linguistics theory, with particular attention to recent interdisciplinary subspecialty developments: psycholinguistics, sociolinguistics, pedagogic linguistics, etc. Topics to vary. Prerequisite: One linguistics course or consent of the instructor. May be re-elected once. (UG & G) (ENGL 476.)
- ENGL 476 [576] TOPICS IN MULTI-ETHNIC AMERICAN LITERATURE (3)** Possible topics include women in ethnic literature, Jewish writers, the Catholic novel. Variation in content. May be re-elected once. Prerequisites: 2 ENGL courses. (UG & G) (ENGL 475.)
- ENGL 477 TOPICS IN BLACK AMERICAN LITERATURE (3)** Authors, periods, genres, or conventions. Variation in content. May be re-elected once. Prerequisites: 2 ENGL courses. (UG)
- ENGL 485-86 [585-586] SEMINAR IN LITERARY STUDIES (3)** Intensive study of one area of British, American, or World literature, e.g., a specific author, period, school, or genre. Variation in content. May be re-elected. Prerequisite: Junior standing. (UG & G)
- ENGL 490 [590] DIRECTED STUDIES IN ENGLISH (3)** Independent reading of a specific author, period, topic, problem, or school of literature. Topic selected by student in consultation with professor. May be repeated for a maximum of six credits only. Prerequisites: 18 hours in English, or 12 hours in English and 6 in a related discipline; minimum 3.00 average in English and the related discipline; consent of Department chair and instructor. (UG & G) (ENGL 491.)
- ENGL 494 [594] TRAVEL AND STUDY (3-6)** Places and topics to be selected by student in consultation with instructor. Prerequisites: 2 ENGL courses. (UG & G)
- ENGL 497 ENGLISH PRACTICUM (3)** Professional experience in such areas as editing, research, and tutoring directed by a member of the faculty or staff of the University. 1501.497 and 498 may be re-elected or taken in combination for a maximum of six credits. No credit toward English major or minor. Prerequisite: Consent of English Internship/Practicum Coordinator. S/U grading. (UG)
- ENGL 498 ENGLISH INTERNSHIP (3)** On-the-job experience in research, editing, and writing in government, public relations, journalism, industry, and other professional positions. 1501.497 and 498 may be re-elected or taken in combination for a maximum of six credits. No credit toward English major. Prerequisite: Consent of English Internship/Practicum Coordinator. S/U grading. (UG)
- ENGL 499 HONORS THESIS (4)** Intensive treatment of a topic in such areas as literary criticism, creative writing, and expository writing

chosen by the student in consultation with the thesis advisor. Restricted to candidates for Honors in English. (UG)

Graduate Division

See *TSU Graduate School Catalog* for course descriptions.

- ENGL 615 THEORY OF PROSE STYLE (3)**
ENGL 621 STUDIES IN ENGLISH LITERATURE (3)
ENGL 623 STUDIES IN LITERARY CRITICISM (3)
ENGL 625 STUDIES IN AMERICAN LITERATURE (3)
ENGL 627 STUDIES IN WORLD LITERATURE (3)
ENGL 631 STUDIES IN LINGUISTICS (3)

FINANCE (FIN)

Lower Division

- FIN 213 PERSONAL FINANCIAL MANAGEMENT (3)** Management of personal property and income including techniques to improve personal financial status. Not open to students who have taken 0506.213. (UG)
- FIN 299 PRACTICUM IN BANKING (2)** Combination of work experience and courses taken through the Baltimore Chapter of the American Institute of Banking. Up to 12 credits may be earned in this practicum. Not open to students who have taken 0506.299. Prerequisite: Consent of Chair. (UG)

Upper Division

- FIN 331 [531] FINANCIAL MANAGEMENT (3)** Financial problems of business concerns. Instruments and institutions significant for financial management. Prerequisite: ACCT 202 or ACCT 206, junior/major standing. Not open to students who have taken 0506.335. (UG & G)
- FIN 332 [532] ADVANCED CORPORATE FINANCE (3)** Selected topics in managerial finance including cost of capital, capital-structure management, techniques of financing, and tools of financial decision-making. Not open to students who have taken 0506.332. Prerequisites: FIN 331. (UG & G)
- FIN 333 PRINCIPLES OF INVESTMENT AND SECURITY ANALYSIS (3)** Valuation of stocks and bonds: safety, income, and marketability. Analysis of financial statements. Portfolio management. Not open to students who have taken 0506.333. Prerequisites: FIN 331, junior/major standing. (UG)
- FIN 430 BANKING MANAGEMENT (3)** Operation and management of a commercial bank as a business organization. Asset management, liability management and profitability. Not open to students who have taken 0506.430. Prerequisites: FIN 332 and ECON 102. (UG)
- FIN 435 [535] INTERNATIONAL FINANCE (3)** Framework of international finance including balance of payments, foreign exchange, foreign money markets and financial management of the multinational corporation. Not open to students who have taken 0506.435. Prerequisites: FIN 331. (UG & G)
- FIN 491 DIRECTED READINGS (1-3)** Readings in selected functional or conceptual areas of business or management. Not open to students who have taken 0506.491. Prerequisite: Consent of instructor. Special Permit. (UG)
- FIN 495 INDEPENDENT RESEARCH (Finance) (1-3)** Directed research on specific problems in a functional area of finance. May be re-elected for a maximum total of 6 credits. Not open to students who have taken 0506.495. Prerequisite: Consent of instructor. Special Permit. (UG)
- FIN 497 PRACTICUM: FINANCE (3)** Students are required to work in assigned projects in actual business environments. Priority will be given to seniors. Graded under S/U procedure. May be re-elected for a maximum total of 6 credits. Not open to students who have taken 0506.497. Prerequisite: Consent of instructor. Special permit. [Co-op Fee Required] (UG)

FRENCH (FREN)

Lower Division

- FREN 101-102 FRENCH ELEMENTS I, II (4, 4)** A thorough foundation in grammar; drills in pronunciation; elementary conversation; composition and translation; introduction to French culture. (UG)
- FREN 201-202 FRENCH INTERMEDIATE I, II (4, 4)** Review of grammar; conversation and prose composition; translation of texts of cultural value; outside readings. Conducted in French. Prerequisite: FREN 101-102 or equivalent. (UG)

Upper Division

- FREN 301-302 FRENCH COMPOSITION AND CONVERSATION I, II (3,3)** Intensive exercises in French composition and conversation beyond the intermediate level. Conducted in French. Prerequisite: FREN 201-202 or equivalent. (UG)
- FREN 303 FRENCH STYLISTICS (3)** Development of writing skills with stress on language structure and important aspects of style. Conducted in French. Prerequisite: FREN 301-302 or equivalent. (UG)
- FREN 305 CONVERSATION IN FRENCH (3)** Open to native American speakers of English who have been exposed to basic study of French but need to develop fluency and improve oral command for "live" situations in a French context. Topics of contemporary interest; pronunciation correction; extensive use of mass-media and audiovisual materials; language laboratory and dial-access facilities to reinforce classroom instruction. Prerequisite: At least three years of high school French, or two years of college French, or equivalent, or consent of instructor. (UG)
- FREN 311-312 FRENCH CULTURE AND CIVILIZATION I, II (3,3)** French civilization from its origins: history, geography, institutions and the arts. Prerequisite: FREN 301-302 or equivalent. (UG)
- FREN 321-322 SURVEY OF FRENCH LITERATURE I, II (3,3)** French literature from Chanson de Roland to the present. Conducted in French. Prerequisite: FREN 201-202 or equivalent. (UG)
- FREN 331 FRENCH FOR BUSINESS (3)** Introduction to French business and economy, with practice in functional spoken and written transactions in French. Prerequisites: FREN 201-202 or equivalent or consent of instructor. (UG)
- FREN 341 FRENCH LISTENING COMPREHENSION PRACTICE (1)** Practice in understanding spoken French, using recorded interviews, conversations, new programs from French radio, television films or videotapes. Prerequisite: FREN 301 or equivalent. (UG)
- FREN 351 INTRODUCTION TO TRANSLATION: FRENCH-ENGLISH (3)** Training in translation, principally French to English, from magazines and books from a wide variety of disciplines. Prerequisites: FREN 301-302 or equivalent. (UG)
- FREN 391 ADVANCED FRENCH GRAMMAR (3)** French syntax, idiomatic construction, word formation. Conversation, oral and written drill. Conducted in French. Prerequisites: FREN 301, 302. (UG)
- FREN 401 [501] FRENCH PHONETICS (3)** Correction of French pronunciation and analysis or spoken French based on phonological theory. Prerequisites: FREN 301-302. (UG & G)
- FREN 402 [502] APPLIED FRENCH LINGUISTICS (3)** Phonetics, morphology, syntax, points of interference. Linguistic study relating to methodology for French teachers. Conducted in French. Prerequisite: FREN 301-302 or equivalent. (UG & G)
- FREN 411 [511] THE FRENCH NOVEL (3)** Study of the French novel and narrative techniques from the 17th century to the present day. Conducted in French. Prerequisites: FREN 321, 322 or equivalent. (UG & G)
- FREN 421 [521] FRENCH LITERATURE OF THE SEVENTEENTH CENTURY I (3)** Selected works, most of them unabridged from the major writers of France's greatest century. Conducted in French. Prerequisites: FREN 321, 322 or equivalent. (UG & G)
- FREN 425 [525] FRENCH LITERATURE OF THE EIGHTEENTH CENTURY (3)** Principal works of the major writers with the con-

current library and philosophical trends. Conducted in French. Prerequisites: FREN 321, 322 or equivalent. (UG & G)

FREN 431 [531] FRENCH LITERATURE OF THE NINETEENTH CENTURY (3) The rise, flowering, and decline of Romanticism, with the contemporary writers outside the movement. Conducted in French. Prerequisites: FREN 321, 322 or equivalent. (UG & G)

FREN 437 [537] WOMEN WRITERS IN TRANSLATION (3) A study of the writings and the image of women in languages other than English. Changing emphasis from semester to semester: focus on a theme, a period or a geographical area. Prerequisites: Three English courses, including ENGL 102 or ENGL 190, or permission of the instructor. Credit cannot be applied towards a major in a language. (UG & G)

FREN 441 [541] FRENCH LITERATURE OF THE TWENTIETH CENTURY (3) The evolution from fin de siècle to the present day of the novel, the theatre, and poetry as reflections of the artistic and philosophical developments leading to the modern age. Shifting emphasis from semester to semester. Conducted in French. Prerequisites: FREN 321, 322 or equivalent. (UG & G)

FREN 451-452 [551-552] FRENCH POETRY I, II (3,3) The development of French poetry from the Middle Ages to the present day. Conducted in French. Prerequisite: FREN 321, 322. (UG & G)

FREN 461 [561] FRENCH DRAMA (3,3) Development of the French theatre from medieval to modern times; its literature and staging, illustrated by representative plays. Shifting emphasis from semester to semester. Conducted in French. Prerequisites: FREN 321, 322. (UG & G)

FREN 470-479 [570-579] SPECIAL TOPICS IN FRENCH (3) Discussion of a central topic with changing emphasis from year to year. Prerequisite: FREN 321-322 or equivalent. (UG & G)

FREN 475 [575] USE OF AUDIO-VISUAL TECHNIQUES IN MODERN LANGUAGE TEACHING (3) Principles of design and components of communication will be presented. Demonstrations on basic materials production will be given. Students will be required to make materials and show how their materials can be used in foreign language instruction. Prerequisite: Previous teaching experience or consent of department chair. (UG & G)

FREN 483 [583] SPECIAL TOPICS IN FOREIGN LANGUAGE TEACHING (3) Studies in the area of language teaching techniques with changing emphasis from year to year. Prerequisite: Consent of the department chair. (UG & G)

FREN 487 TRAVEL AND STUDY ABROAD (4-15) Study at a French University. Students will live and take courses at the University of Nantes, France. Dates: February through June (1 semester). Prerequisite: Three years of college French or equivalent. Consent of department chair. (UG)

FREN 491 [591] DIRECTED READINGS IN FRENCH LITERATURE (1-3) Reserved for superior students under the guidance of a departmental advisor. Conducted in French. Prerequisite: at least three hours of literature study at the 400 level, consent of department chair. (UG & G)

FREN 492 [592] DIRECTED READINGS IN FRENCH (1-3) Similar to FREN 491 with concentration on a different subject matter. Conducted in French. Prerequisite: at least three hours of literature study at the 400 level, consent of department chair. (UG & G)

FREN 495 PRACTICUM FOR THE CERTIFICATE OF PROFICIENCY IN FRENCH (3) Supervised experience in a work setting providing students the opportunity to apply their classroom learning and skills outside the academic world. Will be one semester (Fall or Spring) for which students receive three credits for eight hours of work per week. Junior or senior undergraduate students in good academic standing and who meet the requirements established for the CERTIFICATE OF PROFICIENCY IN FRENCH should apply for the PRACTICUM during the month of November for the Spring semester and during the month of April for the Fall semester. Prerequisite: Open to students who are enrolled in the Certificate of Proficiency Program in French and who have complied with the program regulations. Written consent of Department Chair and Coordinator of the Program. (UG)

FREN 497 INTERNSHIP IN FRENCH (3) This program is designed to give training and experience using French in working with the government, business and industry in Maryland or Washington, D.C. under professional supervision. Prerequisites: Senior standing and written consent of chairman and coordinator or program. (UG)

Graduate Division

See TSU Graduate School Catalog for course descriptions.

FREN 605 ETUDES ET TRAVAUX STYLISTIQUES (3)

FREN 633-634 SEMINAR ON FRENCH CLASSICISM I, II (3, 3)

FREN 638 SEMINAR IN 18TH CENTURY FRENCH LITERATURE (3)

FREN 639 THE ROMANTIC ERA IN FRANCE (3)

FREN 643-644 PERSPECTIVES DE CRITIQUE LITTERAIRE EN FRANCE (3, 3)

FREN 670-679 SPECIAL TOPICS IN FRENCH LANGUAGE, LITERATURE AND CIVILIZATION (3)

GENERAL EDUCATION (EDUC)

Lower Division

EDUC 101 CAREERS IN EDUCATION (2) Guided field experiences, designed to help students expand their knowledge of careers in education as a basis for choosing a major emphasis. Examination of careers in education and the scope of education in a democracy. (UG)

EDUC 201 THE PARENTING PROCESS (3) An appraisal of methods of parenting theories with specific references to Freud, Glasser, Harris, Ginott, Dreikurs, Gesell, Skinner, and Spock. Designed for those wishing to decide on parenting techniques and those who are professionals who counsel parents. Spring, Fall, Summer. (UG)

Upper Division

EDUC 301 WRITING AND COMMUNICATION SKILLS FOR TEACHERS (3) Practicum on development of written and oral communication skills needed in professional teaching situations. Focus will be on preparation of written materials which are appropriate for specific classroom and professional needs. Course content will be individualized to meet interests and needs of class members. Prerequisites: ENGL 102 or ENGL 190(104). (UG)

EDUC 311 CREATIVE TUTORING (2) A course designed to address the needs of college students who are interested in working with adults in a tutorial relationship. Students will receive instruction in methods and materials for tutoring. Must be taken on S/U basis. Prerequisite: PSYC 101 and consent of instructor. (UG)

EDUC 325 FIELD EXPERIENCES: EDUCATION IN INFORMAL SETTINGS (1-3) Studying and/or working with children in non-classroom settings such as camps, recreational centers, or field trips. Individual plans of study and evaluation will be developed with the instructor. Prerequisite: Consent of instructor. (UG)

EDUC 401 FOUNDATIONS OF EDUCATION (3) Sociological, philosophical, psychological and historical foundations of western education. Perspectives in these areas as they relate to current educational issues and practices. Three semester hours credit upon consent of department chair. Prerequisite: Student teaching and consent of chair, Department of Secondary Education. (UG)

EDUC 402 [502] HISTORY OF EDUCATION (3) Major developments, personalities, and movements in the evolution of education. (UG & G)

EDUC 403 [503] COMPARATIVE EDUCATION (3) A study of patterns of education in different cultural settings with implications for the student of American education. Emphasis on cross-cultural, political, economic and social aspects of education. Prerequisite: EDUC 401 or equivalent or consent of instructor. (UG & G)

EDUC 405 [505] PHILOSOPHY OF EDUCATION (3) Philosophic dimensions of the teaching learning process, as discriminated and

discussed by major philosophers and education philosophers. (UG & G)

EDUC 406 [506] RECENT TRENDS IN TEACHING (3) Recent teaching strategies, organizational patterns and curricular innovations for levels K-12 are examined. Students may pursue individualized projects. Prerequisite: Student teaching or senior standing with consent of instructor. (UG & G)

EDUC 407 [507] CONTEMPORARY ISSUES IN EDUCATION (3) Seminar approach to current issues in education. Prerequisite: Student teaching or senior standing with consent of instructor. (No prerequisites when offered in day.) (UG & G)

EDUC 409 [509] FIELD STUDIES OF THE CHILD AND HIS COMMUNITY (2) Planning and working with groups of children in approved social agencies or making extensive studies of recreational and non-recreational social agencies. Class discussions and field trips. (UG & G)

EDUC 411 [511] OPEN EDUCATION: PHILOSOPHY AND PRACTICE (3) Philosophy and operation of open education schools, planning, management and evaluation. Emphasis on cognitive development. Prerequisite: Teaching experience. (UG & G)

EDUC 414 [614] EDUCATIONAL TESTS AND MEASUREMENTS (2-3) Problems in measurement; principles underlying choice of test instruments, survey of test literature; dealing with test data; correlation and interpretation of tests. (UG & G)

EDUC 415 [515] EDUCATIONAL STATISTICS (3) Designed as a practical course in statistics for the student in education. Emphasis is upon educational applications of descriptive statistics, including central tendency, variability, and association. Prerequisite: MATH 204, MATH 205 or equivalent. (UG & G)

EDUC 417 [517] CHILDREN'S LITERATURE (3) Study of the world of literature for children through wide independent reading as well as examination of non-print materials. Criteria and aids for selection. Attention to authors, illustrators, awards and citations. The importance of literature in the curriculum and in the lives of children. (UG & G)

EDUC 418 [518] YOUNG ADULT LITERATURE (3) Examination of literature as an expression of basic needs and ideas of youth through wide independent reading; studying criteria and aids for selection of books and other media; evaluating in terms of forces affecting society and the adolescent. (UG & G)

EDUC 419 [519] STORYTELLING (3) The selection and presentation of stories for children. A study of sources for the storyteller in folklore, myth, legend, poetry, and the writings of storytellers. Development of skills in storytelling. Prerequisite: EDUC 417 or consent of instructor. (UG & G)

EDUC 431 [531] THE SCHOOL CURRICULUM (3) An examination of curriculum patterns and practices; includes sociological, philosophical and psychological factors which shape the curriculum. Prerequisite: Student teaching or professional experience in education. (UG & G)

EDUC 445 [545] HUMAN RELATIONS AND THE INDIVIDUAL (3) Consideration given to: understanding one's self, the nature of prejudice and environmental factors which influence minority groups and cultures, and relationship of these factors to the development of meaningful educational programs. Prerequisites: For undergraduates: student teaching, and at least one course each in sociology and psychology. For graduates: teaching experience or certification. (UG & G)

EDUC 447 [547] NEW APPROACHES TO POSITIVE LEARNING CLIMATES (3) A study of the theories and skills of various communication and climate setting strategies through problem solving and increased insight about interpersonal relationships. Prerequisite: Teacher certification or consent of the instructor. (UG & G)

EDUC 449 [549] CITIZENSHIP EDUCATION IN THE SCHOOL (3) The development and implementation of activities for citizenship education in the school: philosophy, concepts, principles, techniques and resources for teacher and administrator. Prerequisites: EDUC 401 and ELED 375 or equivalents, consent of instructor, teaching experience. (UG & G)

EDUC 451 [551] GUIDANCE IN THE PUBLIC SCHOOL (2-3) Scope and function of a guidance program; the role of the classroom teacher in guidance. (UG & G)

EDUC 453 [553] SUPERVISORY PRACTICES IN TEACHER EDUCATION (3) Experiences and study in developing particular skills and competencies for supervising quality laboratory/field experiences. Content is designed for supervising teachers, team leaders, and resource personnel. Prerequisite: Teaching experience. Graduates count this as a workshop elective. (UG & G)

EDUC 455 [555] INTRODUCTION TO CAREER DEVELOPMENT EDUCATION: THEORY AND PRACTICE (3) Recent trends in career development school programs K-12; examining presently operating career programs; evaluating existing career materials; assessing attitudes toward work and the elements of career choice. Prerequisite: Undergraduate: six hours of psychology and senior standing; Graduate's, Bachelor's degree or equivalent. (UG & G)

EDUC 460 [560] TEACHING IN A MULTICULTURAL/MULTI-ETHNIC SOCIETY (3) The course will provide teacher education students with the background knowledge, understandings, and techniques to deal effectively with children from diverse cultural and ethnic backgrounds. Prerequisite: 3 credits in Education or PSYC 201. (UG)

EDUC 463 [563] SEX ROLE DEVELOPMENT IN THE SCHOOLS (2 or 3) An examination of theories of sex role development and their impact on educational methods and curriculum. Degree candidates must obtain permission of their graduate advisor. Staffed by Education Division. Assistance of Women's Studies staff may be utilized. The course will carry three credits when scheduled for three hours meeting per week and two credits when scheduled for two hours meeting per week. Prerequisite: 6 credits in Education. (UG & G)

EDUC 467 [567] TEAM TEACHING WORKSHOP (3) Conducted to assist teachers who are actively engaged in team teaching or will be participating as members of a team in the future. (UG & G)

EDUC 470-489 [570-589] SPECIAL TOPICS IN EDUCATION: (Topic to be named) (1-3) In-depth study of a selected topic in Education. The specific requirements and prerequisites will vary with each topic and will be designated by the department each time there is a topic scheduled. Graduate credit only with approval of the graduate program coordinator. Each topic may be taken as a separate course. (UG & G)

EDUC 494 [594] TRAVEL AND STUDY EDUCATION: (PROJECT TO BE NAMED) (1-6) Study abroad of educational facilities, programs or practices, or selected projects in educational topics. By specific arrangement with program chair and sponsoring instructors. Consent of graduate program coordinator required for graduate degree credit. (UG & G)

EDUC 495 [595] INDEPENDENT STUDY IN EDUCATION: (PROJECT TO BE NAMED) (1-4) An opportunity for especially qualified students to undertake research problems or study projects relevant to their interest and training under the direction of a staff member. Prerequisite: approval of appropriate program chair. Graduate credit by consent of graduate program coordinator only. (UG & G)

EDUC 496 [596] DIRECTED READINGS IN EDUCATION (1-4) Independent readings in selected areas of Education, in order to provide for the individual a comprehensive coverage or to meet special needs. By invitation of the Department to major students. Prerequisite: approval of appropriate program chair. Graduate credit by consent of graduate program coordinator only. (UG & G)

Graduate Division

GENERAL STUDIES (GENL)

Lower Division

- GENL 101 THE STUDENT IN THE UNIVERSITY (3)** The nature and purposes of higher education, and information and skills to enhance the success of individual students within this university and within other learning environments. Graded under S/U procedure. Course not open to those who have completed 9500.101. (UG)
GENL 103 INTRODUCTION TO HUMAN RELATIONS (3) An interdisciplinary course designed to present human relations skills emphasizing self awareness, interpersonal skills, and communication and listening skills. Experiential learning, role-playing situations, and real-life activities will be utilized. (UG)
GENL 121 PERSONAL LIFE AND CAREER PLANNING (2) To enable students to understand their role in the world of work, develop a sense of career directionality and maturity, explore concepts related to successful career choice, begin to take action toward achieving satisfactory life planning, in the context of a decision making format. (UG)

- GENL 140 PERSPECTIVES ON ORIENTAL ARTS (3)** Lectures, displays, and discussions by a number of experts on the various types of oriental art. The course is designed to acquaint the novice and the experienced as well with deeper insights into the oriental culture through an examination of art objects in the college's own collection; additional objects brought by guest speakers themselves, and by discussions led by guest experts. (UG)
GENL 196 SELECTED TOPICS IN GENERAL STUDIES (1-3) Study of a topic in a specialized area to be selected by the instructor and student. Each topic must be approved by the Curriculum Committee. Prerequisite: Permission of the Associate Dean. (UG)
GENL 198 PHILOSOPHY OF GENERAL STUDIES (3) An introduction to the concepts of a liberal education through readings, lectures, and discussions. Prerequisite: Must be taken simultaneously with GENL 199. (UG)
GENL 199 PRACTICUM IN GENERAL STUDIES (3) Life experiences in the major areas of a liberal education—museums, theatre, historical landmarks, concerts, etc. Prerequisite: Must be taken simultaneously with GENL 198. (UG)
GENL 203 HUMAN RELATIONS (3) Concepts of human relationships in a metropolitan environment, with examination of different life styles and values of the various groups found in our American society. Prerequisite: GENL 103 or consent of instructor.
GENL 211 EDITORIAL CARTOONING AND ITS PRACTITIONERS: JOURNALISM'S POLITICAL GADFLIES (2) This series of lectures by the former editorial cartoonist for the Baltimore News-American will look at the most lively aspect of the daily newspaper's editorial page. Included are a review of the history of editorial cartooning, an analysis of the works of some of today's most prominent cartoonists and insights into how editorial cartoons are created. No drawing or artistic talent will be required. (UG)
GENL 221 GAMBLING: HISTORY, THEORY AND PRACTICE (3) An academic interdisciplinary approach to an age-old activity. Emphasis on the history, psychology, sociology and mathematics of the practice of gambling, including its beneficial and detrimental aspects. Prerequisite: Sophomore standing. (UG)
GENL 241 THE ETHNIC EXPERIENCE IN AMERICA (3) The course will focus on Baltimore's ethnic groups as a microcosm of American society, and will examine the interaction of ethnic communities (Black, Jewish, Italian, Greek, Eastern-European, Irish, and others) in Baltimore. The interdisciplinary approach will use the talents of social scientists, community representatives, and public school personnel as consultants and guest lecturers. (UG)
GENL 251 THE CREATIVE PROCESS (3) A study of the nature and theories of the Creative Process. Instructional methods will include lecture and discussion. The student will be encouraged to explore his/her personal creative energy through awareness exercises, improvisation, creative potential experiences and discussion. (UG)

Upper Division

- GENL 401 [501] TOPICS IN SOCIAL SCIENCE (3)** Issues and problems to be selected by the instructor and studied from the multiple approaches of various social sciences. Prerequisite: 15 hours in the social sciences. (UG & G)
GENL 411 [511] CREATIVE METHODS OF SOLVING PROBLEMS WORKSHOP (3) The theory and practice of creative problem solving techniques. Analysis and practical application of creative processes with attention to skills in data gathering, problem analysis, idea production, solution evaluation, and strategy development for implementation. Individual and small group work will be employed. Prerequisites: PSYC 101 or EDUC 445 or GENL 203 or consent of instructor. (UG & G)
GENL 421 [521] INTERDISCIPLINARY WORKSHOP IN ASIAN STUDIES (3) Intensive study of a chosen region of Asia, including its physical environment, historical development, government, society, culture, and their interrelationship. An interdisciplinary team of faculty experts will participate, and the region of Asia will vary according to demand. Prerequisite: Approval of coordinator. (UG & G)

Graduate Division

See TSU *Graduate School Catalog* for course descriptions.

GENL 601 INTRODUCTORY SEMINAR IN LIBERAL STUDIES (3)

GENL 602 CULMINATING SEMINAR IN LIBERAL STUDIES (3)

GENL 611 HUMANITIES SEMINAR (3)

GEOGRAPHY & ENVIRONMENTAL PLANNING (GEOG)

Lower Division

GEOG 101 PHYSICAL GEOGRAPHY (3) Introductory topical studies of fundamental natural and selected cultural phenomena in man's environment. Emphasis on climate, landforms, soils, vegetation, and minerals. (UG)

GEOG 102 WORLD REGIONAL GEOGRAPHY (3) Introductory regional studies of man in relation to his natural and cultural environments. Emphasis is on the distinctive and comparative nature of major regions; man's utilization and resources. (UG)

GEOG 105 GEOGRAPHY OF INTERNATIONAL AFFAIRS (3) An introductory survey of the changing political map of the world with special emphasis on a geographical comprehension of the major regions of international cooperation and conflict. (UG)

GEOG 109 INTRODUCTION TO HUMAN GEOGRAPHY (3) Uses the analytical approach of social sciences in the study of institutions of human society to reveal spatial patterns in the responses of men to basic problems and needs. (UG)

GEOG 221 INTERPRETATION OF MAPS (3) Introduction to map elements and map interpretation; study of various types of maps, index systems, and general application of maps in geography. (UG)

GEOG 251 INTRODUCTION TO URBAN PLANNING (3) The sequential origins of planning and urban design, a study of contemporary planning practice, and an analysis of the social, economic and political context of plan formulation and implementation. (UG)

GEOG 270.279 TOPICS IN PLANNING AND GEOGRAPHY (3) Investigation of various geographic and planning issues. Emphasis on analytical skills through readings and research design. Topics to be announced. (UG)

GEOG 299 INTRODUCTION TO SOURCE MATERIALS AND RESEARCH IN GEOGRAPHY (3) Designed to provide the student with a basic working knowledge of research materials; study and review of principal reference literature, journals, and other sources of data used in geographic field and library research. Students may be required to do field work. This course carries credit as an advanced writing course. (UG)

Upper Division

Systematic Courses

GEOG 315 GEOMORPHOLOGY (4) Detailed analysis of the formation, surficial characteristics and global distributions of the earth's landforms. Labs emphasize interpretation of landform assemblages through use of topographic maps and aerial photographs. Cannot be taken for credit by students who have received credit for PHSC 222 or GEOG 371. Prerequisite: Six hours of geography and/or geology including either GEOG 101 or PHSC 121. (UG)

GEOG 317 [502] ENERGY RESOURCES (3) Spatial patterns of traditional and alternative forms of energy will be analyzed. The many facets of the energy problem will be analyzed including physical deposits, economic variables, public policy implication, and geographical patterns. Prerequisite: 6 hours of Geography or consent of instructor. (UG & G)

GEOG 319 [503] SOILS AND VEGETATION (3) A resource study of the world's soils and plant formations with emphasis placed upon their genesis and spatial differentiations. Prerequisite: 6 hours of Geography, CHEM 101, BIOL 101 or 105. (UG & G)

GEOG 329 MEDICAL GEOGRAPHY (3) A study of health problems viewed as imbalances in the interrelationships between humans and elements of their environment, both the physical and cultural. Emphasis is placed on gaining an overview of the field through a comprehension of the application of geographic principles and techniques to the study of human health problems. Prerequisite: Six hours of geography or consent of instructor. This course carries credit as an advanced writing course. (UG)

GEOG 351 [509] URBAN DESIGN—MAN-SPACE-ENVIRONMENT (3) The physical planning process at the immediate, perceptual level. The relation of environment and behavior is explored, different urban areas are analyzed and a short design problem will be assigned. Prerequisite: GEOG 101-102 or consent of instructor. (UG & G)

GEOG 355 [510] HISTORICAL GEOGRAPHY OF URBANIZATION (3) Spatial and temporal development of urbanization and urban morphology from the rise of civilization in the ancient Near East to the contemporary post industrial city. The entire scope of urban functions is surveyed, with the emphasis on the city as a man-made environment. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 357 [511] CULTURAL GEOGRAPHY (3) Study of origins and diffusion of cultures and the resulting impact in creating the world's contrasting cultural landscapes. Not open to those who completed GEOG 221. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 359 [512] ECONOMIC GEOGRAPHY (3) Designed to explain the location of economic activities through a series of principles and theories. Emphasis is on the various sectors of the economy, transportation, and economic development. Not open to those who completed GEOG 231. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 363 [513] SPATIAL ORGANIZATION OF ECONOMIC ACTIVITY (3) Provides an intermediate level coverage of the organization of the economy of space. Draws from basic regional economics to illustrate and explain the geographical patterns of land use, industry, service activities, and regional patterns of economic development. Prerequisite: Six hours of geography including GEOG 359. (UG & G)

GEOG 371 [514] ADVANCED PHYSICAL GEOGRAPHY (4) Detailed analysis of characteristics, distribution, and geographical significance of the earth's landforms. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 373 [515] CLIMATOLOGY (3) Character, causes, and distribution of climatic types. Emphasis upon world patterns. Students may be required to do field work. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 375 [516] QUANTITATIVE METHODS IN GEOGRAPHY (3) Focus on statistical problems associated with the analysis of geographic data. Emphasis on the unique spatial problems of point pattern analysis, areal association, and regionalization. Prerequisite: Six hours of geography, MATH 119, or consent of instructor. (UG & G)

GEOG 377 [517] DESCRIPTIVE METEOROLOGY (4) An introduction to the various meteorological elements. Emphasis is placed on the interaction of temperature, pressure, wind, and moisture in creating weather patterns. Three hours of lecture and two hours of laboratory. Field work may be required. Prerequisite: Six hours of Natural Science or Geography or the equivalent. (UG & G)

GEOG 381 [519] POLITICAL GEOGRAPHY (3) Effect of political groupings upon man's use of the world, and the influence of the geographic base upon political power. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 385 [520] POPULATION GEOGRAPHY (3) General population theory, data sources for population geographers, and the processes of fertility, mortality, and migration. Patterns of population growth and change viewed from both temporal and geographical perspectives. Prerequisite: Six hours of Geography or consent of instructor. (UG & G)

GEOG 391 [522] URBAN SYSTEMS I (3) Survey of the structure, functions, forms and development of urban units. Emphasis upon the

locational features of social, economic, and cultural phenomena. Field work. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 393 TRANSPORTATION AND INFRASTRUCTURE PLANNING (3) Transportation, water supply, wastewater treatment, and solid waste management systems. Their role in the growth and development or urban areas. Policies, programs, and infrastructure planning. Prerequisite: GEOG 391 or consent of instructor. (UG)

GEOG 401 [553] GROWTH OF GEOGRAPHIC THOUGHT (3) History, nature, and methodology of geography as a discipline. Analysis of schools of geographic thought; critical evaluation of important geographic work. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 403 [552] PLANNING IMPLEMENTATION (3) A study of the techniques involved in carrying out an urban plan. Zoning, subdivision control, public works policy and tax structures will be considered. The relation of planning to the political process will be emphasized. Prerequisite: GEOG 391 and GEOG 392 or equivalent and consent of instructor. (UG & G)

GEOG 405 [553] COMPREHENSIVE PLANNING (3) The integration of separate urban systems into the comprehensive design of an urban region. Special emphasis will be placed on neighborhood, community and town planning. Field work may be required. Prerequisite: GEOG 391 and GEOG 392 or equivalent and consent of instructor. (UG & G)

GEOG 407 THE GEOGRAPHY OF THE AGED (3) The aged have emerged in contemporary society as a significant minority group. Elements responsible for the increase in the numbers of older Americans will be examined as well as the forces affecting the distribution of the aged. Particular emphasis will be given to the locational problems of older people in urban areas. Prerequisite: Six hours of geography or consent of instructor. (UG)

GEOG 409 APPLIED CLIMATOLOGY (3) The effects of world climatic patterns on the human and physical environment are analyzed. Especial emphasis is devoted to the interaction between climate and the urban environment. Fieldwork necessary when taken for graduate credit. Prerequisite: GEOG 373, GEOG 377 or consent of instructor.

GEOG 410 ENVIRONMENTAL GEOGRAPHY (3) Energy, water, and mass budgets at the surface of the earth. Prerequisites: GEOG 101 and 3 additional credits of geography. (UG)

GEOG 411 [557] STUDIES IN NATURAL HAZARDS (3) The nature, frequency of occurrence, and distribution of environmental hazards and their impact on humans. Prerequisite: Six hours of Geography or consent of instructor. (UG & G)

GEOG 415 [559] GEOGRAPHICAL ASPECTS OF POLLUTION (3) A systematic study of the spatial aspects of air and water pollution, with special emphasis on pollution in the Greater Baltimore area. Field trips will be conducted to pollution sites and pollution control agencies within the local area. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 417 OUTDOOR RECREATION AND PLANNING MANAGEMENT (3) A study of outdoor recreation in terms of relationships of people, land, and leisure. Emphasis on the principles of planning, designing, and maintaining outdoor recreation areas and facilities. Prerequisite: Six hours of geography or consent of instructor. (UG)

GEOG 484 LAND USE PLANNING (3) Contemporary land use planning emphasizing the problematic nature of land development, the environmental land use planning process, and related growth management issues and techniques. Prerequisite: GEOG 251 or consent of instructor. (UG)

Technique Courses

GEOG 321 [504] INTERPRETATION OF AERIAL PHOTOGRAPHS (3) Reading and interpretation of aerial photographs. The application of the aerial photograph in the fields of geography, geology, and photogrammetry. (UG & G)

GEOG 323 [505] CARTOGRAPHY AND GRAPHICS I (3) Study in design, construction, and effective application of maps and charts for

analysis and publication; practical exercises in the use of cartographic tools, materials, and techniques. (UG & G)

GEOG 324 [506] CARTOGRAPHY AND GRAPHICS II (3) Continued exercises in map graphics and areal distribution maps. New techniques in presentation of graphic data and spatial relationships. Prerequisite: GEOG 323. (UG & G)

GEOG 341 [508] TECHNIQUES AND MATERIALS FOR GEOGRAPHY TEACHERS (3) A systematic review of geographic concepts in relation to interdisciplinary studies in the physical and social sciences. Examination of the content of geography and problems of presentation. (UG & G)

Regional Courses

GEOG 420 [560] GEOGRAPHY OF ANGLO AMERICA (3) Physical and cultural landscapes of the United States and Canada including patterns of economic development of each region and their relationship to their environmental setting. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 423 [523] GEOGRAPHY OF MARYLAND (3) Physical and human geographical elements of the Maryland landscape which explain current patterns and environmental problems. Particular emphasis on historical geographical background of the present landscape. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 431 [562] GEOGRAPHY OF AFRICA (3) A systematic and regional approach to the study of people and environment of Africa, south of the Sahara. Special focus is placed on the distribution of natural resources and the historical-political development of each country as important background for the understanding of current African affairs. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 443 [564] GEOGRAPHY OF EAST ASIA (3) Regional studies of the physical and cultural foundations in China, Japan, and Korea. Emphasis upon human and economic resources, and role in world affairs. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 445 GEOGRAPHY OF SOUTH AND SOUTHEAST ASIA (3) Regional studies of the physical and cultural foundations of India, Pakistan, Ceylon, Philippines, and Indonesia. Principal human and economic resources, problems of development, and role in world affairs. Prerequisite: Six hours of geography or consent of instructor. (UG)

GEOG 447 [565] GEOGRAPHY OF THE MIDDLE EAST (3) Analysis of Southwest Asia and North Africa, including major natural and cultural resources, related patterns of spatial organization, economic and political development, and associated problems. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 451 [566] GEOGRAPHY OF EUROPE (3) Regional analysis and appraisal of the human geography and natural resources of Europe. Problems of nationality, economic development, and cultural conflicts. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 453 [567] GEOGRAPHY OF THE USSR (3) Physical and cultural patterns and their bearing on the Soviet Union as a world power. Regional distribution and use of natural and human resources in agriculture and industry. Problems in economic development and production. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 461 [568] GEOGRAPHY OF LATIN AMERICA (3) Analysis of Latin America will be focusing on the interrelationships between physical and cultural elements which provide a diversity of human habitats throughout the region. Prerequisite: Six hours of geography or consent of instructor. May be repeated for a maximum of 6 credits. (UG & G)

Seminars And Special Courses

GEOG 470-479 [570-579] SEMINAR: SELECTED TOPICS IN GEOGRAPHY (3) Reading and research in selected topics in the field of geography. Seminar topics will be announced. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

2206.481 ENVIRONMENTAL IMPACT ANALYSIS (3) The collection, collation, analysis, and incorporation of physical, social, biological, and economic information for the reviewing and the preparing of environmental impact statement (EIS) reports. Prerequisite: Six hours of geography or consent of instructor. (UG)

GEOG 489 [581] SEMINAR: STUDIES IN ENVIRONMENTAL QUALITY (3) Studies of selected problems in the quality of man's physical and cultural environments. Readings, discussions, and research on geographical and other aspects of man's use of natural resources and major forms of environmental pollution. Prerequisite: Six hours of Geography or consent of instructor. (UG & G)

GEOG 491 [582] GEOGRAPHY/ENVIRONMENTAL PLANNING INTERNSHIP (1-6) Supervised placement and research in selected public and private agencies at appropriate institutions. May be repeated up to a maximum of six credits. Prerequisite: Consent of chair and six hours in geography. May be repeated for a maximum of 6 credits. (UG & G)

GEOG 493 [583] FIELD GEOGRAPHY (2-6) Practical laboratory experience in techniques in the collection and analysis of data by observations, measurements, mapping, and photographic records. Such techniques are to be applied to selected geographic problems. Prerequisite: Six hours of geography or consent of instructor. (UG & G)

GEOG 494 [584] TRAVEL AND STUDY (3-6) Countries and topics to be selected by departments and instructors sponsoring the program. For complete information contact the chair of the department. May be repeated for a maximum of 6 credits. Prerequisite: Consent of instructor. (UG & G)

GEOG 495 [585] DIRECTED READING IN GEOGRAPHY (3) Independent reading in selected areas of geography. Open by invitation of the geography department to students taking a major or minor in geography. Prerequisite: 15 hours in geography and a minimum average of 3.0 in geography. May be repeated for a maximum of 6 credits. (UG & G)

GEOG 496 [586] INDEPENDENT STUDY IN GEOGRAPHY (1-6) Independent research, study, or field experience under supervision of a member of the Geography faculty. Designed for advanced students who wish to conduct independent investigations on aspects of Geography which are of special interest or not covered in other courses. Registration arranged with department chairperson. Prerequisite: Advanced undergraduate standing with at least 18 hours in geography or graduate standing. May be repeated for a maximum of 6 credits. (UG & G)

Graduate Division

GERMAN (GERM)

Lower Division

GERM 101-102 GERMAN ELEMENTS I, II (4, 4) A thorough foundation in grammar; drills in pronunciation; elementary conversation; composition and translation. (UG)

GERM 111 ELEMENTARY GERMAN CONVERSATION (1) Drill of common spoken German phrases. Prerequisite: GERM 101 or equivalent. (Not open to students who have completed GERM 202 or above.)

GERM 201-202 GERMAN INTERMEDIATE I, II (4, 4) Review of grammar; conversation and prose composition; reading of texts of cultural value. Conducted in German. Prerequisite: GERM 101-102 or equivalent. (UG)

Upper Division

GERM 301-302 COMPOSITION AND CONVERSATION I, II (3, 3) Composition and conversation beyond the intermediate level. Conducted in German. Prerequisite: GERM 201-202 or equivalent. (UG)

GERM 303 GERMAN STYLISTICS (3) Development of writing skills with stress on language structure and important aspects of style. Prerequisite: GERM 301-302 or the equivalent. (UG)

GERM 311 CULTURE AND CIVILIZATION (3) A brief survey of the history, geography, and institutions of Germany. Conducted in German. Prerequisite: GERM 201-202 or equivalent. (UG)

GERM 321 SURVEY OF GERMAN LITERATURE (3) German literature from the eighteenth century to the present. Conducted in German. Prerequisite: GERM 201-202 or equivalent. (UG)

GERM 331 GERMAN FOR BUSINESS (3) Vocabulary and phraseology of German business correspondence for active and passive use in a business environment. Prerequisite: GERM 201-202 or equivalent. (UG)

GERM 341 READINGS IN CONTEMPORARY GERMAN (3) Reading and comprehension of non literary texts. Prerequisite: GERM 201-202 or consent of instructor. (UG)

GERM 391 ADVANCED GERMAN GRAMMAR (3) German syntax, idiomatic construction, word formation, original composition. Conversation and oral drill. Conducted in German. Prerequisite: GERM 301-302. (UG)

GERM 401 GERMAN PHONETICS (3) The pronunciation of contemporary German, drill in pronunciation. Prerequisite: GERM 301-302. (UG & G)

GERM 427 [527] GERMAN CLASSICISM (3) Goethe, Schiller, Lessing and others. Conducted in German. Prerequisite: GERM 321 or equivalent. (UG & G)

GERM 431 [531] ROMANTICISM (3) German literature during the Romantic era (1790-1830). Hoelderlin, Novalis, Brentano, Tieck, Grillparzer. Conducted in German. Prerequisite: GERM 321 or equivalent. (UG & G)

GERM 441 [541] MODERN GERMAN LITERATURE (3) The modern masters; Kafka, Mann, Hesse, Rilke, Brecht. Conducted in German. Prerequisite: GERM 321 or equivalent. (UG & G)

GERM 442 [542] GERMAN LITERATURE SINCE 1945 (3) Themes and movements since World War II. Poetry: Eich, Enzensberger, Celan, Bachmann; prose fiction: Boell, Grass; drama: Borchert, Duerrenmatt, Frisch. Conducted in German. Prerequisite: GERM 321 or equivalent. (UG & G)

GERM 461 [561] GERMAN DRAMA OF THE 19TH AND 20TH CENTURIES (3) The development of modern German drama in the successive literary movements, beginning with Kleist. Conducted in German. Prerequisite: GERM 321 or equivalent. (UG & G)

GERM 465 [565] GOETHE'S FAUST (3) A study of the background, themes and structures of this masterpiece. Conducted in German. Prerequisite: GERM 321 or equivalent. (UG & G)

GERM 470-479 [570-579] SPECIAL TOPICS IN GERMAN (3) Discussion of a central topic with changing emphasis from year to year. Conducted in German. Prerequisite: GERM 321 or equivalent. (UG & G)

GERM 475 [575] USE OF AUDIO-VISUAL TECHNIQUES IN MODERN LANGUAGE TEACHING (3) Principles of design and components of communication will be presented. Demonstrations on basic materials production will be given. Students will be required to make materials and show how their materials can be used in foreign language instruction. Prerequisite: Previous teaching experience or consent of the department chair. (UG & G)

GERM 481 [581] THE GERMAN NOVELLE (3) The theory and development of the Novelle in German literature from Goethe to the present. Conducted in German. Prerequisite: GERM 321 or equivalent. (UG & G)

GERM 483 [583] SPECIAL TOPICS IN FOREIGN LANGUAGE TEACHING (3) Studies in the area of language teaching techniques with changing emphasis from year to year. Prerequisite: Consent of the department chair. (UG & G)

GERM 491-492 [591-592] DIRECTED READINGS IN GERMAN (1-3, 1-3) Reserved for superior students under the guidance of a departmental advisor. Content related to student's previous program. Prerequisite: at least three hours of study at the 400 level, consent of department chair. (UG & G)

GERM 495 PRACTICUM FOR THE CERTIFICATE OF PROFICIENCY IN GERMAN (3) Supervised experience in a work setting providing students the opportunity to apply their classroom learning and skills outside the academic world. Will be one semester (Fall or Spring) for which students receive three credits for eight hours of work per week. Junior or senior undergraduate students in good academic standing and who meet the requirements established for the CERTIFICATE OF PROFICIENCY IN GERMAN should apply for the PRACTICUM during the month of November for the Spring semester and during the month of April for the Fall semester. Prerequisite: Open to students who are enrolled in the Certificate of Proficiency Program in German and who have complied with the program regulations. Written consent of Department Chair and Coordinator of the Program. (UG)

GERM 497 INTERNSHIP IN GERMAN (3) This program is designed to give training and experience using German in working with the government, business and industry in Maryland or Washington, D.C. under professional supervision. Prerequisite: Senior standing and written consent of chair and coordinator of program. (UG)

GREEK (GRK)

Lower Division

GRK 101-102 ELEMENTS OF MODERN GREEK I, II (3, 3) A thorough foundation in grammar; drills in pronunciation; elementary conversation and composition; introduction to Greek culture. (UG)

HEALTH SCIENCE (HLTH)

Lower Division

HLTH 101 CURRENT HEALTH PROBLEMS (3) Health problems of current interest or importance on an individual, community, national, and international basis. Includes a general overview of the state of the nation's health. (UG)

HLTH 103 EMERGENCY MEDICAL CARE (3) Designed for people who may be called upon to give first aid and cardio pulmonary resuscitation in the course of their daily activities. Course content will include the Red Cross Standard First Aid and Personal Safety Course and CPR instruction. Certification by the American Red Cross and the Heart Association will be given in Standard First Aid and CPR respectively. (UG)

HLTH 104 PARENTAL AND CHILD HEALTH (3) An introduction to parental and child health in its contemporary, social, and cultural setting. Discussion will include parenthood, prenatal care, growth and development of the child, the school environment, physical handicaps, and public health programs serving the maternal, infant, and preschool populations. Prerequisite: HLTH 101. (UG)

HLTH 107 INTRODUCTION TO HEALTH PROFESSIONS (3) An analysis of professional opportunities in related health fields. Students will be provided the opportunity to interact and discuss the professional role of health educators, medical technologists, occupational therapist, speech language pathologist, and many other health professionals. Students will explore job opportunities and credentialing requirements for each of these programs. (UG)

HLTH 201 INTRODUCTION TO SCHOOL HEALTH (3) A general overview of the school health program, examination of various pertinent curriculum designs, and detailed instruction in structuring weekly and daily sequential planning. Prerequisite: HLTH 101. (UG)

HLTH 202 PRINCIPLES AND PRACTICES IN COMMUNITY HEALTH (3) A survey of community health principles and skills including: public health sciences, behavioral sciences, political legal sciences, and clinical sciences comprising the field of community health. Prerequisite: HLTH 101. (UG)

HLTH 203 FIRST AID INSTRUCTORS (2) American Red Cross First Aid Course for instructors certification. Prerequisite: HLTH 103.

HLTH 204 ELEMENTS OF NUTRITION (3) A pragmatic approach to nutrition that analyzes nutrients in relation to everyday living. Emphasis is placed on education activities concerning nutrition through the life cycle. (UG)

HLTH 206 HEALTH AND URBAN LIVING (3) Study of those conditions of urban living with particular relevance for the health and well-being of urban dwellers. Nature, extent, and programs and problems in dealing with atmospheric pollution, water supply, housing, sanitation, behavioral disorders, mental illness, communicable disease, etc. Prerequisites: HLTH 101, SOCI 101. (UG)

HLTH 207 HEALTH CARE IN THE UNITED STATES (3) A survey course which analyzes the demand, cost, supply and providers of health care. The position and behavior of the health care recipient, analysis of different health care settings and factors such as professionalism, the professional education system, authority structures, ethical responsibilities, referral, cost accountability and how they affect and define methods for delivery of health care services. (UG)

HLTH 208 MENTAL HEALTH (3) A study of the positive aspects of mental health and interpersonal relationships. Emphasis is placed on self-actualization, the helping relationships, constructive confrontation, and mental health roles in school and community. Prerequisite: HLTH 101. (UG)

HLTH 209 CONSUMER BEHAVIOR (3) Examination of consumer behavior in light of psychological, sociological, and ecological principles. Taught on an interdepartmental basis with the Psychology Department. Prerequisites: HLTH 101, PSYC 101. (UG)

HLTH 211 SCHOOL HEALTH FOR PHYSICAL EDUCATION MAJORS (3) An overview of the total school health program and its relationship to community health, techniques of teacher appraisal, and services rendered to the school health program. Prerequisite: HLTH 101. (UG)

HLTH 213 SCHOOL HEALTH FOR EARLY CHILDHOOD AND ELEMENTARY MAJORS (3) A general introductory overview of the total school health program, examination of various pertinent health curriculum designs, exposure to available methods of instruction in health education, practicum in designing weekly and daily lesson plans, and resources available to assist health instruction. Prerequisite: HLTH 101. (UG)

HLTH 221 HUMAN SEXUALITY (3) An individually oriented discussion course designed to explore the multi-disciplinary scope of human sexuality. An in-depth look at the physiological, psychological, emotional, cultural, and social aspects of human sexuality will focus on establishing one's sexuality as a health entity. Prerequisite: HLTH 101. (UG)

HLTH 225 WEIGHT CONTROL: THEORY AND PRACTICE (3)

The theoretical and the practical aspects of losing, gaining, or maintaining weight. Recent medical and behavioral literature will be reviewed. Opportunities will exist in class to make application of the theories. Prerequisite: HLTH 101 or permission of instructor. (UG)

Upper Division**HLTH 301 INSTRUCTIONAL METHODOLOGY IN SCHOOL HEALTH (3)**

An in-depth consideration of the total school health program with emphasis on interpretation of school health services, analysis of selected health education curriculum guides, development of teaching materials, and actual observation and participation in health education in elementary and secondary schools. Prerequisites: HLTH 101, HLTH 201, MATH 237 or SCED 414. (UG)

HLTH 302 PREPARATION FOR FIELD WORK IN COMMUNITY HEALTH (3)

Examination of techniques needed to work in various community health capacities; observation of community health situations. Prerequisites: HLTH 202, MATH 237 or SCED 414. (UG)

HLTH 305 COMMUNITY HEALTH ADMINISTRATION (3)

A survey of current approaches to the theories, practices and organization of community health services administration. Prerequisite: HLTH 202. (UG)

HLTH 311 CHRONIC AND COMMUNICABLE DISEASE (3)

A factual, non-clinical approach to the major chronic and communicable diseases that are health problems in the United States population today. Patient education methods and the role of the health educator in relation to these diseases will be stressed. Prerequisites: HLTH 101, BIOL 101 (BIOL 315 strongly recommended). (UG)

HLTH 321 CRISIS INTERVENTION (3)

Various crisis situations and approaches to intervention in handling these situations will be covered in the course. Examples of specific crisis concerns that will be dealt with are: Drugs, sex, death, suicide, handicaps, mental illness, diseases, and family and peer groups. Prerequisite: HLTH 101 or consent of instructor. (UG)

HLTH 331 NUTRITION FOR HEALTH PROFESSIONALS (3)

An in-depth study of chemical nature and utilization of nutrients; the composition, digestion, absorption of foods, and the normal nutritional requirements of the human body. The focus of the course will be on nutrition and health, and nutrition and disease. Prerequisite: CHEM 101, BIOL 101, or consent of instructor. (UG)

HLTH 401 [501] SEX EDUCATION AND FAMILY LIFE (3)

Designed for the present and future teacher, the course includes an overview of human sexuality. Emphasis will be placed on the need for education about sexuality, theories of sexual education, selection of content, sequential unit planning, survey and availability of A-V materials and the qualifications of the effective sex educator. Prerequisites: HLTH 221 or HLTH 101, PSYC 101, BIOL 101. (UG & G)

HLTH 402 [502] HEALTH SEMINAR (3)

Examination of recent trends in school and community health, reports of student projects, consultation with experts in health field. Prerequisite: Consent of department chairperson. (UG & G)

HLTH 403 [503] HEALTH EDUCATION CURRICULUM (3)

Development of school health education programs based on health needs and problems of school children. Prerequisites: HLTH 101, HLTH 201. (UG & G)

HLTH 405 [505] DRUGS IN OUR CULTURE (3)

An in-depth review of harmless, harmful, useful and useless substances which may affect behavior or mood; the interaction of psychological, sociological and physiological components included. Prerequisite: HLTH 101. (UG & G)

HLTH 411 [511] HEALTH AND LATER MATURITY—THE AGING PROCESS (3)

An approach to the conservation of human resources with emphasis on understanding attitudes and practices related to health in later maturity. Designed for students with a personal or professional interest in the field. Prerequisite: Six hours of health and/or behavioral science or consent of instructor. (UG & G)

HLTH 421-422 FIELD WORK IN COMMUNITY HEALTH (1-14)

Practical experience in participation in community health situations.

Total number of credits accumulated may not exceed 14 for both 421 and 422. Graded under S/U procedure. Prerequisite: HLTH 302; upper-division Health elective. (UG)

HLTH 451 [551] ECOLOGICAL ASPECTS OF HEALTH (3)

An examination of the interrelationship between man and his environment. Emphasis is placed upon health aspects of pollution, housing, sanitation, radiation, behavioral disorders and epidemiology. Prerequisite: BIOL 101 or 110; HLTH 101 or consent of instructor. (UG & G)

HLTH 470-479 [570-579] HEALTH WORKSHOP (3)

For teachers, administrators, and individuals concerned about health related fields. Contemporary health aspects are considered with emphasis on implementation of positive behavior aimed at improving the health of the individual and the community. Students who elect this course for six credits will participate in two workshops. Enrollment is limited to 25. Prerequisite: HLTH 101 or consent of instructor. (UG & G)

HLTH 491 [591] HEALTH DIRECTED READINGS (1-3)

Independent reading in health or related disciplines. Prerequisite: A minimum of 10 credits in health and consent of department chair. (UG & G)

HLTH 494 [594] TRAVEL AND STUDY (3)

An examination of various types of health care delivery in the countries and cities visited in comparison with that of the United States. For complete information contact chair of the department. Prerequisites: HLTH 101 and either HLTH 201 or HLTH 202 or consent of instructor. (UG & G)

HLTH 495 [595] INDEPENDENT STUDY (3)

Directed study on specific problems in health and related fields. Prerequisite: Consent of department chair and 12 hours in health. (UG & G)

HEBR 101-102 ELEMENTS OF HEBREW I, II (3, 3) An introduction to Hebrew. Speaking, reading, and writing, the development of

conversational ability, free composition, and translation from English to Hebrew. Credit given on completion of both semesters. (UG)

HEBR 201-202 HEBREW INTERMEDIATE I, II (3, 3) A continued review of grammatical structure with emphasis on conversational and reading fluency. Vocabulary building, composition and reading and discussion of selected outside readings. Prerequisite: HEBR 101-102. (UG)

HEBR 205 CONTEMPORARY HEBREW LITERATURE (3) Survey of selected short stories in English translation from the time of the tsars in Russia to Israel today. Prerequisites for course: None. (UG)

Upper Division

HEBR 391 READINGS IN MODERN HEBREW LITERATURE (3) The reading and literature analysis of selected short stories by the major writers of Hebrew literature in Israel today. Conducted in Hebrew. Prerequisite: HEBR 201.202 or equivalent or consent of instructor.

HINDI (GENL)

Lower Division

GENL 117-118 HINDI ELEMENTS I, II (3, 3) A thorough foundation in grammar; drills in pronunciation; elementary conversation; vocabulary; reading; compositions and translation. (UG)

HISTORY (HIST)

Lower Division

HIST 101 INTRODUCTION TO ANCIENT CIVILIZATION (3) Political, social, economic, and intellectual forces which shaped the pattern of Near Eastern and European life from the Stone Age through the decline of the Roman Empire. (UG)

HIST 107 INTRODUCTION TO HISTORY OF ISLAMIC CIVILIZATION (3) Survey of the history and culture of the Islamic peoples from Muhammed to the present. Emphasis on the Arabic nations. (UG)

HIST 109 INTRODUCTION TO THE CIVILIZATION OF INDIA (3) Development of the culture of South Asia from earliest times and the emergence of the present nations of Bangladesh, Pakistan, India, and Sri Lanka (Ceylon). (UG)

HIST 116 INTRODUCTION TO CHINESE CIVILIZATION (3) Survey of Chinese history and cultural development from prehistoric times until the confrontation with the Western World in the nineteenth and twentieth centuries. (UG)

HIST 117 INTRODUCTION TO JAPANESE CIVILIZATION (3) Survey of Japanese history and cultural development from prehistoric times until the coming of the West to Japan in the nineteenth and twentieth centuries. (UG)

HIST 121 LATIN AMERICA: COLONIAL PERIOD (3) Political, economic, and social developments in Portuguese and Spanish America from the pre-Columbian period to the movements for independence. (UG)

HIST 122 LATIN AMERICA: NATIONAL PERIOD (3) Struggle for political, economic, and social stability, international relations and cultural patterns in the development of independent Latin America in the nineteenth and twentieth centuries. (UG)

HIST 123 HISTORY OF THE CARIBBEAN AND CENTRAL AMERICA (3) Survey of the cultures and people of the Caribbean and Central American region from the period of Spanish, French, and English colonialism to the 20th century emergence of modern states and modern conflicts. (UG)

HIST 133 HISTORY OF AFRICA: EARLIEST TIMES TO THE NINETEENTH CENTURY (3) Multi-disciplinary approach to the study of selected pre-colonial African societies and the nature of their early relations with Europe. Emphasis on sub-Saharan Africa. (UG)

HIST 134 HISTORY OF AFRICA: NINETEENTH CENTURY TO THE PRESENT (3) Survey of the history of Africa from the period immediately prior to the imposition of colonial rule to the present. Emphasis on sub-Saharan Africa. (UG)

HIST 145 HISTORY OF THE UNITED STATES TO THE MID-NINETEENTH CENTURY (3) Political, economic, social, and cultural forces which shaped the pattern of life in the United States from the founding of the colonies to 1865. (UG)

HIST 146 HISTORY OF THE UNITED STATES SINCE THE MID-NINETEENTH CENTURY (3) Continuation of HIST 145 from 1865 to the present. (UG)

HIST 147 HISTORY OF WOMEN IN AMERICA: 1600 TO THE PRESENT (3) Economic, social, and political activities of women in America since 1600. Emphasis on the roles of race, class, ethnicity, religion and region. (UG)

HIST 149 THEMES IN UNITED STATES HISTORY (3) Thematic approach to the history of the United States focusing on a significant subject selected by the instructor. May be repeated with a different theme for a total of six credits. (UG)

HIST 151 THE WORLD SINCE 1945 (3) Major historical developments in the post WWII era including postwar diplomacy, the Cold War in Europe and Asia, nationalism, the Mid-east problem, the Vietnam war, East-West detente, the nuclear arms race, and political and economic problems in the Third World. (UG)

HIST 201 SURVEY OF ENGLISH HISTORY TO 1783 (3) Evolution of the political, legal, social, economic, and cultural institutions of England and the spread of the Empire overseas. The triumph of Parliament over the monarchy and the development of individual rights of Englishmen. (UG)

HIST 202 BRITISH HISTORY SINCE 1783 (3) Struggle against France, the Industrial Revolution, and the rise of the bourgeoisie to political control. The spread of the empire, the symbolism of the Victorian era, and the revolution of democratic processes. (UG)

HIST 211 CHRISTIANITY FROM JESUS TO LUTHER (3) History of Christianity from the origin through the Protestant Reformation. Emphasis on the interaction between ecclesiastical institutions and social change. (UG)

HIST 231 HISTORY OF RUSSIAN CIVILIZATION (3) Political, social, economic, and intellectual forces which shaped the pattern of Russian life from the ninth to the end of the nineteenth century. (UG)

HIST 241 HISTORY OF EUROPEAN CIVILIZATION THROUGH THE SEVENTEENTH CENTURY (3) Political, social, economic, and intellectual forces which shaped the pattern of European life from post-Roman times through the seventeenth century. (UG)

HIST 242 HISTORY OF EUROPEAN CIVILIZATION FROM THE SEVENTEENTH CENTURY (3) Political, social, economic, and intellectual forces which shaped the pattern of European life from the seventeenth century to the present. (UG)

HIST 245 HISTORY OF EUROPEAN WOMEN (3) Perception of women and their social, religious, and economic role in Europe from the Greeks to the French Revolution. (UG)

HIST 275 THE HISTORY OF ANCIENT ISRAEL (3) Survey of the history and culture of the Israelites from Moses to the second Jewish revolt under Bar-Kokhba in 135 C.E. (UG)

HIST 277 A SURVEY OF JEWISH HISTORY (3) Political, cultural, and socio-economic experiences of world Jewry from the Diaspora to the present. Emphasis on the nineteenth and twentieth centuries. (UG)

HIST 280-289 TOPICS IN HISTORY (3) Development of writing skills and analytical thinking through the study of selected subjects in history; lectures, discussions, compositions, and examinations. (For specific topics see schedule booklet.) Prerequisite: ENGL 102 or ENGL 190. (UG)

HIST 290 INTRODUCTION TO HISTORICAL STUDY (3) Survey of historical writings, the theory of history, introduction to research. Prerequisite: ENGL 102 or ENGL 190. (UG)

Upper Division

HIST 301 [501] ANCIENT NEAR EASTERN CIVILIZATIONS (3) Civilizations of Mesopotamia and Egypt and the peripheral developments in Syria-Palestine and Asia Minor. Prerequisite: HIST 101 or consent of instructor. (UG & G)

HIST 303 [503] HELLENISTIC CIVILIZATION (3) The civilization that arose in the Mediterranean Basin after the conquests of Alexander and the Roman Empire within this context. Prerequisite: HIST 101 or consent of instructor. (UG & G)

HIST 304 [504] ANCIENT GREEK CIVILIZATION (3) The civilization of classical Greece, including the Minoan and Mycenaean bronze age antecedents, to 362 B.C. Prerequisite: HIST 101 or consent of instructor. (UG & G)

HIST 305 [505] ROMAN CIVILIZATION (3) The civilization of ancient Rome from the foundation of the city to the collapse of the Roman empire in the West. Prerequisite: HIST 101 or consent of instructor. (UG & G)

HIST 311 [509] TRADITIONAL INDIA: ITS HISTORICAL DEVELOPMENT (3) Development of the history and culture of India from prehistoric times until the beginnings of European dominance in the eighteenth century. Prerequisite: Six credits in history or consent of instructor. (UG & G)

HIST 312 [510] HISTORY OF MODERN INDIA (3) History of the Indian subcontinent since 1750, stressing the rise of British power, the colonial experiences, the development of nationalist movements, and the problems of independence in present-day India, Pakistan, and Bangladesh. Prerequisite: Six credits in history or consent of instructor. (UG & G)

HIST 313 [511] HISTORY OF MODERN SOUTHEAST ASIA (3) Development of Burma, Thailand, Malaysia, Indonesia, Cambodia, Vietnam and the Philippines since 1500, with emphasis on the colonial experience and development of modern nationhood. Prerequisite: Six credits in history or consent of instructor. (UG & G)

HIST 316 [513] REVOLUTIONARY CHINA (3) Study of the history of revolution in China beginning with the nineteenth century backdrop to revolution and analyzing the Nationalist-Communist struggles and the on-going revolution in post-1949 China. Prerequisite: HIST 116 or six credits in history. (UG & G)

HIST 317 [515] MODERN JAPAN (3) Study of the nineteenth century modernization of Japan, the road toward war against the U.S., the aftermath of the war and Japan's phenomenal economic growth in the post-war period. Prerequisite: HIST 117 or six credits in history or consent of instructor. (UG & G)

HIST 321 [521] HISTORY OF MEXICO: PRE-COLUMBIAN AND COLONIAL (3) Political, economic, social, and cultural developments from early pre-Columbia civilizations to the movement for independence. Prerequisite: Six credits in lower division history. (UG & G)

HIST 322 [522] HISTORY OF MEXICO: NATIONAL PERIOD (3) Political, economic, social, and cultural developments from independence to the present. Prerequisite: Six credits in lower division history. (UG & G)

HIST 323 [523] THE SOCIAL HISTORY OF LATIN AMERICA (3) History of social problems, popular culture, political movements, and revolutionary change in modern Latin American societies. Emphasis on the effects of social changes on men and women in the 19th and 20th centuries. Prerequisite: 6 credits of history, or a course in Latin American history, or consent of instructor. (UG & G)

HIST 325 [524] HISTORY OF INDIANS IN LATIN AMERICA: MAYA, AZTEC AND INCA (3) Ethno-historical examination of the social, economic and political aspects of some of the major indigenous civilizations of Latin America prior to the arrival of the first Europeans, with special attention to Maya, Aztec and Inca civilizations. Prerequisite: Three credits in history or anthropology or consent of instructor. (UG & G)

HIST 327 [525] BUSINESS HISTORY OF LATIN AMERICA (3) Study of business, commerce, industry, finance and agriculture in Latin America from the colonial period to the present. Prerequisite:

Three credits in history and either consent of instructor or junior standing. (UG & G)

HIST 329 [529] THE HISTORY OF LATIN AMERICAN WOMEN (3) Survey of Latin American women in the history of Spanish and Portuguese America from the colonial period in the 16th century to the present. Prerequisite: Three credits in history or women's studies courses, or consent of the instructor. (G & G)

HIST 331 [531] AMERICAN MILITARY HISTORY SINCE 1865 (3) Campaigns, tactics, and institutional development of the armed forces in the context of American politics and diplomacy with emphasis on the period since 1917. Prerequisite: HIST 146. (UG & G)

HIST 345 [533] THE AMERICAN COLONIES: 1492-1763 (3) Founding and the political, economic, and social development of the American colonies. Prerequisite: HIST 145 or HIST 241 or consent of instructor. (UG & G)

HIST 346 [534] THE AMERICAN REVOLUTIONARY PERIOD: 1763-1789 (3) From the end of the Seven Years' War to the ratification of the Constitution. Prerequisite: HIST 145 or HIST 241 or consent of instructor. (UG & G)

HIST 347 [535] THE EARLY NATIONAL PERIOD (3) The United States from the Constitutional Convention to the Election of 1820. The Federalist Decade and the Jeffersonian Era. Prerequisite: HIST 145. (UG & G)

HIST 348 [536] THE JACKSONIAN ERA (3) The United States from 1815 to 1845; political, social, and economic currents of the period. Prerequisite: HIST 145. (UG & G)

HIST 349 [537] THE CIVIL WAR (3) Sectionalism, the coming of the war, and the war years. Emphasis on political, economic, and social issues. Prerequisite: HIST 145. (UG & G)

HIST 350 [538] THE ERA OF RECONSTRUCTION (3) Political, economic, and social study of the Reconstruction era, the war years to 1877, and its aftermath. Prerequisite: HIST 145. (UG & G)

HIST 351 [539] THE U.S. 1865-1901: AGE OF ENTERPRISE (3) Industrialization of the United States, the rise of big business and an examination of resulting problems in economic, social and political life. Prerequisite: HIST 145 or HIST 146. (UG & G)

HIST 352 [540] THE U.S. 1892-1920: AGE OF REFORM (3) America's efforts to deal with the political, social, and economic problems of industrial life; emphasis on the Populist movement; imperialism and the Spanish-American War; the administrations of Theodore Roosevelt, William Howard Taft, and Woodrow Wilson. Prerequisite: HIST 145 or HIST 146. (UG & G)

HIST 359 [541] THE F.D.R. ERA (3) History of the United States from the 1920's through World War II, with emphasis on the presidential years of Franklin D. Roosevelt. Prerequisite: HIST 146. (UG & G)

HIST 360 [542] RECENT AMERICAN HISTORY: 1945-1975 (3) History of the United States from World War II through the mid 1970's, including political, social, economic, and diplomatic developments. Prerequisite: HIST 146. (UG & G)

HIST 361 [543] AMERICAN INTELLECTUAL AND RELIGIOUS HISTORY (3) Analysis of the main religious and philosophical issues in United States history, especially Puritanism, Enlightenment, Transcendentalism, Darwinism and Pragmatism. Prerequisite: A course in United States history or American literature. (UG & G)

HIST 363 [544] SOCIAL HISTORY OF THE UNITED STATES TO 1865 (3) American life to the Civil War, focusing on social structure, mobility, race, ethnicity, family, roles of women, religious and educational institutions, community, and popular culture. Prerequisite: HIST 145. (UG & G)

HIST 364 [545] SOCIAL HISTORY OF THE UNITED STATES SINCE 1865 (3) American life from the Civil War, focusing on social structure, mobility, race, ethnicity, family, roles of women, religious and educational institutions, community, and popular culture. Prerequisite: HIST 146. (UG & G)

HIST 366 [546] A HISTORY OF AMERICAN BUSINESS (3) Study of industry, finance, commerce and agriculture from the Civil War to the present. Prerequisite: Three credits in history and either consent of instructor or junior standing. (UG & G)

HIST 367 [547] THE DEVELOPMENT OF THE U.S. CONSTITUTION: 1787-1941 (3) Intellectual and political influences which produced the Constitution of 1787, the struggle between national supremacy and state sovereignty up to the Civil War, and the development of the new judicial review after 1870. Prerequisite: HIST 145 and HIST 146. (UG & G)

HIST 368 [548] THE U.S. CONSTITUTION AND CIVIL LIBERTIES: 1941 TO THE PRESENT (3) The state of civil liberties issues before the ascendancy of the Warren Court, the revolution which it brought about in the interpretation of the Bill of Rights and the Equal Protection Clause, subsequent efforts to deal with that revolution. Prerequisite: HIST 146. (UG & G)

HIST 369 [549] DIPLOMATIC HISTORY OF THE UNITED STATES TO 1900 (3) Evolution of the American national interest in foreign relations with Europe, Latin America, and the Far East from colonial times to 1900. Emphasis upon the changing character and role of objectives, policies, commitments, and forces. Prerequisite: HIST 145 or HIST 146. (UG & G)

HIST 370 [550] DIPLOMATIC HISTORY OF THE UNITED STATES SINCE 1900 (3) Continuation of HIST 369 to the present with added interest in the emergence of the United States as a major world power. The role of the United States in modern warfare, world wide economic and financial affairs, overseas expansion, the diplomatic impact of conflict in ideologies, and current international crisis. Prerequisite: HIST 145 or HIST 146. (UG & G)

HIST 373 [551] EARLY AMERICAN FRONTIER (3) The westward movement and the effect of the frontier process on social, economic, and political institutions of the United States and the attitudes of the American people to 1850. Prerequisite: HIST 145. (UG & G)

HIST 374 [552] THE FAR WESTERN FRONTIER (3) Expansion into the Trans-Mississippi West and the impact of the frontier process on the attitudes of the American people and on the social, economic, and political institutions of the United States in the nineteenth and twentieth centuries. Prerequisite: HIST 146. (UG & G)

HIST 375 [553] THE CITY IN AMERICAN HISTORY (3) Development of the American city and its impact on society, culture, ethnicity, race relations, the roles of women, economics and politics. Prerequisite: 3 credits in United States history. (UG & G)

HIST 377 [554] THE IMMIGRANT IN AMERICAN HISTORY (3) History of the immigrant experience in America from the colonial period to the present. Emphasis on migration patterns, receptivity of native society, assimilation and acculturation processes. Prerequisites: HIST 145 and HIST 146. (UG & G)

HIST 379 [555] HISTORY OF NATIVE AMERICANS: THE EAST (3) Topical and regional ethnohistory of the native peoples of Eastern America, and their relations with non-native peoples and governments, precontact to the present. Prerequisite: Three credits in American history. (UG&G)

HIST 380 [556] HISTORY OF NATIVE AMERICANS: THE WEST (3) Topical and regional ethnohistory of the native peoples of Western America and their relations with non-native peoples and governments, precontact to the present. Prerequisite: 3 credits of American history. Not open to those who have completed Indian-White Relations in American History. (UG & G)

HIST 381 [557] HISTORY OF AFRO-AMERICANS (3) History of Americans of African ancestry from their West African background to the present. Emphasis on black Americans' thought, activities, organizations, and their role in developing America. Prerequisites: HIST 145 and HIST 146. (UG & G)

HIST 385 [558] AMERICAN LABOR (3) The changing nature of agricultural, domestic, and industrial work; business-labor relations; labor unions and leaders; role of labor in mainstream and radical political movements. Emphasis on the late nineteenth and twentieth centuries. Prerequisite: HIST 146 or three credits in economics. (UG & G)

HIST 391 [559] HISTORY OF CANADA (3) Canadian history with emphasis on the period since 1867. Particular attention will be given to the problems of cultural dualism and confederation. Prerequisite: HIST 145 or HIST 146 or HIST 242 or POSC 101. (UG & G)

HIST 397 [560] HISTORY OF MARYLAND FROM COLONIAL TIMES TO THE PRESENT (3) Major events and forces that have shaped the political, social, cultural, and economic development of Maryland. Prerequisite: Three credits in United States history. (UG & G)

HIST 398 [561] HISTORY OF BALTIMORE (3) Origin and growth of Baltimore focusing on culture, ethnicity, social structure, economics, the roles of women, and political events and forces. Prerequisite: 3 credits in United States history. (UG & G)

HIST 401 [567] THE EARLY MIDDLE AGES: 300-1050 (3) The rebuilding of Europe after the collapse of the Roman Empire. Emphasis on the Church Fathers, the Germanic tribes, Carolingian culture, Feudalism and the Vikings. Prerequisite: HIST 241 or HIST 211 or consent of instructor. (UG & G)

HIST 402 [568] THE HIGH MIDDLE AGES: 1050-1350 (3) The flowering of medieval culture. Emphasis on the role of the church, the emergence of the national monarchies of western Europe, and the creation of towns and universities. Prerequisite: HIST 241 or HIST 211 or consent of instructor. (UG & G)

HIST 403 [569] THE RENAISSANCE ERA: 1300-1500 (3) Political, economic, social, and cultural changes in late medieval and Renaissance Europe. Prerequisite: HIST 241 or 2205.211 or consent of instructor. (UG & G)

HIST 404 [570] THE REFORMATION: 1500-1648 (3) Religious, political, economic, and social changes in Reformation and Counter-Reformation Europe. Prerequisite: HIST 241 or HIST 211 or consent of instructor. (UG & G)

HIST 405 [571] EUROPE: 1648-1815 (3) European state system and expansion of European civilization; intellectual growth and class relationships culminating in the French Revolution and Napoleon. Prerequisite: HIST 242. (UG & G)

HIST 406 [572] EUROPE: 1815-1914 (3) Major economic, political, social, and intellectual currents of the period. The effects of the industrial revolution, the development of nationalism and imperialism, and the origins of World War I. Prerequisite: HIST 242. (UG & G)

HIST 407 [573] EUROPE: 1914-1939 (3) Events leading to World War I, the conflict, and the peace which followed. The rise of conflicting political ideologies and the road to World War II. Prerequisites: HIST 241 and HIST 242. (UG & G)

HIST 408 [574] EUROPE SINCE 1939 (3) World War II—diplomacy, strategy, and results. The economic, social, and political recovery of post-war Europe and the development of new alliance structures. Prerequisites: HIST 241 and HIST 242. (UG & G)

HIST 413 [575] EUROPEAN MILITARY HISTORY: 1871-1945 (3) The two world wars, pre-war and inter-war military developments, and civil-military relations seen in the context of diplomatic and socio-economic history. Prerequisite: HIST 242 or consent of instructor. (UG & G)

HIST 415 [576] DIPLOMATIC HISTORY OF EUROPE: 1815-1939 (3) A study in depth of specific diplomatic crises, with emphasis upon the impact of each upon the European Balance of Power. Prerequisite: HIST 242. (UG & G)

HIST 417 [577] ECONOMIC HISTORY OF EUROPE TO THE MID-EIGHTEENTH CENTURY (3) A study of European economy to the middle of the eighteenth century. Particular attention will be given to the development of commerce, capitalism, manufacture, and mercantilism. Prerequisite: HIST 241. (UG & G)

2205.418 [578] ECONOMIC HISTORY OF EUROPE SINCE THE MID-EIGHTEENTH CENTURY (3) Industrialization of Great Britain, France, Germany, Russia, and peripheral nations from the middle of the eighteenth century. Prerequisite: HIST 242. (UG & G)

HIST 420 [579] EUROPEAN IDEAS: FRENCH REVOLUTION TO THE PRESENT (3) Religious, scientific, political, and social theories of the European intellectual class seen in their historical context from the French Revolution to the present. Prerequisite: HIST 242 or consent of instructor. (UG & G)

HIST 421 [580] GREAT BRITAIN IN THE TWENTIETH CENTURY (3) Political, social, and economic developments in Great

Britain from 1897 to the present with emphasis on social reform, the two World Wars, Socialism and the Labour Party, economic decline, the dismantling of the Empire, and entry into the European community. Prerequisite: HIST 201 or HIST 202 or HIST 242. (UG & G)

HIST 431 [581] FRANCE: 1763-1871 (3) Old Regime and the impact of successive revolutions upon French society. Emphasis upon the role of France in the growth of European liberalism and nationalism. Prerequisite: HIST 242. (UG & G)

HIST 441 [582] GERMANY: 1871-1945 (3) Brief topical analysis of the nineteenth century background. Concentration on the Bismarckian Empire, Weimar Republic, and the Third Reich, emphasizing the interrelationships between internal developments and Germany's role in Europe and the world. Prerequisite: HIST 242. (UG & G)

HIST 451 [583] HISTORY OF IMPERIAL RUSSIA: 1682-1894 (3) Political history and theory, social relations, economic, cultural and literary development, and growth of the Russian state from Peter the Great until the advent of Nicholas II. Prerequisite: HIST 242. (UG & G)

HIST 452 [584] RUSSIA/SOVIET UNION: 1894-1953 (3) Political, ideological, economic, and cultural factors influencing the fall of the monarchy, the Bolshevik Revolution, Leninism, and Stalinism. Prerequisite: HIST 242 or consent of instructor. (UG & G)

HIST 453 [585] HISTORY OF SOVIET RUSSIA SINCE STALIN: 1953 TO PRESENT (3) Topical analysis of political history and theory, economic development, foreign affairs, social changes, and cultural and literary trends. Prerequisite: HIST 151 or 242 or consent of instructor. (UG & G)

HIST 477 [586] EUROPE IN THE THIRD WORLD: COLONIALISM TO CRISIS (3) Impact of modern European Colonialism on the societies of the Third World, chiefly Africa and Asia. Primary emphasis on the nineteenth and twentieth centuries. Prerequisite: HIST 242 or consent of instructor. (UG & G)

HIST 479 [587] A HISTORY OF DIPLOMACY (3) Evolution from its origins to the present with emphasis on the modern period. Historic changes which shifting ideologies and new technologies have wrought in the role of the diplomat. Prerequisites: HIST 241 and HIST 242. (UG & G)

HIST 481 [588] HISTORY OF MANAGEMENT (3) Theory, organization, and operation of selected political, religious, military, economic, and social institutions of the western world. Prerequisite: Three credits in history and either consent of instructor or Junior standing. (UG & G)

HIST 483 [593] DIRECTED INDIVIDUAL RESEARCH (2-4) Research and reading dealing with a historical topic to be selected by the instructor and student; considerable attention to methodology; may be repeated for a total of six credits. Prerequisites: Fifteen credits in history and a minimum average of 3.0 in history and consent of instructor and Department Chair. (UG & G)

HIST 485 HISTORY SEMINAR (3) Research and writing in a specific period and area of history to be selected by the instructor; may be repeated in a different topic for a total of six credits. Prerequisites: Consent of instructor and fifteen credits in history including HIST 290. (UG)

HIST 490 [590] INTERPRETIVE PROBLEMS IN HISTORY (3) In-depth study of historical interpretations of selected topics; may be repeated in a different topic for a total of six credits. Prerequisite: Twelve credits in history appropriate to topic. (UG & G)

HIST 491 [591] BIOGRAPHICAL STUDIES IN HISTORY (3) Study of selected historical figures who have shaped or reflected the past. Figures to be selected by the instructor; may be repeated in different historical figures for a total of six credits. Prerequisite: Six credits in history appropriate to topic. (UG & G)

HIST 492 [592] HISTORICAL THEMES (3) Study through lectures and discussions of a historical topic selected by the instructor; may be repeated in a different topic for a total of six credits. Prerequisite: Six credits in history appropriate to topic. (UG & G)

HIST 493 PRACTICUM (3-6) Experience designed to combine the research and content of history with work in historical libraries, muse-

ums, archival depositories, and similar agencies. No more than six credits to be earned with any one agency; may be repeated for a total of six credits. Prerequisites: Twenty-seven credits in history and consent of Department Chair. Graded under S/U procedure. (Not for Graduate Credit.) (UG)

HIST 494 [594] TRAVEL AND STUDY (3-6) Countries and topics to be selected by the Departments and instructors sponsoring the program. For complete information, write the Chair of the Department early in the fall of the academic year preceding the semester of intended study; may be repeated in different countries and topics for a total of six credits. Prerequisites: Upper division status and consent of instructor. (UG & G)

HIST 496 [596] COLLOQUIUM (3) Group discussion of reading in history or related disciplines approached from a viewpoint that is primarily historical and dealing with broad periods, topics, problems or comparative developments selected by the instructor(s); may be repeated in a different topic for a total of six credits. Prerequisites: Consent of instructor and fifteen credits in history or nine credits in history and six credits in the related discipline. (UG & G)

HIST 497 [597] DIRECTED READING (2-4) Independent reading in history or related disciplines approached from a viewpoint that is primarily historical and dealing with specific periods, topics, problems or comparative developments selected by the student in consultation with the instructor(s); may be repeated for a total of six credits. Prerequisites: Fifteen credits in history or nine credits in history and six credits in the related discipline and a minimum average of 3.0 in history and the related discipline and consent of Department Chair. (UG & G)

HIST 499 SENIOR THESIS (4-8) Research and the writing of a thesis, to be directed by a faculty member in a chosen area of specialization. Prerequisite: Admission to Departmental Honors Program. (Not for Graduate Credit.) (UG)

Graduate Division

See TSU *Graduate School Catalog* for course descriptions.

HIST 783 DIRECTED INDIVIDUAL RESEARCH (2-4)

HIST 797 DIRECTED READING IN HISTORY (2-4)

HUMAN RESOURCE MANAGEMENT (0515)

(Personnel)

Upper Division

HRM 381 [580] HUMAN RESOURCE ADMINISTRATION (3)

Techniques and problems in obtaining and developing a competent workforce. Recruiting, selecting, testing, and evaluating employees. Wage and salary administration. Prerequisite: junior/major standing or consent of instructor. (UG & G) (Not open to students who have taken 0506.381.)

HRM 433 WAGE AND SALARY ANALYSIS (3) Analysis and management of compensation, job evaluation, wage structures and wage plans for the public and private sector. Prerequisite: HRM 381. (UG) (Not open to students who have taken 0506.433.)

HRM 451 [551] INDUSTRIAL RELATIONS (3) Contract negotiation and collective bargaining. Labor disputes, internal problems in unions, management problems, and legal constraints. Prerequisites: HRM 381 and ECON 341. (UG & G) (Not open to students who have taken 0506.451.)

HRM 452 [552] GRIEVANCES AND ARBITRATION (3) Case study analysis of the grievance and arbitration procedure or a means of conflict resolution in existing industrial relations systems. Discharge, discipline, working conditions, past practice, promotion, overtime, and other specific arbitrable issues. Prerequisite: HRM 381. (UG & G) (Not open to students who have taken 0506.452.)

HRM 470-479 SPECIAL TOPICS IN HUMAN RESOURCE MANAGEMENT (3) Course content varies with each topic. In-depth study of contemporary business issues as they affect current management practices. Prerequisite: consent of instructor. Special permit only. (UG) (Not open to students who have taken 0506.470-479.)

0515.491 DIRECTED READINGS (Human Resource Management) (1-3) Readings in selected functional or conceptual areas of human resource management. Prerequisite: Consent of instructor. Special Permit. (UG) (Not open to students who have taken 0506.491.)

HRM 495 INDEPENDENT RESEARCH (Human Resource Management) (1-3) Directed research on specific problems in a functional area of human resource management. May be re-elected for a maximum total of 6 credits. Prerequisite: Consent of instructor. Special Permit. (UG) (Not open to students who have taken 0506.495.)

HRM 497 PRACTICUM: Human Resource Management (3) Students are required to work in assigned projects in actual business environments. Priority will be given to seniors. Graded under S/U procedure. May be re-elected for a maximum total of 6 credits. Prerequisite: Consent of instructor. Special permit. [Co-op Fee Required] (Not open to students who have taken 0506.497.) (UG)

Graduate Division

See TSU Graduate School Catalog for course description.

HRM 670-679 SPECIAL TOPICS IN HUMAN RESOURCE ADMINISTRATION (3)

HRM 695 INDEPENDENT STUDY IN HUMAN RESOURCE ADMINISTRATION (3)

INSTRUCTIONAL TECHNOLOGY (ISTC)

Lower Division

ISTC 101 UTILIZATION OF LIBRARY RESOURCES (3) A course designed to provide the undergraduate student with essential background skills in library use. Emphasis is placed on developing effective and efficient methods of using the card catalog, bibliographies, general and specialized reference works, government documents, and non-print materials. Instruction includes the methodology of writing a term paper. Not open to students who have completed 4901.004. (UG)

ISTC 269 LABORATORY IN INSTRUCTIONAL HARDWARE (1-2) The course will emphasize the development of skills required in the operation of selected instructional hardware. a. Required of all Secondary Education majors during student teaching; ISTC 301 may also be used to fulfill this requirement. b. Not open to students who have completed ISTC 301 or ISTC 415. (UG)

Upper Division

ISTC 301 [501] UTILIZATION OF INSTRUCTIONAL MEDIA (2-3) Materials, devices, techniques and settings are presented in an overview of the field of instructional technology. Laboratory experiences are provided in the operation of instructional hardware. Must be taken for two hours credit if student has taken ISTC 269. Prerequisite: Junior standing or above or departmental approval. (UG & G)

ISTC 302 DESIGN AND PRODUCTION OF INSTRUCTIONAL MATERIALS (3) Students are required to design and produce selected instructional materials. Prerequisite: Junior standing or above or departmental approval. (UG)

ISTC 304 THE PRODUCTION OF INSTRUCTIONAL PRESENTATIONS (3) Emphasis is placed on both the basic knowledge and skills necessary to produce instructional presentations in four major formats: audio tape, video format, synchronized slide-tape program, and super 8mm film properly sequenced. Student acquires experience in producing each of the four types of productions as well as developing instructional guides accompanying each. Prerequisite: Junior standing or above. (UG)

ISTC 305 WRITING SKILLS FOR MEDIA CAREERS (3) Development of competencies for the specialized writing of professional careers in media. Prerequisites: ENGL 102 or ENGL 190 (104) and 6 credits in ISTC or consent. (UG)

ISTC 311 MEDIA CENTER ADMINISTRATION (3) An examination of the organization and administration of media centers for service to students and faculty in school settings such as self-contained classrooms, open-space schools, and in independent study situations. Specific topics studied include planning and equipping media centers, routines, budgets, personnel, and criteria for evaluating school media services. Prerequisite: Junior standing or above. (UG)

ISTC 313 EVALUATION AND SELECTION OF MEDIA (3) A study of evaluating techniques for print and nonprint media. Prerequisite: Junior standing or above. (UG)

ISTC 397 PRACTICUM: THE MEDIA CENTER IN THE ELEMENTARY SCHOOL (6) Supervised media center practice in an elementary or middle school. Intended to be taken in one-half of a semester concurrently with ISTC 475 Methods for Media Personnel in the Elementary School. Prerequisite: Admission by consent of department chair, 2.75 GPA. Graded under S/U procedure. (UG)

ISTC 398 PRACTICUM: THE MEDIA CENTER IN THE SECONDARY SCHOOL (6) Supervised media center practice in a secondary school. Intended to be taken in one-half of a semester concurrently with ISTC 477 Methods for Media Personnel in the Secondary School. Prerequisite: Admission by consent of department chair, 2.75 GPA. Graded under S/U procedure. (UG)

ISTC 423 [523] INSTRUCTIONAL MOTION PICTURE FILM-MAKING I (3) This course provides an introduction to the production of motion picture films designed for instructional use. Included in the course are basic film-making techniques, scripting, editing, and a survey of motion filming equipment. Prerequisite: Junior standing or above. (UG & G)

ISTC 431 [531] INTRODUCTION TO INSTRUCTIONAL TELEVISION (3) The course will explore the design and production of non-commercial television programming for training and education. Basic production of student videotapes, script planning and instructional design competencies will be emphasized. Prerequisite: Junior standing or above. (UG & G)

ISTC 441 [541] COMPUTER TECHNOLOGY AND UTILIZATION (3) Exploratory course concerned with the rationale for and use of computers in learning and related administrative matters. Techniques are examined for the organization, storage, processing, and retrieval of data. Applications include the computer for instruction, the management of instruction, simulation, generation of graphics, and accounting for software and hardware. (Note: The course will not prepare students for occupations in computer science.) Prerequisite: Junior standing or above. (UG & G)

ISTC 453 [553] INTRODUCTION TO INSTRUCTIONAL PHOTOGRAPHY (3) This course presents basic planning and darkroom methods for preparing photographic materials. Although the thrust of the course is the black and white mode, color slides and other special topics are treated. Principles of visual literacy are stressed. Students are required to demonstrate competencies in darkroom utilization and print critiquing as well as print production. Prerequisite: Consent of Department Chair. (UG & G)

ISTC 471 [571] REFERENCE AND INFORMATION SOURCES (3) The bibliographic method, fundamental reference sources, and searching techniques for print and non-print materials are examined. Students are required to demonstrate competencies in the use of reference sources. Prerequisite: Junior standing or above. (UG & G)

ISTC 473 [573] CATALOGING AND CLASSIFICATION OF MEDIA (3) Cataloging, subject analysis, classification and bibliographic control. The use of commercial processing services and central processing in the school system. The concept of a unified catalog and materials center for print and non-print materials is stressed. Prerequisite: Junior standing or above. (UG & G)

ISTC 475 METHODS FOR MEDIA PERSONNEL IN THE ELEMENTARY SCHOOL (2) The evaluation of the school library-media center's function and services in curriculum work with teachers and students. Methods of preparing and utilizing the media program. (To be taken concurrently with EDUC 397 Practicum: The Media Center in the Elementary School.) Prerequisite: Admission by consent of Coordinator of the General Studies Program in Education and the ISTC Chair. Special Permit. Graded under S/U procedure. (UG)

ISTC 477 METHODS FOR MEDIA PERSONNEL IN THE SECONDARY SCHOOL (2) The evaluation of the school library-media center's function and services in curriculum work with teachers

and students. Methods of preparing and utilizing the media program. (To be taken concurrently with EDUC 398 Practicum: The Media Center in the Secondary School.) Prerequisite: Admission by consent of the Coordinator of the General Studies Program in Education and the ISTC Chair. Special Permit. Graded under S/U procedure. (UG)

ISTC 495 INDEPENDENT STUDY IN INSTRUCTIONAL TECHNOLOGY (I-3) Individual and supervised study of research problems and special projects in specific areas of instructional Technology. Prerequisites: Junior standing or above and special permit. (UG)

ISTC 497 PRACTICUM IN INSTRUCTIONAL TECHNOLOGY (6) The student under faculty and professional supervision works in an instructional media setting. Prerequisites: Major, Senior standing and consent of Chair. (UG)

Graduate Division

INTERNATIONAL BUSINESS (INBU)

Upper Division

INBU 355 INTRODUCTION TO INTERNATIONAL BUSINESS (3) International payments, importing and exporting, foreign investment, market entry, foreign taxation, international business law. Prerequisite: junior/major standing or consent of instructor. (UG) (Not open to students who have taken 0506.355.)

INBU 421 [521] INTERNATIONAL TRANSPORTATION (3) Developments, operations, and economic regulations of air and ocean transportation between the United States and foreign nations. Movement of goods and passengers between countries. Prerequisite: MKTG 371. (UG & G) (Not open to students who have taken 0506.421.)

INBU 437 MULTINATIONAL MANAGEMENT AND STRATEGIES (3) Global strategy, management and organization of multinational corporations. Organization development, strategy, and interac-

tion of host country policies and multinational operations. Prerequisite: INBU 355, MNGT 361. (UG) (Not open to students who have taken 0506.437.)

INBU 445 [545] INTERNATIONAL MARKETING (3) Environment of international marketing including channels of distribution, advertising, and legal, economic and cultural factors. Problems and obstacles related to market surveys and development of policies. Regional studies. Prerequisites: MKTG 341, INBU 355. (UG & G) (Not open to students who have taken 0506.445.)

0513.470-479 SPECIAL TOPICS IN INTERNATIONAL BUSINESS (3) Course content varies with each topic. In-depth study of contemporary business issues as they affect current international business practices. Prerequisite: consent of instructor. Special permit only. (UG) (Not open to students who have taken 0506.470-479.)

INBU 491 DIRECTED READINGS (International Business) (I-3) Readings in selected functional or conceptual areas of international business. Prerequisite: Consent of instructor. Special Permit. (UG) (Not open to students who have taken 0506.491.)

INBU 495 INDEPENDENT RESEARCH (International Business) (I-3) Directed research on specific problems in a functional area of international business. May be re-elected for a maximum total of 6 credits. Prerequisite: Consent of instructor. Special Permit. (UG) (Not open to students who have taken 0506.495.)

INBU 497 PRACTICUM: International Business (3) Students are required to work in assigned projects in actual business environments. Priority will be given to seniors. Graded under S/U procedure. May be re-elected for a maximum total of 6 credits. Prerequisite: Consent of instructor. Special Permit. [Co-op Fee Required] (UG) (Not open to students who have taken 0506.497.)

Graduate Division

See TSU *Graduate School Catalog* for course descriptions.

INBU 670-679 SPECIAL TOPICS IN INTERNATIONAL BUSINESS (3)

INBU 695 INDEPENDENT STUDY IN INTERNATIONAL BUSINESS (3)

ITALIAN (ITAL)

Lower Division

ITAL 101-102 ITALIAN ELEMENTS I, II (4, 4) A thorough foundation in grammar; drills in pronunciation; elementary conversation; composition and translation. (UG)

ITAL 201-202 ITALIAN INTERMEDIATE I, II (4, 4) Review of grammar, conversation and prose composition; translation of texts of cultural value; outside readings. Prerequisite: 1104.101-102 or equivalent. (UG)

Upper Division

ITAL 301-302 ITALIAN COMPOSITION AND CONVERSATION I, II (3, 3) Composition and conversation beyond the intermediate level. Conducted in Italian. Prerequisite: 1104.201-202, or equivalent. (UG)

ITAL 321-322 SURVEY OF ITALIAN LITERATURE I, II (3, 3) A thorough examination of Italian literature from the thirteenth century to the present. Conducted in Italian. Prerequisite: 1104.201-202. (G)

JAPANESE (JPNS)

Lower Division

JPNS 101-102 JAPANESE ELEMENTS I, II (3, 3) Development of elementary vocabulary and sentences, forms of written language, conversation, composition and translation. This course will be given using the techniques of programmed instruction. (UG)

JPNS 201-202 JAPANESE INTERMEDIATE I, II (3, 3) Review of elementary Japanese; intermediate Kanji; conversation and prose composition; translations; outside readings commensurate with the ability of individual student. This course will be given using the techniques of programmed instruction. Prerequisite: JPNS 101-102. (UG)

LATIN (LATN)

Lower Division

LATN 101-102 LATIN ELEMENTS I, II (3, 3) The fundamentals of Latin grammar will be taught and related to French, Italian, and Spanish. Selections from elementary texts will be read. (UG)

LATN 201-202 LATIN INTERMEDIATE I, II (3, 3) Students will read selections from Caesar's Gallic War, Cicero's Cataline, Pro Archia, De Senectute de Amicitia. Sentences will be translated from English to Latin. Grammar will be reviewed. Prerequisite: LATN 101-102 or consent of instructor. (UG)

MANAGEMENT (MNGT)

Upper Division

MNGT.361 [511] MANAGEMENT THEORY (3) Nature, development and future prospects of management and organization theory. Management functions and processes in terms of organization, directing, communication, goals and responsibilities. (UG & G) (Not open to students who have taken 0506.361.)

MNGT.363 [513] QUANTITATIVE METHODS FOR BUSINESS I (3) Processes, tools, and techniques for quantitative analysis for management; basic theory for solving deterministic and probabilistic models with emphasis on applications to business; linear programming, transportation, assignment, simple network models, and statistical decision making. Prerequisites: MATH.111 and MATH.231. (UG & G) (Not open to students who have taken 0506.363.)

MNGT.365 PRINCIPLES OF PRODUCTION MANAGEMENT (3) The manufacturing system from the viewpoint of a production manager. Application of analytical and quantitative decision-making techniques useful in production management. Prerequisite: MNGT.363. (UG) (Not open to students who have taken 0506.365.)

MNGT.437 MANAGEMENT INFORMATION SYSTEMS (3) Information requirements of the typical business organization: Data base design, analysis, and implementation. Prerequisite: Senior standing or consent of department.

MNGT.455 [555] SMALL BUSINESS DEVELOPMENT (3) Promotional and entrepreneurial functions in starting a business through research, evaluation, design, planning and organization of a small business. Marketing, production, finance, and managerial activities are involved. Prerequisite: 9 hours upper level SBE courses or consent of the instructor. (UG & G) (Not open to students who have taken 0506.455.)

MNGT.463 [563] ORGANIZATIONAL LEADERSHIP (3) Leadership styles and strategies by relating the appropriate marketing, financial, and production information available to management. Prerequisite: nine hours upper level SBE courses. (UG & G) (Not open to students who have taken 0506.463.)

MNGT.465 ORGANIZATIONAL DEVELOPMENT (3) Theories and methods used by managers to facilitate the adaption or the organization and its participants to changing environmental demands. Prerequisite: MNGT.361. (UG) (Not open to students who have taken 0506.465.)

MNGT.467 QUANTITATIVE METHODS FOR BUSINESS (3) Network models, queueing theory, game theory, and decision models with multiple objectives; utilization of the microcomputers for analysis of complex business decisions. Prerequisite: MNGT.363. (UG) (Not open to students who have taken 0506.467.)

MNGT.470-479 SPECIAL TOPICS IN MANAGEMENT (3) Course content varies with each topic. In-depth study of contemporary business issues as they affect current management practices. Prerequisite: consent of instructor. Special permit only. (UG) (Not open to students who have taken 0506.470-479.)

MNGT.481 [581] BUSINESS POLICY (3) A course requiring practical application of principles of management in an organizational framework. Class will integrate functional skills in the areas of finance, marketing, personnel, and management. Prerequisite: senior standing or consent of instructor. (UG & G) (Not open to students who have taken 0506.481.)

MNGT.482 BUSINESS ENVIRONMENT AND PUBLIC POLICY (3) Institutional relationships between business and society, and between business and government, with particular emphasis on the influence these dynamic forces have on the changing managerial task. Consumer demands, legal threat, economic uncertainty, public scrutiny and ethical dimensions of decision in the perspective of future managerial strategies. Prerequisites: MNGT.361 and 9 upper level TSBE credits. (UG) (Not open to students who have taken 0506.482.)

MNGT.491 DIRECTED READINGS (Management) (1-3) Readings in selected functional or conceptual areas of business or management. Prerequisite: Consent of instructor. Special Permit. (UG) (Not open to students who have taken 0506.491.)

MNGT.495 INDEPENDENT RESEARCH (Management) (1-3) Directed research on specific problems in a functional area of management. May be re-elected for a maximum total of 6 credits. Prerequisite: Consent of instructor. Special Permit. (UG) (Not open to students who have taken 0506.495.)

MNGT.497 PRACTICUM: Management (3) Students are required to work in assigned projects in actual business environments. Priority will be given to seniors. Graded under S/U procedure. May be re-elected for a maximum total of 6 credits. Prerequisite: Consent of instructor. Special Permit. [Co-op Fee Required] (UG) (Not open to students who have taken 0506.497.)

Graduate Division

See TSU Graduate School Catalog for course descriptions.

MNGT.601 ADMINISTRATIVE THEORY AND PRACTICE (3)

MNGT.670-679 SPECIAL TOPICS IN MANAGEMENT (3)

MNGT.695 INDEPENDENT STUDY IN MANAGEMENT (3)

MARKETING (MKTG)

Lower Division

MKTG.221 BASIC REAL ESTATE (3) Principles of real property, landlord-tenant relationship, contracts, agency and listings, transfer of title, title insurance and settlements, fundamentals of appraising, real estate finance, license law, rules and regulations, Code of Ethics, rights and community relations, and basic real estate mathematics. Fulfills the Maryland Real Estate Commission's basic course requirement for the Real Estate Salesperson license and will assist in successfully completing the E.T.S. Salesperson Licensing Exam. (Not for major credit.) 4 Contact hours. (UG) (Not open to students who have taken 0506.221.)

MKTG.223 LIFE INSURANCE (3) Fundamental principles, contracts, cost to policy holders, premium computation, calculation, apportionment of surplus. Laws and regulations, estate planning and group insurance. (Not for major credit.) (UG)

MKTG.224 REAL ESTATE APPRAISAL AND DEVELOPMENT (3) Nature and purpose of appraisals; basic principles of real property value; the appraisal process; developing building cost estimates; theory and procedure of coordinated land use and development—both commercial and industrial; business-government relationships; urban renewal; zoning regulations; the role of the builder in real estate development; and condominiums. (Does not count for major credit.) Prerequisite: MKTG.221. (UG) (Not open to students who have taken 0506.224.)

MKTG.225 REAL ESTATE LAW AND INSTRUMENTS (1) Intensive review of Real Estate Law and instruments. Fulfills the Maryland Real Estate Commission's Continuing Education requirement. Prerequisite: MKTG.221 or the equivalent, or taken concurrently. (UG) (Not open to students who have taken 0506.225.)

Upper Division

MKTG.341 [540] PRINCIPLES OF MARKETING (3) Marketing problems of business firms. Influence of the marketplace, the industry structure, and the role of government. Prerequisite: junior/major standing or consent of instructor. (UG & G) (Not open to students who have taken 0506.341.)

MKTG.343 PHYSICAL DISTRIBUTION MANAGEMENT (3) Transportation, packaging, materials handling, warehouse location. A systems approach is employed emphasizing the trade-offs between the various functions. Prerequisite: MKTG.341. (UG) (Not open to students who have taken 0506.343.)

MKTG.345 ADVERTISING MANAGEMENT (3) Promotional strategies for different classifications of products and services. Planning, preparing and scheduling advertisements. Media selection and determination of effectiveness. Advertising research. Prerequisite: MKTG.341. (UG) (Not open to students who have taken 0506.345.)

MKTG.351 SALES MANAGEMENT (3) Sales organization and the management of the selling function within the organizational structure. Prerequisite: MKTG.341 or consent of instructor. (UG) (Not open to students who have taken 0506.351.)

MKTG.371 PRINCIPLES OF TRANSPORTATION (3) Economic and political factors affecting transportation and transportation systems. Development problems and government regulations. Study of freight and passenger carrier modes. Prerequisite: junior/major standing or consent of instructor. (UG) (Not open to students who have taken 0506.371.)

MKTG.419 TRAFFIC MANAGEMENT (3) Managerial skills required to successfully control a company's in-bound and out-bound transportation. Prerequisite: MKTG.371. (UG) (Not open to students who have taken 0506.419.)

MKTG.423 NATIONAL TRANSPORTATION POLICY (3) Examination of current issues related to national transportation policy. Public policy. Alternatives and their impact on the transportation industry, transportation users, and the general public. Prerequisite: MKTG.371. (UG) (Not open to students who have taken 0506.423.)

MKTG.427 ADVANCED DISTRIBUTION PROBLEMS (3) Significant distribution problems faced by business firms. Developing feasible solutions in a structured decision framework. Prerequisites: MKTG.343, MKTG.371, MKTG.423, senior standing or consent of instructor. (UG) (Not open to students who have taken 0506.427.)

MKTG.431 ADVANCED MARKETING MANAGEMENT (3) Competitive activities, the preparation of forecasts and projections, and the development and execution of comprehensive marketing programs. Prerequisite: MKTG.441. (UG) (Not open to students who have taken 0506.431.)

MKTG.441 [541] MARKETING RESEARCH AND FORECASTING (3) Marketing research as a tool facilitating the corporate decision-making process from sales research, market analysis through motivational analysis, advertising policy and product and package design. Research design, sampling theory, data collection, interview techniques and statistical analysis. Prerequisites: MKTG.341 and MATH.231. (UG & G) (Not open to students who have taken 0506.441.)

MKTG.442 [542] SEMINAR IN MARKETING (3) Development of decision-making skills and the formulation of strategies and policy. Market segmentation, consumer behavior, pricing, product line strategy, and promotion. Prerequisites: MKTG.341; MATH.231 or ECON.301. (UG & G) (Not open to students who have taken 0506.442.)

MKTG.443 INDUSTRIAL MARKETING (3) Specific requirements for successful marketing of industrial products, as opposed to consumer goods, are discussed in detail. Significant aspects of marketing functions will be investigated in the light of the need of the industrial user. Prerequisite: MKTG.341. (UG) (Not open to students who have taken 0506.443.)

MKTG.470-479 SPECIAL TOPICS IN MARKETING (3) Course content varies with each topic. In-depth study of contemporary business issues as they affect current management practices. Prerequisite:

consent of instructor. Special permit only. (UG) (Not open to students who have taken 0506.470-479.)

MKTG.491 DIRECTED READINGS (Marketing) (1-3) Readings in selected functional or conceptual areas of marketing. Prerequisite: Consent of instructor. Special Permit. (UG) (Not open to students who have taken 0506.491.)

MKTG.495 INDEPENDENT RESEARCH (Marketing) (1-3) Directed research on specific problems in a functional area of marketing. May be re-elected for a maximum total of 6 credits. Prerequisite: Consent of instructor. Special Permit. (UG) (Not open to students who have taken 0506.495.)

MKTG.497 PRACTICUM: Marketing (3) Students are required to work in assigned projects in actual business environments. Priority will be given to seniors. Graded under S/U procedure. May be re-elected for a maximum total of 6 credits. Prerequisite: Consent of instructor. Special Permit. [Co-op Fee Required] (UG) (Not open to students who have taken 0506.497.)

Graduate Division

See *TSU Graduate School Catalog* for course descriptions.

MKTG 603 MARKETING ADMINISTRATION

MKTG 670-679 SPECIAL TOPICS IN MARKETING (3)

MKTG 695 INDEPENDENT STUDY IN MARKETING (3)

MASS COMMUNICATION (0605)

Lower Division

MCOM.151 INTRODUCTION TO JOURNALISM (3) General survey of journalism to include print and broadcast media. Study of the personnel, tasks and institutions of the profession. Consideration of the historical development of journalism, legal concerns and ethical standards. Prerequisite: ENGL.102. (UG)

MCOM.201 INTRODUCTION TO BROADCASTING (3) An introduction to the concepts of the role of history, science, politics, and economics in the development and present status of broadcasting. (UG)

MCOM.202 INTRODUCTION TO FILM (3) An introduction to motion picture communication, technology, and terminology with film analysis and filmmaking projects. (UG)

MCOM.205 IMAGES OF WOMEN IN FILM (3) Examination of the treatment of women in film from the silent movies to the present. Exploration of how these images reflect and affect the social role/status of women during the period. Emphasis on American film. (UG)

MCOM.211 COMMUNICATION PROCESS (3) Introduction to the communication process with emphasis on the functions of language and the problems of responsibility in communication. (UG)

MCOM.213 LISTENING (3) Course is designed to discuss, exemplify, and practice listening skills. Intensive study of individual listening ability with emphases placed upon awareness and improvement. (UG)

MCOM.214 PRINCIPLES OF ADVERTISING (3) Review of the contribution made by advertising to the United States economy, and of the principles and practices as applied to electronic and printed media. (UG)

MCOM.265 RADIO PRODUCTION I (3) A course structured to introduce the student to the equipment and performance techniques necessary to produce a variety of radio show formats. The student will be required to participate on the campus radio station. Prerequisites: MCOM.201, 1506.131. (UG)

MCOM.267 FILMMAKING I (3) An introduction to the techniques and theories of motion picture production. Students design, film, and edit their own projects. Prerequisites: MCOM.202 and consent of instructor. (UG)

MCOM.271 TELEVISION PRODUCTION I (3) An introduction to the basic principles, procedures, and techniques of television production. Students will be required to participate on the college television

production crew. (Not open to students who have had MCOM.261, Basic TV Techniques.) (UG)

Upper Division

MCOM.315[515] BUSINESS AND PROFESSIONAL COMMUNICATION (3) The examination of curriculum vitae preparation, dyadic encounters (particularly the interview) and the exploration of communication in various business structures. Agenda, briefings, meetings, conferences, and strategies of attributional and communicative techniques employed in professional settings. Prerequisite: SPCH.131 or equivalent. (UG & G)

MCOM.351 [550] PUBLIC OPINION AND THE PRESS (3) Journalistic aspects of public opinion and propaganda; the impact of mass communication media on the formation of public opinion. Techniques of polling and testing public opinion. (UG & G)

MCOM.353 [552] PUBLICITY AND PUBLIC RELATIONS (3) Provides an awareness and understanding of public relations activities. Students learn publicity techniques and how to organize campaigns. (UG & G)

MCOM.355 NEWSWRITING (3) Introduction to news writing from the standpoint of style, structure and readability. Prerequisites: MCOM.151 one English Composition course, and *efficient typing skill*. (UG)

MCOM.356 [556] FEATURE WRITING (3) Preparation of long and short articles, editorials and news features. Prerequisites: MCOM.355, one English Composition course, and *efficient typing skill*. Fulfills advanced writing requirement. (UG & G)

MCOM.358 [558] NEWS EDITING (3) Practice in editing, headline writing, page make-up and use of pictures and type in newspapers, and editing copy for use on radio and television. Prerequisite: MCOM.355. (UG & G)

MCOM.359 MAGAZINE PUBLISHING (3) Examination of the principle practices, problems, and trends in magazine publishing through tracing process of a magazine from copy to bindery. Steps in periodical production stressing emphasis on layout factors. Intensive analysis of magazine markets and case studies of magazine publishing problems. Prerequisites: MCOM.151, MCOM.355. (UG)

MCOM.361 DOCUMENTARY FILM AND VIDEOTAPE (3) History, theory and practical use of documentary approaches to film and videotape. Production of film and videotape projects required. Prerequisites: MCOM.201, 202, and/or consent of instructor. (UG)

MCOM.363 [543] HISTORY OF FILM (3) Exploration of the social, artistic, economic, and technical factors in the development of the motion picture from 1900 to the present. Prerequisite: MCOM.202. Fulfills advanced writing course requirement. (UG & G)

MCOM.364 [544] AESTHETICS OF THE FILM (3) Survey of film theory and aesthetics of silent, sound and avant-garde motion pictures. Prerequisite: MCOM.363 or consent of instructor. (UG & G)

MCOM.365 RADIO PRODUCTION II (3) The process of commercial and studio recording for radio broadcast will be studied through an examination of the principles of tape recording and editing. The student will participate in commercial and studio recording projects. Prerequisites: MCOM.201, MCOM.265. (UG)

MCOM.367 FILMMAKING II (3) Exploration of advanced techniques in 16mm filmmaking, involving treatment and script preparation, directing, cinematography, sound recording, editing and post production. Prerequisites: MCOM.267, MCOM.202. (UG)

MCOM.371 TELEVISION PRODUCTION II (3) Advanced techniques in television production for commercial and educational television. Major emphasis on directing and producing. Prerequisite: MCOM.271 or consent of instructor. (UG)

MCOM.375 BROADCAST PERFORMANCE (3) The process of communication through broadcast performance will be studied. The principles of broadcast communication will be applied to such functions as television and radio news announcing, commercial announcing, sports announcing, and music announcing. Laboratory experiences provided. Prerequisites: MCOM.201, MCOM.265. (UG)

MCOM.377 BROADCAST/FILM WRITING (3) Training and practice in writing non-fiction, fiction and commercial/PSA scripts for the broadcast media and film. Prerequisites: MCOM.267 or MCOM.271. (UG) (Not open to students who have taken MCOM.373.)

MCOM.381 BROADCAST JOURNALISM (3) Theory and practice of broadcast journalism. The gathering, writing and presentation of news for audio-only and audio-visual media. Ethical standards for broadcast journalism will be analyzed. Prerequisites: MCOM.201, MCOM.355. (UG)

MCOM.383 NEWS REPORTING (3) Introduction to and experience in reporting. Coverage of specific news beats on and off campus and general assignment work. Consideration of news-gathering techniques, including: direct and participant observation, use of survey research data and use of official records. Prerequisite: MCOM.355. (UG)

MCOM.385 MASS MEDIA IN MODERN SOCIETY (3) Seminar in mass media, concentrating on audience, content and effects of the media. Prerequisites: MCOM.151, MCOM.201. (UG)

MCOM.391 PHOTOJOURNALISM (3) Photography for the mass media. Consideration of the history, aesthetics and ethics of photojournalism. Prerequisites: MCOM.355; and PHSC.234 or ART.234 or consent of instructor. (UG)

MCOM.421 [521] FINANCIAL COMMUNICATIONS (3) Develops understanding of business financial fundamentals and techniques for communicating with the financial community including news announcements, annual and quarterly reports, and legal requirements. Prerequisite: One course in Accounting & Finance or Journalism, or consent of instructor. (UG & G)

MCOM.451 [551] PUBLIC RELATIONS FOR NON-PROFIT ORGANIZATIONS (3) A study of public relations in the non-profit organization. Fundraising, lobbying, working with volunteers, media relations, and the overall PR program will be studied. Course combines theory and practice. Contacts made with community non-profit organizations are the basis for practical experience lab sessions. Prerequisite: MCOM.353. (UG & G)

MCOM.453 [553] ADVANCED PUBLICITY AND PUBLIC RELATIONS (3) Case studies and typical public relations problems in industry, labor, education, government, social welfare, and trade associations. Planning and preparation of communications materials for various media; application of public relations techniques. Prerequisites: MCOM.353 and/or MCOM.497. (UG & G)

MCOM.455 DIRECTING FOR FILM (3) Examination of the fundamentals of screen directing which includes script breakdown, scene blocking, communication with cast and crew and the logistics of production. Prerequisite: MCOM.267 or MCOM.271. (UG)

MCOM.460-469 [560-569] PRACTICUM IN MASS COMMUNICATION (1-6) Provides students with valuable practical field experiences. Under faculty supervision the student works in an actual job setting with a working professional in a particular area of mass communications. Prerequisites: Completion of appropriate courses determined by the department. Please check with the department for specifics. (S/U grading only) (UG & G)

MCOM.471 TELEVISION PRODUCTION III (3) Exploration of fiscal, managerial, technical and creative responsibilities of the producer and aesthetic, interpretive, stylistic concerns of the director. Prerequisite: MCOM.371. (UG)

MCOM.475 [575] FILM WORKSHOP (3) Designed primarily to provide experienced or future teachers with background about film so that they may better help pupils to become informed about and to develop critical reactions to the films they view. Prerequisite: Consent of instructor. (UG & G)

MCOM.491 [591] INDEPENDENT STUDY IN FILM (1-6) Independent work in film production and research. Production students may work independently, with campus production unit or with professional production company. May be repeated for a maximum of 6 credits. No more than 6 credits of Independent Study and/or Practicum can be applied to the major and minor. Prerequisites: MCOM.202, MCOM.267 or consent of instructor. (UG & G)

MCOM.493 [593] INDEPENDENT STUDY IN RADIO (1-6) Independent study in selected areas of radio through directed readings, projects

in conjunction with the operation of the student radio station or work with a full-time professional in the community. Selected students may work as laboratory assistants in the MCOM.265 Radio Production 1 class. May be repeated for a maximum of 6 credits. No more than 6 credits of Independent Study and/or Practicum can be applied to the major and minor. Prerequisites: MCOM.201, MCOM.265 and consent of instructor. (UG & G)

MCOM.495 [595] INDEPENDENT STUDY IN TELEVISION (1-6)
Independent study in selected areas of television production and research through selected readings, projects, papers and seminars. May be repeated for a maximum of six credits. Prerequisites: MCOM.371 and consent of instructor. (UG & G)

MCOM.496 [596] INDEPENDENT STUDY IN JOURNALISM (1-6)
Independent study in the varied aspects of newspaper writing. Opportunity will be provided to work under the guidance of professional newspaperpersons connected with the Baltimore papers. May be repeated for a maximum of 6 credits. No more than 6 credits of Independent Study and/or Practicum can be applied to the major and minor. Prerequisite: Open by invitation of the department to qualified students. (UG & G)

MCOM.497 [597] INDEPENDENT STUDY IN PUBLIC RELATIONS (1-6)
Independent study in selected areas of public relations through directed readings, projects, papers or seminars. When possible opportunity will be provided for the student to work outside the classroom, under the cooperative guidance of his/her instructor and a full-time professional public relations person in the field of the student's choice. May be repeated for a maximum of 6 credits. No more than 6 credits of Independent Study and/or Practicum can be applied to the major and minor. Prerequisites: MCOM.353 and consent of instructor. (UG & G)

MCOM.898 THESIS (3 or 6)

MCOM.899 THESIS CONTINUUM (1)

MATHEMATICS (MATH)

Lower Division

MATH.101 ELEMENTS OF MATHEMATICS (3) Topics selected from systems of numeration, logic, sets, algebraic properties of real numbers, abstract algebraic structures, probability, and geometry. Prerequisite: One year of high school algebra. (Not open to mathematics majors, mathematics minors, early childhood education or elementary education students or any students who have received credit for any college level mathematics course.) (UG)

MATH.111 ALGEBRA FOR APPLICATIONS (3) Intended primarily for students in business, economics, psychology and the social sciences. Applications of finite mathematics: linear equations, matrices, linear programming using graphical methods and the simplex algorithm and the mathematics of finance. Not open to students who have completed MATH.115 or MATH.119. Prerequisite: Two years algebra or DVMT.110. (Not open to mathematics majors or minors.) (UG)

MATH.115 BASIC MATHEMATICS FOR THE SCIENCES (3) Intended primarily for students in biology, natural sciences, environmental studies, health record administration, medical technology, and nursing. Functions and equations; linear, quadratic, exponential, trigonometric. Variation. Vectors. Applications of concepts and skills to the life and physical sciences are stressed. Not open to students who have completed MATH.119. Prerequisite: One year plane geometry, two years algebra, or DVMT.110. (UG)

MATH.116 MATHEMATICS II (3) Complex numbers; determinants; and analytic geometry of the line, plane, conics, and three-space surfaces. Prerequisite: MATH.115 or two years high school algebra and one-half year trigonometry. (UG)

MATH.119 PRE-CALCULUS (4) The concept of function, exponential, logarithmic, circular and trigonometric functions, systems of linear equations, vectors in two space, lines, conic sections and polar coordinates. Prerequisites: Two years algebra, one year plane geometry, 1/2 year trigonometry. (UG)

MATH.204 CONCEPTS OF MATHEMATICS FOR ELEMENTARY TEACHERS I (3) Logic, sets, systems of numeration, abstract systems, elements of number theory, and the development of the number system through the real numbers. Prerequisite: One year of high school algebra. (Required of all early childhood education and elementary education students. Satisfies mathematics requirement for these students. Not open to others.) (UG)

MATH.205 CONCEPTS OF MATHEMATICS FOR ELEMENTARY TEACHERS II (3) Elements of algebra, metric and non-metric geometry, probability, statistics, measurement. Prerequisite: MATH.204. (This course or its equivalent is required of all early childhood education and elementary education students, except those who are also mathematics minors. Not open to others.) (UG)

MATH.209 MATHEMATICS OF FINANCE (3) Compound interest and discount, amortization, sinking funds, annuities, and elements of insurance. Prerequisite: MATH.111 or MATH.115 or MATH.119 or equivalent. (No credit toward a mathematics major.) (UG)

MATH.211 CALCULUS FOR APPLICATIONS (3) Intended primarily for students in biology, business, economics, psychology and the social sciences. Elements of differential and integral calculus from an intuitive standpoint with emphasis on the use of calculus in the above fields. Exponential and logarithmic functions, partial derivatives included. Prerequisites: MATH.111 or MATH.115 or MATH.116 or MATH.119. (Not open to mathematics majors or minors.) (UG)

MATH.231 BASIC STATISTICS I (3) Frequency distributions with emphasis on binomial and normal distributions, percentiles, measures of central tendency and variability, sampling theory, tests of hypo-

theses, regression analysis, correlations, and analysis of variance or time series. Emphasis will be placed on practical applications of statistics. Prerequisite: MATH.111 or MATH.115 or equivalent. (Not open to mathematics majors.) (UG)

MATH.232 BASIC STATISTICS II (3) Continuation of time series analysis, analysis of variance, decision theory and non-parametric techniques. Emphasis will be placed upon practical applications. Prerequisite: MATH.231 or equivalent. (No credit toward a mathematics major.) (UG)

MATH.237 ELEMENTARY BIOSTATISTICS (4) Elementary statistical concepts and their application to the biological and health sciences. Descriptive statistics, estimation techniques, hypothesis testing, demography and vital statistics. Prerequisite: Two years high school algebra or DVMT.110. Not open to those who have completed MATH.231 or MATH.331. Not open to mathematics majors. (UG)

MATH.251 GRAPH THEORY (3) A course designed as a general education mathematics course for students with an interest in the social sciences. Also of interest to elementary education majors. Covers concepts and uses of graph theory. Applications from sociology, economics, genetics, games, etc. Prerequisite: Three years high school mathematics or any college mathematics course or consent of instructor. (UG)

MATH.263 DISCRETE MATHEMATICS I (3) Sets, logic, induction, functions, relations, sequences, recursion, combinatorics, graphs and trees, matrices with an emphasis on applications in computer science. Prerequisite: Four years of high school mathematics or MATH.119. (Not open to those who have completed MATH.261.) (UG)

MATH.264 DISCRETE MATHEMATICS II (3) Graphs and graph algorithms, trees and networks, lattices and Boolean algebra, linear equations, linear transformations and matrices, linear programming. Prerequisite: MATH.261 or MATH.263 (Not open to those who have completed MATH.365.) (UG)

MATH.273 CALCULUS I (4) Functions, limits and continuity; differentiation of algebraic and trigonometric functions; mean value theorem; differentials; introduction to integration; applications. Prerequisite: MATH.116 or MATH.119 or calculus course in high school or adequate score on Placement Test. (UG)

MATH.274 CALCULUS II (4) Differentiation and integration of exponential, logarithmic, and inverse trigonometric functions; techniques of integration and applications; indeterminate forms; improper integrals; sequences and series of numbers; power series. Prerequisite: MATH.273. (UG)

MATH.291 FRESHMAN-SOPHOMORE HONORS SEMINAR (2) A problem solving seminar for potential honors students. Techniques of problem solving and the solution of challenging problems involving calculus, algebra, probability, graph theory, combinations, number theory and computing. Students will be required to develop their own solutions with the aid of the instructor; may be repeated for a maximum of 4 credits. Prerequisites: MATH.273 or equivalent and consent of department chair. (UG)

Upper Division

MATH.321 TEACHING MATHEMATICS IN EARLY CHILDHOOD EDUCATION (3) Materials of instruction and methods of presentation with emphasis on the discovery approach. Prerequisites: MATH.204 and MATH.205. (No credit toward a mathematics major or minor.) (UG)

MATH.323 TEACHING MATHEMATICS IN ELEMENTARY SCHOOL (3) Nature of instruction, organization of units of instruction, provisions for developing understandings, new programs and research findings, and techniques of evaluation. Required of all elementary education majors. Prerequisites: MATH.204 and MATH.205. (No credit toward a mathematics major or minor.) (UG)

MATH.325 TEACHING MATHEMATICS IN THE MIDDLE SCHOOL (3) Philosophy, learning, teaching models, specific methods or approaches, planning for teaching and learning, and applicable contemporary curricula in the middle school mathematics curriculum. Prerequisites: MATH.261 or MATH.263 and MATH.273 and consent of instructor. (No credit toward a mathematics major or minor.) (UG)

MATH.330 INTRODUCTION TO STATISTICAL METHODS (4) An introductory course for students with mathematics and computing background emphasizing statistical ideas and techniques. Descriptive statistics, probability, estimation and sampling, hypothesis testing, regression and correlation, and analysis of variance will be discussed with many opportunities for students to use pre-programmed statistical packages such as SPSS or BMD on large data bases. Prerequisites: MATH.274 (or concurrently) and COSC.306 (or COSC.236). (UG)

MATH.331 [531] PROBABILITY (3) Probability in sample spaces, discrete and continuous random variables, distribution theory, Tchebyshev's theorem, central limit theorem, expected values and moments. Prerequisite: MATH.274. (UG & G)

MATH.332 [532] MATHEMATICAL STATISTICS (3) Sample theory and distributions, point estimation, confidence intervals, tests of hypothesis, regression, correlation and analysis of variance. Prerequisite: MATH.331. (Offered only in the spring semester.) (UG & G)

MATH.351 ELEMENTS OF GEOMETRY (3) Designed to give the elementary education student additional background in geometry. Involves geometric definitions, vocabulary and techniques, constructions and scale drawings, and measurement of plane and space figures. Prerequisite: MATH.205 or equivalent. (Not open to mathematics majors.) (UG)

MATH.353 ELEMENTARY GEOMETRY FROM AN ADVANCED STANDPOINT (3) Review of synthetic Euclidean geometry; non-Euclidean geometries; finite geometries and systems of axioms; classical theorems; elementary transformations. Prerequisites: MATH.261 or MATH.263 and MATH.273. (Offered only in spring semester.) (UG)

MATH.357 COLLEGE GEOMETRY (3) Projective geometry, both synthetic and analytic, including duality; Desargues theorem, harmonic sequences, Pappus theorem, homogeneous coordinates, conics, polarities. Prerequisites: MATH.261 or MATH.263 and MATH.273. (Offered only in the fall semester.) (UG & G)

MATH.361 [560] ALGEBRAIC STRUCTURES (4) Groups, rings, fields, integral domains, and polynomial rings. Prerequisite: MATH.261 or MATH.263. (UG & G)

MATH.365 [565] LINEAR ALGEBRA (3) Matrices, vector spaces, determinants, systems of linear equations, linear transformations, characteristic vectors and values, canonical forms. Prerequisite: MATH.261 or MATH.263. (UG & G)

MATH.367 [567] THEORY OF NUMBERS (3) Theory of prime numbers, the division algorithm, the fundamental theorem of arithmetic, polynomials, congruences, number theoretic functions. Prerequisite: MATH.261 or MATH.263. (Offered only in the fall semester.) (UG & G)

MATH.373 [573] CALCULUS III (4) Differential and integral calculus of functions of several variables; differential and integral calculus of vector valued functions, including the divergence and Stoke's theorems. Prerequisite: MATH.274. (UG & G)

MATH.374 [574] DIFFERENTIAL EQUATIONS (3) Theory and application of linear ordinary differential equations. Solutions of non-linear ordinary differential equations of the first order. Prerequisite: MATH.274. (UG & G)

MATH.377 [575] MATHEMATICAL MODELS (3) Consideration of mathematical problems in sociology, psychology, economics, management science and ecology, and developing appropriate mathematical models and techniques to solve them. Prerequisites: MATH.274 and COSC.235 and either MATH.365 or MATH.264, at least Junior standing or consent of instructor. (Offered only in the fall semester.) (UG & G)

MATH.390 INTRODUCTION TO ACTUARIAL MATHEMATICS (I) Introduction to the field of actuarial mathematics designed to provide guidance in preparation for the Society of Actuaries Part I examination. Involves lectures by outside experts in the actuarial field. Prerequisite: MATH.373. (UG)

MATH.421 [521] APPLICATIONS OF MATHEMATICS FOR SECONDARY SCHOOL TEACHERS (3) The course examines a series of applications of mathematics that may be used to enrich the secondary mathematics curriculum. (No credit towards a mathematics

major.) Prerequisite: Teaching experience in mathematics or science or consent of instructor. (UG & G)

MATH.422 SEMINAR IN MATHEMATICS EDUCATION FOR ELEMENTARY SCHOOL TEACHERS (3) Analysis of topics, techniques, programs and materials used in the teaching and learning of mathematics in the elementary schools. (Credit may be applied to the elementary education mathematics minor program but not to other mathematics major/minor programs.) Prerequisite: MATH.321 or MATH.323. (UG)

MATH.423 TEACHING MATHEMATICS IN THE SECONDARY SCHOOL (3) Objectives of mathematics instruction, examination of courses of study and textbooks, study of methods of teaching. Open only to students in the student teaching block. Prerequisites: MATH.353 and MATH.361 or consent of instructor. (This course shall be offered only in the spring semester to be followed by SCED.398 Student Teaching in the Secondary Schools during the fall. No credit toward a mathematics major for arts and science students.) (UG)

MATH.424 [524] TEACHING THE METRIC SYSTEM (1) Methods and materials for the teaching of the metric system in the elementary and junior high schools. Prerequisite: MATH.205 or equivalent, or previous teaching experience. (UG & G)

MATH.425 [525] METHODS AND MATERIALS FOR MATH LAB INSTRUCTION (1-3) Examination of and experiences with commercial and teacher-made materials designed for a laboratory (activity centered) approach to learning mathematics. Prerequisite: A methods course in teaching mathematics (MATH.321, 323, 423) or previous teaching experience. (UG & G)

MATH.427 [527] READINGS IN MATHEMATICS EDUCATION FOR THE ELEMENTARY SCHOOL TEACHER (1-3) Directed study for the teacher of elementary school mathematics. Prerequisites: MATH.321 or MATH.323 and approval of instructor. (No credit toward a mathematics major.) (UG & G)

MATH.429 [529] READINGS IN MATHEMATICS EDUCATION FOR THE SECONDARY SCHOOL TEACHER (1-3) Directed study for the teacher of secondary school mathematics. Prerequisite: Consent of instructor. (No credit toward a mathematics major for arts and science students.) (UG & G)

MATH.435 [535] NUMERICAL ANALYSIS I (3) Error analysis, interpolation, numerical differentiation and integration, numerical solution of algebraic equations and of systems of algebraic equations. Prerequisites: COSC.236 (or COSC.306) and MATH.274 and MATH.365 (or MATH.264). (UG & G)

MATH.436 [536] NUMERICAL ANALYSIS II (3) Numerical solution of differential equations. Least squares and its applications, linear programming and extension of the concepts of MATH.435. Prerequisite: MATH.435. (Offered only in the spring semester.) (UG & G)

MATH.437 [537] OPERATIONS RESEARCH (4) Introduction to linear and integer programming; the simplex method and duality theory; dynamical formulation of deterministic decision process problems, applications to problems of equipment replacement, resource allocation and scheduling; Poisson and birth and death processes. Markovian queues. Prerequisites: MATH.331 and MATH.365. (Offered only in the spring semester.) (UG & G)

MATH.451 [551] MATH RESEARCH IN GRAPH THEORY (3) A course designed to give an advanced mathematics major the opportunity to do independent, significant research in a field of mathematics through graph theory. Topics may include Hamiltonian and Eulerian graphs, coloring graphs, planar and non-planar graphs, connectivity problems and isomorphic graphs. Prerequisite: Consent of instructor. (UG & G)

MATH.457 [557] DIFFERENTIAL GEOMETRY (3) Curvatures of curves and surfaces in E^3 , geodesics, invariants, mappings and special surfaces. Prerequisite: MATH.373. (UG & G)

MATH.461 [561] ADVANCED TOPICS IN ALGEBRA (3) Extension of the concepts of MATH.361. Prerequisites: MATH.361 and MATH.365. (Offered only in the fall semester.) (UG & G)

MATH.473 [576] INTRODUCTORY REAL ANALYSIS (4) An introduction to mathematical analysis. Sequences, series, continuity,

differentiation, integration and uniform convergence. Prerequisites: MATH.361 or MATH.365 and MATH.274. (UG & G)

MATH.475 [577] COMPLEX ANALYSIS (3) Complex number system, analytic functions, Cauchy's integral theorem and integral formula, Taylor and Laurent series, isolated singularities, Cauchy's residue theorem and conformal mappings. Prerequisite: MATH.373. (Offered only in the fall semester.) (UG & G)

MATH.477 [578] TOPOLOGY (3) Basic concepts of pointset topology, separation axioms, compact and connected spaces, product and quotient spaces, convergence, continuity and homeomorphisms. Prerequisites: MATH.361 or MATH.365 and MATH.373. (Offered only in the spring semester.) (UG & G)

MATH.480-489 [580-589] SELECTED TOPICS IN MATHEMATICS AND STATISTICS (1-4) Topics will be chosen from different areas in mathematics and statistics. Content will be determined so as to complement course offerings as well as the needs and desires of the students. MATH.480 through MATH.483 may not be counted towards a mathematics major. Students may not accumulate more than 9 credit hours in Selected Topics. Prerequisites will vary from topic to topic. (UG & G)

MATH.491 [591] READINGS IN MATHEMATICS (1-3) Independent reading in selected areas of mathematics. Prerequisite: Consent of instructor. May be repeated for a maximum of 6 credits. (Open only to seniors.) (UG & G)

MATH.493 DIRECT READINGS IN MATHEMATICS (HONORS) (3) Individual reading and background research under direction of a faculty member in preparation for writing an honors thesis. (To be restricted to students in the departmental honors program.) Prerequisite: Admission to department honors program. (UG)

MATH.495-496 APPLIED MATHEMATICS LABORATORY I, II (3, 3) Investigation by a team of students under faculty direction of a problem of mathematical and/or computational nature, chosen from proposals submitted by clients in the university or local industry. Team involvement may include literature searches, model definition, collection and analysis of data and model verification. Restricted to invited students. Prerequisites: Nine (9) hours of mathematics and/or computer science, at least junior standing, and consent of instructor. (UG)

MATH.499 HONORS THESIS IN MATHEMATICS (3-6) Writing of an honor thesis based on individual research. May be repeated for a maximum of 6 credits. (Open only to advanced honors candidates.) Prerequisite: Permission of Department Honors Committee. (UG)

Graduate Division

See TSU Graduate School Catalog for course descriptions.

MATH.601 HISTORY OF MATHEMATICS (3)

MATH.621 SEMINAR IN TEACHING ARITHMETIC (3)

MATH.625 SEMINAR IN MATHEMATICS EDUCATION FOR SECONDARY SCHOOL TEACHERS (3)

MATH.630 STATISTICS—AN INTEGRATED APPROACH (4)

MATH.631 TOPICS IN PROBABILITY (3)

MATH.653 TOPICS IN GEOMETRY (3)

MATH.661 ELEMENTS OF GALOIS THEORY (3)

MATH.691 SEMINAR IN MATHEMATICAL APPLICATIONS (3)

MATH.695 INDEPENDENT STUDY IN MATHEMATICS (1-3)

MEDICAL TECHNOLOGY (MDSC)

Upper Division

MDSC.401 IMMUNOHEMATOLOGY AND BLOOD BANK LECTURE (3) Lectures deal with the theoretical aspects of blood group serology. Topics include: Human blood groups and their significance, transfusion, donor selection and blood components, antibody detection and identification, quality control in blood banking, current

transfusion practices and recent advances in Immunohematology. (UG)

MDSC.402 IMMUNOHEMATOLOGY AND BLOOD BANK PRACTICAL (1.5) The laboratory deals with all routine testing in a community hospital such as the operation of a blood donor service to include: donor screening, blood collection, donor care, processing and storage of blood. Operation of a transfusion service to include: proper care and use of equipment and materials, performance of a major and minor blood group determination, compatibility testing and antibody identification. (UG)

MDSC.403 CLINICAL BIOCHEMISTRY LECTURE (4) Lecture categories include analysis chemistry and physiological biochemistry. Normal and abnormal physiology, test interpretation, quality control and test development are included. (UG)

MDSC.404 CLINICAL BIOCHEMISTRY PRACTICAL (3) Laboratory rotation provides an intensive study of test procedures and practical application of lecture topics. Areas of instruction and student participation include manual chemistry, spectrophotometry, flame photometry, automatic titration, radioisotope techniques, electrophoresis, single and multichannel continuous flow systems, discrete analysis systems, and computer controlled instrumentation. (UG)

MDSC.405 HEMATOLOGY LECTURE (3) This course is an in-depth study of the formation of blood cell and coagulation factors, pathogenesis and mechanisms of hematologic disorders. Topics include: Hematopoiesis, proliferative disorders, normal and abnormal hemoglobins, anemia and hemostasis. (UG)

MDSC.406 HEMATOLOGY PRACTICAL (3) Lectures and clinical practice will include an in-depth study of coagulation describing generation of thromboplastic activity in the intrinsic and extrinsic system. Analytical methodologies as well as the correlation of tests with disease states, erythropoiesis and identification of the maturation sequence as seen in the peripheral blood and bone marrow, maintenance and quality control of all the instruments such as the coulter "S" and "F." (UG)

MDSC.407 CLINICAL PATHOLOGY (1) Discussion of theoretical and practical aspects of analysis of special body fluids with emphasis on clinical pathological correlations. (UG)

MDSC.408 CLINICAL PATHOLOGY PRACTICAL (1) Laboratory experience is provided in Nuclear Medicine, the acute care laboratory and several other areas. (UG)

MDSC.409 MICROBIOLOGY LECTURE (3) Detailed study of bacteria and fungi considered pathogenic or potentially pathogenic for man with emphasis on techniques for isolation, identification, and clinical relevance. The course also includes lectures on general bacteriology and methods for: antibiotic susceptibility testing, sterilization and disinfection and for proper collection and transport of specimens. (UG)

MDSC.410 MICROBIOLOGY PRACTICAL (3) The course involves in-depth study of the different techniques and methods used in the laboratory for the isolation and identification of bacteria and fungi considered to be of human pathogenic significance. Testing for antibiotic susceptibility of bacteria, preparation of culture media, quality control, and the safety procedures used to inhibit and spread of infection are emphasized. (UG)

MDSC.411 HUMAN PARASITOLOGY LECTURE (1) Lectures deal with the most important protozoan and metazoan organisms causing human parasitosis. The lectures stress methods for laboratory identification life cycles and clinical significance. (UG)

MDSC.412 HUMAN PARASITOLOGY PRACTICAL (1) The program includes: identification of blood parasites, procedures to prepare fecal specimens for examination for intestinal parasites, and the detailed study of the microscopic differential characteristics of cysts and negative forms of protozoan parasites. The ova of nematoda, trematoda and cestoda of human parasites are also analyzed in collections of slides, mounted preparations, and actual specimens. (UG)

MDSC.413 CLINICAL IMMUNOLOGY LECTURE (2) This course includes basic immunology, the theory of immunodiagnostics and immunopathology. Areas of concentration include: the molecular and cellular biology of the immune response, principle of antigen and antibody reaction in vivo and in vitro hypersensitivity states. Applica-

tions to clinical diagnosis and correlation with human disease states are stressed. (UG)

MDSC.414 IMMUNODIAGNOSTICS PRACTICAL (1) Laboratory experience includes techniques used in a large community hospital to study antigens and antibodies and their reactions, as they relate to human disease states. (UG)

MDSC.415 URINALYSIS LECTURE (1) Renal anatomy and physiology relating to the formation and content of urine in health and disease. The theoretical aspects of the chemical analysis of the urine are included. (UG)

MDSC.416 URINALYSIS PRACTICAL (1) The microscopic and chemical analysis of the urine is stressed and is correlated with normal and abnormal renal physiology. (UG)

MDSC.491 MEDICAL TECHNOLOGY DIRECTED READINGS (1-3) Independent readings in Medical Technology or related disciplines. Prerequisite: Must be enrolled in hospital internship program. (UG)

MUSIC (MUSC)

Lower Division

MUSC.101 INTRODUCTION TO MUSIC LITERATURE (3) Music literature to acquaint the student with music through class discussions and listening. (UG)

MUSC.102 MUSIC LITERATURE FOR MUSIC MAJORS (3) Introduction to techniques of listening through exercises in perception and score reading. Required of all Music Majors. Prerequisite: Music Major; MUSC.131 or concurrently. (UG)

MUSC.103 INTRODUCTION TO TWENTIETH CENTURY MUSIC (3) A study of art music composed since 1900 through class discussions and listening. (UG)

MUSC.104 MUSIC OF THE NINETEENTH CENTURY (3) Consideration of concert music composed between 1810-1900; the romantic piano piece, solo song, symphony, concerto, chamber music; emphasis is on acquiring listening skills for recognition of compositional techniques peculiar to composers and genres of the period. Intended for non-majors. Not open to students who have received credit for MUSC.203. (UG)

MUSC.105 ELEMENTS OF MUSIC THEORY (3) A survey of the materials of music in melodic, rhythmic and harmonic usage. Music notation, basic chord grammar, function and design factors in music. Some ability to read music is highly desirable. Designed for Non-Music Majors. (UG)

MUSC.107 MUSIC FUNDAMENTALS (3) The study of basic music skills and concepts for prospective kindergarten and elementary teachers. (UG)

MUSC.111-112 WIND ENSEMBLE (1, 1) Study and performance of advanced wind literature by a small band of selected instrumentalists. Audition-required. May be repeated with credit. (UG)

MUSC.121 PREPARATORY MUSIC THEORY (3) Instruction in basic music reading, scales, rhythms and elementary harmony. Designed for students whose theory placement exams indicate a need for remedial work in Music Theory. May not be counted towards the Music major. (UG)

MUSC.123 HISTORY OF JAZZ (3) Survey of jazz styles from their beginnings to the present day. Involves lecture, class discussion, and listening. Designed for the Non-Music Major. (UG)

MUSC.131-132 MUSIC THEORY I AND II (2, 2) The study of harmony up to secondary dominants and modulation. Elements of counterpoint and form. Prerequisite for Theory I: Theory Placement Exam or MUSC.121. (UG)

MUSC.133-134 MUSICIANSHIP I AND II (2, 2) Development of aural skills through sight singing, dictation, improvisation and keyboard applications. Correlated with Music Theory I and II. Normally taken concurrently with MUSC.131-132. Prerequisite for Musicianship I: Theory placement exam or MUSC.121. Prerequisite for Musicianship II: MUSC.133 (UG)

- MUSC.139-140 GUITARENSEMBLE (I, I)** Study and performance of guitar ensemble music. Required of all Guitar majors. Open to all students by audition. May be repeated for credit. (UG)
- MUSC.141-142 BRASS ENSEMBLE (I, I)** Study and performance of advanced brass literature, required of all students majoring in brass instruments. Open to all students by audition. May be repeated for credit. (UG)
- MUSC.145-146 PERCUSSION ENSEMBLE (I, I)** Study and performance of advanced percussion literature; supplement and improve the percussion student's musical training by acquainting the student with the various techniques involved in performing on the numerous percussion instruments. Required of all percussion majors. Open to all students by audition. May be repeated for credit. (UG)
- MUSC.147-148 SAXOPHONE ENSEMBLE (I, I)** Study and performance of advance saxophone ensemble music. Required of all saxophone majors. Open to all students by audition. May be repeated for credit. Prerequisites: Consent of director. (UG)
- MUSC.149-150 STRING ENSEMBLE (I, I)** Study and performance of advanced string literature, required of all students concentrating in string instruments. Open to all students by audition. May be repeated for credit. (UG)
- MUSC.151-152 VOICE ENSEMBLE (I, I)** Small group study and performance of advanced choral literature. Open to all students by audition. May be repeated for credit. (UG)
- MUSC.153-154 WOODWIND ENSEMBLE (I, I)** Study and performance of advanced woodwind literature required of all students majoring in woodwind instruments. Open to all students by audition. May be repeated for credit. (UG)
- MUSC.155-156 CLARINET CHOIR (I, I)** Study and performance of clarinet choir literature. Open to all students by audition. May be repeated for credit. (UG)
- MUSC.157-158 JAZZ ENSEMBLE (I, I)** Study and performance of music of the jazz idiom. Open to all students by audition. May be repeated for credit. (UG)
- MUSC.159-160 EARLY MUSIC ENSEMBLE (I, I)** Study and performance of Baroque, Renaissance, Medieval literature. Open to vocalists and performers of early instruments such as recorder, viol, harpsichord, sackbutt, flute, oboe, violin, cello, bassoon, guitar, vielle, lute, medieval harp, and crumhorn. Open to all students by audition. May be repeated for credit. (UG)
- MUSC.161-162 CHAMBER SINGERS (I, I)** The study and performance of Choral Literature written and suitable for a small (15-20) chorus. Open to all students by audition. May be repeated for credit. (UG)
- MUSC.165 MARCHING BAND (I)** Performance of a variety of marching band literature as well as various styles of marching techniques. Open to all students by audition. May be repeated for credit. (UG)
- MUSC.201 OPERA WORKSHOP (I)** Basic techniques of stage movement and related aspects of opera production. Musical and dramatic preparation of operatic scenes and roles. Participation in operatic performances. Open to all students by audition. May be repeated for credit. (UG)
- MUSC.203 OPERA ORCHESTRA (I)** Study and performance of opera literature. Open to all students by audition. May be repeated for credit. Prerequisite: Audition. (UG)
- MUSC.205 WOMEN IN MUSIC (3)** History of women in western music; women's contributions as composers, conductors, performers, critics, and teachers, as well as their leadership in various areas of the music industry. Prerequisite: MUSC.101. (UG)
- MUSC.211-212 BRASS CLASS (I, I)** Class instruction in brass instruments. (UG)
- MUSC.215-216 PERCUSSION CLASS (I, I)** Class instruction in percussion instruments. (UG)
- MUSC.217-218 PIANO CLASS (I, I)** Class instruction in piano playing, with one hour daily practice in preparation required. Open to beginning students and students with a minimum of piano work, by permission of the department chair. (UG)
- MUSC.219 LOWER STRING CLASS (I)** Class instruction in lower string instruments. (UG)
- MUSC.220 UPPER STRING CLASS (I)** Class instruction in upper string instruments. (UG)
- MUSC.221-222 VOICE CLASS (I, I)** Class instruction in singing, with emphasis upon basic singing techniques and voice production through the use of song material. (UG)
- MUSC.223 WOODWIND CLASS I (I)** Class instruction in woodwind instruments. Emphasis on acquiring basic playing facility. Concepts and procedures introduced which develop teaching expertise of woodwind instruments on beginning, intermediate, and advanced proficiency levels. (UG)
- MUSC.224 WOODWIND CLASS II (I)** Continuation of Woodwind Class I. Provides opportunity to instruct one another in a practice-teaching setting. (UG)
- MUSC.225-226 GUITAR CLASS (I, I)** Class instruction in guitar. (UG)
- MUSC.229 CONDUCTING LABORATORY ENSEMBLE (0.5, 0.5)** Ensemble for students studying conducting. Provides performing experience for students on secondary instruments. Instrumental music education majors required to take one semester. Graded under S/U procedure. (UG)
- MUSC.231-232 MUSIC THEORY III AND IV (2, 2)** The study of chromatic harmony and various modern practices including modality, extended tonality and serial techniques. Elementary counterpoint. Binary and ternary forms. Variation principle. Prerequisite for Theory III: MUSC.132. Prerequisite for Theory IV: MUSC.231. (UG)
- MUSC.233-234 MUSICIANSHIP III & IV (2, 2)** Development of aural skills through sight singing, dictation, improvisation and keyboard applications. Correlated with Music Theory III & IV. Normally taken concurrently with MUSC.231-232. Prerequisite for Musicianship III: MUSC.134. Prerequisite for Musicianship IV: MUSC.233. (UG)
- MUSC.235 KEYBOARD HARMONY (I)** Keyboard application of theoretical techniques with emphasis on chordal harmonization, and transposition of melodies. Prerequisite: MUSC.218 or equivalent. (UG)
- MUSC.236 PERCUSSION WORKSHOP (I)** Covers performance concepts and teaching concepts on all percussion instruments; class type lessons on auxiliary percussion; learning to maintain and repair mallets and instruments; learning to "custom make" beaters, holders, etc.; learning to write for percussion; rehearsing and conducting percussion solo and ensemble literature. Prerequisite: Open only to percussion majors in Music. (UG)
- MUSC.243 RECORDER CLASS (I)** Studying and performing works written particularly for the recorder. This course cannot be used towards fulfillment of the University's General Education Requirements. Prerequisite: Ability to read music. (UG)
- MUSC.245 DICTION FOR SINGERS I (ENGLISH AND ITALIAN) (2)** Using the International Phonetic alphabet as a basis for pronunciation. This course is designed to introduce singers to the fundamentals of English and Italian Diction. Prerequisite: Voice major. (UG)
- MUSC.246 DICTION FOR SINGERS II (FRENCH AND GERMAN) (2)** Using the International Phonetic alphabet as a basis for pronunciation. This course is designed to introduce singers to the fundamentals of French and German Diction. Prerequisites: Voice major and MUSC.245. (UG)
- MUSC.251 SOLO AND ENSEMBLE ACCOMPANYING (I)** Practical experience under supervision in solo and ensemble accompanying. Prerequisite: One semester of piano and consent of instructor. (UG)
- MUSC.257-258 PEP BAND (I, I)** Wind ensemble which performs at various college functions such as athletic events, assemblies, etc. Open to all students by audition. May be repeated for credit. (UG)

MUSC.259-260 TOWSON STATE UNIVERSITY CHORAL SOCIETY (1, 1) Study and performance of advanced choral literature. Open to all students by audition. May be repeated for credit. (UG)

MUSC.261-262 UNIVERSITY CHORALE (1, 1) Study and performance of advanced choral literature. Open to all students by audition. May be repeated for credit. (UG)

MUSC.263-264 MEN'S GLEE CLUB (1, 1) Study and performance of choral literature written and arranged for male voices. Open to all students by audition. May be repeated for credit. (UG)

MUSC.265-266 WOMEN'S CHORUS (1, 1) Study and performance of choral literature for female voices. Open to all students by audition. May be repeated for credit. (UG)

MUSC.267-268 ORCHESTRA (1, 1) Study of orchestral literature. Open to all students by audition. May be repeated for credit. (UG)

MUSC.269-270 SYMPHONIC BAND (1, 1) Study and performance of advanced wind and percussion literature by a large band of selected instrumentalists. Personnel to be determined by balanced instrumentation. Open to all students by audition. May be repeated for credit. (UG)

MUSC.271 MUSICAL THEATRE ORCHESTRA (1) Study and performance of musical theater literature. May be repeated for credit. Prerequisite: Audition. (UG)

MUSC.281 RECORDING TECHNIQUES I (3) A course in recording techniques involving the history, concepts, and mechanics of the recording process. Designed to train students for the recording of live concerts, this course acquaints the student with acoustical principles, recording hardware, and recording procedures. Includes laboratory work assisting in the recording studio during concerts. Prerequisite: MUSC.101 and permission of the instructor. (UG)

MUSC.282 RECORDING TECHNIQUES II (3) This course emphasizes signal processing equipment and how it relates to live recording from the concert stage. Includes experience recording live concerts in the Fine Arts Concert Hall. Prerequisite: Recording Techniques I and permission of instructor, MUSC.281. (UG)

Upper Division

MUSC.301 HISTORY OF MUSIC I (3) Survey of the development of Music in the Western World from the period of Ancient Greece to the end of the Baroque Period. Emphasis is placed on stylistic analysis of the music. Prerequisites: MUSC.102; MUSC.231. (UG)

MUSC.302 HISTORY OF MUSIC II (3) Survey of the development of Music in the Western World from the Classical Era to the present. Emphasis is placed on stylistic analysis of music. Approved as an advanced writing course. Prerequisites: MUSC.102, MUSC.231, ENGL.102 or 190 (104). (UG)

MUSC.304 BASIC COMPOSITION (3) Elementary techniques and preparation of musical manuscript. Analysis and composition in both traditional and contemporary styles and forms. Prerequisites: MUSC.232 or equivalent. (UG)

MUSC.305 INTRODUCTION TO THE MUSIC INDUSTRY (3) Publishing, copyright law, licensing, managers and agents, arts administration, concert promotion, music merchandising, recording and selling. (UG)

MUSC.307 MARCHING BAND TECHNIQUES (0.5) Organization and administration of marching band: show design, music programming, field preparation, and rehearsal techniques. (UG)

MUSC.311 ACCOMPANYING AND SIGHT READING I (3) Study of vocal and instrumental accompanying with emphasis upon sight reading, transposition and acquaintance with vocal and instrumental literature. Prerequisite: Permission of instructor. (UG)

MUSC.312 ACCOMPANYING AND SIGHT READING II (3) Advanced study of vocal and instrumental accompanying with emphasis upon sight reading, transposition, and acquaintance with vocal and instrumental literature. Prerequisite: MUSC.311. (UG)

MUSC.321 JAZZ HISTORY (3) Survey of jazz styles from its origins to the present day. Prerequisite: MUSC.232. (UG)

MUSC.323 JAZZ THEORY (3) Study and practice of rhythmic, harmonic, and melodic dictation in jazz styles; the use of extended chords and modal harmony in the jazz idiom. Prerequisite: MUSC.232. (UG)

MUSC.325 JAZZ REPERTOIRE (3) Study and performance of standard jazz literature for small, varied instrumental groups. Prerequisite: MUSC.232. (UG)

MUSC.327 CHORAL CONDUCTING (3) Group instruction in basic conducting techniques and interpretation with relation to choral organizations. Prerequisite: MUSC.132 or permission of instructor. (UG)

MUSC.329 INSTRUMENTAL CONDUCTING (3) Group instruction in basic conducting techniques and interpretation with relation to instrumental organizations. Prerequisite: MUSC.132 or permission of instructor. (UG)

MUSC.335 CHORAL AND INSTRUMENTAL ARRANGING (3) Composition and arranging techniques for voices and/or instruments. Prerequisite: MUSC.232, equivalent, or consent of instructor. (UG)

MUSC.341 VOCAL PEDAGOGY (2) Theory and practice of the teaching of singing based on national styles, historical approaches and the physiology of the voice. Prerequisites: MUSC.281 or consent of instructor, MUSC.245 & 246. (UG)

MUSC.378 PIANO PEDAGOGY (3) Instructional methods and teaching materials used in the teaching of piano students. Prerequisite: MUSA.278 or consent of instructor. (UG)

MUSC.399 JUNIOR RECITAL (1) Preparation and performance of junior recital as required for Bachelor's degree with concentration in performance. Graded under S/U procedure. Prerequisite: Minimum of 4 credits of private lessons and junior standing in music. Must be enrolled concurrently in private lessons at the junior level. (UG)

MUSC.401 [501] MUSIC PRIOR TO 1600 (3) The art of music in the West from its tentative beginnings in Greek and Hebrew to the year 1600 A.D. Prerequisite: MUSC.301 or consent of instructor. (UG & G)

MUSC.402 [502] MUSIC OF THE BAROQUE PERIOD (3) Study of the development of music style, forms and compositional techniques during the period from 1600 to about 1750. Prerequisite: MUSC.232 or consent of instructor. (UG & G)

MUSC.403 [503] MUSIC OF THE CLASSICAL PERIOD (3) Styles, forms and techniques of the period from 1750-1820. Particular emphasis is placed on instrumental categories of the string quartet, sonata, symphony and concerto as illustrated in the works of Haydn, Mozart and Beethoven. Attention is given to operatic and sacred compositions of the same masters. Prerequisite: MUSC.232 or consent of instructor. (UG & G)

MUSC.404 [504] MUSIC OF THE ROMANTIC PERIOD (3) Musical styles, forms and techniques in the 19th century with special attention to the intellectual foundations of the Romantic movement. Prerequisite: MUSC.232 or consent of instructor. (UG & G)

MUSC.405 [505] CONTEMPORARY MUSIC (3) Styles, forms and musical techniques since 1900. Prerequisite: MUSC.232 or consent of instructor. (UG & G)

MUSC.406 [506] SURVEY OF SOLO VOICE LITERATURE (3) A musical survey of the art-song form circa 1750 to the present. Prerequisite: MUSC.232 or consent of instructor. (UG & G)

MUSC.407 [507] TONAL COUNTERPOINT (3) A study of the polyphonic practices employed in 18th century tonal counterpoint. Prerequisite: MUSC.232. (UG & G)

MUSC.408 [508] MODAL COUNTERPOINT (3) Analysis and writing of counterpoint in the style of Sixteenth Century masters such as Palestrina and Lassus. The approach of traditional species practice will be employed. Prerequisite: MUSC.232 or equivalent. (UG & G)

MUSC.409 [509] HISTORY AND LITERATURE OF GUITAR, LUTE, AND VIHUELA (3) A survey of the history and literature written for or readily adaptable to the guitar. Includes study of tablatures and transcriptions to modern notation. Prerequisite: MUSC.232 or consent of instructor. (UG & G)

MUSC.410 [510] SURVEY OF ORGAN LITERATURE (3) A study of the literature of the organ from the beginnings of the Baroque Period to the present. Music covered will include that of the early Italian,

French, and English schools; French Classical and North German Baroque; J. S. Bach and his followers; French & German organ music of the 19th Century and a survey of organ music of the 20th Century. Prerequisites: MUSC.102; MUSC.232 or consent of instructor. (UG)

MUSC.411 [511] SURVEY OF OPERA (3) Study of opera literature of various periods and styles. Prerequisite: Junior or Senior standing or consent of instructor. (UG & G)

MUSC.412 [512] WIND ENSEMBLE (1) Study and performance of advanced wind literature by a small band of selected instrumentalists. Audition Required. Prerequisites: Audition and consent of instructor. (UG & G)

MUSC.413 [513] SYMPHONIC LITERATURE (3) Survey of orchestral music from the Classical Era to the present. Includes symphony, overture, and symphonic poem. Prerequisite: MUSC.232 or consent of instructor. (UG & G)

MUSC.415 [515] THE CONCERTO (3) A survey of the concerto form from its inception to the present. Analysis of stylistic, formal, and compositional aspects will be included. Prerequisite: MUSC.232 or consent of instructor. (UG & G)

MUSC.417 [517] PIANO LITERATURE (3) A survey of piano literature from 1600 to the present. Primarily a lecture/demonstration course, but with assigned reading and assigned listening. Prerequisite: MUSC.232 or consent of instructor. (UG & G)

MUSC.420 [520] WORKSHOP IN MUSIC INSTRUMENT REPAIR (1) The course offered during the period of the summer music camp will focus upon practical problems and methodology of instrument repair and maintenance. Items/activities of the course will include, but not be limited to: 1) identifying repair problems, 2) equipment necessary for repair, and 3) repair methodology. The course will also provide information concerning maintenance and avoidance of repairs. Prerequisite: Six semesters of applied music or equivalent. (UG & G)

MUSC.421 [521] AMERICAN MUSIC (3) American music from the Colonial Period to the present. Prerequisite: Junior standing or consent of instructor. (UG & G)

MUSC.427-428 [527-528] JAZZ ARRANGING I, II (3, 3) Study and practice of arranging of standard material for Jazz Ensembles. Prerequisite: MUSC.232 or consent of instructor. (UG & G)

MUSC.429-430 [529-530] JAZZ IMPROVISATION I, II (3, 3) Study and practice of improvising in various jazz styles. Prerequisite: MUSC.231-232 or consent of instructor. (UG & G)

MUSC.431 [531] ADVANCED CHORAL AND INSTRUMENTAL ARRANGING (3) Advanced arranging techniques including the scoring of original and other works for various combinations of instruments and/or voices. Prerequisite: MUSC.335, or equivalent, or consent of instructor. (UG & G)

MUSC.432 [532] SEMINAR IN ADVANCED INSTRUMENTAL CONDUCTING AND INTERPRETATION (1) Provides opportunity to study and discuss music literature and performance problems with nationally known conductors during the music camp. Music selected to be performed by the camp participants will be examined and evaluated in terms of conducting techniques and interpretation. As a part of this process, students will be required to observe and evaluate camp performances. Prerequisite: MUSC.329 or equivalent and/or consent of instructor. (UG & G)

MUSC.435 [535] FORM AND ANALYSIS (3) Analysis of vocal and instrumental literature. Prerequisite: MUSC.232. (UG & G)

MUSC.441 CHURCH MUSIC SKILLS (3) Study of skills and techniques required of full-time church musician, including anthem and service music preparation, rehearsal planning and organization, playing the services of all major denominations, improvisation, transposition and related skills. Prerequisite: MUSA.274 or permission of department chair. (UG)

MUSC.449-450 [549-550] STRING ENSEMBLE (1, 1) Study and performance of advanced string literature, required of all students majoring in string instruments. Admission by permission of director. May be repeated with credit. (UG & G)

MUSC.459-460 [559-560] TOWSON STATE UNIVERSITY CHORAL SOCIETY (1, 1) Study and performance of advanced choral literature. May be repeated with credit. (UG & G)

MUSC.467-468 [567-568] ORCHESTRA (1, 1) Study of orchestral literature. Open to all students by audition. May be repeated with credit. (UG & G)

MUSC.469-470 [569-570] SYMPHONIC BAND (1, 1) Study and performance of advanced wind and percussion literature by a large band of selected instrumentalists. Personnel to be determined by balanced instrumentation. Prerequisite: Audition and permission of instructor. (UG & G)

MUSC.471-479 [571-579] SPECIAL TOPICS IN MUSIC LITERATURE (3) Consideration of a central topic of Music Literature with a different topic selected each semester. May be reelected. Prerequisite: MUSC.232 and consent of instructor. (UG & G)

MUSC.493 [593] INDEPENDENT RESEARCH IN MUSIC LITERATURE (1-4 credits undergraduate; 3 credits graduate) Supervised research and musicological investigation of a selected topic culminating in a written senior thesis. May be repeated with credit. Prerequisites: MUSC.301, MUSC.302, and six hours of Advanced Music Hist. courses. (UG & G)

MUSC.499 SENIOR RECITAL (1) Recital performance for graduation requirement. Prerequisites: Minimum of 6 credits in Private Lessons and approval of Department Chair. Undergraduate credit only. Graded under S/U procedure. (UG)

Graduate Division

See TSU *Graduate School Catalog* for course descriptions.

MUSC.601 ADVANCED OPERA WORKSHOP (1)

MUSC.618 WORKSHOP IN CLASS PIANO PEDAGOGY (2)

MUSC.631 ADVANCED THEORY (3)

MUSC.633 ADVANCED WOODWINDS (DOUBLE REEDS) (3)

MUSC.639 MUSIC COMPOSITION (3)

MUSC.661 SEMINAR IN INSTRUMENTAL MUSIC (3)

MUSC.662 SEMINAR IN CHORAL (VOCAL) MUSIC (3)

MUSC.670-679 SPECIAL TOPICS IN MUSIC (3)

MUSC.695 RESEARCH METHODS IN MUSIC AND MUSIC EDUCATION (3)

MUSC.897 GRADUATE PROJECT IN MUSIC (3)

MUSC.898 MASTER'S THESIS IN MUSIC (3)

MUSC.899 THESIS CONTINUUM (1)

MUSIC APPLIED (MUSA)

Lower Division

MUSA.161-162 ACCORDION PRIVATE LESSONS (1-2) Private lessons in accordion. Fee of \$50 per semester per credit. One half-hour private lesson per week per credit plus one hour class lesson per week. May be repeated for credit. Prerequisite: Permission of department chair. (UG)

MUSA.171-172 BRASS PRIVATE LESSONS (1-2) Private lessons in brass. Fee of \$50.00 per semester per credit. One half-hour private lesson per week per credit plus one hour class lesson per week. May be repeated for credit. Prerequisite: Permission of dept. chair. (UG)

MUSA.173-174 PIPE ORGAN PRIVATE LESSONS (1-2) Private lessons in organ. Fee of \$50.00 per semester per credit. One half-hour private lesson per week per credit plus one hour class lesson per week. May be repeated for credit. Prerequisite: Permission of dept. chair. (UG)

MUSA.175-176 PERCUSSION PRIVATE LESSONS (1-2) Private lessons in percussion. Fee of \$50.00 per semester per credit. One half-hour private lesson per week per credit plus one hour class lesson per week. May be repeated for credit. Prerequisite: Permission of dept. chair. (UG)

MUSA.177-178 PIANO PRIVATE LESSONS (1-2) Private lessons in piano. Fee of \$50.00 per semester per credit. One half-hour private lesson per week per credit plus one hour class lesson per week. May be repeated for credit. Prerequisite: Permission of dept. chair. (UG)

MUSA.179-180 STRING PRIVATE LESSONS (1-2) Private lessons in strings. Fee of \$50.00 per semester per credit. One half-hour private lesson per week per credit plus one hour class lesson per week. May be repeated for credit. Prerequisite: Permission of dept. chair. (UG)

MUSA.181-182 VOICE PRIVATE LESSONS (1-2) Private lessons in voice. Fee of \$50.00 per semester per credit. One half-hour private lesson per week per credit plus one hour class lesson per week. May be repeated for credit. Prerequisite: Permission of dept. chair. (UG)

MUSA.183-184 WOODWIND PRIVATE LESSONS (1-2) Private lessons in woodwinds. Fee of \$50.00 per semester per credit. One half-hour private lesson per week per credit plus one hour class lesson per week. May be repeated for credit. Prerequisite: Permission of dept. chair. (UG)

MUSA.185-186 GUITAR PRIVATE LESSONS (1-2) Private lessons in guitar. Fee of \$50.00 per semester per credit. One half-hour private lesson per week per credit plus one hour class lesson per week. May be repeated for credit. Prerequisite: Permission of dept. chair. (UG)

MUSA.187-188 COMPOSITION PRIVATE LESSONS (1-2) Private lessons in composition. Fee of \$50.00 per semester per credit. One half-hour private lesson per week per credit plus one hour class lesson per week. May be repeated for credit. Prerequisite: Permission of dept. chair. (UG)

MUSA.189-190 HARPSICHORD PRIVATE LESSONS (1 or 2) Private lessons in harpsichord. Fee of \$50.00 per semester per credit. One half hour lesson per week per credit, plus one hour class lesson per week. May be repeated for credit. Prerequisite: Permission of department chair. Equivalent proficiency level of junior in piano or organ and consent of instructor. (UG)

MUSA.261-290 PRIVATE LESSONS (1-2) Refer to 161-190 for course description, fee and time. May be repeated for credit. (UG)

Upper Division

MUSA.361-390 PRIVATE LESSONS (1-2) Refer to MUSIC 161-190 for course description, fee and time. May be repeated for credit. (UG)

MUSA.461-490 PRIVATE LESSONS (1-2) Refer to MUSIC 161-190 for course description, fee and time. May be repeated for credit. (UG & G)

Graduate Division

See *TSU Graduate School Catalog* for course descriptions.

MUSA.671-690 PRIVATE LESSONS (1-2)

MUSIC EDUCATION (MUED)

Lower Division

MUED.241 TEACHING GUITAR IN THE CLASSROOM (2) Development of basic performance technique, visualization, repertoire, pedagogy, curriculum and performance analysis. (UG)

Upper Division

MUED.307 TEACHING MUSIC IN THE ELEMENTARY SCHOOLS (2-4) Acquaints students with music programs in the elementary school through lecture, class discussion, and practice with children. Prerequisite: MUED.233. (UG)

MUED.308 METHODS OF TEACHING INSTRUMENTAL MUSIC (2) Methods and materials in the instruction of instrumental

music, elementary through secondary. Prerequisite: To be taken with student teaching. (UG)

MUED.309 METHODS OF TEACHING CHORAL AND GENERAL MUSIC IN THE SECONDARY SCHOOLS (2) Methods and materials in the instruction of a general music program for the non-performing student, and a choral program for the performing student. Prerequisite: Taken with student teaching. (UG)

MUED.337 TEACHING CHORAL MUSIC IN THE ELEMENTARY AND THE SECONDARY SCHOOL (2) Examination of materials, methods, and procedures in organizing school choral groups and in teaching choral music to elementary and secondary students. Prerequisites: MUSC.327 (UG)

MUED.408 [508] ORGANIZATION AND ADMINISTRATION OF MUSIC EDUCATION (2) Seminar discussion of the problems of organization and administration of music education. Prerequisite: Music Student Teaching or consent of instructor. (UG & G)

MUED.419 [519] WORKSHOP: ASPECTS OF STRING TEACHING (2-6) An extension course to be offered at various locations. The workshop includes private lessons, master classes, supervised laboratory experiences, as well as concerts, lectures and rehearsals designed to enrich the experience of string teachers and those interested in becoming public school string teachers. Sessions will vary in length from one to six weeks with appropriate credit awarded according to course requirements and contact hours. Prerequisite: Fulfillment of all requirements for teacher certification in instrumental music and consent of instructor. (UG & G)

Graduate Division

See *TSU Graduate School Catalog* for course descriptions.

MUED.601 SEMINAR IN CURRENT TRENDS IN MUSIC AND MUSIC EDUCATION (3)

MUED.603 MUSIC IN SPECIAL EDUCATION (3)

MUED.617 CHORAL WORKSHOP IN ELEMENTARY AND SECONDARY SCHOOL MUSIC (2)

MUED.621 WORKSHOP: TEACHING GUITAR IN THE CLASSROOM (2)

MUED.639 ADVANCED WORKSHOP IN ELEMENTARY AND JUNIOR HIGH SCHOOL GENERAL MUSIC (2)

MUED.670-679 WORKSHOPS IN MUSIC EDUCATION (2-3)

NURSING (NURS)

Lower Division

NURS.201 CONCEPTS OF NURSING I (3) Professional nursing with emphasis on the nursing process; individual client, nursing, and health care systems, wellness-illness continuum focusing on health maintenance and promotion; human needs; cultural diversity; socioeconomic differences and environmental settings; stress and stressors, and adaptation and change. Prerequisite: admission to the Nursing major by Departmental Faculty. Not open to those who have taken NURS.221. (UG)

NURS.203 NURSING: CLIENT HEALTH MAINTENANCE AND PROMOTION (3) Theoretical foundation and clinical application of the nursing process to assist individual clients with self-care activities in relation to health maintenance and promotion. Prerequisite or concurrent: NURS.201. Not open to those who have taken 1203.221. (UG)

Upper Division

NURS.301 CONCEPTS OF NURSING II (3) A theoretical foundation for application of the nursing process to families and to individuals with acute or well defined chronic disequilibrium. Prerequisites: NURS.201 and NURS.203. (UG)

NURS.303 PHARMACOPATHOPHYSIOLOGIC IMPLICATIONS FOR NURSING PRACTICE (3) Pathophysiologic processes in relation to alterations in human system needs, adaptive or maladaptive responses to stress. Pharmacological classifications with related nursing responsibilities are included. Prerequisite or concurrent: NURS.301. (UG)

NURS.305 HEALTH ASSESSMENT (1) Laboratory opportunities to learn physical and psychosocial nursing assessment skills. Prerequisite or concurrent: NURS.301. (UG)

NURS.307 NURSING: PSYCHOMOTOR SKILLS (1) Laboratory opportunities to develop selected psychomotor skills. Prerequisite or concurrent: NURS.301. (UG)

NURS.309 NURSING: FAMILY SYSTEM MEMBERSHIP CHANGE (6) Theoretical foundation and clinical application of the nursing process to individuals and families, focusing on health maintenance and promotion, adaptation to stress, and change in system membership. Prerequisite or concurrent: NURS.303; NURS.305, and NURS.307. (UG)

NURS.313 NURSING: CLIENT PHYSIOLOGICAL DISEQUILIBRIUM (6) Theoretical foundation and application of the nursing process to individuals experiencing disequilibrium, maladaptation and destructive behaviors resulting in illness or death. Prerequisite or concurrent: NURS.303; NURS.305, and NURS.307. (UG)

NURS.315 NURSING: CLIENT BEHAVIORAL DISEQUILIBRIUM (6) Theoretical foundation and application of the nursing process to individuals with behavioral disequilibrium. Patterns of maladaptive behavior and their effect on the individual and family are analyzed. Prerequisite or concurrent: NURS.309 and/or NURS.313. (UG)

NURS.401 CONCEPTS OF NURSING III: INTERDISCIPLINARY SYSTEMS APPROACH TO HEALTH CARE DELIVERY (3) An integration of the knowledge of the humanities will provide nursing with an interdisciplinary systems view of health care. Broad concepts concerning political, social and cultural, economic, values, ethical, legal, educational, and technological and informational systems will provide the foundation for input of these concepts to the nursing system and given implications of the systems' influence on present and future nursing practice. Learning opportunities will occur in the classroom. This course meets a General University Requirement for Nursing Majors (GUR Group III). Prerequisites: NURS.309; NURS.313; NURS.315.

NURS.403 NURSING: CLIENT CARE IN A COMMUNITY ENVIRONMENT (6) This course focuses on individuals, families, and groups of clients in the community who are experiencing biopsychosocial disequilibria involving primary, secondary, and tertiary levels of nursing care, with emphasis on the tertiary level. Experiences include independent application of the nursing process to clients from diverse stages of growth and development, belief systems, and cultural and environmental backgrounds. Learning opportunities occur in the classroom and selected community settings. Prerequisite or concurrent: NURS.401.

NURS.405 NURSING: COMPLEX CARE FOR ADULTS AND CHILDREN (6) This course focuses on individuals, families, and groups of clients requiring a tertiary level of responses to alterations in human system needs resulting from pathophysiologic manifestations. Experiences include guided and independent application of the nursing process to clients across the life cycle who have different belief systems as well as diverse cultural and environmental backgrounds. Learning opportunities will occur in the classroom and selected clinical health care environments. Prerequisite or concurrent: NURS.401.

NURS.407 NURSING: ADVANCED CONCEPTS AND ISSUES (9) Inputs from supraordinate systems affecting the nursing system, nursing research applicable to nursing practice, the nursing process, and leadership related to the care of individuals, families and groups of clients, the nursing work groups, and the interdisciplinary health team are considered. This course meets the second writing requirement of the University for Nursing students (GUR Group I). Learning will occur in the classroom and selected health care environments. Prerequisite: NURS.401; NURS.403; NURS.405.

NURS.491 DIRECTED READINGS (1-3) Independent reading designed to explore topics and/or issues of special interest to the practice

of nursing. Prerequisites: Completion of all 300 level nursing courses and permission of Chair of the Department. (UG)

NURS.493 INDEPENDENT STUDY (1-3) Directed Study designed to provide an in-depth educational experience in Nursing. Topics related to theory and practice of nursing. Prerequisites: Completion of all 300 level nursing courses or equivalents and permission of Chair of Department. (UG)

OCCUPATIONAL THERAPY (OCTH)

Lower Division

OCTH.101 INTRODUCTION TO OCCUPATIONAL THERAPY: PRINCIPLES AND PRACTICE (3) An introduction to occupational therapy and study of its practice, including supervised clinical observation in occupational therapy settings for the purpose of enriching basic understanding of evaluation techniques and treatment, building interpersonal skills and developing self-awareness. Fall & Spring. Prerequisite: Pre and Occupational Therapy majors only. (UG)

OCTH.103 LEISURE AND HEALTH (3) Leisure activity and its meaning in people's lives will be studied, along with historical, present and future trends in leisure time use. The importance of leisure to health maintenance will be discussed, and strategies for personally healthful leisure activity will be planned. (UG)

OCTH.116 BIO-PSYCHO-SOCIAL DEVELOPMENT (3) A survey of the normal development process in human beings covering the entire life cycle, and including discussion of deviations from the normal. Stresses the development of work/play behavior; theoretical material and research findings are presented. Prerequisites: BIOL.110, PSYC.101, SOCI.101. Pre and Occupational Therapy Majors only. (UG)

OCTH.211 PHILOSOPHY OF OCCUPATIONAL THERAPY (3) Delineation and study of the relation of occupation to health, concentrating on a variety of types of occupation, including play, self-care, educating the effects of health and ill health on occupational behavior. Prerequisite and illustrative: OCTH.101, OCTH.116. (UG)

OCTH.213 SMALL GROUP DYNAMICS (3) A study of small groups used in therapeutic or health education settings. Lectures will examine group members and leaders' roles, stages of a group's life, theory of developmental groups, and the structure and function of a variety of small groups used in therapy, education, and community settings. Participatory experiences will supplement lectures to promote personal communication and effectiveness in groups. Prerequisites: SOCI.101, PSYC.101. (UG)

OCTH.217-218 TASK ANALYSIS I AND II (4, 4) An introduction to the gathering of occupational history data, analyses of tasks and skills, development of occupational performance skills in areas pertinent to students' needs and interests, and adaptation of equipment for special requirements. Integrates knowledge and skills for occupational therapy services which foster healthy development, prevent health problems, maintain optimal function, and develop occupational performance skills. Prerequisites: May be taken concurrently with OCTH.101 and OCTH.116. (OCTH.217—Fall; OCTH.218—Spring). (UG)

OCTH.221 CLINICAL KINESIOLOGY (3) Principles of biomechanics, muscle physiology, joint structure and muscle function, emphasizing palpation of anatomical structures and analysis of movement. Not open to students who have taken Kinesiology PHEC.311. Prerequisite: PHYS.201 or equivalent. (UG)

Upper Division

OCTH.313 PRINCIPLES OF PHYSICAL DISABILITIES (3) Fundamentals of occupational therapy theory and practice applied to adult physical disabilities. Prerequisites: OCTH.211, OCTH.217-218, OCTH.221, BIOL.213-214, BIOL.427. Fall. (UG)

OCTH.314 PRINCIPLES OF PSYCHOSOCIAL DYSFUNCTION (4) Fundamentals of occupational therapy theory and practice in treatment of psychosocial dysfunction. Prerequisites: OCTH.211,

OCTH.217-218, OCTH.213 and PSYC.361; concurrent with OCTH.320. Spring. (UG)

OCTH.315-316 PATHOLOGICAL CONDITIONS I AND II (3, 3) The etiology, physiology, performance effects, treatment approaches, precautions, and prognoses of disabilities amenable to occupational therapy. The disabilities discussed include emotional, neurologic, orthopedic, and general medical conditions. Prerequisites: BIOL.213-214, BIOL.427; PSYC.361 to be taken concurrently with OCTH.315. (OCTH.315—Fall; OCTH.316—Spring.) (UG)

OCTH.318 INDEPENDENT STUDY (1-6) Directed independent study designed to provide students with an in-depth investigation of an area or problem specific to occupational therapy. Consultation and supervision with designated faculty members and/or clinical practitioners. Prerequisites: Undergraduate major in occupational therapy, consent of instructor. Repeatable up to a total of six credits. (UG)

OCTH.319 PHYSICAL DYSFUNCTION PRACTICUM (2) Laboratory and clinical practice in specific evaluation and treatment techniques in physical disabilities. Prerequisites: OCTH.211, OCTH.217-218, OCTH.221, BIOL.213-214, BIOL.427, to be taken concurrently with OCTH.313. Fall. (UG)

OCTH.320 PSYCHOSOCIAL DYSFUNCTION PRACTICUM (2) Laboratory and clinical practice in specific evaluation and treatment techniques in psychosocial occupational therapy. Prerequisites: OCTH.211, OCTH.217-218, OCTH.213, PSYC.361, to be taken concurrently with OCTH.314. Spring (UG)

OCTH.325 PEDIATRIC OCCUPATIONAL THERAPY (4) Fundamentals of occupational therapy theory and practice from birth through adolescence including normal function and dysfunction. Therapeutic approaches, assessments, goal setting, treatment planning and implementation. Prerequisites: OCTH.218, OCTH.221, BIOL.213-214, BIOL.427. Fall. (UG)

OCTH.428 [528] OCCUPATIONAL THERAPY ORGANIZATION AND ADMINISTRATION (3) Administrative and organizational theory applied to occupational therapy service programs. Content includes personnel relationships and supervision, systems analysis, program planning, budgeting, space and facilities planning, communication systems, and programs for staff and student development. Prerequisites: OCTH.213, HLTH.207. Fall. (UG & G)

OCTH.429 SEMINAR IN OCCUPATIONAL THERAPY (1) Educational experiences related to a variety of new occupational therapy topics depending on the needs and interests of students. Prerequisites: OCTH.313, OCTH.319. Fall and Spring. (UG)

OCTH.430 RESEARCH METHODS IN OCCUPATIONAL THERAPY (3) Guided, independent research in topics related to occupational therapy theory and practice. Presentation of introductory materials on research methods. Second writing course. Prerequisites: MATH.237, OCTH.313, OCTH.319. Fall and Spring. (UG)

OCTH.435-436 OCCUPATIONAL THERAPY INTERNSHIP I AND II (7, 7) Three months each full-time supervised field work experience for learning and applying knowledge and skills required for the practice of occupational therapy in physical and psychosocial dysfunction. Prerequisites: OCTH.313-314, OCTH.319-320, OCTH.325. (UG)

OCTH.437 SPECIALTY INTERNSHIP (3-7) An optional field education experience of one to three months designed to meet special needs or interests. May include such areas of practice as mental retardation, cerebral palsy, sensory impairments, child psychiatry, adolescent psychiatry, special education, pediatrics, geriatrics, public health, drug abuse or penology. Prerequisites: OCTH.313-314, OCTH.319-320, OCTH.325. (UG)

OCTH.470-479 [570-579] SPECIAL TOPICS IN OCCUPATIONAL THERAPY (1-3) Designed to explore topics of special interest in the theory and practice of occupational therapy. Prerequisite: consent of instructor. May be repeated for a maximum of three credits. (UG & G)

OCTH.611 ADVANCED OCCUPATIONAL THERAPY THEORY AND PHILOSOPHY (3)

OCTH.613 ADVANCED RESEARCH METHODS IN OCCUPATIONAL THERAPY (3)

OCTH.621 ASSESSMENT TECHNIQUES IN GERONTIC OCCUPATIONAL THERAPY (3)

OCTH.623 ASSESSMENT IN PEDIATRIC OCCUPATIONAL THERAPY (3)

OCTH.631 TREATMENT IN GERONTOLOGY (3)

OCTH.633 OCCUPATIONAL THERAPY TREATMENT IN PEDIATRICS (3)

OCTH.670-679 SPECIAL TOPICS IN OCCUPATIONAL THERAPY

OCTH.691 DIRECTED READINGS IN OCCUPATIONAL THERAPY (1-3)

OCTH.711 ASSESSMENT AND TREATMENT OF THE ADULT WITH BIOMECHANICAL DYSFUNCTION (3)

OCTH.713 ASSESSMENT AND TREATMENT OF THE ADULT WITH CENTRAL NERVOUS SYSTEM DYSFUNCTION (3)

OCTH.781 GRADUATE SEMINAR IN OCCUPATIONAL THERAPY (3)

OCTH.791 INDEPENDENT STUDY (1-6)

OCTH.897 GRADUATE PROJECT IN OCCUPATIONAL THERAPY (3)

OCTH.898 THESIS (6)

OCTH.899 THESIS CONTINUUM (1)

OPERATIONS MANAGEMENT (OPRE)

OPRE.439 MATERIALS MANAGEMENT (3) Nature and importance of materials flow through organizations. Prerequisite: MNGT.361. (UG) (Not open to students who have taken 0506.349.)

OPRE.459 PURCHASING MANAGEMENT (3) Purchasing process in industry, government and educational sectors of our economy: with purchasing terms, organizations, operation and responsibilities of a typical procurement operation: purchasing as a management function. Prerequisite: OPRE.439. (UG) (Not open to students who have taken 0506.459.)

OPRE.470-479 SPECIAL TOPICS IN OPERATIONS MANAGEMENT (3) Course content varies with each topic. In-depth study of contemporary business issues as they affect current operations management practices. Prerequisite: Consent of instructor. Special Permit only. (UG) (Not open to students who have taken 0506.470-479.)

OPRE.491 DIRECTED READINGS (Operations Management) (1-3) Readings in selected functional or conceptual areas of operations management. Prerequisite: Consent of instructor. Special Permit. (UG) (Not open to students who have taken 0506.491.)

OPRE.495 INDEPENDENT RESEARCH (Operations Management) (1-3) Directed research on specific problems in a functional area of operations management. May be re-elected for a maximum total of 6 credits. Prerequisite: Consent of instructor. Special Permit. (UG) (Not open to students who have taken 0506.495.)

OPRE.497 PRACTICUM: Operations Management (3) Students are required to work in assigned projects in actual business environments. Priority will be given to seniors. Open to highly qualified juniors. Graded under S/U procedure. May be re-elected for a maximum total of 6 credits. Prerequisite: Consent of instructor. Special Permit. [Co-op Fee Required] (UG) (Not open to students who have taken 0506.497.)

PHILOSOPHY AND RELIGION (PHIL)

Lower Division

PHIL.101 INTRODUCTION TO PHILOSOPHY (3) An introduction to some fundamental problems of philosophy and to various proposals for the solution of these problems. (UG)

Graduate Division

See TSU Graduate School Catalog for course descriptions.

OCTH.601 PSYCHOSOCIAL OCCUPATIONAL THERAPY (3)

OCTH.603 ISSUES IN OCCUPATIONAL THERAPY (3)

PHIL.111 LOGIC (3) Study of and practice in inductive and deductive reasoning, the composition of argument and demonstration, and the detection of formal and informal fallacies. (UG)

PHIL.201 SOCIAL AND POLITICAL PHILOSOPHY (3) A consideration of social and political doctrines from both Western and non-Western philosophical perspectives. The approach will be both historical and thematic. Themes will include: the individual and the state, the male-female dialectic, and attitudes toward property. (UG)

PHIL.219 INTRODUCTION TO ASIAN PHILOSOPHY (3) Examination of the nature of Asian thought through a study of English translations of traditional sources of Indian, Tibetan, Chinese, and Japanese philosophy. (UG)

PHIL.221 ANCIENT GREEK PHILOSOPHY (3) The origins of Western philosophical thought will be studied in the works of the presocratics, Socrates, Plato, and Aristotle. (UG)

PHIL.231 INTRODUCTION TO THE PHILOSOPHY OF SCIENCE (3) An examination of the nature of scientific inquiry in terms of its methods, aims, and results. Considers the criteria for evaluating theories and practices as well as such topics as the evolution of scientific methods, the formulation of scientific standards, and the development of scientific concepts such as space, time, and matter. Technical scientific knowledge is not a prerequisite. Prerequisite: One college level course in Physics, Chemistry, Biology, Psychology, or Sociology. (UG)

PHIL.251 CONTEMPORARY AFRICAN-AMERICAN THOUGHT (3) A philosophical examination of the current issues in African-American thought in such fields as religion, politics, education, economics and aesthetics. An effort will be made to determine the place and the role of the contemporary African-American in history. (UG)

PHIL.270-279 PHILOSOPHICAL PERSPECTIVES (3) The course will consider contemporary issues from the uniquely philosophical perspective to stimulate independent reflection on the part of the student. (UG)

Upper Division

PHIL.301 [501] PHILOSOPHIES OF INDIA (3) Examination of major ideas in the Vedic, Epic, Classical darsana, and modern periods. Prerequisite: One lower level course in philosophy or consent of instructor. (UG & G)

PHIL.302[502] PHILOSOPHIES OF CHINA AND JAPAN (3) Examination of some major philosophical systems through selected writings in translation. Prerequisite: One lower level course in philosophy or consent of instructor. (UG & G)

PHIL.311 SYMBOLIC LOGIC (3) An introduction to the concepts and methods of symbolic logic. Translation of arguments from English into symbolic notation; methods of establishing the validity of arguments by means of symbolic logic. Discussion of logical notions such as consistency and inconsistency, logical truth, and the philosophy of logic. Prerequisite: PHIL.111 or consent of instructor. (UG)

PHIL.321 PHILOSOPHY OF LAW (3) An examination of the nature and theories of law, the relationship between law and morality, the nature of legal obligation, and the notion of justice. (300 level) Prerequisites: One lower course in Philosophy or consent of the instructor.

PHIL.322 [522] LATE CLASSICAL AND MEDIEVAL PHILOSOPHY (3) This course will deal with the philosophical schools of the Hellenistic and Roman periods, viz., Stoicism, Epicureanism, Scepticism and Neo-Platonism and with the two main Christian philosophies of the Middle Ages, viz., Augustinianism and Thomism. Emphasis will be placed on the fusion of Greek and Jewish moral and religious speculation and the rise of Christianity. Prerequisite: One lower-division course in philosophy. (UG & G)

PHIL.323 [523] LATE MEDIEVAL AND RENAISSANCE PHILOSOPHY (3) Philosophers and philosophical currents of the 14th, 15th and 16th centuries. Emphasis will be placed on transformations in Western thought and the emergence of new themes and directions: forms of nominalism and new concepts of thinking and knowledge; new forms of mysticism; new and multiple cosmologies and concepts of substance. The appearance of philosophies of man, love and social and political action; new concepts of will, virtue and power. The emergence

of interrelationships between philosophy and science and technology; new concepts of history; the development of an ideal of social immortality. Prerequisite: One lower-division course in philosophy. (UG & G)

PHIL.324 [524] MODERN PHILOSOPHY (3) The history of philosophy beginning with Descartes through the 19th century. Prerequisite: One lower-division course in philosophy. (UG & G)

PHIL.325 [525] SCHOOLS OF CONTEMPORARY PHILOSOPHY (3) A survey with varying emphasis on a number of such contemporary philosophical positions as pragmatism, phenomenology, logical positivism, the analysts, neo-Aristotelianism, the philosophers of science, and the existentialists. Prerequisite: One lower-division course in philosophy. (UG & G)

PHIL.326 [526] AMERICAN PHILOSOPHY (3) The history of the main currents of American philosophical thought as exemplified in such writers as Edwards, Emerson, Pierce, James, Royce, Dewey and Whitehead. Prerequisite: One lower-division course in philosophy. (UG & G)

PHIL.331 [531] CONCEPTS OF WOMAN: AN HISTORICAL APPROACH (3) Various concepts which philosophers have used to define woman. A historical survey approach, with readings from Plato, Aquinas and others, and ending with Beauvoir. Prerequisite: One lower-division course in philosophy. (UG & G)

PHIL.339 [539] THEORIES OF KNOWLEDGE (3) An historical and systematic approach to the truth value and elements of the forms of human knowledge. The theories of major philosophers will be studied. Prerequisite: One lower-division course in philosophy. (UG & G)

PHIL.341 [511] ETHICS (3) Analysis of readings from the principle classical and contemporary ethical sources, study of the basic moral concepts as found in these sources; application to contemporary moral concerns. Prerequisite: One lower-division course in philosophy. (UG & G)

PHIL.343 [509] AESTHETICS (3) An analytical and historical examination of concepts of the nature of art, beauty, aesthetic value, aesthetic perception, and of the modes of existence of artifacts. Prerequisite: One lower-division course in philosophy. (UG & G)

PHIL.351 [551] CONTEMPORARY ETHICAL PROBLEMS (3) The course will treat the meaning of moral experience and the moral problems which arise in connection with human sexual integrity, ownership of property, welfare, violence, civil disobedience, punishment, war, and truth telling in social relations and government. Prerequisite: One lower-division course in philosophy. (UG & G)

PHIL.354 [554] INTERPRETATIONS OF THE BIBLE: OLD TESTAMENT (3) Major themes of the Biblical Literature, and of its religious, philosophical and cultural implications. Prerequisite: One lower-division course in philosophy or religion. (UG & G)

PHIL.355 [555] INTERPRETATIONS OF THE BIBLE: NEW TESTAMENT (3) Major themes of the Biblical Literature, and of its religious, philosophical and cultural implications. Prerequisite: One lower-division course in philosophy or religion. (UG & G)

PHIL.361 [561] ETHICS OF MEDICINE AND THE LIFE SCIENCES (3) A search for guidelines in such moral problems as abortion, the care of the dying, organ transplants, informed consent in therapy and experimentation, adequate health care and its just distribution, control of human behavior by drugs, surgery, etc., test-tube reproduction, population control, genetic engineering and counseling. Prerequisite: One lower-division course in philosophy or consent of instructor. (UG & G)

PHIL.371 [563] BUSINESS ETHICS (3) Economics is one of the "moral sciences" in so far as it deals with an important sphere of human activity which intends a good. This course will institute a philosophical reflection on economic ideas as they appear in the three main categories of opinion, viz., conservative, liberal and radical. Attention will be drawn to the epistemological, ethical and metaphysical presuppositions of these traditions. Prerequisite: A lower-division course in philosophy or consent of instructor. (UG & G)

PHIL.380-389 [580-589] PHILOSOPHICAL TOPICS (3) Courses offered under this title will be of variable content. Topics of traditional philosophical interest or of philosophical problems in other areas of

knowledge or of contemporary interest will be offered. Prerequisite: One lower-division course in philosophy. (UG & G)

PHIL.413[513] PHENOMENOLOGY (3) An examination of phenomenology as both a philosophical method and philosophical position. Theme to be considered include consciousness, the body, time and the experience of others. Primary course readings in the works of Husserl, Heidegger, Sartre, Merleau-Ponty. Prerequisite: Two previous courses in philosophy. (UG & G)

PHIL.415 [515] MARXISM (3) The course examines the basic concepts of Marxist philosophy. It considers such topics as dialectical reason, alienation, class society, the state, and Marx, Engles, Lenin, Luxemburg, Nkrumah, Lukacs, Gramsci. Prerequisite: Two previous courses in philosophy. (UG & G)

PHIL.417 [517] EXISTENTIALISM (3) Some of the major existentialist philosophers will be studied, e.g., Kierkegaard, Nietzsche, Heidegger, Sartre, Beauvoir. The philosophical themes of transcendence, the absurd, estrangement and anxiety will be considered. Prerequisite: Two previous courses in philosophy. (UG & G)

PHIL.440-449 [540-549] PHILOSOPHICAL SYSTEMS (3) The study of a major philosophical system or position, classical or modern, and of its important proponents. Prerequisite: Two previous courses in philosophy. (UG & G)

PHIL.451 [551] PHILOSOPHY OF RELIGION (3) Exposition of various approaches to the philosophy of religion with an analysis of the major issues on which they differ and agree. Prerequisite: Two previous courses in philosophy or religion. (UG & G)

PHIL.457 [557] COMPARATIVE RELIGION (3) Study of a number of the world's major religious traditions emphasizing specific philosophical and psychological problems encountered therein. Prerequisite: At least one lower-division course in philosophy, religion or history. (UG & G)

PHIL.460-469 WRITING SEMINAR IN PHILOSOPHICAL STUDIES (3) The course concentrates on a specific issue or thinker within the philosophical tradition and on developing the skills necessary to do quality written work in the discipline. Possible topics include: Plato, Aristotle, Hegel, Concepts of Space & Time, Dimensions of Freedom. Prerequisites: ENGL.102 or (104) and two courses in philosophy. (UG)

PHIL.470-479 [570-579] PHILOSOPHICAL PROBLEMS (3) A consideration of one of the perennial interests of philosophy. Prerequisite: Two previous courses in philosophy. (UG & G)

PHIL.495 RESEARCH TUTORIAL IN PHILOSOPHY (3) Directed readings and research leading to a thesis paper under one or more members of the Department. Prerequisites: Senior majors in Philosophy or senior non-majors, submission in advance of an outline of proposed research, permission of proposed director and department chair. (UG)

PHYSICAL EDUCATION (PHEC)

Lower Division

PHEC.010-095 These courses include a variety of sport skills for non-majors. For specific titles, credits, descriptions, and prerequisites, consult Physical Education Department. (UG)

PHEC.111-284 These courses include a variety of professional lab skills for majors as well as team sports for both majors and non-majors. For specific titles, credits, descriptions, and prerequisites, consult Physical Education Department. (UG)

PHEC.196, 296, 396, 496 INDEPENDENT STUDY (.5-3) Designed to permit students to take courses which they cannot arrange within the regular semester schedule. All work will be under the direct supervision of an assigned faculty. May be repeated for a maximum of six credits. Prerequisites: Consent of Department Chair. (UG)

PHEC.235 INDIVIDUALIZED FITNESS (3) Individual fitness and lifestyle will be examined. Fitness components (cardio-respiratory, muscular, flexibility, weight control and psychosocial) will be assessed,

evaluated and exercise prescriptions will be formulated for each individual. (UG)

PHEC.245 CAMP LEADERSHIP (2) The role of the camp counselor in organized camping. Emphasis on camp related skills of campcraft, trips, crafts and nature study. Several field trips. (UG)

PHEC.247 OFFICIATING I (2) A study of the art of officiating through lectures, films, discussions, and practical application. Covers the sports of swimming, volleyball, wrestling, football, basketball, and field hockey. Open to majors and non-majors. (UG)

PHEC.248 OFFICIATING II (2) A study of the art of officiating through lectures, films, discussions, and practical application. Covers the sports of track, softball, lacrosse, baseball, tennis and gymnastics. Open to majors and non-majors. (UG)

PHEC.255 ADVANCED INDIVIDUALIZED FITNESS (3) Structure and function of the physiological components of large muscle activity and their relationship to the development and maintenance of fitness. Prerequisite: one beginning level fitness course.

PHEC.269 LIFEGUARD TRAINING (2) An advanced course in life-guarding techniques for swimming pools and open-water beach areas. Prerequisite: PHEC.261 and HLTH.103 or equivalent. (UG)

PHEC.270-275 SPECIAL TOPICS IN PHYSICAL EDUCATION (1-3) Designed for study of special topics of current interest in physical education, athletics, and their related fields. Objectives and content for each topic are reviewed and approved by the physical education faculty. May be repeated for a maximum of six credits. Prerequisite: Consent of instructor. (UG)

PHEC.279 TECHNIQUES OF TEACHING CREATIVE MOVEMENT (1) A student-directed approach to the teaching of creative movement to all age levels, pre-school to senior citizen. Includes learning and utilization of basic rhythmic concepts. (UG)

PHEC.281-282 PHYSICAL EDUCATION FOR ELEMENTARY EDUCATION STUDENTS I, II (1, 1) Designed for the teacher of elementary school children to gain an understanding of and develop a basic ability in the basic skills of children's activities. Provides opportunity to become familiar with methods of learning skills and to appreciate the needs of the individuals in motor learning and analysis of group behavior. Prerequisites to PHEC.324.

PHEC.299 OVERVIEW OF PHYSICAL EDUCATION (2) The brief history of physical education emphasizing the place of physical education in education today, identification of leaders in the field, the role of professional ethics and standards, professional organization (their purpose and function), and an introduction to professional literature. (UG)

Upper Division

PHEC.301 RECREATION (3) Preparation for leadership and organization of after-school activities for children, such as club, hiking, camping and playground activities. Visits to recreation centers. Specialists in story telling, crafts, recreational singing, playground and club work give part of the course. Participation in some organized recreation with children. (UG)

PHEC.302 CURRICULUM IN PHYSICAL EDUCATION (3) Physical education as a part of general education, aims and content. Principles for development of a sequential physical education curriculum in grades one through twelve. Prerequisite: PHEC.299, PSYC.201. (UG)

PHEC.303 ORGANIZATION AND ADMINISTRATION OF PHYSICAL EDUCATION (3) Designed to provide experiences for the student in administrative problems and procedure from the perspective of the administrator and to also present the learner with knowledge of the administrative responsibilities associated with the physical education teacher. Prerequisites: PHEC.299 and PHEC.324 or 325. (UG)

PHEC.305 OUTDOOR EDUCATION: PHILOSOPHY AND METHODS (3) Examination of the rationale and basic structure of outdoor education programs. An investigation of effective teaching techniques and procedures for outdoor education. Field experiences are required (students may have to provide their own transportation and equipment). The course will utilize an interdisciplinary approach and be

team taught. Prerequisites: Junior or Senior standing and one of the following: PHEC.324, PHEC.325 or Education Methods courses. (UG)

PHEC.307 TEACHING APPRENTICESHIP (.5-1) A student with a high degree of competency may request to be assigned to assist a faculty master teacher in class instruction and evaluation. This course may be repeated for a maximum of one credit. Prerequisites: Junior-senior status; advanced skill level; approval of chair of Physical Education, Director of Major Program and faculty member concerned. (UG)

PHEC.309 TESTS AND MEASUREMENT IN PHYSICAL EDUCATION (3) Background for development of measurement programs in physical education; elementary statistical procedures; interpretation of data; selection and administration of tests measuring fitness, motor ability, and sports skills applicable to various grade and age levels. (UG)

PHEC.311 KINESIOLOGY (4) Mechanical and anatomical analysis of movement in relation to human performance. Three lecture hours and two hours of laboratory experience. Prerequisites: PHYS.201 or CHEM.105, BIOL.213-214. (UG)

PHEC.313 PHYSIOLOGY OF EXERCISE (3) Application of principles of physiology to large muscle activity, with special emphasis on the interrelations of muscular, nervous, circulatory, and respiratory functions during exercise. Prerequisite: BIOL.213-214. (UG)

PHEC.315 CARE AND PREVENTION OF ATHLETIC INJURIES (3) Lecture and practical experiences in the study of modern theories and principles of athletic training mechanisms, nature and causes of the most common sports-related injuries. Prerequisites: BIOL.213, First Aid Certificate or 1201.103. (UG)

PHEC.324 TEACHING PHYSICAL EDUCATION IN ELEMENTARY SCHOOL (2-3) Responsibilities of the elementary school physical education teacher including class organizational procedures, a variety of teaching methods, lesson and unit plan development, and content appropriate for the elementary school child. Course includes observation and teaching experiences with elementary school children at various ages. Prerequisites: PHEC.299, PHEC.283, PHEC.284. (UG)

PHEC.325 TEACHING PHYSICAL EDUCATION IN SECONDARY SCHOOL (3) Responsibilities of the secondary school physical education teacher, including class organizational procedures, variety of teaching methods, lesson and unit planning, and topics resulting from the observation/participation experience in a secondary school. Prerequisites: PHEC.299, laboratory skills in team and individual sports. (UG)

PHEC.331 PRINCIPLES OF COACHING (3) Designed to develop within each student an educationally sound philosophy of coaching. Emphasis will be on learning and understanding the principles and guidelines of good coaching and the application of the human psychology as it relates to the coach and athletes in their unique relationship. Prerequisite: PSYC.101 or consent of instructor. (UG)

PHEC.335 PRINCIPLES AND TECHNIQUES OF WRAPPING AND TAPING (1) A laboratory study and application of bandaging and taping for preventive and therapeutic purposes in athletic training. Prerequisite: PHEC.315. (UG)

PHEC.341 CONCEPTS OF MOTOR LEARNING (3) Designed to study the effects of sensation and perception, reaction time, knowledge of results, retention, transfer, physical and mental practice and motivation on learning and performing motor skills. Prerequisites: PSYC.101 or consent of instructor. (UG)

PHEC.351 PHILOSOPHY: THE SPORT EXPERIENCE (3) Philosophy of sport and the body, including the major philosophical schools of thought and their implications on physical education. Prerequisites: PHIL.101 or PHIL.111 or consent of instructor. (UG)

PHEC.353 SPORT AND SOCIETY (3) Explores relationships between sport and social institutions. Prerequisite: SOCI.101. (UG)

PHEC.355 PSYCHOLOGY OF SPORT (3) Designed to study the psychological correlates of sport. The approach will be one of understanding and application of the literature and research design of sport psychology publications. Prerequisite: PSYC.101. (UG)

PHEC.391 PRACTICUM IN ATHLETIC TRAINING I (1) Academic and practical experience emphasizing responsibility for the athletic training needs of an assigned sports team; supervision and instruction of student trainer candidates. Prerequisites: PHEC.315, junior or senior standing. Special permit required. (UG)

PHEC.393 A WORLD HISTORY OF SPORT TO 1900 (3) Explores sport and physical education in context of social, economic and political influences. Focuses upon Greece, Rome, Western Europe to ca. 1900. Not open to students who have completed 0835.291. Prerequisite: PHEC.299 or one history course. (UG)

PHEC.395 PRACTICUM IN SPORT STUDIES (3) Designed to augment academic studies with relevant experience in potential Sport Studies career environments. May be repeated for a maximum of six credits. Prerequisite: Junior or Senior standing, Special Permit required. S/U Grading. (UG)

PHEC.397 PRACTICUM IN CAMPING OR OUTDOOR EDUCATION (3) Designed to allow academic and practical experience for students in the camp program or outdoor education area of their choice. The student will participate as a volunteer, aide, or staff member. Seminars will be held to discuss experiences. Students should expect to pay for their transportation, meals, and lodging during the practicum experience. The course will be offered primarily during the minimester and summer sessions. May be repeated for a maximum of six credits. Prerequisite: PHEC.245 or PHEC.305 or consent of instructor. (UG)

PHEC.399 DIFFERENTIATED STUDENT TEACHING IN PHYSICAL EDUCATION (1 or 2) An additional experience in student teaching in addition to the regular student teaching experience. May be repeated for a maximum of six credits. (UG)

PHEC.403 ORGANIZATION AND ADMINISTRATION OF INTRAMURALS (3) Designed to permit the graduate and undergraduate student to acquire the skills of administration necessary in the development and organization of intramural programs in schools and colleges. (UG)

PHEC.409 [509] STRESS MANAGEMENT, TENSION CONTROL AND HUMAN PERFORMANCE (3) Presents information about the manifestation of stress and systematic programs for tension control. The correlates surrounding progressive muscle relaxation and biofeedback are explored in detail as well as the neurological responses which produce tension responses. Lectures are combined with laboratory experiences in an effort to understand and practice relaxation techniques. Prerequisites: One psychology and/or biological science course. (UG & G)

PHEC.412 THEORY AND ANALYSIS OF GYMNASTICS MOVEMENT (3) Theoretical and practical application of mechanical analysis of movement concepts as related to proper execution of skills in gymnastics. The techniques and methods used in this course are designed to provide the teacher a logical system for presenting gymnastic skills to facilitate learning for the student; to demonstrate that gymnastic skills are logically founded on basic physics or terrestrial mechanics; to present aiding and spotting techniques. (UG)

PHEC.415 [515] ADVANCED CARE AND PREVENTION OF ATHLETIC INJURIES (3) Advanced principles of athletic training including etiology, indications, evaluation and immediate management of selected complex injuries. Prerequisite: PHEC.315 or equivalent, or consent of instructor. (UG & G)

PHEC.416 THERAPEUTIC TECHNIQUES IN SPORTS MEDICINE (4) Analysis and application of a comprehensive rehabilitation program and methods of physical assessment. Prerequisites: PHEC.315, PHEC.415. (UG)

PHEC.417 ORGANIZATION AND ADMINISTRATION OF ATHLETIC TRAINING (3) Analysis and application of organizational skills and administrative structure of the athletic training profession including record keeping, budgeting and a history of athletic training. Prerequisite: PHEC.315. (UG)

PHEC.419 SWIMMING AND POOL MANAGEMENT (3) Teaching methods for all levels of swimming and diving. Modern methods of training the competitive swimmer with emphasis on technique and conditioning of the individual. The organization and administration of swimming pools and clubs with regard to staff, recreation and pool filtration. This is a certifiable course for pool management, approved by

the Department of Health, Baltimore County. Prerequisites: PHEC.261 and PHEC.262. (UG)

PHEC.421 PHYSICAL EDUCATION PROGRAM IN THE ELEMENTARY SCHOOLS (3) Current trends and issues in curriculum development, methods and materials and research concerned with elementary school physical education programs. Prerequisite: PHEC.324. (UG)

PHEC.423 [523] ADAPTIVE PHYSICAL EDUCATION (3) Recognition of pupils with physical deviations, and use of special or modified physical education activities. Prerequisites: PHEC.311, BIOL.213-214. (UG & G)

PHEC.427 PERCEPTUAL-MOTOR DEVELOPMENT IN PHYSICAL EDUCATION (3) Provides the teacher of physical education with a basic knowledge of the area of Perceptual-Motor Development. The following areas will be examined: Perceptual-Motor Programs and Theories, Perceptual-Motor Testing Programs, Related Research, Sensory Input and Motor Output. Prerequisite: PHEC.324. (UG)

PHEC.430 [530] MOVEMENT EDUCATION IN THE ELEMENTARY SCHOOL (3) Application of problem solving and individualized methods of teaching of movement for the elementary school child. Development of programs and materials for teaching creative dance, games and sports. Survey of current literature. (UG & G)

PHEC.435 [535] PROGRAMS IN OUTDOOR EDUCATION (3) Examines the varied programs in Outdoor Education offered within the state, nation, and selected foreign countries. Traditional and innovative programs will be reviewed. Concepts revealed will be contrasted and meeting educational objectives. Several field trips are required. Open to Education majors. Prerequisite: Six hours of physical education, recreation or education. Graduates: Degree in Physical Education. (UG & G)

PHEC.441 [541] THE AMERICAN WOMAN IN SPORT (3) Historical, physiological, psychological, sociological, and philosophical perspectives and societal attitudes toward women who participate in sport. Prerequisites: PSYC.101 or SOCI.101 or WMST.231. (UG & G)

PHEC.451 [551] HISTORY OF AMERICAN SPORT (3) Explores sport in American society from a historical perspective, emphasizing content and methods in sport history. Prerequisites: PHEC.299 or HIST.145 or HIST.146. (UG & G)

PHEC.453 ORGANIZATION AND ADMINISTRATION OF ATHLETICS (3) Designed to aid those persons responsible for organizing and administering intramural and interschool athletic programs. Topics such as organizational patterns, objectives of the programs, controls, game management, records, conduct of tournaments, officials, awards and means of promoting the programs will be considered. Study will be made of competitive as well as informal recreation programs on all educational levels, with special emphasis on the secondary schools. Prerequisite: Upper-division standing in Physical Education or Coaching or Administrative Experience. (UG)

PHEC.470-479 [570-579] SELECTED TOPICS IN PHYSICAL EDUCATION (1-3) Workshop designed for study of special topics of current interest in physical education and athletics. Content varies and will focus on substantive material or operational problems. May be repeated for a maximum of six credits. Prerequisite: Consent of workshop director and/or graduate coordinator. (UG & G)

PHEC.491 PRACTICUM IN ATHLETIC TRAINING II (1) Academic and practical experience emphasizing the development and implementation of rehabilitation programs for injured athletes; instruction of student trainer candidates. One-half of the semester will be spent in an affiliated setting. Prerequisite: 0835.391, 0835.415. Special permit required. (UG)

PHEC.494 [594] TRAVEL STUDY (3) Study of selected physical education programs, practices, or facilities. Study group will be accompanied by TSU Physical Education Department faculty member. Prerequisite: As specified in course outline and consent of instructor. (UG & G)

PHEC.496 [596] INDEPENDENT STUDY (1-3) Course is designed to permit students to take courses which they cannot arrange within the regular semester schedule. All work will be under the direct supervision of an assigned faculty. No more than 3.0 credits may be earned in

Independent Study unless the permission of department chair is obtained. (UG & G)

Graduate Division

See TSU *Graduate School Catalog* for course descriptions

PHEC.607 MOTOR DEVELOPMENT OF CHILDREN: INFANCY THROUGH ADOLESCENCE (3)

PHEC.609 PSYCHOLOGY OF MOTOR LEARNING (3)

PHEC.612 SIGNIFICANT PERIODS IN PHYSICAL EDUCATION (3)

PHEC.613 ANALYSIS OF PHYSIOLOGICAL CONCEPTS (3)

PHEC.621 EDUCATIONAL GYMNASTICS (3)

PHEC.630 MECHANICAL ANALYSIS OF MOVEMENT (3)

PHEC.633 ADMINISTRATION AND SUPERVISION OF PHYSICAL EDUCATION (3)

PHEC.639 CRITICAL ANALYSIS OF CURRENT LITERATURE IN PHYSICAL EDUCATION (3)

PHEC.641 EVALUATIVE TECHNIQUES IN PHYSICAL EDUCATION (3)

PHEC.645 FACILITIES AND EQUIPMENT FOR PHYSICAL EDUCATION (3)

PHEC.651 COMPARATIVE PHYSICAL EDUCATION—CONTEMPORARY AND INTERNATIONAL (3)

PHEC.653 CONTEMPORARY PHYSICAL EDUCATION CURRICULUM (3)

PHEC.661 OUTDOOR LEISURE (3)

PHEC.663 CAMP ADMINISTRATION AND OUTDOOR EDUCATION (3)

PHEC.670-679 SELECTED TOPICS IN PHYSICAL EDUCATION (1-3)

PHEC.685 RESEARCH SEMINAR (3)

PHEC.696 INDEPENDENT STUDY IN PHYSICAL EDUCATION (3)

PHEC.697 DIRECTED READINGS IN PHYSICAL EDUCATION (3)

PHYSICAL SCIENCE (PHSC)

General

Lower Division

PHSC.101 PHYSICAL SCIENCE I (4) Principles of classical physics with an emphasis on the application of scientific method. May not be used for the Natural Science Major. (UG)

PHSC.135 INTRODUCTION TO LASER PHOTOGRAPHY (HOLOGRAPHY) (3) Geometric interpretation will be used to explain the characteristics of optical holograms: images, redundancy, dynamic range, intermodulation noise, beam ratios, multiple scenes, and white light holograms. Experimental techniques of making holograms will also be covered. Two hours lecture, two hours laboratory. (UG)

PHSC.151 ENERGY AND POLLUTION (3) Basic forms of energy: thermal, electrical, nuclear, solar. The relationship between energy and pollution. The problems of energy and pollution. High school algebra is suggested. Two hours of lecture and two hours of laboratory per week. (UG)

PHSC.161 GENERAL ASTRONOMY I (3) Science of astronomy; investigations and theories concerning the solar system, galaxies and the universe. Two lecture hours and one two-hour laboratory period. High school algebra suggested. (UG)

PHSC.195 COURSE RESEARCH IN 100-LEVEL COURSES (1) (UG)

PHSC.234 STILL PHOTOGRAPHY (3) Emphasis will be on the production of photographs, rather than the mastery of many techniques. Camera operation, developing, printing and other topics according to student interest. (UG)

PHSC.295 COURSE RESEARCH IN 200-LEVEL COURSES (I) (UG)

Upper Division

PHSC.303 [503] EARTH-SPACE SCIENCE IN CHILDHOOD EDUCATION (3) Physical science principles applied in the study of earth and space. Emphasis on experimental and discovery approaches that may be used in the elementary school. Prerequisites: PHSC.101 (UG & G)

PHSC.361 GENERAL ASTRONOMY II (3) A study of the stars, stellar systems, galaxies, and cosmology. Emphasis will be placed on the determination of the distance scale and modern trends in astronomy including methods used on space probes. Prerequisite: PHSC.161 or acceptable substitute. (UG)

PHSC.401 [501] ADVANCED LABORATORY IN PHYSICAL SCIENCE (2) Exacting laboratory work of an advanced nature under the guidance of the Physical Science Department staff. Each student will present and defend his work at a seminar. May be repeated for a maximum of six credits. Prerequisite: Consent of instructor. (UG & G)

PHSC.405 [505] FUNDAMENTAL CONCEPTS IN THE EARTH SCIENCES (3) Principles of astronomy, geology and related earth sciences. Methods of investigation employed by earth scientists. Observations in the planetarium and field studies in the Baltimore area. Two lecture hours and one two-hour laboratory period. No credit allowed if student has taken PHSC.161 and/or PHSC.121. Prerequisite: PHSC.101 or equivalent. (UG & G)

PHSC.411 [511] PHYSICAL SCIENCE FOR TEACHERS (3) An inservice course for teachers in the elementary and/or junior high school designed to develop physical science concepts. Emphasis will be placed on developing these concepts through laboratory work. Prerequisites: Teaching experience. (UG & G)

PHSC.470-479 [570-579] SPECIAL TOPICS IN PHYSICAL SCIENCE (I-4) The study of special topics in the areas of physical science. Special topics will be determined by their need for study and relevance to existing courses. (UG & G)

PHSC.490 INDEPENDENT STUDY IN PHYSICAL SCIENCE (I-4) Individual and supervised research in selected areas of the Physical Sciences. Topics may be either theoretically or experimentally oriented. May be repeated for a maximum of six credits. Prerequisites: Junior status and one course in PHSC. (UG)

PHSC.491 DIRECTED READINGS (I-4) Independent reading in an area selected by the student in consultation with the instructor. May be repeated for a maximum of six credits. Prerequisites: Junior status and one course in PHSC. (UG)

PHSC.495 [595] COURSE RESEARCH IN 400-LEVEL COURSES (I) (UG & G)

PHYSICAL SCIENCE (PHSC)

Geology

Lower Division

PHSC.111 ENVIRONMENTAL GEOLOGY (3) This course provides a general introduction to geologic principles within the context of the availability and occurrence of economically important earth materials; water movement in and on the earth; and geologic hazards. Not recommended for science or geography majors. Two hours lecture and two hours laboratory per week. Field trips may be required. (UG)

PHSC.121 PHYSICAL GEOLOGY (4) Composition and structure of the earth; the internal and external forces acting upon it and the surface features resulting. Laboratory studies of common rocks and minerals, geologic and topographic maps and aerial photographs. Field trips required. Three lecture hours and two laboratory hours per week. (UG)

PHSC.123 HISTORICAL GEOLOGY (3) The history and development of the continents and ocean basins, and the evolution of life on earth, will be discussed based upon information obtained from the sedimentary rock record. Field trips required. Two hours of lecture and two hours of laboratory per week. (Not open to those who have taken PHSC.171). (UG)

Upper Division

PHSC.321 [521] STRUCTURAL GEOLOGY (3) This course involves the identification and analysis of tectonic forms to determine the physical conditions of formation and the context of historical geological events in which they occur. Prerequisites: PHSC.121 and PHSC.211 or equivalent. (UG & G)

PHSC.322 [522] GEOMORPHOLOGY OF THE EASTERN UNITED STATES (3) Extent, nature, and geological history of the geomorphic provinces of the Eastern United States. Emphasis on the Middle Atlantic states. Field excursions in the Maryland area. Prerequisite: PHSC.222 (UG & G)

PHSC.323 GEOMORPHOLOGY (4) Detailed analysis of the formation, surficial characteristics, and global distribution of the earth's landforms. Labs emphasize interpretation of landform assemblages through use of topographic maps and aerial photographs. Cannot be taken for credit by students who have received credit for PHSC.222 or GEOG.371 or GEOG.315. Prerequisites: Six hours of geography and/or geology courses, including either GEOG.101 or PHSC.121. (UG)

PHSC.331 [531] MINERALOGY (4) The study of minerals with emphasis on crystallography, crystal chemistry, and chemical-structural classification. Laboratory identification of minerals both in hand specimen and thin section by application of principles of optical mineralogy. Three lecture hours and two hours laboratory. Prerequisites: PHSC.121; CHEM.101. (UG & G)

PHSC.333 [533] PETROLOGY OF IGNEOUS AND METAMORPHIC ROCKS (4) Study of the properties and genesis of two major rock groups. Megascopic and microscopic techniques in rock classification. Environments of formation. Three lecture hours and two hours laboratory. Prerequisite: PHSC.331. (UG & G)

PHSC.441 [541] OPTICAL MINERALOGY AND PETROGRAPHY (3) This course includes the theory and application of polarized light and elements of crystallography in the analysis of rock forming minerals by use of a petrographic microscope. Prerequisite: PHSC.333 (UG & G)

PHSC.443 [543] SEDIMENTOLOGY AND SEDIMENTARY PETROLOGY (3) The study of the materials and processes involved in the formation of sedimentary deposits. Emphasis will be on analysis of sediments and sedimentary structures helpful in determining depositional environments. Two hours of laboratory and two hours of lecture per week. Prerequisites: PHSC.121, CHEM.101 (UG & G)

PHYSICS (PHYS)

Lower Division

PHYS.100 UNDERSTANDING PHYSICS (3) A descriptive course for the general student which examines and explains ordinary events using a framework provided by the special concepts and methods of physics. Present day physics will be included. Demonstrations and short illustrative experiments will be a part of the course. Three lecture hours. (UG)

PHYS.102 INTRODUCTION TO PHYSICS (3) Designed for students who will later take General Physics and whose background in the physical sciences indicates a need for further preparation. The mathematical expression of basic physical relationships. A placement test is available from the Physics Department. (UG)

PHYS.131 LIGHT AND COLOR (3) Some aspects of light and color and of vision will be examined on a factual and descriptive basis. Predominantly qualitative explorations will be made of the origin of light, of its wave and particular behavior, of the polarization of light, of

lasers and holography, of the origin and physical basis of color, and of the physics of vision. This course in liberal arts physics is offered for curious inquirers who have had minimal contact with physics. Three lecture hours. (UG)

PHYS.141 PHYSICS OF SOUND AND MUSIC (3) Study of sound and its production by various instruments, the human voice included. Physical interpretations of concepts such as noise, pitch, mechanical and acoustic waves and oscillations, loudness, harmonics and timbre, scales and temperament, etc. (UG)

PHYS.185 INTRODUCTORY HONORS SEMINAR IN PHYSICS (1) This seminar is intended for freshmen and sophomores who have demonstrated exceptional ability in the sciences and will involve them directly with current ideas and research in physics. Classical physics, quantum physics, relativity, and the new astronomy will be covered. Prerequisite: Permission of the Physics Department. (UG)

PHYS.201 GENERAL PHYSICS B (5) One semester General Physics with special emphasis on motion including kinematics and dynamics of linear and angular motion. (Not open to those who have taken 1902.101). (UG)

PHYS.203 TOPICS IN PHYSICS FOR BIOLOGY MAJORS (5) Topics will be selected from these areas: 1) mechanical and thermal properties of matter; 2) forms of energy and conversion; 3) optics; 4) waves; 5) electromagnetics. Students who may wish to seek advanced degrees in biology, dentistry, medicine or related fields should enroll in PHYS.211-212 or 241, 242, 243. Prerequisite: MATH.115 or good standing in high school algebra and trigonometry. (UG)

PHYS.211-212 GENERAL PHYSICS I, II (4, 4) For Arts and Sciences, Biology, and Natural Science Majors: mechanics, heat, light, electricity, magnetism and a brief introduction to modern physics. Three lecture hours and one three-hour laboratory period. Prerequisite: MATH.115, or good standing in high school algebra and trigonometry. (UG)

PHYS.231 INTRODUCTION TO ASTROPHYSICS (3) Celestial mechanics, stellar interiors, stellar evolution and cosmology. Prerequisite: One year of high school physics or PHYS.212 or PHYS.242 at least concurrently. (UG)

PHYS.241, 242, 243 GENERAL PHYSICS I, II, III (4,4,3) For Chemistry, Mathematics, and Physics majors: Mechanics, and the conservation laws, gravitation, electricity, magnetism, DC and AC circuits, waves, introduction to physical optics. Three lecture hours and one three hour lab per week. Prerequisite: MATH.273 or concurrently. (UG)

PHYS.295-296 RESEARCH PROBLEMS IN PHYSICS (1-3) Individual project in any branch of physics. Students can choose either to work on projects or in areas suggested by physics faculty. At the completion of a project, the student must write a formal research paper on the work done. Students may register for this more than once but at different levels. Prerequisite: Permission of the instructor who will direct the proposed work. (UG)

Upper Division

PHYS.303 HISTORY OF SCIENCE (3) This course will present a general overview of the development of scientific knowledge from ancient to modern times. It will examine how our modern scientific worldview has been shaped by major periods of scientific development, particularly in the sixteenth and seventeenth centuries involving primarily astronomy and physics, and in the nineteenth and twentieth including geology, biology, and psychology as well. Attention will be given to the relations between science and culture, religion, technology, and public policy. Prerequisite: One course in the biology, chemistry, or physics department. (UG)

PHYS.304 [504] HISTORY AND PHILOSOPHY OF PHYSICS (2) The works of Sarton, Cohen, Singer and Dampier on the history and significance of physical concepts. The philosophical concepts of Bridgeman, Russell, Heisenberg and other contemporaries interpreted in the historical development. Two lecture hours. (UG & G)

PHYS.307 [507] INTRODUCTORY MATHEMATICAL PHYSICS (3) As the mathematical maturity of the students will allow, selected topics will be examined such as the generalized expressions for forces

and potentials, vector analysis, applications of Fourier series and complex variables, and solutions of the harmonic oscillator and wave equations. Three lecture hours. Prerequisite: PHYS 242, MATH 373 or concurrently. (UG & G)

PHYS.309 [509] MATHEMATICS OF MOTION (4) This course, intended to meet the needs of mathematics major students, illustrates the application of mathematics to major physical phenomena: the particle and wave nature of motion. The methods developed are applicable to both the macrocosm and microcosm. Prerequisites: COSC 165, MATH.273 and MATH.274. (UG & G)

PHYS.311 [511] MODERN PHYSICS (4) Special relativity, the quantum theory, atomic structure and spectra, and nuclear structure and reactions are the main topics covered by the course. Other topics which may be covered involve molecular, solid state, and high energy physics. Four lecture hours. Prerequisite: MATH.274, PHYS.212 or PHYS.242. (UG & G)

PHYS 335 [533] BASIC ELECTRONICS (4) Circuit components, characteristics of semi-conductors, electrical measurements, method of circuit analysis, electronic devices. Three lecture hours and one three-hour laboratory period. Prerequisite: PHYS 212 or PHYS 242 or consent of instructor. (UG & G)

PHYS.337 [534] DIGITAL ELECTRONICS (4) Subjects covered will be basic concepts of digital electronics such as: gates, logic modules, truth tables, digital codes, sequential systems, semi-conductor memories, decade counters, etc. The laboratory program is designed to give students firsthand experience on the material covered in lecture using integrated circuits and LED display systems. Two hours lecture, three hours laboratory. Prerequisite: MATH.115 or equivalent. (UG & G)

PHYS 341-342 [541-542] INTERMEDIATE PHYSICS LABORATORY I, II (3, 3) First Semester: The measurement of several fundamental physical constants. Exploration of classical and modern research methods: Lasers, holography, optical and nuclear spectroscopy. Second Semester: Several advanced experiments, a research project. Familiarization with machine shop procedure, vacuum and other experimental techniques. Five laboratory hours. Prerequisite: PHYS 311 or concurrently. (Lab II: Prerequisite: PHYS.341) (UG & G)

PHYS.351 [550] MECHANICS (3) Systems of coordinates and transformations, kinematics, Newtonian dynamics, linear systems and oscillators, central force motion, generalized coordinates, and Lagrange's equations. Optional topics: Hamiltonian's principle, perturbation techniques, non-linear behavior, coupled oscillations. Four lecture hours. Prerequisites: PHYS.243 or PHYS.212, MATH.274. (UG & G)

PHYS.352 [552] THERMODYNAMICS AND KINETIC THEORY (3) Principles and laws of classical thermodynamics applied to simple irreversible processes, including chemical, elastic, electric and magnetic phenomena; thermodynamic functions and Maxwell's relations; the conservation equations in elementary kinetic theory; fluctuations; and irreversible transfer effects. This course may be taken concurrently with PHYS.243 or by permission. Three lecture hours. Prerequisites: PHYS 212 or PHYS 243, MATH 274. (UG & G)

PHYS 354 ELECTRICITY AND MAGNETISM I (3) Electrostatics, magnetostatics, and electromagnetic radiation. Among the topics normally covered are the Divergence Theorem and Stokes' Theorem, electrostatics in free space and in dielectric materials, the Biot-Savart Law, the magnetic vector potential, inductance and electromotive force, magnetic materials, Maxwell's Equations in free space and in materials. Other topics sometimes covered include wave guides, Snell's Laws, radiation from antennas, radiation from accelerated point charges. Four lecture hours. Prerequisite: MATH 274, PHYS 212 or PHYS 242. (Not open to those who have taken 1905.305) (UG & G)

PHYS.361 OPTICS FUNDAMENTALS (4) Geometric, wave and quantum optics: Lenses and mirrors, lens aberrations and design, optical instruments, interference diffraction, polarization, absorption and scattering, lasers, holography, and the dual nature of light. Three lecture hours and one three-hour laboratory each week. Prerequisites: PHYS.243, COSC.165, and PHYS.341 (or permission of the instructor). (UG)

PHYS 370-379 SELECTED TOPICS IN CONTEMPORARY ASTRO-PHYSICS (3) Variable content including the origin of the

elements, and radio, microwave, and UV instruments and sources. Prerequisite: PHYS 231 or PHSC 161 plus one year of college general physics. (UG)

PHYS 395-396 [595-596] RESEARCH PROBLEMS IN PHYSICS

(1-3) Individual project in any branch of physics. Students can choose either to work on projects or in areas suggested by physics faculty. At the completion of a project, the student must write a formal research paper on the work done. Students may register for this more than once but at different levels. Prerequisite: Permission of the instructor who will direct the proposed work. (UG & G)

PHYS.411 GRAVITATION, RELATIVITY, AND COSMOLOGY

(3) Development of Einstein's general theory of relativity and its application to astrophysics: theory of gravity, relativistic effects of massive stars, blackholes, gravity waves, cosmology. Given alternate years. (UG)

PHYS.421 FUNDAMENTAL PARTICLES

(3) Experimental and theoretical physics of particles and fields: particle production and detection, relativistic kinematics, symmetry, conservation laws, fundamental interactions, phenomenology and contemporary models. Prerequisites: PHYS.307 and PHYS.311. (UG)

PHYS.435 [535] ELECTRONICS

(3) Principles of transistors with emphasis on their design and construction and an introduction to logic circuits. Two lecture hours and one two-hour laboratory. Prerequisite: PHYS.335. (UG & G)

PHYS.437 [537] INTRODUCTION TO MICROPROCESSOR-BASED DIGITAL SYSTEMS

(3) An introductory course on basic microcomputer concepts. Topics covered include basic structure and organization of microcomputers, digital logic design, assembly language programming, memory elements, and applications. Hardware oriented experiments will be conducted providing practical experience in interfacing the microcomputer to a variety of instruments and input-output devices. Two hours lecture and two hours laboratory. Prerequisite: PHYS.337. (UG & G)

PHYS.445 [545] LASERS & HOLOGRAPHY

(3) The wavefront-reconstructions, laser, theory, the properties and making of holograms, and the applications of lasers and holography will be covered. Special projects will be assigned to students depending upon their individual theoretical and experimental background. Prerequisite: PHYS.243 or consent of instructor. (UG & G)

PHYS.451 [551] MECHANICS II

(3) Continuation of PHYS.351. Inertia and stress tensors; continuum mechanics; rotation of a rigid body; theory of small vibrations; basic postulates of the special theory of relativity; relativistic dynamics; lattice vibrations. Other special topics of advanced mechanics. Prerequisites: PHYS.351 and PHYS.307. (UG & G)

PHYS.453 [553] PHYSICAL OPTICS

(3) Electromagnetic theory of light, wave solutions, interference, diffraction, scattering, radiation from coherent and incoherent sources, elementary theory of masers and lasers. Three lecture hours. Prerequisite: PHYS.355 or consent of instructor. (UG & G)

PHYS.454 ELECTRICITY AND MAGNETISM II

(3) Solutions of Maxwell's equations in complex media; wave guides, boundary value problems (Snell's and Fresnel's laws), Hertzian oscillator; introductory electrodynamics. Prerequisite: PHYS 354.

PHYS.455 [555] INTRODUCTORY QUANTUM MECHANICS

(3) The Schrodinger equation, states of one particle in one dimension, potential barrier problems in one dimension, the harmonic oscillator, system of particles in one dimension, motion in three dimensions, angular momentum, spin, application to atomic physics. Prerequisites: PHYS.351, MATH.373. (UG & G)

PHYS.456 [556] INTRODUCTION TO STATISTICAL MECHANICS

(3) Distribution functions, microcanonical, canonical and grand canonical ensembles, the partition function and thermodynamics relations. Fermi-Dirac and Bose-Einstein statistics, some simple models and applications, the Maxwell-Boltzman transport equation and the hydrodynamic equation, transport coefficients. Three lecture hours. Prerequisite: PHYS.455. (UG & G)

PHYS.457 SOLID STATE PHYSICS

(3) Crystal structure, wave propagation in periodic structures, the Fermi gas, energy bands, mag-

netism, are presented as a central theoretical core for the study of the solid state. Some of the basic models, concepts, and manifest properties of solids are also included. Prerequisites: PHYS.311, PHYS.351, and PHYS.355. (UG)

PHYS.459 [559] NUCLEAR PHYSICS

(3) A lecture and problem course dealing at the introductory level concerning experimental and theoretical method for the study of nuclear structure. Topics to be covered include: properties of nuclei, electromagnetic transition and beta decay; nuclear models, nuclear reactions, and two body interactions. Given in alternate years. Prerequisite: PHYS.311; PHYS.307 or consent of instructor. (UG & G)

PHYS.461 ELECTRO-OPTICS

(4) Optical sources and detectors, electronics, controls and modulators. Radiant energy and power measurements, laser instrumentation, fiber optics, photo-active devices. Three lecture hours and one three-hour laboratory each week. Prerequisites: PHYS.361, PHYS.335, and PHYS.341-342 (or permission of the instructor).

PHYS.485-486 [585-586] PHYSICS SEMINAR I, II

(1, 1) Students participate in colloquia on topics of current interest in physics research under guidance instructor. One lecture hour. Prerequisite: Senior standing or consent of instructor. (UG & G)

PHYS 490 [590] INDEPENDENT STUDY IN PHYSICS

(1-4) Prerequisite: At least junior status and one course in the Physics Department. May be repeated for a maximum of six credits. (UG & G) ment, traditional and contemporary. Prerequisite: SOCI 101. (UG & G)

PHYS.491 [591] DIRECTED READINGS

(1-4) Prerequisites: At least junior status and one course in the Physics Department. May be repeated for a maximum of six credits. (UG & G)

PHYS.495-496 RESEARCH PROBLEMS IN PHYSICS

(1-3) Individual projects in any branch of physics. Students can choose either to work on projects or in areas suggested by physics faculty. At the completion of a project, the student must write a formal research paper on the work done. Students may register for this more than once but at different levels. Prerequisite: Permission of the instructor who will direct the proposed work. (UG)

PHYS.499 HONORS THESIS IN PHYSICS

(1-4) Writing of an honors thesis based on independent research done under the direction of a staff member. Prerequisites: Consent of instructor and open only to advanced honors candidates. May be repeated for a maximum of six credits. (UG)

POLITICAL SCIENCE (POSC)

Lower Division

POSC.101 INTRODUCTION TO POLITICAL SCIENCE

(3) The origins of modern governments. The nature of constitutions and constitutionalism. A definition and interpretation of politics. (UG)

POSC.103 AMERICAN NATIONAL GOVERNMENT

(3) Structure and functions of the government of the United States and the problems involved in the extension of the scope of democratic government in our contemporary life. (UG)

POSC.107 INTRODUCTION TO INTERNATIONAL RELATIONS

(3) An introductory examination of principles of legal, political, and social relations between nations. (UG)

POSC.137 INTRODUCTION TO COMPARATIVE POLITICS

(3) The study of politics is introduced through an examination of different political systems. The activities of parties, movements, and pressure groups are examined in the context of different social, political, and economic frameworks. (UG)

POSC.207 STATE GOVERNMENT

(3) Historical background, state constitutions, and the legislative, executive and judicial branches of government. Problems of state administration and federal-state relations. Prerequisite: POSC.103 or consent of the instructor. (UG)

Upper Division

POSC.303 [503] THEORY OF INTERNATIONAL POLITICS

(3) The theories of mutual relations of states. Elements of national power;

international politics as a struggle for power. Restraints upon the struggle for power. Prerequisite: HIST.242 or POSC.107 or consent of instructor. (UG & G)

POSC.305 [505] URBAN GOVERNMENT AND POLITICS (3) The political history of American cities from the eighteenth century through the recent reform movement. City charters, home rule, types of executives, political machines. The metropolitan area. Prerequisite: POSC.103. (UG & G)

POSC.307 [507] CONTEMPORARY INTERNATIONAL POLITICS (3) An examination of the conduct of international relations by the Western, the Communist, and the non-aligned blocs in the Post-World War period. Prerequisite: POSC.107 or POSC.303, or consent of instructor. (UG & G)

POSC.337 [508] COMPARATIVE GOVERNMENT OF FOREIGN POWERS: THE WESTERN WORLD (3) An examination of the problems of modernization and stable constitutional rule in England, France, Italy, and Germany. Prerequisite: POSC.101 or POSC.137 or consent of instructor. (UG & G)

POSC.338 [538] COMPARATIVE GOVERNMENT OF FOREIGN POWERS: RUSSIA AND THE EAST (3) Constitutional and legal processes of Russia, Japan, China and other Eastern powers. Prerequisite: POSC.101 or POSC.137 or consent of instructor. (UG & G)

POSC.339 [509] COMPARATIVE POLITICAL SYSTEMS (3) The course will attempt to bring together the analytical concepts and methodological techniques that may be applied to the study of political systems in a comparative sense. Prerequisite: POSC.103 or POSC.137 or consent of instructor. (UG & G)

POSC.341 [511] AFRICAN GOVERNMENT AND POLITICS (3) An examination of the rise of African nationalism and the emergence of new states in Africa. Attention is directed to the influence of colonial rule and traditional political institutions on the development of party politics, patterns of government, and Pan-African ideas. A trend towards the military rule, political problems of the independent Africa, and the efforts of each country to build a strong and viable political system are emphasized. Prerequisite: Any Political Science course or consent of instructor. (UG & G)

POSC.351 [551] THE GOVERNMENT AND POLITICS OF LATIN AMERICA (3) An examination of the informal and formal rules of the political "game" in Latin America with an emphasis on four types of political systems found in contemporary Latin America: democratic reformist, revolutionary, populist, and military authoritarian. Prerequisite: POSC.101 or POSC.137 or consent of instructor. (UG & G)

POSC.355 [512] THE LATIN AMERICAN POLICY OF THE UNITED STATES (3) An analysis of the Latin American Policy of the United States from the Monroe Doctrine to the present. Emphasis will be on historical, political, economic, and security factors in the ebb and flow of inter-American relations. Prerequisite: POSC.101 or POSC.137 or consent of instructor. (UG & G)

POSC.359 [559] POLITICAL AND SOCIAL ASPECTS OF REVOLUTION (3) Nature and function of violence and revolution in modern social systems. Prerequisite: POSC.101 or POSC.137 or consent of instructor. (UG & G)

POSC.361 [513] POLITICAL BEHAVIOR (3) The purpose of this course is to introduce the student to the substantive theory and methodology of behavioral analysis. Topics include voting behavior, elite behavior, and an analysis of types of political conflict. Prerequisite: POSC.101 or consent of instructor. (UG & G)

POSC.375 [514] PUBLIC ADMINISTRATION (3) Administration as a central element of contemporary society, with special reference to the problems of government organization, control, personnel, finance, and public relations. Prerequisite: POSC.103. (UG & G)

POSC.381 [515] THE PRESIDENCY (3) A discussion of the origin of the office, the selection of the President and policymaking in the executive branch. Prerequisite: POSC.103. (UG & G)

POSC.383 [516] CONGRESS (3) An investigation of the relations of Congress with the other branches of government and with the political parties and interest groups. The course also examines the relationships

between a member of Congress and his constituency as well as the internal dynamics of Congress. Prerequisite: POSC.103. (UG & G)

POSC.401 [501] INTRODUCTION TO LAW (3) The legal processes in the United States. This course is designed primarily for the liberal arts student. Prerequisites: Sophomore standing and one course of introductory political science. (UG & G)

POSC.417 [517] AMERICAN POLITICAL PARTIES (3) Origin and development of the American two-party system. The activities of pressure groups and organizations, and their effects upon the party system. Prerequisite: POSC.103 or consent of instructor. (UG & G)

POSC.418 [518] CONSTITUTIONAL LAW (3) A study of the Constitution of the United States based on leading judicial decisions interpreting the Constitution and statutes from 1789 to the present. Prerequisite: POSC.103. (UG & G)

POSC.427 [527] POLITICAL THEORY I (3) Political thought in the West from the Greeks to the end of the sixteenth century. Prerequisite: POSC.101 or consent of instructor. (UG & G)

POSC.428 [528] POLITICAL THEORY II (3) Political philosophers and their writings since the sixteenth century. Attention given to the conflict of ideologies in the twentieth century. Prerequisite: POSC.101 or consent of instructor. (UG & G)

POSC.430 [530] POLITICAL IDEAS OF SOCIALISM AND COMMUNISM (3) This course deals with selected topics in the political theory of socialism and communism including socialism and the ancient regimes, socialism and political organization, Russian, Leninist and Stalinist theory, and socialist ideas in the post cold war period. Prerequisite: POSC.428. (UG & G)

POSC.432 [532] UNITED STATES-SOVIET RELATIONS (3) Diplomatic, cultural, and economic relations between the U.S.S.R. and the U.S. Emphasis on the period since 1933 with a careful study of the effects of the Second World War upon the balance of power. Prerequisite: Any 100 level political science course or consent of instructor. (UG & G)

POSC.435 [535] AFRICA IN WORLD POLITICS (3) The role of African nations in the nuclear age, and their efforts to achieve unity. Prerequisite: POSC.341 or consent of instructor. (UG & G)

POSC.437 [537] CASTRO AND THE CUBAN REVOLUTION (3) A discussion of the factors that led up to the Castro Revolution in 1959 and the subsequent impact of the creation of the first socialist state on the Western Hemisphere. Prerequisite: POSC.355 or POSC.351, or consent of instructor. (UG & G)

POSC.439 [539] UNITED STATES FOREIGN POLICY IN SOUTH-EAST ASIA (3) American foreign policy in Southeast Asia in the Post World War II period. Prerequisite: POSC.107 or POSC.303 or consent of instructor. (UG & G)

POSC.441 [541] CONTEMPORARY UNITED STATES-WESTERNEUROPEAN RELATIONS (3) Emphasis will be on NATO, the European Economic Community, and the AngloAmerican efforts to create an Atlantic partnership between Europe and the United States. Prerequisite: POSC.103 or POSC.137, or consent of instructor. (UG & G)

POSC.445 [545] UNITED STATES FOREIGN POLICY IN SOUTH ASIA (3) A discussion of American foreign policy in South Asia mainly since 1945. Emphasis will be on India and Pakistan. Prerequisite: POSC.107 or POSC.303 or HIST.109, or consent of instructor. (UG & G)

POSC.450 [550] GROUP POLITICS AND PUBLIC OPINION (3) The role of pressure groups and public opinion in the American political system. Prerequisite: Junior standing and nine hours of political science, or consent of instructor. (UG & G)

POSC.455-456 [555-556] INTERNATIONAL LAW AND ORGANIZATION I, II (3, 3) An examination of the theories and the development of international law up to the present. The character of the modern state system, the role of international organizations, and international law and resort to force. Prerequisites: POSC.303 and HIST.242 or consent of instructor. (UG & G)

POSC.457 [557] USE OF FORCE IN INTERNATIONAL LAW (3) The course will examine the use of force as an instrument of Foreign

Policy by various states; and the survey of legal restraints on the use of force throughout history. Prerequisite: POSC.303, POSC.455 or consent of instructor. (UG & G)

POSC.461 [561] RESEARCH METHODS IN POLITICAL BEHAVIOR (3) The major emphasis in this course will be on the use of quantitative techniques in political research. Topics include survey research, the use of computers, and statistical analysis. Prerequisite: Any course at 100 level. (UG & G)

POSC.463 [563] SCOPE AND METHODS OF POLITICAL SCIENCE (3) The nature of political inquiry, approaches to the study of politics and government, and empirical methods of research will be the core areas of this course. Prerequisite: A minimum of nine credits in Political Science including at least one upper-division course. (UG & G)

POSC.465 [565] EDITORIAL WORK—TOWSON STATE JOURNAL OF INTERNATIONAL AFFAIRS (1) (One per semester—four semester limit.) Members of the Editorial Board of The Towson State Journal of International Affairs prepare the issues of that Journal under the supervision of the faculty advisors. Admission by consent of the instructor. Graded under S/U procedure. (UG & G)

POSC.470-479 [570-579] SPECIAL TOPICS IN POLITICAL SCIENCE (3) An examination of current topics in political science. The content of the course will depend upon mutual faculty and student interest. Prerequisite: Any 100 level POSC course or consent of instructor. (UG & G)

POSC.482 [582] SEMINAR IN POLITICAL SCIENCE (3) Various methods and techniques of research in political science, culminating in the preparation of a seminar paper. Prerequisite: Eighteen semester hours in political science, or consent of instructor. (UG & G)

POSC.483 [583] SEMINAR: POLITICS AND THE NEWS MEDIA (3) Focuses on the relationship between the government and the news media in terms of that which exists and what it should be. Considers such topics as White House press operations, the First Amendment, government efforts to control the news, and efforts by the media at self-regulation. Prerequisite: POSC.103. (UG & G)

POSC.484 [584] SEMINAR: POLITICS AND THE BUDGETARY PROCESS (3) An analysis of the budgetary process. The budget is considered as an instrument of fiscal policy and government planning. Budget preparation and classification with special emphasis given to program and performance budgeting. Problems in budget authorization, execution, and control. Prerequisite: POSC.375 or consent of instructor. (UG & G)

POSC.485 [585] DEMOCRATIC THEORY SEMINAR (3) This course attempts to trace the source of Democratic Theory to their 16th century origins and to analyze the variants to that theory which have been proposed since that time. Prerequisite: POSC.428. (UG & G)

POSC.490 [590] INDEPENDENT STUDY (3) Individual and supervised study in selected areas of political science. Admission by consent of instructor. (UG & G)

POSC.491 [591] SEMINAR IN CONTEMPORARY UNITED STATES FOREIGN POLICY (3) An examination of the nature, basis, and instruments of American foreign policy in the contemporary age. The formulation, control, and execution of American foreign policy will also be noted. Prerequisites: POSC.303 and HIST.146 or consent of instructor. (UG & G)

POSC.493 [593] PRACTICUM IN POLITICS (3-9) This course is designed to familiarize students with practical working of political and government institutions. The flexibility in time and credit arrangements will allow a variety of political practice (or internships) in which students can combine observation of "politics in action" with discussions and generalization of the observed. Prerequisites: Junior standing, major in political science, and consent of the department chair. Graded under S/U procedure. (UG & G)

PORTUGUESE (PORT)

Lower Division

PORT.101-102 PORTUGUESE ELEMENTS I, II (3-4, 3-4) A thorough foundation in grammar; drills in pronunciation; elementary conversation; composition and translation. (UG)

PORT.201-202 PORTUGUESE INTERMEDIATE I, II (3-4, 3-4) Review of grammar, conversation and prose composition; translation of texts of cultural value; outside readings. Prerequisite: PORT.101-102 or equivalent. (UG)

PSYCHOLOGY (PSYC)

Lower Division

PSYC.101 GENERAL PSYCHOLOGY (3) Methods and principles. Attention to: measurement, experimentation, sensation, remembering, personality, adjustment, development, and individual differences. Prerequisite: None. (UG)

PSYC.102 HONORS GENERAL PSYCHOLOGY (3) Methods and principles. Attention to: measurement and experimentation, psychobiology, sensation and perception, learning and memory, motivation and emotion, personality, adjustment, abnormality and psychotherapy, development and individual differences. Honors College Course. Special permit only. (UG)

PSYC.106 APPLIED PSYCHOLOGY (3) Psychologists' contributions to education, medicine, law, mental health and business. Application to problems in these areas. Lectures and field trips. Prerequisite: None. (UG)

PSYC.111 BEHAVIORAL STATISTICS (4) Distributions and graphs, notation, levels of measurement, percentiles, measures of central tendency and variability, principles of probability, the normal curve, standard scores, sampling theory, hypothesis testing, significance of differences, correlation and prediction, computation on computer terminals, Chi square, Non-parametrics, One-Way analysis of variance. (UG)

PSYC.201 EDUCATIONAL PSYCHOLOGY (3) The learning process and related concepts; human development; individual differences; measurement and evaluation; personality and adjustment. Prerequisite: PSYC.101. (UG)

PSYC.203 HUMAN DEVELOPMENT (3) A study of research and theories related to the overall development of the human throughout the life cycle with emphasis on the interaction of physiological, personality, and social components, of development. Prerequisite: PSYC.101. (UG)

PSYC.204 HONORS HUMAN DEVELOPMENT (3) An in-depth study of research and theories related to the overall development of the human throughout the lifespan, with an emphasis on the interaction of physical, psychological, and social components. Honors College Course. Prerequisite: PSYC.101 or 102. Spring. (UG)

PSYC.205 INTRODUCTION TO THE HELPING RELATIONSHIP (3) Current concepts of the helping relationship and an exploration of the conditions that facilitate its effectiveness. Prerequisites: PSYC.101 and psychology major or minor planning to enter one of the helping professions, or consent of the department. Not open to students who have completed 2001.425. (UG)

PSYC.209 CONSUMER BEHAVIOR (3) Basic psychological concepts concerning consumer behavior such as the cognition, perception, learning, attitudes, cognitive dissonance, risk-taking, motivation, and personality of the buyer. Emphasis on the inter-relation of economics and sociocultural factors on consumer decision-making, including recent research findings and marketing applications. Prerequisite: PSYC.101. (UG)

PSYC.211 CHILD PSYCHOLOGY (3) An introduction to and general survey of theories and research in child behavior. Development of major psychological functions with emphasis on application of principles in teaching and parenting. Psychology majors and minors will not receive credit for this course; majors and minors should take PSYC.203. Prerequisite: PSYC.101. (UG)

PSYC.230 ADJUSTMENT AND GROWTH (3) A survey of problems encountered in the course of normal human development, intimate relationships, emotional challenges, important life choices, and developing a satisfying personal style of life. Clarification of opinions, attitudes and values in relationship to these issues. Psychology majors and minors will not receive credit for this course. Prerequisite: PSYC.101. Spring, Fall. (UG)

PSYC.261 EXPERIMENTAL PSYCHOLOGY (4) The experimental method and its application to recent problems in psychological research; introduction to experimental design and inference; animal and human learning, perception, social, personality, maturation. Three hours lecture, two hours laboratory per week. Prerequisites: PSYC.101 and PSYC.111. Fall, Spring. (UG)

Upper Division

PSYC.305 [510] PSYCHOLOGY OF LEARNING (3) Analysis of selected problems in both human and animal learning including reinforcement, punishment, verbal learning and verbal behavior. Prerequisite: PSYC.261. Fall, Spring and Summer. (UG & G)

PSYC.309 [512] BEHAVIORAL PHARMACOLOGY (3) A systematic investigation of the effects of drugs on behavior. Drug classification, historical aspects, methodological considerations, uses in treatment, drug abuse, and related topics will be considered. Prerequisite: PSYC.261 or consent of instructor. Fall, Spring. (UG & G)

PSYC.311 [513] BEHAVIOR MODIFICATION I (3) Examination and application of the basic principles of the experimental analysis of behavior, with an emphasis on the applied aspects of this modern discipline to schools, jobs, interpersonal relations and self-control. Prerequisite: 12 hours of Psychology, including PSYC.261. Fall. (UG & G)

PSYC.315 [515] MOTIVATION (3) Interaction between physiological, neurological, and pharmacological aspects of motivation with environmental influences such as culture, learning and social dynamics. Issues in human motivation and emotion which will be emphasized are aggression, sex, achievement (competence) and cognitive-social influences. Prerequisite: Six hours of PSYC. (PSYC.203 and Junior standing recommended). Fall, Spring. (UG & G)

PSYC.317 [517] SENSATION AND PERCEPTION (3) A systematic investigation on the basic senses such as vision, audition, taste, smell, and touch will be undertaken. The organization of sensory input will also be emphasized. Both human and non-human data will be presented. Prerequisite: PSYC.261. Spring. (UG & G)

PSYC.325 [524] SOCIAL PSYCHOLOGY (3) The structure and function of groups. Recent advances in sociology, anthropology and psychiatry as related to psychology. Prerequisite: Six hours of PSYC. Fall & Spring. (UG & G)

PSYC.327 INDUSTRIAL PSYCHOLOGY (3) Theories, psychological concepts, and research applied to industrial and organizational settings. Prerequisite: PSYC.101. Fall and Spring. (UG)

PSYC.330 [530] PSYCHOLOGY OF INDIVIDUAL DIFFERENCES (3) Individual differences in human traits and characteristics; methodology, basic principles, and major findings in research. Prerequisites: PSYC.101 and PSYC.111. Alternate Springs. (UG & G)

PSYC.341 [540] ENVIRONMENTAL PSYCHOLOGY (3) The relationship between the physical and social environment and behavior, i.e., places, spaces, and people. How man/woman construes, interprets, comprehends, feels about the environment, and how the environment functions as a reflection of human needs and values. Topics include environmental design, crowding, privacy, human territoriality, personal space. Prerequisite: PSYC.101. Fall, Spring. (UG & G)

PSYC.350 [550] PERSONALITY (3) Theoretical and practical approaches to the study of personality. Introduction to psychodynamics and to methods and materials of assessment. Prerequisite: Six hours PSYC. Fall, Spring. (UG & G)

PSYC.361 [542] ABNORMAL PSYCHOLOGY (3) Disordered personal reactions to life. Organic and functional phenomena plus therapeutic techniques. Prerequisite: Nine hours PSYC including PSYC.203 or consent of instructor. Fall, Spring. (UG & G)

PSYC.381 [581] READINGS IN PSYCHOLOGY (1-2) A survey of relevant research literature under the guidance of a staff member who will direct the students' research. This course may be taken a maximum of 2 times for major credit purposes. Prerequisite: PSYC.261 or consent of instructor. Fall, Spring. (UG & G)

PSYC.383 PROCTORING IN PSYCHOLOGY (3-6) Students serve as teaching apprentices or proctors in a course which they have already

completed (such as General Psychology), and which they must relearn to 100% mastery. Students will manage the learning and evaluate individual progress of the members of the class assigned to them. The experience includes guidance, support, and motivation of the assigned students, all in a supervised situation. Only three credits may be earned in one semester. May be repeated for a maximum of six credits. For six (6) credits, the student must serve as a proctor for two separate courses. Prerequisites: Successful completion of five or more Psychology courses or: general, educational and child, or adolescent psychology and principles of education and be a junior or a senior plus permission of instructor. Fall, Spring, Summer. Grading of S/U option only. (UG)

PSYC.403 [503] PSYCHOLOGY OF INFANCY AND CHILDHOOD (3) An advanced course reviewing historical and current changes in the areas of infancy and childhood. Emotional, cognitive and individual development will be covered in depth. Emphasis is placed on critical analysis of research theory construction and methods. Not open to students who have taken ECED.413. Prerequisite: PSYC.203. Spring. (UG & G)

PSYC.404 [504] ADOLESCENT PSYCHOLOGY (3) Physical, emotional, intellectual development during adolescence; social development and heterosexuality; adolescent personality; problems of adjustment; juvenile delinquency. Prerequisite: PSYC.203. Fall, Spring. (UG & G)

PSYC.405 [505] THE PSYCHOLOGY OF AGING (3) A study of the changes in learning, emotions, personality and social behavior and the impact of culture and attitude on the aging process. Prerequisite: Six hours of PSYC including PSYC.203. Students should be aware of how to read and understand psychology; journals and how psychological research is conducted. Fall, Evening in alternate years. (UG & G)

PSYC.407 [507] PSYCHOLOGY OF READING (3) Psychological foundations of current technology for teaching reading and improving reading skills. Study, evaluation, and implications of psychological studies, psychological models of reading (cognitive, information processing, and chunking), and learning theory on the beginning, intermediate, and advanced reader. Prerequisite: PSYC.101, PSYC.201, PSYC.211 or PSYC.511, recommended SPPA.105. Spring. (UG & G)

PSYC.409 [509] ORGANIZATIONAL PSYCHOLOGY (3) Human relations in the work setting. Topics will include theory and research concerning leadership, job satisfaction and motivation, organizational communication, group dynamics, and organizational change. Prerequisite: Six hours of PSYC. Fall. (UG & G)

PSYC.411 [511] TESTS AND MEASUREMENTS (3) Psychological and educational testing and evaluation. The construction, administration, interpretation and use of the various evaluative devices of aptitude and achievement. Prerequisites: PSYC.101 and PSYC.111. Fall, Spring, Summer. (UG & G)

PSYC.416 [516] PERSONALITY MEASUREMENT (3) A continuation of PSYC.411 that will emphasize the use and interpretation of instruments for measuring attitudes, interests and related aspects of personality. Instruments studied will include paper-pencil inventories, projective devices and observational procedures. Prerequisites: PSYC.411 and PSYC.230, or PSYC.361. Spring. (UG & G)

PSYC.421 [521] APPLICATIONS OF BEHAVIORAL PRINCIPLES TO FAMILY AND CLASSROOM ENVIRONMENTS (3) Practical application of operant techniques to child management and family functioning. Course will deal with behavioral analysis, behavior modification programs and family contracting both at school and at home, with emphasis on learning basic technical skills. Prerequisite: PSYC.211. Fall, Spring. (UG & G)

PSYC.427 [527] INTRODUCTION TO INTERVIEWING TECHNIQUES I (3) An introduction to interviewing with the examination of real interviews with children in difficulty. The theory and methods of delivery of helping services via the interview. Prerequisites: Minimum of two months interviewing experience and consent of instructor. Grading of S/U option only. (UG & G)

PSYC.428 [528] INTERVIEWING TECHNIQUES II (3) This is a continuation of PSYC.427. The course explores more deeply the unique relationship of the interviewer to the client. There is practical experience with critiquing of interviews of students. Prerequisite: PSYC.427. Grading of S/U option only. (UG & G)

PSYC.429 [529] INTRODUCTION TO THE COUNSELING OF MINORITY GROUPS (3) An introduction to the study of the counseling function with emphasis upon minority groups needs, counselor attitudes and techniques. Prerequisite: PSYC.101 and psychology major or minor planning to enter one of the helping professions or graduate student in Guidance and Counseling or consent of department coordinator. (UG & G)

PSYC.430 SYSTEMS AND TECHNIQUES OF COUNSELING PRACTICE (3) Review and application of current theoretical approaches to the helping relationship. Prerequisites: PSYC.205 and either PSYC.230 or PSYC.361 or PSYC.640. (UG)

PSYC.431 [531] GROUP DYNAMICS (3) Intensive study of group interactions with emphasis upon reciprocal group influence of behavior. Prerequisite: PSYC.325 or consent of instructor. Fall. (UG & G)

PSYC.433 GROUP PSYCHOTHERAPY PRACTICUM (3) Supervised experience in use of group intervention techniques. Students will counsel groups of troubled adolescents. Supervision will focus on both group and individual dynamics. Prerequisite: PSYC.431, admission to Clinical Concentration Program. (UG)

PSYC.435 [535] SUPERVISED FIELD EXPERIENCE (3-6) Placement in a community service agency to familiarize the student with its current practices. Supervised client contact will be provided. May be repeated for a maximum of 12 credits but only 6 credits can apply to the major; the other 6 credits will be used as general electives. Prerequisites: 23 hours of psychology and consent of instructor. (UG & G)

PSYC.439 [539] THE INITIAL INTERVIEW (3) Clinical observation and practicum experience. Focus on interviewer and interviewee dimensions and relationship with patients. Use of tapes, seminars and individual supervision. Prerequisite: PSYC.205, and admission to Clinical Concentration Program. Fall. (UG & G)

PSYC.445 [545] PEER COUNSELING (3) A study of peer counseling functions with emphasis on training students in verbal and non-verbal communications, listening skills, values clarification, referral techniques, confidentiality, and decision-making skills. Includes research of problems, issues and trends. Prerequisite: PSYC.205 or Education majors. (UG & G)

PSYC.447 [547] SEX DIFFERENCES: PSYCHOLOGICAL PERSPECTIVES (3) Sex role/personality development is examined from various perspectives: social, cultural, evolutionary, and biological. Changing conceptions with regard to women, their roles and self-concepts, are emphasized within the overall context of sex differences and similarities in behavior. Prerequisite: PSYC.203 or permission of instructor. (UG & G)

PSYC.451 [551] INTRODUCTION TO THE EXCEPTIONAL CHILD (3) Children with atypical, physical, mental, social and emotional development, including the physically handicapped, the mentally retarded, the gifted, and emotionally disturbed children. Prerequisite: PSYC.201 or PSYC.211. Fall. (UG & G)

PSYC.453 [553] ISSUES IN MENTAL HEALTH INTERVENTION (2) Readings, lectures, and seminars relating to psychological emergencies and the modes of intervention during psychological crises. Prerequisite: PSYC.205, PSYC.454 concurrent, admission to Clinical Concentration Program. (UG & G)

PSYC.454 PRACTICUM IN PSYCHOTHERAPY (4-12) Techniques of psychotherapeutic intervention. Students will see patients in psychotherapy under intensive supervision. Seminars and individualized readings. May be repeated for a maximum of 12 credits. Prerequisite: PSYC.453 concurrent and admission to Clinical Concentration Program. (UG)

PSYC.457 GENDER IDENTITY IN TRANSITION (3) Psychological consequences of changing definitions of femininity, masculinity, and personhood will be examined using recent theories of gender identity formation. Concepts such as androgyny, sex-role transcendence and future shock will be related to psychological adaptation to social change. Prerequisites: PSYC.315 or PSYC.447 or consent of instructor. (UG)

PSYC.460 [560] ETHOLOGY AND COMPARATIVE PSYCHOLOGY (3) A survey of the major behavioral adaptations in non-human and human species, within the framework of evolutionary theory,

ethology, and experimental psychology. Three hours of lecture a week. Prerequisite: PSYC.261 or consent of instructor. Fall. (UG & G)

PSYC.461 [561] COGNITIVE PSYCHOLOGY (3) This course will deal with the nature of the cognitive processes, an analysis of the organization of cognitive abilities, and problems in cognition. Theoretical viewpoints will be explored, including those of Piaget, J. P. Guilford, Ausubel, Lewin, Skinner. A comparison among theories will be made as they relate to the thinking processes. Prerequisite: PSYC.203, PSYC.211 or with consent of instructor. Spring. (UG & G)

PSYC.462 [562] LABORATORY IN ETHOLOGY AND COMPARATIVE PSYCHOLOGY (2) This course is a laboratory experience to accompany Ethology and Comparative Psychology (PSYC.460). Students will be trained in basic observational and recording techniques used in studying behavior from a comparative-ethological vantagepoint. A supervised project will also be undertaken by students. Can be taken concurrently or subsequently to PSYC.460. Prerequisite: May be taken concurrently with or subsequent to PSYC.460, or consent of instructor. Spring. (UG & G)

PSYC.465 [565] PHYSIOLOGICAL PSYCHOLOGY (3) This course is concerned with an introduction to the physiological bases of behavior. The topics to be considered are basic neuroanatomy and neurophysiology, sensory and motor systems, motivational systems, and "higher order" behavioral systems. Three hours of lecture per week. Prerequisite: PSYC.261 or consent of instructor. Fall, Spring. (UG & G)

PSYC.466 [566] LABORATORY IN PHYSIOLOGICAL PSYCHOLOGY (2) This course is intended to expand upon PSYC.465. Students will receive experience in dissection of the sheep brain, small animal surgical and histological techniques, and small animal behavioral testing techniques. This course may be taken either concurrently with or subsequently to PSYC.465. Spring. Prerequisite: May be taken concurrently with or subsequent to PSYC.465, or consent of instructor. (UG & G)

PSYC.467 [567] ADULT PSYCHOLOGY (3) A study of adult behavior between the ages of 18 and 60. The developmental stages of young adulthood, adulthood, and middle age will be discussed along with topics pertinent to each of the levels such as leaving and becoming emancipated from the family; the transition and adjustment to marriage and work; and bridging the gap between ideals and actual fulfillment. Prerequisite: PSYC.203. (UG & G)

PSYC.470-479 [570-579] SPECIAL TOPICS (1-3) Survey and critical evaluation of modern literature pertaining to selected problems in Psychology. Prerequisite: Consent of instructor. (UG & G)

PSYC.480 [580] SYSTEMS OF PSYCHOLOGY (3) Schools of psychology with their theoretical and methodological approaches. Prerequisites: At least a junior psychology major and consent. Alternate Springs. (UG & G)

PSYC.485 [585] EXPERIMENTAL DESIGN (4) Design and analysis—Analysis of variance (completely randomized design, repeated measurement designs, etc.), multiple comparisons, non-parametrics, general problems related to sampling, experimental effects, etc. Prerequisite: PSYC.111 or consent of instructor. Fall, Spring. (UG & G)

PSYC.491 [591] INDEPENDENT INVESTIGATION IN PSYCHOLOGY (3) An opportunity for especially qualified students to undertake research problems according to their interest and training under the direction of a staff member. May be repeated for a maximum of 12 credits but only 6 credits can apply to the major; the other 6 credits will be used as general electives. Prerequisite: PSYC.261 and consent of instructor. Fall, Spring. (UG & G)

PSYC.499 SENIOR THESIS IN PSYCHOLOGY (4) Independent research on special problems in Psychology or closely related fields. Prerequisites: PSYC.261, PSYC.485, Honors approval. Fall, Spring. (UG)

Graduate Division

See TSU Graduate School Catalog for course descriptions.

PSYC.601 SEXUAL COUNSELING (3)

PSYC.603 HUMAN LEARNING (3)
PSYC.605 COUNSELING TECHNIQUES (3)
PSYC.607 APPLIED THEORIES OF COUNSELING (3)
PSYC.609 COUNSELING PSYCHOLOGY—PRE PRACTICUM (3)
PSYC.611 DEVELOPMENTAL PSYCHOLOGY (3)
PSYC.613 COMMUNITY MENTAL HEALTH COUNSELING (3)

PSYC.765 PERSONALITY ASSESSMENT IN CLINICAL PSYCHOLOGY (3)
PSYC.766 ADVANCED PERSONALITY ASSESSMENT IN CLINICAL PSYCHOLOGY
PSYC.771 PRACTICUM IN PSYCHODIAGNOSTIC EVALUATION (3)
PSYC.773 PRACTICUM IN INTERVENTION TECHNIQUES (3)
PSYC.790 SEMINAR IN PROFESSIONAL PSYCHOLOGY (3)
PSYC.797 INTERNSHIP IN CLINICAL PSYCHOLOGY (3)
PSYC.898 THESIS (3 or 6)
PSYC.899 THESIS CONTINUUM (1)

RUSSIAN (RUSS)

Lower Division

RUSS.101-102 RUSSIAN ELEMENTS I, II (4, 4) A thorough foundation in grammar; drills in pronunciation, elementary conversation; composition and translation. (UG)
RUSS.201-202 RUSSIAN INTERMEDIATE I, II (4, 4) Review of grammar; conversation and prose composition; translation of texts of cultural value; outside readings. Prerequisite: RUSS.101-102 or equivalent. (UG)

SAFETY EDUCATION (DRED)

Upper Division

DRED.430 [530] PRINCIPLES OF ACCIDENT PREVENTION (3)
 Includes a survey of the history and philosophy of the safety education movement, need for safety education, aims and objectives, accident causation and prevention, and the role of education in eliminating environmental hazards and reducing avoidable human error. (UG & G)
DRED.431 [531] HIGHWAY TRANSPORTATION SYSTEM AND DRIVER TASK ANALYSIS (3) History and philosophy of automobile and highway safety engineering, U.S. and International traffic controls, traffic laws and regulations, critical analysis of traffic accidents and causation, and attitude factors. (UG & G)

DRED.445 [545] CURRICULUM DEVELOPMENT IN DRIVER EDUCATION (3) History of curriculum development in driver education; principles; philosophies; objectives; current practices, evaluation techniques; laboratory experience; and field study. Prerequisite: Six credits in approved Driver Education Courses or approval of Director. (UG & G)

SCIENCE EDUCATION (SCIE)

Upper Division

SCIE.371 [551] TEACHING SCIENCE IN EARLY CHILDHOOD (2) The course is designed to familiarize the student with appropriate methods and materials in science for the young child. Emphasis will be on interdisciplinary approach. Prerequisite: ECED.341 or concurrently. (UG & G)

SCIE.376 [576] TEACHING SCIENCE IN THE ELEMENTARY SCHOOL (3) Significance of science for the elementary school child; its contribution toward his development; criteria for selecting science experiences for children. Open only to students in the student teaching block. (UG & G)

SCIE.380 [580] TEACHING SCIENCE IN THE SECONDARY SCHOOL (3) Selection of appropriate content, method and evaluation techniques, analysis of textbooks and resource materials. Must be taken the semester prior to student teaching. (UG & G)

SCIE.421 FIELD COURSE IN SECONDARY SCIENCE TEACHING METHODS (2) Analysis and evaluation of current materials and techniques in secondary science teaching. To be taken concurrently with student teaching at off-campus center. Prerequisite: SCIE.380 and must be student teaching. (UG)

SCIE.470-475 [570-575] SEQUENTIAL SCIENCE MODULES FOR THE ELEMENTARY SCHOOL TEACHER I-VI (1, 2, or 3) Three different modules of science instruction will be offered each semester for teachers of primary and intermediate grades. The course will emphasize instructional strategies in both the processes and content of the science. A student may elect to take 1, 2, or all 3 modules for 1, 2, or 3 credit hours respectively. All students must attend the first class meeting for course orientation. Thereafter, each module will meet once a week for four weeks. Each meeting will consist of approximately four hours laboratory work. Prerequisite: Teaching experience in the elementary schools. (UG & G)

SCIE.488 [588] AEROSPACE EDUCATION—WORKSHOP (3) In cooperation with CAP, USAF, NASA. A fund of general knowledge about aviation and space exploration. Teaching materials, resources, and field experiences. Usually a weekend at Florida's Cape Kennedy Space Center and other day-long tours TBA. For K-12 teachers, supervisors, administrators, and students of teaching. Lab fee \$15.00 (including travel). Three weeks, summers only. (UG & G)

Graduate Division

See TSU Graduate School Catalog for course descriptions.

SCIE.685 SEMINAR IN ELEMENTARY SCHOOL SCIENCE (3)

SECONDARY EDUCATION (SCED)

Upper Division

SCED.301 FIELD EXPERIENCES IN SECONDARY EDUCATION (3) Experiences in observing and studying school activities directly related to classroom instruction and pupil learning; observing and analyzing teacher roles, student roles and instructional environment. Emphasis is placed on direct experience in a variety of school settings. Prerequisite: PSYC.201. (UG)

SCED.319 SURVEY OF EDUCATIONAL PROGRAMS (3) Survey of educational programs and services K-12. Combines theoretical aspects of ELED.311 The Child in the Elementary School Curriculum and SCED.341 Principles of Secondary Education. Open only to those students in art, dance, music, physical education, health, or media

specialists, whose majors lead directly to certification in elementary and secondary education. Prerequisite: PSYC.201 or concurrently, and written permission, chair Department of Secondary Education. (UG)

SCED.341 PRINCIPLES OF SECONDARY EDUCATION (3 or 4) Philosophy and purposes of secondary education; nature of secondary education programs; principles of teaching and learning; basic techniques in instruction. Field experiences are required if taken for four credits in day program. (This necessitates travel time and at least two hours of assistant teaching weekly.) To be taken the semester prior to the methods course. Students in approved certification programs leading to the bachelor's degree must enroll for four credits. Prerequisites: Junior standing, PSYC.201 (or taken concurrently), and written permission of the chair of Secondary Education. (UG)

SCED.345 EXCEPTIONAL LEARNERS IN SECONDARY SCHOOLS (3) An introduction to basic concepts and issues—exploration of literature about exceptional learners, particularly learning disabled and gifted, with focus on implications for classroom teachers. Fulfills advanced writing requirement. Prerequisite: ENGL.102 or ENGL.190 (104). (UG)

Methods courses in each subject are not necessarily offered every semester. It is the responsibility of the student to meet with his or her secondary education advisor to determine when he or she will take the teaching methods course.

SCED.353 TEACHING MODERN FOREIGN LANGUAGE IN THE SECONDARY SCHOOL (3) Aims and purposes of foreign language instruction; current curricular trends, including the importance of modern language teaching practices. Open to juniors or seniors, who plan to teach foreign language, with consent of instructor. Prerequisite: SCED.341 and written permission from Chair, Secondary Education (UG)

SCED.355 TEACHING SOCIAL STUDIES IN THE SECONDARY SCHOOL (3) Objectives, curriculum, materials and instructional procedures in the teaching of social studies. Open to junior and/or senior students prior to student teaching block and to others with equivalent backgrounds and objectives. Prerequisite: SCED.341 and written permission from Chair, Secondary Education. (UG)

SCED.357 TEACHING ENGLISH IN THE SECONDARY SCHOOL (3) Language arts as taught in secondary schools. Open only to junior and/or senior students prior to student teaching and to others with equivalent backgrounds and objectives with consent of instructor. Prerequisite: SCED.341 and written permission from Chair, Secondary Education (UG)

Student Teaching

The following student teaching courses provide practical experiences in observation, participation, and student teaching in public school classrooms under the guidance of master teachers and a university supervisor. Prerequisites: PSYC.201, SCED.319 or SCED.341, SCED.460, SPED.301, and an appropriate methods course and written permission from the Center for Applied Skills in Education (C.A.S.E.). Dual Certification students receive permission from their major department. All secondary majors and credit count certification students will student teach at both the middle school and high school level the same semester.

SCED.380 STUDENT TEACHING IN SECONDARY EDUCATION—ART (6) (UG)

SCED.381 STUDENT TEACHING IN SECONDARY EDUCATION—BIOLOGY (12) (UG)

SCED.382 STUDENT TEACHING IN SECONDARY EDUCATION—DANCE (6) (UG)

SCED.383 STUDENT TEACHING IN SECONDARY EDUCATION—ENGLISH (12) (UG)

SCED.384 STUDENT TEACHING IN SECONDARY EDUCATION—FRENCH (12) (UG)

- SCED.385 STUDENT TEACHING IN SECONDARY EDUCATION—GEOGRAPHY (12) (UG)**
- SCED.386 STUDENT TEACHING IN SECONDARY EDUCATION—GERMAN (12) (UG)**
- SCED.387 STUDENT TEACHING IN SECONDARY EDUCATION—SCHOOL & COMMUNITY HEALTH (8) (UG)**
- SCED.388 STUDENT TEACHING IN SECONDARY EDUCATION—SCHOOL HEALTH (14) (UG)**
- SCED.389 STUDENT TEACHING IN SECONDARY EDUCATION—HISTORY (12) (UG)**
- SCED.390 STUDENT TEACHING IN SECONDARY EDUCATION—MATHEMATICS (12) (UG)**
- SCED.391 STUDENT TEACHING IN SECONDARY EDUCATION—MUSIC (6) (UG)**
- SCED.392 STUDENT TEACHING IN SECONDARY EDUCATION—PHYSICAL EDUCATION (6-7) (UG)**
- SCED.393 STUDENT TEACHING IN SECONDARY EDUCATION—SCIENCE (12) (UG)**
- SCED.394 STUDENT TEACHING IN SECONDARY EDUCATION—SPANISH (12) (UG)**
- SCED.396 STUDENT TEACHING IN SECONDARY EDUCATION—SOCIAL SCIENCE (12) (UG)**
- SCED.397 STUDENT TEACHING IN SECONDARY EDUCATION—SOCIO-ECON BUSINESS SUBJECTS (12) (UG)**
- SCED.399 DIFFERENTIATED STUDENT TEACHING—SECONDARY (1-8)** Student teaching experiences in addition to those in SCED.398 or student teaching in special subject areas, according to needs and interests of the student. Prerequisite: Consent of the student's area director; written permission, Center for Applied Skills in Education (C.A.S.E.). (UG)
- SCED.401 ANALYZING STUDENT TEACHING (3)** Analysis of and development of solutions for problems in pupil behavior, curriculum, evaluation and instructional procedures. Secondary teaching philosophies and strategies based upon identified needs determined as a result of the student teaching experience will be explored in depth. Open to students concurrent with or following student teaching. (UG)
- SCED.405 FIELD EXPERIENCES IN JUVENILE CORRECTIONAL INSTITUTIONS (3)** Observation and participation within social and educational programs in juvenile correctional institutions. Provides valuable experiences for education, sociology, psychology, and law enforcement students. Prerequisite: Consent of instructor. (UG & G)
- SCED.441 METHODS OF TEACHING SOCIO-ECONOMIC BUSINESS SUBJECTS IN SECONDARY SCHOOLS (3)** Selection of appropriate content, methods and materials and evaluation techniques for teaching socio-economic subjects in secondary schools. Planning approaches for developing curricula in General Business, Business law, consumer economic, business mathematics, bookkeeping, and economic geography. Prerequisites: PSYC.201 and SCED.341 and written permission from the Chair, Secondary Education. (UG)
- SCED.457 [557] METHODS OF TEACHING ENGLISH AS A SECOND LANGUAGE (3)** Teaching teachers methods of teaching English as a second language. Attention is given to the use of visuals, contrastive analysis, drill techniques, and other methods and resources. Prerequisite: Teaching experience or consent of instructor. (UG & G)
- SCED.458 [558] USING WRITING AS A LEARNING TOOL IN THE SECONDARY SCHOOL (3)** Strategies for using writing to learn content in all disciplines; examination of the writing process—diagnosis, prewriting, drafting, revision, evaluation, and publication. Prerequisite: SCED.341 or SCED.319 or consent of instructor. (UG & G)
- SCED.460 [560] TEACHING READING IN THE SECONDARY SCHOOL (3)** General developmental reading skills; identification, diagnosis and remediation of reading problems; comprehension, vocabulary building, work-study skills. Prerequisites: SCED.341 or concurrently; written permission, Chair, Department of Secondary Education. (UG & G)

SCED.461 [561] TEACHING READING IN THE SECONDARY CONTENT AREAS (3) Teaching reading study skills leading to reading efficiency and problem solving associated with specific subject matter content. Prerequisite: SCED.460. (UG & G)

SCED.463 [563] DEVELOPMENTAL READING FOR THE EARLY ADOLESCENT (3) Methods of designing and teaching developmental reading programs for the middle or junior high school student. Attention to the following: providing for individual differences, teaching students to read critically, developing and extending reading interests. Prerequisite: SCED.460 or equivalent reading methods course. (UG & G)

SCED.470-489 [570-589] SPECIAL TOPICS IN SECONDARY EDUCATION: (Topic to be named) (1-3) In-depth study of a selected topic in Secondary or Adult Education. The specific requirements and prerequisites will vary with each topic and will be designated by the department each time a topic is scheduled. Graduate credit only with approval of the graduate coordinator. Each topic may be taken as a separate course. (UG & G)

SCED.494 [594] TRAVEL AND STUDY IN SECONDARY EDUCATION (1-6) Study abroad of educational facilities, programs or practices, or selected projects in education topics. By special arrangement with program chair and sponsoring instructors. Consent of graduate program coordinator required for graduate degree credit. (UG & G)

SCED.495 [595] INDEPENDENT STUDY IN EDUCATION: SECONDARY (1-4) An opportunity for especially qualified students to undertake research problems or study projects relevant to their interest and training under the direction of a staff member. Prerequisite: Consent of Chair of Secondary Education. Graduate credit by consent of Graduate Program Coordinator only. (UG & G)

SCED.496 [596] DIRECTED READING IN SECONDARY EDUCATION (1-4) Independent reading in selected areas of Secondary Education in order to provide for the individual a comprehensive coverage or to meet special needs. By invitation of the department to qualified students. Prerequisite: Obtain consent of chair of Secondary Education. Graduate credit by consent of Graduate Program Coordinator only. (UG & G)

SOCIOLOGY (SOCI)

Lower Division

SOCI.101 INTRODUCTION TO SOCIOLOGY (3) Sociological concepts, theories, methods; a study of society and culture; the influence of the social environment on individual behavior. (UG)

SOCI.102 HONORS INTRODUCTION TO SOCIOLOGY (3) Sociological concepts, theories, methods; a study of society and culture; the influence of the social environment on individual behavior. Honors College Course. Special Permit Only. (UG)

SOCI.197 HONORS SEMINAR IN COMMUNITY POWER ANALYSIS (3) A multi-disciplinary investigation in applied social science of the major components necessary to successful metropolitan problem-solving. Prerequisites: Admissions to the Honors College Program. (UG)

SOCI.241 BLACKS IN AMERICA: MYTHS AND REALITY (3) Focus on prevailing myths regarding black society, the reasons why such myths have developed, and the reality which contradicts these myths. Prerequisite: SOCI.101. (UG)

Upper Division

SOCI.301 THE FAMILY (3) The family as the basic group in human societies; its development; its relation to other social institutions; the family in modern industrial societies. Prerequisite: SOCI.101. (UG)

SOCI.311 [511] INDIVIDUAL AND SOCIETY (3) A social psychological approach to the inter-relationships of the individual and his/her social and cultural environment; behavioral characteristics resulting from social experience. Prerequisite: SOCI.101. (UG & G)

SOCI.313 INTRODUCTION TO SOCIAL PSYCHOLOGY (3) A general introduction to the inter-relationships between social organization and individual human behavior. Examination of social factors in the emergence of consciousness, self, personality and interpersonal relations. Prerequisite: SOCI.101. (UG)

SOCI.315 [515] COMMUNICATIONS AND SOCIAL ORDER (3) Role of communications in social control; coercion, manipulation and enlightenment in society through primary and secondary communication. Prerequisite: SOCI.101. (UG & G)

SOCI.317 SOCIOLOGY OF SPORT (3) This course will focus on a critical examination of the role of sport in society. The student will be

presented with material which transcends the still prevalent stereotypes and myths of sport and suggest the significance of cooperation/competition, social organization, racial and sexual issues. Prerequisite: SOCI.101. (UG)

SOCI.322 [522] SOCIOLOGY OF WAR AND PEACE (3) A broad ranging examination of a variety of issues related to war and peace from a sociological perspective . . . the nature and causes of war, behavior in battle, mechanisms of securing peace, the relationship between armed forces and society. Prerequisite: SOCI.101. (UG & G)

SOCI.323 [523] SOCIAL CHANGE (3) A sociological analysis of the sources, processes and consequences of social change. Prerequisite: SOCI.101. (UG & G)

SOCI.325 [525] CROWDS, MOBS, AND RIOTS (3) Study of unorganized and organized groups and their impact on society: crowds, mobs, riots and other processes of disruptive and constructive change. Prerequisite: SOCI.101. (UG & G)

SOCI.327 [527] URBAN SOCIOLOGY (3) Survey of the theoretical and sociological conceptualizations of modern western industrial cities. Prerequisite: SOCI.101. (UG & G)

SOCI.329 [529] DEMOGRAPHY (3) Social, economic, and political problems related to changes, distribution and movement population; analysis of contemporary population trends in the U.S. and the world. Prerequisite: SOCI.101. (UG & G)

SOCI.330 VOCATIONAL REHABILITATION (3) Sociological perspective on the problem of fitting the worker disadvantaged for any reason into the occupational structure of the industrialized society. Includes treatment of the physically and educationally handicapped as well as those whose delinquency, family, minority or other experiences inhibit their capacity for normal entry into and pursuit of occupations with stability and mobility. Prerequisite: SOCI.101. (UG)

SOCI.331 [531] ORGANIZATIONS (3) Structure and functioning of large scale organizations; formal and informal aspects of bureaucracies in business, government, politics, education and other institutional spheres of society. Prerequisite: SOCI.101. (UG & G)

SOCI.332 [532] SOCIOLOGY OF OCCUPATIONS AND PROFESSIONS (3) Sociological literature on career choice and training patterns of occupational success and failure, professionalization process as it affects all occupations, role conflicts, regulation of behavior by the occupation and profession itself. Prerequisite: SOCI.101. (UG & G)

SOCI.333 [533] POLITICAL SOCIOLOGY (3) Contemporary relevance of the fundamental ideas regarding the relationship of the social and political systems; the significance of social and political democratization; class struggles and revolution; the influence of government bureaucracy. Prerequisite: SOCI.101. (UG & G)

SOCI.334 [534] INDUSTRIAL SOCIOLOGY (3) Sociological analysis of corporate and labor organization: internal organization; relationship to each other; impact on the workers in them; relationship to government and the total society. Treats issues such as changing managerial techniques, worker discontent and conditions for organizational and technological innovation. Prerequisite: SOCI.101. (UG & G)

SOCI.335 [535] MEDICAL SOCIOLOGY (3) A study of social and cultural perspectives on illness; demographic trends; the health professions; institutions for the delivery of health care services. Prerequisite: SOCI.101. (UG & G)

SOCI.339 [539] COMMUNITY ORGANIZATION (3) The organization of the community as a vehicle for identifying and meeting human needs; processes and techniques of community planning and development, traditional and contemporary. Prerequisite: SOCI.101. (UG & G)

2208 341 [541] CLASS, STATUS AND POWER (3) An examination of major theories and significant research on socially structured inequality in modern and traditional societies. Prerequisite: SOCI.101. (UG & G)

SOCI.343 [543] MINORITY GROUPS (3) An examination of inter-group life as an aspect of society; conflicts between races, ethnic groups, and minorities; prejudice, segregation and integration. Prerequisite: SOCI.101. (UG & G)

SOCI.349 SOCIAL PROBLEMS (3) Theoretical and empirical understanding of the sociological approach to contemporary social problems

such as: alcoholism, drug abuse, rape, homosexuality, poverty, family disorganization, violence. Prerequisite: SOCI.101. (UG)

SOCI.351 [551] SOCIAL DEVIANCE (3) Deviance as an aspect of social living; the problem of understanding conformity and deviance; identification of deviants; society's response to deviant behavior. Prerequisite: SOCI.101. (UG & G)

SOCI.353 [553] CRIMINOLOGY (3) The nature of crime; factors underlying criminal behavior; police, courts, law, and correctional institutions. Prerequisite: SOCI.101. (UG & G)

SOCI.354 [554] INTRODUCTION TO CRIMINAL JUSTICE (3) The history, the present structure, the functions and the contemporary problems of the police, prosecution, courts, corrections, probation and parole. In addition, a brief introduction to law as an element of social control will be given. Prerequisite: SOCI.101. (UG & G)

SOCI.355 [555] JUVENILE DELINQUENCY (3) A study of delinquency; the process of socialization and delinquent behavior in society; prevention and treatment of delinquency. Prerequisite: SOCI.101. (UG & G)

SOCI.356 [556] CORRECTIONS IN AMERICA (3) The analysis of agencies and programs designed for the custody and supervision of individuals convicted of crimes. The primary focus will be on adult institutions and community corrections. Prerequisite: SOCI.353 or SOCI.354 or SOCI.355. (UG & G)

SOCI.357 [557] SOCIAL WELFARE (3) Sociological analysis of social welfare institutions and the functions they perform within modern societies. Prerequisite: SOCI.101. (UG & G)

SOCI.359 [559] SOCIAL GERONTOLOGY (3) Examination of social factors in aging from the viewpoint of the individual, the group and society; socialization process and old age, identity and social roles, loneliness and alienation; demographic aspects of aging; societal definitions, norms, values, dilemmas, and responses to the aging; evaluation of research in social gerontology. Students who received credit for Social Gerontology (2208.360) prior to Fall 1986 will not receive credit for Sociology of Aging (SOCI.360) if taken in Fall 1986 or later. Students who received credit for Sociology of Aging (2208.359) prior to Fall 1986 will not receive credit for Social Gerontology if taken in Fall 1986 or later. Prerequisite: SOCI.101. (UG & G)

SOCI.360 [550] SOCIOLOGY OF AGING (3) The study of the life cycle and the social significance of aging as well as the contemporary issues in social gerontology. Students who received credit for Social Gerontology (2208.360) prior to Fall 1986 will not receive credit for Sociology of Aging (SOCI.360) if taken in Fall 1986 or later. Students who received credit for Sociology of Aging (2208.359) prior to Fall 1986 will not receive credit for Social Gerontology if taken in Fall 1986 or later. Prerequisite: SOCI.101. (UG & G)

SOCI.361 THE AGING WORKER (3) Sociological perspective on job adjustment by society and the individual to the aging work force in the industrialized setting. Includes discussion of both job retention and preparation for retirement. Prerequisite: SOCI.101. (UG)

SOCI.362 BASIC METHODS IN HUMAN SERVICES PRACTICE (3) Concepts and techniques useful for effective interaction in the helping relationship: interviewing social agency clients; analyzing and participating in solving of their problems. Prerequisite: SOCI.101.

SOCI.363 JOBS AND JOBLESSNESS (3) Understanding the problems of obtaining and losing jobs from a sociological perspective. Concerns itself with the nature and content of job holding in terms of status, access and wage level; characteristics of occupations and jobs, and differences among jobs as a function of formal preparation, training and social standing; focuses on constraints to entry into professions and occupations and the social meaning of unemployment. Prerequisite: SOCI.101. (UG)

SOCI.365 ISSUES IN YOUTH UNEMPLOYMENT (3) Focuses on sociological understanding of the problems of the younger worker.

Concerns itself with such matters as job preparation, job counseling and job training as well as the consequences of unemployment in terms of delinquency, social disturbance and job policy. Prerequisite: SOCI.101. (UG)

SOCI.367 [558] SOCIOLOGY OF DEATH, DYING AND BEREAVEMENT (3) Examination of present social considerations on death including demographic, attitudinal and ritualistic variables; death education through the life cycle; structure of the grief process; impact of terminal illness on the patient and the family; ethical issues surrounding euthanasia and suicide. Prerequisite: SOCI.101. (UG & G)

SOCI.369 GROUP VOCATIONAL COUNSELING (3) Relates theory of social interaction and collective behavior to short-term, goal-related counseling. Focuses both on understanding and performing group counseling techniques for vocational guidance. Utilizes role-playing, playback and similar methods of skill enhancement. Prerequisite: SOCI.101. (UG)

SOCI.370-379 [670-679] TOPICS IN SOCIOLOGY (3) An examination of current topics in sociology designed for non-majors as well as majors. The content of the course will depend upon mutual faculty and student interest. May be repeated when different topic is focus of course. Prerequisite: SOCI.101. (UG & G)

SOCI.381 [581] SOCIOLOGICAL THEORY (3) Major systems of sociological theory; the works, assumptions, and implications of major European and American schools. Prerequisites: Junior standing; SOCI.101; nine additional hours of Sociology. (UG & G)

SOCI.391 [582] RESEARCH METHODS (3) A consideration of methodology of sociological research; the various steps in conducting research projects, from statement of the problem to final analysis of data. Prerequisites: SOCI.101; nine additional hours of SOCI; either PSYC.111 or MATH.231. (UG & G)

SOCI.470-479 [570-579] SPECIAL TOPICS IN SOCIOLOGY (3) An examination of current topics in sociology designed for junior and senior majors. The content of the course will depend upon mutual faculty and student interest. May be repeated when different topic is focus of course. Prerequisites: SOCI.101 and six additional hours of Sociology. (UG & G)

SOCI.485 [585] SEMINAR IN SOCIOLOGY (3) Exploring and analyzing major areas of sociology. For senior students with a major in sociology. May be repeated when different topic is focus of course. Prerequisite: SOCI.381 and consent of instructor. (UG & G)

SOCI.491-492 [591-592] PRACTICUM IN SOCIOLOGY I, II (3, 3) Supervised experience in work setting which facilitates understanding of roles and relationships relevant to sociological inquiry and application of sociological knowledge. Students may elect to take one semester for 3 credits (491) or two semesters for 3 credits each (491-492), in one agency both semesters or in a different agency each semester. No more than three credits may be earned in a semester save with consent of the chair which will be granted only when agency requirements and student needs make it appropriate. A fee is charged for each semester in which a student is involved in the practicum. Prerequisite: SOCI.101; junior standing and consent of practicum coordinator. (UG & G)

SOCI.495 [595] INDEPENDENT RESEARCH (3) Supervised research and sociological investigation involving library and/or field experiences, and culminating in a written report. Prerequisites: SOCI.381 and SOCI.391 and consent of instructor. (UG & G)

SOCI.497 SEMINAR IN SOCIOLOGY (Honors) (3) Exploring and analyzing major areas of sociology. Prerequisite: Consent of the Honors Coordinator. (UG)

SOCI.498 READINGS IN SOCIOLOGY (Honors) (4) A survey of the relevant scholarly literature under the guidance of a staff member who will direct the student's research. Prerequisite: Consent of the Honors Coordinator. (UG)

SOCI 499 HONORS THESIS (4) Supervised research and sociological investigation involving library and/or field experience and culminating in a written report. Prerequisite: Consent of the Honors Coordinator. (UG)

SPANISH (SPAN)

Lower Division

SPAN 101-102 SPANISH ELEMENTS I, II (4, 4) A thorough foundation in grammar; drills in pronunciation; elementary conversation; composition and translation. (UG)

SPAN 201-202 SPANISH INTERMEDIATE I, II (4, 4) Review of grammar; conversation and prose composition; translation of texts of cultural value; outside readings commensurate with the ability of the individual student. Conducted in Spanish. Prerequisite: SPAN 101-102 or equivalent. (UG)

Upper Division

SPAN 301-302 COMPOSITION AND CONVERSATION I, II (3, 3) Composition and conversation beyond intermediate level. Conducted in Spanish. Prerequisite: SPAN 201-202 or equivalent. (UG)

SPAN 305 READINGS IN SPANISH (3) This course is designed to improve reading and comprehension skills in Spanish, while exposing the students to introductory Spanish literature. Prerequisite: SPAN 202 or equivalent or consent of instructor. (UG)

SPAN 311 CULTURE AND CIVILIZATION OF THE SPANISH-SPEAKING PEOPLES I (3) Value-system and way of life as embodied in the language, history, arts and customs of Spain. Conducted in Spanish. Prerequisite: SPAN 301-302 or equivalent. (UG)

SPAN 312 CULTURE AND CIVILIZATION OF THE SPANISH-SPEAKING PEOPLES II (3) Value-system and way of life as embodied in the language, history, arts and customs of Ibero-America. Prerequisite: SPAN 301-302 or equivalent. (UG)

SPAN 321-322 SURVEY OF SPANISH LITERATURE I, II (3, 3) Spanish and Spanish-American literature, with collateral readings. Conducted in Spanish. Prerequisite: SPAN 201-202 or equivalent. (UG)

SPAN 331 SPANISH FOR BUSINESS (3) The fundamentals of commercial correspondence in Spanish. Focuses on the form and style of Spanish currently used in a business environment. Intensive practice in speaking, writing, and translating. Prerequisite: SPAN 201-202 or equivalent or consent of instructor. (UG)

SPAN 391 ADVANCED SPANISH GRAMMAR (3) Spanish syntax, idiomatic construction, word formation, original composition. Conversation and oral drill. Conducted in Spanish. Prerequisite: SPAN 301-302. (UG)

SPAN 401[501] SPANISH PHONETICS (3) Drills in contemporary Spanish pronunciation. Prerequisite: SPAN 301-302 or equivalent. (UG & G)

SPAN 402[502] SPANISH LINGUISTICS (3) The linguistic structure of the Spanish language with an introduction to transformational grammar. Conducted in Spanish. Prerequisite: SPAN 301-302 or equivalent. (UG & G)

SPAN 403[503] THE POETRY AND THEATER OF FEDERICO GARCIA LORCA (3) Lorca's contributions to Spanish theater and poetry are analyzed in the context of the literary and social developments of pre-Civil War Spain. Prerequisite: SPAN 321-322 or equivalent. Conducted in Spanish. (UG & G)

SPAN 411[511] NINETEENTH-CENTURY SPANISH NOVEL (3) Emphasis will be given to Benito Perez Galdos and Pio Baroja. Conducted in Spanish. Prerequisites: SPAN 321-322. (UG & G)

SPAN 412[512] CONTEMPORARY SPANISH NOVEL (3) Emphasis on such writers as Cela, Sender, Delibes and Goytisolo. Conducted in Spanish. Prerequisites: SPAN 321-322 or equivalent. (UG & G)

SPAN 417[517] THE GOLDEN AGE IN SPANISH LITERATURE I (3) Principal attention to Cervantes, Tirso de Molina, Lope de Vega, and Ruiz de Alarcón. Conducted in Spanish. Prerequisite: SPAN 321-322. (UG & G)

SPAN 419[519] LITERATURE OF THE CUBAN REVOLUTION (3) A study of the literature of the Cuban Revolution in its historical and ideological context. Conducted in Spanish. Prerequisite: SPAN 321-322 or equivalent. (UG & G)

SPAN 431[531] NINETEENTH CENTURY SPANISH LITERATURE (3) The main literary movement of the century: neo-classicism, romanticism, realism, naturalism, and special emphasis on "costumbrismo." Conducted in Spanish. Prerequisite: SPAN 321-322 or equivalent. (UG & G)

SPAN 437[537] ROMANTICISM IN SPANISH AMERICAN LITERATURE (3) This course is designed to study the characteristics of romanticism in Spanish America through a study of the most representative works of the outstanding authors of this period. Conducted in Spanish. Prerequisite: SPAN 321-322 or equivalent or consent of instructor. (UG & G)

SPAN 439 LITERARY MOVEMENTS IN THE SPANISH AMERICAN LITERATURE (3) Characteristics of the literary movements in Spanish America through the most representative short stories of every period. Conducted in Spanish. Prerequisite: SPAN 321-322 or equivalent. (UG & G)

SPAN 444[544] TWENTIETH CENTURY SPANISH-AMERICAN LITERATURE II (3) The Contemporary Period. Conducted in Spanish. Prerequisite: SPAN 321-322 or equivalent. (UG & G)

SPAN 452[552] CONTEMPORARY SPANISH POETRY (3) Emphasis on the poets of the generation of 1927; Pablo Neruda, and zicente Aleixandre. Conducted in Spanish. Prerequisite: SPAN 321-322 or equivalent. (UG & G)

SPAN 462[562] CONTEMPORARY SPANISH DRAMA (3) Emphasis on playwrights such as Casona, Sastre and Buero Vallejo. Conducted in Spanish. Prerequisite: SPAN 321-322 or equivalent. (UG & G)

SPAN 470-479[570-579] SPECIAL TOPICS IN SPANISH (3) Discussion of a central topic with changing emphasis from year to year. Prerequisite: SPAN 321-322 or the equivalent. (UG & G)

SPAN 475[575] USE OF AUDIO-VISUAL TECHNIQUES IN MODERN LANGUAGE TEACHING (3) Principles of design and components of communication will be presented. Demonstrations on basic materials production will be given. Students will be required to make materials and show how their materials can be used in foreign language instruction. Prerequisite: Previous teaching experience or consent of the department chair. (UG & G)

SPAN 481[581] SPANISH SHORT STORIES (3) The short stories in Spain with emphasis on twentieth century authors. Conducted in Spanish. Prerequisite: SPAN 321-322 or equivalent. (UG & G)

SPAN 483[583] SPECIAL TOPICS IN FOREIGN LANGUAGE TEACHING (3) Studies in the area of language teaching techniques with changing emphasis from year to year. Prerequisite: Consent of the department chair. Junior or Senior majors only. (UG & G)

SPAN 491[591] DIRECTED READINGS IN SPANISH LITERATURE (1-3) Reserved for superior students under the guidance of a departmental advisor. Conducted in Spanish. Prerequisites: At least three hours of literature study at the 400 level, consent of department chair. (UG & G)

SPAN 492[592] DIRECTED READINGS IN SPANISH (1-3) Similar to Spanish 491 with concentration on a different subject matter. Conducted in Spanish. Junior or senior majors only. Prerequisites: At least three hours of literature study at the 400 level, consent of department chair. (UG & G)

SPAN 494 TRAVEL STUDY ABROAD (3) A study of the main features of Hispanic culture and civilization. Cities and topics to be selected. For complete information contact the chair of the department. Prerequisite: Consent of instructor. (UG)

SPAN 495 PRACTICUM FOR THE CERTIFICATE OF PROFICIENCY IN SPANISH (3) Supervised experience in a work setting

providing students the opportunity to apply their classroom learning and skills outside the academic world. Will be one semester (Fall or Spring) for which students receive three credits for eight hours of work per week. Junior or senior undergraduate students in good academic standing and who meet the requirements established for the CERTIFICATE OF PROFICIENCY IN SPANISH should apply for the PRACTICUM during the month of November for the Spring semester and during the month of April for the Fall semester. Prerequisite: Open to students who are enrolled in the Certificate of Proficiency Program in Spanish who have complied with the program regulations. Written consent of Department Chair and Coordinator of the Program. (UG)

SPAN 497 INTERNSHIP IN SPANISH (3) This program is designed to give training and experience using Spanish in working with the government, business and industry in Maryland or Washington, D.C. under professional supervision. Prerequisites: Junior-Senior standing and written consent of chair and coordinator of program. (UG)

Graduate Division

See TSU *Graduate School Catalog* for course descriptions.

SPAN 605 SPANISH STYLISTICS (3)

SPAN 636 POETRY & DRAMA OF THE SPANISH GOLDEN AGE (3)

SPAN 653 MIGUEL DE CERVANTES (3)

SPAN 670-679 SPECIAL TOPICS IN SPANISH LANGUAGE, LITERATURE AND CIVILIZATION (3)

SPAN 685 SEMINAR IN MODERN SPANISH LITERATURE (3)

SPECIAL EDUCATION (SPED)

Upper Division

SPED 301 INTRODUCTION TO SPECIAL EDUCATION: K-12 (3) Historical, philosophical and legal foundations of special education. Perspectives in these areas as they relate to current educational issues and to practices in regular and special classroom settings. Prerequisite: PSYC 201 or consent of instructor. (UG)

SPED 411 THE HOSPITALIZED CHILD (3) Focus is on the psychological effects of hospitalization on children and their families; presents strategies for operating pediatric playrooms in hospitals; field placement in pediatric unit of area hospital required. Prerequisites: Three credits Early Childhood Education, Elementary Education, or Nursing and consent of instructor. Spring. (UG)

SPED 441 [541] SPECIAL NEEDS OF THE HANDICAPPED CHILD (3) Characteristics of the following handicapping conditions as they may affect learning in a classroom setting: visual impairment, hearing impairment, speech and language disorders, emotional disturbance and physical and/or chronic medical conditions. Includes methods of tailoring educational programs to meet these conditions. Prerequisites: Six credits Psychology; six credits Early Childhood Education or Elementary Education. Fall. (UG & G)

SPED 470-479 SPECIAL TOPICS IN SPECIAL EDUCATION (1-3) In-depth study of a selected topic in Elementary Education. The specific requirements and prerequisites will vary with each topic and will be designated by the department each time a topic is scheduled. Each topic may be taken as a separate course. (UG)

SPED 481 [581] METHODS AND MATERIALS FOR TEACHING THE VISUALLY IMPAIRED (3) Designed to examine recognized methods, materials, and programs for teaching children who are visually impaired. Offered in cooperation with Maryland School for the Blind. Prerequisites: SPED 483 and consent of instructor. (UG & G)

SPED 483 [583] BRAILLE READING AND WRITING (3) Designed to meet needs of teachers who will be teaching the visually impaired to read and write braille. Consent of instructor. (UG & G)

Graduate Division

See TSU *Graduate School Catalog* for course descriptions

SPED 641 INTERVENTION TECHNIQUES—CHILDREN WITH SPECIAL NEEDS (3)

SPED 670-679 SPECIAL TOPICS IN SPECIAL EDUCATION (Topics to be named) (1-3)

SPED 741 INTERNSHIP—CHILDREN WITH SPECIAL NEEDS (3-6)

SPEECH COMMUNICATION (SPCH)

Lower Division

SPCH 131 FUNDAMENTALS OF SPEECH COMMUNICATION (3) Historical and practical perspectives of rhetoric and public speaking, including their significance to the development of the humanities. Researching topics, developing ideas with evidence, preparing outlines, delivering and critiquing speeches. (UG)

SPCH 132 HONORS FUNDAMENTALS OF SPEECH COMMUNICATIONS (3) Instruction in various kinds of public speaking (e.g., informative, persuasive, introductory and impromptu): doing research, developing ideas with evidence, preparing outlines, delivering and critiquing speeches with emphasis on rhetorical criticism and ethical issues in speech communication. (UG)

SPCH 216 GROUP DISCUSSION (3) Theory and methods of group discussion; practice in forums, panels, and other forms of group communication. Prerequisite: SPCH 131. (UG)

SPCH 221 ORAL INTERPRETATION OF LITERATURE (3) General principles of oral reading and the art of interpretation in poetry, drama, and the short story. Prerequisite: SPCH 131 or consent of instructor. (UG)

SPCH 249-250 FORENSICS I, II (1, 1) Practical work in debate, oratory, extemporaneous speaking, and other speech projects. Study of national debate questions, and opportunity to participate in forensic activities or a Speaker's Bureau. Prerequisite: Consent of instructor. (UG)

Upper Division

SPCH 301 NONVERBAL COMMUNICATION (3) Examination of the elements of nonverbal communication: environment, personal space, physical appearance, body movement, gestures, touching behavior, facial expression, and vocal cues. Course will investigate the effects of these on interpersonal and public communication. Prerequisite: SPCH 131, or consent of instructor. (UG)

SPCH 303 ADVANCED PUBLIC SPEAKING (3) Principles and application of evidence, composition, organization, analysis and criticism. Manuscript, persuasive and impromptu speaking. (UG)

SPCH 304 [504] PERSUASION (3) Theory and practice of linguistic and symbolic persuasion; applications of rhetorical principles in social sciences and formal and informal communication; analysis of rhetoric through discussion. Prerequisite: SPCH 131. (UG & G)

SPCH 320 [520] READERS THEATRE (3) Oral interpretation of selections from dramatic literature and individual and group reading. Includes principles of selecting, cutting, and programming in literature. Prerequisite: SPCH 221 and consent of instructor. (UG & G)

SPCH 321 INTERPERSONAL COMMUNICATION (3) The process of interpersonal communication will be studied through an examination of such concepts of self-concept, empathetic listening, and meaning. The student will engage in exercises and assignments designed to develop interpersonal communication skills. The effects of conflict and human differences upon interpersonal communication will be explored. Prerequisite: SPCH 131. (UG)

SPCH 331 ADVOCACY AND ARGUMENT (3) Essentials of argumentation; research, analysis, evidence, reasoning, case construction and refutation. Applications in fact, value, and public policy settings. Prerequisite: SPCH 131 or consent of instructor. (UG)

SPCH 349-350 FORENSICS III, IV (1, 1) Refer to SPCH 249, SPCH 250 for course description. Prerequisite: SPCH 249-250 and consent of instructor. (UG)

SPCH 395 [595] INDEPENDENT STUDY IN ORAL INTERPRETATION (1-6) Independent study in selected areas of oral interpretation through directed readings, projects, papers or seminars. May be repeated for a maximum of 6 credits. Prerequisite: SPCH 221 and consent of instructor. (UG & G)

SPCH 411 [511] INDEPENDENT STUDY IN CHAMBER THEATRE (1-6) Independent study in selected areas of Chamber Theatre through directed readings, projects, performances, papers or seminars. May be repeated for a maximum of 6 credits. Prerequisite: SPCH 320. Fall, Spring, Summer by request. (UG & G)

SPCH 419 ORGANIZATIONAL COMMUNICATION (3) The process of communication within organizations will be examined. Such topics as message dissemination, information overload, trust levels and work group interaction will be analyzed as to their impact on individuals and the organization. Emphasis will be placed on practical application of techniques in diagnosing and resolving organizational communication problems. Prerequisite: SPCH 131 or MCOM 211 or MNGT 211 or consent. (UG)

SPCH 420 COMMUNICATION IN THE LEGAL PROCESS (3) Focus on communication questions and skills by lawyers, judges, litigants and jurors in criminal and civil justice. Survey of research related to verbal and nonverbal aspects of communication as they apply to the legal concerns of interview, negotiation and litigation. Prerequisites: Junior/Senior standing and consent of instructor. (UG)

SPCH 493 [593] INDEPENDENT STUDY IN READERS THEATRE (1-6) Independent study in selected areas of Readers Theatre through directed readings, projects, papers or seminars. May be repeated for a maximum of 6 credits. Prerequisite: SPCH 320 or consent of instructor. (UG & G)

SPCH 495 INDEPENDENT STUDY IN SPEECH COMMUNICATION (1-6) Independent study in selected areas of speech communication through directed readings, projects, papers, or seminars. May be repeated for a maximum of 6 credits. No more than 6 credits of Independent Study and/or Practicum can be applied to the major and minor. Prerequisite: Consent of instructor. (UG)

THEATRE ARTS (THEA)

Lower Division

THEA 101 BEGINNING ACTING (3) Theory and practice of acting. The development of the actor's imagination and techniques through improvisations, pantomimes, exercises, and simple scenes. (UG)

THEA 103 INTRODUCTION TO THE THEATRE (3) Theatrical experience through study of the various types, styles and production processes of the theatre. Theatre as a public art and its relationship to our culture. (UG)

THEA 105 MOVEMENT DRILL FOR THE ACTOR (3) Theory and practice in movement to facilitate efficiency of movement patterns and development of characterization skills in acting. (UG)

THEA 111 VOICE DRILL FOR THE ACTOR (3) Theory and practice in voice to help the actor develop an instrument that facilitates characterization on stage. (UG)

THEA 125 SCRIPT ANALYSIS (3) Study of the play, emphasizing the analysis of structure, genre, theme, style, character, language, dramatic event, and point of view of actor, director, designer, critic and audience. Introduction to theatre research methods. (UG)

THEA 141 GRAPHIC TECHNIQUES FOR THE THEATRE (3) Standard graphic practices of the designer. Reading and producing of working drawings, models and renderings. (UG)

THEA 201 SCENERY DESIGN I (3) Practice in such techniques as drafting, elevation, drapery sketching, figure drawing, and rendering techniques to prepare a student to work in a set or costume design. (UG)

THEA 203 VOICE PRODUCTION FOR THE ACTOR (3) Theory and practice of voice production with emphasis on the speaking voice.

Work on understanding the vocal mechanism and on applying that awareness to the freeing, development, and strengthening of the voice. Prerequisite: THEA 101. (UG)

THEA 205 THEATRE GAMES (3) Exercises in "game structures" to develop creativity, encourage work on personal acting techniques and free the actor from mechanical stage behavior. Prerequisite: THEA 101. (UG)

THEA 207 THEATRE ARTS FOR CHILDREN (3) Theory and techniques of playmaking for children. Lecture, demonstration and participate in pantomime, improvisation, and story dramatization. (UG)

THEA 209 SOUND DESIGN (3) Basic electronic and acoustic information and its relationship to theatre application. (UG)

THEA 211 HISTORY OF THEATRE AND DRAMA I (3) History of theatre and drama and their relationship to other fine arts and humanistic studies. Origins, Greek, Roman Medieval, Elizabethan, Spanish Golden Age. Prerequisite: THEA 125. (UG)

THEA 212 HISTORY OF THEATRE AND DRAMA II (3) History of theatre and drama and their relationship to the other fine arts and humanistic studies. Italian Renaissance, French Classicism, Restoration, Eighteenth Century, Nineteenth Century Romanticism. Prerequisite: THEA 125. (UG)

THEA 213 HISTORY OF THEATRE AND DRAMA III (3) History of theatre and drama and their relationship to the other fine arts and humanistic studies. Nineteenth Century Realism to the present. Non-western theatre. Prerequisite: THEA 125. (UG)

THEA 221 INTERMEDIATE ACTING I (3) The study of and preparation for scene study. Emphasis will be given to ensemble building, voice, movement, self awareness, concentration, and character development. Prerequisites: THEA 101 and consent of instructor. (UG)

THEA 231 MIME I (3) Basic techniques of the art of Mime. Exercise and performance in basic mime gestures, illusions and walks. Exercise in ensemble. Several performance projects are done. (UG)

THEA 241 COSTUME HISTORY AND DESIGN: EGYPT TO RENAISSANCE (3) Study of costume from ancient Egyptian civilization to the Renaissance. Costume design and construction. Work on crews for college drama productions. (UG)

THEA 242 COSTUME HISTORY AND DESIGN: ELIZABETHAN TO 1940 (3) Study of costume from the Elizabethan to 1940. Costume design and construction. Work on costume crews for college drama productions. (UG)

THEA 245 STAGE MAKEUP I (2) Survey of materials and study of theories and techniques of stage makeup. Class meets for two hours per week. (UG)

THEA 246 STAGE MAKEUP II (2) Advanced stage makeup using materials such as foam latex, rubber, collodion, and mask making and doing complete detailed character makeups. Prerequisite: THEA 245. (UG)

THEA 251 STAGECRAFT I (3) Technical aspects of play production including scene construction, scene painting, property building and stage lighting. (Work on technical crews for university drama productions required.) (UG)

THEA 255 STAGE LIGHTING I (3) The study of basic equipment and theory of stage lighting including tools, techniques and artistic considerations. The course begins with basic theory and moves to simple applications. (Not open to students who have completed THEA 355.) (UG)

THEA 257 STAGE AND PRODUCTION MANAGEMENT (3) This course will outline a comprehensive view of theatrical production in the United States. We will examine the problems of theatre production as they apply to commercial theatre, college theatre, community theatre, repertory theatre and resident theatre companies. The principles of public relations, house management, plant organization, financing, personnel management, audience development and box office control are fully explored. Prerequisite: THEA 251 and consent of instructor. (UG)

THEA 261 ACTING FOR MUSICAL THEATRE I (3) An introduction to the acting problems inherent in Musical Theatre perfor-

mance. Theory and practice. The development of the actor's awareness, imagination, and technique through lectures, improvisations, exercises, and ensemble scenes. Prerequisite: THEA 101 or consent of instructor. (UG)

THEA 262 ACTING FOR MUSICAL THEATRE II (3) Theory and practice of acting in a musical theatre situation. Work in scene and role analysis, character development, and personal performing technique. Prerequisites: THEA 261 and consent of instructor. (UG)

THEA 285 BEGINNING THEATRE WORKSHOP (4) Experiences in acting, mime, voice production, directing, and musical theatre. (UG)

Upper Division

THEA 301 TECHNIQUES OF COMEDY (3) An introduction to the theories and uses of comedy. Varied practice in comic performance with an emphasis on material emanating from the student's experience. Prerequisites: THEA 101 and one other Acting or Mime course or consent of instructor. (UG)

THEA 305 FEMINIST THEATRE (3) A study of the feminist theatre and theatre roles for women prior to the feminist theatre movement. Prerequisite: THEA 101. (UG)

THEA 307 THEORIES OF THEATRE (3) Theories in acting, directing, design and dramaturgy from the classical through the modern period. Prerequisites: THEA 211, THEA 212, THEA 213, and consent of instructor. (UG)

THEA 309 INTERMEDIATE ACTING II (6) Scene study with concentration in character development, approaching a script, structuring a scene, relating to environment, ensemble work and audition techniques. Prerequisites: THEA 105, THEA 221, a voice class and consent of instructor. (UG)

THEA 311 CHILDREN'S THEATRE PRODUCTION (3) An examination of the nature, philosophy and problems of children's theatre with practical work in acting, directing and production techniques in plays for children's audience. Prerequisites: THEA 101 and THEA 241 or THEA 242, or THEA 251 or consent of instructor. (UG)

THEA 313 SCENE STUDY I (3) Basic techniques of scene study in acting, such as motivation, internalization, structure, climax, objective, build and intensity. Prerequisites: THEA 101, THEA 221 and THEA 309. (UG)

THEA 315 SCENE STUDY II (3) Advanced acting in scenes that have specific motivational, analytical, character or other acting problems. May be repeated for a maximum of 6 credits. Prerequisites: THEA 101, THEA 221, THEA 321, and THEA 313. (UG)

THEA 331 PLAY DIRECTING I (3) Fundamentals of play directing through exercises, directorial play analysis, and projects in directing short scenes. Prerequisites: THEA 101 and consent of instructor. (UG)

THEA 332 MIME II (3) Advanced mime technique, ensemble exercises, and performances in the Italian, Oriental, French and American schools. Environmental, improvisational and street mime directing. Prerequisites: THEA 231 and consent of instructor. (UG)

THEA 343 ADVANCED VOICE PRODUCTION FOR THE ACTOR (3) Advanced theory and practice of voice production in the acting process. Prerequisites: THEA 203 and consent of instructor. (UG)

THEA 351 STAGECRAFT II (3) Application of new technology to scene construction. Methods of moving scenery. Dealing with space and budget limitations. Principles behind good modern stage technology. Prerequisites: THEA 251 and consent of instructor. (UG)

THEA 353 [541] COSTUME DESIGN I (3) Theories and principles of costume design for the stage. Research techniques and relationship of color, texture and historical period to the script and production style. (UG & G) (Not open to students who have completed THEA 441).

THEA 355 STAGE LIGHTING II (3) Theories of light and electricity as they apply to stage lighting. The authenticity of stage lighting. Planning light plots. The examination of space applications of stage lighting. Prerequisites: THEA 251, THEA 255 and consent of instructor. (UG)

THEA 361 SCENERY DESIGN II (3) Theory and practice of designing scenery for the stage. Includes a study of the relationship of the set design and other elements of production; and examination of research techniques in preparation for scene designing and practice in designing scenery for many styles and types of drama. Prerequisite: THEA 201 or consent of instructor. (UG)

THEA 405 ACTING & WRITING FOR FEMINIST THEATRE (3) The student will write and perform scenes and projects in various feminist theatre styles including the monologue, the two woman show, the one woman show and the traditional scene. The course offers the student opportunities in original writing, editing, cutting, analyzing, critiquing, directing and performing. Prerequisite: THEA 305. (UG)

THEA 407 THEATRE ARTS FOR CHILDREN—ADVANCED (3) Extended study of material and variety of techniques in the use of theatre as means of expression by children. Practical experience in guiding and directing children in creative dramatic activities in a classroom or other arranged situation. Prerequisite: THEA 207. (UG)

THEA 421 PLAY DIRECTING II: THE CONTEMPORARY PLAY (3) Preparation techniques and directorial approaches to contemporary drama. Individual directing projects of scenes from representative contemporary dramas. Prerequisite: THEA 331 or consent of instructor. (UG)

THEA 425 PROBLEMS IN ACTING STYLE (1-9) Advanced work in the problems of acting plays from poetic and historic theatre. Scenes from Shakespeare, Moliere, Ibsen, Brecht, etc., will be studied and performed by the student in the context of discussion and research about the playwrights' world. Course may be repeated for a maximum of 9 credits, no more than 3 credits to be taken in any semester. Prerequisites: THEA 313 and consent of instructor. (UG)

THEA 427 PROBLEMS IN DIRECTING (1-9) Preparation, rehearsal and production of special directing projects. May be repeated for a maximum of 9 credits. Prerequisites: THEA 331 and consent of instructor. (UG)

THEA 429 PROBLEMS IN TECHNICAL THEATRE (1-9) Special problems in the area of Technical Theatre. May be repeated for a maximum of 9 credits. Prerequisites: THEA 201, THEA 255 and consent of instructor. (UG)

THEA 431 DIRECTING THE PERIOD PLAY (3) Research techniques and directorial approaches to period drama. Individual directing projects of scenes from representative period dramas. Prerequisite: THEA 331 or consent of instructor. (UG)

THEA 443 STRUCTURAL DESIGN (3) Principles of structural designs, external forces, and internal resistance. Prerequisite: MATH 115, PHYS 211-212, THEA 251 or consent of instructor. (UG)

THEA 445 SCENE PAINTING (3) Aesthetic and technical considerations of scene painting. Prerequisite: THEA 201, 361, ART 201 or consent of instructor. (UG)

THEA 453 COSTUME DESIGN II (3) Advanced costume design including fabric selection, budget preparation, pattern choices, resumes and portfolio. Prerequisites: THEA 353 or THEA 441.

THEA 480 [580] PROBLEMS IN DESIGN (1-9) Special problems in the area of design. May be repeated for a maximum of 9 credits. Prerequisites: THEA 201, THEA 241 or THEA 242, THEA 251 and consent of instructor. (UG & G)

THEA 485 [585] ADVANCED THEATRE WORKSHOP FOR SECONDARY SCHOOL TEACHERS (4) Open to graduate students and undergraduate students of junior and senior standing who have had courses in theatre and/or practical experience in theatre. May be taken for graduate or undergraduate credit. Students will work with high school students in theatre projects and will have opportunities to design and/or direct. Interested applicants should contact the Director of the Summer Theatre Workshop at the earliest opportunity, preferably June 1. (UG & G)

THEA 487 PROFESSIONAL THEATRE SEMINAR (1-12) A semester's internship in a resident theatre company. For majors only. Prerequisite: Consent of department. (UG)

THEA 489 SENIOR ACTING SEMINAR (3) Auditioning techniques, unions, agents, resumes, the transition from student to profes-

sional and the realities of professional theatre. Open to seniors in Acting Concentration. Prerequisites: THEA 313, THEA 315, completion of acting sequence and consent of instructor. (UG)

THEA 491 THEATRE PRODUCTION (3) Experience involving major responsibility on a departmental production. Examples of such experiences include set design, costume design, stage managing and major acting and directing assignments. Prerequisite: Five successfully completed non-credit theatre practicums. (UG)

THEA 493 [593] PROBLEMS IN THEATRE (1-9) Independent study of an academic or creative nature. For majors only. May be repeated for a maximum of 9 credits. Prerequisite: Approval of plan of study by instructor and director of theatre. (UG & G)

THEA 499 SPECIAL PROJECT IN THEATRE RESEARCH (3) Seminar to demonstrate the student's proficiency in an area of theatre research agreed upon by the student and his/her advisor. Projects may be undertaken in the following areas: Theatre History; Dramatic Structure and Criticism; Directing; Stage, Lighting and Costume Design. All projects must entail research and the reportage of such research in the form of a thesis paper, which must adhere to high standards of scholarly writing. Prerequisites: Senior major or graduate standing and THEA 211, THEA 212, THEA 213. (UG)

WOMEN'S STUDIES (WMST)

Lower Division

WMST 231 WOMEN IN PERSPECTIVE (3) A survey of the past, present, and possible future place of women as individuals and as members of society. Topics include marriage, motherhood, education, jobs, sexuality, race and class. (UG)

Upper Division

WMST 332 [532] WOMEN'S CULTURE AND CREATIVITY (3) Study of the historical conditions influencing women's creativity, the nature of women's aesthetic achievements, and the emergence of new female cultural and artistic traditions. Prerequisite: Six hours in art or literature. (UG & G)

WMST 333 WOMEN'S WORDS, WOMEN'S LIVES (3) Practice in and study of expository writing about women. Readings include biographies, autobiographies, letters, and journals; student writing will focus on such topics as women's roles, relationships, and action. Prerequisite: ENGL 102; one course in Women's Studies or one additional English course. (UG)

WMST 335 [535] WOMEN, WORK AND FAMILY (3) Women's work examined historically and cross-culturally from an interdisciplinary perspective. Women's work in traditional societies, effects of industrialization on women's work, and women's paid and unpaid work in contemporary societies. Prerequisites: 3 credits social science or history. (UG & G)

WMST 337 FEMINISM (3) An examination of feminism as a set of ideas, and the systematic application of those ideas to achieve political, social, and economic equality. Prerequisite: Three hours in social sciences or three hours in Women's Studies or consent of instructor. (UG)

WMST 370 TOPICS IN WOMEN'S STUDIES (3) An interdisciplinary examination of selected issues, themes, or topics in women's studies. Variation in content in different semesters; may be re-elected. Prerequisite: One Women's Studies course or consent of instructor. (UG)

WMST 481 DIRECTED READINGS FOR HONORS IN WOMEN'S STUDIES (3-4) Reading and research in preparation for the writing of an Honors Thesis. Prerequisite: Consent of the departmental honors coordinator. (UG)

WMST 485 SEMINAR IN WOMEN'S STUDIES (3) Advanced study in a specialized area of women's studies. May be repeated for a maximum of six credits. Prerequisites: WMST 231 and WMST 337 or equivalent. (UG)

WMST 491 [591] DIRECTED READING IN WOMEN'S STUDIES (1-4) Independent reading in women's studies with emphasis on inter-

disciplinary relationships. Topics selected by student in consultation with the instructor. May be repeated for a maximum of 6 credits. Prerequisites: 15 hours in inter-disciplinary or departmental Women's Studies courses; minimum 3.00 average in Women's Studies; consent of instructor and coordinator of Women's Studies. (UG & G)

WMST 496 [596] PRACTICUM IN WOMEN'S STUDIES (3 or 6) Field placement for students in agencies or organizations working on projects which serve women. May be repeated for credit, but only three credits may be counted in the minimum forty-five credits required in the General Studies major. Prerequisites: Upper level or graduate standing; WMST 231; one other Women's Studies course and consent of instructor. (UG & G)

WMST 499 HONORS THESIS (3) Thesis preparation in a chosen area of specialization. Prerequisite: Consent of the departmental honors coordinator. (UG)

WRITING (WRIT)

WRIT 312 [512] HISTORY OF SCIENCE (3) This course will present a general overview of the development of scientific knowledge from ancient to modern times. It will examine how our modern scientific worldview has been shaped by major periods of scientific development, particularly in the 16th and 17th centuries involving primarily astronomy and physics, and in the 19th and 20th including geology, biology, and psychology as well. Attention will be given to the relations between science and culture, religion, technology, and public policy. Not open to those who completed History of Science, PHYS 312. (UG & G)

WRIT 354 INTRODUCTION TO CRIMINAL JUSTICE (3) The history, the present structure, the functions and the contemporary problems of the police, prosecution, courts, corrections, probation and parole. In addition, a brief introduction to law as an element of social control will be given. Prerequisite: SOCI 101, ENGL 102 or 190 (104). (UG)

WRIT 361 CONTROVERSIES IN ANTHROPOLOGY (3) This course is designed to integrate writing, discussion and visual learning by focusing on a number of significant controversial issues in cultural anthropology. Students will read divergent assessments on each issue under study. In addition, films will be shown which further illuminate the topics. The topics covered will be selected to cover a diverse range of areas including: socio-biology, social organization, warfare, religion, medical systems and modernization. Prerequisite: ANTH 207. (UG)

WRIT 411 ORGANIZATIONAL COMMUNICATIONS (3) Study of factors influencing communication in organizations such as business, industry, and government, including the nature of communication, organizational structure, downward and upward communication, conflict, groups, interactions, and communication channels. Emphasis will be on detailed analysis of communications, particularly written communications. Prerequisites: ENGL 102 or 190 (104) and lower-level English course. (UG)

Graduate Division

See TSU Graduate School Catalog for course descriptions.

WRIT 613 THEORY OF EXPOSITION (3)

WRIT 615 THEORY OF PROSE STYLE (3)

WRIT 617 EDITING (3)

WRIT 619 COMMUNICATION IN THE PROFIT/NON-PROFIT SECTORS (3)

WRIT 691 RESEARCH TECHNIQUES IN PROFESSIONAL WRITING (3)

WRIT 701 BUSINESS WRITING (3)

WRIT 711 MANAGING A PROFESSIONAL JOURNAL (3)

Associate Director of Admissions

STEPHANIE T. FOWLER
Sr. Assistant Director of Admissions

JEFFREY M. HAAS
Sr. Assistant Director of Admissions

KEITH L. MARINER
Assistant Director of Admissions

ORNA T. ROSENTHAL
Assistant Director of Admissions

WILLIAM J. REULING
University Registrar

LARRY D. LIBER
Director of Registration and Records

DAVID H. DECKER
Associate Director of
Registration and Records

JANE INSLEY
Coordinator of Developmental
Programs

MARILYN OJODU
Director of Financial Aid

LINDA T. HUMAN
Associate Director of Financial Aid

HARRIET PARKS
Assistant Director of Financial Aid

MARLEEN KLOSTERIDIS
Financial Aid Advisor

PATRICIA RHODES
Financial Aid Advisor

STUDENT SERVICES

DOROTHY SIEGEL
Vice President for Student Services
Associate Professor, Psychology

CHARLES E. MALOY
Associate Vice President for
Student Services
Director, Counseling Center

JAN SHERRILL
Assistant Vice President

LYNNE DOWELL
Director of Academic Advising

TRACY MILLER
Director of University Testing
and Special Projects

JAMES SPIVACK
Associate Director, Counseling Center
Director of Training

LIZBETH BINKS
Senior Counselor

NAN GREENE CERIO
Senior Counselor

VERNON SAVAGE
Senior Counselor

BETTYE FLOYD
Counselor

KAREN LANPHER
Senior Counselor

RUTH LISANSKY
Counselor

HENRY MILLER
Senior Counselor

GREGORY N. REISING
Senior Counselor

HARRIET DOUTHIRT
Director, Student Day Care Center

UMA BHATT
Teacher, Student Day Care Center

DENISE O'NEILL
Teacher, Student Day Care Center

ROBIN HESTER
Teacher, Student Day Care Center

DAVID COWIE, M.D.
Director, Psychiatric Services

KENT ROBINSON, M.D.
Consultant in Psychiatry

BETH WILLIAMS
Visiting Supervisor

CAMILLE CLAY
Assistant Vice President for
Minority Affairs

VACANT
Assistant to the Office of Minority Affairs and
Director of the African-American Cultural
Center

MARGARET HAYES
Judicial Affairs Officer

MARION HOFFMAN
Associate Dean for
Student Development

MARGARET WARRINGTON
Director, Office of Special Needs

LEAH SCHOFIELD
Director, Women's Center

JANE HALPERN, M.D.
Director of Health Center

CHARLES F. O'DONNELL, M.D.
Director of Athletic Medicine

ESTHER R. KELLY, R.N.
Supervisor of Health Center

BETTY BROWN, L.P.N.
Staff Nurse

PATRICIA HASELBARTH, R.N.
Staff Nurse

THERESA McNEIR, R.N.
Staff Nurse

FRANCIS J. LEMIRE
Associate Dean of Students
Director of Placement

ALICE M. FEENEY
Associate Director of Placement

JUDITH M. SKOLNICK
Assistant Director of Placement

DONALD SQUIRE
Associate Dean for Academic Advising,
Orientation, and Tutorial Services

HARRIET GRIFFIN
Director of Commuter Affairs

JACQUELYN GABRIELIAN
Associate Director of
Academic Advising

KENNETH L. THOMPSON
Director of Orientation

JOHN M. BOWEN
Academic Advisor

RAFT N. WOODUS
Director, Tutorial Services Center

IDONAS HUGHES
Residence Area Coordinator

TED JOHNS
Assistant Director of Events and
Conference Services

GWENDOLYN JONES
Residence Area Coordinator

JAY McCABE
Director of Towson Center

EDWARD McMANNES
Residence Area Coordinator

MATTHEW McMANNES
Assistant Director of University Union

RICHARD POLLEY
University Union Retail Operations Manager

THOMAS RUBY
Director of Events and Conference Services

WAYNE SHARRER
University Store Director

LOUISE SHULACK
Residence Area Coordinator

ARTEMIO R. TAGUDING
Assistant Director of Residence Life

JACK FREEDY
Engineering Services Manager,
Physical Plant

JAMES HODGES
Maintenance Manager, Academic and
Administrative Facilities

ANTHONY LOMBARDI
Maintenance Manager, Auxiliary
Services Facilities

WILLIAM B. OXNARD
Manager, Contractual Services

RETHA M. JACKSON
Lieutenant

ROBERT WHEATLEY
Lieutenant

PAUL R. KELLEY
Lieutenant

JOSEPH G. HERBERT
Lieutenant

CHARLES THOMAS
Assistant Director of Physical Plant

RAYMOND L. LONG
Transportation and Grounds Manager,
Physical Plant

ARTHUR STUTZER, SR.
Chief Engineer

BUSINESS AND FINANCE

DONALD N. McCULLOH, SR.
Vice President

JOAN G. DUNNE
Assistant to the Vice President and
Legislative Liaison

Administrative Services

CHARLES J. ECKELS, Jr.
Associate Vice President

AGNES T. AVERA
Manager, Commodity Procurement Services

SHARI E. GREENE
Management Assistant, Special Projects

CHRISTINE COUDON
Employment Specialist

RICHARD MORROCCO
Benefits and Training Coordinator

PRISCILLA FOX
Employment Manager

PHILLIP ROSS
Classification and Compensation Manager

Plant and Police Operations

WILLIAM R. SCHERMERHORN, SR.
Associate Vice President

RICHARD AUTH
Deputy Director, Physical Plant

STEPHEN J. MURPHY
Chief, University Police

MICHAEL R. BEICHLER
Business Manager

MELVIN J. KOUTEK
Energy Manager, Physical Plant

216 Officers of The University

INSTITUTIONAL ADVANCEMENT

SALLY V. SOURIS
Vice President

ROSEMARY CURTIS
Assistant to the Vice President

Alumni Services

CAROLE SMITH
Director

DAVID A. KEHNE
Assistant Director

GEORGE GRESSMAN
Alumni-Admissions Coordinator

Athletics

G. WILLIAM HUNTER
Director

JOE ARDOLINO
Assistant Director

NANCE REED
Assistant Director

DINO MATTESSICH
Business Manager and
Assistant Director

PETER J. SCHLEHR
Sports Information Director
and Assistant Director

DANIEL J. O'CONNELL
Associate Sports Information Director
and Assistant Director

Council on Economic Education in Maryland

CAROL A. ADAMS
Executive Director

FELICIA ALLENDER
Assistant Director

Design and Publications

W. MICHAEL DUNNE, JR.
Director

LOIS A. TOULOTTE
Associate Director

MICHAEL O'NEILL
Photographic Services Specialist

CAROLYN WESTBROOK
Graphic Services Specialist

Development

JOHN H. SUTER
Associate Vice President for
Institutional Advancement

KATHRYN M. WALSH
Associate Director for
Corporation and Foundation Development

University Relations

DANIEL McCARTHY
Director

KATHERINE M. WILLIAMS
Associate Director

WILLIAM A. STETKA, JR.
Media Relations Specialist

PROFESSIONAL LIBRARIANS

THOMAS E. STRADER, A.B., M.S. in L.S.
Director, Albert S. Cook Library

DOROTHY W. REEDER, A.B., B.S., M.A.L.S.
Librarian Emeritus

SUSAN G. AHEARN, B.A., M.A., M.L.S.
College Librarian I, Cataloging

SU-LING CHANG, B.A., M.L.S.
College Librarian II, Cataloging

DEBRA R. BERLANSTEIN, B.A., M.L.S.
College Librarian II, Reference

DOROTHY CHOW, B.A., M.S. in L.S.
College Librarian IV, Acquisitions

MARCELLA FULTZ, B.A., M.L.S.
College Librarian III, Reference

JOHN HARER, B.S., M.S. in L.S.

A. ISABEL WILNER, B.A., M.S. in L.S.
College Librarian III, Teaching Aids

Instructional Faculty

The date in parenthesis is the date of first appointment in the university.

DANIEL AGLEY, *Instructor, Health Science*
[1971] B.S., M.S., Indiana University.

PHILIP S. ALBERT, *Assistant Professor, Physical Education*
[1967] B.S., Arizona University.

JOHN R. ALEXANDER, JR., *Assistant Professor, Computer and Information Sciences*
[1984] B.S., Columbia University; M.S., Johns Hopkins University.

CLIFFORD D. ALPER, *Professor, Music*
[1960] B.M., M.M., University of Miami; Ph.D., University of Maryland.

LENA AMPADU, *Instructor, English*
[1976] M.A., American University.

PATRICIA CORDAY ANBINDER, *Assistant Professor, Dance*
[1982] B.A., Butler University; M.F.A., Southern Methodist University.

JANET KAY ANDERSON, *Associate Professor, Psychology*
[1977] B.A., University of Portland; M.A., New York University at Madrid, Spain; Ph.D., University of Maryland.

MAURITZ G. ANDERSON, *Professor, Biology*
[1963] A.B., University of Michigan; M.A., Indiana University; Ph.D., Va. Polytechnic Institute & State University.

HERBERT D. ANDREWS, *Professor, History*
[1959] A.B., Bowdoin College; M.A., Ph.D., Northwestern University.

VINCENT A. ANGOTTI, *Assistant Professor, Physical Education*
[1965] B.S., Lock Haven State College; M.S., West Virginia University.

JAMES M. ANTHONY, *Assistant Professor, Music*
[1971] B.M., B.A., University of Arkansas; M.A., University of Michigan; Ph.D., University of Michigan.

JUDITH ARMSTRONG, *Associate Professor, Psychology*
[1974] B.A., Brooklyn College; Ph.D., University of California at Berkeley.

EVELYN M. AVERY, *Associate Professor, English*
[1974] B.A., Brooklyn College; M.A., D.A., Ph.D., University of Oregon.

GEORGIA O. BAKER, *Associate Professor, Theatre Arts*
[1966] B.S., University of Kansas; M.A., Stanford University.

CHANDLER BARBOUR, *Professor and Chair, Elementary Education*
[1970] B.S., Washington State College; M.Ed., University of Maine; Ed.D., Wayne State University.

CECYLIA BARCZYK, *Assistant Professor, Music*
[1983] B.M., M.M., Warsaw Conservatory; Postgraduate diploma, Moscow Conservatory; M.M., Yale University.

SAM BARONE, *Dean, School of Business and Economics; Professor, Economics*
[1985] B.S., M.S., Ph.D., University of Illinois.

CHRISTINA BARRETT-COTLER, *Assistant Professor, Nursing*
[1985] B.S., Towson State University; M.S., University of Maryland.

CHRISTOPHER E. BARTLETT, *Associate Professor, Art, and Gallery Director*
[1974] Art. Cert. Ed., St. Paul's College, England; B. Ed. (hons) Bristol University, England; M.F.A., Syracuse University.

BARBARA BASS, *Instructor, English*
[1982] B.A. Montclair State College; M.S., Indiana State University.

BARRY A. BASS, *Professor, Psychology*
[1974] A.B., Rutgers University; Ph.D., University of Tennessee.

M. TOM BASURAY, *Professor and Chair, Management*
[1986] B.Com., University of Calcutta, India; M.B.A., Ph.D., University of Oklahoma.

HARRY E. BATES, *Associate Professor, Physics*
[1977] B.S., Auburn University; M.S., Rollins College; Ph.D., University of Florida.

JANE K. BATES, *Assistant Professor, Art*
[1986] B.A., University of California; M.A., Ed.D., Arizona State University.

AUDRIE M. BECK, *Instructor, Accounting and Finance*
[1982] B.S., Towson State University; M.P.A., Loyola College; C.P.A., State of Maryland.

ROBERT D. BECKEY, *Associate Professor, Mathematics*
[1959] A.B., Wittenberg University; M. Ed., Miami University.

CARL BEHM III, *Associate Professor, English*
[1972] B.A., M.A., Ph.D., University of Maryland.

ERIC A. BELGRAD, *Professor and Chair, Political Science*
[1966] B.A., M.A., Ph.D., Johns Hopkins University.

RUTH W. BELL, *Associate Professor and Chair, Nursing*
[1982] B.S., University of Rochester; M.S., University of Minnesota; D.N.Sc., Catholic University of America.

DAVID BERGMAN, *Associate Professor, English*
[1978] B.A., Kenyon College; Ph.D. Johns Hopkins University.

JAMES BINKO, *Dean, College of Education, Professor, Education*
[1962] B.S., State Teachers College at Towson; M.A., Ph.D., University of Maryland.

KAREN BLAIR, *Assistant Professor, General Education*
[1973] A.B., Hood College; M.Ed., Towson State University; Ph.D., University of Maryland.

NANCY G. BLAKE, *Assistant Professor, Occupational Therapy*
[1984] B.S., Richmond Professional Institute; M.Ed., Auburn University, Montgomery.

STEWART W. BLAKLEY, *Assistant Professor, Speech and Mass Communication*
[1982] B.A., Michigan State University; M.A., Ohio University; Ph.D., University of Michigan.

FLOYD A. BLANKENSHIP, *Associate Professor, Chemistry*
[1966] B.S., University of Georgia; Ph.D., University of Illinois.

MARY BLANN, *Associate Professor, Physical Education*
[1971] B.S., State University College, Cortland; M.Ed., State University of New York, Buffalo; Ph.D., University of Maryland.

MARIE-LOUISE F. BLOUNT, *Associate Professor and Chair, Occupational Therapy*
[1976] B.S. in Ed., Tufts University—Boston School of Occupational Therapy; A.M., Boston University.

ARNOLD BLUMBERG, *Professor, History*
[1958] B.S., M.S., Ph.D., University of Pennsylvania.

FRANCES T. BOND, *Associate Dean of Education, Professor, Early Childhood Education*
[1962] B.S., M.Ed., State Teachers College at Towson; Ph.D., University of Maryland.

PHYLLIS B. BOSLEY, *Associate Professor, Speech and Mass Communication*
[1964] B.A., Southwestern College, Kansas; M.A., University of Nebraska; Ph.D., Bowling Green State University.

ANDREA BOUCHER, *Associate Professor, Physical Education*
[1970] Diploma in Physical Education, University of Adelaide, Australia; Dip. in Early Childhood Education, Western Teachers College, Australia; M.Ed., Western Washington University; Ph.D., University of Maryland.

JEAN M. BOUTON, *Associate Professor, Physical Education*
[1966] B.S., Tufts University; M.S., Smith College; C.A.S.E., Johns Hopkins University.

DAVID E. BOYD, *Assistant Professor, Elementary Education*
[1964] B.A., Washington College; M. Ed., University of Miami.

OSCAR LESLIE BRADLEY, *Assistant Professor, Speech and Mass Communication*
[1982] B.A., M.A., University of Georgia; Ph.D., Ohio University.

HELENE BREAZEAL, *Professor and Chair, Dance*
[1972] B.S., The Juilliard School; M.A., Teachers College, Columbia University; Ph.D., Union Graduate School.

JOSEPH BRISCUSO, *Associate Professor, Music*
[1975] B.M.E., St. Louis Institute of Music; M.M., M.M.E., Milikin University; Ph.D., University of Iowa.

NED BRITT, JR., *Assistant Professor, Physical Education*
[1972] B.S., University of Maryland, Eastern Shore; M.Ed., Springfield College; Ed.D., Indiana University.

MARY S. BRIZZOLARA, *Professor, Psychology*
[1966] B.S., St. Lawrence University; M.A., Michigan State University; Ph.D., University of Massachusetts.

SAMUEL BRODBELT, *Professor, Secondary Education*
[1969] B.A., M.Ed., Ph.D., Ohio State University.

WILLIAM R. BROWN, *Associate Professor, Management*
[1971] B.S., University of Maryland; M.S., Drexel University.

GILBERT A. BRUNGARDT, *Dean, College of Fine Arts and Communication, Professor, Music*
[1967] B.M.Ed., Fort Hays State College; M.M., Washington University; D.M.A., University of Illinois.

JOHN L. BUCHANAN, *Assistant Professor, Biology*
[1965] B.S., Shippensburg State College; M.A., University of North Carolina.

BARRY BUCHOFF, *Assistant Professor, Accounting and Finance*
[1972] B.S., University of Maryland; C.P.A., State of Maryland; M.B.A., Loyola College; C.F.P., College of Financial Planning.

ANNE BURLEY, *Assistant Professor, English*
[1978] B.A., Towson State University; M.A., Ph.D., University of Maryland.

RICHARD N. BURNOR, *Assistant Professor, Philosophy*
[1986] B.S., Bucknell University; M.A., Ph.D., University of Arizona.

LINDA G. BURTON, *Assistant Professor, General Education*
[1968] B.S., Radford College; M.Ed., University of Virginia.

ROBERT S. CAMPBELL, *Assistant Professor, Accounting and Finance*
[1971] B.S., Baltimore College of Commerce; C.P.A., State of Maryland.

JEAN M. CANNELLA, *Assistant Professor, Occupational Therapy*
[1986] B.S., Loyola University, New Orleans; M.O.T., Texas Woman's University, Denton.

ROBERT L. CARET, *Executive Assistant to President for Computing Telecommunications, Dean, College of Natural and Mathematical Sciences, Associate Professor, Chemistry*
[1974] B.S., Suffolk University; Ph.D., University of New Hampshire.

ELIZABETH P. CARPENTER, *Assistant Professor, Early Childhood Education*
[1969] B.S., Earlham College; M.Ed., Towson State College.

RAYMOND J. CASTALDI, *Associate Professor and Chair, Accounting and Finance*
[1970] B.S., Mt. St. Mary's College; C.P.A., State of Maryland and District of Columbia; M.B.A., George Washington University.

ANNETTE CHAPPELL, *Dean, College of Liberal Arts, Professor, English*
[1969] B.A., M.A., Ph.D., University of Maryland.

H. CHARLES CHASE, *Associate Professor, Marketing*
[1983] A.B., Brown University; M.B.A., Columbia University; Ph.D., Case Western Reserve University.

CELLESTINE CHEEKS, *Assistant Professor, General Education*
[1978] B.A., Jackson State University; M.L.S., University of Illinois; Ph.D., University of Pittsburgh.

HENRY L. CHEN, *Associate Professor, Physics*
[1965] B.A., Harvard University; M.A., Johns Hopkins University; Ph.D., University of Maryland.

PETER G. C. CHEN, *Assistant Professor, Mathematics*
[1966] B.A., St. Anselm's College; M.A., Syracuse University.

JOHN P. CHOLLET, *Assistant Professor, Mathematics*
[1983] B.A., University of California at Berkeley; M.A., San Francisco State University; Ph.D., University of California at Santa Barbara.

ROSE ANN CHRISTIAN, *Assistant Professor, Philosophy*
[1986] B.A., Wells; Ph.D., University of Pennsylvania.

JOHN W. CLARK, *Assistant Professor, Music*
[1984] B.A., California State College, Bakersfield; Ph.D., University of California, Santa Barbara.

MARION J. COCKEY, *Instructor, Sociology*
[1969] A.B., Randolph-Macon Woman's College; M.A., University of Tennessee.

EILEEN W. COHN, *Assistant Professor, Early Childhood Education*
[1962] B.S., M.Ed., State Teachers College at Towson.

JOHN E. CONNOLLY, *Assistant Professor, English*
[1970] B.A., University of Scranton; M.A., Ph.D., University of Pennsylvania.

JAMES R. C. COOK, III, *Assistant Professor, English; Director, English Language Center*
[1980] A.B., Rutgers University; M.A., Ph.D., University of Texas, Austin.

CHARLOTTE C. COOK-FULLER, *Assistant Professor, Health Science*
[1978] B.S., Iowa State University; M.S., Ph.D., Southern Illinois University.

JAMES P. COUGHLIN, *Assistant Professor, Mathematics*
[1979] B.S., Fordham College, M.A.; Columbia University; Ph.D., University of Colorado.

HELEN E. COULBY, *Associate Professor, Early Childhood Education*
[1967] B.S., M.Ed., Towson State College; M. Ed., Shippensburg State College; Ph.D., Ohio State University.

SARA COULTER, *Professor, English*
[1969] B.A., Colorado College; Ph.D., University of Colorado.

MARLENE C. COWAN, *Professor, Speech and Mass Communication*
[1965] B.A., M.A., University of Missouri, Columbia; Ph.D., Temple University.

JANICE CRABILL, *Assistant Professor, Nursing*
[1985] B.S., Boston University; B.A., Eastern Nazarene College; M.S.N., Catholic University of America.

DONALD H. CRAVER, *Professor and Co-Chair, English*
[1962] B.S., Wake Forest College; M.A., Duke University; M. Phil., Ph.D., George Washington University.

LAWRENCE CRAWFORD, *Assistant Professor, Music*
[1965] B.A., M.M., University of Oregon.

PHILLIP D. CREIGHTON, *Professor, Biology*
[1973] B.A., Tarkio College; M.S., Ph.D., Colorado State University.

RONALD W. CUBBISON, *Associate Professor, Art*
[1966] B.S., Philadelphia College of Art; M.F.A., Pennsylvania State University.

GORDON CYR, *Professor, Music*
[1971] A.B., Ph.D., University of California at Berkeley.

ROBERT E. DAIHL, *Associate Professor, Biology*
[1962] B.S., Shippensburg State College; M.A., Ohio State University.

FRANCES DAMRATOWSKI, *Associate Professor, Nursing*
[1982] B.S., DePaul University; M.S., Catholic University of America; Ph.D., University of Maryland.

WILLIAM P. DARROW, *Assistant Professor, Management*
[1984] B.S., Drexel University; M. Eng., Ph.D., Pennsylvania State University.

ARMANDO DA SILVA, *Assistant Professor, Geography and Environmental Planning*
[1982] B.A., San Francisco State University; M.A., University of California at Berkeley; Ph.D., University of Hawaii.

DARUSH DAVANI, *Assistant Professor, Computer and Information Sciences*
[1985] B.S., University of Gondishapour; B.S., M.S., D.Sc., George Washington University.

CHARLOTTE DAVIES, *Associate Professor, Nursing*
[1971] R.N. Diploma, Concord Hospital School of Nursing, Concord, N.H.; B.S., University of Bridgeport; M.S., Ph.D. University of Maryland.

RENE de BRABANDER, *Professor, Philosophy*
[1970] B.A., M.A., University of Louvain; Ph.D., Georgetown University.

NORDULF W. G. DEBYE, *Associate Professor and Chair, Chemistry*
[1975] B.A., Rice University; Ph.D., Cornell University.

DAVID A. DeCENZO, *Associate Professor, Management*
[1986] B.A., University of Maryland; M.A., Ph.D., West Virginia University.

JOSEPH A. DEHAIS, *Assistant Professor, Management*
[1987] B.S.E., Princeton University; M.B.A., Ph.D., Rensselaer Polytechnic Institute.

EDEN DELCHER, *Instructor, English*
[1983] B.A., Towson State College; M.A., University of Delaware.

WILLIAM A. DENNER, *Assistant Professor, Art*
[1971] B.F.A., Maryland Institute College of Art; M.F.A., Yale School of Art and Architecture.

KATHERINE DENNISTON, *Assistant Professor, Biology*
[1985] B.A., Mansfield State College; Ph.D., Pennsylvania State University.

DAVID W. DENT, *Professor and Director of International Studies, Political Science*
[1972] B.A., M.A., San Diego State College; Ph.D., University of Minnesota.

ANGELO E. DiANTONIO, *Associate Professor, Accounting and Finance*
[1986] B.S., Temple University; CPA, Cades School of Accounting; Ed.D., Temple University.

ANTHONY DICESARE, *Assistant Professor, Psychology*
[1971] A.B., Suffolk University; M.A. Michigan State University; Ph.D., University of Maryland.

RONALD DIETZ, *Assistant Professor, General Education*
[1971] B.S., Lebanon Valley College; M.Ed., Pennsylvania State University; M.Ed., Temple University.

JAMES E. DILISIO, *Associate Professor and Chair, Geography and Environmental Planning*
[1975] B.S., Salem State; M.A., Wayne State University; Ph.D., University of Oklahoma.

VICTORIA J. DOBY, *Instructor, Accounting and Finance*
[1984] B.A., M.B.A., Loyola College.

JAMES A. DORN, *Associate Professor, Economics*
[1973] B.S., Canisius College; M.A., Ph.D., University of Virginia.

PAUL H. DOUGLAS, *Associate Professor, English*
[1969] B.A., University of Connecticut; M.A., University of Oregon; M.Phil., Ph.D., George Washington University.

H. FILMORE DOWLING, *Associate Professor, English*
[1966] B.A., Swarthmore College; M.A., University of Wisconsin; Ph.D., Lehigh University.

RUTH L. DRUCKER, *Professor, Music*
[1967] B.S., M.M., Eastman School of Music, University of Rochester.

J. ELLEN EASON, *Professor and Chair, Physical Education*
[1966] B.S., East Carolina College; M.Ed., University of N.C. at Greensboro; Ed.D., George Peabody College for Teachers.

GEORGIA ECONOMOU, *Associate Professor, English*
[1965] B.A., Scripps College; M.A., Columbia University.

ALAN EDELSTEIN, *Assistant Professor, Sociology*
[1978] B.A., M.A., Ph.D., City University of N.Y.

K. EDGINGTON, *Instructor, English*
[1976] B.A., Ph.D., The American University.

LYNETTE McG. EDWARDS, *Instructor, Management*
[1984] B.S., Towson State University; M.B.A., Loyola College.

JOHN B. EGGER, *Assistant Professor, Economics*
[1987] B.S., Cornell University; M.A., Southern Methodist University; Ph.D., New York University.

SMART A. EKPO, *Professor, Political Science*
[1967] B.A., Howard University; M.A., Ph.D., American University.

LAURA R. ELDRIDGE, *Assistant Professor, History*
[1970] B.A., Wilson College; M.A., Bryn Mawr College.

NOEL L. ELLER, *Assistant Professor, Nursing*
[1984] R.N., B.S.N., M.S., University of Maryland.

PHYLLIS G. ENSOR, *Professor, Health Science*
[1973] B.A., Taylor University; M.A., University of Maryland; Ph.D., New York University.

HOWARD R. ERICKSON, *Professor, Biology*
[1959] B.S., Indiana State College, Pennsylvania; M.S., Pennsylvania State University; Ph.D., Cornell University.

DEAN R. ESSLINGER, *Professor, History*
[1968] B.A., University of Kansas; M.A., Ph.D., University of Notre Dame.

CHRISTOS C. EVANGELIOU, *Assistant Professor, Philosophy*
[1986] B.A., University of Athens; M.A., Ph.D., Emory University.

THOMAS G. EVANS, *Associate Professor, Modern Languages*
[1967] B.A., University of Rochester; M.A., Johns Hopkins University.

JAMES EWIG, *Associate Professor, Biology*
[1971] B.A., Washington and Jefferson College; M.S., Ph.D., Pennsylvania State University.

CHARLOTTE E. EXNER, *Assistant Professor, Occupational Therapy*
[1982] B.S., Ohio State University; M.S., Johns Hopkins University.

GREG S. FALLER, *Instructor, Speech and Mass Communication*
[1986] B.S., University of Notre Dame; M.S., Syracuse University.

MARGARET E. FAULKNER, *Associate Professor, Physical Education*
[1970] B.S., West Chester University of Pennsylvania; M.A., Trenton State College; Ed.D., University of Northern Colorado.

CHARLES A. FIELD, *Assistant Professor, Physical Education*
[1966] A.B., Belmont Abbey College; M.S., West Virginia University.

MICHAEL FIGLER, *Professor, Psychology*
[1971] B.S., University of Wisconsin; M.A., Ph.D., Michigan State University.

GERALDINE FINCH, *Assistant Professor, Physical Education*
[1969] B.S., Panzer College; M.A., Montclair State College.

ROGER FINK, *Assistant Professor, Psychology*
[1972] B.A., Concordia College; M.Div., Concordia Seminary; M.A., Loyola College; Ph.D., University of Maryland.

FLORENCE FISCHER, *Assistant Professor, Mathematics*
[1966] B.S., Ursinus College; M.S., University of Delaware.

VICTOR B. FISHER, *Associate Professor, Anthropology*
[1961] B.A., Bucknell University.

JOHN T. FIX, *Professor, Art*
[1967] B.F.A., Ohio State University; M.F.A., Cranbrook Academy of Art.

MARY A. FLANIGAN, *Instructor, Accounting and Finance*
[1984] B.A., College of Notre Dame of Maryland; B.S., Towson State University; M.B.A., Loyola College; C.P.A., State of Maryland.

CHARLES FLIPPEN, *Assistant Professor, Speech and Mass Communication*
[1979] B.A., Washington and Lee University; M.A., Ph.D., University of N.C.

JAMES W. FLOOD, *Associate Professor and Chair, Art*
[1966] B.S., Philadelphia Museum College of Art; M.A., University of Illinois.

WILLIAM FORBES, *Assistant Professor, Physical Education*
[1967] B.S., Lock Haven University; M.A., University of Pittsburgh.

EDNA FORDYCE, *Associate Professor, Nursing*
[1982] B.S., University of Minnesota; M.N., University of Washington, Seattle; Ed.D., Catholic University of America.

DONALD C. FORESTER, *Professor, Biology*
[1974] B.S., M.S., Texas Tech University; Ph.D., N.C. State University.

DONALD S. FRANK, *Assistant Professor, Sociology*
[1980] B.A., University of Maryland; M.A., University of Chicago.

BARBARA FRANKEL, *Assistant Professor, English*
[1968] B.S., Johns Hopkins University; M.S., University of Wisconsin; M.L.A., Johns Hopkins University.

GEORGE S. FRIEDMAN, *Professor, English*
[1966] B.A., Temple University; M.A., Ph.D., Duke University.

BARRY FRIEMAN, *Associate Professor, Early Childhood Education*
[1970] B.A., M.A., Ed.D., University of Maryland; M.S.W., University of Maryland School of Social Work and Community Health.

LAWRENCE FROMAN, *Assistant Professor, Psychology*
[1980] B.A., City College of New York; M.A., Ph.D., Wayne State University.

WOLFGANG FUCHS, *Professor, Philosophy*
[1969] B.S., Duquesne University; M.A., Ph.D., Pennsylvania State University.

DANIEL L. FULLER, *Assistant Professor, Accounting and Finance*
[1986] B.S., University of Illinois; C.P.A., State of Illinois.

JAMES FURUKAWA, *Professor, Psychology*
[1967] B.S., Sophia University; M.Ed., Loyola College; J.D., University of Maryland; Ph.D., Johns Hopkins University.

NEIL E. GALLAGHER, *Professor and Chair, Health Science, Director of Allied Health Programs*
[1970] B.S., University of Dayton; Ed.M., Temple University;
Ph.D., University of Maryland.

DEBORAH GARTLAND, *Assistant Professor, General Education*
[1986] B.S., Westfield State College; M.Ed., North Adams State
College; Ph.D., The Pennsylvania State University.

VIRGINIA JOHNSON GAZZAM, *Associate Professor, Biology*
[1968] B.S., Lamar State College of Technology; M.Ed., Univer-
sity of Georgia; Ed.D., University of Maryland.

WILLIAM L. GEHRING, *Associate Professor, General Education*
[1966] B.S., Towson State College; M.Ed., Johns Hopkins Uni-
versity; Ph.D., Catholic University.

GEORGE C. GEORGIU, *Associate Professor, Economics*
[1980] B.A., Drew University; M.Ph., Ph.D., George Washington
University.

JEREMIAH J. GERMAN, *Associate Professor, Economics*
[1970] A.B., A.M., University of Chicago.

SAEED GHAHRAMANI, *Assistant Professor, Mathematics*
[1983] B.S., Arya Mehr University of Technology, Tehran, Iran;
M.A., University of California, Berkeley; Ph.D., University of
California.

ROSALYN V. GHITTER, *Assistant Professor, Communication
Sciences and Disorders*
[1976] B.S., Northwestern University; M.A., George Washington
University; Ph.D., University of Maryland.

LORENZO GILCHRIEST, *Assistant Professor, Art*
[1967] B.F.A., Newark College; M.S., Pratt Institute; M.F.A.,
Maryland Institute College of Art.

C. RICHARD GILLESPIE, *Professor, Theatre Arts*
[1961] B.A., Principia College; M.A., Ph.D., State University of
Iowa.

JORGE A. GIRO, *Professor and Chair, Modern Languages*
[1966] Dr. of Law, Universidad de Villanueva (Cuba) and Jose
Marti University (Cuba); B.A., M.S., Indiana State University.

JOHN M. GISSENDANNER, *Assistant Professor, English*
[1975] B.A., M.S., San Francisco State University; Ph.D., Uni-
versity of California at San Diego.

VIC GLADSTONE, *Professor, Communication
Sciences and Disorders*
[1971] B.A., M.A., Pennsylvania State University; Ph.D., Univer-
sity of Maryland.

IRWIN GOLDBERG, *Professor and Chair, Sociology*
[1972] B.S.S., City College of New York; M.A., Ph.D., Univer-
sity of Michigan.

RUTH A. GOOLEY, *Assistant Professor, Modern Languages*
[1987] B.A., Loyola-Marymount, Los Angeles; M.A., Ph.D.,
University of California, Los Angeles.

JOHN GRANT, *Professor, Computer and Information Sciences*
[1978] B.S., City College of N.Y.; Ph.D., New York University.

DAVID G. S. GREENE, *Assistant Professor, Physics*
[1970] B.S., Alfred University; Ph.D., University of Wisconsin.

ALAN E. GRIMSHAW, *Associate Professor, Accounting and
Finance*
[1987] B.S., M.B.A., Northern Illinois University; D.B.A., Uni-
versity of Maryland.

HAROLD E. GRISWOLD, *Professor, Music*
[1969] B.A., Evansville College; M.M., Indiana University;
D.M.A., Peabody Conservatory.

HENRI GROENHEIM, *Associate Professor, Psychology*
[1969] B.A., Pennsylvania State University; M.A., George Wash-
ington University; Ph.D., Florida State University.

MICHAEL B. GROSSMAN, *Professor, Political Science*
[1963] A.B., Oberlin College; M.A., Ph.D., Johns Hopkins
University.

JOSEPH P. GUTKOSKA, *Director of Reading,
Professor, Education*
[1967] B.S., Towson State College; M.Ed., Temple University;
Ed.D., University of Maryland.

KENNETH C. HADDOCK, *Associate Professor, Geography &
Environmental Planning*
[1977] B.S., State College at Boston; M.A., Ph.D., Michigan
State University.

H. GEORGE HAHN, II, *Professor, English*
[1965] B.S., Mount St. Mary's College; M.L.A., Johns Hopkins
University; M.A., Ph.D., University of Maryland.

KAREN HANKEL, *Assistant Professor, Marketing*
[1986] B.A., University of Wisconsin; M.S., The Pennsylvania
State University.

JOHN C. HANNON, *Assistant Professor, Management*
[1974] B.I.E., M.B.A., University of Dayton; D.B.A., Nova Uni-
versity.

IRENE W. HANSON, *Professor, Elementary Education*
[1968] B.S., M.S., Temple University; Ph.D., University of
Minnesota.

ROBERT B. HANSON, *Professor, Mathematics*
[1966] B.S., Towson State College; M.A., Bowdoin College;
Ed.D., University of Maryland.

FRANCES H. HARRELL, *Assistant Professor, Nursing*
[1974] R.N. Diploma, St. Joseph School of Nursing, Baltimore;
B.S.N., Mount St. Agnes College, Baltimore; M.S., University of
Maryland.

ALVIE L. HASTE, *Associate Professor, Mathematics*
[1964] B.S. in Education, Ohio State University; M.A., Univer-
sity of Cincinnati.

THOMAS F. HAUPT, *Assistant Professor, Modern Languages*
[1962] Ph.B., Loyola College; M.A., Middlebury College of
Madrid.

BILLY D. HAUSERMAN, *Professor, Elementary Education*
[1965] B.S., State Teachers College at Brockport; M.Ed., Univer-
sity of California at Los Angeles; Ed.D., University of Buffalo.

HLIB S. HAYUK, *Assistant Professor, Geography*
[1969] B.A., City College of New York; M.A., University of
Wisconsin.

ELAINE HEDGES, *Professor, English; Coordinator,
Women's Studies*
[1967] B.A., Barnard College; M.A., Radcliffe College; Ph.D.,
Harvard University.

RICHARD C. HELFRICH, *Associate Professor, Education*
[1970] B.S., University of Scranton; M.Ed., University of Pitts-
burgh; Ed.D., University of Maryland.

CARL V. HENRIKSON, *Assistant Professor, Biology*
[1970] B.S., University of North Dakota; M.A., Ph.D., University
of South Dakota.

JAMES J. HILL, JR., *Associate Professor, English*
[1970] B.A., Lehigh University; M.A., Temple University; Ph.D., University of Texas.

RICHARD L. HILTON, JR., *Associate Professor, Biology*
[1969] B.A., M.A., University of Connecticut; Ph.D., University of Arizona.

CINDY HIMES, *Assistant Professor, History*
[1984] B.A., Vassar College; M.A., University of Pennsylvania.

EDWIN A. HIRSCHMANN, *Professor, History*
[1969] B.A., Johns Hopkins University; M.A., Pennsylvania State University; M.A., Ph.D., University of Wisconsin.

ABOLMAJD HOJJATI, *Professor, Sociology*
[1968] B.A., University of Tehran; M.S., Southern Illinois University; Ph.D., St. Louis University.

EDWARD W. HOLMES, *Professor, Elementary Education*
[1971] B.S., State University College, Oneonta; M.Ed., State University College, Cortland; Ph.D., University of Maryland.

ARTHUR L. HOLT, *Professor, Accounting and Finance*
[1975] BBA., MBA., University of Texas; Ph.D., Ohio State University; C.P.A., Ohio; J.D., University of Maryland.

NORMA HOLTER, *Instructor, Accounting and Finance*
[1985] B.S., M.S., University of Baltimore; C.P.A., State of Maryland.

MARTIN G. HORAK, *Professor and Chair, Mathematics*
[1967] B.S., Loyola College; M.S., University of Notre Dame; Ph.D., University of Maryland.

JACOB W. K. HUANG, *Professor, Physics*
[1967] B.S., National Taiwan University; Ph.D., Johns Hopkins University.

JAMES C. HULL, *Associate Professor, Biology*
[1976] B.A., Ph.D., University of California, Santa Barbara.

JUDITH IACARINO, *Assistant Professor, Clinical Supervisor Speech-Language Pathology, Communication Sciences and Disorders*
[1984] B.A., Queens College; M.S., Towson State University.

ERNEST ILGENFRITZ, *Assistant Professor, Mathematics*
[1966] A.B., Gettysburg College; M.S., Brown University.

VIRGINIA D. JACOBS, *Assistant Professor, Communication Sciences and Disorders*
[1970] B.A., M.A., University of Maryland.

F. CHAD JAVADI, *Assistant Professor, Computer and Information Sciences*
[1984] B.S., University of Tehran; M.S., George Washington University.

MICHAEL H. JESSUP, *Professor, Secondary Education*
[1967] A.B., A.M., Ed.D., George Washington University.

JENNY JOCHENS, *Professor, History*
[1969] Cand. Phil., cand. mag., University of Copenhagen.

CRAIG T. JOHNSON, *Associate Professor, Psychology*
[1975] B.A., University of Wisconsin; M.A., Ph.D., Johns Hopkins University.

LeROY-RONALD JOHNSON, *Assistant Professor, History*
[1986] B.A., University of Caen, France; M.A., The Sorbonne; Ph.D., The University of Michigan.

ROBERT W. JOHNSON, *Associate Professor, Physics*
[1969] B.S., Wayne State University; M.A., University of Michigan; Ed.D., Wayne State University.

A. JUSTINE JONES, *Associate Professor, Sociology*
[1966] B.A., Millsaps College; M.A., George Washington University; Ph.D., Tulane University.

DAN L. JONES, *Professor and Co-Chair, English*
[1966] B.A., Ph.D., University of Utah.

E. SHARON JONES, *Assistant Professor, Mathematics*
[1971] B.S., Ottawa University; M.A., Ph.D., University of Minnesota.

PAUL E. JONES, *Associate Professor, General Education*
[1971] A.B., Pfeiffer College; M.A., Appalachian State University; Ed.D., University of Virginia.

JOAN C. JORDAN, *Assistant Professor, Nursing*
[1981] R.N. Diploma, Johns Hopkins Hospital School of Nursing; B.S.N., M.S., University of Maryland at Baltimore.

RUTHELLEN JOSSELYN, *Associate Professor, Psychology*
[1975] B.A., Ph.D., University of Michigan.

PETER JOYCE, *Assistant Professor, Computer and Information Sciences*
[1984] A.B., Loyola College; M.A., M.S., Ph.D., University of Kentucky.

MARY CATHERINE KAHL, *Professor and Chair, History*
[1943] A.B., M.A., University of Maryland.

SHOHREH KAYNAMA, *Instructor, Marketing*
[1985] B.A., Towson State University; M.B.A., University of Baltimore.

HOWARD S. KAPLON, *Assistant Professor, Mathematics*
[1966] B.S., Towson State Teachers College; M.S., Ohio State University.

ELEANORE KARGFIN, *Assistant Professor, Early Childhood Education*
[1964] B.A., American International College; M.S. in Ed., Hofstra University.

UNO KASK, *Professor, Chemistry*
[1966] B.S., University of Georgia; M.A., University of Minnesota; Ph.D., University of Texas.

SAYEED KAYVAN, *Assistant Professor, Accounting and Finance*
[1984] B.A., M.A., The Tehran University; Ph.D., The American University.

DANIEL A. KEALEY, *Instructor, Philosophy*
[1986] B.A., University of Wisconsin-Madison; M.A., California Institute of Asian Studies.

ELIZABETH A. KEENEN, *Assistant Professor, Nursing*
[1972] R.N., Diploma, Lancaster General Hospital School of Nursing; B.S., M.S., University of Maryland.

JUNE KENNARD, *Assistant Professor, Physical Education*
[1974] B.S., M.A., University of Maryland; Ed.D., University of N.C., Greensboro.

GAIL D. KILBURG, *Associate Professor, Communication Sciences and Disorders*
[1981] B.A., Skidmore College; M.S., Ph.D., University of Pittsburgh.

MARGARET A. KILEY, *Professor, Secondary Education*
[1969] B.S., University of Buffalo; M.A., Ed.D., George Washington University.

OHOE KIM, *Professor, Mathematics*
[1972] B.A., Korea University; M.S., Ph.D., University of Rochester.

SOON JIN KIM, *Assistant Professor, Speech and Mass Communication*
[1975] A.S., Kagoshima College, Japan; B.A., Korea University of Foreign Studies; M.A., San Carlos University, Guatemala; M.A., University of Missouri; Ph.D., University of Maryland.

THEODORA R. KIMSEY, *Professor, Early Childhood Education*
[1961] B.S., University of Oklahoma; M.A., Ed.D., Teachers College, Columbia University.

ALGIN B. KING, *Professor and Chair, Marketing*
[1987] B.A., University of South Carolina; M.S., New York University; Ph.D., The Ohio State University.

JEANNE KNORR, *Instructor, Music*
[1979] B.M., Boston University; M.M., University of Southern California.

CHANG MIN KONG, *Assistant Professor, Economics*
[1978] B.A., Seoul National University; M.A., Ph.D., University of Wisconsin.

CHARLOTTE A. KOOMJOHN, *Associate Professor, English*
[1968] B.S., St. Louis University; M.A., Miami University; Ph.D., University of Rochester.

RICHARD M. KRACH, *Assistant Professor, Mathematics*
[1987] B.S., M.A., Ph.D., The Ohio State University.

THOMAS O. KRAUSE, *Assistant Professor, Physics*
[1976] B.S., Massachusetts Institute of Technology; Ph.D., Ohio State University.

ELMER C. KREISEL, JR., *Assistant Professor, Physics*
[1966] B.A., Johns Hopkins University; M.Ed., Loyola College.

THOMAS G. KRUGGEL, *Assistant Professor, Psychology*
[1974] B.A., University of Michigan; Ph.D., Wayne State University.

MARTHA J. KUMAR, *Professor, Political Science*
[1971] B.A., Connecticut College; M.A., Ph.D., Columbia University.

FREDERICKA KUNDIG, *Professor, Biology*
[1967] B.A., College of Wooster; Ph.D., University of Rochester.

FRANCIS KUSHNER, *Assistant Professor, Computer and Information Sciences*
B.S., M.S., Towson State University.

FREDERICK J. LADD, *Professor, Art*
[1971] A.C.I.S., Bristol College of Commerce; University of Bristol; Cert. Ed., Bath Academy of Art; M.A., Ph.D., Ohio State University.

RICHARD D. LAINHART, *Assistant Professor, Biology*
[1973] B.S., Pacific Lutheran University; M.S., Idaho State University; Ph.D., Montana State University.

KARL G. LAREW, *Professor, History*
[1966] B.A., University of Connecticut; M.A., Ph.D., Yale University.

DAVID LARKIN, *Professor, Chemistry*
[1973] B.Tech., Ph.D., Loughborough Univ. of Technology; M.R.I.C., Royal Institute of Chemistry (London).

MARY LU LARSEN, *Associate Professor, Physics*
[1974] B.S., Siena Heights College; M.S., Ph.D., Michigan State University.

MARY ELLEN C. LASHLEY, *Assistant Professor, Nursing*
[1986] B.S., Towson State University; M.S., University of Maryland at Baltimore.

M. BARBARA LAUFER, *Assistant Professor, Communication Sciences and Disorders*
[1975] B.A., Towson State College; M.A., Pennsylvania State University; Ph.D., University of Maryland.

LOUISE LAURENCE, *Assistant Professor, Economics*
[1987] B.S., Ph.D., University of Maryland.

MARA B. LAUTERBACH, *Assistant Professor, Biology*
[1967] B.A., Drew University; M.S., University of Maryland.

PAUL J. LAVIN, *Assistant Professor, Psychology*
[1971] B.S., Boston College; M.Ed., Springfield College; Ph.D., University of Maryland.

JAMES C. LAWLOR, *Associate Professor and Chair, Secondary Education*
[1971] B.S., Towson State College; M.L.A., Johns Hopkins University; Ph.D., University of Maryland.

VINCENT P. LAWRENCE, *Associate Professor, Music*
[1973] B.S., Mansfield State College; M.M.E., Pennsylvania State University; Ph.D., Case Western Reserve University.

JOHN LAWSON, JR., *Assistant Professor, Computer and Information Sciences*
[1985] B.S., M.S., Ph.D., University of Oregon.

LENA B. LEE, *Assistant Professor, Nursing*
[1974] B.N., B.S.N., Tuskegee Institute; M.S., University of Maryland.

OCK KYUNG LEE, *Instructor, Art*
[1973] B.A., M.A., Columbia University.

BEVERLY C. LEETCH, *Associate Professor, Modern Languages*
[1973] B.A., Mary Baldwin College; M.A., Ph.D., Johns Hopkins University.

SUZANNE LEGAULT, *Assistant Professor, English*
[1975] B.A., Hunter College; M.S., Ph.D., Georgetown University.

RON LENNON, *Instructor, Marketing*
[1980] B.A., Long Island University-Southampton College; M.B.A., University of Baltimore; A.B.D., University of Maryland.

FLORENCE LEONARD, *Assistant Professor, Early Childhood Education*
[1974] A.B., Rutgers University; M.Ed., Towson State College; Ph.D., University of Maryland.

M. BARBARA LEONS, *Professor, Anthropology*
[1970] B.A., Brandies University; M.A., Ph.D., University of California, Los Angeles.

PETER LEV, *Assistant Professor, Speech and Mass Communication*
[1983] B.A., Wesleyan University; M.A., Ph.D., University of California, Los Angeles.

ARLEY W. LEVNO, *Associate Professor, Modern Languages*
[1967] B.A., University of Montana; M.A., University of Maryland; University of Paris, (E.S.P.P.F.E.; Institut de Phonetique); Ph.D., University of Maryland.

HENRY LEVY, *Associate Professor, Music*
[1970] B.S., Towson State College.

AGNES LEWIS, *Instructor, English*
[1982] A.B., M.Ed., Towson State University.

MARILYN LEWIS, *Professor, General Education, Special Education Coordinator*
[1970] B.S., M.S., Virginia Commonwealth University; Ed.D., University of Virginia.

EDWARD W. LEYHE, *Assistant Professor, Psychology*
[1968] B.A., M.A., Johns Hopkins University.

DORIS K. LIDTKE, *Associate Professor, Computer and Information Sciences*
[1968] B.S., Ph.D., University of Oregon; M.Ed., Johns Hopkins University; CDP.

HARVEY LILLYWHITE, *Assistant Professor, English*
[1984] M.A., Columbia University; Ph.D., University of Utah.

DINORAH H. LIMA, *Assistant Professor, Modern Languages*
[1978] B.A., Instituto Matanzas; M.A., University of Alabama; Ph.D., University of Havana; Ph.D., University of Maryland.

JAMES A. G. LINDNER, *Professor, General Education*
[1969] B.S., M.Ed., Pennsylvania State University; Ed.D., Michigan State University.

WILLIAM LINK, *Assistant Professor, Mathematics*
[1986] B.A., Western Maryland College; M.A., Ph.D., University of Massachusetts.

JOYCE CURRIE LITTLE, *Associate Professor and Chair, Computer and Information Sciences*
[1981] B.S., Northeast Louisiana State University; M.S., San Diego State University; Ph.D. University of Maryland, CCP, CDP.

MARAVENE LOESCHKE, *Associate Professor and Chair, Theatre Arts*
[1970] B.S., M.Ed., Towson State College; Ph.D., Union Graduate School.

BRENDA LOGUE, *Associate Professor, Speech and Mass Communication*
[1970] B.S.J., West Virginia University; M.S., Purdue University; Ph.D., Ohio University.

EDDIE L. LOH, *Professor and Chair, Physics*
[1969] B.S., Virginia Polytechnic Institute; Ph.D., Johns Hopkins University.

CHARLES LONEGAN, JR., *Associate Professor, Communication Sciences and Disorders*
[1970] B.A., Montclair State College; M.S., Pennsylvania State University; Ph.D., Michigan State University.

CLARINDA LOTT, *Assistant Professor, English*
[1982] B.A., Goucher College; M.A., Johns Hopkins University.

SELMA E. LYONS, *Assistant Professor, Secondary Education*
[1968] B.S., M.S., Ph.D., University of Maryland.

JOHN L. MacKERRON, *Assistant Professor, Speech and Mass Communication*
[1971] B.S., State University of New York, Fredonia; M.S., Ed.D., Syracuse University.

ROBERT A. MAGILL, *Professor, Modern Languages*
[1962] B.A., M.A., University of Virginia; Ph.D., Columbia University.

LINDA R. MAHIN, *Assistant Professor, English*
[1987] M.S., University of Baltimore; Ph.D., University of Illinois.

JOHN MANLOVE, *Associate Professor, Theatre Arts*
[1967] B.A., Reed College; M.A., DePauw University; Ph.D., University of Minnesota.

DAVID MARCHAND, *Professor and Chair, Music*
[1970] B.S., Bemidji State College; M.S., University of Illinois; Ph.D., University of Wisconsin.

MICHAEL L. MARK, *Dean, Graduate School, Professor, Music*
[1981] B.M., The Catholic University; M.A., The George Washington University; M.M., University of Michigan; D.M.A., The Catholic University.

THOMAS J. MARONICK, *Associate Professor, Marketing*
[1987] B.A., St. Thomas Seminary; M.S., University of Denver; D.B.A., University of Kentucky.

C. KEITH MARTIN, *Assistant Professor, Elementary Education*
[1971] B.S., M.S., Indiana University.

DOUGLAS D. MARTIN, *Professor, History*
[1970] B.A., M.A., Ph.D., University of Washington.

ANTONETTE MARZOTTO, *Associate Professor, Political Science*
[1975] B.A., University of California, Berkeley; M.A., Ph.D., University of Connecticut, Storrs.

RONALD J. MATLON, *Professor and Chair, Speech and Mass Communication*
[1987] B.A., Indiana State University; M.S., Ph.D., Purdue University.

COY L. MAY, *Associate Professor, Mathematics*
[1979] B.A., University of Texas; M.A., University of California, Los Angeles; Ph.D., University of Texas.

ATEFEH S. McCAMPBELL, *Instructor, Management*
[1984] B.A., M.B.A., University of Baltimore.

MARK W. McCARTNEY, *Instructor, Accounting and Finance*
[1986] B.S., Ferris State College; M.B.A., Grand Valley State College; C.P.A., State of Michigan.

JOHN C. McDONALD, *Associate Professor, Physical Education*
[1967] B.S., Davis & Elkins College; M.S., West Virginia University; D.A., Middle Tennessee State University.

WAYNE McKIM, *Professor, Geography*
[1971] B.A., M.A., Michigan State University; Ph.D., Northwestern University.

JOHN C. McLUCAS, *Assistant Professor, Modern Languages*
[1984] B.A., Wesleyan University; M.A., Ph.D., Yale University.

JOAN D. McMAHON, *Assistant Professor, Health Science*
[1973] B.S., M.A., University of Maryland; Ed.D., George Washington University.

M. JANE McMAHON, *Assistant Professor, Health Science*
[1971] B.S., DePaul University; M.S., Indiana University; Ed.D., Nova University.

WAYNE C. McWILLIAMS, *Associate Professor, History*
[1969] B.A., Thiel College; M.A., University of Hawaii; Ph.D., University of Kansas.

WILLIAM H. MECHLING, *Assistant Professor, Biology*
[1965] B.A., Haverford College; M.S., Cornell University.

THOMAS MEINHARDT, *Professor, Physical Education*
[1970] B.S., M.E., Kent State University; Ph.D., University of Illinois.

JOHN MELICK, *Associate Professor, Music*

[1969] B.M., Curtis Institute of Music; M.M., Peabody Conservatory of Music.

JUDITH A. MELVIN, *Assistant Professor, Occupational Therapy*

[1986] B.S., Ohio State University; M.A., New York University.

KATHRYN L. MERANI, *Assistant Professor, Music*

[1967] B.S., M.A., M.Ed., University of Missouri.

PETER P. T. MERANI, *Professor, Political Science*

[1965] B.A., M.A., Ph.D., Johns Hopkins University; J.D., University of Maryland.

LUCIA MIDKIFF, *Assistant Professor, Nursing*

[1974] R.N., B.S., University of South Carolina; M.S., University of Maryland.

EDMUND M. MIDURA, *Assistant Professor, Speech and Mass Communication*

[1985] B.S., Syracuse University; M.A., Pennsylvania State University; Ph.D., University of Iowa.

FRANK R. MILIO, *Associate Professor, Chemistry*

[1965] B.S., M.S., University of Maryland.

STUART MILLER, *Professor, Psychology*

[1967] B.S., University of Maryland; M.S., Hollins College; Ph.D., University of Maryland.

JOHN B. MITCHELL, *Professor, Art*

[1949] B.S., M.A., Teachers College, Columbia University; Ph.D., New York University.

LORETTA L. MOLITOR, *Associate Professor, Physics*

[1971] B.S., M.S., S.U.N.Y. at Buffalo; M.S.T., Cornell University; Ed.D., University of Pennsylvania.

DELCIE MOLLICK, *Assistant Professor, Nursing*

[1974] R.N., Diploma, Deaconess Hospital; B.S., Whitworth College; M.S., University of Maryland.

BARRY W. MOORE, *Assistant Professor, Speech and Mass Communication*

[1978] B.A., M.A., Pennsylvania State University; Ph.D., University of Michigan.

RAYMOND J. MOORE, *Assistant Professor, Music*

[1966] B.S., State University of New York; M.M., Peabody Conservatory.

JOHN M. MORGAN, III, *Assistant Professor, Geography and Environmental Planning*

[1984] B.S., M.A., Towson State University; Ph.D., University of Maryland.

JOHN MORRISON, *Assistant Professor, Mathematics*

[1978] B.S., Manhattan College; M.A., Ph.D., University of Maryland.

FREDERICK MORSINK, *Associate Professor, Biology*

[1966] M.S., Cornell University; Ph.D., University of New Hampshire.

ARMIN MRUCK, *Professor, History*

[1967] Staatsexamen, Ph.D., Georgia Augusta University, Goettingen, Germany.

DOROTHY H. MUNDY, *Assistant Professor, Nursing*

[1980] B.S., University of Mississippi; M.N., University of Florida.

JOHN J. MURUNGI, *Professor and Chair, Philosophy*

[1969] B.A., Beloit College; M.A., Ph.D., Pennsylvania State University.

THELDON MYERS, *Professor, Music*

[1963] B.S., Northern Illinois University; M.A., Ohio State College; D.M.A., Peabody Conservatory.

MARY-ANN MYRANT, *Assistant Vice President for*

Academic Affairs, Associate Professor, Physical Education [1970] B.S., University of Oregon; M.S., Indiana University; Ph.D., Ohio State University.

BARINDRA N. NAG, *Assistant Professor, Management*

[1987] B.Tech., M.Tech., University of Calcutta, India; Ph.D., University of Maryland.

GLORIA A. NEUBERT, *Associate Professor, Secondary Education*

[1972; 1981] B.S., M.Ed., Towson State University; Ph.D., University of Maryland.

JOYCE C. NEUBERT, *Assistant Professor, Mathematics*

[1968] B.A., Mount Saint Agnes College; M.A., Catholic University of America.

JOHN B. NEWMAN, *Professor, Physics*

[1967] B.S., M.S., University of North Carolina; Ph.D., Johns Hopkins University.

MARILYN L. NICHOLAS, *Director of C.A.S.E.; Associate Professor, Elementary Education*

[1967] A.B., Regis College; M.E., Boston University; Ed.D., George Washington University.

NICHOLAS L. NICHOLAS, *Associate Professor, Marketing*

[1987] B.A., Columbia University; M.B.A., University of California; D.B.A., University of Florida.

CAROL M. ONDECK, *Associate Professor, Management*

[1986] B.B.A., Temple University; M.B.A., D.B.A., The George Washington University.

MICHAEL T. O'PECKO, *Assistant Professor, Modern Languages*

[1973] B.A., Pennsylvania State University; M.A., Ph.D., Johns Hopkins University.

JACK D. OSMAN, *Professor, Health Science*

[1971] B.S., West Chester State College; M.A., University of Maryland; Ph.D., Ohio State University.

HAIG OUNDJIAN, *Associate Professor, Art*

[1970] B.A., M.F.A., Rutgers University.

KAREN Y. PALASEK, *Assistant Professor, Economics*

[1987] B.M.E., Hartt College of Music, M.A., George Mason University.

FREDERICK J. PARENTE, *Associate Professor, Psychology*

[1975] B.A., California State University; M.A., Ph.D., University of New Mexico.

CAROLYN L. PARMENTER, *Assistant Professor, Occupational Therapy*

[1977] B.A., University of Pennsylvania; Cert. in O.T., University of Pennsylvania; M.S., Boston University.

HARVEY PAUL, *Professor, Economics*

[1966] B.A., Brooklyn College; Ph.D., State University of New York at Buffalo.

JAMES R. PAULSEN, *Associate Professor, Art*

[1969] B.A., Western Illinois University; M.A., Northern Illinois University.

WILLIAM F. PELHAM, *Professor, Physics*

[1955] B.Ch.E., Clarkson University; M.A., Ed.D., Teachers College, Columbia University.

JOHN W. PERRIER, *Assistant Professor, Accounting and Finance*
[1974] B.S., University of Maryland; C.P.A., State of Maryland;
M.B.A., Loyola College.

CARYL PETERSON, *Associate Professor, Biology*
[1960] A.B., Western Maryland College; M.A., Bryn Mawr Col-
lege; Ph.D., University of Maryland at Baltimore.

HERBERT PETRI, *Professor, Psychology*
[1971] A.B., Miami University; M.A., Ph.D., Johns Hopkins
University.

GERALD PHILLIPS, *Assistant Professor, Music*
[1971] B.S., Central Michigan State College; M.A., University of
Cincinnati.

WILLIAM PIERSON, *Assistant Professor, Theatre Arts*
[1985] B.A., Eastern Illinois University; M.F.A., Illinois State
University.

HARRY PIOTROWSKI, *Associate Professor, History*
[1966] B.S., State University of New York; Ph.D., Syracuse
University.

ROBERT A. PITMAN, *Assistant Professor, Art*
[1972] B.S., M.Ed., Towson State College; M.F.A., Maryland
Institute College of Art.

PATRICIA R. PLANTE, *Provost and Vice President for Academic
Affairs, Professor, English*
[1969] B.A., St. Joseph's College; M.A., St. Michael's College;
Ph.D., Boston University.

ROGER L. POIRIER, *Professor, Modern Languages*
[1968] Ph.D., Johns Hopkins University.

BARBARA POUR, *Assistant Professor, Early Childhood Education*
[1969] A.B., Hood College; M.A., New York University.

RICHARD S. PREISLER, *Assistant Professor, Chemistry*
[1982] Sc.B., Brown University; Ph.D., Stanford University.

ALAN J. PRIBULA, *Assistant Professor, Chemistry*
[1976] B.S., Bucknell University; Ph.D., University of Illinois,
Urbana.

SANDRA P. PRIOR, *Assistant Professor, English*
[1987] B.A. Wellesley College; M.A., M.Phil., Ph.D., Columbia
University.

HELEN R. PULLEN, *Instructor, Art*
[1974] BFA, Maryland Institute.

JOAN RABIN, *Assistant Professor, Psychology*
[1971] B.A., Queens College; Ph.D., State University of New
York, Buffalo.

SUSAN RADIUS, *Associate Professor, Health Science*
[1981] A.B., Vassar College; M.Ed., Goucher College; Ph.D.,
Johns Hopkins University.

ALICE RANDOLPH-PRINCE, *Assistant Professor, Health
Science*
[1985] B.A., University of Hawaii; M.A., Central Michigan Uni-
versity; Ph.D., Southern Illinois University.

BETTY L. RASKIN, *Associate Professor, Psychology*
[1967] B.A., Goucher College; M.A., Ph.D., Johns Hopkins
University.

DALE RAUSCHENBERG, *Associate Professor, Music*
[1966] B.M.E., Youngstown University; M.M., Indiana
University.

BINA D. RAVAL, *Assistant Professor, Psychology*
[1969] B.A., Behar University; M.A., Ph.D., Catholic University
of America.

JOHN D. RAWN, *Associate Professor, Chemistry*
[1974] B.S., Capital University; Ph.D., Ohio State University.

JOYCE REITZEL, *Professor, Communication Sciences and
Disorders*
[1965] B.S., M.A., Ohio University; Sc.D., Johns Hopkins
University.

REYNALDO REYES, *Professor, Music*
[1967] B.M., Santo Tomas University; M.M., Peabody
Conservatory.

DANIEL J. RICHMAN, *Assistant Professor, Mathematics*
[1982] B.A., Harvard College; M.A., Wake Forest University;
Ph.D., University of Wisconsin.

JULIE E. RIES, *Assistant Professor, Communication
Sciences and Disorders*
[1978] B.S., Towson State University; M.A., University of Pitts-
burgh; Sc.D., Johns Hopkins University.

GERALD O. RIGGLEMAN, *Assistant Professor, Mathematics*
[1962] A.B., B.S., Eastern Nazarene College; M.A.T.M., Univer-
sity of Detroit; M.A., Rutgers University.

BARBARA RINALDO, *Assistant Professor, Dance*
[1985] B.F.A., North Carolina School of the Arts; M.F.A., Uni-
versity of Michigan.

R. RAYMOND RIORDON, *Associate Professor,
Physical Education*
[1964] B.A., Shepherd College; M.Ed., Miami University.

FRED M. RIVERS, *Professor, History*
[1966] B.A., Rutgers University; M.A., Hunter College; Ph.D.,
University of Maryland.

ABBAS ROAYAEI, *Assistant Professor, Economics*
[1984] B.S., National University; M.A., University of California
at Santa Barbara; M.S., Ph.D., Florida State University

CARMEN ROBB, *Assistant Professor, Art*
[1965] A.B., Kansas State Teachers College.

GERALD D. ROBINSON, *Associate Professor, Biology*
[1977] B.A., Lock Haven State College; Ph.D., Pennsylvania
State University.

WILLIAM R. ROSE, *Instructor, Mathematics*
[1972] B.A., Queens College; M.A., University of Illinois; M.A.,
University of Maryland.

GARY ROSECRANS, *Associate Professor, General Education*
[1972] B.A., Wichita State University; M.Ed., Ed.D., University
of Virginia.

DONALD L. ROSENBERG, *Assistant Professor, Accounting and
Finance*
[1984] B.S., M.B.A., University of Maryland; C.P.A., State of
Maryland.

DANA ROTHLSBERGER, *Instructor, Music*
[1983] B.M.Ed., M.M., East Texas State University.

FRANCES ROTHSTEIN, *Professor, Anthropology*
[1974] B.A., Queens College; Ph.D., University of Pittsburgh.

RENEE ROYAK-SCHALER, *Assistant Professor, Health Science*
[1985] B.S., George Washington University; M.Ed., Ph.D., Uni-
versity of Maryland.

JOSEPH R. RUDOLPH, JR., *Associate Professor, Political Science*
[1986] B.A., M.A., Ph.D., University of Virginia.

CARL A. RUNK, *Assistant Professor, Physical Education*
[1967] B.S., M.Ed., University of Arizona.

DZIDRA RUTENBERGS, *Assistant Professor, Mathematics*
[1967] B.A., Flora Stone Mather College in Western Reserve University; M.A., Courant Institute of Mathematical Sciences, New York University.

VICTORIA S. RYMER, *Associate Professor, Accounting and Finance*
[1987] B.S., M.B.A., Ph.D., University of Maryland.

RODERICK N. RYON, *Professor, History*
[1965] A.B., Western Maryland College; A.M., Ph.D., Pennsylvania State University.

HENRY N. SANBORN, *Professor, Economics*
[1965] B.A., George Washington University; M.A., Ph.D., University of Chicago.

JEFFREY L. SANDERS, *Professor, Psychology*
[1968] B.A., Towson State University; M.A., University of Texas; Ph.D., George Washington University.

AUBREY G. SCARBROUGH, *Professor, Biology*
[1970] B.S., M.S., Arkansas State University; Ph.D., University of Illinois.

ANN SCHEPER, *Assistant Professor, Sociology*
[1974] B.A., Syracuse; M.S.W., University of Maryland.

JANICE A. SCHLIMM, *Assistant Professor, Marketing*
[1984] B.A., University of Maryland; M.L.A., M.A.S., Johns Hopkins University.

CHARLES J. SCHMITT, *Assistant Professor, Computer and Information Sciences*
[1973] B.E., M.S., Vanderbilt University; CDP, CCP.

MYRON I. SCHOLNICK, *Associate Professor, History*
[1967] B.A., American University; M.A., Ph.D., University of Maryland.

JOAN M. SCHUETZ, *Assistant Professor, Biology*
[1966] B.A., Adrian College; M.S., University of Wisconsin.

RUTH C. SCHWALM, *Associate Professor, Nursing*
[1970] R.N., Diploma, Harrisburg Hospital; B.S., University of Pennsylvania; M.R.E., United Theological Seminary; M.S., University of Maryland.

CHRISTINE A. SCODARI, *Assistant Professor, Speech and Mass Communication*
[1987] B.A., University of Maryland; M.A., Ph.D., The Ohio State University.

RALPH C. SCOTT, *Associate Professor, Geography*
[1974] B.S., M.S., Florida State University; Ph.D., University of Georgia.

ERIK P. SCULLY, *Associate Professor, Biology*
[1978] B.S., Fordham University; Ph.D., University of Rhode Island.

R. GUY SEDLACK, *Associate Professor, Sociology*
[1970] A.B., Hamilton College; M.A., Ph.D., University of Maryland.

W. MICHAEL SEGANISH, *Assistant Professor, Accounting and Finance*
[1970] B.S., M.B.A., University of Maryland; J.D., University of Baltimore School of Law; Admitted in Maryland.

EDWARD SHAFER, *Associate Professor, Management*
[1986] B.A., Brooklyn College; M.B.A., City University of New York; D.B.A., The George Washington University.

SYLVIA A. SHAFTO, *Assistant Professor, Computer and Information Sciences*
[1986] B.A., Carleton College; M.S., Ph.D., Rutgers University.

DEBORAH SHALLER, *Instructor, Director, Writing Lab, English*
[1983] M.A., University of Maryland.

LOUIS A. SHEETS, *Professor, English*
[1966] A.B., M.A., Marshall University; Ph.D., Ohio State University.

NORMAN L. SHEETS, *Associate Vice President for Academic Affairs; Dean, College of Allied Health Sciences and Physical Education; Professor, Health Science*
[1969] B.A., Glenville State College; M.S., Ed.D., West Virginia University.

BONG JU SHIN, *Professor, Economics*
[1966] B.A., University of Pusan; M.A., Ph.D., Ohio State University.

ROBERT E. SHOEMAKER, *Professor, Biology*
[1967] B.A., Carleton College; M.S., Ph.D., University of Minnesota.

DOROTHY SIEGEL, *Associate Professor, Psychology; Vice President for Student Services*
[1966] B.A., M.A., Temple University.

MARTHA J. SIEGEL, *Professor, Mathematics*
[1971] B.A., Russell Sage College; M.A., Ph.D., University of Rochester.

JAN D. SINNOTT, *Associate Professor, Psychology*
[1978] B.A., St. Louis University; M.A., Ph.D., Catholic University.

WILLIAM R. SLADEK, *Assistant Professor, History*
[1970] B.A., Mary Knoll Seminary (IL); B.D., M.Th., Mary Knoll Seminary (NY); Ph.D., Johns Hopkins University.

BARBARA SLATER, *Professor, Psychology*
[1971] B.A., M.Ed., St. Lawrence University; Ph.D., Teachers College, Columbia University.

ROBERT L. SLEVIN, *Associate Professor, Physical Education*
[1970] B.S., Ball State University; M.S., Baylor University; Ed.D., Louisiana State University.

JAMES W. SMITH, *Assistant Professor, Computer and Information Sciences*
[1967] A.B., University of Rochester; M.A., State University of New York; M.S., The Johns Hopkins University.

KATHERINE N. SMITH, *Instructor, Marketing*
[1984] B.A., Hood College; M.B.A., Loyola College, Baltimore.

LOUISE W. SMITH, *Assistant Professor, Marketing*
[1984] B.A., University of Delaware; M.E., M.B.A., Harvard University; Ph.D., University of Maryland.

ROBERT E. SMITH, *Assistant Professor, Sociology*
[1965] B.A., M.A., University of Maryland.

ROBERT L. SMOES, *Assistant Professor, Biology*
[1969] B.A., Hope College; M.A., Western Michigan University.

HOUSHANG H. SOHRAB, *Assistant Professor, Mathematics*
[1984] B.S., M.A., University of Paris, Paris, France; Ph.D., University of California.

JANET STERN SOLOMON, *Associate Professor, Management*
[1983] A.B., Syracuse University; M.B.A., University of Missouri, Kansas City; D.B.A., The George Washington University.

THOMAS SPACHT, *Assistant Professor, Music*
[1977] B.M., Oberlin Conservatory; M.M., Syracuse University; D.M.A., Eastman School of Music.

RAJESHWAR P. SRIVASTAVA, *Associate Professor, Computer and Information Sciences*
[1986] M.S., Allahabad University, India; M.S., University of Waterloo; Ph.D., University of Idaho.

JAY STANLEY, *Professor, Sociology*
[1971] B.S., M.A., University of Tennessee; Ph.D., University of Maryland.

MICHAEL STANLEY, *Instructor, Speech and Mass Communication*
[1972] B.J., M.A., University of Missouri.

SANDRA CARSON STANLEY, *Assistant Professor, Sociology and Anthropology*
[1982] B.A., Towson State University; M.A., Loyola College; Ph.D., University of Maryland.

CANDYCE H. STAPEN, *Assistant Professor, English*
[1986] B.A., University of Maryland; M.A., New York University; Ph.D., University of Maryland.

LEONID STERN, *Assistant Professor, Mathematics*
[1986] M.S., Ph.D., Technion-Israel Institute of Technology.

SHERI B. STERN, *Assistant Professor, Nursing*
[1981] B.S.N., M.S., University of Maryland.

REGENA G. STEVENS-RATCHFORD, *Assistant Professor, Occupational Therapy*
[1980] B.S., M.S., Ohio State University.

MARSHALL L. STEVENSON, *Assistant Professor, Geography and Environmental Planning*
[1968] B.A., University of Vermont; M.A., East Carolina University.

RAYMOND STINAR, *Associate Professor, Physical Education*
[1972] B.S.E., M.S.E., Northern Illinois University; Ph.D., University of Maryland.

JOSEPH SUHORSKY, *Associate Professor, Elementary Education*
[1971] B.S., Indiana State University; M.Ed., Loyola College, Ph.D., University of Maryland.

CYNTHIA SULFRIDGE, *Assistant Professor, English*
[1978] B.A., Carson-Newman College; M.A., University of Tennessee; M.A., Ph.D., Johns Hopkins University.

THOMAS G. SUPENSKY, *Associate Professor, Art*
[1968] B.F.A., Ohio State University; M.Ed., Towson State College.

LINDA M. SWEETING, *Professor, Chemistry*
[1970] B.Sc., M.A., University of Toronto; Ph.D., University of California, Los Angeles.

ZOLTAN SZABO, *Associate Professor, Music*
[1979] B.M., M.M., Peabody Conservatory; D.M., Indiana University.

JANE C. TAN, *Assistant Professor, Music*
[1967] B.M., University of Santo Tomas; M.M., Peabody Conservatory

DIANNE E. TAYLOR, *Assistant Professor, Nursing*
[1979] R.N., Union Memorial Hospital; B.S., Southern Connecticut State College; M.S., Yale University.

JOHN B. TERWILLIGER, *Assistant Professor, Music*
[1966] B.M., M.M., Westminster Choir College.

HELMUT EARL THIESS, *Assistant Professor, Computer and Information Sciences*
[1985] B.A., M.B.A., George Washington University.

SHIRLEY THOMPSON, *Assistant Professor, Music*
[1977] B.A., College of William and Mary; M.M., Catholic University of America; Professional Opera Singer, West Germany.

JOHN I. TOLAND, *Professor, Sociology*
[1966] B.A., University of Tulsa; M.A., Ph.D., University of Maryland.

JOSEPH J. TOPPING, *Professor, Chemistry*
[1970] B.S., LeMoyne College; M.S., Ph.D., University of New Hampshire.

M. PATRICIA TURNBAUGH, *Instructor, Marketing*
[1983] B.A., Western Maryland College; M.B.A., University of Baltimore.

LEON L. UKENS, *Professor, Physics*
[1971] B.S., Fort Hays State College; M.A., University of Northern Colorado; Ph.D., New York University.

ROYCE W. VAN NORMAN, *Professor and Chair, General Education*
[1967] B.S., Wilson Teachers College; M.A., Catholic University; Ph.D., Johns Hopkins University.

JOHN G. VAN OSDELL, *Professor, History*
[1967] B.A., Ph.D., Tulane University.

RICHARD E. VATZ, *Associate Professor, Speech and Mass Communication*
[1974] B.A., M.A., Ph.D., University of Pittsburgh.

SPYROS VENNOS, *Associate Professor, Accounting and Finance*
[1976] B.S., University of New Brunswick; M.B.A., University of Pennsylvania, Wharton Graduate Division; M.S., D.Sc., Reneselaer Polytechnic Institute.

ALEXANDER W. VLANGAS, *Associate Professor, Education*
[1970] B.S., Towson State College; M.A., University of Maryland; C.A.S.E., Johns Hopkins University.

DAVID T. von SUMPTER, *Assistant Professor, Computer and Information Sciences*
[1986] B.B.A., M.B.A., University of the District of Columbia.

ANN L. WAGNER, *Assistant Professor, Mathematics*
[1968] B.S., Holy Family College; M.A., Bowling Green State University.

RONALD WAINSCOTT, *Assistant Professor, Theatre Arts*
[1984] B.A., Samford University; M.A., University of Alabama; Ph.D., Indiana University.

SUSAN R. WALLEN, *Associate Professor, Psychology*
[1970] B.A., M.A., Ph.D., University of Maryland.

ROBERT WALL, *Professor, General Education*
[1966] B.S., Iowa State University; M.A., Kent State University; Ph.D., University of Maryland.

BILL L. WALLACE, *Professor and Chair, Communication Sciences and Disorders*
[1968] B.S., M.S., Central Michigan University; Ph.D., Ohio State University.

PATRICIA WATERS, *Assistant Professor and Chair, Early Childhood Education*
[1964] B.S., M.Ed., Towson State College.

DONALD WATTS, *Instructor, Music*
[1973] B.M., M.M., University of Kansas.

JOHN W. WEBSTER, *Associate Professor and Chair, Psychology*
[1972] A.B., Ed.M., Ed.D., Rutgers University.

IRVIN WEINTRAUB, *Associate Professor, Economics*
[1966] A.B., Johns Hopkins University; M.S., Columbia University.

STEVEN S. WEISS, *Assistant Professor, Speech and Mass Communication*
[1986] B.A., University of Iowa; M.F.A., Syracuse University.

DEITRA WENGERT, *Assistant Professor, Health Science*
[1979] B.S., Bowie State College; M.Ed., Towson State University; Ph.D., University of Maryland.

DONALD A. WESLEY, *Professor, Education*
[1965] A.B., Case Western Reserve University; M.A., Ohio State University; Ed.D., Case Western Reserve University.

JOHN M. WESSNER, *Assistant Professor, Physics*
[1973] A.B. Amherst College; M.S.T., Wisconsin State University; Ph.D., Montana State University.

MARK WHITMAN, *Professor, History*
[1967] B.A., Dartmouth College; M.A., Ph.D., Harvard University.

JANE B. WILEY, *Assistant Professor, Nursing*
[1974] R.N. Diploma, Church Home & Hospital; B.S., M.S., University of Maryland at Baltimore; J.D., University of Baltimore.

JACQUELINE WILKOTZ, *Associate Professor, English*
[1973] A.B., M.A., Ph.D., University of California at Berkeley.

RICHARD J. WILLIAMS, *Professor, Education*
[1970] B.A., Gettysburg College; Ed.M., University of Delaware; Ph.D., Michigan State University.

DONALD R. WINDLER, *Professor and Chair, Biology*
[1969] B.S., M.A., Southern Illinois University; Ph.D., University of North Carolina.

ALAN S. WINGROVE, *Professor, Chemistry*
[1973] B.S., University of California, Berkeley; Ph.D., University of California, Los Angeles.

GUY H. WOLF, II, *Assistant Professor, Anthropology*
[1969] A.B., M.A., University of Alabama.

ALFRED D. WOLKOWITZ, *Associate Professor, English*
[1970] A.B., Columbia College; M.A., Columbia University; Ph.D., New York University.

GARY WOOD, *Associate Professor, English*
[1971] B.A., Westminster College; M.A., Ph.D., University of Pittsburgh.

LUCY SOLLERS WOOD, *Assistant Professor, Art*
[1970] B.A., Goucher College; M.F.A., Maryland Institute College of Art.

JON S. WOODSON, *Assistant Professor, English*
[1985] B.A., M.A., University of Rhode Island; Ph.D., Brown University.

TAMARA WOROBY, *Associate Professor, Economics*
[1978] B.A., University of Regina; M.A., Ph.D., Queens University, Ontario, Canada.

ARTHUR C. YARBROUGH, JR., *Associate Professor, Chemistry*
[1957] B.S., Georgia Southern College; M.A., Georgia Peabody College for Teachers.

ROBERT G. ZEIGLER, *Professor, Physical Education*
[1971] B.S., West Chester State College; M.S., Ed.D., Pennsylvania State University.

ELIZABETH ZOLTAN-FORD, *Assistant Professor, Psychology*
[1982] B.A., M.A., Ph.D., Johns Hopkins University.

STANLEY ZWEBACK, *Assistant Professor, Psychology*
[1970] B.A., Trenton State College; M.E., Rutgers University; Ph.D., University of Maryland.

ASSISTANT INSTRUCTORS

SHARON BLANTON, *Instructional Technology*

REGULAR PART-TIME FACULTY

VIVIAN BRAUN, *Instructor, Modern Languages*

B.A., Case Western Reserve; Academic Degree and Teacher's Certificate, M.A., Baltimore Hebrew College

DANIEL BROWN, *Assistant Professor, Art*
B.A., Towson State University;
M.F.A., University of Massachusetts

MICHAEL J. DECKER, *Instructor, Music*
B.A., Millersville State College

DOROTHY N. FIX, *Associate Professor, Art*
A.B., Linderwood College; M.F.A., Mills College

CAROLYN FOSTER, *Instructor, English*
B.A., University of Maine;
M.A., University of Maryland

PHYLLIS FRANKEL, *Instructor, Music*
B.S., M.Ed., Towson State University

WILMA L. GABBAY, *Audiology Supervisor, Communication Sciences and Disorders*
B.S., Tufts University; M.S., Towson State University

ALICE C. GILES, *Instructor, Biology*
A.B., M.A.T., Duke University

SHIRLEY D. GILLESPIE, *Instructor, Theatre Arts*
B.A., Principia College; M.A., State University of Iowa; M.S., Johns Hopkins University

SUE N. GREENE, *Assistant Professor, English*
B.A., M.A., University of Nebraska;
Ph.D., Michigan State University

DIANE JEZIC, *Assistant Professor, Music*
B.M., College of Wooster, M.M., Northwestern University; D.M.A., Peabody Institute

JUDITH MARKOWITZ, *Instructor, Women's Studies*
B.A., Rutgers University, M.A., University of Maryland

EDWARD PALANKER, *Assistant Professor, Music*
B.M., Manhattan School of Music

JO-ANN PILARDI, *Assistant Professor, Philosophy*
B.A., Duquesne University;
M.A., Pennsylvania State University

ELLEN S. ZINNER, *Instructor, Sociology*
B.A., Goucher College;
M.A., Duke University

Appendix A

UNIVERSITY GOALS

I. By far the highest priority of the university shall be to provide a sound liberal arts and sciences education for all students regardless of their major or occupational ambitions.

A. Guidelines for achieving this would include the following:

1. General education requirements shall provide the student with a coherent introduction to the basic concerns and concepts of the arts and sciences. The courses shall be designed to serve a general education purpose rather than to serve as introductions for majors. Interrelationships between the arts and sciences courses in the general education requirements shall be a goal of design and planning and shall be explicitly stressed in the classroom.
2. The number of hours required for a major in a discipline shall not become so large as to interfere with the student's exposure to other disciplines and ultimate attainment of a liberal arts and science education. *Every student should take at least 60 hours of course work outside the major.*
3. Majors will be encouraged to take courses in areas outside their major with the accompanying effort on the part of faculty in course design and evaluation to make it possible for non-majors to compete effectively in upper level courses outside their major.
4. Some experience in interdisciplinary courses at upper and/or lower levels shall be available and encouraged.
5. Students will be encouraged to study a foreign language for the benefits such study offers in understanding language itself, in understanding other cultures, and in mental discipline.
6. A definition of undergraduate curriculum shall be formulated to serve as a guide to departments and university committees in order to avoid the creation of specialized courses that more properly belong at the graduate level and that would subvert the achievement of a liberal arts and sciences education.
7. Literacy, defined as the ability to read, write, and speak English intelligently, must be achieved by the student and stressed in all the courses in the curriculum in assignments and evaluation. Similarly, basic mathematical and basic scientific skills and concepts must be mastered by the student. Standards of literacy in these areas applied without exception will be established and maintained throughout the entire curriculum.
8. An effective program of advisement shall be established to ensure that the student has the benefit of faculty advice on how to achieve a sound and coherent liberal education. The concern of the advisor will be with the student's total university experience, not just the courses in his/her major.
9. To find out how effective our mutual efforts have been in providing a liberal arts and sciences education, systematic procedures should be developed and implemented to assess and evaluate student achievement.

II. The campus environment shall provide ideal conditions for learning—learning between student and teacher, student and student, teacher and teacher, and between these and the staff, alumni, and citizens concerned with intellectual and professional pursuits.

A. Guidelines for achieving this would include the following:

1. New ways have to be found to provide our students with a sense of community and common purpose in the learning process, to revive the sense of excitement in grappling with ideas or pursuing a problem. Special attention needs to be devoted to the commuter student who only attends classes and has no informal opportunities for learning on campus.
2. Faculty learning would be enhanced by more and better interaction with the students as described above, but faculty also need to have more contact with faculty in other departments. The exchange of ideas, the increased understanding of the merits and problems of other disciplines, the enlarged perspective on the university as a whole, and a greater sense of community would be only a few of the benefits of such communication. Various possibilities for faculty interaction shall be studied and implemented.

3. The working conditions for faculty in terms of office space and number of students have a considerable influence on their ability to be effective. Providing adequate office space, i.e., private offices, and achieving a more favorable faculty/student ratio will be high priorities in building and remodeling design and budget allocations.
4. Community resources relevant to the academic pursuits of the university will be sought and utilized in the academic program.

III. The university shall support programs leading to the development of skills and knowledge useful in future employment.

A. Guidelines for achieving this would include the following:

1. The academic preparation of the student should represent a balance between preparation in the liberal arts and training for a career. To achieve this balance the student will require careful advisement from both his or her academic major field and from other related disciplines. Courses designed to contribute to career development should supplement liberal arts preparation and should be taken after the student has carefully considered his or her interests and abilities.

IV. Excellence in student, faculty, and administrative performance shall be encouraged by relevant, constructive evaluation and recognition.

A. Guidelines for achieving this would include the following:

1. Reasonably uniform expectations of student performance, in terms of amount of work in relation to credit hours and level of performance in relation to grades, shall be defined and maintained. Other methods of evaluation and reward will also be studied and considered.
2. Student evaluations of faculty will be under continual review to determine their value as measures of excellence.
3. Promotion and tenure criteria for faculty shall be defined and applied with reasonable consistency. Additional means of reward will be developed.
4. Administrative performance shall be subject to faculty and student evaluation with the proviso indicated above in number 2.
5. The university shall strive to cultivate in all members of the university community the ability to recognize excellence and to respect it wherever it is found.

V. The university shall provide equal educational opportunity for the population it serves.

A. Guidelines for achieving this would include the following:

1. The university shall strive to eliminate discrimination based on race, sex, religion, and age at all levels of university life with special attention given to:
 - (a) Liberal admissions policies with concomitant compensatory education if needed.
 - (b) Academic and career advising that is free of irrelevant stereotypes.
 - (c) A curriculum that makes every attempt to represent minority groups and women equitably.
 - (d) Classroom presentations that are free of gratuitous derogation of race or sex.
 - (e) Equal opportunity recruitment, hiring, and advancement.
2. The university shall eliminate the distinction between full- and part-time students in the cost of education for the student and in enrollment in day and evening classes.
3. The university shall continue to develop programs and policies that respond to the emerging continuing education needs and interests of the population served by the university. Such programs and policies will be consistent with the liberal arts and sciences mission of the university (See I).

VI. The university shall maintain its autonomy from unreasonable influence by outside governing bodies and special interest groups.

A. Guidelines for achieving this would include the following:

1. While it is reasonable that the governing boards and agencies of the state of Maryland have the right to establish policies for the university as a whole, the internal decision on how to implement those policies should remain the prerogative and responsibility of the university.
2. Similarly, once the total budget for the university has been determined, the internal fiscal decisions should remain the prerogative and responsibility of the university.
3. While cooperative ventures with individuals or groups with special interests may often be of mutual benefit, the university shall retain the right to reject such support if it is judged to be harmful to the academic interests of the university.

Appendix B

CAMPUS FACILITIES

ACADEMIC BUILDINGS

STEPHENS HALL—This distinctive Jacobean building, constructed in 1915, has long been a landmark in the Baltimore area. The building was closed in 1986 for major renovation and is scheduled to be open for the Fall semester 1989.

VAN BOKKELEN HALL—A classroom building for the departments of communication sciences and disorders and speech and mass communication, this facility contains therapy rooms for speech pathology and audiology majors, as well as a production studio for rehearsing radio and television broadcasts.

LINTHICUM HALL—Completed in 1967 and one of the largest classroom buildings on campus, it houses the departments of English, modern languages, history, philosophy, geography, sociology, political science, and economics, and associated offices.

SMITH HALL—First occupied in 1965, the building was expanded in 1976 to 223,285 square feet to house the departments of biology, chemistry, physics and science education. Included are plant growth chambers, greenhouses, reach-in environmental chambers, an aquarium room with aquatron, and controlled environmental animal rooms in addition to various classrooms and class laboratories. The Watson-King Planetarium is on the top floor.

BURDICK HALL—Completed in 1968, it houses the departments of nursing, occupational therapy, health sciences, and dance, and it contains facilities for intramural sports, an Olympic-sized swimming pool, classrooms, dance studios, three gymnasiums and various training and dressing rooms.

TOWSON CENTER—The 100-acre physical education complex houses the physical education and athletics departments and includes an arena, an all-weather track, 10 tennis courts with lighting, and separate fields for football, lacrosse, baseball, soccer, field hockey and softball. The building includes an arena with 165,000 square feet of floor space, six classrooms, a research laboratory, a curriculum center, student and faculty lounges, indoor archery and golf ranges, weight rooms, training areas and facilities, fencing, wrestling and gymnastic rooms, open teaching areas, five men's varsity locker rooms, four women's varsity locker rooms, four men's visiting team rooms, three women's visiting team rooms, six handball courts, four squash courts, two doubles squash courts, and a 60-foot long elevated press box.

LIDA LEE TALL—In addition to the Learning Resource Center for Grades K through 6, Lida Lee Tall also houses the Council Day Care Demonstration and Training Center, the Aliza Brandwine Center for Parent-Infant Development, the Student Day Care Center, and the offices of the Occupational Therapy Department.

ALBERT S. COOK LIBRARY—This modern five-story building was completed in 1969. It is designed to shelve 600,000 volumes and provides seating for 600 students. Towson's long history is reflected in the extensive collections of bound volumes, reference works, and substantial holdings on microfilm. The Academic Computing Center is located on the ground floor.

The Department of Computer and Information Sciences offices are located on the fourth floor.

MEDIA CENTER—This building houses the offices of equipment circulation, information retrieval, television productions, cinematography by production, graphics, film loan services, still photography and audio productions and electronic repairs, constituting one of the best equipped audiovisual centers in the state. The campus radio station, WCVT-FM, is located in this building.

FINE ARTS CENTER—A \$6.5-million building opened in 1973, houses the department of art, music and theatre arts, as well as a main stage theatre, a studio theatre, concert hall, the Holtzman Art Gallery and the Roberts Room, which displays the university's extensive Asian Art Collection.

HAWKINS HALL—Part of a three-building complex, it houses the elementary, secondary and early childhood education departments. Named for the former president, Earle T. Hawkins, it is equipped with large, attractive classrooms which can be sectioned into several smaller rooms. Television monitors are capable of recording activities in Lida Lee Tall. Also included in the wing is a reading center, testing modules, and an independent production area with learning carrels.

PSYCHOLOGY BUILDING—Part of the three-building complex that contains Hawkins Hall, it houses the psychology department, including learning laboratories, animal laboratories, statistics laboratories and an auditorium with learning cubicles.

LECTURE HALL—Part of the three-building complex that contains Hawkins Hall and the Psychology Building, it is equipped with broad space, a large electronic screen, and adjacent seminar rooms. Television cameras connect it with Hawkins Hall and the Psychology Building.

RESIDENCE HALLS

RESIDENCE TOWER—This high-rise residence hall houses 463 students. It includes lounge areas, classroom space, conference rooms and recreation areas.

NEWELL HALL—The first dormitory built on the university campus, housing 220 students, it has been renovated to an arrangement of double-loaded corridors to include small cluster living units. The units are self-contained to include small lounges, bathrooms and two or three student bedrooms. The building also includes the recently remodeled dining facilities, a recreation area, lounge and snack bar.

RICHMOND HALL—This is the second building erected for student housing and is adjacent to Newell Hall. Its arrangement is similar to that of Newell Hall, and it houses 122 students.

WARD AND WEST HALLS—Built in 1951, these twin residence halls were renovated in 1985. Air-conditioning was added to Ward Hall in 1986 and West Hall in 1987. The halls house both men and women, and each can accommodate about 57 students.

PRETTYMAN AND SCARBOROUGH HALLS—Built around a court garden, these twin residence halls, completed in 1956 and 1964, provide rooms for 164 students each.

THE GLEN RESIDENCE COMPLEX—A complex consisting of four (4) residence towers and a dining hall connected together by a landscaped patio/courtyard. A total of 1684 students, both male and female, can be housed in these modern motel style accommodations and can be served in the 640 seat dining facility overlooking "The Glen."

OTHER BUILDINGS

UNIVERSITY UNION—Completed in 1971, this \$5-million structure is designed with two fronts. The three-story structure houses food service facilities, placement office, academic advising and tutorial center, student lounge areas, meeting rooms, and varied recreational areas including bowling, billiards and electronic games. The campus box office, book store, post office and parking services are located there, as well as the offices of the Student Government Association, the student newspaper *Towerlight*, and the yearbook *Tower Echoes*. Conferences, as well as dinners, dances, and other social events are also held in the building.

ADMINISTRATION BUILDING—Completed in 1972, it houses the executive and administrative offices of the university in a three-story modern building.

DOWELL HALL—This building completed in 1962 houses Medical Treatment facilities on the lower floor consisting of treatment rooms, a 4-bed infirmary, and a whirlpool bath. The second floor is occupied by the Center for Orientation and Academic Advising.

GLEN ESK—Formerly the home of the president, it is now occupied by the Counseling Center, which provides counseling and psychological services.

GENERAL SERVICES BUILDING—These facilities opened in 1969 to consolidate the physical plant and other service operations. The building houses maintenance trade shops, the motor pool, headquarters for the police department, and central stores and receiving.

MINNEGAN STADIUM—Completed in time for the fall, 1979 football season, the stadium is the home of Towson's NCAA Division IAA Tigers. There is an outdoor track. Seating for 5,000 fans can be expanded to double that number.

Appendix C

ADMISSIONS POLICY

A. Undergraduate admission requirements established by the Board of Trustees of State Universities and Colleges:

Admission to the State universities/colleges shall be determined without regard to race, color, religion, national origin, or sex.

1. High School Graduates

- a. The Board requires, as a minimum admissions standard for all full-time and part-time entering freshmen who have graduated from high school within five years of admission, a high school average of "C" or better. However, the Board encourages each institution to adopt standards above the minimum level.
- b. Each institution will develop predictive measures of probable academic success and identify any additional admissions criteria. Admission shall be granted to high school graduates on the basis of grades, rank, admission test scores, and other such evidence, including the recommendations of appropriate high school officials, as may be deemed indicative of the ability of the applicant to complete a course of study in a university/college leading to a degree.
- c. No admission offer shall be made prior to receipt of a candidate's scores on the admission tests administered in the candidate's senior year or subsequent thereto, except in special circumstances as determined by the university/college. Early admission may be offered to not more than a maximum of twenty percent of the anticipated enrollment in the freshman class. Such an offer shall be made only to an applicant of demonstrated superior scholarship and promise, as evidenced by his or her record through the junior year and by his or her performance on the admission tests administered in his or her junior year or after.
- d. The tests to be used for admission considerations shall be the College Board Scholastic Aptitude Tests.
- e. In addition to those students admitted under a. and b. above, each institution may admit, up to 15% of its entering freshman class, students whose high school average was less than "C" but who show potential for success in postsecondary education. All students admitted under this program must be provided with appropriate academic and other support services.
- f. Admission prior to graduation from high school shall be conditional upon completion of the high school curriculum in a manner that would qualify the student for admission under paragraph 1.b., above.
- g. In the evaluation of academic credentials, no preference shall be granted as between residents of the State, upon the basis of their place of residence.
- h. Completion of a university/college preparatory curriculum as specified in paragraph 2.a. is required; however, high school graduates who have not followed a university/college preparatory curriculum, but whose grades, rank, and aptitude test scores indicate the potential to complete a university/college program, shall be admitted condition-

ally or have the requirement waived as specified in paragraphs 2.b. and 2.c.

- i. All entering freshmen with an SAT score of less than 470 on the respective sections of the SAT shall be administered diagnostic/-placement tests in reading, writing, and mathematics, to determine their strengths and weaknesses.
 - (1) All students earning below a predetermined standard on these examinations shall be required to participate in remedial programs designed to eliminate deficiencies in basic skills.
 - (a) These students shall be administered post-tests to determine if they have reached the established standard.*
 - (b) Students who fail to meet the standard within two semesters and a summer session shall not be retained at the institution.
 - (2) Students who exhibit a weakness in the basic skills area but are not in need of full remedial programs shall be given a prescribed program to be completed prior to admission to junior status.
 - (3) Students who earn above a predetermined score at the upper end of the scale; e.g., the 95th percentile, shall be encouraged and enabled to undertake a program commensurate with their measured abilities.
 - j. Students, who have earned fewer than 25 credit hours and desire to transfer to a State university/college, shall be admitted under the conditions set down in paragraph 1.i. in accordance with the Maryland Student Transfer Policies, which require equal treatment of native and transfer students.
 - k. Admission to some designated programs may require higher standards or be limited by the opportunities available to complete a clinical or other requirement of the major program.
 1. The institutional standards shall be approved by the Board and reviewed by them on an annual basis and such standards shall be published in each State university/college catalogue.
 - m. The standards depicted above shall become effective with the entering class of Fall 1980.
- ##### 2. High School Course Requirements
- a. Effective Fall 1984, entering freshmen will be required to have completed a prescribed high school curriculum consisting of four (4) units of English, three (3) units of social science, two (2) units of science and two (2) units of mathematics. One (1) additional unit of mathematics will be required in Fall 1988. The schedule for phasing in specific courses follows:
 - (1) Fall 1984—one unit each of English Composition, U.S. History, American Government, and Algebra I.
 - (2) Fall 1985—one unit in either American Literature or English Literature and one unit in laboratory-based Biology.
 - (3) Fall 1986—one unit in American Literature and one unit in English Literature and one unit in Geometry.
 - (4) Fall 1987—one unit each of World Civilization and a laboratory-based science course of the student's choice.
 - (5) Fall 1988—one unit in Algebra II.
 - (6) Fall 1991—one unit of a foreign language.
 - (7) Fall 1992—two units of a foreign language.

In addition to the required courses, the Board believes that college-bound high school students would benefit from a background in oral communication, the fine arts, and computers.
 - b. In any given year of the phased-in plan, a student who has not taken the required courses but whose past achievements indicate that he has potential to achieve satisfactorily in college, may be admitted to the university/college with the understanding that courses will be taken during the freshman year in the prerequisite deficient area(s). The students will not receive graduation credit for these courses.

*Towson State University's competency standards for reading, writing and mathematics are more stringent than the minimum standards set by the Board of Trustees of the State Universities and Colleges. See the "Undergraduate Admissions" section of this Catalog.

c. Students who demonstrate proficiencies in required courses, even though they have not earned credit in those courses, may have the conditional status waived. Verbal and Math SAT scores of 550 or above on respective sections of the SAT will serve as a waiver; i.e., a Math SAT of 550 will waive mathematics and science course requirements and a Verbal SAT of 550 for a waiver of English and social science course requirements. Other test scores comparable to the SAT scores may also be used to determine eligibility for waiver.

d. Advanced placement enables gifted and certain other students to pursue advanced courses before high school and opt out of certain required courses in high school. In these cases the units may not appear on the high school transcript. If the advanced courses have been taken, one can assume that minimum requirements have been met. (Example — If trigonometry appears on the high school transcript it can reasonably be assumed that algebra I and II and geometry have been taken in an earlier grade.)

3. *Non-graduates of High School*

a. Applicants who are not high school graduates shall be admitted on the basis of high school equivalence examinations, the admissions test scores, and such other evidence, including the recommendations of appropriate persons, as may be deemed indicative of the ability of the applicant to complete a course of study in a university/college leading to a degree.

b. Applicants with GED subtest scores less than 50 in English composition, social studies, natural sciences and literature (reading) and with a subtest score less than 60 in mathematics will be admitted conditionally.

c. Students with subtest score(s) below the minimum will be required to satisfactorily complete course(s) in the deficient subject area(s) before the conditional status is removed.

d. Courses in deficient areas are not creditable toward graduation; therefore, enrollment in courses in the discipline of subject deficiency is prohibited until the deficiency is removed.

4. *Out-of-State and Foreign Students*

A maximum of fifteen percent of the total undergraduate full-time day students at each university/college may be composed of out-of-state students and foreign students not residents of Maryland. However, the university/college shall be expected to meet its obligations to qualified resident students before approaching the maximum enrollment of out-of-state and non-resident foreign students.

5. *Student Residency Classifications for Tuition Purposes*

a. *General.* To qualify as a resident for tuition purposes for any given semester, the applicable individual must have maintained his or her domicile in Maryland for at least six (6) months immediately prior to the last date available for initial registration for that semester at the State university/college which the student attends. If a student is not financially dependent on his or her parent and/or spouse, the domicile of the student shall control. If a student is financially dependent on his or her parent and/or spouse, then the domicile of the parent or spouse shall control.

b. *“Financially dependent” defined.* A “financially dependent” student is one who receives more than one half of his or her support from a parent or spouse during the six-month period immediately prior to the last date available for initial registration for the semester in question. If a student receives more than one half of his or her support in the aggregate from both a parent and spouse, the student shall be considered financially dependent on the person providing the greater amount of support. Until proven otherwise, it shall be presumed that a person is financially dependent on a parent and/or spouse.

c. *“Parent” defined.* The word “parent” includes a natural parent, an adoptive parent, a stepparent, a legally appointed guardian, and a person who stands *in loco parentis* to the student when he has put himself in the situation of a lawful parent by assuming parental obligations without legally adopting the student. The determination of such status will be made on a case by case basis by the responsible university/college official who will consider who has custody or control of the student, who has assumed general responsibility for his or her welfare.

d. *Domicile*

(1) *Establishment of domicile.* The term “domicile” shall be synonymous with the term “residence.” Domicile is a person’s permanent place of abode; namely, there must be established in Maryland for a purpose independent of attendance at a State university/college.

(2) *Maintenance/change of domicile.* For the purpose of residency for tuition purposes, only one domicile may be maintained.

(a) A domicile in Maryland is lost when a new one is established elsewhere, or if an individual leaves the State with no intent to return to Maryland. After residing elsewhere for six months, regardless of intent to return, a student’s status as a resident for tuition purposes is in question.

(b) The domicile of the applicable person shall be determined at the time of initial registration of the student but may hereafter be changed for any subsequent semester if circumstances change in relation to these regulations.

(3) *Criteria for determining domicile.* The following criteria shall be considered by the State university/college in determining the domicile of a student who is not financially dependent.

(a) Ownership or rental of living quarters in Maryland other than property owned, managed or supervised by the State college, such as dormitories, fraternity houses, or sorority houses.

(b) Substantially uninterrupted physical presence in Maryland, including the months when the student is not attending the State university/college.

(c) Maintenance in Maryland of all, or substantially all, of the student’s possessions.

(d) Payment of Maryland State income taxes on all income earned, including all income earned outside the State.

(e) Registration to vote and actually having voted in the State if an election has been held subsequent to registration to vote.

(f) Registration of a motor vehicle in the State, if the student owns or uses such a vehicle.

(g) Possession of a valid Maryland license if the student is licensed to drive anywhere.

(h) Any other relevant facts.

(4) *Full-Time Members of the Armed Forces of the United States and Their Spouses and Dependents.*

(a) A full-time member of the Armed Forces of the United States residing in Maryland shall be granted in-state status, for tuition purposes, except as provided for in (b) below.

(b) A full-time member of the Armed Forces of the United States sent by a branch of the Armed Forces to attend a State university/college for the purpose of completing a degree shall not be granted in-state status for tuition purposes.

(c) Spouses of full-time members of the Armed Forces of the United States residing in Maryland shall be granted in-state status, for tuition purposes.

(d) “Financially Dependent” children of members of the Armed Forces of the United States (as the term “financial dependent” is defined in Paragraph 4.b. of this section) shall be granted in-state status, for tuition purposes.

(5) *Foreign Nationals.* The domicile requirements set forth in these Regulations shall apply to immigrant aliens lawfully admitted for permanent residence in accordance with the laws of the United States.

(6) *Responsibility of Students.*

(a) Any student or prospective student in doubt concerning his/her residence status is responsible for receiving a ruling from the designated official at the applicable State university/college.

(b) A student whose status is altered from resident to non-resident, or vice versa, because of the change of domicile of the

student, parent or spouse as applicable, has the responsibility of informing the designated official at the applicable State university/college.

- (c) The residency status of a student may be altered by the applicable State university/college on the basis of its own findings.
 - (d) A change in tuition status must be requested by a student prior to the registration period in order to be effective for that semester.
 - (e) A student applying for a change to Maryland resident tuition status must furnish under oath a statement fully disclosing his income and assets, to include parental or spousal income tax data, and must furnish any further documentation deemed necessary by the institution.
 - (f) The burden of proof shall be upon the student to establish residence in Maryland by clear and convincing evidence.
- (7) *Responsibility of each State university/college.*
- (a) If a timely request for reclassification is made by the student and if the State university/college has not rendered a final decision prior to the commencement of the applicable semester, the student shall pay fees and charges associated with his contemporary residency status; and if the status is changed, any excess fees or charges shall be refunded.
 - (b) Each state university/college shall establish an appeals procedure which will be assumed to work from written documents rather than by way of formal hearings. An appeals committee decision may be appealed further to the chief administrative officer of the institution or to his designee.
- (8) *Interpretation of Rules.* These rules shall not be interpreted as establishing any irrefutable presumptions of fact.

6. *Advanced Undergraduate Standing.*

- a. An applicant for advanced undergraduate standing must present a transcript and record showing that he left in good standing from the last college or university he attended. Such college or university shall be regionally accredited or accredited by the Maryland State Board of Education.
- b. Credit shall be allowed for all courses that approximate the requirements of the particular university/college, or, if not offered at the university/college, are approved by the appropriate department of the university/college, or, in the absence of an appropriate department, by the Curriculum Committee of the university/college. In no case shall transfer credit be allowed for courses in which the applicant has earned an "F" grade.
- c. In all cases, the transfer applicant must earn at least thirty credit hours toward his degree at the university/college as a full-time or part-time student.
- d. Exemptions from the above requirements may be granted on an individual basis by the president of the university/college, except that in no case shall transfer credit be allowed for courses in which the applicant has earned an "F" grade.

7. *Maryland State Board for Higher Education Transfer Policies*

Preamble

The major objective of these policies is to relate in operational ways the undergraduate programs offered at the public sector of higher education in Maryland. These policies aim at equal treatment of native and transfer students. The effectiveness of these policies, since their promulgation in December 1972, has been confirmed by the minimal loss of credits experienced by students transferring within the public sector, by the apparent satisfaction of these students, and by the absence of appeals concerning the transferring of credits.

The intended principal benefactor is the student, who is best served by current information about programs and protected by firm arrangements among the public segments of higher education in Maryland which permit him to plan a total degree program from the outset. With successful academic performance, he or she can make uninterrupted progress even though transfer is involved. The measures of the effectiveness of the plan is maximum transferability of college level credits within the

parameters of this agreement. Essentially, transfer and native students are to be governed by the same academic rules and regulations.

In a complementary way the State's interests are served by having its higher education resources used optimally by reducing the time taken to complete a degree through the avoidance of repeated class experience.

The institutional interests are protected also by the systematic approach; institutions are relieved of the un-certainties of unplanned articulation without becoming production line enterprises.

The dynamics of higher education preclude once-and-for-all time curricular and perpetual grading and retention systems. However, within the general structure of this plan there is opportunity for continual updating of the details.

In more specific ways this document's purpose is (1) to recommend specific areas of agreement among the public two-year and four-year institutions of higher education pertaining to facilitating the transfer of students within these segments; (2) to provide for a continuous evaluation and review of programs, policies, procedures, and relationships affecting transfer of students; (3) to recommend such revisions as are needed to promote the academic success and general well-being of the transfer student; and (4) to provide a system for appeals.

Policies

- a. Public four-year colleges and universities shall require attainment of an overall 2.00 average on a four-point scale by Maryland resident transfer students as one standard for admission. If the student has attended two or more institutions, the overall 2.00 will be computed on grades received in courses earned at all institutions attended unless the student presents an Associate in Arts degree.
 - (1) Each public institution of higher education shall designate a person responsible for coordinating transferability to assist in accomplishing the policies and procedures outlined in this plan. The State Board for Higher Education will support requests by a public institution of higher education to establish the position of transfer coordinator.
 - (2) Efforts shall be intensified among the sending institutions, based on shared information, to counsel students on the basis of their likelihood of success in various programs and at various institutions. (See par. 1(c) and par. 9).
 - (3) Procedures for reporting the progress of students who transfer within the State shall be developed as one means of improving the counseling of prospective transfer students.
- b. Admissions requirements and curriculum prerequisites shall be stated explicitly in institutional publications. Students who enroll at Maryland Community Colleges shall be encouraged to complete the Associate in Arts degree or to complete 56 hours in a planned sequence of courses which relate to general education and the selection of a major before transfer. Subsequent graduation from the receiving four-year institution is not assured within a two-year period of full-time study.
 - (1) Students from Maryland Community Colleges who were admissible to the four-year institution as high school seniors and who have attained an overall 2.00 average in college and university parallel courses shall be eligible for transfer at any time, regardless of the number of credits. Those students who have been awarded the Associate in Arts degree or who have successfully completed 56 hours of credit with an overall 2.00 average, in either case in college and university parallel courses, shall not be denied transfer to an institution. If the number of students desiring admission exceeds the number that can be accommodated in a particular professional or specialized program or certain circumstances exist which require a limitation being placed on the size of an upper division program or on the total enrollment, admission will be on criteria developed and published by the receiving institution, which provides equal treatment for native and transfer students.
 - (2) Course semester hour requirements which students must meet in order to transfer with upper division standing shall be clearly stated by the receiving institution.
 - (3) The establishment of articulated programs is required in professional and specialized curricular.

- c. Information about transfer students who are capable of honors work or independent study shall be transmitted to the receiving institution.
- d. Transfer students from newly established public colleges which are functioning with the approval of the State Board for Higher Education shall be admitted on the same basis as applicants from regionally accredited colleges.
- e. (1) Credit earned at any other public institution in Maryland shall be transferrable to any other public institution provided:
 - 1. the credit is from a college or university parallel program;
 - 2. the grades in the block of courses transferred average 2.00 or higher; and
 - 3. the acceptance of the credit is consistent with the policies of the receiving institution governing students following the same program.
- (2) Credit for the CLEP general examinations will be considered for transfer only for scores at the 50th percentile, and above, of the combined national men-women sophomore norms. The exact number of credits awarded, if any, in transfer will be determined by the same regulations that pertain to native students in the receiving institution. The percentile needed to transfer credit for the CLEP subject examination will be determined by the receiving institution. Segmental/Institutional governing boards shall submit to the State Board for Higher Education by December 1st of each year data collected from the institutions concerning the credit given, minimum scores and equivalent courses for the CLEP subject examination. This data will be distributed annually by the State Board for Higher Education to transfer advisors at all institutions. In order to facilitate the transfer of Advanced Placement and CLEP credit, the achievement score for Advanced Placement and the scaled score, percentile rank and the type of examinations (General or Subject) for the CLEP shall be reported on the transcript when credit is awarded.
- (3) The Associate in Arts degree shall serve the equivalent of the lower division general education requirements at the receiving institution where the total number of credits required in the general education program in the sending institution is equal to or more than that required in the receiving institution and where the credits are distributed among the arts and sciences disciplines.
- (4) The determination of the major program requirements for a baccalaureate degree, including courses in the major taken in the lower division, shall be the responsibility of the institution awarding the degree.
- f. Transfer of credits from the following areas shall be consistent with the State minimum standards, and shall be evaluated by the receiving institution on a course-by-course basis:
 - (a) Courses from technical (career) programs.
 - (b) Orientation courses.
 - (c) Remedial courses.
 - (d) Courses credited by a university or college which has no direct academic and administrative control over the students or the faculty involved in the courses.
 - (e) Credit for work experience.
- g. Credit earned in or transferred from a community college shall normally be limited to approximately half the baccalaureate degree program requirement, but in no case more than 70 credits, and to the first two years of the undergraduate educational experience.
- h. Transfer students shall be given the option of satisfying graduation requirements which were in effect at the receiving institution at the time they enrolled as freshmen at the sending institution, subject to conditions or qualifications which apply to native students.
- i. Institutions shall notify each other as soon as possible of impending curricular changes which may affect transferring students. When a change made by one institution necessitates some type of change at another institution, sufficient lead time shall be provided to effect the change with minimum disruption.
- j. Community college students are encouraged to choose as early as possible the institution and program into which they expect to transfer.
- k. The Segmental Advisory Committee shall continue to review articulation issues and shall recommend policy changes as needed to the State Board for Higher Education.
- l. In the event a transfer student believes he or she has not been accorded the consideration presented in this policy statement, the student shall have the opportunity to have the situation explained or reconciled.

Initially, differences of the interpretation regarding the award of transfer credit shall be resolved between the student and the institution to which he or she is transferring. If a difference remains unresolved, the student shall present his or her evaluation of the situation to the institution from which the student is transferring. Representatives from the two institutions shall then have the opportunity to resolve the differences.

The sending institution has the right to present an unresolved case to the Segmental Advisory Committee through a written appeal to the State Board for Higher Education. The SAC shall receive relevant documentation, opinions and interpretations in written form from the sending and receiving institutions and from the student. The Segmental Advisory Committee will send the written documentation to a pre-established articulation committee, which, after review, will submit its recommendations to the Segmental Advisory Committee.

Copies of the recommendations shall be forwarded by the State Board for Higher Education to the segments for distribution to the appropriate institutions.

A complaint on transfer status must be initiated by the student within one calendar year of his or her enrollment in the receiving institution.
- m. *Transfer of Credits from Accredited and Non-Accredited Postsecondary Institutions.*
 - 1. Courses from institutions with regional accreditation normally shall be accepted by each State university/college.
 - 2. Courses from institutions without regional accreditation normally shall be considered for acceptance by a State university/college only after the person requesting the transfer of such credits has successfully completed two semesters or twenty-four (24) credits at the State university/college and has maintained at least a "C" (2.00) average in these courses. When considering credits for transfer, the State university/college shall accept only those which parallel its own courses and which have been completed with a "C" (2.00) or better. In addition, each State university/college may, at its discretion, adopt further requirements for the transfer of such credits and will notify the Board of any such additional requirements.
- n. *Advanced Placement and Advanced Credit.*
 - 1. If a student desires advanced credits or advanced placement, he or she shall take either the Advanced Placement Tests of the College Entrance Examination Board or an equivalent type examination as determined by the university/college.
 - 2. Each university/college shall determine the limitations on the number of advanced credit hours which any student may earn.

B. T.S.U. Applicant Character Policy

The Admissions Committee, in conjunction with and through the Director of Admissions, reserves the right to refuse, deny, or revoke application for the admission or readmission of any applicant whose former record(s) and/or observed conduct is deemed incongruent with established guidelines of student demeanor and academic responsibility at Towson State University.

Appendix D

THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act of 1974 is a Federal Law which provides that the institution must maintain the confidentiality of student education records. This law states (a) that a written institutional policy must be established and (b) that a statement of adopted procedures covering the privacy rights of students be made available. The University has taken the appropriate steps to comply with this law.

Towson State University accords all the rights under the law to students who have reached the age of majority. Information may be released to parents who have established the students' dependency as defined by the Internal Revenue Code of 1954, Section 152. The Judicial Affairs office will review the parent's claim of dependency and notify the student of the claim prior to release of any academic information. Except as permitted under the Act, no one outside the institution shall have access to any information from the students' education records without the written consent of students. Those people permitted access under the Act include personnel within the institution, officials of other institutions in which students seek to enroll, persons or organizations providing financial aid, accrediting agencies, persons in compliance with a judicial order and persons in an emergency acting in order to protect the health or safety of others.

Within the Towson State University community, only those individuals acting in the students' educational interest are allowed access to student education records. This includes personnel in the offices of the Registrar, Comptroller, Financial Aid, and other academic personnel within the limitations of their need to know. The Registrar may grant access to educational records for other legitimate reasons permitted under the Act.

The University may provide Directory Information in accordance with the provisions of the Act without the written consent of the student. Directory information includes: student name, address, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most recent previous educational institution attended by the student, participation in officially recognized activities and sports, and the weight and height of members of athletic teams. The Registrar's Office will release Directory Information at its discretion and may release Directory Information over the telephone or in writing. Students may withhold Directory Information by notifying the Registrar in writing within two weeks after the first day of class.

A request for non-disclosure will be honored for only one academic year; therefore, authorization to withhold Directory Information must be filed annually with the Registrar.

The law provides students with the right to inspect and review information contained in their education records. The Registrar at Towson State University has been designated to coordinate the inspection and review of student education records. These records include admissions, personal, academic and financial files. Students wishing to review their education records must make written requests to the Registrar. Records covered by the Act will be made available within thirty days of the request. Students may have copies made of their records with certain exceptions, (e.g., a copy of the original or source document which exists elsewhere) or when the student has an outstanding financial obligation to the university. These copies would be made at the students' expense. Education records do not necessarily include records of instructional, administrative, and educational personnel which are the sole possession of the maker. Health records will not be released to the students, but may be reviewed by physicians of the students' choosing.

As stated in the Act, students may not inspect and review the following: financial information submitted by their parents, confidential letters and recommendations associated with admissions, employment or job placement, or honors to which they have waived their rights of inspection and review. Educational records containing information about more than one student are restricted and the institution will permit access only to that part of the record which pertains to the student. The institution will not permit students to inspect and review confidential letters and recommendations placed in their files prior to January 1, 1975.

The university has established an appeal mechanism in accordance with the Act. Students who believe that their education records contain information that is inaccurate or misleading, or unlawful may discuss their problems informally with the Registrar. The Registrar may agree to the request and the appropriate records will be amended. If not, the students will be notified that

the records will not be amended; and they will be informed by the Registrar of their right to a formal hearing. Requests for formal hearings must be made in writing to the Vice President for Academic Affairs. The Vice President will inform students of the date, place, and time of the hearing. Students may present evidence and may be assisted or represented at the hearings by counsel. The hearing panels which will adjudicate such challenges will be comprised of the Vice President for Academic Affairs, the Vice President for Student Affairs, the Graduate Dean, and the Academic Dean of the student's college. Decisions of the hearing panels will be final. The findings will be based solely on the evidence presented at the hearing, and will consist of written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned. The education records will be corrected or amended in accordance with the decisions of the hearing panels. Students dissatisfied with the outcome of their hearing may prepare a written statement which will be placed in the education records and maintained as part of the students' records.

Those students who believe that the adjudications of the challenges were unfair, or not in keeping with the provisions of the act may request that the hearing be reviewed by the President of the University. In addition, students who believe that their rights have been abridged, may file complaints with The Family Educational Rights and Privacy Act Office (FERPA), Department of Health, Education and Welfare, Washington, D.C. 20201, concerning the alleged failures of Towson State University to comply with the Act. Revisions and clarifications will be published as experience with the law and institution's policy warrants.

Appendix E

STATEMENT OF POLICY OF SATISFACTORY PROGRESS FOR PURPOSES OF RECEIVING FINANCIAL AID

I. Introduction

Federal regulations require that institutions of higher education establish minimum standards of "satisfactory progress" for students receiving financial aid. Towson State University makes these standards applicable to institutionally awarded funds, the Guaranteed Students Loans (GSL/FISL), and Supplemental Loans for student and loans for parent, Pell Grants and State Scholarship Funds (those containing Federal Title IV money).

Students Accepted as Degree Candidates — Graduate or Undergraduate

Any student accepted as a degree candidate and planning to register for the first time is considered to be making initial satisfactory academic progress and can be evaluated for financial aid. **Note:** Some programs may require a student to register for 12 or more credits in order to qualify for specific aid programs.

II. Returning full-time Undergraduate degree students

During any semester in which a student attempts 12 or more credits that student must complete at least 12 credit hours.

Repeated courses will not be calculated in the total number of hours completed.

SATISFACTORY PROGRESS — FULL-TIME STUDENTS

Required minimum cumulative GPA and credits to be completed annually for satisfactory academic progress for purposes of financial aid:

No. of Semesters Completed	Minimum Credits Completed	Minimum GPA
2	24	1.50
4	48	1.80
6	72	2.00
8	96	2.00
10	120 or more	2.00

III. Returning Part-Time Undergraduate Students

During any semester in which a student registers for less than 12 credits per semester, that student must complete six credit hours.

SATISFACTORY PROGRESS — PART-TIME STUDENTS

Required minimum cumulative GPA and credits to be completed annually for satisfactory academic progress for purposes of financial aid:

No. of Semesters Completed	Minimum Credits Completed	Minimum GPA
2	12	1.10
4	24	1.50
6	36	1.65
8	48	1.80
10	60	2.00
12	72	2.00
14	84	2.00
16	96	2.00
18	108	2.00
20	120	2.00

Students may not receive need-based financial aid unless they are degree candidates. Every completed semester of attendance at Towson State University is reviewed for Satisfactory Academic Progress, including semesters attended as a special non-matriculated student and semesters attended on a less than half time basis. Transfer credits do not count when measuring satisfactory academic progress for purposes of receiving financial aid at Towson State University.

IV. Returning Graduate Degree Candidates

A graduate degree candidate must maintain a cumulative GPA of 3.00 and complete a minimum of 6 credits a semester.

Required minimum cumulative GPA and percentage of coursework completed to be considered making satisfactory academic progress for purposes of financial aid:

No. of Semesters Completed	Minimum Percentage of Work Completed	Minimum GPA
2	14%	3.00
4	28%	3.00
6	42%	3.00
8	57%	3.00
10	71%	3.00
12	86%	3.00
14	100%	3.00

V. Additional Provisions for Maintaining Financial Aid Eligibility

Credits completed during minimester or Summer session are counted into the total credits completed but these periods do not count as semesters. Credits earned with the following grades cannot be considered credits completed in the calculation of determining academic progress:

1. Audit — "U"
2. Withdraw — "W"
3. Incomplete — "I"*
4. Unsatisfactory — "U"
5. Failure "F" or "FX"

Academic dismissal or disciplinary suspension from the University will result in automatic termination of financial aid. Students withdrawing from the University will be evaluated under the provisions of existing University refund policy.

*except for "I" grades routinely awarded for a maximum of 1 semester for clinical or practicum work in certain majors.

VI. Appeals

A. If a student's financial aid is withdrawn for failure to maintain satisfactory academic progress, the student may appeal. This appeal must be submitted to the Director of Financial Aid in writing within ten days of notification and must explain the extenuating circumstances which would warrant the reconsideration of the student's record. The Financial Aid Committee will then review the appeal and determine whether or not restoration of eligibility is justified. The student will receive written notice of this decision.

B. Restoration of Eligibility

1. If the Financial Aid Committee approves a student's appeal, that student's eligibility will be restored and he or she will be re-evaluated for need.
2. A student who lost eligibility for Financial Aid may reapply provided he or she:
 - a. is a degree candidate
 - b. has re-established the minimum cumulative GPA
 - c. has attained the minimum credit hours required
 - d. has not exceeded maximum time limitations.

Appendix F

GUIDELINES ON USE OF PRAYER OR OTHER RELIGIOUS ACTIVITIES

Application

These guidelines affect the university, university-sponsored events, and non-religious organizations affiliated with Towson State University. This policy does not affect recognized student religious organizations and activities.

Background

State and federal laws and regulations prohibit the establishment of religion by a state, prohibit preferential treatment of any religion by a state, prohibit public employers from discriminating against any employee on the basis of religion, and prohibit public schools and universities from discriminating against any student on the basis of religion.

Policy

In keeping with these laws and regulations, Towson State University does not encourage official use of prayer or other religious practices at university events and events sponsored by secular organizations affiliated with the university. Should an organization feel that prayer or other religious practice is an essential part of an event, the prayer or other religious practice should be strictly non-sectarian. Questions regarding this policy, or the appropriateness of a prayer or practice, or the wording of a particular prayer may be referred to the Affirmative Action Officer.
